

VIOLENT BOMBARDMENTS AT LOOS AND NEAR SOUCHEZ

NATIONAL DEFENSE WILL BE BIG ITEM IN NEXT YEAR'S OUTLAY

More Than \$400,000,000 of Budget for That Purpose.

Total Estimate to Go to Congress Near Billion and Quarter.

Revenue System Must Be Changed to Avoid Deficit.

Washington, Oct. 15.—The national defense plans of the administration, calling for an expenditure in the next fiscal year of more than \$400,000,000 for army, navy and fortifications, were completed today.

Secretary Garrison has forwarded his estimate, already approved by President Wilson, to the secretary of the treasury, and Secretary Daniels submitted his estimates this afternoon, after going over the final details with President Wilson this morning.

President Wilson today approved Secretary Daniels' recommendation for a five-year construction program for the navy to cost \$500,000,000.

The exact amount to be appropriated for each of the five years has not been decided, but the first year's program calls for two dreadnaughts and two battle cruisers.

Secretary Daniels discussed with the president the question of how many battleships, battle cruisers, and smaller warships to recommend each year during the five years for which a program has been made public. He and the president reached an agreement, but the secretary said he could not give the figures until later. It was learned, however, that the expenditures will be distributed as evenly as possible over the five years.

Reports Public Soon. Secretary Garrison and Daniels will be made public within the next few days. The navy estimates probably will be made public tomorrow and those of the army on Monday.

The plans of the navy, Secretary Daniels admitted, include a large building program. He said he wanted to (Continued on page 9, third column.)

STATE OFFICIALS SUED IN BANK CASE

Bismarck, N. D., Oct. 15.—(Special to The Herald.)—Papers will be served on Governor Hanna today in the Grant Youmans suit for \$250,000, claimed as damages growing out of the closing two years ago of a savings deposit bank in Bismarck.

Attorney General Miller and former Attorney General Miller are made defendants with a group of Minot bankers.

None of the state officials would comment on the case today.

FIVE SHOT AT VOTE CANVASS

Charleston, S. C., Oct. 15.—Sidney J. Cohen, a newspaper reporter, was killed and four men shot in a melee that occurred here today just outside the room where the Democratic city executive committee was to meet to canvass the returns of the municipal primary last Tuesday.

The Democratic municipal primary developed into a bitter factional fight between the adherents of Mayor John P. Grace and Tristram T. Hyde, running at the head of the tickets, and serious trouble had been feared.

W. A. Turner was shot in the right lung and seriously injured; W. E. Wiggins received a serious scalp wound; H. L. Wilensky was shot in an arm and Jeremiah O'Brien was shot in an ankle.

Was to Canvass Returns. The committee was just about to be called to order to canvass the returns of last Tuesday's primary, at which the trouble was threatened. A fight started in the room adjoining that in which the committee was to meet. The cause has not been determined.

KAISER'S YOUNGEST SON IS TO TAKE YOUNG BRIDE

PRINCE JOACHIM.

Amsterdam via London, Oct. 15.—The Berlin Reichsanzeiger announces the engagement of Prince Joachim, youngest son of Emperor William, and Princess Marie Augustine, daughter of Prince Edward of Anhalt. The princess was 17 years old last June. Prince Joachim is 25 years old.

E-BOAT SINKS DESTROYER

Five More German Ships Destroyed in the Baltic.

Naval Battle in Gulf of Finland Is Reported.

Copenhagen, Oct. 15, 1:32 p. m.—A British submarine torpedoed and sank a German destroyer this morning at the southern entrance to the Sound, a narrow strait between Denmark and Sweden which connects the Baltic with the North sea. A great explosion followed the striking of the torpedo and the destroyer foundered immediately.

A message from Falsterbo, Sweden, which brought news of this incident, added that another German destroyer and a cruiser, which were accompanying the destroyer that was sunk, sped to the southward.

Five German Boats Sunk. Washington, Oct. 15.—State department advices from Sweden report five German vessels sunk in the Baltic by submarines. The dispatches were brief and gave no details. News dispatches have reported that a British submarine is inflicting great losses on the German mercantile fleet in the Baltic.

Naval Battle Reported. Stockholm, via London, Oct. 15.—The Aftonbladet's Petrograd correspondent says a naval fight has occurred near Porkkala, in the Gulf of Finland. One cruiser is reported to have been sunk and another heavily damaged. The correspondent adds that a Zeppelin has been shot down.

Porkkala is a peninsula in the Gulf of Finland, twenty miles southwest of Helsinki and about 200 miles west of Petrograd. While no mention is made in the dispatch from Stockholm as to the nationality of the vessels engaged, it is presumed that it was between Russian and German warships.

The Gulf of Finland is the most northerly point where fighting in the world-war is reported to have taken place.

SHORE LEAVE FOR GERMANS IS ENDED

Interned Officers' Absence Must Be Explained to Washington.

Washington, Oct. 15.—All leave of absence for the men of the German auxiliary cruisers Kronprinz Wilhelm and Prinz Eitel Friedrich, interned at the Norfolk navy yard, has been revoked by the navy department today.

The department took this action when it was reported that the men, who had bought the yacht Solpeter, had been granted leave for a sail but had not returned at the expiration of the leave.

FEAR SEAMEN'S ACT WILL PARALYZE MOVEMENT OF GRAIN AND ORE ON LAKES

Board of Trade Directors Petition for Its Suspension.

Say It Would Necessitate Laying Up Boats Nov. 4.

Ask Modifications of Act to Govern the Great Lakes.

The directors of the Duluth board of trade have petitioned, in a resolution, the secretary of commerce to suspend the provisions of the seamen's act so far as the Great Lakes are concerned until after the close of the present navigation season.

In this, the board's directorate joins with the Commercial club in its action toward preventing the hampering of movement of the grain crop and ore production this season, but the board of trade men go further.

In this petition to the secretary of commerce, the directors ask that, when congress convenes, a special act, affecting only the Great Lakes, be presented and urged for passage. It is represented that the seamen's act was aimed at salt water conditions, and that there should be modifications to fit the conditions on the lakes, where abuses charged in salt water ships do not exist.

Direct Effect Threatened. Concerning the request for suspension, the secretary of commerce is shown that if the act is enforced when it is supposed to go into effect, Nov. 4, it will necessitate the withdrawal of most of the ships on the Great Lakes from service for the rest of the season, and that such withdrawal would be disastrous to the movement of the crop and of ore, both of which are needed in as large quantities as possible.

WIDOW KILLS SELF AND HER DAUGHTERS

Bodies Are Found in House That Is Filled With Gas.

New York, Oct. 15.—The bodies of Mrs. Anna Hunsinger, aged 40, and her three daughters, Alice, 13, Elizabeth, 8, and Emma, 3, were found in their home in Brooklyn today. All of the nine gas jets in the house were turned on and only one of them was lighted.

Police believe Mrs. Hunsinger resented and believed she sought the cause an explosion as the crevices of all doors and windows were stuffed with clothing. Mrs. Hunsinger yesterday identified the body of a man found in the East river as that of her husband, Joseph Hunsinger.

POPULARITY CHANGES WITH THE SEASONS.

Colorado Springs, Colo., Oct. 15.—Many women in non-suffrage states declared to her that they "will deny themselves the privilege of motherhood" unless they receive the vote, said Mrs. Sarah Bardfield, who arrived here yesterday by automobile from San Francisco with a party bearing petition to congress for a national suffrage amendment. The party goes to Pueblo today.

RAID GERMAN TOWNS, IS CRY FROM LONDON

Lord Willoughby De Broke Among Speakers at Mass Meeting.

Resolutions Are Passed Calling on Government for Reprisals.

Conan Doyle Would Make Three Raids for One.

London, Oct. 15.—The proposal of replying to German air raids by "bombing their sleeping towns as he bombs ours" received an enthusiastic endorsement at a mass meeting held yesterday in the great hall of the Cannon Street hotel in the financial district of London.

RAID GERMAN TOWNS, IS CRY FROM LONDON

Lord Willoughby De Broke Among Speakers at Mass Meeting.

Resolutions Are Passed Calling on Government for Reprisals.

Conan Doyle Would Make Three Raids for One.

London, Oct. 15.—The proposal of replying to German air raids by "bombing their sleeping towns as he bombs ours" received an enthusiastic endorsement at a mass meeting held yesterday in the great hall of the Cannon Street hotel in the financial district of London.

Lord Willoughby De Broke and Mr. Joynton-Hicks, members of parliament, were the principal speakers. "We have come here," said Lord Willoughby, "to urge upon the government that they must take steps to stop the kind of thing that happened last night. The only way to do it is to treat them as they treat us. Otherwise they will continue in their policy while we sit still and suffer and become the laughing stock of Europe."

"Cold-Blooded Butchery." Mr. Joynton-Hicks made a demand (Continued on page 9, first column.)

"NO BALLOT, NO BABY," IS SLOGAN OF WOMEN

Mrs. Bardfield Says Plan Is Spreading in America.

Colorado Springs, Colo., Oct. 15.—Many women in non-suffrage states declared to her that they "will deny themselves the privilege of motherhood" unless they receive the vote, said Mrs. Sarah Bardfield, who arrived here yesterday by automobile from San Francisco with a party bearing petition to congress for a national suffrage amendment. The party goes to Pueblo today.

JAYCOCKE PARK SAVED TO STATE; ALMOST LOST BY MISUNDERSTANDING

Guaranty for Payment of \$18,000 Necessary to Close Deal.

Transaction Will Have to Be Closed By Week From Sunday.

Governor Hammond and Party Will Walk Through Park.

That the lands called up to this time by courtesy, "The Jay Cocke Park," along the dikes of the St. Louis river in St. Louis and Carlton county, will become actually a state park, now appears reasonably certain.

That probability has not been the case up to today, however. For a short time it looked as though the work done in the legislature last winter procuring an appropriation for the necessary cost of obtaining the lands and caring for them would be for naught; for since the commission, consisting of J. L. Washburn and John G. Williams of Duluth, Henry Oldenberg of Carlton, Steven Swanson of Moose Lake and J. F. Wilson of Cloquet, it was found that no arrangements of a definite nature had been made for the transfer to the state of the desired lands.

When this condition of things was discovered, there having been a misunderstanding in the matter, quick action became necessary. For the time prescribed by the legislature in which the appropriation could be used will end a week from Sunday. Telegrams to the interested parties began to go eastward thick and fast, and finally replies began to come back just about as thickly.

Agreement Reached Today. Only this morning was the final agreement made by telegraph received; and now still quicker action will be necessary to have the matter (Continued on page 9, second column.)

LIQUOR SHIPMENT PLAN IS OVERRULED

Express Companies Shall Not Establish Minimum Charges.

Washington, Oct. 15.—A request of the principal express companies for permission to establish minimum charges on shipments of liquor was denied today by the interstate commerce commission. The companies proposed fixed minimum charges of 35 cents on packages of not over five pounds, 50 cents on those between five and thirty pounds, and 75 cents on packages over thirty pounds. The commission found the proposal was not justified.

LOSS AT THE DARDANELLES TREMENDOUS

British Casualties Alone Were 96,899 Up to Oct. 9.

Lord Milner Suggests Withdrawal From the Gallipoli.

Death Roll There Is Declared to Have Been Frightful.

London, Oct. 15, 1:12 p. m.—The total of British casualties at the Dardanelles up to Oct. 9, according to official figures given out here today, was 96,899. Of this total, the number of men killed was 19,957, of whom 1,185 were officers.

Casualties of the Australasian contingents were 25,121. Announcement of the great losses of the British forces at the Dardanelles house of lords last night by Lord Milner, who is said to have characterized the expedition as hopeless. He suggested withdrawal of the troops from Gallipoli peninsula and their transfer to some other front. Lord Lansdowne responded for the government that it (Continued on page 9, third column.)

SUMMARY OF THE WAR NEWS

British casualties in the Dardanelles operations have reached almost the 100,000 mark. An official statement in London today gave the figures as 96,899 up to Oct. 9, of which number 19,957 were killed, 1,185 of the killed being officers.

Abandonment of the costly Gallipoli expedition was suggested in the house of lords last night by Lord Milner. The government would not commit itself.

Greece will not intervene in the war on behalf of Serbia at present. She has officially notified the British government to this effect. Premier Zaimis declares the Greek government holds that intervention by Greece in the present circumstances is not called for under the treaty with Serbia.

Intense activity, chiefly on the part of the artillery, has prevailed along the western front. Today's Paris report mentions in particular violent artillery battles before Loos and north-east of Souchez, and a concentration of German fire on the French lines east of Arras in the Champagne.

In the Champagne, near the western end of the new positions of the front, the heavy guns on both sides also were spiritedly engaged at various points between the Arras and Champagne sectors, the sector of Lihons, near Chaumont, and the Novaron plateau and other points along or near the great bend in the line being mentioned.

In Lorraine the Germans made a violent attack near Metzcourt which the French are declared to have checked.

Entente Powers' Conduct of War Criticized in England.

Russians Admit Reverse in Galicia But Minimize it.

Serbian Town of Pozarevac Is Reported Captured.

***** GERMAN VICTORIES CLAIMED BY BERLIN. *****

Berlin, Oct. 15, via London, Oct. 15, 4:32 p. m.—German victories in the Artois and the Champagne regions were announced today by the war office near Versailles. The British were again driven out of the German positions. *****

Paris, Oct. 15, 2:36 p. m.—There was a violent bombardment last night, with both sides taking part, before Loos and near Souchez, according to the announcement given out by the French war office this afternoon.

There was also spirited trench fighting at the Hache forest. In the Champagne district, French batteries answered with energy artillery fire from the German lines against the French positions to the east of Auberville.

There was also severe cannonading near Lihons, between the Oise and the Aisne; near Quennewillers and at Novuron. The text of the communication follows: "In the Artois district there was a violent bombardment last night in which both sides took part in front of Loos and to the northeast of Souchez. There were spirited engagements with hand grenades south of the forest of Hache."

Artillery Exchanges. "There were severe artillery exchanges in the sector of Lihons as well as between the Oise and the Aisne; in the regions of Puissele and Quennewillers, as well as on the Novuron plateau."

"In the Champagne district our batteries replied with great energy to the enemy's artillery fire on our positions east of Auberville."

"Along the front in Lorraine a French curtain of fire put an end, at a point in front of Letricourt, to a violent fire in which the artillery of the (Continued on page 9, third column.)

TURKS KILL MANY BY USE OF BOMBS

Official Statement Tells of Successes in the War.

Constantinople, Oct. 14, via London, Oct. 15.—An official statement issued last night by the Turkish war office was as follows: "Near Anafarta we inflicted heavy losses on the enemy by the use of bombs. Our fire damaged an enemy aeroplane, which fell east of Tuzlugoz. It was finally destroyed by our artillery."

"Our artillery destroyed an enemy machine gun position near Anafarta. Our observation detachments near Seddul Bahr inflicted heavy losses on the enemy's right wing after a surprise attack with hand grenades Tuesday night. Sixteen enemy soldiers before his left wing destroyed a considerable part of the enemy's trenches."

"Enemy torpedo boats and coast batteries vainly bombarded our artillery near Seddul Bahr. Our artillery forced torpedo boats which were bombarding our left wing to leave the narrow strait."

The first war statement issued by the Bulgarian general staff, dated Thursday night, accuses the British of initiating the offensive. It declares the latter on Tuesday made a surprise attempt to obtain possession of strategic points in Bulgaria commanding the route to Sofia, but were defeated and driven back.

A press dispatch from Nish to Paris declares the Teutonic forces have not progressed more than four miles south of the Danube at any point, while the Bulgarians are being held along the border.

Greece is being financed by the Entente allies to an extent sufficient to pay the expense of keeping her army mobilized, according to an Athens dispatch to Milan.

In the Dardanelles the Turks claim to have inflicted heavy losses on the allies near Anafarta by the use of bombs, and to have had a similar success near Seddul-Bahr in hand grenade attacks. Allies' torpedo boats have been driven from the narrow by the fire of Turkish batteries.

BOYS' LEAGUES TO HAVE 'FEED'

Monster Banquet Will Be
Given in Honor of Foot-
ball Players.

Kelly Hardware Pennants
and Herald Trophy to
Be Presented.

All the boys in the two grade school football leagues will be honor guests at a monster banquet to be held at the old Armoury some time in November, according to an announcement made today by J. R. Batchelor, recreational director.

At that time the date to be selected being shortly after the close of the football season on Nov. 7, the two winning teams will be presented with the league pennants, donated by the Kelly Hardware company. The Herald trophy for the first annual relay race conducted last Fourth of July will be awarded to the Lincoln school. The Herald trophy arrived this morning from Chicago.

Director Batchelor expects to have about 300 boys at the banquet, while members of the city commission, the board of education and school principals will be the honor guests of the evening. Mayor Prince will preside and addresses will be made by prominent citizens at the banquet. Details for the affair will be announced later, he said.

In addition to the pennants and trophies, the league buttons, donated by Director Batchelor, will be presented to the members of the teams winning the championship in both the senior and junior leagues. The Herald trophy will be held by the Lincoln school this year, permanent possession going to the school that wins the medal for three successive years.

NORTHERN BAPTISTS TO RAISE \$38,000,000

Minneapolis, Minn., Oct. 15.—(Special to The Herald).—The Northern Baptist conference will endeavor to raise \$38,000,000 in five years, according to the program set forth by Dr. Guy C. Lamson of Philadelphia and approved by the Minnesota state Baptist convention in session at Temple Baptist church. The sum of \$38,559 will have to be raised for church benevolences by the Minnesota Baptist churches by the end of the fiscal year, March 31, 1919, according to the report of the committee on apportionment.

The part of the total to be raised by this state's Baptist churches has not been determined. Six millions are to be raised for educational endowments, \$2,000,000 for ministers' and missionaries' benefits, \$6,000,000 each of the five years for missions.

Park Rapids was selected as the next place of meeting and the Rev. E. D. Weeks of St. Paul was appointed to deliver the convention sermon and the Rev. J. McFarland of Duluth was named as alternate. A resolution was adopted pledging the Baptist churches

DOLLAR CHRISTMAS FUND FOR THE BELGIANS; SECOND YEAR'S APPEAL

To the Editor of The Herald:

Twelve months ago I made an appeal to Americans in behalf of the dollar Christmas fund for Belgians—one of the many efforts made here and in Europe to avert the threatened starvation of a nation. The response was prompt and generous. Not alone the rich contributed, but even many of the very poor, with the happy result that we were able to send to Belgium a Christmas ship laden not only with Christmas good wishes but with food and clothing. Those were the days when every shipload meant lives saved. Some of our best friends were newspapers, and even little children in Sunday schools gave freely of their penny banks in behalf of other children less happy than themselves.

To the American commission for relief in Belgium—the saviors of Belgium to quote Cardinal Mercier—has been left the vital task of solving the food problem and though the future of Belgium in 1918 is beyond prophecy and must apparently depend to a larger extent than ever upon American help, at least, has been definitely assured that the prospect of famine—for this year—may feel reasonably removed. One-third of a soldier's ration—enough at least to keep body and soul together—is now served daily to all necessary persons in Belgium.

The task now undertaken by the dollar Christmas fund is to collect money for shoes, boots and clothes, which are most urgently needed and for which special money must be provided. The necessity is appalling because at the present time there are roughly 3,500,000 destitute people in Belgium and the number increases as the winter approaches. The Belgians are unable to buy shoes, boots and clothes themselves—many even of the former wealthy are now in the daily bread line.

This year, as last, our fund has the warm approval and valued co-operation of a committee of representative citizens, including Colonel George Harvey, Dr. William T. Hornaday, Victor E. Lawson, Adolph S. Ochs, Prof. Henry Fairfield Osborn, William C. Reick, Melville E. Stone, Oscar S. Straus, George T. Wilson. All our workers are honorary and all money collected will be expended by the American commission for relief in Belgium. No better guarantee can be given that every penny subscribed will be wisely spent. Every dollar of 68 Broadway, New York, has again undertaken the office of secretary.

There are ominous reports today of greater hardships in store for Belgium, greater strain upon endurance already so desperately taxed. Stimulated by this knowledge it is certainly our privilege and, may I not add, our duty to appeal to Americans doubly blessed in their peaceful isolation and detachment from the vortex of horrors and bloodshed and agony of the battlefields of Europe to help those who are too poor to help themselves.

This year as last our dollar Christmas fund is in complete sympathy with every other appeal in behalf of Belgian destitute and differs from other appeals only in the sense that the total sum received will be forwarded as a special Christmas contribution from the people of this country to the destitute people of Belgium, an expression of sympathy with sorrow from one people to another, and a tangible proof that Christmas good will even in these days of strike and bloodshed has not disappeared from earth.

If, as many have forecasted, Belgians have heights of sacrifice and martyrdom so far unattained to scale this winter we can at least ensure that the old men, the frail women, the little children—many of them "orphans of war"—shall not go unshod. And without your aid, as we know, the barfooled in Belgium this winter will be the rule rather than the exception. I ask, therefore, with great earnestness that you send along your dollar bill—and send more if you can! All contributions should be addressed to the treasurer and each will be promptly acknowledged.

Treasurer Dollar Christmas Fund for Destitute Belgians.

New York, Oct. 11. Broad Street, New York. The Herald will again be pleased to receive, acknowledge and forward all donations from Duluth and the surrounding territory. Those who desire that their names be not used are asked to give initials or some fictitious name, in order that many contributions credited simply to "cash" will not be received. When several contributions from "cash" are received the donor has no way of knowing that his own contribution has been received and acknowledged.

of Minnesota to support state-wide prohibition.

TWO SEEK FREEDOM.

Applications for Divorce Filed in District Court.

Freedom from the matrimonial yoke is being sought by two unhappy victims of Cupid's dart. The yearling afternoon filed suit for divorce with the clerk of the district court. Description is filed in each instance.

Edith M. Cameron, 22, says that she married Gordon D. Cameron, 25, at Grand Forks, N. D., on April 11, 1911, and that she was left a deserted wife on May 13, of the following year. She asks the court to restore her former name, that of Edith M. Spillwood.

William H. Blinks, 23, is suing for a separation from Lourene Blake, 25, alleging that she abandoned him on

Sept. 17, 1913. They were married in Superior, Mar. 7, 1906, and are parents of two children, Margaret, 8, and Cecil, 5, the custody of whom is sought by the father. Blake declares that he does not know the present whereabouts of his wife.

COHEN-COOK.

A marriage license was issued today to Miss Lillian Cohen of Minneapolis and Edward J. Cook of this city. Mr. Cook is one of the owners of the Grand theater and has for many years been prominent in Duluth business circles. Miss Cohen is a musician, recently arrived here from New York City.

The bridegroom recently completed a handsome new residence on Woodland avenue. The wedding will take place Tuesday.

Weather—Unsettled tonight and Saturday. Colder Sunday. Moderate winds, mostly easterly.

Here are the Clothes You are Going to Buy

ONE OF MANY HIGH ART MODELS—SUITS STYLES TOO

WE are equipped as never before, to place before men and young men clothes for Autumn and Winter that spell better dress for less money.

"High Art" Style Clothes

Suits \$18 to \$30

MUNICIPAL HALLOWEEN

Duluth Will Celebrate Night of Spirits as in Former Years.

Bonfire at Lake Shore Park and Games for Children.

Halloween will be observed this year with a municipal celebration on Saturday evening, Oct. 30.

Announcement to this effect was made yesterday by Mayor Prince, who said that J. R. Batchelor, recreational director, has been instructed to make arrangements for the evening's entertainment.

The Halloween celebration will take place at Lake Shore park, Twelfth avenue east and London road, and will be somewhat similar to that of last summer, with the introduction of some new pastimes especially befitting the occasion.

Director Batchelor said yesterday that a monster bonfire will be the big feature of the evening, during which time apples and marshmallows will be roasted.

In addition Director Batchelor plans to stage a series of relay races for the children of the city. These will include many of the games presented at the play festival at Athletic park last summer, with the introduction of some new pastimes especially befitting the occasion.

Detailed plans for the evening will be announced later.

Mayor Prince, in making the announcement, said that the city commissioners will all be present and that an invitation is to be extended to every child to attend the celebration.

As Halloween falls on Sunday this year it was decided to hold the celebration the previous day, Oct. 30.

Don't forget Haley's special 40c dinner. Every day from 11 to 2 p. m.

BOYS' DEPARTMENT ACTIVITIES

The extension committee of the boys' department of the Y. M. C. A. will entertain the boys from the Salter and Lincoln schools this evening at 7 o'clock with games in the gymnasium and musical time in the clubroom. Refreshments will follow.

Tomorrow at 11 o'clock the Knights of St. Galahad will go on a hike to the Duluth farm. Each boy will take his lunch.

Sunday at 3 o'clock, the Knights of St. Galahad will hold their weekly meeting. William Lautenschlager will be the speaker.

The boys' club will meet at 4 o'clock, John Brown will be the speaker. The boys' department orchestra, with Herbert Miska as soloist, will provide the musical program.

RECORD RUN IS MADE BY U. S. SUBMARINES

Honolulu, Oct. 14.—The submarine K-4, K-7 and K-8, escorted by a convoy of the United States navy vessels, were sighted off this port yesterday. The submarines left San Francisco Oct. 3 for Pearl Harbor.

The safe arrival of the submarines after a voyage of 2,100 miles in thirty days is said to establish a new distance record for United States submarines. The expedition was in charge of Lieutenant, U. S. N., commander of the Maryland.

The K-7 made the voyage to this port without accident and without stopping her engines and in recognition of having established a new long-distance cruise record for United States under-water craft, was permitted to display a new broom and to lead the three sisters, unconquered, into this harbor.

F. N. Freeman, U. S. N., who accompanied the expedition to observe the submarines, declared that the voyage was a notable success. The K-7, he said, made the trip without a hitch, and needed no help. Some of the others suffered minor disabilities.

The officers of the submarines said the men stood the strain well, but that some of them showed signs of fatigue.

DELASSE DECLARED AGENT OF REVENGE

Berlin, Oct. 15, wireless to Sayville.—The assertion is made by the Tageblatt that Theophile Delcasse, who recently resigned as foreign minister of France, opposed the landing of French troops at Salonika.

"Perceiving that popular opinion was turning against him," the Tageblatt adds, "Delcasse seized upon the pretext of the Salonika expedition as a reason to resign." He then "disappeared from the political theater in the attitude of a man who foresees calamities and warns the nation, while in reality he, together with President Poincare and Minister Millerand, brought about the present situation."

"Inspired by Revenge," The Vossische Zeitung says: "Delcasse's whole career was based upon the idea of revenge. He entered parliament with a speech in favor of a Franco-Russian alliance. He always represented the idea of war on Germany. He was inspired by the late King Edward, one of the most active workers for the isolation of Germany. In 1908 Delcasse thought that Delcasse had disappeared from public life, never again to return. But he did reappear, and if he is now abandoned forever by his former associates, their decision comes too late for France."

RUSSIA WILL CALL BULGARS TRAITORS

Paris, Oct. 15.—Russian intervention in the Balkans probably will be preceded by a manifesto issued by Emperor Nicholas as "chief protector" of all Slavs to the Bulgarians, denouncing what will be characterized as the "treason" of King Ferdinand in making common cause with the Austro-Germans. Russia's enemies, this manifesto, it is expected, will be followed immediately by definite action.

More Cannon Fodder. Baudette, Minn., Oct. 15.—(Special to The Herald.)—J. L. Hackett, a local merchant of this place, has just finished threshing on his farm north of town. He had thirty acres of oats, receiving 2,016 bushels averaging forty-four pounds to the bushel. This is considered a fine yield for this vicinity.

COUNTY MEDICS NAME NEW HEAD

When the St. Louis County Medical society held its annual election of officers and banquet last evening at the Commercial club, Dr. D. E. Tildquist was chosen president to succeed Dr. A. G. Schulze. Other officers elected were: Dr. N. D. Kean of Coleraine, vice president; Dr. L. Q. Greeley, secretary; and Dr. L. A. Barney, secretary.

Three members were elected to the censorship board, as follows: Dr. W. A. Coventry, Dr. M. A. Nicholson and Dr. A. H. Schwarz. Delegates to the state convention which will be held at Minneapolis in August, 1916, were named as follows: Dr. E. L. Tuohy and Dr. N. C. Gillespie.

Dr. Schulze, retiring president, presided at the meeting until after the election of officers when he bowed his way out to make room for his successor. Before formally turning over the presidency, Mr. Schulze made a short speech in which he thanked all of the members for the loyal assistance given him during his term of office.

It was decided to hold a business meeting some evening within the next two weeks when several matters of importance in the coming year's work will be taken up.

UTAH MAN HEADS PRISON ASSOCIATION

Oakland, Cal., Oct. 15.—The American Prison association at its closing session selected Buffalo, N. Y., as the

place of its next meeting. The following officers were elected: Arthur Pratt, Utah, president; Joseph P. Byers, Philadelphia, secretary; David F. Forgan, Chicago, treasurer; H. H. Shiner, Columbus, financial secretary.

ADMINISTERS ESTATES OF DECEASED SOLDIERS

(Correspondence of the Associated Press.)

Paris, Oct. 1.—The "Bureau de Successions" specially organized for the purpose in the rue de Valenciennes, has now administered the estates of 180,000 deceased soldiers. A force of 1,200 men of the auxiliary service is employed examining and classifying the belongings of dead soldiers sent from the front or from the hospitals, and preparing the necessary papers.

Vogue Hats for Autumn
Our Weekly Shipment Just Received
Stop In!

Silberstein & Bondy Company

Just a Hint of What You Will Find Here in Autumn Wearables!

New Suits, New Gowns, New Wraps, New Waists, New Hats

are rushing in by hundreds, and we venture to say that every one of the new fashion features is among them. Beginning with Suits, you will notice the strong Russian tendency in the heavy bands of fur on jackets and skirts, and in the picturesque and graceful blouses. Then there are long redingotes and piquant, straight, short jackets, stiff with fur, among these finer novelty suits, and the most luxurious materials. One especially interesting model is a navy broadcloth with leather and fur combination collar and cuffs, and a belt to match. The principal suits are broadcloths, fancy mixtures, tweeds, velours and gabardines. Prices start at \$25 and run up to \$65. Then there are STREET DRESSES at \$16.50 to \$42.50, which are just the kind women are waiting for. These show combinations of serge and taffeta, serge and charmeuse, and Georgette crepe and taffeta. There are dresses of charmeuse alone. Long sleeves, full skirts, simple bodices, sashes and bands running around the skirts are all features.

Every Woman Must Have a Smart New Top Coat

We believe we have got the prettiest fashions, and we know we have the very best and soundest of materials and workmanship. And, fresh and fine and glowing, they are ready for you to see today. There are Zibelines, Duvelines, Lustrous Broadcloths, Novelty, Velvet, like Weaves, Soft, Thick Woolens, Pretty Corduroys and other fabrics in more colors than you've probably dreamed of. There are some hues and lighter shades. Many are fur-trimmed and have the new collars and cuffs. They look warm and practical—and are. Some are lined throughout, and others just to the waist—\$18.50 up to \$57.50.

Corset Covers 50c to \$4.00

Corset Covers, with short sleeves, in crepe de chine and lace or nainsook and lace top and sleeves, at 50c, 65c up to \$2.50.

HIBBING TAX RATE DOUBLED

"Richest Village on Earth" Has a Valuation of \$84,696,681.

Higher Rate Than Duluth With Much Bigger Valuation.

Hibbing's tax rate, for local purposes, will be more than doubled this year.

To be more specific, the tax rate for raising funds to be spent by the "richest village on earth" next year will be two and one-half times as great as the tax rate on which current taxes were figured.

If the \$1,900,000 levy for 1916, made by the Power administration, is permitted to stand, the Hibbing taxpayers next year will pay on a rate of 26.44 mills on a valuation of \$84,696,681. The valuation, it is believed, will not be substantially changed this year.

Duluth's tax rate for city purposes now being computed will be up substantially the same as last year, 16.07 mills. Hibbing's rate, figured from the present valuation and the proposed \$1,900,000 levy, will be approximately 26.44 mills in excess of the Duluth rate. Hibbing has an assessed valuation of \$20,000,000 greater than that of the city of Duluth.

Last year, the total rate for Hibbing taxpayers was 18.3 mills, which is but a few mills less than the rate computed from the proposed levy for village purposes alone this year.

Read the grocery and meat market ads on Market Basket page tonight.

CHIEF PRODUCER OF ANTIMONY

China Finds Unexpected Demand and at Higher Prices.

(Correspondence of the Associated Press.)

Hankow, China, Sept. 3.—As a result of the interruption of German industries, China has unexpectedly become the chief producer of antimony, and Hankow is China's chief antimony center.

Before the war there was one antimony plant in Hankow, and it was not operated. Now it is working, and two others have been established.

More than half of the 40,000 tons of antimony required by the world last year was produced in China, chiefly in Hankow. The price of the metal is uncertain at all times, and is now three times as great as before the opening of the war.

Antimony is chiefly used in peace times by the printing trade. A slight amount of the metal is necessary in making type. It is also required in treating lead for use in ammunition, but the proportion demanded is very slight. Ore from which antimony may be obtained is available in several parts of China, but in ordinary times the amount of the metal necessary to supply the world is not sufficient to justify big operations.

SAYS HILLIS GOT FORTUNE

Pastor's Former Business Manager Tells of Timber Deals.

Divine Asks People to Keep Open Mind Pending Proceedings.

New York, Oct. 15.—The charge that Rev. Dr. Newell Dwight Hillis, pastor of Plymouth church, Brooklyn, made "quick, fabulous profits" through selling British Columbia timber claims to ministers and other friends is made in an affidavit filed by Frank L. Ferguson, former chairman of the board of trustees of the church, and for five years manager of Dr. Hillis' business affairs.

Dr. Hillis had procured an order to examine Mr. Ferguson before a referee, and Mr. Ferguson obtained an order requiring Dr. Hillis to show cause why he wished to examine his former business manager. When the argument on the latter order was called before Supreme Court Justice Kelly, attorney for Dr. Hillis asked for additional time in which to answer the referee's affidavit, which, they termed "false and misleading." The argument was postponed until Oct. 19.

Made Enormous Profits, Ferguson, in his affidavit, stated that he had turned over all documents and matter connected with Dr. Hillis' timber deals in British Columbia, and denied that his testimony is necessary for Dr. Hillis in the libel suit filed against him by his nephew, Percy D. Hillis of Victoria, B. C.

Mr. Ferguson further alleged that Dr. Hillis had between 1909 and 1914 made enormous profits within a year. Dr. Hillis' financial troubles, Mr. Ferguson alleged, were brought on by his own business follies and wilful action. He explained how the pastor had contracted to purchase more than \$750,000 worth of timber lands, and Mr. Ferguson declared that he had personally borrowed and turned over to Dr. Hillis more than \$300,000 to meet his obligations.

Dr. Hillis later issued a statement in which he appealed to the public to retain an open mind pending the trial of all court proceedings have been concluded. He added that the attacks made against him during the last six months caused him so much anguish and pain that, if he had known one bolt they would have killed me a hundred times over.

Dr. Hillis denied virtually all the allegations made in the Ferguson affidavit, and declared that the situation would be clarified and the truth concerning all transactions be brought out in the court proceedings. He stated that with his earnings as a minister and lecturer he had repaid in part some of his friends who had invested in the timber enterprises.

Dr. Hillis attached to his statement a copy of a letter dated Sept. 14, 1915, and which he said he had sent to each of his friends who had invested in the timber enterprises. In the letter he said he had just learned, through a report made by expert timber cutters, that the land owned by the logging company was not as he had previously represented, and at the same time he assumed full responsibility for any loss his friends had incurred.

FLOAT TWO WEEKS AT SEA IN SMALL CRAFT

Nine Men and a Woman Finally Land on Island.

Washington, Oct. 15.—Orders were cabled by the navy department late yesterday to the commandant at Honolulu to send a vessel to Midway Island, in the middle of the Pacific ocean, and pick up nine men and a woman, one ship's company of the American schooner O. M. Kohnke, who reached the island Wednesday. A commercial message to the department told of the arrival of the party on a small afloat they had borrowed at Laysan island, to which they made their way in an open boat after the Kohnke was wrecked on Maro reef, on Sept. 25.

Wrecked Sept. 25. Midway Island, Pacific Ocean, Oct. 15.—The story of the escape of the crew of the schooner O. M. Kohnke after she was wrecked and abandoned was told following the arrival here of members of the crew, with Capt. Lunn and his wife.

They had been afloat on the open Pacific in a small boat, and in a storm which they borrowed on a neighboring island for the better part of two weeks. The schooner, bound from Samoa to San Francisco, on Sept. 25, an attempt by the crew to float the vessel was at first successful, but afterward the schooner was driven ashore and dragged hard on the reef. The crew, including the captain, his wife, left in two boats Sept. 28 for Laysan island northeast of Maro reef. On the way they were compelled to abandon the smaller boat, all hands crowding into the larger one. The shipwrecked party reached Laysan island in two days and remained on the island for six days. Then they borrowed a small afloat and sailed for Midway island on Oct. 4. They had a hard trip here from Laysan island, encountering extremely rough weather, but, aside from exhaustion from lack of food, all hands were well upon reaching here.

EMDEN OFFICER REACHES BERLIN

Berlin, Oct. 15, by wireless to Tuckerton, N. J.—The arrival in Germany of Lieutenant Commander Julius Lauterbach, who was executive officer of the German cruiser Emden, is announced by the Overseas News Agency. Lieut. Lauterbach was taken prisoner on the famous Goeben, which was finally destroyed by the Australian cruiser Sydney. He was taken to Singapore, but gained his liberty as a result of the mutiny of Indian troops there. He then made his way to Java, Manila and Shanghai. From Shanghai he took passage for the United States under an assumed name, reaching San Francisco on Friday. He is now on his way from San Francisco to Germany, having been released from his assumed name.

THAT LIVER IS NO GOOD

that is so lazy it lets the skin do part of its work. The skin turns yellow doing it. Such a liver upsets the whole system. Take Hood's Pills, get the liver to work; best for biliousness, yellowness, constipation. Do not irritate nor grip. Price 25c, of druggists or C. I. Hood Co., Lowell, Mass.

WEST END**WILL SEND CHORUS TO SANGERFEST**

Svea Glee Club Members Raising Funds for Trip.

The Svea Glee club will hold its annual bazaar on Wednesday, Thursday, Friday and Saturday of next week at the Woodman hall, Twenty-first avenue west and Third street. Plans are now being made by a committee consisting of Herman Olson, Edward Sundquist, Theodore Anderson, Albert Peterson and Nick Wallin.

The club expects to raise sufficient funds to send the club to Omaha to represent Duluth at the annual sangerfest of the western division of the American Union of Swedish Singers. The sangerfest will be held in July, 1916.

The Svea Glee club is one of the leading organizations of the American Union of Swedish Singers. During the sangerfest held last summer at Minneapolis this chorus gave two of the sixteen special solo numbers as well as took a leading part in the chorus work of the sangerfest.

The club has a membership of over sixty Swedish singers in Duluth and is one of the largest organizations of singers connected with the sangerfest.

Society Is Entertained.

The Women's Home and Foreign Missionary Society of the Second Presbyterian church, was entertained yesterday afternoon at the home of Mrs. A. F. Swanson, 426 North Twenty-first avenue west. Mrs. C. C. S. McManus was leader, presenting the subject of "The Child in the Midst." Mrs. Hiram Olson was in charge of the subject "The Mormons."

The ladies aid society of the church will meet next Wednesday at the home of Mrs. John Ledingham, 1827 West Third street.

Will Initiate Class.

A class of new members will be initiated Monday evening at the meeting of Beta council No. 2, Modern Samaritans at its hall, Twentieth avenue west and Superior street. A series of social entertainments have been planned by the order, another of which will be held on Oct. 26. Mrs. Grace Goward will be in charge of the committee. Five hundred will be played.

Holmstrand-Olsen.

Miss Esther M. Holmstrand and Edwin F. Olsen were married last evening at the parsonage of the St. Peter's Episcopal church, 113 North Twenty-eighth avenue west. They were attended by Miss L. Olsen, a sister of the groom, and E. Holmstrand, a brother of the bride. Rev. W. E. Harman, pastor of St. Peter's church, read the ceremony. Mr. and Mrs. Olsen will make their home in this end of the city.

West End Briefs.

Mrs. Albert Broman, 1913 West Third street, will entertain at a social this evening for the Epworth league of the First Swedish M. E. church.

Mrs. A. C. Wenderlich of Minneapolis, who has been visiting at the home of her sister, Mrs. A. J. Milligan, 1814 West Michigan street, has returned home.

Miss Hazel Melin, 2014 West Fourth street, will entertain this evening for the "Fiddlers" club.

The Tabitha society of the Bethany Swedish Lutheran church, Twenty-third avenue west and Third street, will entertain this evening at a "war" social. A program of music and speaking has been planned. Booths representing several nations have been arranged in the church clubrooms.

Miss Sophie Wopichowski and brother, Frank of Ironwood, Mich., are guests at the home of Mr. and Mrs. F. C. Clore, 1822 West Fourth street.

Secret Treaty Alleged.

London, Oct. 15, 3 a. m.—It is openly asserted in Berlin that a secret treaty exists between Greece, Germany and Bulgaria, says the Morning Post Berlin correspondent.

The Gypsy Lace Boots

We always show the newest things in women's footwear, in all sizes and widths, at prices that are greatly less than you would pay for the same quality of footwear elsewhere.

THE goblins are coming! Get your Halloween favors—table decorations, etc., tomorrow! We have everything you need for your Halloween party—the quaintest, oddest, little table favors, place cards, nut cups, etc., in black and orange (owls, witches, goblins, cats, pumpkins, etc.) Pumpkin gift pies, crepe paper, etc. (Favor Dept.—Main Floor)

The Glass Block**"The Newest Thing---At the Fairest Price!"****A New Fall Overcoat for the Boy**

We've just received a new shipment of Boys' Chinchilla overcoats in blue and gray, all sizes from 2 1/2 to 10 at \$2.95 and upward. They're mighty smart—and of fine, practical durable quality.

A bargain tomorrow will be our boys' flannel shirts (\$1.25 and \$1.50 values), sizes 12 1/2 to 14, special at 95c.

Boys' Norfolk Suits, in blue serge and mixtures, sizes 8 to 15, \$5.00 and upward. (And you'll like the smart yet dignified styles and materials—they're the best we've ever shown.)

A Sale That Will Please the Kiddies! Slightly Soiled Dolls

Here's a Saturday sale event that will bring joy to the heart of many a little girl. Slightly soiled dolls—all sorts and sizes at ridiculously low prices. Dolls that are new and attractive enough to please any child, yet marked 'way' down! Kid and Bisque dolls, cork stuffed, with real hair, eye brows and eye lashes—dolls formerly \$1.35 to \$7.00—tomorrow at exactly Half Price.

Slightly damaged toys (trains, toy animals, tops, horns, toy houses, cards and wagons, etc.) at the following price reductions:

Values up to 50c, sale price.....5c
Values up to \$1.00, sale price.....10c
Values up to \$2.00, sale price.....25c
Values up to \$3.25, sale price.....50c

Children's Writing Desks Half Price

Children's writing desks ranging in price from \$2.25 to \$5.50 (attractively finished desks of oak) tomorrow at half price—rocking horses formerly \$6.00 to \$14.50—also go at half price.

The October Sale of Flannels Is Going With a Rush

Note these prices:
28-inch soft fluffy towel outing flannel (white only), regularly 12 1/2c, October sale, yard, 8c.

28-inch very heavy white Domet—sells all over at 15c per yard; our special October sale, yard, 11 1/2c.

36-inch heavy white blanket outing (7 oz. to the yard)—the best on the market—sold only by the Glass Block; regular 19c value, October sale, yard, 15c.

27-inch kimono flannelettes—a large variety of pretty patterns for women's and children's kimonos, house dresses, etc.; regular 15c value, at 11 1/2c.

27-inch fluffy heavy Domet, in a large variety of patterns—light and dark—regular 8c value, October sale, 6 1/2c.

And these are only a few of the items included! Be sure to see the display. (Basement)

IT sounds odd—"Sixty shopping days, then Christmas!" Seems like plenty of time—but how time does fly! Especially the time before Christmas! Already, ever so many women are gift-buying—right here in this big store. Now's a good time to begin! There are hundreds of splendid gift suggestions to be picked up in the course of a walk from the Fifth Floor to the Basement. And the best of it all is that here you can always find the "newest thing at the fairest price!" That's what we're here for—and that's one reason why this store has come to be called "the Shopping Center of Duluth."

Baby Week Comes to An End Tomorrow

And There's a Beautiful Gift Here for Your Baby

Don't miss this cheery, happy, interesting event on the Second Floor. You'll enjoy seeing the crowd of happy little youngsters getting weighed; and if you've a baby of your own, you'll wish to have one of the beautiful hand-painted comb-and-brush sets we're giving free to every baby brought to the Infant Department this week. (They're the most elaborate and attractive gifts the Glass Block has ever offered!) And remember there's a 10% discount this week only for mothers with babies on all purchases in the department.

You would scarcely believe us if we told you how many babies we have weighed on the Second Floor during the past five days! We've enjoyed every minute of it; and tomorrow is going to be the nicest, happiest day of all! If you love children and enjoy the sight of dozens of rollicking youngsters against a background of cunning things for children of all ages—stop on the Second Floor tomorrow (and if you've a baby of your own, bring the little tot with you!) (Second Floor—Glass Block)

Don't Miss The Stationery Sale!

It includes all sorts of paper, from the best down to the cheapest, and means a chance to save money on something every woman uses and has need of. Here are just a few of the leading items:

(Including a large variety of novelty boxes; various qualities of linen and lawn papers; dainty effects in gray, pink, blue, green, etc.)

Regularly, per box, 29c; special.....17c
Regularly, per box, 35c; special.....20c
Regularly, per box, 39c; special.....25c
Regularly, per box, 49c; special.....30c
Regularly, per box, \$1.75; special.....\$1.10

And the famous "Westmore," "Louise" and "Glass Block Special" pound papers at special sale prices.

We've Never Known a Shoe to be As Popular As the New "Gypsy"

It's the "very latest" in women's footwear (\$8). We're showing it also in blue kid, as well as bronze—all three colors, with or without the popular fur tops. Alluring little models and they're going like hot cakes. (All are genuine Geo. W. Baker lasts).

Made with the high (8 1/2-inch) tops. The gray model comes in both lace and button styles; the blue and bronze models in button only. (Bronze, \$9; blue, \$8).

Of course, we're also showing our regular Baker lasts in women's shoes at \$5 and \$6 a pair. (Our Fall stock is the largest and by far the most interesting we've ever shown.)

You'll enthuse over the new style features.)

Use our shoe repair department; work called for and delivered free.

**Cheney Kimono Silks at 59c—Premier Dress Taffetas at \$1.00**

Cheney's fancy figured silks for kimonos. Fast colors, 75c qualities at, yard, Saturday, 59c.

32-inch Kimono Silks, 59c a yard. Beautiful yard wide Plaid Silks, Satin and Taffeta Plaids.

Stunning Taffeta Silk Suiting Stripes, Satin Taffeta Stripes at \$1.00, \$1.25 up.

Yard wide Premier Dress Taffetas, black, white and in all dress and street shades, including twenty new combinations in changeable tones.

Attractively priced at only \$1.00 a yard.

NOTE—In the Neckwear Department, Main Floor—We're selling \$1.75 Moline Ruffs tomorrow for \$1.49. Ruffs formerly \$1.25 for 89c. (and similar reductions on both cheaper and more expensive qualities.)

Another Novelty in Dainty Fall Neckwear

Marabou ruffings—6 inches deep, plaited Chiffon—white, with soft, colored Marabou and border (pink, blue, etc.) \$1.25 a yard.

Dainty neck ruffs, of ostrich (gray, navy, light blue, champagne, etc.) \$1.50 to \$12.00.

Quaint new fichus, surplice fichus, bodice guimpes, "muff" neckpieces—and the popular "throws," in knitted silk, striped and plaid velours, as well as the popular Angora wool. All that is new and "different" for Fall! (Neckwear Dept.—Main Floor)

What Kind of Underwear Are You Wearing This Fall?

Fit—perfect fit—do you know what it means in underwear, especially union suits?

Munsing Wear union suits will give you a new idea of underwear. The way they cover the form, fit comfortably every curve and angle of the body, give and take with every twist and contraction of the muscles (and never gape at the seat) will surprise and delight you. Munsing Wear is made of soft, elastic yarn with smooth seams and perfectly balanced gore—it is durable and washable. The fabric actually seems smoother and softer after every trip to the laundry.

**Let Us Show You! MUNSING WEAR**

(Underwear Dept.—Main Floor)

Now's the Time to Decorate Your Window! Here's a Sale of Cretonnes

A special purchase of 2,000 yards Cretonnes and Chintzes in new and up-to-date patterns and colorings bought at a saving will be sold tomorrow at a big saving to YOU! The kind we sell regularly at 25c to 50c per yard. The entire lot will be priced for quick selling at only 19c per yard. (Fourth Floor)

ATTEND the free demonstration of Burnett's flavoring extracts now being given in this store all this week. Dainty desserts made with Burnett's extracts served to patrons and visitors. Recipes given. (Basement—Glass Block)

All the Witchery That's in Becoming Styles!**To Go With Your New Suit, "Washable" Gloves**

More and more women are realizing the genuine attractiveness, as well as the undisputed economy in the new washable leatherette white gloves. We're showing Kayser's "Lyke Leather" (2-clasp) styles; white with handsome pearl clasps, at \$1.00 a pair.

A NEW glove we're showing is Kayser's double silk, 2-clasp model in either black or white at \$1.00. It's just in, and women are enthusing over it.

Women's "Elite" Cape Gloves (washable leather) are here in the new sand shade at \$1.00 a pair. (Glove Dept.—Main Floor)

For Your Toilet Table (Drug Dept.)

50c Stillman's Freckle Cream at 33c.

50c French Rice Powder, all tints, special at 29c.

25c Sal Hepatica, 19c.

35c Benzoin and Almond Lotion for chapped hands and face, special at 25c.

**These Smart \$25 and \$30 Suits Will Go Tomorrow at \$19.75**

YES, we're adding another group of attractive Fall models to fill the thinned ranks of the Sale we started yesterday. And they're even newer and smarter than the 100 suits we first selected for this event. Blacks, navies, blues, browns, etc.—fur trimmed styles—absolutely all the new fashion features! You'll enthuse over them. Ask to see them on the

(Second Floor—Glass Block)

The "All-Day-Long" Corset

Make your next corset one that you can wear "all day long" with comfort, and with the assurance that wherever you may be or whatever you may be doing, you will not only look your best, but feel your best!

C. B. a la Spirite Corsets

are "all-day-long" corsets, built by experts, trained by long experience to put into a corset the elements of wearability, service, style. C. B. corsets come in 250 models, and they have come to be accepted as the standard everywhere for the woman of fashion.

Let our Corsetiere show you the new C. B. models for fall. (You know there's a new silhouette this season. Your old corset is out of date.) Our Corsetiere can "show you."

(Third Floor—Glass Block)

PAVING JOBS GIVEN O. K.

City Commission and Commercial Club Committee on Inspection Tour.

Bitulithic and Asphalt Pavements, Subject of Objection, Are Approved.

Official approval was given all the new paving jobs inspected yesterday by members of the city commission and the streets committee of the Duluth Commercial club.

An inspection of most of the pavements completed this summer and those now under construction was made by the commissioners and the Commercial club committee under the direction of Commissioner Farrell, head of the works division. The bitulithic and asphaltic pavements, to which some objections have been made lately, were declared to be among the best ever laid in the city.

Among the pavements inspected were the following: First street, Twenty-eighth to Thirty-first avenue east, bitulithic, nearing completion; Twenty-first avenue east, from Fourth to Seventh street, concrete, nearly completed; Woodland avenue, from Fourth street to Kent road, concrete, completed; Sixth street, from Fifteenth to Eighteenth avenue east, asphalt, nearing completion; Twentieth avenue west, from Superior to First street, brick, completed; Essex street, concrete, completed; Devonshire street, concrete, nearing completion; Grand avenue, from Eighty-fourth avenue west to Zimmerman avenue, concrete, partly completed.

The Minnesota avenue pavement was not inspected, owing to the fact that the aerial bridge is closed for repairs. The Commonwealth avenue pavement at Gary was also omitted.

"MOBILIZATION" IS MOTTO OF CHURCH

Plan to Prevent Overlapping in the English Rural Districts.

(Correspondence of the Associated Press.) London, Oct. 15.—"Mobilization" is the motto of the Free church movement in England, which is planning to prevent overlapping in the rural districts. The following thirteen denominations are co-operating: Wesleyan Methodists, Congregationalists, Baptists, United Methodists, Calvinists, Methodist, Presbyterian Church of England, Wesleyan Reform Union, Independent Methodist church, Countess of Huntingdon Connection, Moravian church, Churches of Christ, Disciples of Christ and Society of Friends.

Delegates recently met and passed this resolution which suggests the spirit of the movement:

"That this conference composed of the specially appointed representatives of the Free churches of England and Wales, is deeply convinced that there is urgent need to promote closer union between the Evangelical Free churches of this country in order to increase the effectiveness of their spiritual witness, to prevent overlapping, and to make more adequate provision for the needs of great populations; the conference, therefore, appoints a provisional committee to prepare a report setting forth the facts and suggesting the preliminary steps that should be taken in regard to the whole matter; the report to be presented at a subsequent meeting of the conference."

Some of the foremost leaders of the Evangelical churches are devoting great efforts to this movement which, in a way, is akin to the movement which resulted in 1905 in the union of the Free church and the United Presbyterian church of Scotland.

EXPECT OVERFLOW CROWD.

Franklin Neighborhood Club Will Hold Annual Meeting This Evening.

An overflow crowd is expected to attend the annual meeting of the Franklin Neighborhood club, which will be held this evening in the Franklin school building, Fifth avenue east and Seventh street. Of the 500 invitations sent out, 131 written acceptances have been received. The officers state that many will come who have not taken the pains to formally declare their intentions of being present.

Just how the crowd is to be accommodated is worrying the officers. They say the school building has no assembly hall and that the largest classroom, in which all of the public gatherings have been held to date, seats just sixty people.

The principal business to come before the meeting is the question of a new school building to replace the Franklin, which the club believes is too small. Members of the club state that many of the Hillside children are attending the Polish school because they cannot get accommodations at the Franklin.

FORD GIVES \$10,000 FOR CANADIAN AID

Detroit, Mich., Oct. 15.—Henry Ford has donated \$10,000 to the Canadian Red Cross society. A check for this amount was given to Gordon McGregor, manager of the Ford Motor company of Canada at Walkerville, Wednesday. Mr. McGregor said he planned to defer its presentation until next week.

18 POUNDS OF BLOOD

is the average quantity in a healthy adult, but it is the quality of the blood that determines our strength to resist sickness. With weak blood we find cold hands and chilly feet; in children an aversion to study, and in adults rheumatic tendencies.

In changing seasons get abundant fresh air and take a spoonful of Scott's Emulsion after meals, because Scott's Emulsion is a rich blood-food that will increase both quantity and quality of the blood while it warms the body and helps carry off the impurities.

When multitudes of people are to-day taking Scott's Emulsion to avert winter sickness, and are giving it to their children, it is careless to neglect its benefits. Look out for substitutes.

Scott & Bowne, Bloomfield, N. J. 15-20

News of the New Fall Garments at Gately's

Daily our New York buying office is sending us new things in Fall outerwear for Men and Women. This, perhaps is why every man and woman visiting our store is so delighted with our displays.

NEW ENGINES FOR FOUR U. S. VESSELS

Washington, Oct. 15.—Provision for new engines for four ships of the Atlantic fleet will be contained in navy department estimates to be submitted to congress this winter. They are the dreadnaught North Dakota, the scout cruiser Salem, and the destroyers Henly and Mayrant. Engine trouble has so hampered the work of these vessels that it is planned to install new propelling machinery of improved type. Three other navy ships, the new superdreadnaught Nevada, and the destroyers Duncan and Downs, are undergoing engine alterations by their builders as they have not been accepted by the navy. Improved turbines are being installed on the Nevada because of the defects found in similar propulsion machinery on one of the big battleships constructed for the Argentine Republic by the same builders.

BRITISH AVIATORS KILLED IN MISHAP

London, Oct. 15.—Capt. Arkwright and Lieut. Hardy of the Royal flying corps were killed yesterday near Glamis Castle, Monrovia. They had just started for the Montrose aerodrome when a defect developed in their aircraft, which crashed to the ground and was completely wrecked.

STATE SUPREME COURT DECISIONS

St. Paul, Minn., Oct. 15.—(Special to The Herald.)—The following decisions were handed down by the supreme court here today:

MARTIN COUNTY.

New Trial Granted.

B. M. Gates, appellant, vs. Chicago, Milwaukee & St. Paul Railway company, et al, respondents.—A motion for a new trial on the ground of newly discovered evidence is addressed to the discretion of the trial court. An order denying a new trial on this ground will be reversed on appeal only where it violates a clear legal right of the appellant or involves an abuse of discretion. The showing made in this case is not sufficient to warrant a reversal. Order affirmed. HALLAM, J.

ROSEAU COUNTY.

Vacancy Filled.

State, ex rel. Lyndon A. Smith, attorney general, relator, vs. Bergt Billberg, respondent.—A person was duly declared elected to the office of county superintendent of schools. The opposing candidate, being the incumbent of the office, instituted a contest on the ground that the successful candidate had violated the corrupt practices act. The contestant made no claim of having been elected. Judgment was for contestant.

LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

Hurry, Mother! Remove
Poisons From Little Stomach,
Liver, Bowels.

Give "California Syrup of
Figs" at Once If Bilious
or Constipated.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul, constipated, waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here, too. Be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

TEETH THAT FIT—THAT WEAR THAT LOOK WELL

If we make your teeth you will be satisfied. Our business is filling and making teeth so naturally you should come to Duluth's largest dental office for your work. Come today!

GROWD WAITS FOR WOUNDED SOLDIERS

Dramatic Incident of London
Night After Loos
Battle.

(Correspondence of the Associated Press.)
London, Oct. 1.—The arrival of the first wounded from the battle of Loos, following directly upon the first exciting news of the British advance in the west, was a dramatic incident in the London night. In a vast and gloomy railway station, which had a few lights going as was needed to show the way without betraying the place to a possibly Zeppelin, a silent crowd had gathered. Suburban and outporters rushing about with trunks and bags on hand trucks, civilian housewives with their children, and men in uniform, some in full dress, some in plain clothes, were all there. The crowd, which waited silently and patiently in the middle of the night, was composed of relatives of men who were fighting in the trenches. A train bearing the wounded drew up at a side platform. The gates swung open and the wounded, in blankets and bandages, were carried out. The crowd, which had been waiting for some time, now moved forward. The wounded were carried to the ambulances, and the crowd, which had been waiting for some time, now moved forward. The wounded were carried to the ambulances, and the crowd, which had been waiting for some time, now moved forward.

Women Save \$5 Using Gasoline

Says It is so easy to dry clean
and nothing shrinks, fades
or wrinkles.

Save \$5 to \$10 by doing your own dry cleaning. Here is a simple and inexpensive way to clean and brighten children's coats, suits, caps, woolen garments, Swiss, lawn, organdie and fur-trimmed dresses, all gloves and shoes, neckties, ribbons, silks, satins, lace, yokes, silk shirtwaists, draperies, would be ruined with soap and water. Get two quarts of gasoline at any drug store and put it in two gallons of gasoline. Wash the clothes in the gasoline, then put in the goods to be cleaned. After a little rubbing out they come looking as clean and fresh as new. You will find nothing fades, shrinks or wrinkles, requiring any pressing. Any woman can do home dry cleaning in a few moments at little cost and save lots of money. It is as simple and easy as laundering, and you can't make a mistake. Your grocer or any druggist will supply the gasoline, and your druggist will sell you a two quart can of gasoline. Then a wash bottle or large dishpan completes your home dry cleaning outfit.

WOMEN SAY BELLEGGENTS WILL TAKE PEACE OFFERS

Manifesto Issued By Committee Appeals to
Neutrals.

Announcement Is Issued in
New York and Amsterdam.

New York, Oct. 15.—That the nations now engaged in war would look without disfavor upon a conference of the neutral nations as a possible medium for the settlement of the conflict, and that the neutral nations of Europe are prepared for such a conference provided they can get the co-operation of the United States, is declared in a public statement issued here today by the international committee of women of the United States. Dr. Alotta Jacobs of Holland, who called the women's peace congress at The Hague, and who sailed from New York on Oct. 5, took with her copies of this statement to be made public in Amsterdam today.

The International Congress of Women, which met at The Hague last April, appointed two groups of envoys, one to Holland and Switzerland, and the other to Russia and the Scandinavian countries. The report of these envoys forms the basis for the announcement issued today here and in Amsterdam.

The statement is signed by Dr. Jacobs of Holland; Miss Christa Macmillan of Great Britain; Miss Rosika Schwimmer of Austria-Hungary; Prof. Emily Greene Balch of Wellesley college, and Miss Jane Addams of Hull House, Chicago. It is signed by the presidents of the international committee; Miss Macmillan, secretary; Dr. Jacobs and Miss Schwimmer, vice chairmen.

In their joint report the leading members of these two delegations unite in stating that the evidence and assurances given by the neutral nations convinced them that the belligerents would not consider such a conference unfriendly, and that the neutrals would not be willing to act, if first assured of American co-operation.

Manifesto of the Envoys.
"Here in America, on neutral soil, far removed from the stress of the conflict we, the envoys to the governments from the International Congress of Women at The Hague, have come together to canvass the results of our united and deliberate conclusions.

"At a time when the foreign offices of the great belligerent nations have been barred to each other, and the public mind of Europe has been fixed on the war, we feel that it is our duty to give from capital to capital and conference with the civil governments.

"Our mission was to place before belligerent and neutral alike the resolutions of the International Congress of Women held at The Hague in April, and to place before them the definite method of a conference of neutral nations as an agency of continuous mediation for the settlement of the war.

"Two Delegations.
"To carry out this mission two delegations were appointed, which included representatives of Great Britain, Hungary, Italy, the Netherlands, Sweden and the United States. One of these delegations was received by the governments in fourteen capitals, Berlin, Budapest, Christiania, Copenhagen, Hague, Havre (Belgian government), London, Paris, Petrograd, Rome, Stockholm, Vienna and Washington.

a remark made to us by a foreign minister of one of the belligerent powers. 'Neither side is today strong enough to dictate terms, and neither side is so weakened that it has to accept humiliating terms.'

New Kind of Conference.
"It has been suggested that such a conference would bind the neutral governments co-operating on it. The answer we bring is that, as proposed, such a conference should consist of the ablest persons of the neutral countries, assigned not to problems of their own governments, but to the common service of a supreme crisis. The situation calls for a conference cast in a new and larger mold than those of conventional diplomacy, the belligerents sending to it persons drawn from social, economic, and scientific fields who have had genuine international experience.

"As women, it was possible for us, from belligerent and neutral nations alike, to meet in the midst of war and to carry forward an interchange of question and answer between capitals which was barred to each other. It is now our duty to make articulate our convictions. We have been convinced that the neutral nations would not be hostile to the belligerents, and that the governments of the European neutrals would be ready to accept a common channel for good offices; and that the governments of the European neutrals would be ready to accept a common channel for good offices; and that the governments of the European neutrals would be ready to accept a common channel for good offices.

"We are but the conveyors of evidence which is a challenge to action by the neutral governments. Standing by Denmark, Holland, Norway, Sweden, Switzerland and the United States. We in turn bear evidence of a desire and intention of vast companies of people to end the war. We have seen a barren indifference into an active interest. We have seen meetings were held in one day in different parts of the world, resulting in the government to act.

"The burden of responsibility for the hopeless continuance of this war no longer rests on the will of the belligerent nations. It rests also on the will of those neutral governments which have not yet been spared its shock but can, if they would, absolve themselves from their share of responsibility for the continuance of war."

GERMANY'S LOAN BANKS TO REMAIN Will Continue in Existence Some Time After the War.

(Correspondence of the Associated Press.)
Berlin, Sept. 20.—It is announced that the loan banks that were organized at the outbreak of the war in order to facilitate the raising of the huge sums needed to carry it on will not be liquidated immediately after the conclusion of peace. This announcement has been made from a semi-official source now offered for subscription. It was feared that the banks would be liquidated after the war, and that in the liquidation of their affairs all outstanding loans would be called in at once.

The public is now informed that the banks will continue in existence for some time after the war, and that they will deal in a liberal spirit with borrowers. The banks are now in a position to time as may be found necessary.

These banks have not yet been called upon to lend money to the government to the extent that had been contemplated when they were organized. While they have the right to do so, the government has not yet asked them to do so. The banks are now in a position to time as may be found necessary.

EGGS AT THREE CENTS A DOZEN

(Correspondence of the Associated Press.)
Hankow, China, Sept. 3.—Prices of eggs, chickens and other poultry are so low in the Yang-tse-kiang valley that a large business in shipping such products to Great Britain.

Practically every Chinese family in the remote country districts, as well as in the towns and cities, keeps chickens. The price of eggs in the villages accessible to river transportation is now about one cent a dozen. Spring chickens sell for about 6 cents a pound. In remote interior provinces, where copper coins are still largely in use, the prices are much lower. The eggs of the Yang-tse-kiang are dried for the use of bakers in Europe and other parts of the world. The whites and yolks are dried separately.

who are about to depart again for the trenches—the order nevertheless is apt to bring up everybody, and its violation will bring upon the offender a heavy fine or imprisonment, or both. Hereafter, except in the privacy of a home, the Londoner may not share a bottle or half bottle with a friend. There is but one exception, and that is at meal times. Then a host may provide liquor. But in all saloons, hotels and clubs the words, "What will you have?" are taboo.

who are about to depart again for the trenches—the order nevertheless is apt to bring up everybody, and its violation will bring upon the offender a heavy fine or imprisonment, or both. Hereafter, except in the privacy of a home, the Londoner may not share a bottle or half bottle with a friend. There is but one exception, and that is at meal times. Then a host may provide liquor. But in all saloons, hotels and clubs the words, "What will you have?" are taboo.

Even the exclusive army clubs are affected, and members are asking many questions. For example: Can members wear whisky and soda on a cold day? Can drinks be ordered to seal a compact, or for a toast? Is an officer leaving for the front to be denied a parting drink with his fellows? Can a glass accidentally upset be refilled? Saloon keepers are very doubtful over the outlook. They say that, with treating barred, the whole atmosphere of the saloon will be changed. Few men, it is argued, like to drink alone, and a tremendous slump in trade is predicted.

What constitutes a meal with which one man may buy drink for his friend will doubtless have to be defined by the courts. Whether a meal will consist of the antiquated sandwich so familiar in the United States remains to be seen. There is, of course, the patent subterfuge by which one man may give the person he wishes to treat the amount required before they enter the saloon; but this would be cumbersome, and the saloon is a place where the war is fought.

Night Clubs to Be Closed.
Police regulations, it is said on good authority, are about to be issued, closing all night clubs in London, during the entire period of the war. If this reform takes place, it will come as a result of a protest by military authorities that the "night club evil" has turned what ought to be a period of rest and recuperation for officers on leave from the front, into a prolonged worse condition than when they came across from the trenches. It is commonly known that in the night clubs, evasion of the 10 o'clock law has been developed to a fine art and that drinks can be easily obtained at all hours of the day and night.

"I am in favor of closing down all night clubs for the duration of the war," said Lord Altham, provost marshal. "Naturally enough in our supervision, we rarely detect anything but the most trivial offenses."

We must visit them in uniform, and it is almost impossible to effect a real surprise. As for the disagreeable night clubs, they have about an army of scouts, they watch and report our movements and a club almost invariably knows in advance when we may be expected.

"They all look as innocent as tame doves when we appear. We have no doubt in our minds that liquor is obtainable at many night clubs, and that is quite another matter from going into a witness box and swearing to specific instances. While we are given supervision of these places, we have no power to do anything except through the courts. The only satisfactory remedy is to close them all down as long as the war lasts."

The distance from which vultures and eagles spy their prey is almost incredible.

Poslam does remarkable work in clearing complexion, softening skin, night; soothes inflamed skin, banishes redness, itching of urethra; takes out the soreness, which Poslam exerts healing power which Poslam exerts in cases of stubborn Eczema, the same results, if you will but employ it, ordered conditions of the skin. Minor troubles usually require but few applications. Pimples are quickly removed.

As to soaps, you should know that Poslam Soap is an absolutely safe soap for tender, sensitive skin—a daily detergent. For example, send 4c stamps to Emergency Laboratories, 82 West 26th St., New York City. Sold by all druggists.

TREATING IS NOW BARRED

Great Change Made in Social
Habits of London
People.

Host May Provide Liquor
for Guests Only at
Meals.

(Correspondence of the Associated Press.)
London, Sept. 24.—"At a meeting of the privy council at Buckingham palace today the king signed an order applying the regulations respecting the sale of liquor in the districts of the metropolitan area."

This rather cryptic announcement, appearing in black-faced type in today's London papers, meant that the long expected "no-treating" order is now in operation throughout the greater city and that a great change must be made in the social habits of the people.

Though designed mainly to check the custom of providing free liquors to soldiers from the front—especially those

who are about to depart again for the trenches—the order nevertheless is apt to bring up everybody, and its violation will bring upon the offender a heavy fine or imprisonment, or both. Hereafter, except in the privacy of a home, the Londoner may not share a bottle or half bottle with a friend. There is but one exception, and that is at meal times. Then a host may provide liquor. But in all saloons, hotels and clubs the words, "What will you have?" are taboo.

Even the exclusive army clubs are affected, and members are asking many questions. For example: Can members wear whisky and soda on a cold day? MRS. OLSEN LOSES HER LONG-DRAWN-OUT FIGHT

St. Paul, Minn., Oct. 15.—(Special to The Herald.)—Under an opinion filed by the supreme court today, Mrs. Bertha Olsen, who has been fighting for three years to get her husband, John Olsen, out of the state, has lost her long-drawn-out fight for the place.

How an Engineer Keeps Well. Railroad engineers are more exposed to catching cold than other workers. E. C. Dunagham of Monette, Mo., has run a Frisco engine 25 years and all the medicine he has taken is Foley's Honey and Tar. He writes: "I always keep it in my house and recommend it to all who have a bad cough or cold. Sold everywhere."

RICHESON UNDER FIRE

Given Severe Cross-Examination By the County Attorney.

Turns Into Court Envelope Containing Money Reported Missing.

Declaring that there were instances where he had turned money over to the clerk of the municipal court for which he had taken no receipt, Walter J. Richeson, former deputy clerk, now on trial charged with malfeasance, gave further testimony in explanation of the alleged discrepancies in his accounts.

Mr. Richeson bore up well under a rigid cross-examination at the hands of the prosecuting attorney, which continued throughout the morning session. The county attorney went into the transaction from every angle and the defendant was subjected to rapid fire of questions.

Inasmuch as he is standing trial on an indictment which charges him with the misappropriation of \$65, comprising seven amounts, alleged to have been taken on Aug. 3, 1915, the day he left for his vacation, Mr. Richeson elected to exercise his constitutional privilege and refuse to explain other alleged shortages which the county attorney called to his attention.

In presenting the state's case, the prosecuting attorney introduced in evidence the objection of the defense, and the county attorney went into the transaction from every angle and the defendant was subjected to rapid fire of questions.

Mr. Richeson declared that under the system which was in use in municipal court it sometimes happened that he turned in money to the clerk without getting a receipt for it. This was only in cases where partial payments were made on fines.

He replaced the money. The defense during the trial yesterday afternoon asked Mr. Richeson to produce the money which he claimed was the identical \$65 which the indictment on which he is being tried charges him with having misappropriated.

The money was contained in seven small envelopes in sums ranging from \$5 to \$1. The envelopes purported to contain the indorsements of Frank Hicks, probation officer, and if the story told by the defense is true, the money has not been disturbed since the day he got it from Mr. Hicks.

The \$65 in question was turned over to Mr. Richeson by the probation officer, who represented that the money was collected from probationers by Mr. Hicks. Mr. Richeson stated that it had been his custom for years when part payments were made, to hold the money until the fines were paid in their entirety and then turn the money over and get a receipt from his superior officer.

According to the story told in court yesterday afternoon, Mr. Richeson took the money home with him and it remained there until nearly a month after he had returned from his trip from the north shore when he discovered it one day in a bureau drawer. He immediately turned it over to his attorneys, he testified.

State closes case. The state closed its case about 3 o'clock yesterday afternoon and the defense opened with a short address by Attorney Dacey, who declared that he would be able to satisfy the jury that Mr. Richeson's hands were clean of any of the money which would be satisfactorily explained.

The defense took the stand. He testified that he was 26 years old and had been a deputy clerk of the municipal court for having been appointed by former Clerk John G. Rosa.

At noon on Aug. 3, last, he declared, he left the office for his annual vacation and did not return until Aug. 5, in company with Stanley Strand and Wynn Francisco, two friends, he left for a launch trip to Isle Royale and north shore points, expecting to be gone two weeks.

He described the various points visited. Mr. Strand, he testified, took the launch and himself at Isle Royale and took the steamer America back to Duluth. The next day, the defendant stated, he and his companion started for Duluth. Owing to engine trouble they were delayed for several days at various points and did not arrive in Duluth until Sept. 8.

First knowledge of charge. The first knowledge of any alleged discrepancies in his accounts came to him from his mother who informed him on his arrival at home that the newspapers had been printing accusations against him. After being shown some of the newspaper accounts, the witness stated, he concluded that he was being accused of something that he was not doing and was ready to explain. He immediately went to Chief Clerk of the police department and later in the day to the office of the county attorney.

Attorney Dacey showed the witness several receipts covering a total of \$65 which had been previously identified by Probation Officer Hicks and asked him whether he had received the money from Mr. Hicks the day he left for his vacation. Mr. Richeson testified that he did. The witness also testified that he remembered the receipts and identified the signatures as his own.

"Do you recall what became of that money?" Attorney Dacey asked. "Yes."

"In here in my pocket," declared the witness as he pulled a large envelope from his pocket and handed it to his attorney.

There was a stir in the court room. Two days ago was opened and it was marked as an exhibit. It contained a large envelope which had been tied up with twine and had been moved. The former deputy clerk testified the case had been under his hands since the day he received for them from Mr. Hicks.

Explains delay. Mr. Dacey asked Mr. Richeson to

405 AND 407 WEST SUPERIOR STREET

explain how it was that the money was not turned over to the clerk of the court at once. The witness testified that there was no way of getting receipts from the clerk of court under the system then in vogue, because no receipts were given unless fines were paid in their entirety. The various amounts he had in his possession and threw it in a bureau drawer. When he returned from his lake trip and found the newspapers full of charges against him, he said he tried to collect his thoughts with reference to the money handled by him on the day left for his vacation.

At first he said he thought that he had left it in his desk at the office and that was the place he went to search for it. He tried to find it at home, but failed to discover it until one day he found it in a bureau drawer. This was on Oct. 6. He stated that he immediately turned it over to his attorneys, who kept it in their possession until yesterday.

CHINESE FOURTH WAS VERY SAFE AND SANE

Chinese residents of Duluth celebrated their Fourth of July or Independence day in a "safe and sane" manner. It was done and so "safe and sane," that no one here even knew about it. For Sunday, Oct. 10, was Wuchang day, according to a prominent Chinese resident.

In China, this day is observed with special parades and celebrations throughout the country. In this country it is celebrated only in Chinese settlements, and in San Francisco, where the American fireworks are used.

HEARING IN WAREHOUSE CASE

Hearing on the application of M. W. Turner, the West Duluth & Duluth Transfer company and the Stewart Transfer company for an injunction restraining the railroad and warehouse commission from enforcing the provisions of the state law which makes it obligatory for the van and warehouse companies to file a \$50,000 bond and pay \$100 for a license, will be heard tomorrow in district court. Attorney B. M. Goldberg will appear for the plaintiffs. Lyndon A. Smith, attorney general, will appear for the state.

GENTLE HORSE KICKS.

Mrs. Josephine Matlock complains "Meek" Equine Injured Her Son. Because one of the "nice and gentle" span of horses which Josephine Matlock agreed to purchase from Mike Willette on July 8, last, turned out a month later to be a vicious kicker, Mrs. Matlock declares she has been deceived. In district court today she brought suit to have the sale set aside. She also asks \$250 damages.

Mrs. Matlock alleges that the defendant made fraudulent representations as to the character of one of the horses. On Aug. 22, 1915, she stated, the animal kicked and injured her son, Edward Murphy.

WILL PAVE GRAND AVENUE NEXT YEAR

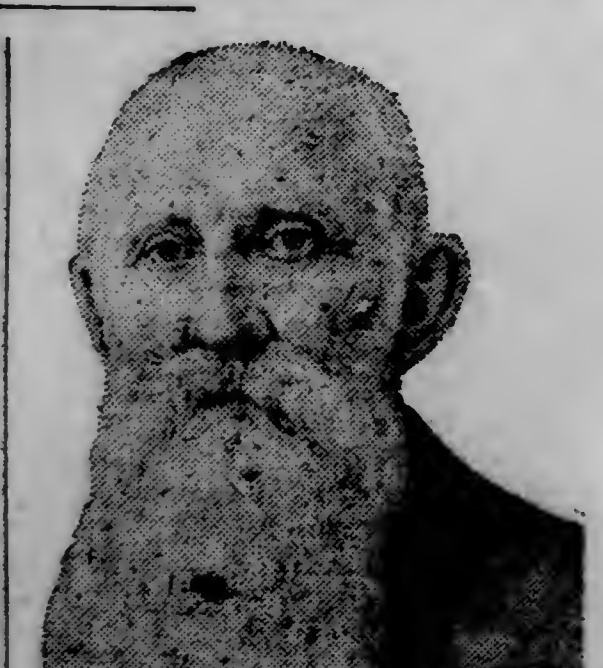

City Assessor Scott yesterday certified to the sufficiency of the Grand avenue paving petition and the improvement will be ordered at the council meeting next Monday.

Healthy Old Age Brings Happiness

Simple Remedy Promotes Health By Overcoming Tendency to Constipation.

Advancing years impair the action of the vital organs. Old age should be the period of greatest happiness, but good health is necessary. Constipation should not be tolerated—it is often the direct cause of ill health. Headache, belching, biliousness, bloating, drowsiness after eating and other symptoms of constipation can be readily relieved by the use of a simple laxative compound sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. Mr. J. H. Bristol, 1412 Geddes avenue, Ann Arbor, Mich., who is 83 years old, says "Dr. Caldwell's Syrup Pepsin is the best remedy I ever used for constipation and I always have a bottle of it in the house to use when I feel the need of it; it never disappoints."

Dr. Caldwell's Syrup Pepsin is a mild laxative preparation, positive in its effect, acting easily and naturally without gripping or other pain or discomfort. For over a quarter of a century it has been the standard household remedy in thousands of

MR. J. H. BRISTOL.

homes. Druggists everywhere sell it for fifty cents a bottle. A trial bottle of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington street, Monticello, Illinois.

EXPORTING IS CHECKED

Chicago Grain Trader, Visiting in Duluth, Takes Bearish View.

George Marcey of the Armour Grain company, Chicago, was a visitor on the Duluth board of trade today. Mr. Marcey is one of the commanding figures in the grain trade of the world.

While he did not care to express himself definitely regarding the future course of grain prices, the inference to be drawn from his conversation was that he is bearish regarding the general situation in the grain markets.

"There is no business doing in the way of exporting American wheat at present," he said, "and there cannot be as long as the big Canadian crop is being pushed out at below our prices."

As far as could be judged, Mr. Marcey thought that heavy exports from this country to Europe may be counted on during the present crop year. The high ocean freight rates have been a deterrent factor, but he noted that rates have been coming up during the last few days.

Mr. Marcey denied reports that had been current in some quarters that the Armour Grain company had been commissioned to buy grain for the allies in this country. "Neither the British nor French government has bought any grain up to the present on their own accounts. The business is being all done by the regular merchandising way," he said.

FAMILY REUNITED BY HERALD NEWS ITEM

A Herald news item has brought together members of a family who have been separated for more than twenty years.

Last evening an article was published about the search of Sven Lindholm of Vike, Norway, for a brother, sister and uncle, who were supposed to be living in Duluth. A request for assistance was received by Mayor Prince yesterday morning from the Swedish consulate in Minneapolis, to whom Lindholm had applied several times.

Upon seeing the article in the Herald last evening, Mrs. Joseph Rencourt, sister of Lindholm, cut it out and this morning appeared at the mayor's office.

Mrs. Rencourt promised to get into communication with her brother in Norway.

SWEDEN PROTESTS ACTS OF BRITISH

London, Oct. 15, 2 a. m.—The Swedish government has instructed its minister at London to protest against the violation of Swedish neutrality by British submarines in the Baltic, according to a Stockholm dispatch to Reuters agency.

It is alleged that British submarines have sunk two German steamers in Swedish waters.

ST. LOUIS COUNTY TIMBER SALE HELD

St. Paul, Minn., Oct. 15.—(Special to The Herald.)—The state senate chamber was filled with lumbermen today, the occasion being the annual sale of state timber. Over 55,000,000 feet of choice pine and mixed timber was offered. Most of it was sold at the appraised figure. Heavy purchasers were Swallow & Hopkins of St. Louis county, the Alger-Smith Lumber company and the Virginia & Rainy Lake Lumber company. Most of their purchases were in St. Louis, Lake and Chisholm counties.

While the majority of the tracts were sold at the appraised figure, there was some spirited bidding in a number of instances. The price of the state timber ran up to 80 per cent of the appraisal. One choice tract of 1,500,000 feet of pine went to Swallow & Hopkins at the appraised price of \$7 per 1,000. In only a few cases were there any efforts to divide a territory.

Occasionally rival lumbermen attempted to control a district and ran the first piece offered up to from 20 to 25 per cent of the appraised value, but after that the rest of the timber went to the successful bidder at the appraised price.

BAIL IS RAISED.

Judge Receives Further Evidence Against Two Alleged "Fences."

Municipal Judge F. H. Cutting today raised the bail to be required of Ernest Ansell, 32, and John E. Welch, 32, held for receiving stolen property, from \$250 to \$500.

New evidence secured by police, who say Ansell and Welch acted as a "fence" for Carl Lee and Mike Flannerty, two men held at Claret in connection with five burglaries, is said to have caused the judge's action.

Ansell, a local man, waived examination and was held for the grand jury, but Welch demanded an examination. This morning, when arraigned, he refused to commit himself until three boys had testified that Welch had given them coins, and identified pieces stolen from A. M. Challenor of Pine City on Sept. 24. Then he waived examination. He was bound over to the grand jury.

Claret officers yesterday brought Flannerty to Duluth, and confronted him with Welch. Flannerty at once denounced Welch, and accused him of burglarizing the Challenor place at Pine City, and three other places, and then coming back to Duluth.

**JAPANESE OFFICERS
ARE SENT TO STUDY**
(Correspondence of the Associated Press.)
Tokio, Sept. 8.—Lieut. Com. Denzo Mori, staff officer of the fourth battle squadron, has been ordered to Washington and Lieut. Com. Chusaku Shimomura, adjutant of the naval department and private secretary to the minister of marine, to England. The two officers are to study naval affairs in the United States and England respectively. They will be unofficially attached to the Japanese embassy. They are both able officers of the service.

**ILLINOIS ANTHRAX
VICTIM IS WEAKER**
Rainbow City, Ill., Oct. 15.—Dr. John C. Hepler of this city, who has nearly two weeks has been suffering from anthrax which developed from a mosquito bite, was growing weaker today, but still was conscious. Hope for his recovery has not been abandoned.

**Now Bid on the Rug
in the Window**

George A. Gray Co.

THE STORE FOR SERVICE
113-115-117-119 WEST SUPERIOR STREET, DULUTH, MINN.

See Yourself In Gray Garments In Gray Mirrors

You who seek correct style at moderate prices are sure of an unfailing source of gratification and satisfaction at Gray's. Gray's suits and coats stay good looking—they are tailored so well—so thoroughly inside and out that they retain their shape and good looks.

Smart Models for School and Business—Dressy Affairs for Formal Wear

This week's arrivals make tomorrow's assortments wonderfully rich in likable suits and coats. You will find a wide range of materials and models. See some of the new things shown in the window tomorrow. And then visit the second floor and try them on—for nothing really is so convincing as the sight of the garments themselves when worn before the mirror.

Tomorrow is a splendid time to come in for your new coat—the replenished assortments contain many garments to meet your particular needs, and among them all there is one which seems to be intended for your very own.

See the coats at \$16 to \$30.00.
See the suits at \$25.00 to \$35.00.

We have specialized on garments at the above prices and the results of this concentration are certainly advantageous to you who want extra style without extra price.

Here Are Handsome Hats for Women of Every Age and Taste

The becomingness of the particular hat we have for you is assured. Gray's milliners take such pride in their work as to be very very careful in helping you choose a hat which will reflect credit not only on the wearer but on the milliner who sold it.

And they are such close students of style—and so expert in its expression that Gray's hats have surely won a place in the minds of all.

Some of the hats are exceedingly simple—but this very simplicity requires art of high order to give them that indefinable style which they possess.

Dress-Up the Kiddies With New Shoes

And note their keen appreciation of smart footwear.

Fresh stocks of the better shoes for children are most complete here now. There are good looking dull leathers, sturdy enough for active youngsters. High top shoes that will give extra protection for out of doors and patent colt for the more dressy wear.

Priced at from \$2.25 to \$2.75, according to size. High top at \$3.00.

Burlington New-Fashioned Hose Will Not Stretch Out of Shape

They are narrowed at the ankle and toe as carefully as a hand-knit stocking, making a fashioned hose without a seam of any kind. They will not irritate the most sensitive feet.

Cotton and lisle, 25c and 35c.

All-Wool Stockings of Dependable Make

Women's sizes at 25c, 35c, 50c, 75c and \$1.00.

Children's sizes at 25c, 35c and 50c.

Read About Athena Wear On Page 56 in This Week's Saturday Evening Post!

Note the photographic illustrations which show Athena superiorities over ordinary underwear.

The reasons for Athena superiority seem practical—but let us put an Athena garment before you on our counters, then you will be convinced—and one trial of Athena wear will bring you the acme of underwear comfort along with daintiness.

Put on a suit of Athena in the proper size—it will fit you exactly. It has been tailored to fit your particular type of figure.

It is made full over the bust and around the hips with no surplus fabric at any point. It is not necessary to get a larger size than you need to prevent binding or stretching, nor is it necessary to get a small size to prevent wrinkling or uncomfortable fullness.

All Athena garments are made with greater fullness in front than in back. This not only allows room for the bust but prevents shoulder straps of low neck garments from slipping.

The arm holes are curved and sleeves are set in to hang in a natural position.

The patented seat has an extra plait so fitted on either side as to give necessary fullness without needless fabric, fold or wrinkling. A three-corner gusset is so placed that it prevents any strain at the thigh, thus insuring longer wear.

All weights — all shapes and all qualities in Athena at the prices you would pay for similar qualities in ordinary underwear.

A Friend Asked Why We Do Not Say More About Our Washable Kid Gloves

She finds them so satisfactory; yet many of her friends do not know of them.

The reason we did not advertise them more, was that the supply hardly kept up with the demand—but now we have generous stocks again.

They are genuine kid gloves. They wash easily and perfectly, eliminating the inconvenience of sending to the cleaner. They are ready now, in the neutral putty shades at \$1.00 and \$1.50 for street wear. In white for dress at \$1.50 and \$2.25. Try a pair and prove their worth.

Of Course You Have Admired the New Queen Quality Shoes

It is really wonderful how quickly Queen Quality shoes have caught on with the discriminating dressers hereabouts.

In these days of short skirts, women realize that smart footwear is absolutely necessary—and it is no wonder that Queen Quality shoes are so strongly favored.

You put your best foot foremost—whether it is the right or the left—whenever you wear a pair of these smart new "Queen Qualities."

Pay \$3.50 to \$5.00 for the popular styles in Queen Quality.

NEW BUDGET IN BRITAIN

Believed to Reach Pockets
of Those Best Able
to Pay.

Usual Outcry From Those
Likely to Be Hit
By Taxes.

(Correspondence of the Associated Press.)
London, Oct. 15.—The secret of the new budget are out and the general opinion is that it is fair and reaches the pockets of those best able to pay as well as those who have hitherto not been directly affected. In the latter category are to be found the small wage earners who will now pay their cent or two through the increased tax on tea, cocoa and tobacco while the artisan who is piling up an increased income by reason of overtime on war contracts and the small farmer will be brought into line with other business people regarding income tax.

There has already been the usual outcry from certain trades hit or likely to be hit by the new taxes and several deputations are likely to keep the chancellor of the exchequer busy with their complaints for a time. The abolition of half-penny postage caused considerable dismay in the picture post-card trade and newspapers and publishers are also up in arms at the prospect of double postage bills for daily and weekly papers as well as periodicals and magazines.

Hits Tea Trade.
In the tea trade it is expected that consumption will be on a rather smaller scale and already the quality in tea shops is said to be reduced. The sugar tax caused a great outcry from consumers in the suburbs and provinces, as retailers put up the price immediately the budget tax was announced and many and bitter were the remarks fired at unfortunate managers of various retail stores. One of the surprises is the tax on hats which will affect principally ladies' millinery imported from Paris, men's hats being made up almost wholly from materials imported. The tax on petrol is likely to decrease the earning capacity of taxicabs whose fares are regulated by the home office, and may cause a revision in fares of the various motor bus companies.

As far as the stock exchange is concerned gratitude was expressed that the increase was not greater, but it is at the same time recognized that investment business which is at a low ebb at present will probably decrease, especially in those commercial undertakings which were bought in anticipation of increased dividends but which will not be subject to special war tax on profits.

May Affect Exchanges.
The new method proposed by the chancellor of the exchequer for determining income tax from the interest paid by bankers on current and deposit accounts is a minor matter when compared with the larger interest involved in the budget, but, according to a banker writing in the financial papers, it creates difficulties. Broadly speaking current accounts do not carry interest in London while they do in many provincial districts; but even in London there are exceptions to this rule notably in the case of accounts of foreign banks on which interest is usually allowed, they, in their turn, reciprocating on amounts left with them.

The withdrawal of balances maintained in London might (and, as it is possible that they amount to many millions) probably would adversely affect the exchanges. It will therefore be a matter for serious regret if the new regulations should detrimentally affect the conditions under which the balances in question are held in this country. Such a result would be another blow at the supremacy of London in finance.

The same banker sees in the new tax or the collection thereof a serious increase in work for both inland revenue authorities and the already depleted staff of the banks.

TURKO IS GIVEN LEGION OF HONOR

Carried Steel Safe on His
Back Through German
Lines.

(Correspondence of the Associated Press.)
Paris, Oct. 15.—The first and only trooper of the Turcos, or French black troops from Senegal and Algeria, to receive the Legion of Honor from the French government, is a thick-set, coal-black, middle-aged infantryman who went through one of the queer experiences of the war. While operations were active at the front a short time ago, it was determined to fall back from a given point, and this Turko was given the small steel safe containing 50,000 francs in government funds, to carry back to the new position. He was given a donkey and started off with the safe and treasure. Suddenly, however, all the plans of removal were interrupted by a German raid, which swept the Turcos and all other troops, with their horses and supplies, into the utmost confusion. Many were killed and the whole force was scattered. It was taken for granted that the Turko with the safe and treasure was certainly lost, as even those not burdened with heavy loads had been swept away in the impetuous raid.

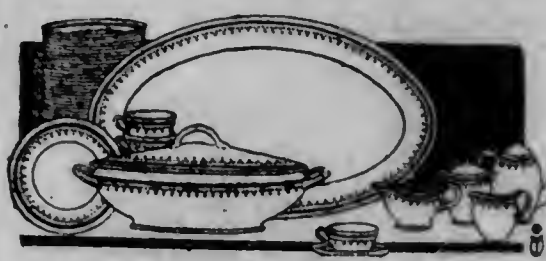

Some days later the French outposts were astonished to have the Turko, with the safe on his back, trudge into camp. His donkey had been killed, and for three days he had been inside the German lines carrying a steel safe on his back. He never let go of the safe. When the Turko lines were swept into confusion by the machine gun fire, he first lost his donkey, and then with his safe crept under some bushes. The German lines rushed past his hiding place, and he was left behind the German lines. He kept concealed during the day, and at night, with the safe on his back, picked his way forward through the German rear guard to some new hiding place. This was kept up until at last the German lines were broken and the safe was carried back to the French camp and laid down the safe and treasure before the astonished French colonel.

They gave him the Legion of Honor, and the whole regiment was drawn up as he received it from the representative of the government, who gave him the accolade or kiss of honor on his coal-black face.

**BARNES DENIED NEW
LIBEL CASE TRIAL**
Syracuse, N. Y., Oct. 15.—Counsel for William Barnes has denied in the Onondaga county clerk's office an order signed by Justice S. Andrews, denying their motion for a new trial in the libel action brought against Col. Theodore Roosevelt. It was stated that an appeal would be prosecuted. The judgment in favor of Col. Roosevelt has not yet been filed.

Phone your want ad early for The Saturday Herald. Both phones 24.

75c

We believe the purchaser has become tired of being everlastingly told that the garment or article she buys is worth much more than the price she is asked to pay for it.

You have become skeptical of such oft-repeated statements as, "25 value for \$19.75," "\$1.25 article at 98c," etc. You don't believe it. And we don't blame you. The use of comparative values has been so overdone, in the present day competition for business that the "worth-so-much" price has become purely an imaginative one, either on the part of the merchant, department manager or "ad" man. We do not say that a higher value than the worth of an article is always intentionally placed upon it; such statements may be due to one's over-enthusiasm about his goods. Nevertheless, this practice leads unknowingly to exaggerated, even dishonest statements, no matter how careful one may be.

You have no doubt long decided that these so-called "actual value" prices bear no relationship to the worth of the garment or article to you. In the final analysis it is the customer that really determines the value of an article.

In this sale we shall depart from the traditional method of quoting goods "worth so much, special price, —," and ask you to judge the values offered. No imaginary values have been placed on any of the articles advertised. But at the same time great care has been taken to see that they are worth all you pay for them, no matter what you pay, nor how you make comparisons.

We inaugurate this fairer way of serving you, with a
prosperity sale which begins tomorrow at 9 o'clock

"prosperity" values in men's and boys' furnishings

boys' wool sweaters
\$1.48

Pure wool sweater coats in maroon, navy and cardinal; unusually good at **\$1.48**.

Society = Women's Clubs = Music = Drama

Stclair Lewis whose novel, "The Trail of the Hawk," has merited not only favorable but enthusiastic comment from the critics, is the son of Mrs. E. J. Lewis of Sauk Centre, custodian of the Minnesota Federation of Women's clubs and chairman of the Maria Sanford scholarship fund of that organization. Mrs. Lewis attended the convention of the Federation that was held here last month. She is known to the members as a quiet, but nevertheless, efficient worker.

Mrs. F. L. Harrows has received an autograph copy of "The Trail of the Hawk."

In addition to the novel Mr. Lewis has written two Saturday Evening Post stories for each of which he received \$500. "Nature Incorporated," written when he was on a vacation at Buzzards Bay, appeared in the Post last week. The other story will appear later.

Mr. Lewis, who is 30 years old, is a graduate of Yale.

Twentieth Century Club Will Help Open Air School

The executive board of the Twentieth Century club voted at its meeting yesterday to assist in furnishing outfits for the pupils of the open-air school that will be started soon on the grounds of the Irving school. The board decided also to give the club members a public library for the use of other clubs.

Members of the club may get their membership cards and year books from Miss M. Thorn at the library.

Every member of the club is eligible to all departments, either as a regular or as an occasional attendant. Members will be received upon application to those who belong to the membership committee.

Miss Dunne Treasures Note

From President Wilson

Springfield, Ill., Oct. 15.—Although Miss Allen Mary Dunne, daughter of Governor Edward Dunne of Illinois, in anticipation of her marriage Oct. 20 to William Carboy, a young attorney of Chicago, she is cherishing most a simple note from another prospective visitor to the marriage altar—President Woodrow Wilson.

In his note the president said: "My dear Miss Dunne: May I not wish for you in your approaching marriage the greatest happiness and contentment and may I not convey through you my warmest congratulations to Mr. Carboy? My friends will have the pleasure of being present on the 20th to convey my felicitations in person."

"Cordially and sincerely yours," "WOODROW WILSON."

Miss Emma Shering Gives Talk on Folk Lore

Folk lore, which was taken up at several meetings of the afternoon class of the Bishop's club, was introduced by Miss Emma Shering at a meeting which was held this afternoon at the home of Mrs. R. M. Sellwood, 121 East Second street. After a talk on folk lore in general Miss Shering told two Japanese tales, "The Tale of the Cat" by Nixon and "The Tale of the Cat" by Nixon and "The Tale of the Cat" by Nixon.

The usual reading was explained by Mr. Rev. James McGillicuddy. Miss Mary Shering read "Rabbit and the Musical part of the program included piano numbers by Miss Ethel Gorman, "Valse" by Polka, and "Marche Mignonne" by Polka, and vocal selections by Miss Loretta Gorman.

Louisville Hears Grand Opera

Louisville, Ky., Oct. 15.—Grand opera last night made its first appearance in Louisville in many years. The combined Boston Grand Opera company and the Pavlov Ballet presented a three-day season with "The Dumb Girl of Portici."

"The Love of Three Kings," "Carmen," and "Madame Butterfly" also will be given.

Relief Corps Plans for Annual Inspection

At the meeting of J. B. Culver corps, No. 63, W. R. C., which was held yesterday afternoon in Memorial hall, a short memorial service was held for Mrs. F. H. Meyers and committees were appointed to attend to the details of the annual inspection which will be held Nov. 11. Mrs. D. Burnett was hostess for the social hour.

The next Thimble Bee will be held Thursday afternoon. Mrs. Hoye will be the hostess at the home of Mrs. John Murray, 420 Woodland avenue.

Personal Mention.

Miss Allison Clifford of 1917 East First street has as her guest Mrs. Oscar Spence of Winnipeg, who arrived today.

Mrs. Fred Hoend of 4002 Minnesota avenue returned Wednesday evening from a week's visit in Minneapolis.

Mrs. J. B. Erd and daughter, Miss Sena Erd, of the Granville apartments will leave tomorrow for a week's visit in St. Paul.

Mr. and Mrs. Ernest A. Hertz arrived today from Chicago for a visit with Mrs. Hertz's parents, Mr. and Mrs. Louis S. Loch of 1123 East Superior street. They will leave Sunday for Minneapolis, where they will make their home at the Leanington hotel.

A. C. Anderson of St. Paul was a guest Sunday and Monday at the home of Mr. and Mrs. John Monahan, 321 West Fourth street.

Mr. and Mrs. Frank Clore of 1922 West Fourth street have as their guests Mr. Clore's cousins, Miss Sophie Wojciechowski and Frank Wojciechowski of Ironwood, Mich.

Mr. and Mrs. Harry Lansing, who were married Sunday at Fort William, Ont., arrived Monday for a visit with Mr. and Mrs. J. Weiner of 304 East Fifth street. They were the guests of honor at a reception given Tuesday evening by Mr. and Mrs. Weiner. Mr. and Mrs. Lansing left Wednesday for Chicago, where they will make their home.

Granville Barker Delights Audience With Talk on "Ideas in the Theater"

Distinguished English Producer Heard in Remarkably Interesting Lecture—His Views on the Little Theater.

"Acting is not pretending; it is interpreting by the medium of your own personality," said Granville Barker in his lecture, "Ideas in the Theater," which he gave at the Little Theater last evening under the auspices of the drama league.

Gifted with an easy flow of language, a rare sense of humor and a thorough knowledge of his subject, Mr. Barker held his audience for nearly two hours with one of the most interesting lectures heard in Duluth in recent years.

"When I was rehearsing for a play in London an old lady, who called upon my mother, asked where I was," he continued. "My mother told her I was very busy rehearsing and she was not at home much of the time. 'Oh, then try it over before, do they?' she said."

"That is the ideal state of mind in which to attend a play. For many years acting was just as much an expression of the ordinary as it is now. Persons talking around a dinner table, pretending to be this person or that person is a favorite with children. The Greek drama had its beginning in the people's singing at the graves of a hero. The affair was a festival in which the people took part. Later they acted the life of the hero, still later there was the chorus that acted as the go-between of the actors and spectators. The Greeks never introduced a story, they acted out real happenings."

Natural Expression.

"The theater is a community's natural way of expression. You cannot tell me it does not matter whether a community takes its drama good or takes it bad. No one can say that the theater is not important in the social life. Most of those who go to plays are between the ages of 15 and 25. They are the people who are the backbone of the nation and the theater and learn their manners and their morals at it."

The first plays in England were the miracle plays which were directed and acted by the people. Mr. Barker said. This was followed by the Elizabethan drama which was followed by the golden age of English art, the time of Charles I. The first play in modern times, Charles I. introduced the foreign idea of the stage was not for the amusement of the people but for the entertainment of the court. It took England twenty years of this foreign form, and even now the theater is not for the people but for the wealthy, in the opinion of the speaker.

Not Ready for Revival.

"When the next revival comes early in the nineteenth century the theater was toward the people. It is continued. 'Dickens, Thackeray, Swinburne, Meredith, Tennyson and Browning' were the great writers of the time. When Meredith was asked why he did not write for the theater, his reply was the one word, 'Quality.' Mr. Barker contrasted with the lack of the revival of England for the revival of the condition of Germany toward the close of the eighteenth century and a remarkable translation of Shakespeare was ready for the imagination is the royal road to learning."

Violence That Counts.

"Little minds are fond of measuring things and speaking of technique," he said. "In art it is the vision that counts. Turner's reply to a woman who told him when she looked at a sunset she never saw the colors as painted was, 'No, madam, but don't you wish you could?'"

"Artists never talk about art, they do. You don't talk about life and food; you live and eat. When a cook makes a tart and adds the extra little bit of parsley, that little extra flourish is art. It makes the difference between happiness and misery in daily life. No art is more capable of expressing itself than staging. A play should be given the staging it demands."

"What is the real thing in drama? I don't know. But do keep a bright eye on the real thing when it comes. And for heaven's sake don't be snobbish about it. Train yourself to be sensitive and you will recognize it when it comes. The new movement should start as local. Isen made the local affairs of Norway apply to things in general. Don't be serious about looking for the new movement. Don't join clubs and talk about it."

Toward the close of Mr. Barker's talk he showed the influence of America by saying, "If you cannot laugh at Charlie Chaplin, you cannot be moved by King Lear."

The speaker was introduced by A. T. Bangs, treasurer of the Drama League.

Mr. Barker arrived in Duluth yesterday afternoon and left today for Fargo, N. D.

Views on Little Theater.

When he was asked how the little theater might be improved, how lighted, how the possibilities for scenic productions, he insisted the theater was all right as it was. "There is infinitely more to be gained by this thing yourselves," he said, "than from the advice of all the experts of the world."

"It is the things actually done which count, not the things that are said. Your experiment here, the fact that you have a playhouse of your own and actually give performances is worth more than acres and acres of talk."

"This theater is all right," he said, looking around. "I would undertake to stage 'Henry V' or 'Julius Caesar' here without the slightest hesitation."

"But how could you represent the two armies at the battle of Philippi on

a stage sixteen feet wide?" he was asked.

"Day. One man with a banner and another with a drum are sufficient for an army. That's all Shakespeare ever used."

Municipal Theater.

A municipal theater is the ideal of this playwright and producer, who was responsible to a great extent for the success of Shaw and who has planned some remarkable presentations of Shakespeare.

"The producing of plays nowadays may well be compared to the production of books. Supporting a publisher knew that he must sell 15,000 or 20,000 copies of a book the first six weeks after it was put on the market. He'd be pretty anxious to make sure that book was entertaining whatever else it might be. That is the way with play producers. They cannot risk failure on experiments, yet it is only through experiments that real progress can come."

"What is fine must necessarily be excluded. It is all very well to say that the public must decide. The fact remains the soul must be pleased. The public would scorn things when they would later support when they had come to their work. For this reason subsidy is absolutely necessary if you are to have a theater."

Mr. Barker said in his lecture to have the plays of Shakespeare and no other theater in which to keep every having a lot in the business part of the drama is produced mainly indoors in buildings which must be licensed and is essentially a subject of the municipality's concern. It is one of the most potent social forces in our life today."

D. W. C. A. Notes.

Mrs. Henry F. Green has returned from New York and will open the class in jewelry this evening at 7 o'clock. Mrs. Green taught jewelry and basketry in the association last year and her work was so popular that demands have come for the same classes this fall. Registrations should be made at once for entrance into either class.

Every busy business girl is urged to relax for at least one hour a week in the gymnasium.

The gymnasium schedule follows:

Matrons' class, Tuesday and Friday, at 7 p. m.

High school girls, Thursday, 4 p. m.

Advanced business girls, Monday and Thursday, at 6:45 p. m.

Beginners' class, Tuesday and Friday, at 6:45 p. m.

Advanced class, Monday, at 7:45 p. m.

Beginners' class, Wednesday, at 7 p. m.

Juniors, Saturday, at 10 a. m.

The first aid to the injured class, taught by Dr. Prudden, will meet on Monday evening at 8 o'clock. Registrations may still be made for the class which is largely attended and at the completion of which diplomas will be given members by the National Red Cross society signed by President Wilson.

There will be roller skating for members of the Red Cross society on Saturday evening from 7 to 9 in the gymnasium.

Quilting Party for Bride.

Mrs. Val J. Mullery and Mrs. E. J. Maney entertained at a quilting party this afternoon at the home of Mrs. Mullery, 1822 East Second street, for Miss Alice Lang whose wedding to Henry Robert Clouseau of Sapulpa, Okla., will be Miss Lang's maid of honor.

AMUSEMENTS

TONIGHT'S ATTRACTIONS.

LYCEUM—"Twin Beds." ORPHEUM-STRAND-Photoplay, "The Circular Staircase." GRAND-Vaudeville and motion pictures.

"TWIN BEDS" IS LAUGH FESTIVAL

Big Audience at Lyceum

Enjoys Margaret Mayo Farce.

Young wives who are inclined to follow the fads, and who may be contemplating the establishing of twin beds in the marital apartment, can receive some valuable tips by attending the play, now being produced at the Lyceum, entitled in honor of, or as it turns out, in disparagement of the fad, "Twin Beds."

"Twin Beds," says Signora Monti (Margaret Mayo), is a comedy, and it takes; they make a man feel too independent."

Madame Lord, by the way, plays a part that is cynical and frank. It is the part of a wife made "wise" by living with a temperamental humor, whose chief failing is falling in love with the opportunity offers. She has all of the symptoms spotted and can tell the stage of the passion to the minute. She has the last line in the play, which follows a crashing sound in the flat "upstairs," and announces that she is "smashing those damned twin beds."

Peggy Peabody's Observations

Many Women Too Careless.

It may be that the various tales relating to the loss of valuables by friends and acquaintances of mine are mere coincidences. But as they come to my ears they are rather startling. Either women are becoming less careful as they travel about or our public conveyances are infested with sneak thieves, who make quick work of stealing a bag and covering the act.

On the whole, I am inclined to believe that the busy woman with mind overburdened with duties to be performed and a multitude of things to be remembered isn't as careful as she might be or as active mentally where her belongings are concerned, judging from the peculiar and regrettable loss of her property. Thieves may be plentiful, but if women will walk about

MISS JULIETTE DAY, Who Has Leading Role in "Twin Beds."

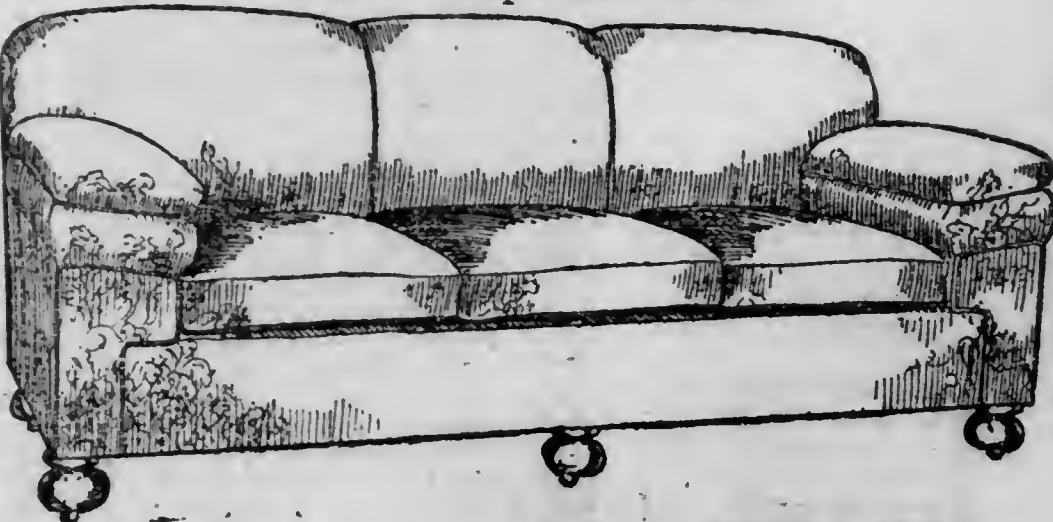

at which last night's audience, a large one, seemed to feel that it was a fitting climax and laughed immoderately.

Of course, for farce comedy purposes, complications are necessary. "Twin Beds" there are plenty of them. The story develops into one of the funniest that has been seen on the local stage for years. It concerns three young women living in one of the best flat buildings, two of the wives and one of the husbands being jealous. The wife of the latter, played by Juliette Day, a winsome, impulsive little thing, has an uncontrollable penchant for getting acquainted and succeeds in turning her flat into a regular tango parlor. She thinks of her husband and doesn't want him, he says, to be "the wife of the whole neighborhood." To make matters worse, the temperamental tenor, mistaking the little woman's general loquaciousness and desire to keep every body happy, believes that she is fascinated with him, and immediately one of his affinity needs he is in the local stage for years. It concerns three young women living in one of the best flat buildings, two of the wives and one of the husbands being jealous. LANSING TO RESUME GERMAN NEGOTIATIONS

Lusitania, Cushing, Gulf-light and Nebraskan to Be Considered.

Washington, Oct. 15.—Negotiations looking to settlement of the cases of the Lusitania, Cushing, Gulf-light and Nebraskan will be resumed next week by Secretary Lansing and Count von Bernstorff, German ambassador.

The United States made it clear after the Arabic was torpedoed without warning that there would be no further discussion of the Lusitania and

other cases until that incident was cleared up and reparations promised. Now that Germany has acceded to all these demands as a result of personal negotiations between Secretary Lansing and the German ambassador, the same process of negotiation is to be continued in the hope of similarly advancing the status of the remaining cases toward settlement.

Danish Convention Near End.
St. Paul, Minn., Oct. 15.—With the election of officers either late today or at a special business session tomorrow afternoon, the quinquennial convention of the Danish Brotherhood of America, attended by delegates from twenty-seven states will come to a close. Several cities, including Milwaukee, are bidding for the next convention. The convention voted to assist a special fund for the care of aged members and tubercular patients.

Perfect Tea

must be used for perfectly satisfactory infusion.

"SALADA"

Tea is the acme of perfection, being all pure, delicious tea. Black, Mixed or Green.

COUNCIL WILL HOLD HEARING

Proposed Electrical Ordinance Will Be Probed Before Action.

Third Reading, Slated for Next Monday, Will Go Over a Week.

A public hearing on the proposed electrical ordinance will be held prior to the regular council meeting on Monday afternoon, Oct. 25.

Mayor Prince made this announcement yesterday afternoon. He said that he will postpone final action on the measure when it comes up for third reading at the council meeting next Monday. Said the mayor:

"We will put it over for the following week, so that official objections may be made before the council. The hearing will take place about 2 o'clock and immediately after I will put the ordinance to a vote."

Indications are that the commissioners will vote against the electrical code in its present form. Objections to the measure have been made by several large commercial and trade organizations since it was introduced two weeks ago, while prominent citizens have written personal letters protesting against its passage.

The ordinance was introduced two weeks ago by Mayor Prince at the request of the electrical workers of the city.

LONDON UNRUFFLED BY ZEPPELIN RAIDS

Returned Traveler Says France Takes War More Seriously Than England.

Life in London is about normal these days, but in Paris things are far different, according to H. H. Gilbert of Chicago, who is visiting in Duluth. Mr. Gilbert recently returned from a trip to France and England. Said he:

"France seems to be taking the war more seriously than England. An air of grim determination prevails. Two of three theaters are open a part of the time, but of the gay night life, none is left in London. In fact, a large number of soldiers on the streets and a number of wounded, but aside from that life goes on as usual."

London regards the Zeppelin raids as "little more than American do a fireworks celebration staged for their amusement. I was in a theater in London when the so-called raid was made on Sept. 8. The first information we had of the attack was when several muffled explosions followed one another in rapid succession, followed by cheers. The sounds came from the guns being fired at the Zeppelin, and the cheers followed the explosion of shells near the attacking craft. The people in the theater became a little uneasy, not from fright, I should say, but from the fact there was excitement outside which they were missing. When the performance was over, we all went into the street and there, poised high over London, perfectly visible in the rays from the powerful searchlights, was a huge Zeppelin."

Stevens Point Man Heads Association

Chicago, Oct. 15.—P. J. Jacobs of Stevens Point, Wis., was elected president of the National Association of Retail Hardware Dealers here yesterday. H. O. Lindberg of Minneapolis was chosen secretary and treasurer. The convention endorsed the Stevens bill for the standardization of the prices of trade-marked articles.

EX-STRIKERS HIRED IN COLORADO MINES

Denver, Colo., Oct. 15.—Members of the United Mine Workers of America, and former strikers, are being hired by the Colorado coal mines in connection with the Colorado coal strike. The reports received at the district offices of the miners' union here, of reports of a similar character have been received from Huerfano and Animas counties, or from the Northern Colorado field.

During his recent visit to Colorado John D. Rockefeller, Jr., declared that no discrimination would be shown against members of the union in filling future vacancies.

John McLennan, president of district No. 16, announced that a conference between union officials and leaders of the state industrial commission has been arranged. The conference will seek the aid of the commission in inducing industrial companies to take similar action with respect to re-employing former strikers.

OVER 200 KILLED BY SALVADORE QUAKES

New Orleans, La., Oct. 15.—More than 200 persons in Salvador lost their lives during the last seven weeks as a result of frequent earthquakes, according to mail advices from Guatemala City. Property damage was reported heavy. A report from Santa Anna under date of Sept. 22 declared shocks had been felt at that place every second day for more than a month.

McNAB OF WINNIPEG KILLED IN THE WAR

Chicago, Oct. 15.—News of the death of Lieut. James McNab of the Eighth Northumberland Fusiliers of the British army, formerly of Winnipeg, reached Chicago yesterday. Dispatches received by E. C. Stevens of the National Christian association related that McNab was killed in the fighting in the Dardanelles.

Stevens, who was a friend and roommate of McNab when the latter was in Chicago, said the Canadian was a member of a well known family in Winnipeg, a figure in society and business affairs. McNab was 25 years old. Details of the manner in which he met his death were lacking.

Iron Cross for Helfferich.
Berlin, Oct. 15, wireless to Tuckerton.—Emperor William has conferred the Iron Cross of the first class upon Dr. Karl Helfferich, secretary of the imperial treasury, the Overseas News agency announces.

NATURE'S FIT

This measurement "over your clothes" insures a made-to-measure fit

Know this sign as a symbol of comfort.

The comfortably snug fit which you sense when you slip into your first

Richmond
CLOSED CROTCH
UNION SUITS
PATENTED OCTOBER 6, 1912

may surprise you, but it isn't due to chance. "Nature's Fit" is planned, cut, and sewed into each RICHMOND garment. There are two reasons why RICHMONDS fit you with scientific certainty:

Because they are sized at the mill in strict conformity to the RICHMOND measurement scale (originated by us and determined by actually measuring thousands of men).

Because RICHMOND dealers are union suit specialists; in their stores you are fitted by experts. The body measurement on which he bases your size, takes into consideration your height, breadth and weight. It reduces these to a single unit.

RICHMOND Union Suits are sold by most men's wear stores. Be particular—insist on having RICHMONDS. They'll give you a bigger idea of comfort.

Write if your dealer can't supply you.

DULUTH, MINN.

COMMANDER OF ZEPPELINS TELLS OF RAIDS ON LONDON

Lieut. Peterson Declares England Has Concealed the Effects.

He Calls Artillery Best Defense—Too Busy for Sensations.

(Correspondence of the Associated Press.)

Berlin, Sept. 25.—Lieut. Peterson, German navy, one of the few German officers who have repeatedly visited London since the outbreak of the war, is visiting Berlin, where a correspondent of the Associated Press had an opportunity to have a conversation with him upon his impressions of the British metropolis.

Lieut. Peterson, a young, beardless, smiling Westphalian, is neither secret service officer nor returned prisoner of war, but one of the senior officers in the German army's aerial fleet, and his visits have been made in command of one of the naval Zeppelins which have kept London in semi-darkness and apprehension since the opening of the aerial raid campaign.

He reduces the reassuring reports given out by the English as to the effects of the bomb-dropping campaign.

Contradicts Balfour.
"Mr. Balfour says that the destructive effect of the air raids has been small, almost insignificant from a military point of view, and that we are unable to see what we accomplished," remarked the Zeppelin commander. "We see and know better. When we see a big factory under us collapse after an explosive bomb has been dropped upon it, or when we drop a fire bomb upon the London docks or adjoining storerooms and see these burst into bright flames, we know that we are accomplishing something."

"We cruise normally at great heights but with good glasses we can see things very plainly. In a great city like London, particularly for one who has not visited it in peace times, it is like looking at a map. One has hit this or that particular building, dock or storehouse, but we can identify very well the general locality, particularly of such regions as the dock district along the river, or the city banking district of London."

As to Defensive Measures.
Retorted to the subject of attacks against London, Lieut. Peterson was questioned about the value and effect of the defensive measures against the dirigibles—anti-balloon guns, rifle fire,

don, and find our way easily to the spot selected for our attacks.

Saw Warship Destroyed.
"On one of our visits—and this is a fact—there has been an admitted by the British admiralty—we witnessed the destruction of a warship on the Thames, one on which a fair and square hit was scored. On another occasion I dropped a bomb squarely on a fort. I couldn't tell precisely the effect caused, but from the fact that the guns of the fort, which had previously been conducting a vigorous bombardment of the Zeppelin, suddenly ceased to fire, and from the fact that the guns of the fort, which had been playing upon us went out after a flash of flame and a heavy explosion, I concluded that the damage had been heavy; perhaps a magazine exploded."

Lieut. Peterson, although still a comparatively young man, is one of the older officers in the German naval airship service, having been attached to the Zeppelin corps for two years, or almost from the beginning of the Zeppelin's adoption of the big dirigibles. Before that he had had the usual course of sea duty, and expects in time to return to it.

Wears Iron Crosses.
He wears the Iron Crosses of the second and first class, in addition to a number of other decorations. He is a knight of the Iron Cross, a title which he and other naval experts attach much more importance than to raiding.

Naval scouting, reconnaissance work and co-operation in the offensive and defensive operations of the fleet command the principal duties of the dirigible and aeroplanes squadrons of the navy, and how well these duties have been performed probably can be told only after the war.

"Our trips to England are only an incident in our regular work," he said. "When the admiralty in charge has no particular task for us and conditions are favorable, orders are given for a voyage to England."

Wireless for Permission.
"It has even happened that the commander of an individual Zeppelin, having performed the task which took him to the vicinity of the English coast, sent a message by wireless to the home station, asking permission to make a raid before returning—a highly successful one it was, too. But chiefly we are engaged in scouting for submarines, and in attacking and destroying the principal bases of the enemy. On one occasion I sighted a group of submarines running on the surface, but was unable to attack them quickly enough to carry out a successful attack."

Attacks on warships at sea, said Lieut. Peterson, are difficult and dangerous except in close weather, since most of the warships are now equipped with anti-balloon guns. Only when the low-hanging clouds permit the dirigibles to swoop down upon the warship surface, but was unable to attack them quickly enough to carry out a successful attack.

As to Defensive Measures.
Retorted to the subject of attacks against London, Lieut. Peterson was questioned about the value and effect of the defensive measures against the dirigibles—anti-balloon guns, rifle fire,

searchlights and hostile aeroplanes. Of these he attached importance only to artillery fire supported by searchlights, and even in this line he said the British had been able to do little against the raids.

"The searchlights, of course, pick us up 'now and then,' he said, 'but it is very difficult to hold a Zeppelin long in view, owing to clouds and the changes in direction, speed and altitude, which we can make quickly; and it is still more difficult for guns to get our range in the darkness under these circumstances.'"

No Aeroplane Attacks.
As to the attacks by aeroplanes, mentioned a number of times in press dispatches, the commander relegated these to the realm of fables. He had not known of an attack of this kind in any of the raids upon England, nor had he ever seen a hostile aeroplane in any of his various excursions thither. He explained that aeroplanes can with difficulty navigate in the darkness, and have very little chance of finding or catching one of the high-speed Zeppelins, which they carry to drive away these wasps of the air.

Navigation for the Zeppelins, too, is by no means as yet an exact science. The trips must be timed so as to cross the English coast in the darkness, make the attack and get away again before dawn.

Not so Easy to Find England.
"It is not so easy to find England," he said. "We cannot navigate so exactly at sea as over land, owing to the uncertainty of the air currents, absence of land marks, etc., so that it is usually an open question at just what point of the British coast we shall bring up. Once there, however, the confirmation of the coast, the outlines of some coast city, or some familiar light give us our bearings, and we can then steer a straight course for our objective."

No Money Orders TO BULGARIA NOW
Washington, Oct. 15.—Suspension of postal money order service between the United States and Bulgaria has been ordered by the postoffice department upon receipt of notice from the Italian postal administration that it no longer would forward remittances intended for payment in Bulgaria.

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their views on the topics of general interest, but discussion of sectarian religious differences is barred. Letters must not exceed 200 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer through which they may be published. A signed letter is always more effective, however.)

NEW PREPAREDNESS PROGRAM
A MODEST EXPENDITURE

To the Editor of The Herald:
The United States is expected to adopt—and probably will—a preparedness program calculated to meet present needs.
The expense, of \$400,000,000 a year, is modest enough as such things go. If we were to be really prepared we must spend a billion a year and take three years of every young man's life.
It is not a cent too much if it is necessary. Twice as much, ten times as much, all that we have, would be given to it without hesitancy. But it is too much to spend lightly.
If we pay our share—and we probably do—it is equivalent to an assessment of \$550,000 on Duluth. The Duluth fire department has an allowance of \$150,000 a year; the police an allowance of \$100,000. We will be asked to contribute to national armament as much as to fire and police and \$550,000 on top of that.
And when all is said and done it is not preparedness—it is an approach to the criminal unpreparedness of England.
It is very little to pay to save the nation from disaster. It is a lot to pay to protect the country from an imaginary danger against which we have better means of defense.
Like paying \$100,000 a year for fire insurance when you could make the premises fireproof for a quarter as much.
THE INNOCENT BYSTANDER.
Duluth, Oct. 13.

CRIPPLES OF WAR
AND OF INDUSTRY

To the Editor of The Herald:
According to recent reports, the European war has produced up to the present time in the neighborhood of two million cripples, and the world stands against such a figure. Two million men who but a short time ago stood before the world as the epitome of health and vigor, are today a lifeless wreck. To many people this is a shocking and most shocking, but it need not be so. Let us turn our eyes away from that dreadful scene across the waters and look about us. Are not the industries of the United States (and that includes Minnesota too) producing as much of the same kind of people? Have we not seen enough of them to discourage doubt?
The nations of Europe are casting a look of consternation at this unavoidable scene, and are now preparing to meet the situation and settle it not only temporarily but for all times. They are designing and constructing schools and shops where these people can be taught quickly and efficiently, the usual clerical or professional lines. As soon as their training is complete they are given positions that no able bodied men can take away from them. Those positions are also their penonies, which go on in case old age interferes with duty. Thus the situation is solved.
Our country is looked upon by all Europe (to say nothing of the heathen countries) as a mecca of wealth and plenty; a country of a great future. This got so on our nerves that we have been doing what we are doing with the people that our industries have pushed upon us. Nothing but the most complete liability act passed by the legislature three years ago tried to redress payment in bulk or installments of a few years duration. But money and experience do not mix well, and the unfortunate is left only too soon with his insouciance and no money. He is now no better off than his predecessors who received no compensation. Thus our situation is not solved and is far from being solved.
We honor and provide the heroes of war and give them tender care, and

HEALTH
TALKS
BY WILLIAM BRADY, M.D.

A Member Rises to Testify

DEAR DOCTOR, writes a traveling salesman, I picked up the paper one day about three months ago and noticed your spiel for the first time—I generally just scan. One thing you said struck me right where I live, and I want to tell you my experience. A year ago I had a bad time of it with insomnia. Got all worked up over my work and hard times and all, so I couldn't sleep. Lost considerable weight and became very nervous. Fell down on my knees and in fact was going to the bad.
Then, smart aleck, you know, I went over the head of the local doctor, thought I'd be foxy and go right to the expert. I consulted a well-known nerve specialist. He gave me some special test or other, and soaked me twenty-five bones. It was negative. Then he said I had neurasthenia. Ordered me to go to a sanatorium. I beat it for home, because I had no money for sanatorium treatment.
I fussed around from one thing to another, including a fling at osteopathy, and a bit of Christian Science. Now and then I kept getting worse if anything. I was a sorry specimen. Then I picked up the paper one day and I lapped your little boost for the family doctor. I went right down to Doc M.

He gave me a crackerjack examination. He certainly did the went through me from top to bottom. Guess what he told me! Lead poisoning! Yes, sir, chronic lead poisoning—blue line on the gums, neuritis in both arms, anemia and what-you-call it—striped blood corpuscles, or something of the kind. He put me on salts and some other medicine, and in a month I was feeling right in form.
Now, how did I get it? Doc M.

Dr. Brady will answer all questions pertaining to health. If your question is of general interest it will be answered in this column. If it is of a personal nature, address all letters to William Brady, care of The Herald. All questions will be answered, whether they come from people residing in Duluth or outside, provided they comply with the rules here stated.

It is well that we do this. We disregard the heroes of industry and adore them with sympathy. Now which is more valuable to us, war or industry?

Duluth, Oct. 13.

CREDIT DUE TO NORTH.

To the Editor of The Herald:
At the last session of the legislature a bill providing for special schools was passed. Recent issues of the Duluth papers give J. C. Howard of that city credit for having drafted that bill. Speaking as one who followed the history of the aforesaid bill from the time of its origin, I can authentically say that credit has been misplaced.
The parents of five deaf children working faithfully upon the proposition for two years, never becoming discouraged by opposing forces who misunderstood their plans.
Some of the opposing articles appeared in the Duluth papers.
Hon. W. J. North, representative from Duluth, exerted his best efforts in winning what has been classed as one of the best bills passed by the 1915 legislature, and deserves the main credit.
Many an older representative would gladly have been credited with this bill. The Duluth representation should, therefore, feel complimented that one of its representatives is justly entitled to the credit and should place the honor where it belongs.
MABLE A. RUSCH.
Directress, School for Deaf, St. Paul, Minn., September, 1913-15.
St. Paul, Minn., Oct. 13.

WOMEN HERE AND ABROAD.

To the Editor of The Herald:
Reading the Open Court in your paper of Oct. 12, I see that "One Who Has Been There, Too," criticizes Prof. Van Cleeve on account of his lecture on the conditions of women in Germany and Austria. Well, the writer agrees with him and says also that the women in general in this country have nothing to complain of. The professor says that he often saw women in the same harness while pulling carts. Well, that's the plain truth and a common sight in every European country. It's the women who also do the hardest labor in the fields and other kinds of work, while in this country they wouldn't think of doing it. I remember to have seen every once in a while pictures in the newspapers and more in the magazines in this country, of women doing street cleaning, tending to switches, etc. All these things I have seen myself in the northern part of France, Holland and Belgium, where I happen to have been born and which country I came from.
Women coming to this country from Europe are generally known as great savors and as women, it's because they don't have picture shows to go to. Their life was a hard lot and circumstances denied them the small pleasures that even the working women in this country are used to.
Truly, one has to come from the European countries to realize the difference of station and life in general between European and American women, and then they will agree with me that Prof. Van Cleeve is right in his lectures about women in Germany.

NEW FALL SHIRTS
Immense showing of the newest colors and styles at \$1.00 to \$5.00.

Warm Pajamas, \$1 to \$5.
New One-piece Pajamas, \$1.50 For Suit.
New Shapes in Arrow and Silver Collars.

HEADQUARTERS MACKINAW
FOR MEN, WOMEN AND CHILDREN.

Worse Charge Than Hold-Up
MAY AWAIT CARLTON PRISONER

Authorities Trying to Connect Carl Lee With Murder of Gustave Vern Bergman Near Buffalo, Minn.

Three county sheriffs and three police departments are investigating the movements of Carl Lee and Mike Finnerty, held as burglars in a Carlton county jail, in the hope of connecting them with the mysterious murder of Gustave Vern Bergman, 24, of Duluth. Bergman's body was found Sept. 14 on the highway near Buffalo, Wright county.

A rigid investigation of Lee's movements has been started by Sheriff Hawley of Pine county. Lee, with Finnerty, are held for holding up a Cloquet saloon keeper and taking \$80, and they are wanted for burglarizing a schoolhouse, four saloons and a general store at Pine City on Sept. 24. A. M. Challen, proprietor of the Pine City general store, told Chief McKercher last night that Lee and Bergman were acquainted, he thought. They worked together in Duluth, and were seen together in Minneapolis, he has learned, he said.

Challen also learned that Lee, whose parents live on a farm near Pine City, had disappeared July 8. He was not heard of until a month later, when he wrote from Minneapolis, saying that he had a job distributing literature throughout the state. Bergman, the murdered man, had a similar job and he used a small touring car. When his body was found, the car was missing.

Finnerty was brought to Duluth yesterday from Cloquet, to face John Edward Welch, arrested in Duluth recently with Ernest Ancell, 23, Fourth avenue west, as being a partner in the Lee and Finnerty. Ancell is in jail awaiting grand jury action on a charge of receiving stolen property.

Welch refused to waive examination and will be given a hearing today. Finnerty, when confronted by Welch, accused him of being a direct party to the Pine City holdups and burglaries, and of then running away to Duluth. Welch denied the charge.

Biologist Makes Prediction and Says Lights Will Give 99 Per Cent Efficiency Against Today's 15 Per Cent.

Philadelphia, Oct. 15.—Illumination for the homes of the future from the phosphorescent substance carried by fireflies, certain other insects, and some fish, was predicted by Dr. Ulrich Dahlgren, professor of biology at Princeton university, in a lecture here last night at Franklin Institute. His subject was the "production of electricity by animals."

Dr. Dahlgren said he believes the substance these insects, fish and animals carry is of an altogether chemical composition. "Once the nature and composition of these chemicals are discovered," he added, "the light extraordinary for commercial purposes will follow. It will render 99 per cent of efficiency where the lights of today can only produce 15 per cent."

He also described seven varieties of fish that produce electricity to stun their enemies and to signal to each other.

Germany Arrest Socialist.
London, Oct. 15.—A dispatch to the Morning Post from Berne, says Herr

Westmeyer, leader of the Wurttemberg Socialists, has been arrested by the German authorities.

MARTIAL LAW IN GREEK MACEDONIA
London, Oct. 15.—Martial law has been proclaimed throughout Greek Macedonia, says the Times. Saloniki correspondent. The correspondent adds that there are persistent reports that Bulgarian troops are concentrating on the Greek frontier, but that it has been impossible to verify them.

AMERICAN-MADE PLUNGERS ACCEPTED
Quincy, Mass., Oct. 15.—Announcement is made of the acceptance by the British government through representatives in this country of the submarine H-11, 12 and 13 built at the yards of a local shipbuilding corporation. The H-13 was accepted without change, but minor adjustments were necessary to the other two craft. An H-14, is now undergoing trials at Portsmouth. The submarines will be interned at the Boston navy yard until the end of the war.

Only Four British Ships Sunk.
London, Oct. 15.—During the week ending Oct. 13, four British steamers, of a total of 15,444 tons, were sunk out of 1,600 of more than 300 tons each which entered or departed from British ports. Only two fishing vessels have been sunk during the last month.

The Lanpher reputation won by the Lanpher hat is a prize worth its weight in gold.
The proof is in the wearing. For forty-three years, hats bearing the Lanpher name have found the heads of the best men in Minnesota, North Dakota, South Dakota, Wisconsin, Iowa and Montana. The opinion of these men is the prize that is worth so much.
Proud of it? So proud that every Lanpher hat carries a guarantee to you that it is right from start to finish.
The price is \$3.00

There are so many of them, and all so good, we hardly know which to talk about. Better come in and let us show you some of the Comfy Warm Ulsters made of various patterns and materials, Nobby Dress Coats of colors. But, say, we could fill a page telling you about the different styles. Just step in when you're downtown.

MARINE

**"BOB" MANSFIELD
DIES AT SAULT**

Well-Known Engineer of
Steamer A. W. Thompson
Succumbs to Operation.

Sault Ste. Marie, Mich., Oct. 5.—R. D. Mansfield, chief engineer of the steamer Alexis W. Thompson, died at the Sault Ste. Marie hospital yesterday, following an operation for appendicitis.

The deceased was a son-in-law of W. H. Becker, owner of the so-called Becker fleet, of which the steamer Alexis W. Thompson is a part. His wife and his mother were at the bedside when he died.

**NELSON RELEASED;
LIGHTERS HER CARGO**

Calumet, Mich., Oct. 15.—(Special to The Herald.)—The whaler Nelson, of the Pittsburgh Steamship company, which grounded on Point Isabel in a heavy snowstorm last Friday, was released last night by the weather. The vessel, after lightening 4,000 tons of coal, and is being towed down lakes.

The Nelson, it is said, will likely put into Marquette for repairs, before proceeding further. Whether she will be able to come to the Head of the Lakes later is problematical. The coal may be brought here by the lighter and a tug.

**STEAMER ROBBINS GOES
AGROUND NEAR WHITEFISH**

Sault Ste. Marie, Mich., Oct. 15.—(Special to The Herald.)—The steamer S. H. Robbins, down bound, went ashore in a heavy fog last night, four miles above Whitefish. Tugs left the Sault this morning to go to her assistance. She is on a sand bottom. No damage is reported.

The Robbins left here last Wednesday with a load of ore, bound for Lake Erie.

Warning to Masters.
The Lake Carriers' association has issued the following warning to masters:
"Lower girders of the new high level bridge, Cleveland, are being put in position with a clearance of 15 feet at the foot of the lake level. Vessels with spars exceeding this height above water cannot pass through."

Wind and Weather on Lakes.

The following were wind and weather conditions on the Great Lakes at 7 o'clock this morning, as reported by the weather bureau:
Portage (Lake Superior)—Southeast, cloudy, four miles.
Whitefish (Lake Superior)—South, cloudy, twenty miles.
Middle Island (Lake Huron)—East, clear, twelve miles.
Plum Island (Lake Michigan)—Northeast, foggy, four miles.
Duluth—Northeast, cloudy, ten miles.
Port Arthur—East, cloudy, light.

**JOSEPH NELSON
IS BOUND OVER**

Joseph T. Nelson, former cashier in the county treasurer's office, appeared in municipal court this morning and waived preliminary examination on a charge of misappropriating public funds and was bound over to the grand jury. Bail of \$3,000 was continued. Last Saturday Nelson, with Gus Wedan, also an attaché in the treasurer's office, was placed under arrest when auditors employed by the state examiner reported a shortage of between \$2,000 and \$3,000 in the county treasurer's funds.

Wedan later signed a written confession admitting that he had appro-

There's nothing left but the telephone," reported the officer who was sent up to "look it over" and see that there was no dis-order.

The place in question is located in Second street between First and Second streets, but later it was changed to 113 1/2 West First street.

Two cases recently in which negroes shot their wives prompted Commissioner Silberstein to act against organizations of this kind.

No matter what you want, it will save you time and money if you will use Herald Wants.

**BOY RUN OVER BY
WAGON; LEG BROKEN**

Oliver Anderson, aged 13 years, a son of Mr. and Mrs. Carl Anderson, 609 North Fifth-street west, sus-

tained a fracture of his leg and several bruises by running into a farm wagon while crossing Grand avenue at the intersection of Fifty-seventh street, under \$750 bonds.

Nelson, when first brought into court, denied his guilt and demanded an examination. The hearing was set for this morning.

DRUNKEN MAN ROBBED.

Theodore Strom, 32, pleaded guilty in municipal court today to a charge of intoxication and will go to the work farm for seven days because the 31 cents police found in his pocket lent enough to pay his fine.

Arthur Erickson, 26; Carl Holm, 38, and Ole Solen, 35, were rounded up by Officers O. Olson, J. Callahan and Nyström, and accused of being the ones who "killed" Strom's dog, but they all had an alibi this morning, and were released.

Solen had \$191 in his pocket, but he explained just how he got it. The Strom came to Duluth with money than \$100 two days ago, determined to

**ONE NEGRO CLUB
HAS BEEN CLOSED**

The list of questionable negro clubs kept by the police already has been reduced by one, according to officers today.

In checking up last night, one of the four places named to Commissioner Silberstein as ones that should be

have a good time.

Now he's a firm prohibitionist.

watched was closed.

"The Columbia believes in Advertising and talks to you every evening in The Herald."

We have climbed to the top in the men's out-fitting proposition by studying it from the manufacturer's, the retailer's and, most of all, from the customer's point of view.

Therefore if you go around the stores tomorrow to investigate some of these nationally advertised articles, we want you to remember that the Columbia's UNWRITTEN GUARANTEE vouches for the reliability of everything you buy at this store, for we carry no merchandise which we cannot guarantee.

Among this week's new arrivals are the following from famous makers: Stein-Block Suits, Hanan Shoes, Wilson Underwear, McDonald Work Shirts, Webber Sweaters, Gordon Hats, Wayne Hose, Goodyear Rubbers, Sincerity Overcoats, Vassar Swiss Underwear, Barker Collars, Woolwear Boys' Suits, C. & H. Neckwear, Carter Underwear, Fownes' Gloves, Stetson Hats and Society Suits.

PROPERTY OWNERS OBJECT TO PAVING

Third Street Residents Say
Expense Is Not Fairly
Distributed.

When a petition of West Third street residents, representing 25 per cent of the property affected, was filed with the city commission asking that Third street be paved with vitrified brick on a six-inch foundation from Twenty-eighth avenue west to Fifty-fourth avenue west, it was expected there would be a number of protests.

The petitioners have not been disappointed. Certain property owners along the street whose lots abut the proposed improvement, complain that it is unfair to all of the property owners along that thoroughfare to have to bear the entire burden of the paving while the Duluth Street Railway company is not to be assessed. They say that the street railway people should be made to bear the expense of the paving that is proposed to be done between the rails and likewise between the tracks.

While realizing that the making of such an improvement would materially advance the value of their property, the owners cite that it will also increase the taxes. This latter feature, they allege, would work a hardship on many property owners who have not yet finished making payments on their homes and who are now burdened to the limit with expense.

A committee headed by Thomas Gordon, 3006 West Third street, Dr. S. Conner, 3018 West Third street and E. E. Churchill, 3815 West Third street, has been chosen by the protesting citizens to make an investigation for the purpose of determining what can be done in the matter. This committee will report at a mass meeting of the residents which will be held in the near future.

DULUTH'S PROBLEMS SAME AS ELSEWHERE

Duluth's problems are just like those of other cities in the United States, according to Miss Shepard, general secretary of the Y. W. C. A., in an address before the West Duluth public library yesterday.

In Chicago I find the same things confronting me," she said, "as I find in Duluth. There is the same temperance with its evil effects."

Miss Shepard suggested local censorship of moving picture shows as of value to a community.

The purpose of the meeting was to raise funds for the purchase of material to be used by the sewing class, conducted every Saturday afternoon under the auspices of the union. H. H. Phelps, Mrs. B. H. Smith and Mrs. Elliott J. Aman were in charge.

More teachers are needed for the classes, according to Mrs. Smith, who gave a short talk. More than 100 girls, from 8 to 14 years old, are enrolled, she said, and the teachers are not enough. The staff should be doubled, she thought, and the school should be able to accommodate all the pupils also staff is needed.

A musical program was presented by various members of the union.

DENFELD PAPER NOT CHRISTENED

With large interrogation marks filling the space where the name should be, the bi-weekly newspaper of the Denfeld high school will be issued for the first time on Oct. 22. The sheet is still unchristened, hence the question marks until a suitable name can be selected. Various names have been suggested by the members of the study body of the Denfeld institution, among them being: Students' Review, Digest, Reporter, Eagle, Scout and Ledger.

The first issue will be six pages and will contain all of the news of the first two months of school. Subsequent issues will be of four pages. Official minutes of the Denfeld high school commission will be printed in each number. The subscription price will be 15 cents. Committees have been appointed to solicit subscriptions among the alumni of the school.

Kathryn Clark is editor-in-chief and Miss Myrtle Johnson is business manager. Reginald E. Peterson will edit the senior department. Richard Duffy will be editor for the juniors, while Hal-dan Eiler and Miss Kate Porten will represent the freshmen. The sophomore editor has not yet been selected.

The editorial staff of the Oracle, the Denfeld high school annual, will meet this evening when plans for the 1916 Oracle will be discussed. In the past it has been customary for the junior, sophomore and freshmen classes to each contribute \$25 toward the publication.

WILL LECTURE HERE ON TEMPERANCE

John Udehl of Los Angeles, Cal., former president of the Swedish-American Temperance Association of America and a well-known temperance lecturer, who has just completed a tour of the Iron ranges, will be the principal speaker at a program to be held by the Swedish-Finnish Temperance society of West Duluth Sunday evening at the Great Eastern hall, 110 North Central avenue. Mr. Udehl is one of the ablest of Swedish speakers and has given over 400 lectures in various cities of the United States.

The following program has been arranged: Address, Ewald Johnson, president of the society; piano solo, Miss Florence Mattson; violin solo, Edward Jackson; vocal solo, Miss Mae Norlund; piano solo, Miss Una Eriksson; vocal solo, Miss Mary Johnson; piano solo, Miss Mildred Nyström; remarks, William Holm; lecture, John Udehl.

The committee in charge consists of William Holm, Charles P. Engel, George Nygard, C. G. Frost, Ewald Johnson, editor of the Oracle, and Miss Mary Johnson, Miss Ina Hedman, Miss Hannah Isenbagen, Miss Nina Grandlund and Miss Hulda Backman.

Location of the annual. This rule will probably be adhered to in printing the number.

D. W. Heistand, faculty business manager of the annual, will appear before the editorial board this evening and furnish figures showing the estimated cost of the annual. Methods to be employed in raising the necessary money will also be taken up.

Leon C. Hill, editor of the school English department, will assist the editorial staff in the "make-up" of the book. The editorial staff is composed of Clara Deunet, Junior, Fred Hagason, sophomore, and Dorothy Nelson and Theodore Root, freshmen. Miss Ruth Wilson is the student business manager.

NEW SCHEDULE IS HELD UP FOR STEEL

Until a consignment of special steel work, now being turned out in Eastern mills can be landed in Duluth, the routing of the West Duluth, Hunter's Park and Lakeside cars of the Duluth Street Railway company will remain as it is. The delay in receiving this steel has prevented the completion of the work on the Woodland line.

Officials of the company stated this morning that the change in schedule of West Duluth, Hunter's Park and Lakeside cars would probably go into effect on the first of next month. A tallent of service in the West Duluth and Lakeside cars will take place between the hours of 10 to 11 a. m. and 2 to 3 p. m., when the new schedule goes into effect. When this is done the Woodland cars will meet at the dairy farm instead of at the cemetery.

When the Woodland and the Lakeside cars begin taking their "layovers" at the eastern terminals of the line, instead of at Eighth avenue west, the intervals between the Lakeside cars on Superior street will be evenly divided.

WILL ORGANIZE GAMES AND DANCES

Nearly 200 New Duluth citizens attended a meeting of the newly organized Stove Community club at the Harriet Beecher Stowe school, One Hundred and Fourth avenue west and Grand avenue, last night.

A program, consisting of musical and literary numbers, occupied the attention of the members, preceding a general discussion of the proposed bylaws and the athletic policy of the club.

It was decided to organize classes in basket ball, volleyball, indoor baseball and folk dancing under the direction of Walter C. Beam, chairman of the athletic committee. Part of the equipment is expected next week and four basket ball teams have been organized.

Several changes in the bylaws were suggested during the meeting, and the code was returned for the reconsideration of the board of directors, so that they would be satisfactory to the club members.

John O. Anderson, principal of the Stowe school, presided. The program consisted of an instrumental solo by Miss Alpha Smith, a vocal solo by Miss Ethelyn Keefe, accompanied by Miss Smith, and a monologue entitled "We'll Have a Talk About War," Louis Zalk.

Move to Isle of Pines.

Mrs. August Westlin and daughter, Elsa, and sons, Walter and Waldemar, of 411 Oneota street, will leave tomorrow evening over the Omaha road for Los Indios, Isle of Pines, where they intend to make their future home.

West Duluth Briefs.

Mrs. Cora Hantz, 224 South Fifty-eighth avenue west, will entertain this evening at her home at cards for one degree staff of the Zenith camp, No. 1027, Royal Neighbors' Progressive Order.

Watch repairing. Hurst West Duluth, who has been visiting at the home of her parents, Mr. and Mrs. P. Arp, 5621 Grand avenue, has left for her home at Los Angeles, Cal.

Arthur Baer, superintendent of the blast furnace of the Duluth Steel plant, has returned from Chicago, where he was called on account of the death of a nephew and the serious illness of his brother. His brother is reported to be recovering.

For rent—Four rooms, upstairs, modern except heat. 5805 Huntington street.

Gosta Lodge, No. 243, Vasa Order, will entertain at a dancing party this evening at Victor's hall, 6528 Grand avenue. Invitations have been extended to a number of friends of the order.

Try our Zenith Steam and Miller Creek coal. John E. Mattson, 30 South Sixty-third avenue west.

A "war" social will be given tonight at Bethany Swedish Lutheran church, Twenty-fifth avenue west and Third street, by the members of the Tabitha society of the church. Booths representing nations engaged in the war at this time, conducted by young women in costume, will have an array of articles, which they will sell.

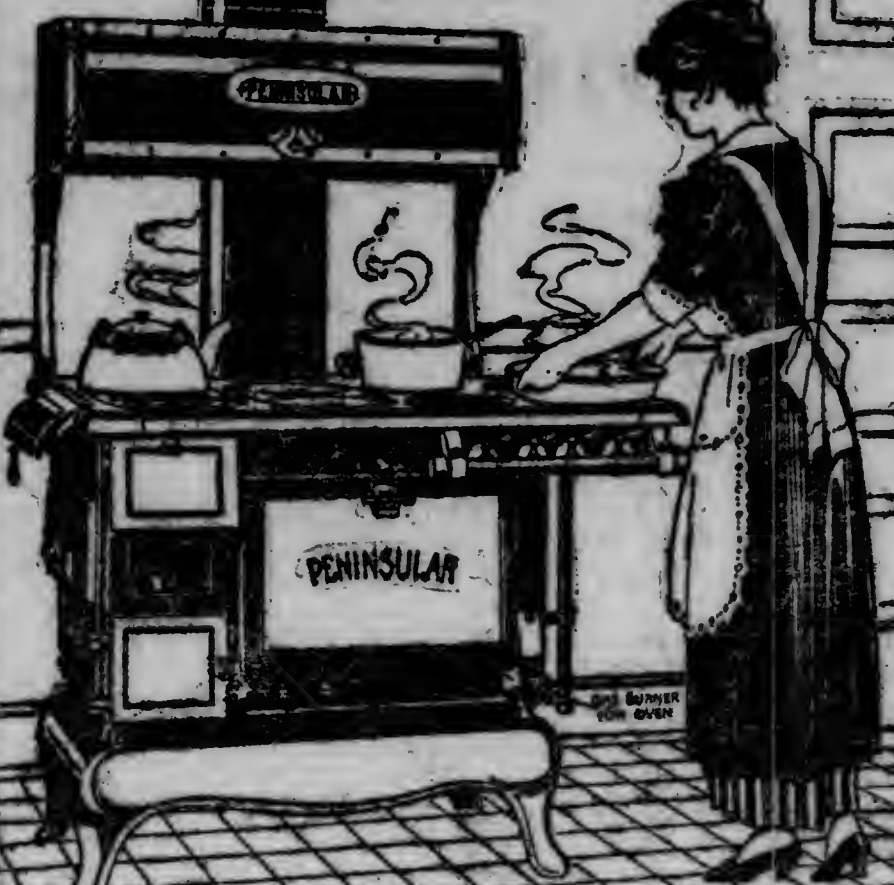

The Citizens' State bank is open for all banking business from 6 to 3 p. m. Saturday evening.

PENNINSULAR COAL and GAS RANGE DEMONSTRATION THIS WEEK

PROPERTY OWNERS OBJECT TO PAVING

Third Street Residents Say
Expense Is Not Fairly
Distributed.

When a petition of West Third street residents, representing 25 per cent of the property affected, was filed with the city commission asking that Third street be paved with vitrified brick on a six-inch foundation from Twenty-fifth avenue west to Fifty-fourth avenue west, it was expected there would be a number of protests.

The petitioners have not been disappointed. Certain property owners along the street whose lots abut the proposed improvement complain that it is unfair to all of the property owners along that thoroughfare to have to bear the entire burden of the pavement while the Duluth Street Railway company is to be assessed. They say that the street railway people should be made to bear the expense of the paving that is proposed to be done between the rails and likewise between the rails and the street.

While realizing that the making of such an improvement would materially advance the value of their property, the owners cite that it will also increase the taxes on their property. They allege, would work a hardship on many property owners who have not yet finished making payments on their homes and who are now burdened to the limit with expenses.

A committee made up of Thomas G. Smith, 3508 West Third street, Dr. S. C. Confer, 3518 West Third street, and E. E. Churchill, 3515 West Third street, has been chosen by the protesting citizens to make an investigation for the purpose of determining what can be done in the matter. This committee will report at a mass meeting of the residents which will be held in the near future.

DULUTH'S PROBLEMS SAME AS ELSEWHERE

Duluth's problems are just like those of other cities in the United States, according to Miss Shepard, general secretary of the Y. W. C. A., in an address before the West Duluth Y. C. T. U. at the West Duluth public library yesterday afternoon.

In Chicago I have seen the same thing confronting me that there are here, Miss Shepard said. "There is the same intelligence which is a credit to the city," she said. "The same local concern of moving pictures shows as of value to a community."

The purpose of the meeting was to raise funds for the purchase of material to be used by the sewing class, conducted every afternoon under the auspices of the union. Mrs. H. H. Phelps, Mrs. B. H. Smith and Mrs. Elliott J. Chan were in charge. More teachers are needed for the classes, according to Miss Shepard, who gave a short talk. More than 100 girls from 6 to 14 years of age are enrolled, she said, and the five teachers are not enough. The staff should be doubled, she thought, in order to accommodate all the pupils also are needed.

A musical program was presented by various members of the union.

DENFELD PAPER NOT CHRISTENED

With large interrogation marks filling the space where the name should be, the bi-weekly newspaper of the Denfeld high school will be issued for the first time on Oct. 22. The sheet is still unchristened, and the question marks until a suitable name can be selected. Various names have been suggested by the members of the student body of the Denfeld institution, among them being: Student, Review, Digest, Reporter, Eagle, Gazette and Ledger.

The first issue will be six pages and will contain all the news of the first two months of school. Subsequent issues will be of four pages. Official minutes of the Denfeld high school will be printed in each number. The subscription price will be 15 cents. Committees have been appointed to solicit subscriptions among the alumni of the school.

Hauha Clark is editor-in-chief and Miss Myrtle Johnson is business manager. Reginald Le Patre will edit the senior department. Richard Duffy will be editor for the juniors, while H. H. Dan Eder and Miss Kate Porten will represent the freshmen. The sophomore editor has not yet been selected.

The editorial staff of the Oracle, the Denfeld high school annual, will meet this evening, when plans for the 1916 Oracle will be discussed. It has been customary for the junior, sophomore and freshmen classes to each contribute \$25 toward the publication.

WILL LECTURE HERE ON TEMPERANCE

John Udell, of Los Angeles, Cal., former president of the Swedish-Finnish Temperance Association of America and a well-known temperance lecturer, who has just completed a tour of the iron ranges, will be the principal speaker at a program to be held by the Swedish-Finnish Temperance society of West Duluth Sunday evening at the Great Eastern hall, 310 North Central avenue. Mr. Udell is one of the ablest of Swedish speakers and has given over 400 lectures in various cities of the United States.

The following program has been arranged: Address, Ewald Johnson, president of the society; piano solo, Miss Florence Mattson; violin solo, Edward Jackson; vocal solo, Miss Mae Norlund; piano solo, Miss Una Erickson; vocal solo, Miss Mary Johnson; piano solo, Miss Mildred Nyström; remarks, William Holm; lecture, John Udell.

The committee in charge consists of William Holm, Charles P. Engel, George Nystrand, Mrs. E. Prust, Ewald Johnson, Miss Mae Johnson, Miss Hannah Johnson, Miss Una Hedman, Miss Hannah Nyström, Miss Nina Grandlund and Miss Hulda Backman.

Heating of the annual. This rule will probably be adhered to in printing the next number.

D. W. Heistand, faculty business manager of the union, will appear before the editorial board this evening and furnish figures showing the estimated cost of the annual. Methods to be employed in raising the necessary money will also be taken up.

Leon C. High of the high school English department will assist the editorial staff in the work of the book. The editorial staff is composed of the following: Fred Gagnon, sophomore; and Dorothy Nelson and Theodore Root, freshmen. Miss Ruth Wilson is the student business manager.

NEW SCHEDULE IS HELD UP FOR STEEL

Until a consignment of special steel work, now being turned out in East-ern mills can be landed in Duluth, the routing of the West Duluth, Hunter's Park and Lakeside cars of the Duluth Street Railway company will remain as it is. The delay in receiving this steel has prevented the completion of the work on the Woodland line.

Officials of the company stated this morning that the change in schedule of West Duluth, Hunter's Park and Lakeside cars would probably go into effect the first of next month. A curtailment of service in the West Duluth and Lakeside line will take place between the hours of 10 to 11 a. m. and 2 to 3 p. m. When the new schedule goes into effect, when this is done the Woodland cars will meet at the dairy farm instead of at the cemetery.

When the Woodland and Lakeside cars begin taking their "lay-overs" at the eastern terminals of the line instead of at Eighth avenue west, the intervals between the Lakeside and Superior street will be evenly divided.

WILL ORGANIZE GAMES AND DANCES

Nearly 200 New Duluth citizens attended a meeting of the newly organized Stowe Community club at the Harriet Beecher Stowe school, One Hundred and Fourth avenue west and Grand avenue, last night.

A program, consisting of musical and literary numbers, occupied the attention of the members, preceded by a general discussion of the proposed bylaws and the athletic policy of the club.

It was decided to organize classes in basket ball, volley ball, indoor base ball and folk dancing under the direction of Walter C. Beam, chairman of the athletic committee. Part of the equipment is expected next week and four basket ball teams have been organized.

Several changes in the bylaws were suggested during the meeting, and the code was returned for the reconsideration of the board of directors, so that they would be satisfactory to the club members.

John O. Anderson, principal of the Stowe school, presided. The program consisted of an instrumental solo by Miss Alpha Smith, a vocal solo by Miss Ethel Keefe, accompanied by Miss Smith, and a monologue entitled "We'll Have a Talk About War," Louis Zalk.

CERTIFICATE OF INCORPORATION

—OF—

OLYMPIA CANDY COMPANY

For the purpose of forming a corporation under the provisions of Chapter 68 of the Revised Laws of Minnesota of the year 1905, and for the purpose of carrying out and supplementing the same, the undersigned, do hereby associate themselves and now the following Certificate of Incorporation:

1. The name of this corporation shall be OLYMPIA CANDY COMPANY.

2. The general nature of the business of this corporation shall be to buy, own, sell and otherwise deal in, at wholesale and retail, confections, nuts, fruits, cigars and tobacco, ice cream, soda water, lemons, and in general soft drinks and confectionery of every kind and description; to manufacture, prepare and package candies, confections, ices, ice cream and soft drinks of every kind and description; to buy, own, acquire, use, sell and otherwise dispose of all furniture, fixtures, machinery, merchandise and other personal property necessary or convenient for the transaction of said business in any and all of its branches; to buy, own, mortgage, lease, transfer, convey and otherwise deal in real estate, and interests therein and lease and liens thereon, and to do all acts and things usual, necessary and convenient in the conducting of a general fruit and confectionery business, and in the manufacture of the products of such business, wholesale or retail.

3. The principal place of transacting the business of this corporation shall be at the City of Duluth, Minnesota.

4. The period of its duration shall be thirty years.

5. The names and places of residence of the incorporators are as follows: Alex George, Theodore Kuzas, John A. E. Knutson and H. B. Haroldson, all residing at Duluth, Minnesota.

6. The control and management of this corporation shall be vested in a board of five directors, which board shall be elected at the annual meeting of the stockholders to be held on the first Tuesday in November of each year, at ten o'clock A. M. The first annual meeting, at which such board shall be elected, shall be held on the 2nd day of November, 1915. Until the first election at the said first annual meeting, the Board of Directors shall be composed of the following: Alex George, Theodore Kuzas, John A. E. Knutson and H. B. Haroldson, all residing at Duluth, Minnesota.

The board of directors shall have the power to elect new members or fill any vacancies caused by the death, resignation or other disqualification of any of its members. All directors shall be stockholders of this corporation.

7. The amount of the capital stock of this corporation shall be Fifty Thousand Dollars, which shall be divided into five thousand shares of the par value of Ten Dollars each. Such stock shall be paid in with money or property, or both, in such manner, at such times and in such amounts as may be determined by the Board of Directors.

8. The highest amount of indebtedness or liability to which this corporation shall at any time be subject shall be the sum of Twenty-five Thousand Dollars.

IN WITNESS WHEREOF, We have hereunto set our hands and seals this 12th day of October, 1915.

ALEX GEORGE,
THEODORE KUZAS,
JOHN A. E. KNUTSON,
H. B. HAROLDSON.

In Presence of
S. L. MCNULTY,
E. P. PIERSTON.

State of Minnesota, County of St. Louis

On this 12th day of October, 1915, before me, a Notary Public within and for said county, personally appeared Alex George, Theodore Kuzas, John A. E. Knutson and H. B. Haroldson, to me well known to be the persons described in and who executed the foregoing instrument, and they acknowledged that they executed the same as their free act and deed.

S. L. MCNULTY,
Notary Public,

Commissioner of Insurance.

playing at the Lyceum, is being complemented upon the novel idea which he expresses in his unique advertisement which is on exhibition in the spacious window of the Kelly Furniture company.

The scene, which shows twin beds of special design and a woman either arising or retiring, has attracted many hundreds of pedestrians during the several days that the advertisement has been on display. The color scheme throughout is blue. Duluthians have enjoyed the treat very much.

WHY DON'T YOUNG MEN LEARN STENOGRAPHY?

This question is being asked daily by business men who apply at the Duluth Business University office for male stenographers, to find that they are not obtainable. This, as well as the fact that shorthand is a sure stepping stone to the big things in life, should prompt every young man to take up this work at the Duluth Business University, located at 118-120 Fourth avenue west, Christie building.

CITY BRIEFS

Loose Leaf and Filing Supplies.

M. L. Stewart company, stationery department. Phone 114.

"D" Arm-Bands on Sale.

Two hundred and fifty more "D" arm-bands, made in the sewing class at Central high school, will be placed on sale this afternoon. The Girls' Literary and Debating society is in charge of the sale. The sale proceeds will be divided between the athletic association and the girls' society. Miss Edna Zachow is chairman of the committee in charge.

Gets \$210 Verdict.

In Judge Hancock's division of the district court late yesterday afternoon a jury reported a verdict for \$210 against the city of Duluth and in favor of John H. Brigham. The plaintiff, sued for \$1,170 for damages sustained in May of 1914, when Mission creek at Pond Lac overflowed and flooded his property.

Will Correct Papers.

Members of the civil service commission will meet at the city hall this afternoon to correct the papers turned in at the examination two weeks ago. Secretary Johnson announced yesterday that the commission will be mailed to the applicants tomorrow.

Company Incorporates.

Incorporation articles were filed with the register of deeds yesterday by the Olympia Candy company, organized to engage in business with headquarters in this city. The capital stock of the

firm is \$50,000 and the incorporators are Alex George, Theodore Kuzas, John A. E. Knutson and H. B. Haroldson.

Dr. McNulty has recovered from his recent operation and is again at his office.

BARACA-PHILATHEA SOCIETY WILL CELEBRATE SILVER ANNIVERSARY

Many Duluth Delegates Will Attend Convention at Minneapolis.

Local Sunday School Workers Will Celebrate Here Next Sunday.

Duluth will be strongly represented at the silver anniversary convention of the Baraca-Philathea, which will be held in Minneapolis Oct. 22 to 24. This society, which is made up of Sunday school workers, has reached the twenty-fifth year of its existence and has grown to great size.

Many of the delegates have been selected and the others will be named early next week. Those already chosen are: Miss Geneva Dahl, Miss Genevieve Persgard, Miss Agnes Knutson, Miss Ward, Lakeside Presbyterian church; Miss Jessie Le Borious, First Baptist church; Mrs. Everett Robinson, Miss Bertha Turnbull, Woodland Union Sunday school; Miss Marie Angermeyer, Miss Lulu A. Grogan, Miss Lois Marvin, First Presbyterian church; W. T. Wilke from Baraca class, First Methodist church. Delegates from the Philathea classes of the First Methodist and the Pilgrim Congregational churches will be selected early next week.

Next Sunday afternoon at the First Presbyterian church the Baraca-Philathea silver anniversary will be celebrated. The program, which will open at 2 o'clock, follows:

Song service—"Moment by Moment," "Just When I Need Him Most," "Philathea National Hymn," Platform—"Young Women at Work for Young Women, All Standing by the Bible, the Bible School and the Church"

At the Syracuse, founder of Baraca-Philathea Movement.

Motto—"We Do Things".....

Text—"I can do all things through Christ, who strengtheneth me".....

Prayer—Rev. J. A. McGaughey.....

Song—"God Will Take Care of You".....

Announcements.....

Song—"City Union Baraca-Philathea hymn".....

Sentence prayers.....

Solo—"The Touch of His Hand on Mine".....

J. R. Batchelor.....

Five-minute talk—"Why Baraca-Philathea".....

Clinton Olinger.....

"Soul-Winning Address".....

Rev. J. A. McGaughey.....

E. Bancroft, of Toledo, Jay C. Hormel of Austin, H. J. Manesse of St. Louis, S. J. Larson of New York, Herbert S. J. Saganaw, H. P. Field and wife of Hibbing, W. R. Spensley and wife of Hibbing, Mrs. L. Coreick of Hibbing.

NEWS OF THE NORTHWEST

UNEARTH BIG YEGG PLAN

Outfit to Wreck 100 Safes Found Near Larimore.

Believed to Be Equipment of Organized North Dakota Gang.

Grand Forks, N. D., Oct. 15.—Enough dynamite, nitro-glycerin and various other ingredients of the professional safe-blowers' "soup" to blow the safe of a hundred postoffice, together with ammunition and arms enough to hold off a small army of men for a considerable length of time, have been unearthed at Larimore in the probe of a series of crimes which have been perpetrated in this county during the past few months.

The cracksmen's outfit discovered in the basement of a vacant house was brought to Grand Forks last evening and turned over to the custody of Sheriff Arthur P. Turner. Together with a large amount of loot that had been found previously, it was stored in the sheriff's vault.

The discovery of the yegg outfit was made by Chief of Police Jack LaRue of Larimore and H. J. Harriman, special agent of the Great Northern railway. They found the stuff in the basement of a vacant house located near the shack which had been occupied by Charles Marshall, R. C. Carter and Charles Patrick, charged with two postoffice robberies and suspected in numerous other crimes, who are being held prisoners at the county jail. The three prisoners all refuse to say anything regarding the crimes of which they are accused. They appear in good humor, and, when they heard of the discovery of their arrest, one of them remarked: "Well, we're not the only ones in the business."

Two ounces of nitro-glycerin, eight sticks of dynamite, six revolvers, three Smith & Wesson revolvers, three dynamite caps, holders for the revolvers, fourteen dozen knives, gloves, a large number of pipes and their cases, comprised some of the goods discovered in the "plant" at the basement. All of this stuff was stolen from the opinion of the authorities, who further believe that Larimore was the headquarters for thieves who carried on operations.

FOOD SOURING IN STOMACH CAUSES GAS, INDIGESTION

"Pape's Diapepsin" Neutralizes Acids in Stomach and Starts Digestion.

Five Minutes! No Sourness, Gas, Heartburn, Acidity or Dyspepsia.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent boxes of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" franks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

SATURDAY GAME FOR SCHOOL CHAMPIONSHIP

Gridiron Clash Between Calumet and Houghton Important.

Calumet, Mich., Oct. 15.—(Special to The Herald.)—A football game which will have direct bearing on the high school championship of Northern Michigan and some bearing on the state championship will be played on Saturday, Oct. 16, at Calumet when the Calumet and Houghton school teams will clash. Calumet last year won the Copper country school championship and was defeated by Marquette for the Peninsula honors. Both Calumet and Houghton have this year defeated Hancock, who was elected to the Upper Peninsula honors, and both teams have developed unexpected strength.

The cracksmen's outfit discovered in the basement of a vacant house was brought to Grand Forks last evening and turned over to the custody of Sheriff Arthur P. Turner. Together with a large amount of loot that had been found previously, it was stored in the sheriff's vault.

SCHOOL BOYS FORM LIVESTOCK COMPANY

New Richmond Agriculture Students Organize on Practical Basis.

New Richmond, Wis., Oct. 15.—Regularly organized and officered and its affairs conducted the same as those of any other business corporation, the New Richmond High School Livestock company has been organized by pupils of the agricultural department of the school for the purpose of fattening and putting upon the market steers and hogs and also carrying on a dairy herd in which the pupils will be compared with those of a "scrub" cow. The class is also raising one "baby beef."

The work is being conducted along scientific lines under the direction of Prof. Harold Stophens. Accurate records are being carefully kept. Properly balanced rations for the various animals are worked out in the classroom and the students take turns in feeding and caring for the animals. The high school has again this year the largest enrollment of non-resident, tuition-paying students of any high school in the state.

FEDERAL LID FIGHT AT ADA

Ada, Minn., Oct. 15.—J. Brennan, the special agent of the government, who has headquarters at Bemidji and whose special business is the enforcement of the Indian law, was here this week on official business. Mr. Brennan drove from here to Twin Valley. He did not make any arrests while here. The lid has been put on tighter than ever and it is now impossible to have any liquor shipped in here and delivered from the depot. This springs to everyone and even the stores are unable to obtain any liquors for medicinal purposes until they receive a permit from the government.

BAUDETTE MILL COMPLETES CUT

Baudette, Minn., Oct. 15.—(Special to The Herald.)—The Engler mill closed for the season on last Saturday noon. Over 400 men were employed in the mill and night shifts which were used day and night. The night shift was laid off on account of the scarcity of logs. All logs cut and the river were made into lumber which was the reason for closing.

PUNCH BOARDS CONTRARY TO LAW

Bismarck, N. D., Oct. 15.—(Special to The Herald.)—Attorney General H. J. Bismarck has given a ruling to the State "punch" board, on which a person pays 10 cents for a punch and receives a number which, if he gets the right one, entitles him to a valuable prize, while other numbers yield only postal cards or cheap collar buttons, are op-

CANCER VICTIM TAKES HIS LIFE

Dan McDonald of Bemidji Ends Misery By Revolver Route.

Bemidji, Minn., Oct. 15.—(Special to The Herald.)—Dan McDonald, 40 years old and married, took his own life Thursday afternoon by shooting himself in the forehead with a revolver. He was formerly an employee of the Smart-ditching Ice company of this city and was despondent because of his sufferings from cancer.

DEATH TAKES HEAD OF NORWEGIAN SYNOD

Rev. M. G. Hanson, Prominent in Church and Educational Work, Dies.

Faribault, Minn., Oct. 15.—Rev. M. G. Hanson, president of the Haugeton Norwegian Evangelistic Lutheran Synod of America and one of the best known men of his church in the country, died yesterday in St. Lucas hospital at Faribault, Minn. The cause of death was cancer of the stomach. Hanson had been critically ill for three days. He was born in Norway and came to the United States in 1884. He was married in 1886 to Miss Caroline Rindoe of Crawford county, Wis. After six years' work in St. Paul, Minn., he was pastor of the Trinity Lutheran church in Grand Forks, N. D., and of several surrounding churches and had the pastor's earnings in Trinity church. He served

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 3961 Teahouptoulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them." —Miss ESTELLA MAGUIRE, 110 Thwing St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SUDEN DEATH FOR IRONWOOD PIONEER

George H. Abeel, Sr., Banker and Miner, Dies in New York.

Ironwood, Mich., Oct. 15.—(Special to The Herald.)—The sudden death of George H. Abeel, Sr., in New York, has been reported here. No details are given except that death was due to apoplexy and took place on Oct. 11.

Mr. and Mrs. Abeel were in New York city only a few days, where they had gone to visit Mr. Abeel's father, when Mrs. Abeel was called to Tacoma, Wash., on account of the illness of their daughter, Mildred, Mrs. Harline Mon-

Mrs. Abeel started at once for New York when she was informed of her husband's death. She will be joined at St. Paul by her son, John, of Chicago, by another son, George H. Abeel, and wife, and they will proceed to Ironwood, Mich., where the funeral will be held by his widow and three children, George H. Jr., of Ashland, Wis., John, who just completed his engineering course at Houghton, Mich., and Mrs. Monroe.

Mr. Abeel was one of the oldest and most highly respected citizens of the Gogebic range. For many years he has been engaged in the mining business, being general manager of the Ogish, Norton & Co. mining interests on the Gogebic National bank at the time of his death, but had recently retired from active business.

When asked if he was a candidate for the place, Mr. Brown said that he was not, but admitted that he had been offered strong support if he would become a candidate, and that he was giving the matter "serious consideration."

BEARS STARTLE BEMIDJI SOLON

Bemidji, Minn., Oct. 15.—(Special to The Herald.)—While returning to camp last night, a party of hunters near J. J. Opsahl of this city stepped over a large log onto two bears that were making their way under a log cover without any serious results, but Mr. Opsahl said he hadn't been so frightened since he made his first speech in the Minnesota legislature.

Mr. Opsahl had just supervised the erection of wooden log signs every 100 feet for 27,000 feet along Kabekona's plant Axel Ebbel, who was seriously injured at the time he was shot, a Great Northern conductor, and Henry Williams, Great Northern engineer, both of whom were on duty at the time a cedar log cottage 200 feet west of Kabekona's plant.

IMPROVEMENTS FOR BEMIDJI PARISH

Bemidji, Minn., Oct. 15.—(Special to The Herald.)—To make room for a parish school which will probably be built here within the next few years, the parish of St. Paul's Catholic church has been moved to a new site on the corner of the city. A full and complete improvement of the house and a new hot water heating plant will be installed. A large cistern is being put in, and the church addition is being rushed to completion. Mr. Phillips expects that it will be in readiness by the second week of December. The new building is also being installed in the church.

COMMUNITY FEED AT THIEF RIVER FALLS

Thief River Falls, Minn., Oct. 15.—(Special to The Herald.)—A community feed for the benefit of the Commercial club. The menu will be made up of home-grown products. The feed will be held at the Commercial club house, which has a seating capacity of 1,500. It is planned to have plates laid for at least 200 persons. James J. Hill, state officer and expert on agriculture are to be invited.

FATHER OF 22 CHILDREN DIES

Marquette, Wis., Oct. 15.—Peter Benedict, 89, a logging jobber and former resident of Ironwood, died here Thursday. He was the father of twenty-two children, the oldest of whom is 78. There were four pairs of twins. He was born in Canada in 1826, and was only a few months short of being 100 years old.

CUMBERLAND IS SUED FOR \$10,000

Cumberland, Wis., Oct. 15.—(Special to The Herald.)—John Lundstrom, administrator of his son, the late Henry Lundstrom, has started action, adding the city of Cumberland for \$10,000 damages for the death of his son. He was electrocuted by a live wire connected with the municipal lighting plant. The city had been notified by Lundstrom that the wire was dangerous and had been instructed to remove it. The city refused to do so, and the wire was struck by Lundstrom's son, who was killed.

Cumberland Pioneer Dies. Cumberland, Wis., Oct. 15.—(Special to The Herald.)—John Lundstrom, administrator of his son, the late Henry Lundstrom, has started action, adding the city of Cumberland for \$10,000 damages for the death of his son. He was electrocuted by a live wire connected with the municipal lighting plant. The city had been notified by Lundstrom that the wire was dangerous and had been instructed to remove it. The city refused to do so, and the wire was struck by Lundstrom's son, who was killed.

More Settlers For Baudette. Baudette, Minn., Oct. 15.—(Special to The Herald.)—The Baudette school district has received a large number of new settlers. The school is now in session and the teachers are busy preparing for the coming year. The new settlers are mostly from the West and are bringing with them a large amount of property. The school district is pleased to have them and expects a good year.

SUDEN DEATH FOR IRONWOOD PIONEER

George H. Abeel, Sr., Banker and Miner, Dies in New York.

Ironwood, Mich., Oct. 15.—(Special to The Herald.)—The sudden death of George H. Abeel, Sr., in New York, has been reported here. No details are given except that death was due to apoplexy and took place on Oct. 11.

Mr. and Mrs. Abeel were in New York city only a few days, where they had gone to visit Mr. Abeel's father, when Mrs. Abeel was called to Tacoma, Wash., on account of the illness of their daughter, Mildred, Mrs. Harline Mon-

Mrs. Abeel started at once for New York when she was informed of her husband's death. She will be joined at St. Paul by her son, John, of Chicago, by another son, George H. Abeel, and wife, and they will proceed to Ironwood, Mich., where the funeral will be held by his widow and three children, George H. Jr., of Ashland, Wis., John, who just completed his engineering course at Houghton, Mich., and Mrs. Monroe.

Mr. Abeel was one of the oldest and most highly respected citizens of the Gogebic range. For many years he has been engaged in the mining business, being general manager of the Ogish, Norton & Co. mining interests on the Gogebic National bank at the time of his death, but had recently retired from active business.

When asked if he was a candidate for the place, Mr. Brown said that he was not, but admitted that he had been offered strong support if he would become a candidate, and that he was giving the matter "serious consideration."

BEARS STARTLE BEMIDJI SOLON

Bemidji, Minn., Oct. 15.—(Special to The Herald.)—While returning to camp last night, a party of hunters near J. J. Opsahl of this city stepped over a large log onto two bears that were making their way under a log cover without any serious results, but Mr. Opsahl said he hadn't been so frightened since he made his first speech in the Minnesota legislature.

Mr. Opsahl had just supervised the erection of wooden log signs every 100 feet for 27,000 feet along Kabekona's plant Axel Ebbel, who was seriously injured at the time he was shot, a Great Northern conductor, and Henry Williams, Great Northern engineer, both of whom were on duty at the time a cedar log cottage 200 feet west of Kabekona's plant.

IMPROVEMENTS FOR BEMIDJI PARISH

Bemidji, Minn., Oct. 15.—(Special to The Herald.)—To make room for a parish school which will probably be built here within the next few years, the parish of St. Paul's Catholic church has been moved to a new site on the corner of the city. A full and complete improvement of the house and a new hot water heating plant will be installed. A large cistern is being put in, and the church addition is being rushed to completion. Mr. Phillips expects that it will be in readiness by the second week of December. The new building is also being installed in the church.

COMMUNITY FEED AT THIEF RIVER FALLS

Thief River Falls, Minn., Oct. 15.—(Special to The Herald.)—A community feed for the benefit of the Commercial club. The menu will be made up of home-grown products. The feed will be held at the Commercial club house, which has a seating capacity of 1,500. It is planned to have plates laid for at least 200 persons. James J. Hill, state officer and expert on agriculture are to be invited.

FATHER OF 22 CHILDREN DIES

Marquette, Wis., Oct. 15.—Peter Benedict, 89, a logging jobber and former resident of Ironwood, died here Thursday. He was the father of twenty-two children, the oldest of whom is 78. There were four pairs of twins. He was born in Canada in 1826, and was only a few months short of being 100 years old.

CUMBERLAND IS SUED FOR \$10,000

Cumberland, Wis., Oct. 15.—(Special to The Herald.)—John Lundstrom, administrator of his son, the late Henry Lundstrom, has started action, adding the city of Cumberland for \$10,000 damages for the death of his son. He was electrocuted by a live wire connected with the municipal lighting plant. The city had been notified by Lundstrom that the wire was dangerous and had been instructed to remove it. The city refused to do so, and the wire was struck by Lundstrom's son, who was killed.

Cumberland Pioneer Dies. Cumberland, Wis., Oct. 15.—(Special to The Herald.)—John Lundstrom, administrator of his son, the late Henry Lundstrom, has started action, adding the city of Cumberland for \$10,000 damages for the death of his son. He was electrocuted by a live wire connected with the municipal lighting plant. The city had been notified by Lundstrom that the wire was dangerous and had been instructed to remove it. The city refused to do so, and the wire was struck by Lundstrom's son, who was killed.

More Settlers For Baudette. Baudette, Minn., Oct. 15.—(Special to The Herald.)—The Baudette school district has received a large number of new settlers. The school is now in session and the teachers are busy preparing for the coming year. The new settlers are mostly from the West and are bringing with them a large amount of property. The school district is pleased to have them and expects a good year.

NEWS OF THE NORTHWEST

UNEARTH BIG YEGG PLANT

Outfit to Wreck 100 Safes Found Near Larimore.

Believed to Be Equipment of Organized North Dakota Gang.

Grand Forks, N. D., Oct. 15.—Enough dynamite, nitro-glycerin and various other ingredients of the professional sequestrators' "tools" to blow the safe of a hundred postoffices, together with ammunition and arms enough to hold off a small army of men for a considerable length of time, have been unearthed at Larimore in the probe of a series of crimes which have been perpetrated in this county during the past few months.

The criminals' outfit discovered in the basement of a vacant house was brought to Grand Forks last evening and turned over to the custody of Sheriff Arthur E. Turner. Together with a large amount of loot that had been found previously, it was stored in the sheriff's vault.

The discovery of the yegg outfit was made by Chief of Police Jack LaRue of Larimore and a special agent of the Great Northern railway. They found the stuff in the basement of a vacant house located near the shack which had been occupied by Charles Marshall, R. C. Carter and Charles Marshall, charged with two postoffice robberies and suspected in numerous thefts, who are being held prisoners at the county jail. The three prisoners all refuse to say anything regarding the crimes of which they are accused. They appear in good humor, and, when they heard of a robbery since their arrest, one of them remarked: "Well, we're not the only ones in the business."

Two ounces of nitro-glycerin, eight sticks of dynamite and three caliber Smith & Wesson revolvers, two sacks filled with cartridges, fuses, dynamite caps, holders for the revolvers, fourteen dozen knives, gloves, a large number of pipes and their cases, and a large number of other articles were found in the "plant" at the basement. All of this stuff was stolen in the opinion of the authorities, who further believe that Larimore was the headquarters for thieves who carried on operations.

FOOD SOURING IN STOMACH CAUSES GAS, INDIGESTION

"Pape's Diapepsin" Neutralizes Acids in Stomach and Starts Digestion.

Five Minutes! No Sourness, Gas, Heartburn, Acidity or Dyspepsia.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes.

"Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you feel comfortable with a healthy appetite; but what will please you most, is that you will feel that your stomach is healthy and that you are not resorting to laxatives or liver pills or biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

SATURDAY GAME FOR SCHOOL CHAMPIONSHIP

Gridiron Clash Between Calumet and Houghton Important.

Calumet, Mich., Oct. 15.—(Special to The Herald.)—A football game which will have direct bearing on the high school championship of Northern Michigan and some bearing on the state championship will be played on Saturday of this week at Calumet when the Calumet and Houghton school teams will clash. Calumet last year defeated Hancock, who was defeated by the Peninsula, and both teams have developed unexpected strength.

The game is being played at Calumet for the Upper Peninsula honors, and both teams have developed unexpected strength. Calumet has almost a veteran team, all but three or four of the men having played with last year's champions and several going back two years. Houghton, who goes in at the top Saturday, will give the team a hard fight, because of injuries he was unable to play earlier in the season.

Calumet would seem to have the edge on the Houghton eleven in Saturday's game to judge from the opinion of both teams against Hancock. The only thing that saved Houghton from a tie, Hancock game, with Hancock last Saturday, was a drop kick score by McCormick in the last quarter, the only score of the contest. McCormick has developed into a great kicker and the Calumet coaches are drilling their forwards to take special care of him.

SCHOOL BOYS FORM LIVESTOCK COMPANY

New Richmond Agriculture Students Organize on Practical Basis.

New Richmond, Wis., Oct. 15.—Regularly organized and officered and its affairs conducted the same as those of any other business corporation, the New Richmond High School Livestock company has been organized by pupils of the agricultural department of the school for the purpose of fattening and putting upon the market steers and hogs and also carrying on a dairy herd in which the pupils are to be trained. The work is being conducted along scientific lines and the direction of Prof. Harold M. Stephens. Accurate records are being carefully kept. Properly balanced rations for the various animals are worked out in the classroom and the students take turns in feeding and caring for the animals. The high school has again this year the largest enrollment of non-resident, tuition-paying students of any high school in the state.

FEDERAL LID FIGHT AT ADA

Ada, Minn., Oct. 15.—J. Bronnen, the special agent of the government, who has been ordered to Ada to enforce the enforcement of the Indian law, was here this week on official business. He was here to enforce the law and to see that the law was being enforced. He was here to enforce the law and to see that the law was being enforced.

BAUDETTE MILL COMPLETES CUT

Baudette, Minn., Oct. 15.—(Special to The Herald.)—The Engler mill closed for the season on last Saturday noon. The mill was closed for the season on last Saturday noon. The mill was closed for the season on last Saturday noon.

PUNCH BOARDS CONTRARY TO LAW

Bismarck, N. D., Oct. 15.—(Special to The Herald.)—Attorney General H. J. Lunde has given a ruling to the state enforcement league that so-called "punch" boards, on which a person pays 10 cents for a punch and obtains a number which, if he gets the right one, entitles him to a valuable prize, while other numbers yield only postal cards or cheap collar buttons, are opposed to the law.

CANCER VICTIM TAKES HIS LIFE

Dan McDonald of Bemidji Ends Misery By Revolver Route.

Bemidji, Minn., Oct. 15.—(Special to The Herald.)—Dan McDonald, 40 years old and married, took his own life Thursday afternoon by shooting himself in the forehead with a revolver.

He was formerly an employee of the Smart-Gatchell ice company of this city and was despondent because of his sufferings from cancer.

DEATH TAKES HEAD OF NORWEGIAN SYNOD

Rev. M. G. Hanson, Prominent in Church and Educational Work, Dies.

Faribault, Minn., Oct. 15.—Rev. M. G. Hanson, president of the Hauge Norwegian Evangelical Lutheran Synod of America and one of the best known men of his church in the country, died yesterday in St. Lucas hospital at Faribault, Minn. The cause of death was cancer of the stomach. Hanson had been critically ill for three days. He was married to Mrs. Hanson and had four children. He was a member of the Trinity Lutheran church of Faribault and had been a member of the Norwegian East Immanuel Lutheran church of St. Paul.

After six years' work in St. Paul, he was married in 1886 to the daughter of the Rev. John Hanson, pastor of the Trinity Lutheran church of Grand Forks, N. D., and of several surrounding churches that had their beginnings in Trinity church. He served

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound. I am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 3961 Teahoupioulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I worked in a mill among hundreds of girls and have recommended your medicine to many of them."—Miss ESTELLE MACQUEEN, 110 Thwing St., St. Clair, Pa.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SUDEN DEATH FOR IRONWOOD PIONEER

George H. Abeel, Sr., Banker and Miner, Dies in New York.

Ironwood, Mich., Oct. 15.—(Special to The Herald.)—The sudden death of George H. Abeel, Sr., in New York, has been reported here. No details are given except that death was due to apoplexy and took place on Oct. 11.

Mr. and Mrs. Abeel were in New York city only a few days, where they had gone to visit Mr. Abeel's father, when Mrs. Abeel was called to Tacoma, Wash., on account of the illness of their daughter, Mildred, Mrs. Harline Monroe.

Mrs. Abeel started at once for New York when she was informed of her husband's death. She will be joined at St. Paul by her son, John, of Chicago, by another son, George H. Abeel, and wife, and they will proceed to Ironwood, where the funeral will be held.

Mr. Abeel is survived by his widow and three children, George H. Jr., of Ashland, Wis., John, who just completed his engineering course at Houghton, Mich., and Mrs. Monroe.

Mr. Abeel was one of the oldest and most highly respected citizens of the Gogebic range. For many years he has been interested in the mining business, being general manager of the Ojibway, Norton & Co. mining interests on the several ranges. He was vice president of the Gogebic National bank at the time of his death, but had recently retired from active business.

He was a graduate of Columbia university. Mrs. Abeel is survived by her son, John, of Chicago, by another son, George H. Abeel, and wife, and they will proceed to Ironwood, where the funeral will be held.

BABY DIES FROM DRINK OF LYSOL

Little Falls, Minn., Oct. 15.—Carl, the 16-month-old son of Mr. and Mrs. J. W. Hinton, died at Hall's hospital from drinking Lysol, a powerful disinfectant, which he had taken when taken internally.

The child was watching its mother use the Lysol on an injured hand. She had just removed the cork from the bottle and the child had crawled over and got it and before she could stop him had swallowed enough to kill him. He died about 10 o'clock. His death was a great loss to the family.

IMPROVEMENTS FOR BEMIDJI PARISH

Bemidji, Minn., Oct. 15.—(Special to The Herald.)—To make room for a parish school, which will probably be built here within the next few weeks, the parish of St. Paul's Catholic church has been moved to a new location. A full basement has been added to the new house and a new hot water heating plant will be installed. A large cistern will also be added.

The work of the church addition is being supervised by the parish priest, Father Phillips, who expects that it will be in readiness by the second week of December. The new building is a two-story building, 20 feet wide and 30 feet deep. It will be a great improvement to the parish.

COMMUNITY FEED AT THIEF RIVER FALLS

Thief River Falls, Minn., Oct. 15.—Plans for a community feed are being formulated by the Commercial club. The menu will be made up of homegrown products and a display of home-made goods will be arranged in the auditorium, which has a seating capacity of 1,000. It is planned to have plates laid for at least 300 persons. James J. Hill, state official and expert on agriculture are to be invited.

FATHER OF 22 CHILDREN DIES

Marquette, Wis., Oct. 15.—Peter Benedict, 89, a logging jobber and former resident of Thief River Falls, died here Thursday. He was the father of twenty-two children, the oldest of whom is 79. There were four pairs of twins. He was born in Canada in 1826, and was only a few months short of being 100 years old.

CUMBERLAND IS SUED FOR \$10,000

Cumberland, Wis., Oct. 15.—(Special to The Herald.)—John Lundstrom, administrator of his son, the late Henry Lundstrom, has started action against the city of Cumberland for \$10,000 damages for the death of his son. Lundstrom was electrocuted by a live wire coming from a power line owned by the city. Axel Ebbel, who was seriously injured at the time, has also brought suit against the city. They claim the accident was brought about by a defective transformer on the city lines.

SUDEN DEATH FOR IRONWOOD PIONEER

CHAMPION TEAMS' TOUR ABANDONED

Boston Wants Guarantee and Expenses and It's All Off.

Philadelphia, Pa., Oct. 15.—The proposed trip to the Pacific coast of the world's champion Red Sox and the Philadelphia National league pennant winners was declared off yesterday by Robert B. McRoy, representing the National baseball commission. Inability to come to an agreement on a financial arrangement is the cause for the abandonment of the trip.

At a meeting of the presidents of the two clubs, the members of the national commission and William Lang, representing the Pacific coast interests, held in Boston on Tuesday, it was agreed that the teams should make the trip. At the time it was expected there would be no hitch over financial matters and Mr. McRoy was appointed to represent the national commission on the journey.

Yesterday at a meeting of the Philadelphia players at which they were given their share of the world's series money, all consented to join the party with the exception of Pitcher Chalmers and Outfielder Whitted who had other plans.

Six Want Guarantee. Mr. McRoy for the Boston Americans on the telephone and was informed by the Red Sox president that the world's champions had decided not to make the trip unless they were given a guarantee and expenses. As the national commission representative could not give this he called the trip off to the great disappointment of the Philadelphia players.

The tentative plan for the trip was to call on the Red Sox at Chicago, Omaha, Denver and Salt Lake City. Requests for a game at Dubuque, Iowa, and Kansas City also had been received. Ten thousand dollars was guaranteed for a game at Kansas City.

CURLERS TO START WORK GREAT GAME

Games Committee Named; Skips Are Asked to Name Rinks.

Club Officials Predict the Greatest Curling Year in Duluth's History.

O. A. Kincaid, J. J. Foreman and W. A. Plamann were today announced as members of the Duluth Curling club's games committee for the season of 1915-16.

With the announcement of the personnel of the games committee came the statement that all skips would confer a favor upon the club by turning in the names of the members of their rink as soon as possible.

It looks as if winter is hovering around in the offing; they are getting ready to start curling at the club. According to the curling club officials, a large number of new members have already been secured by the club. More new members have been secured this early this year than were secured up to a much later date last season.

This fact and also the other untakable indications of interest, portend the greatest curling season in the history of the club.

It is believed that the curling club will have the greatest membership in its history and that the greatest season of curling in the history of the club will be enjoyed by the club members.

Secretary Hargreaves of the Northwestern Curling association believes that the annual bonspiel will be bigger than ever this year. More events will be held on the local curling draw this year than ever before. Several new trophies will be put up for competition.

"This will be the greatest curling season in the history of the club."

LOOKED FOR

Duluth and Superior to Settle Football Title at Athletic Park.

Cub La Joy and Manager McCauley Nearly Come to Blows.

Cub La Joy, manager of the Duluth Independent football team, and "Scotty" McCauley, manager of the Superior football team, met yesterday afternoon in Superior.

The rival managers started to talk terms for the football game of Sunday. The argument grew warm.

"My team can lick yours," cried McCauley, "and I can lick you."

The Cub was game at that. "Here's \$200 that I won on Boston that says Duluth beats Superior," came back the Duluth manager, "and don't you start anything either."

It required an entire week of argument for the details of the battle between Duluth and Superior to be settled. The details included a near fight between the managers, charges of burglary and declarations of unfairness. Two yesterday the hot-headed "Scotty" threatened to call off negotiations. It was only after each team manager had deposited \$200 as a forfeit for the appearance of the two teams at Athletic park Sunday afternoon that the game was assured.

For the forfeit were placed, Cub La Joy offered to let his football team as side bet on his team. McCauley declared he would think the matter over.

Real Battle Promised. La Joy announced that he would have fourteen policemen on the job. Why? The Bradleys, Bill and Dick, will be in the Superior lineup.

"Old Art" McCauley has taken his suit out of the closet where he flung it two years ago, and will be in the lineup Sunday. The one star of Superior, the white hope of their football expectations, the one star of Superior, will be pitted against big Schram. This Schram man violently likes the scales at 220 pounds. Arthur weighs around 210.

Back in the days when Johnny Geismann ran football on this side of the bay, Superior came over here several times to play football. The Bradleys and Bradleys have been the local champions since then. The Bradleys and Bradleys have been the local champions since then. The Bradleys and Bradleys have been the local champions since then.

Not only is there the intense desire upon the part of the Bradleys to get back at Duluth, and the desire of the Duluth team to get back at the Bradleys, but there is the further fact that the Bradleys have been the local champions since then. The Bradleys and Bradleys have been the local champions since then. The Bradleys and Bradleys have been the local champions since then.

This season Dick Bradley had an opportunity to go down to St. Louis, Col. and play football. He was the fastest team it has developed in the last few seasons. Little Caulkins had his men out for three hours last evening. The local backfield is about the best that has ever been put in the Duluth Independent eleven. The two Bradleys will be in the Superior backfield. Duluth's line will be out for a real test in stopping the Bradleys, who run the ends and fight and tear a line to shreds.

She promises to be some battle. Superior will send a huge delegation of fans over to root for victory. Over in the village they are getting ready already on the ice. They are getting ready already on the ice. They are getting ready already on the ice.

McCauley has the best of the players in Superior. Nick Hirsch will be on end and some of the normal and high school stars will be in the lineup. Caulkins is standing pat on the team that has had two wins this season, and in addition held the crack Banholzer team to a tie.

WASHINGTON HAS GERMAN ARRESTED

Bigamy Charge Is Made, But Surveillance Is Suspected.

New York, Oct. 15.—Count Max Lyran Louden, said to be a civil engineer, and inventor of military appliances, was arrested here yesterday afternoon on a charge of bigamy.

It was said at the detective bureau that while the nominal charge is bigamy, the arrest really was made at the request of the department of justice at Washington.

Capt. Louden, in a statement made to the district attorney's office previous to his arraignment, denied the charge, and said the only wife he had was the woman who was with him when the arrest was made. He also denied that he had married Minnie Wendt of Poughkeepsie, N. Y., or Mrs. Rose O'Brien of Albany, N. Y., two women mentioned in connection with his arrest.

Once in U. S. Army. Washington, Oct. 15.—Department of justice officials say that Max Louden has been under surveillance by agents of the bureau of investigation for several months because of various reports of alleged activities in gathering information about fortifications and armaments in the United States and the departure of steamships for European ports.

According to information at the department the man has lived in this country at different times for many years and once was a fighting man in the United States army. The count is well known to members of the diplomatic corps and thus have been reports that he was engaged in secret work for the German government.

FRANCIS JOSEPH'S MIND IS WEAKENING

Rome, Oct. 15, via Paris.—The idea of a new emperor for the Austro-Hungarian empire has been suggested by the condition of Emperor Francis Joseph is growing worse. The mind of the Austrian emperor, the newspaper says, is weakening and he is suffering from depression and has frequent spells of weeping.

TANLAC'S merit seems more like the magic of the Orient than man-made medicine

CHORUS OF 3,000 DULUTHIANS RISES IN PRAISE OF TANLAC

"What Is It?" "What Does It Do?"—Read Answer Here.

Ingredients Brought From Ends of Earth—Formula a Mystery.

"Tanlac." "What is it?" Every man and woman in Duluth now knows that Tanlac is a wonderful remedy for stomach, liver and kidney troubles, as well as for many other ailments. It is a household word in Duluth.

What is Tanlac? It is a proprietary medicine compounded of roots and herbs, collected from all corners of the earth. One of the most distinguished German chemists in America prepares Tanlac. The exact formula is of course a secret, but Tanlac is what he calls it.

Nearly 3,000 persons have been benefited by Tanlac in the last ninety days. They have told their friends about it, by word of mouth and through the newspapers, until today Tanlac is a household word in Duluth.

What is Tanlac? It is a proprietary medicine compounded of roots and herbs, collected from all corners of the earth. One of the most distinguished German chemists in America prepares Tanlac. The exact formula is of course a secret, but Tanlac is what he calls it.

For some time I suffered from catarrh of the head and stomach and also from bilious attacks. My symptoms were constipation, pains in the stomach and about every three months a serious attack during which I suffered from a complete loss of appetite and spent many sleepless nights. I saw Tanlac advertised in the newspapers, and bought some. After taking two bottles my condition is greatly improved. I eat anything I want, and sleep well, and it has relieved my catarrh of the head and stomach. I am sure it will do the same for anyone suffering as I did.

Three thousand Duluthians will support the claim, and three months from now the number may be swelled to 6,000 or 9,000.

WHILE TORDIFF "PURRED" SOME WAG REMOVED HIS FAVORITE MUSTACHE

But the Real Trouble Began When Insult Was Piled High Upon Injury.

When Tordiff Elquist of Zim laid down for a "purrr" in a West-Michigan street yesterday afternoon, a wag some wag removed a nice, flowing mustache which Tordiff has worn for many years with a pompous air.

It was one of those long, soft-haired affairs, drooping, graceful but rather dependent, which Tordiff has worn for many years with a pompous air.

On being aroused from his slumber, Tordiff, as he was wont, reached for his mustache instead of his purse. It was gone. All his money was intact. He eyed the crowd of laughing men suspiciously. Then he broke loose with some loud-voiced maledictions. His audience enjoyed the condemnation immensely. They had never before been abused in such an extravagant manner.

"Who do you think took your mustache?" called in a newly-arrived swarthy man from a logging camp near Virginia. "If I knew I'd fan the ceiling with him!" roared Tordiff.

"What I cannot understand," said one onlooker, who wore a white collar and had once been a school teacher, "why a man will want to wear hair on his face when it grows wild and wild. In these days of advanced sanitation the mustache has been relegated to the garbage can, where it properly belongs. The cave dwellers were then only because they could not help themselves. Civilized human beings long ago did away with the excess baggage."

Drinks were coming in flocks. The "roll" of the swarthy man was still far and Tordiff had plenty of "cup" from the sale of some cedar poles on his homestead.

Knowledge of Time. "You say you have worn that mustache for ten years?" "That being true, you should have a good knowledge of time."

A Bald Head—Only Indicates that the scalp has been neglected. We recommend that you use

Rexall Hair Tonic kills the germ that causes the hair to fall out and we keep the scalp healthy.

E. M. Fredway.

WHERE TO BUY TANLAC

Tanlac is sold in Duluth from the store of William A. Abbott, "the careful druggist," 219 West Superior street, where Claude J. Meredith, "the Tanlac Man," is in charge, ready to meet the public at any time and explain the merits of the remedy. It is also on sale at the Abbott branch stores, 101 West Fourth street, and 922 East Second street.

Tanlac is sold in neighboring towns and cities by the following exclusive dealers:

VIRGINIA—Casey & Pasternack. GRAND RAPIDS—R. R. Bell. CHISHOLM—Hays Drug Store. EVELLETH—City Drug Store. LAKE PARK—John Nelson.

HIBBING—City Drug Store. CROSBY—Jewell Drug Co. AITKIN—E. C. Trudgen. ELY—A. S. James. ZIM—S. W. Levin.

The exclusive local distribution of Tanlac is awarded to only one druggist in each city or town. Agencies in towns and cities in Minnesota not included in above list can be secured by communicating with Claude J. Meredith, "the Tanlac Man," 219 West Superior street, Duluth.

TANLAC HAS BROKEN ALL RECORDS IN DRUG TRADE

Duluth's Leading Druggist Amazed at Rapid Growth in Popularity.

Repeat Orders and Bona Fide Local Testimonials Are Responsible.

Tanlac has established a new record in the retail drug trade in Duluth. Duluth's biggest and most progressive druggist, William A. Abbott, is responsible for that statement.

Mr. Abbott is recognized as the Zenith City's leading druggist. He has three stores in Duluth, he is undoubtedly the most up-to-date and enterprising man in the retail drug trade. He makes the statement over his own signature that Tanlac has broken all sales records for a proprietary remedy in Duluth. In ninety days, 2,610 bottles have been sold, and the percentage of repeat orders has astonished even Mr. Abbott, who was in close touch with the reports made by the men and women using Tanlac. Here is what he wrote to Claude J. Meredith, "the Tanlac Man":

Duluth, Minn., Oct. 11, 1915. "Dear Sir: The biggest seller we have ever had is 'Tanlac.' In the past ninety days we have sold 2,610 bottles. For a preparation that had never been sold in Duluth before, this is remarkable. Nothing has ever approached it before in my experience in the drug trade. It is what he wrote to Claude J. Meredith, "the Tanlac Man":

"In our business dealings we have found you to be absolutely straightforward and dependable. Druggists in other cities and towns should be quick to secure the agency from you. You are certainly to be congratulated on placing 'Tanlac' in the undisputed front rank of proprietary medicines in this locality in so short a time. Very truly yours, W. A. ABBOTT."

Mr. Bloom resides at 2018 West Fourth street. He is employed as foreman for William T. Stewart, the cement contractor, and has been for nine years past. During that time he has had charge of hundreds of workmen, and few laboring men who have resided in Duluth any length of time do not know August Bloom as a fair and just "boss." Here is what Mr. Bloom told the Tanlac Man:

"I suffered from indigestion and loss of appetite, accompanied by sleepless nights. Tanlac was recommended to me by my employer and I purchased a bottle from Mr. Meredith. Since taking Tanlac my indigestion has entirely left me. I now eat well and my food agrees with me. I can sleep better than I have for years and when I awake in the morning I feel rested and full of energy, ready for a day's work."

"I recommend Tanlac to anyone who is suffering from indigestion as I suffered before I discovered this remedy."

diff decided to ramble, and he left for a nearby barber shop where he had the remaining stubs of his mustache shaved off.

Try Haley's family steak. It makes them smile.

ARMENIAN REFUGEES DYING OF DISEASE

Their Condition Is Pitiably, British Consul Reports.

London, Oct. 15.—Patrick W. Stevens, British consul at Batum Russia, trans-Caucasia, reports the arrival at Trumblah, Persia, and in the Caucasus of a large number of Armenian refugees from Asia minor. They are in a pitiable condition, Mr. Stevens reported, declare that Turkish troops have completely ravaged Sassun, thirty-five miles northwest of Bitlis, which was the scene of a massacre of Armenians by Kurds in 1894, killing a minority of the inhabitants and the defenders of the town. Only a handful fled to the mountains, where the refugees say they are doomed to perish.

The bishop of Bagra, writing from Echmiadzin, the seat of the patriarch of Armenia, and the monastery of which is the chief sanctuary of the Armenians, the consul says, reports that a large number of refugees have arrived there and at other points in the government of Erivan. They come chiefly from the Melnashert and Ardesh districts and Van. In all 150,000 refugees have passed through Ierid and Echmiadzin.

The pitiable condition of these people is indescribable. The daily mortality among them is about 100, due chiefly to dysentery and typhus. Medical detachments of Russian are attending them, but unless immediate relief comes, half of the refugees will die.

TWO SAMPLE TESTIMONIALS

Scores of Duluthians have freely testified to the merits of Tanlac during the last ninety days. Here are but two sample ones taken from the many:

O. H. Stenberg of 4801 Pitt street, qualifies as an "Old Settler" in Duluth. To pass as an "Old Settler" a Duluthian must have lived in Duluth since the Zenith City for twenty-five years.

Mr. Stenberg just qualifies. For ten years he owned stores at 10 East Superior street, and for five years following that he was in the hotel business in Duluth. He has returned to merchandising. During the quarter of a century he has lived in Duluth, he has made a host of friends who will be interested in his experience with Tanlac. Here is what he says:

For some time I suffered from catarrh of the head and stomach and also from bilious attacks. My symptoms were constipation, pains in the stomach and about every three months a serious attack during which I suffered from a complete loss of appetite and spent many sleepless nights. I saw Tanlac advertised in the newspapers, and bought some. After taking two bottles my condition is greatly improved. I eat anything I want, and sleep well, and it has relieved my catarrh of the head and stomach. I am sure it will do the same for anyone suffering as I did.

Sixteen years' residence in Duluth adds weight to the testimonial which August H. J. Bloom gave to the Tanlac Man.

Mr. Bloom resides at 2018 West Fourth street. He is employed as foreman for William T. Stewart, the cement contractor, and has been for nine years past. During that time he has had charge of hundreds of workmen, and few laboring men who have resided in Duluth any length of time do not know August Bloom as a fair and just "boss." Here is what Mr. Bloom told the Tanlac Man:

"I suffered from indigestion and loss of appetite, accompanied by sleepless nights. Tanlac was recommended to me by my employer and I purchased a bottle from Mr. Meredith. Since taking Tanlac my indigestion has entirely left me. I now eat well and my food agrees with me. I can sleep better than I have for years and when I awake in the morning I feel rested and full of energy, ready for a day's work."

"I recommend Tanlac to anyone who is suffering from indigestion as I suffered before I discovered this remedy."

Pimples and Skin Eruptions Danger Signs of Bad Blood

It May Mean Eczema, Scrofula—The First Signs of Inherited Blood Disease

Pimples, scaly itching skin, rashes, burning sensations and scrofula denote with unfailing certainty a debilitated, weakened and impure state of the blood. The trouble may have been in your blood from birth, but no matter how you were infected, you must treat it through the blood. It is a blood disease. You must use S. S. S., the standard blood tonic for 50 years, if you expect certain relief. For purifying the system, nothing is equal to it. The action of S. S. S. is to cleanse the blood. It soaks through the system direct to the seat of the trouble—acting as an antidote to neutralize the blood poisons. It revitalizes the red blood corpuscles, increases the flow so that the blood can properly perform its physical work. The dull sluggish feeling leaves you—the complexion clears up. Even long standing cases respond promptly. But you must take S. S. S. Drugs and substitutes won't do. Get S. S. S. from your druggist. If yours is a special case and you need expert advice, write to S. S. S. Co., Atlanta, Ga.

How To Save A Dollar—Told by the Newark Shoe Maker

THE same principle that makes an automobile cost considerably less when produced by the hundreds of thousands—that same principle is what saves you a dollar on every pair of NEWARK shoes—QUANTITY PRODUCTION.

RETURNED FROM STRANGE REGION

Curious Tribe Met By Members of Siberian Expedition.

(Correspondence of the Associated Press.)
London, Oct. 1.—The last members of the Siberian expedition promoted by the Oxford university's school of anthropology and the Philadelphia university museum have returned to London with a rich collection of material and new information about a strange region. Czapliska, a native of Russian Poland, was the leader of the

party, assisted by H. A. Hull of Philadelphia as ethnologist, Miss Curtis, an artist, and Miss Hamilton, an ornithologist. They set out from London a year ago last May.
The most curious tribe met in their travels was the Tungus, a primitive nomad people of the Mongolian type who live apart to themselves, have only vague notions about the Russians and the czar and no system of writing. They live in wigwams and have no occupation other than the breeding of reindeer and the hunting of white foxes. Their religion is a belief in good and evil spirits.
A large collection of costumes, weapons, implements and copper and iron ornaments was brought home by the expedition.

D. C. H. S. INDUSTRIAL CLUB ELECTS OFFICERS

Members of the Industrial club of the Central high school elected offi-

cers for the ensuing term at the first meeting of the year yesterday. Clarence Thomas is the new president; James Anderson, vice president; Irving Auld, secretary, and Milton Auld, treasurer. Raymond Brenton is the new publicity manager.
Duluth business men gave practical talks on manual training at several meetings of the club last year. This year the talks were given by different method and club members will make first-hand investigations along special lines and report at meetings.
This is the only organization in the city which is organized to do with the manual training work.

FOR RELIEF OF
WAR VICTIMS

More Than 1,400 Charitable Societies Working in Paris District.

(Correspondence of the Associated Press.)
Paris, Oct. 15.—There are now in the district forming the entrenched camp of Paris 1,448 charitable organizations working for the relief of victims of the war and more than 400 hospitals, which afford accommodations for about 40,000 wounded.
The four regular military hospitals, the most important, have now forty annexes. The Red Cross hospitals number about 300 and there are 28 convalescent establishments, 9 for the war and more than 400 hospitals, which afford accommodations for about 40,000 wounded.
The workrooms for unemployed women have multiplied to a greater extent than the hospitals, now numbering 520.
There are 228 different societies looking after the needs of refugees, 69 employment offices, 15 free dispensaries and 155 various organizations for the distribution of clothing and for lodging and feeding the needy.
Besides these organizations for material relief there are numerous groups, not registered, whose purpose is to provide cheer and comfort to soldiers at the front.

HONG KONG PAPERS ARE PESSIMISTIC

Do Not Like Change of Chinese Republic Into Monarchy.

(Correspondence of the Associated Press.)
Hongkong, China, Sept. 3.—Hongkong papers are pessimistic in their discussion of the proposed change of the Chinese republic into a constitutional monarchy, as suggested by the Peace Preservation society.
The South China Press says: "It should be time enough to five years hence, when the republican system has had a fair trial, to discuss such a dangerous topic. It is fully realized that the reforms promised by the new administration are slow progress. This has been due to the feeling of the insecurity following a period of strife, to the magnitude of the reforms them-

selves, and to the ignorance of the masses than to the lack of will. The Chinese and his loyal adherents in Hongkong are not in a position to take any action—or otherwise—it cannot be said that the promoters of the Peace Preservation society have selected the most suitable time to start their propaganda. Conditions throughout the world are far from settled. China cannot expect to receive at this time the benefit of outside support for a radical change. But apart from that, the Chinese revolutions are of too recent date for the advantages or disadvantages of the new system of government to have been proven. Chinese newspapers, published in foreign concessions, where greater liberty of expression is enjoyed, are almost entirely opposed to the proposal, chiefly on the ground that they fear ultimate absorption by a foreign power, which has greater ambitions in this country."

TWO PER CENT OF ALL
CANADA IN THE WAR

Eight Thousand Men Are Killed or Incapacitated in Action.

Ottawa, Ont., Oct. 15.—Enlistment figures made public here show that 164,000 men have been enrolled in Canada for overseas service since the beginning of the war. Of these 33,000 men have been sent across the Atlantic.
Another 50,000 men will be enlisted, it was announced, as soon as the war office gives the word. The first contingent of reinforcements totaled 48,486.
The enlistment constitutes about 2 per cent of the total population of men, women and children.
The names of 12,000 Canadians have appeared on casualty lists, and of these a third have returned to the fighting line.

Fund for Soldiers' Wives.

A campaign to raise \$7,500,000 for the Canadian patriotic fund has been inaugurated. It was announced last night. The fund is being used to support wives and families of Canadians fighting at the front.
During the first year of the war subscriptions to the fund totaled \$5,250,000. With additional men enlisting and being sent forward, a larger amount will be required for the coming year.
By Christmas it is expected that families of from 25,000 to 30,000 men will require weekly assistance from the fund. The subscriptions are entirely voluntary.

Our Jitney Offer—This and 5c.

Sold everywhere.

IN THE BUSINESS WORLD FINANCE—REAL ESTATE—BANKING JOBGING—MANUFACTURING

BUTTER IS EXPORTED

Duluth Sending Shipments to Help Supply European Demand.

Eggs Are Higher—Apple Prices Will Probably Be Advanced.

"Business is good all through the Eastern states and the leading business men are feeling optimistic," said Henry Bridgeman of the Bridgeman-Russell company today, on his return from a trip to New York.
Dealers in dairy products and eggs are feeling cheerful these days for the reason that the markets are advancing and that there is every reason to look for a heavy export trade from now on through the winter months, he averred.
Consumption of butter in the East has found to be estimated at between 20 and 40 per cent heavier than a year ago, due mainly to the fact that labor is well employed in the various industries, and that workmen are consequently in a position to live better.
Supplies of butter are large at the present, the quantities in the Associated warehouse on Oct. 1 being 84,494,000 pounds, or 23,134,000 pounds more than a year ago, but dealers feel assured that the larger domestic requirements and export demand will readily take care of it all.
On that point, together with the usual falling off in make at this season, the market in butter is growing stronger. Dealers in the East feel convinced that England will be compelled to buy butter heavily in this country to make up the cutting off of supplies from Denmark, owing to the war.
Henry Bridgeman was informed in New York that 55,000 tubs of butter had thus far been sold for export, of which, however, 6,500 tubs have been shipped out thus far.
"We have already sold a lot of butter, supposedly for shipment to Liverpool, so that Duluth is not being also in the running for foreign business," said Mr. Bridgeman. "Our shipments of butter to the East are in the package freight steamers have been larger up to the present than for the whole of last season. This is an indication of the solid development taking place in the dairy industry in the Northwest."
Butter quotations are up a cent to 22 1/2 cents a pound for the best creamery.
Eggs have been advanced 2c to 30¢ a dozen for the late article. It is interesting to note that the Associated warehouses reported 1,377,200 cases of eggs in store on Oct. 1, an advance of 454,000 cases over last year. The New York market for eggs this year is evidenced in a reduction of the excess to the extent of 232,000 cases during the month.
Apples Will Be Higher.
Making a tour along Michigan street, it will be found that supplies of sea-sonable fruits are abundant. Apples are plentiful just now, according to the Pittsimmom-Palmer company. The demand for the earlier varieties is reported to have been heavy, due to the good quality of the fruit, and the low prices prevailing. Higher quotations are predicted for the late varieties, as supplies on account of supplies not being as large as last year. The first car of New York winter apples is expected on the Duluth market at the beginning of next week.
Grapes are selling cheaper, but no material declines are expected. New material is looking for. The bulk of the grapes are thought to be as low now as they will be during the balance of the season.
Potatoes Prices Up.
Everything in home-grown green vegetables is reported to be cleaned up as shipments from California will not be received for a time yet, that market is bare at present.
Quotations in fancy Minnesota potatoes have taken a jump of 15 cents a bushel to 65 cents, and further advance is looked for. The bulk of the potatoes is attributed to the fact that the late stock is showing considerable damage through wet weather and the early frosts. Cabbage prices are up slightly, and the movement in that vegetable is good. Dealers say that cabbage supplies are unusually heavy this year, and that its keeping quality will be good owing largely to the frosts having taken the heat out of the heads before they were gathered in.

In the state have a comparatively small amount of grain in storage. Up to the present, the railroads have been able to handle all the grain offered for shipment, with no delay. The distribution of cars is said to be very complete just now. Thrashing is in progress again throughout the state, but there is a demand for more thrashing machines in the western end of the state. Farmers and commercial organizations in that section of the state have made appeals to machine owners in the eastern section, where operations are nearing completion.

PAPER PRICES ARE SOARING SKYWARD

Building and Wrapping Paper Market Especially Strong; Rags Scarce.

Prices in many lines of paper and stationery are soaring and dealers feel certain that quotations will go higher yet. That condition has been brought about through the steadily rising market in raw cotton and the scarcity of rags.
"The building and wrapping papers market has been especially strong during the last few weeks," said C. U. Reitan, manager of the Duluth Paper & Stationery company today. "The demand for building paper has increased owing to the great extension of building operations over the country. With adequate supplies of rags difficult to obtain, higher prices have followed and it looks as if we have not yet seen the top of the bulge. Similarly, cotton twine and other goods, which that product enters, have been going up and manufacturers predict further advances in their lists."
Mr. Reitan averred that his company has booked the largest volume of orders for building papers and holiday goods in the history of the business. The market in those lines on and prospects of a furtherance of activity in building work continuing for some time, the trade over the Northwest is showing a disposition to order more freely. Trade in Northern Michigan has shown marked improvement during the last few months owing to the revival in the copper mining industry, and the company is consequently arranging to put on an additional traveler over that territory.

SOUTH AMERICA IS EAGER FOR TRADE

Secretary McAdoo Talks of Statements Made to Him.

St. Louis, Mo., Oct. 15.—Secretary of the Treasury McAdoo in an address here yesterday said that the South American countries were begging the United States to seize the opportunity of supplying them with products they have been getting from Europe, and that delegates to the recent Pan-American conference told him their governments would be willing to subscribe to the capital stock of a corporation which would provide ships to ply between the United States and South American ports. He said a merchant marine was necessary as an adjunct of the navy, and that 400 merchant ships would be necessary. Auxiliary vessels if the navy were to utilize its present maximum strength.

CONTROL CHANGES ON THE ROCK ISLAND

Chicago, Oct. 15.—Voting control of the Chicago, Rock Island & Pacific Railway company which is in the hands of a receiver, passed from the hands of the Reid-Moore interests yesterday. Seven directors approved by Nathan L. Amster, head of the share-holders, will be elected to the board of directors, which consists of thirteen members. Mr. Amster is reported to have spoken guardedly of financial plans for the company.
"I don't want to prophesy what the board will do," he said, "but an issue of preferred stock seems to be the plan most thought of now. The stock at present—\$75,000,000—and one of the best engineers in the country, who has investigated the property, says that a greater capitalization would be justified."
The new directors are Edmund D. Hubert, Charles G. Dana and John G. Shedd, Chicago; John A. Gorton and William B. Thompson, New York; Nathaniel French,avenport, Iowa, and Joel W. Burdick, Pittsburgh.
The secretary of the meeting was unanimously instructed to vote the proxies for 440,624 shares as one for the directors named. The annual report was not ready for presentation but will be ready, it was said, in a fortnight.

ENORMOUS EARNINGS.

United States Steel Will Net \$50,000,000 in Current Quarter.
Steel manufacturers are predicting that the United States Steel corporation will be able to show earnings of \$50,000,000 in the current quarter, or at the rate of \$200,000,000 a year. Financial experts point out that if the corporation could maintain its present basis of earnings for a year, it would be able to pay 7 per cent on its preferred stock and 5 per cent on its common stock and still have a surplus of \$100,000,000. It is intimated that the question of resuming dividends on the common stock is likely to be taken up at the January directors' meeting.

TELEGRAPH COMPANY SAVES ON EXPENSES

New York, Oct. 15.—The Western Union Telegraph company's quarterly report shows the company's net income for the nine months ending Sept. 30, this year, is double the net income for the same period in 1914. The total revenues for the nine months ending Sept. 30 were \$37,653,422, as compared with \$25,486,659 for the same period in 1914, an increase of \$12,166,763. The operating expenses for the nine months, including maintenance, repairs, rent of leased lines and taxes, amounted to \$20,022,272. For the same period in 1914, the expenses exceeded this year's by \$525,273.

SMALL FRENCH SUCCESSES POSSIBLY OVERSHADOWED BY GERMAN GAIN IN VOSGES

BRITISH LINE IS UNCHANGED, LONDON SAYS

Strong Resistance to Invaders Is Made By Serbia.

Defensive Measures at London Still Are Being Criticized.

Paris Tells of Repulse of Attacks in Lorraine.

London, Oct. 16, 12:20 p. m.—On the western front the chief activity is reported along the French line, where small French advances have been made, if not overshadowed, by German gains, the French being forced to surrender some trenches in the Vosges under a heavy bombardment and a far-flung infantry attack. The Germans also have gained some ground in the Champagne region.

The British front has undergone no changes, according to Sir John French, the British commander-in-chief, although the Germans officially claim to have recaptured many of the trenches taken Wednesday by the British on the Loos front.

Reciprocal war decisions between Bulgaria and Great Britain and Serbia, together with King Ferdinand's manifesto to the Serbian people defining Bulgaria's cause and intention, have marked another phase of the Balkan situation which is slowly emerging from obscurity.

Greece's decision not to join forces with Serbia "at present," although causing profound disappointment in England as he regarded many London commentators as equivocal and as violating the obligations to Serbia, has at least been announced as permitting of no further doubt as to the immediate position of affairs which, however, circumstances might alternate at any moment.

Roumania remains the only Sphinx-like figure in the Balkans. She, according to a telegram received in Paris from Bucharest, has decided to maintain strict neutrality, but this is not taken in London to be a definite answer.

Serbian Resistance Strong. Field Marshal von Mackensen's campaign against Serbia is developing with (Continued on page 5, fifth column.)

LONDON RUNS ALL BUYING

Close System of Handling Business Arranged By Allies.

Russia's Only Breach of Arrangement Caused Trouble.

New York, Oct. 16.—Of the millions of dollars spent in this country by the allies for various supplies, not a dollar, it is learned authoritatively, can be spent without first obtaining official sanction of the British government. This sanction is obtained from a committee sitting in London and holding frequent sessions.

Although the committee has been in operation for many months, its existence has not heretofore been generally known outside of governmental circles. Only once so far as can be learned—and that was in the case of the purchase of all war supplies in what was the mandate of this body been disregarded.

Personal Never Published. The personnel of this committee has never been published and probably never will be. It consists, however, of representatives of each of the allied nations, from Great Britain to Montenegro; controls absolutely the purchase of all war supplies in what ever section of the world they may be bought; acts as a financial check and supervisor over all the war chests of all the allies, and seeks to eliminate possibly competitive bidding on (Continued on page 5, fifth column.)

HE WOULD REORGANIZE THE RECRUITING SYSTEM

LORD DERBY, Who Wants the British Recruiting Campaign Taken From the Military Authorities and Turned Over to Civilians.

OVER DOZEN DIE IN WRECK

Motor Train on Union Pacific Plunges Over Bank.

Heavy Rains Wash Away Abutment and Cause Accident.

Kansas City, Mo., Oct. 16.—At least fifteen persons were killed and many were injured today when motor train No. 679 on the Union Pacific railroad plunged down an embankment near Randolph, Kan. A washout caused the accident.

One of the cars on the train was partly submerged in Fancy creek, a local stream, and most of the dead were drowned.

This information came to the Union Pacific offices in Kansas City today. While but scant details were available, it was known the motor train on the train met death with his passengers.

The train, which carried two cars, left Manhattan early this morning for Marysville, with about seventy-five passengers.

Car Fell Into Stream. A three-inch rain fell in the vicinity yesterday. The accident occurred near the approach to the bridge over Fancy creek, where the track had been washed away. Both cars plunged down the high embankment, the first (Continued on page 5, fifth column.)

DERBY WOULD ALTER RECRUITING SYSTEM

English Peer Wants Civilians to Take Up the Work.

London, Oct. 16.—Recruiting is to be taken entirely out of the hands of the military authorities and intrusted exclusively to civilian organizations. This, in a nutshell, is the scheme by which the Earl of Derby, director of recruiting for the army, hopes to secure a sufficient number of voluntary enlistments to render recourse to conscription unnecessary. He described the new system at a private conference with the parliamentary recruiting committee and the joint labor recruiting board.

"The changes that I propose making," said Lord Derby, "have not been necessitated by any shortcomings on the part of the recruiting staff, but by the exigencies of the present situation which, to my mind, require entirely new methods of dealing with the subject. In the past recruits have been found by military authorities, assisted by civilians. I propose to make civilians responsible for bringing raw material in the shape of recruits to the military authorities for them to enlist, clothe, equip and train."

ALL PAN-AMERICANS APPROVE CARRANZA

Conference on Form of Recognition Will Be Held on Monday.

Washington, Oct. 16.—Favorable responses were received today from all the governments participating in the Pan-American conference, which decided to recognize Gen. Carranza, Secretary Lansing has called a meeting of the conferees next Monday to arrange the form of recognition. Argentina, Bolivia, Uruguay and Guatemala replied yesterday. Today favorable word came from Brazil and Chile. Each of the ambassadors and ministers had reported to his government the decision of last Saturday's conference and instructions received since then are in the nature of a ratification authorizing the diplomats here to arrange the extension of actual recognition. Inasmuch as some of the countries have diplomatic representatives in Mexico, a renewal of relations in an official manner can be arranged in Mexico.

RETIRED ADMIRAL FACES NAVAL TRIAL

Little Accused of Carelessness and Neglect in Inspection.

Washington, Oct. 16.—Rear Admiral William N. Little, retired, today faced trial by court-martial on charges involving neglect and carelessness in the conduct of his duties while inspector of machinery at the Fore River Shipbuilding company, Quincy, Mass., in connection with the construction of the submarine U. S. S. K-2. He will be tried in Boston beginning Oct. 18. The order for the trial, issued by Secretary Daniels, followed an inquiry into the source of trouble in vessels of the K-2 class. In explaining his reason for action against an officer who has been retired after attaining the highest rank on charges relating to duties performed prior to retirement, he said that it indicated the department's determination to have the construction of ships conducted with the greatest care.

According to navy officials, trouble with the submarine's storage batteries developed since her acceptance in January, 1914. Defective installation, it was said, caused short circuiting.

Killed Looping Loop. Buenos Aires, Argentina, Oct. 16.—Francisco Beltramo, while attempting to loop the loop in an airplane here today, fell to the earth and was killed.

SOME GOAT.

Lighthouses on the Bulgarian coast have been extinguished. Dedegatch, Bulgaria's principal port on the Aegean sea, has been forbidden except in the daytime, when a pilot is required. All Bulgarian ports are said to have been mined.

GERMANS CAPTURE CARGO OF COTTON

Stockholm, Oct. 16, via London, 2:48 p. m.—The Norwegian steamship Tyr, loaded with cotton and bound from Bergen, Norway, for Copenhagen, Denmark, was captured today by a German warship in the Cattegat, a strait of the North sea between Sweden and Jutland.

TAKE DVINSK AT ANY COST, IS ORDER

Petrograd, Oct. 16, via London, 2:47 p. m.—With the exception of Dvinsk, on the northern end of the Russian battle front where fierce artillery battles continue, the Germans appear to be on the defense along the entire eastern front.

Russian military officials say they have obtained information that the German armies have been ordered to take Dvinsk at any cost. German attacks at this point have been made with the utmost impetuosity under cover of a terrific artillery fire, but so far they have been unable to break down the Russian defense. The German losses are reported to have been extremely heavy.

GERMANS CAPTURE CARGO OF COTTON

Stockholm, Oct. 16, via London, 2:48 p. m.—The Norwegian steamship Tyr, loaded with cotton and bound from Bergen, Norway, for Copenhagen, Denmark, was captured today by a German warship in the Cattegat, a strait of the North sea between Sweden and Jutland.

GEN. VILLA REPORTED DEAD AT CASAS GRANDES; KILLED DURING REVOLT OF HIS MEN

Mexican and American Both Bring Story of Affair.

Gen. Fierro, Slayer of Benton and Others, Is Drowned.

El Paso, Oct. 16.—Reports current here for twelve hours that Gen. Francisco Villa, chief of the convention forces, had been arrested by his own men at Casas Grandes, convicted and put to death, could not be authoritatively confirmed here today. Messages from Gen. Villa in his private code were received at Juárez at 4 o'clock yesterday afternoon. The messages related to business with his representatives at Juárez.

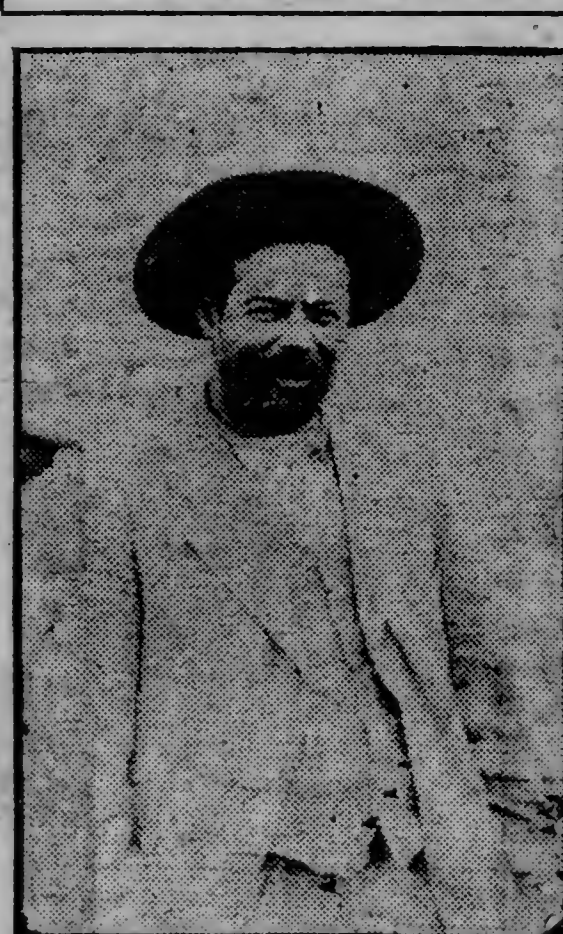

The report that his executioner, Gen. Rodolfo Fierro, was dead, was received over the military wires from Casas Grandes. It stated briefly that Fierro had been drowned while fording a river; that his horse slipped and the general was swept down a stream. A Mexican passenger from Casas Grandes arriving Thursday night was said to have brought the first word of Villa's death but his story became public only late yesterday, when it received apparent confirmation from an American arrival, who said he had been so informed by a railroad employee.

Story of Villa's Death. The Mexican story was that Gen. Villa had demanded money of a subordinate, who, on refusing, was shot by the Northern chieftain. A revolt occurred, the story continued, in which 7,000 Mexicans arrayed themselves against 2,000 who sided with Villa. In the fighting, General Villa was killed, said the Mexican.

Gen. Fierro was one of the most picturesque and most audacious leaders produced by the Mexican revolution. Formerly a bandit, he turned brigand, robbing an express train at Lampasas, Mexico, between Laredo and Monterrey. Even there he never was prosecuted for he eluded his pursuers and escaped to the hills.

When the revolution broke out Fierro joined Villa's cause and won the esteem of his commander at the battle of Torreon and Zacatecas. Subsequently he became known as Villa's lieutenant and was given command of the army of the north. He was reported to have been killed by a railroad employee.

BULGARIANS SEEK TO CUT SUPPLY LINE

Forty Thousand Have Begun Attack on Bridge.

Athens, Friday, Oct. 15, 8 p. m., via Paris, Oct. 16, 11:50 a. m.—Forty thousand Bulgarian troops, with artillery, are reported to have begun an attack on the Iliada bridge, between Valandovo, on the railroad running from Saloniki into Serbia and Hoydovo. The point of attack is about twenty miles north of the Greek border. The Bulgarians apparently are attempting to cut railway communication and prevent the Entente allies from forwarding troops and supplies for the assistance of the Serbians.

Lighthouses on the Bulgarian coast have been extinguished. Dedegatch, Bulgaria's principal port on the Aegean sea, has been forbidden except in the daytime, when a pilot is required. All Bulgarian ports are said to have been mined.

TENSION EXISTS IN THE BRITISH CABINET

London, Oct. 16, 3:28 a. m.—According to the Times and the Daily Mail, tension exists in the British cabinet over the questions of conscription, the Balkan situation, and the Dardanelles expedition, while there is gossip over the continued absence of Sir Edward Carson, the attorney general from the cabinet meetings. He has not been present at any of the three meetings held this week.

There is a feeling of dissatisfaction among the members of parliament at the inadequacy of the explanation of the Balkan situation given Thursday by Sir Edward Grey, British foreign minister. As a result, there are demands that the government give the house of commons an opportunity to discuss the matter, and also for the government to make a frank statement on it.

Says Carson Resigned. London, Oct. 16, 3:57 p. m.—Notwithstanding the recent denial of Sir Edward Carson, the attorney general, that he had resigned, the assertion is made by the parliamentary correspondent of the Daily News that he has given up his office. Announcement to this effect is withheld by the government, the correspondent says, because of its hope that in the interests of unity he may be persuaded to withdraw his resignation, the reason for which, it is said, has not been ascertained.

TURKS' BOMBS CAUSE FIRE IN TRENCHES

Nothing of Importance on the Dardanelles Front.

Constantinople, Oct. 16, via London, 12:10 p. m.—An official communication issued today by the Turkish war department says:

"Nothing of importance has occurred on the Dardanelles front. Near Anafarta and Ari Burnu there was from time to time reciprocal rifle and artillery fire.

Near Seddul Bahr our bomb throwers on our right wing caused a fire to break out in the enemy's trenches. Our artillery silenced enemy artillery which was shelling our left wing near Teke Burnu, and a fire lasting an hour broke out in the enemy camp. Elsewhere there is nothing to report."

Serbs Transfer Capital. Milan, via Paris, Oct. 16.—The seat of the Serbian government has been transferred to Mitrovica, near the Montenegrin frontier, according to a dispatch to the Secolo from Bucharest.

SUMMARY OF THE WAR NEWS

Russia has not formally declared war on Bulgaria, but regards herself in a state of war with that country, dating from the time Bulgaria is asserted to have attacked Serbia, the foreign office at Petrograd announced today.

A special dispatch to Cologne from Athens asserts that the Russian and Italian ministers are preparing to leave Greece.

Russian military officials declare they have learned that German orders are that Dvinsk must be taken at any cost.

A German warship has captured the cotton laden Norwegian steamer Tyr, bound from a Norwegian port to a Danish port, a Stockholm dispatch says. The capture was effected in the Cattegat between the Danish and Swedish waters.

Hard fighting has been in progress on the Lorraine front, where the French declare they have repulsed several German counter-attacks on trenches French troops captured yesterday.

Repulse of a strong German attack between the Linge and the Schrammensee in the Vosges also is reported by the Paris war office.

Athens dispatches say 40,000 Bulgarian troops are reported attacking a railroad bridge between Valandovo and Hoydovo on the line from Saloniki, about twenty miles north of the Greek border.

Unrest in the interior of Bulgaria is reported in special dispatches through Bucharest. Many officers of pro-Russian sentiments have retired from the army, it is declared.

Only unimportant operations at the Dardanelles are recorded by the Turkish war office.

Mexican and American Both Bring Story of Affair.

Gen. Fierro, Slayer of Benton and Others, Is Drowned.

STEEL CONCERN IS TO PASS TO SCHWAB

Control of Pennsylvania Company Is Reported Disposed of.

Philadelphia, Oct. 16.—Control of the Pennsylvania Steel company, which operates a steel plant at Steelton, Pa., and shipyards at Marrows Point, Md., is soon to pass to interests headed by Charles M. Schwab of the Bethlehem Steel company, according to information obtained from well-authenticated sources here.

The board of directors of the Pennsylvania company held a special meeting yesterday, and although nothing official was given out, it was stated by persons close to the management of the two concerns that the company had authorized the sale to Mr. Schwab of the \$17,131,500 Pennsylvania Steel stock owned by the Pennsylvania Railroad company. The purchase price was said to be \$100 a share for the preferred and \$125 for the common.

DR. MITCHELL

300 COLUMBIA BUILDING.
Electro Magnetic Specialists—A Record of 20 Years of the Most Remarkable Cures in Duluth.
The cures that Dr. Mitchell has made are very remarkable. Many have been published in the daily papers the past fifteen years, and but for reliable witnesses, would hardly be credited. The lame have thrown away their crutches and walked about after one or two treatments; the sick that have tried everything else and given up to die have been restored to health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear. Headaches, nervousness, fevers, coughs, colds, asthma, catarrh, bronchitis, affections of vital organs are easily overcome in a space of time that is simply marvelous. Paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. Dr. Mitchell's treatments purify the entire system and perfect health is restored.

ORDEAN IS DIRECTOR

Is Elected to Board of the Great Northern Railroad.

Accepts Because of Long Friendship for James J. Hill.

The first Duluthian ever honored by being elected the director of a transcontinental railroad has just been chosen by the Great Northern road, in the person of A. L. Ordean, president of the First National bank of this city and widely interested in other lines of business in Duluth.

Mr. Ordean was elected to the directorate on Thursday at the annual meeting of the board of directors, held in St. Paul. He fills the place on the board made vacant by the death of Samuel Thorne of New York, who of Minnesota returned this morning from St. Paul, where he has been attending the annual meeting. Pierce Howe of Minneapolis, Ralph Budd of St. Paul and Edward T. Nichols of New York were re-elected to the directorate. Mr. Ordean's election makes the board complete.

The election of the Duluth banker came unsought. Mr. Ordean was inclined to accept it only because of his close personal friendship with J. J. Hill, and the fact that they have been closely related in business during a long term of years, and as an indi-

A. L. ORDEAN.

cal of his standing with the Hill interests, it may be said in passing that Mr. Ordean was one of the main factors in the acquisition of ore lands by the Great Northern.

Others Refused.
Mr. Ordean has been opposed to taking on more responsibilities for a number of years past, and has refused invitations to become director in a number of large corporations, notably the Mutual Life of New York, perhaps the largest corporation in the world. But with the Great Northern road it was different, for it is a Western concern, and as Mr. Ordean views it, Duluth is vitally interested in the welfare of the road and the road is vitally interested in the welfare of Duluth. Mr. Ordean has been for a long period one of Duluth's pre-eminent leading business men and bankers.

UNLICENSED PHARMACISTS

State Board Makes Three Arrests in Duluth Drug Stores.

Starting a campaign against drug stores employing unlicensed pharmacists, representatives of the state pharmacy board yesterday swore to complaints against three big Duluth stores, and three arrests were made this morning.

Melvin Ford, employed by the Grand Avenue pharmacy, 5639 Grand avenue, pleaded guilty to selling a small quantity of tincture of iodine to Charles Tupper, a pharmacist, for a fine of \$50 and costs or serve thirty days at the work farm. The fine was paid. S. J. Nygren, proprietor of the City Drug store, 1505 Broadway, pleaded guilty to selling a small quantity of tincture of iodine to Charles Tupper, a pharmacist, for a fine of \$50 and costs or serve thirty days at the work farm. The fine was paid. Charles Pliska, employed at the Orpheum pharmacy, Second avenue east and Superior street, pleaded guilty to a charge of selling spirit of nitro to Charles Tupper.

In each case the warrants were sworn to by Louis O'Malley, special assistant to the state's attorney general, and complaining witness was Charles Tupper.

In the cases of Nygren and Pliska, Judge F. H. Cutting held bail at \$50 and set their hearing for Nov. 2. Attorney R. M. Hughes, appearing for Pliska, demanded a jury trial.

These arrests, made after investigation by members of the state pharmacy board, are the first ones of that nature this year. The board has started a state-wide campaign to prevent clerks in drug stores who are not licensed pharmacists from selling drugs of any kind.

ROUMANIA DECIDES TO REMAIN NEUTRAL

Bucharest, Wednesday, Oct. 13, via Paris, Oct. 16, 3 a. m. (delayed in transmission).—The cabinet, after again meeting over the war situation today, made a pronouncement in favor of Roumania maintaining neutrality. All necessary military precautions have been taken on each of Roumania's frontiers. The presence of two German submarines at Varna, Bulgaria's chief seaport, has not been confirmed.

SUCCESSORS ARE NAMED

County Treasurer Vivian Fills Vacancies in His Office.

O. J. Ethier of Stuntz Township Will Be Chief Deputy.

Announcement was made by County Treasurer George H. Vivian today of the appointment of two deputies in his office to fill the vacancies caused by the removal of Joseph T. Nelson, chief clerk and cashier, and Gust L. Wedin, deputy and cashier, and Gust L. Wedin, bookkeeper and assistant cashier, following a disclosure of an alleged shortage of \$3,100 in their accounts.

The county treasurer has appointed O. J. Ethier of Stuntz township to fill the position of chief deputy and cashier in place of Mr. Nelson and has selected Mr. Wedin to fill the position of deputy and cashier. Both are well known in Duluth and on the ranges and have been highly recommended. Mr. Ethier for several years has been connected with the Corrigan-McKinney company of Cleveland, and

known operators on the Mesaba iron range. A few years ago when the company maintained offices in Duluth, Mr. Ethier was employed in the capacity of chief clerk and cashier. Later he went to Cleveland and was afterwards transferred to the big Stevenson mine in the county, where he has been located for the last twelve years. During the first two years at the Stevenson mine, he was employed as chief clerk and cashier in the office for the management of all of the company's properties on the Mesaba and Gogebic ranges. Following the death of the late Amos Shepard ten years ago Mr. Ethier was appointed assistant superintendent of the Stevenson mine. The late Mr. Shepard at the time of his death was general superintendent of this property.

The Stevenson mine has not been operating this year and probably will not be operated for several years to come. For the last five years he has been in the office and operating end of the mining industry, it is believed will make him a very valuable addition to the county treasurer's office. County Treasurer Vivian and the public are especially pleased to have him being able to secure his services at this time.

Mr. Pearce was formerly chief clerk for the Otter Iron Mining company at its Mountain Iron offices. Six years ago he was transferred to the Duluth Diamond Drilling company and moved to this city. During the last year he has been in the employ of C. Francis Coleman, Duluth real estate and insurance operator, which work he is leaving for a position in the county treasurer's office. Both of the appointees are married men. Mr. Ethier is a brother-in-law of Col. H. V. Eva, secretary of the Duluth Commercial club.

WAS "GUILTY OF WALKING ACROSS YARD"

Two special officers of the Great Northern railroad pursued Edward J. Johnson, 29, across the railroad yards last night, and on two occasions found that box cars containing wheat had been tampered with.

A minute later they decided that Johnson looked like the breaker-in, and brought him to police headquarters as a larceny suspect.

Johnson, who was walking across the yards, Johnson told the judge in municipal court yesterday.

He was sentenced to pay a fine of \$5 and costs for trespass, or to serve seven days at the work farm.

IOWA ROBBERS GET AWAY FROM POLICE

Shoot Their Way Out of One Town—One Caught.

Clinton, Iowa, Oct. 16.—Despite a search yesterday afternoon by different posses, two postoffice robbers and automobile bandits who shot their way out of Durant, Iowa, and their way free from three Clinton policemen yesterday morning, escaped.

It is now believed they stole a car at Prophetstown, Ill., to continue their flight. Local authorities believe the two men are headed toward Chicago. The third man, captured by the Clinton police, still refuses to talk.

ANOTHER DELAY FOR PORTER CHARLTON

Como, Italy, Oct. 16.—Micali Picardi, counsel for Porter Charlton, the young American accused of murdering his wife at Lake Como, has again asked for a postponement of Charlton's trial on the murder charge, as the attorney has not had sufficient time to study the case, having been indisposed in Rome. It is possible that on Monday, next, the court will simply interrogate Charlton, postponing the trial to a later date this month, Oct. 25 having been suggested.

CHICAGO JEWELER IS FOUND MURDERED

Chicago, Oct. 16.—Eight persons, three of them women, were held under arrest today in connection with the murder of Harry Phillips, a jeweler, who was found shot to death in a west side apartment building last night. Phillips' body was found on the fourth floor of the building, and the police believe it had been thrown down the steps from the fifth floor, on which he had bachelor apartments. Phillips owned a small neighborhood jewelry store.

Police are baffled as to the identity of the slayer, but believe a man committed the act. Some garments belonging to a woman were found in Phillips' apartment.

WILSON PLANS NO PART IN CAMPAIGN

Washington, Oct. 16.—President Wilson plans to take no active part in the 1916 pre-convention campaign, but will spend the summer at Shadow Lawn, near Long Branch, N. J. Later he may write a number of letters on

BIG ARMY AND NAVY PROGRAMS LAID OUT

National Guard Bulks Large in Garrison's New Scheme.

"Continental Army" Also Part of Plan for Citizen Soldiers.

Washington, Oct. 16.—The administration program for national defense to be recommended to the coming session of congress, proposing a total expenditure on the army and navy next year of about \$400,000,000, was practically completed last night.

Secretary Garrison's plan, approved by the president, calls for an increase of \$75,000,000 in the war department's annual appropriation, to be authorized for augmenting the regular army to 140,000 men and the creation of

a new continental army of 400,000 men, which, together with the militia of 125,000, would give the United States a military force in time of need of 665,000 men.

Approval also was given to the proposal of Secretary Daniels and the general board of the navy for a five-year naval construction program to cost \$600,000,000, giving the navy ten new dreadnaughts and six battle cruisers, as well as more than seventy submarines, fifty destroyers, ten scout cruisers and a host of auxiliary ships.

Navy Plan Developed.
Secretary Daniels and members of the general board were in conference until late last night, discussing the exact number of ships to be recommended for the first year, and a scheme for equalizing the expenditures over the five-year period. The program for the first year, as finally agreed on, called for two battle cruisers, two dreadnaughts, twenty-five coastal submarines, five seagoing submarines, twelve destroyers and an increase of \$8,000,000 in personnel and an augmentation of \$50 of the naval academy student body.

Secretary Garrison has carefully guarded his plan for strengthening the military establishment and organizing a great continental army for defense,

and practically nothing was known of it until last night.

Garrison's Program.
The program proposes:

"First, regular army, 140,000 men, an increase of 20,000 men in the present establishment.
"Second, a continental army 400,000 strong, enlisted for six years for service within the continental United States. These men would serve two months a year for the first three years with the colors, undergoing a period of intensive training. The remaining three years they would be on furlough subject to call in time of need.
"It is estimated that 40,000 of the 540,000 men thus provided for would be non-combatants of the national corps, or other auxiliary forces not included in the fighting line.

The National Guard.
Behind this army would be the National Guard, now some 125,000 strong, but whose numbers might be substantially augmented by the organization of the continental army. The plan contemplates the transfer of such National Guard officers and men as desire it into the continental army, and more liberal treatment of the guards. These state forces encouraged in every possible way.

Increases in the regular establishment contemplated are:

Infantry, 10 regiments; field artillery, 4 regiments; coast artillery, 1 company; engineer corps, 15 companies; aviation corps, two detachments.

All of these new commands would be organized at peace strength, to be supplied with small arms and field equipment, and to be maintained at a minimum for the enlarged establishment would be sought.

The plan is based on the theory that the nation must depend upon a citizen army, largely of a volunteer character, in the time of war.
The "Continental Army."
There are many thousands of thousands of young men, it is said, who have both the time and inclination to devote at least two months a year to rigid and intensive military training, and the continental army would be composed of these, leaving to the National Guard those citizens whose responsibilities prevent their being more than one night a week or two months a year in training. With the actual field training, army officers are confident that the continental army would be thoroughly organized as is possible under any system short of compulsory service, and the regular establishment of half a million men.

Officers of the new army would be obtained from civil life almost entirely, as the West Point military academy would be overtaxed even to supply officers for the increased regular army. Even a half of the new army would be composed of half a million men.

Officers for New Force.
For the continental army, the plan contemplates drawing from the National Guard and from educational institutions where military training is compulsory, at least 1,000 officers a year for each of the first two years.

Eventually, it is hoped that military schools in the country can be standardized as in the case of engineering and other military schools. These courses would become a specialty, it is believed, if a given number of ranking graduates each year were assured of commissions in the continental army.

The new army would be organized in convenient geographical divisions and on the theory that its members could be citizens of the districts in which their organizations were located. Regular places of mobilization and for storage of equipment would be provided, and every man of the force would know where to go and what was expected to do when a call to arms came.

Regular Army Pay.
The six-year enlistment contract

would bind him to answer any call to the colors regardless of any personal affairs with which it might interfere.

While under training, the men of the continental army would receive the regular pay of the national guard.

In the beginning, the new army would be organized by companies and later would be organized into regiments, brigades, divisions and army corps, as these developed in the various sections of the country.

NEW HAVEN JURY CHOSEN

Unusual Instructions Given Them to Avoid Being Influenced.

Opinions on Sherman Law Bar Some of the Talesmen.

New York, Oct. 16.—The selection of a jury to try William Rockefeller, Louis Cassedy, Edward D. Robbins and eight other directors, past and present, of the New York, New Haven & Hartford railroad on the charge of conspiring to monopolize the transportation of New England, was completed yesterday. The twelve men represent the sifting of nearly 250 talesmen during the three days that the trial has been in progress.

The case was adjourned until Monday after Judge Hunt, in announcing the jury, delivered what was regarded by many as an unusual warning upon the importance of "circumspection" in their conduct.

Warned the Jurors.
He told them they were "to allow no one to approach them on any phase of this case," emphasizing at the same time the importance of the matter under consideration.

Upon reassembling Monday, the jurors will hear the opening address of H. L. Batts, of counsel for the government, who expects to take at least a day and a half to outline the huge mass of evidence to be presented in proof of the alleged conspiracy.

The jurors are: Steven D. Hirschman, real estate dealer; Max Hartman, commission agent; Albert B. Waldon, vault glass dealer; Thomas N. Pell, insurance broker; Frank S. Douglas, manufacturer of keeping; Fred J. Boppart, factor; James H. Carlton, business man; Peter Wagner, real estate dealer; Henry C. Dater, real estate dealer; Alfred G. Hirschman, real estate dealer.

Opinions on Sherman Law.
Strong opinions as to the enforcement of the Sherman anti-trust law, under which the directors were indicted, which the jurors who otherwise seemed acceptable. Several said that they did not believe they could render a fair and impartial verdict. Others who held similar opinions said they thought they could render a case they were challenged by the government.

JURY TO GET CASE MONDAY

Taking of Evidence Is Completed in Richeson Embellishment Action.

Frank Wagner, Secretary to Probation Officer, Testifies for Defense.

When Judge Fessler's division of the district court convenes Monday morning, attorneys will present their final plea in the case of Walter J. Richeson, former deputy clerk of the municipal court, on trial charged with the misappropriation of \$65 from the city funds. Both sides rested shortly after 3:30 o'clock yesterday afternoon.

John Wagner, clerk in the office of Frank Hicks, probation officer, was an important witness for the defense yesterday afternoon. Wagner testified that on Aug. 3 last, the last day Mr. Richeson spent at the office, he turned over seven payments on fines from probationers and took receipts from the deputy clerk of the court.

Mr. Wagner positively identified the envelopes displayed by Mr. Richeson as the same ones he had given to the defendant on Aug. 3 last, and stated that so far as he knew, the money was the same, although he could not swear to that. Cross-examination by County Attorney Greene failed to shake the witness.

With the testimony of Mr. Wagner the defense rested. The prosecution put on, in rebuttal, Miss Harriet Walker, deputy clerk, and A. N. Thompson, clerk of the court for three months prior to last August. Both testified that they had personally received receipts from Mr. Richeson for which receipts had not been given. John C. Ross, former clerk of the court, was not called to stand up for the county attorney to testify as to the system in vogue prior to June, 1915.

County Attorney Greene called Deputy Public Examiner Cedarberg to the witness stand for the purpose of explaining the \$117.65 perage which was found to exist in the accounts of Clerk R. A. Thompson. Mr. Cedarberg declared that he was unable to explain the discrepancy when the prosecutor asked the examiner with reference to the transaction, counsel for the defense objected to further testimony with reference to the system of computation. The court sustained the objection on the grounds that it was not relevant evidence.

Prosecutor Greene will make his argument before the jury this morning. If the jury finds the defendant guilty, he will be sentenced to the county jail for 30 days. He will be followed by Walter F. Dacey, who will make a plea for the defendant. After closing arguments, Judge Fessler will instruct the jury.

MAY DODGE FARM FEES

Prisoners to Be Prosecuted Under Statute Instead of Ordinance.

Would Save City Most of Transportation Costs, Say Police.

Offenders arrested by police may be prosecuted under the statute, instead of under the ordinance, wherever possible in the future, in order to cut down the expense to the city of caring for petty offenders.

This action was forecasted yesterday when officers, acting under instructions from Chief R. D. McKelcher, transported to the county jail prisoners who had received work farm sentences, but who were prosecuted under the state law.

City commissioners recently balking at large appropriation asked for by Supt. Fred Ward of the John city and county work farm, went on record as opposed to a continuance of the co-management of the farm by the city and county.

Finance Commissioner F. J. Voss suggested that Duluth pay the county for the cost of prisoners committed as do other cities and towns in St. Louis county, and let the farm be purely a county institution.

Under the former arrangement Duluth paid Sheriff J. L. Meining the county's agent, 10 cents a mile for each prisoner, or \$140, and 50 cents in commitment fees, the cost to the city, in addition to meals, thus was \$190 per prisoner.

If Safety Commissioner Silberstein is right in his present stand, all but a handful of the prisoners can be handled in commitment, and thus be made state cases.

Drunkennes is prosecuted under the statute, and as drunkenness cases constitute about 80 per cent of the aggregate, this change alone will cut the transportation and commitment charges to a fraction of what they formerly were, say police.

Jailer L. A. Root, acting under instructions from the chief, Thursday made the first trip to the work farm with prisoners. Three men, all that were convicted of ordinance violation, were taken direct to the farm.

These three men were the only ones from the entire police "list" of Wednesday and Thursday who were considered "city" cases by Chief McKelcher.

Practically all of the cases that will be prosecuted under the ordinances of the city will be those of trespass, disorderly conduct, vagrancy and traffic violations.

It has not been investigated that phase of the case, said Finance Commissioner Voss, "but if it is true, the city has been out of the money for many prisoners who in reality were state, not city, cases."

METER READERS PLUNK.
Only Two Out of Nine Applicants Pass Civil Service Exam.

Only two out of the nine applicants for jobs as meter readers successfully passed the examinations conducted two weeks ago.

Yesterday afternoon the civil service commission met at the city hall and corrected the papers. Ruben Johnson, secretary, announcing the results, gave out of seven passed the test for patrolman, ten out of seventeen for senior clerk and all seven, the junior clerk examination.

Notices of the results will be mailed to the applicants today, Secretary Johnson announced.

SUFFRAGISTS HAVE PARADE

Ten Thousand Are Expected to March in Boston.

Boston, Mass., Oct. 16.—Advocates of the woman suffrage amendment to be voted on in Massachusetts in November were astir early today with final preparations for a spectacular "victory" parade this afternoon, in which 10,000 marchers, according to leaders, were to be in line. Thirty bands were engaged, and facing Boston Common, there had been erected a reviewing stand to be occupied by Miss Alice Stone Blackwell, president of the Massachusetts Suffrage association, and others prominently identified with the cause.

The program, preceding a monster mass meeting, included a review at the suffrage headquarters, which will be the presentation by Miss Helen Keller, the governor of a letter written by Miss Keller commending him for his stand on suffrage. Mayor Curley also had arranged to review the parade as it passed the city hall.

Counter Demonstration.
A counter demonstration was planned by leaders of the anti-suffrage movement. Along the line of march scores of houses had been decorated in red, the anti-suffrage colors, while red roses were by crowds in the street were supposed to indicate their opposition to votes for women. All anti-suffragists of the city were urged by the organizations with which they are affiliated to stand in silence along the streets through which the parade moved with their red colors flying.

Strict orders had been issued, however, that the suffragist paraders were not to be annoyed by red silent plan of the anti being regarded by them as the most effective demonstration.

Parade in Pittsburgh.
Pittsburgh, Pa., Oct. 16.—More than 5,000 women supporters of the suffrage amendment, which will be voted on in Pennsylvania next month, were expected to participate in a parade here this afternoon.

Those in charge of the parade declared that at least 200 men will also march.

SQUEAKING KIDNEYS!

Do not hesitate to promptly heed the warning your kidneys give you when they begin to lag. When they work when you feel those little "squeaky" pains in the "small of the back"; loss of appetite; highly nervous; or when you cannot account for it—it means that your kidneys are not doing their work properly. The result may be fatal if neglected.

The remedy is a simple matter: If you act promptly, go to your druggist and get a box of genuine GOLD MEDAL HAARLEM OIL CAPSULES. Haarlem Oil has been a standard remedy for all kidney troubles since 1866. It is imported direct from the ancient laboratories at Haarlem, Holland. Be sure you get the genuine GOLD MEDAL Haarlem Oil Capsules. No Prices, 25c, 50c and \$1.00. Your money positively refunded if you do not get prompt relief, and soon feel the old-time "ginger" of youth.

These musicians can play on any musical instrument, and a high-class entertainment is assured all who visit the Holland during their engagement here.

Close of First Month of School Year Finds Much Work Done--Several Societies Reorganized and Elect Officers--Spectator Is Financial Success.

rangements so that they will be able to tell what they will have to offer for sale. The several session rooms will be canvassed in the near future and it will be determined just what each student will bring. The proceeds of the auction will be devoted entirely to charity.

The Industrial club, formed last year by the members of the third and fourth high schools, was formally re-organized at a meeting of the prospective members Thursday afternoon. Clarence Thomas was chosen president, James Anderson, vice president, Irving Anderson, secretary, Milton Anderson, treasurer, and Raymond Brenton, publicity manager. The meetings last year were featured by lectures by several prominent Duluth business men interested in the industrial club. In addition to this feature this year the members themselves will give lectures and reports of investigations along the same lines. The meetings will be held bi-weekly on Tuesdays.

A meeting of the members of the Delphian Literary society was held Tuesday afternoon. Officers for the year were elected and other important business, incidental with the beginning of the year, was transacted. Frederica Tuteur was chosen president; Cassie Wicklander, vice president; Dorothy

Bates, secretary and Florence Olson, treasurer. The society was founded three years ago by the girls of the class of 1917, then freshmen, and has been continued ever since. Literary and debating work features the meetings which are held every Tuesday. The club corresponds, in a way, to the Athenaeum Literary society, which

was founded by the boys of the class of 1917 who were interested in literary and debating. The Athenaeum is now a school organization composed of boys of all classes instead of 1917 boys as before. Several joint meetings and social functions were held by the members of both the Athenaeum and the Debating Society.

The sale of slips for the Zenith, the school annual, will soon be started. It is planned by the members of the board to allow the students credit in buying their slips and, in this way, it is hoped to sell about 1,500 of the books at the price of 75 cents each.

About fifty students, who considered themselves artists, gathered in the office of the Zenith board yesterday afternoon and listened to an address by Miss Gertrude Carey, head of the school art department. Miss Carey will have complete charge of all of the drawings to be made for the Zenith this year. It is planned by this year's Zen-

th board to have the art work in the book more unified than has heretofore been the custom, and to this end the work will be in charge of Miss Carey and will be done altogether instead of by classes as was done in former years. Miss Carey explained every drawing that was wanted and she urged the artists to start work as soon as possible.

The first fire drills were held last week and the school was emptied rapidly. These drills were started last year as a result of agitation aroused in that direction by several local citizens. They will be continued again this year.

this year, even more frequently, than last winter. Last year a record was made of emptying the building in three minutes. Mr. Young explained that a fire could not gain much headway in this time, so that if the students did as well in a real fire there would need be no fear of danger.

The fourth issue of the Spectator made its appearance Thursday. The staff is getting its work done more systematically now and better results are being obtained. The printing department, which was, at first, somewhat slow because of the inexperience of the students taking the subject, is giving better results now also, and the

The names of all persons who wished to subscribe for the Spectator were taken some time ago in chapel, and the first collections were held in the several session rooms last week. The bank account of the Spectator is growing rapidly and its success is assured.

to have placed the point of his dagger at the stomach of a proprietor of a Juarez resort and compelled him to laugh at the "tickle" of the razor-like edge.

atmosphere about Pterro, until his presence was sufficient to stampede Mexicans or foreigners, yet various tales were told of Mexicans, unafraid, who in turn compelled him to "step lively" with shots fired at the heels of his boots, which were bearing him to safety.

Renounced the Leader.

ON THE IRON RANGES

NEW ANGLE IN HIBBING CASE

Payments to Contractors to Be Contested in Court.

Village Council Notified of Action By Tax-payers.

Hibbing, Minn., Oct. 16.—(Special to The Herald.)—Another step to check alleged extravagance on the part of Hibbing's municipal government, was taken about 6 o'clock yesterday afternoon, when eight taxpayers of the village served notice on the council and the E. W. Coons contracting company that any claims allowed for paving Third avenue and for work on the Fenwick road, will be contested.

It was stated by city officials this morning, however, that no attention will be paid to the notice and that the work on the two improvements to which objections are made, will be carried on by the contractor until they are completed.

The Hibbing companies have already used up their "heaviest ammunition," said one councilman, "and this latest action is a mere bluff."

The following taxpayers appear as signers to the notice: D. H. Collins, W. J. West, C. A. Remington, P. L. Coveney, H. C. Hansen, H. H. Hollister, W. S. Hardy and P. W. Bullard.

The notice was served on Recorder D. D. Hickey and a representative of the E. W. Coons company by Attorney Gellman.

Following is the text of the notice: "To the Village of Hibbing and to the E. W. Coons contracting company: Please take notice that the undersigned, taxpayers of the village of Hibbing, hereby appeal to the district court of the Eleventh Judicial district, St. Louis county, Minn., from the allowance of any claim for work under the contract for the improvement of Third avenue and for work on the Fenwick road, and from the allowance of any claim for materials furnished in connection with the improvement of Third avenue in said village from the D. H. & N. Viaduct south-west to Jackson street and for 600 feet on Jackson street."

"You will further notice that we expect to appeal from the allowance by the village council of the village of Hibbing of any claims in favor of the E. W. Coons contracting company in connection with the improvement of Third avenue and for work on the Fenwick road, and from the allowance of any claim for materials furnished in connection therewith."

FEDERAL LID MAY HELP BLIND PIGGERS

Hibbing, Minn., Oct. 16.—(Special to The Herald.)—Speculation is rife in Hibbing and vicinity as to the tricks and subterfuges which will be used to get liquor into this territory when the Indian lid is clamped down, as everybody here believes it soon will be clamped on. With the boundary between the Indian territory and the non-Indian territory so close to Hibbing, and with the large foreign population which demands its beer before all other things, the Federal agents are going to have the biggest job they have ever tackled to keep liquor out of this portion of the Indian country.

The blind pig business has been the range's greatest curse. It has successfully defied all attempts to stamp it out. The efforts of the range municipalities, the raids of the county authorities, and the constant supervision and warfare waged by the mining police have not availed to abate the evil one whit. It has grown steadily and it is admitted by liquor men and by the authorities that five times as much liquor is sold on the range as through blind pigs as is consumed over the licensed bars.

Some native Americans are quite insistent on having their liquor, but the foreign-born thus far has defied all efforts to keep him from his "cups." It is generally believed here that the Federal officials will fall as completely as have the county and local authorities.

Frederickson Funeral.—Virginia, Minn., Oct. 16.—(The funeral of John Frederickson, who died at the Wednesday, will be held Sunday afternoon at 2 o'clock.

FREE LIFE READINGS TO ALL WHO WRITE AT ONCE.

The well-known European Astrologer, Prof. Roxroy, has once more decided to favor the people of this country with Free Tree Readings of their lives from his office in Italy.

Prof. Roxroy's fame is so well known in this country that he hardly needs an introduction. His power to read the line of people's destiny, what distance they may be described as simply marvelous.

As August, 1915 he clearly predicted the Great War, and informed all his clients that a "beastly" war would break out, and that it would affect most of the crowned heads of Europe. He also predicted the death of various nations and the restoration of all to be their master, and followed in his footsteps.

He tells you what you are capable of, and how you can be successful. He indicates your friends and enemies, and describes the good and bad periods in your life. His description is so accurate that you will find it to be a true and reliable guide to your future. He will tell you what you are capable of, and how you can be successful. He indicates your friends and enemies, and describes the good and bad periods in your life. His description is so accurate that you will find it to be a true and reliable guide to your future.

OFFICIAL MAP OF THE WEATHER

EXPLANATORY NOTES: The subject of the weather can be safely and truthfully dismissed today by simply saying that "this is a perfect day" for it is all that. But, with rain, rain is promised for tomorrow. Another bright Sunday. A year ago today was Indian summer. The sun rose this morning at 6:28 and will set this evening at 6:50, giving ten hours and fifty-two minutes of daylight.

Mr. Richardson makes the following comment on weather conditions: "Freezing temperature occurred last night in Montana, North Dakota and Wyoming. Southern Utah, Nevada and portions of Western Canada, in nearly all other districts moderate temperatures are the rule. Rain fell during Friday night or last night over Wyoming, Idaho, Colorado, Kansas, Nebraska, Missouri, Oklahoma, Arkansas, Alabama, Georgia, Florida, Louisiana, Mississippi, Texas, and parts of the Pacific coast. Heavy rainfalls occurred at Concordia and Wichita, Kan., Fort Smith, Ark., and Montgomery, Ala."

LOCAL FORECAST. Duluth, Superior and vicinity. Increasing clouds. Moderate breeze. Rain tonight and tomorrow. Light rain Sunday. In temperature. Gentle to moderate variable winds.

night and Sunday with rain in west portion tonight and probably in north portion Sunday; slowly rising temperature.

Iowa—Showers tonight; warmer in east portion; Sunday partly cloudy. North Dakota—Unsettled weather tonight and Sunday with rain in east and central portions; not much change in temperature.

South Dakota—Rain tonight; Sunday partly cloudy and slightly warmer. Montana—Generally fair tonight and Sunday; slightly warmer; light rain in north portion tonight.

Upper Michigan—Increasing cloudiness tonight; cooler in north portion; Sunday cloudy, probably rain. Lower Michigan—Increasing cloudiness tonight; slightly warmer; Sunday cloudy, probably local rains.

Temperatures. Following were the highest temperatures in the last twenty-four hours: Duluth, 60; Superior, 58; Chicago, 55; St. Paul, 54; Minneapolis, 53; St. Louis, 52; Kansas City, 51; Omaha, 50; Denver, 49; Salt Lake City, 48; Portland, 47; Seattle, 46; San Francisco, 45; Los Angeles, 44; New York, 43; Boston, 42; Philadelphia, 41; Washington, 40; New Orleans, 39; Miami, 38; Havana, 37; Mexico City, 36; San Juan, 35; Santiago, 34; Lima, 33; Bogota, 32; Medellin, 31; Rio de Janeiro, 30; Sao Paulo, 29; Buenos Aires, 28; Montevideo, 27; Santiago, 26; Valparaiso, 25; Lima, 24; Bogota, 23; Medellin, 22; Rio de Janeiro, 21; Sao Paulo, 20; Buenos Aires, 19; Santiago, 18; Valparaiso, 17; Lima, 16; Bogota, 15; Medellin, 14; Rio de Janeiro, 13; Sao Paulo, 12; Buenos Aires, 11; Santiago, 10; Valparaiso, 9; Lima, 8; Bogota, 7; Medellin, 6; Rio de Janeiro, 5; Sao Paulo, 4; Buenos Aires, 3; Santiago, 2; Valparaiso, 1; Lima, 0; Bogota, -1; Medellin, -2; Rio de Janeiro, -3; Sao Paulo, -4; Buenos Aires, -5; Santiago, -6; Valparaiso, -7; Lima, -8; Bogota, -9; Medellin, -10; Rio de Janeiro, -11; Sao Paulo, -12; Buenos Aires, -13; Santiago, -14; Valparaiso, -15; Lima, -16; Bogota, -17; Medellin, -18; Rio de Janeiro, -19; Sao Paulo, -20; Buenos Aires, -21; Santiago, -22; Valparaiso, -23; THE DULUTH HERALD

Published every evening except Sunday by The Herald Company at Duluth, Minn.
Both Telephones—Business Office, 324; Editorial Rooms, 1126.
Entered as second-class matter at the Duluth postoffice under the act of congress of March 3, 1879.

OFFICIAL PAPER, CITY OF DULUTH

SUBSCRIPTION RATES—By mail, payable in advance, one month, 25 cents; three months, \$1; six months, \$2; one year, \$4; Saturday Herald, \$1 per year; Weekly Herald, \$1 per year.
Daily by carrier, city and suburbs, 10 cents a week; 45 cents a month.
Subscribers will confer a favor by making known any change of address.

When changing the address of your paper, it is important to give both old and new address.
The Duluth Herald accepts advertising contracts with the distinct guarantee that it has the largest circulation in Minnesota outside the Twin Cities.

The Herald will be glad to have its attention called to any misleading or untrue statement which may appear in its news, editorial or advertising columns.

IT IS NEVER DONE.

They are excited and perplexed in New York about city finances. Needs grow faster than revenues, and besides a flurried and futile attempt to realize more from the personal property tax, they are even talking of a local income tax.

The World, taking part in the discussion of this situation, protests against the discussion of public finances always taking the form of proposing to open new sources of taxation. It suggests that "Economy and Efficiency"—pregnant words, suggestive of much folly and much wisdom that came to naught—in government would be a better answer.

Bless your heart, World, don't you know that it's never done? No matter if it seems business-like, no matter if it seems like plain, ordinary horse sense. The answer to it, final, conclusive and crushing, is: It isn't done, that's all; it just isn't done.

Do the expenditures of a state, a county, a school district or a city expand more rapidly than ordinary sources of revenue? Then we must discover new sources of revenue.

Does the direct tax authorized by law fail to yield the money we need to support our constantly increasing public expenditures? Then we must devise new laws that will uncover new methods, if not new sources, of taxation.

Or else, ingenuity not being up to the task of thinking up new and ingenious methods of sur-taxing the over-taxed, let's issue bonds. That's an easy way. Just issue bonds, and let other generations solve the final problem. No matter if we are making no provisions to meet those bonds, no matter if, when the bonds come due, the roads or buildings the money went to buy are worn out. No matter if, besides handing on this burden of debt to our sons and daughters, we are also handing on to them systems of government that grow increasingly expensive and decreasingly efficient; still a bond issue is a ready answer to our immediate need. Why take thought of tomorrow? For tomorrow we die. Sufficient unto the day is the evil thereof. Let the devil take tomorrow.

No, dear World, your naive suggestion will not do. Economy and Efficiency? They are platitudes for politicians to play with, to get elected upon, and to ignore when elected. They are dream bubbles for aspiring patriots to blow, and for greed and incompetence to puncture.

Public extravagance scatters other people's money with lavish hands, regardless of bankruptcy because the public purse is inexhaustible; and when this generation has been tapped for about all it will stand, the thing to do is to seek coming generations with a bond issue.

Economy—that is reserved for private business. Efficiency—that would throw the faithful out of their jobs and increase the ranks of the unemployed.

Dear World, why waste breath? It isn't done, that's all; it just isn't done.

There are a lot of people who could take a valuable hint from Uncle Sam's example and do some close figuring just now on their own personal budgets for the coming year.

FLOWERS EVERYBODY CAN HAVE.

Every home should have flowers growing about it, the extent of the display depending upon the space, energy and means of the home-owner.

And there are two flowers that every grower should have—the dahlia and the gladiolus. Both are easy to grow, both can be had cheaply and are quickly multiplied, in both have been developed an astounding and gorgeous glory of color and form, and both do splendidly in Duluth.

The dahlia—from Dahl, a great Swedish botanist—comes as a root, which you plant in early May in good garden soil, inclining it at an angle of forty-five degrees from the horizontal, with the "eye" at the top and two or three inches from the surface. Plant the roots three feet apart, and insert beside each a five-foot stake at the time of planting. Let but one stem grow of the many that will volunteer, and keep that and its branches tied to the stake. The dahlia flowers from late July to frost.

When the tops are frost-killed, cut the stalk six inches from the ground, dig up the roots, dry them in the sun a day or two, clean off the soil, and store them for the winter in a dry, frost-proof place packed in sand or sawdust in boxes. In the spring moisten the sand slightly to start growth. When sprouts have started, carefully cut the roots from the stem, taking a bit of the stem with them, and plant

single roots—not whole clumps or parts of clumps.

The gladiolus comes from a bulb or corn. Plant it in early May, in soil that will grow good potatoes or corn, four or five inches deep and two to six inches apart, depending on the size of the bulbs, the quantity you have and the space you wish to fill. Keep it cultivated, and when the stalks begin to sway in the wind, stake them or tie them. Bloom begins at the end of July and continues till late in September. When the first frosts hit the tops, carefully dig the corns, cut off the stalks a couple of inches from the bulbs, and lay the bulbs out to sun-dry for three days, covering at night to protect them from freezing. Let them lie then on an attic floor for several weeks. Then pull off the old bulbs, which will be found at the base of the new ones, and store the bulbs for the winter in a dry, cool place where frost will not kill them or heat start premature growth.

At the base of the new bulbs will be found small offsets—cornels—averaging the size of a pea. If you wish to increase your stock, store these for the winter in a box of dry sand. In the spring, plant them two inches deep, like peas, and they will grow into small bulbs. Plant these again the following year, and some of them will bloom. The third year all of them should be strong, blooming size bulbs.

Both dahlias and gladioluses come in innumerable varieties. Local florists handling gladioluses run mainly to America, Mrs. Francis King and Augusta—good varieties, though there are hundreds that are as good or better.

These flowers anybody can grow. They are inexpensive, easily multiplied once a start is made, and they gladden and glorify the summer.

It's doubtless due to the innate cussedness of things in general that Saturday and Sunday are almost invariably followed by Monday.

THE NEED OF REGULATING THE MERCHANT MARINE.

Recently the Pacific Mail Steamship company, which has been operating a fleet of vessels between the Pacific coast and the Orient, sold its fleet and went out of business, leaving paralyzed and helpless a great trade that had been built up between this country and the Far East in reliance upon a shipping service which is now ended.

Suppose the Great Northern railroad, which has established a railroad service in Minnesota which is the sole foundation of a great development, should suddenly determine to go out of business in this state and begin to tear up its tracks. What would happen? It would have upon it immediately the whole force of the state government, with the militia if necessary, and it wouldn't be permitted thus to leave agriculture, industry and commerce in the lurch.

Why wouldn't it? Because railroad service is regulated in the public interest.

How, then, was it possible for the Pacific Mail Steamship company suddenly to desert its trade and undermine the business built up on its service? Because ocean commerce is not under government regulation. Shouldn't ocean commerce be so regulated that business may know that it is going to be there when it is wanted, and not suddenly disappear at the whim of a corporation? Apparently it ought to be.

In his Indianapolis speech, renewing his fight for a merchant marine to be furnished by the government if private capital refuses to do it, Secretary McAdoo called attention to this need. He said in part:

"The time has come when congress should consider the creation of some instrumentality for the regulation of the merchant marine companies. As it stands today, no ocean transportation company is subject to the least regulation or control by the government. Marine companies operate their ships, change their sailings, or discontinue the operation of their ships when and as they please, and regardless of the rights of shippers. They fix rates and change rates without notice, arbitrarily and in total disregard of the rights of shippers. They determine what cargoes they will or will not carry and discriminate in favor of one shipper against another."

The carrying service, on land or sea, is a servant, not a master. The situation Mr. McAdoo points out is intolerable. We long ago ceased to tolerate it in railroads; he is right when he says that we should cease to tolerate it in steamship lines.

The Pacific Mail Steamship company has happily furnished a splendid illustration of Mr. McAdoo's contention, and a splendid argument for the action he urges.

Incidentally, Mr. McAdoo disposes of the claim by the Pacific Mail people that the passage of the seamen's bill forced them out of business. "I am told," he says, "that the seamen's bill was not the main spring for the transfer of the Pacific Mail vessels. The Panama canal act, which denied railroads owning competitive steamship lines the right to operate through the canal, and the fact that present abnormal rates for cargo space on the Atlantic made it possible for the Pacific Mail to sell its ships at MORE THAN THEIR REAL VALUE, was, I understand, the true cause of their sale."

Perhaps no better regulation could be imagined than the establishment of a government merchant marine which would set the pace in service and rates and in the stability of both.

Why don't they capture places with nice, easy names, like Niah?

THE SUBLIMATED PLAT.

By another summer, it is announced in New York, Fifth avenue will have a flat building in which you may pay as much as thirty thousand dollars a year—twenty-five hundred a month—for your flat.

That's considerable rent. Reckoning rent at a fifth of the income—which is all

it ought to be—you'd have to earn a hundred and fifty thousand dollars a year to occupy such a flat. And you'd need it all to keep up the pace it would set.

Figuring rent at ten per cent gross—a low figure—that rent represents a house worth three hundred thousand dollars. That is, anybody who can afford to pay thirty thousand dollars in rent ought to be able to build a home costing three hundred thousand dollars.

And one ought to be able to create quite a home for that much money—a home with gardens and conservatories and garages without, and a very respectable degree of luxury within.

Obviously, strange as it may seem, some people actually PREFER to live in flats. There can be no compulsion about it when it comes to rents like that. And if there are people with such a queer preference, that's their privilege, of course. There's no accounting for tastes. And perhaps they have a pretty good time with life at that.

But nobody need bother to envy them. It is very questionable if life is much happier in a thirty-thousand-dollar flat than it is in a three-hundred-dollar flat. Life in both situations is pretty much what the people concerned make it.

And certainly the young married couple with an interesting job and a cottage costing three thousand and flower beds and a garden and a kiddie or two and a yard to work in and to play in need never envy anybody his thirty-thousand-dollar flat.

Belgium, Poland and Armenia are doing their leveled best to prove that the role of the innocent bystander has not improved materially with the progress of civilization.

MR. TAFT IS CHALLENGED.

Talking to the American Bankers' association in Seattle Judge Taft, in fine fettle and cutting loose on his favorite topic of discussion, said that the advocates of the initiative and referendum "propose to dispense with legislative agents and let the people legislate directly."

Dr. Charles Fremont Taylor of Philadelphia, one of the ablest advocates of what has been mislabeled "direct legislation," thereby confusing others besides Judge Taft, has promptly challenged this statement, and in the current number of Equity, which he publishes at his own expense, makes this offer:

"In the hope of bringing you to some realization of the astounding error in your Seattle address, I offer you a reward of one thousand dollars if you will mention any responsible advocate of the initiative and referendum, who proposes to 'dispense with legislative agents and let the people legislate directly,' who advocates the discontinuance of representative government in city, state or nation, and the replacement thereof of direct government by means of the initiative and referendum, or if you will name any book, having any standing and which is received as an authority on the subject, in which the hands of the knave advocates the destruction of representative government and its replacement by direct government through the initiative and referendum."

Probably Judge Taft will not embrace this opportunity, but in the interest of fair argument we wish he would. He could, of course, not meet these terms; he could find no authority whatever, in any argument for the initiative and referendum, for the theory of it which he presents in order to attack it.

Setting up an artificial straw man and knocking him down is one of the feeblest and most juvenile of controversial methods, and Judge Taft ought to be above it.

Of course nobody proposes any such thing. Of course nobody advocates the initiative and referendum as a substitute for legislative government. Initiative and referendum are simply checks upon representative government, contrived to keep it truly representative. The theory of the initiative is simply that the people should have a way of getting a law they want if the legislature refuses to enact it. The theory of the referendum is simply that the people should have a means of rejecting an objectionable law if the legislature enacts it against their will.

As President Wilson has happily said, the initiative and referendum are simply a gun behind the door. They are working best when they are not used at all, because their mere existence keeps representative government truly and responsibly representative.

Another objection to humoring the wife by going burglar-hunting at 2 a. m. is that if there is a burglar there, he might not like to be disturbed.

SUFFRAGE.

In announcing his decision to vote for equal suffrage in New York Secretary McAdoo said: "The American women have made a game fight and a fair fight for suffrage, and are entitled to win."

To which the New York Times, ardent anti-suffragist, replies: "That is, SOME American women. How many of them in New York are suffragists?"

Now this is an example of the preposterous quantity of surplage and folly there is in the debate on this question.

It might be interesting as a matter of statistics to know what proportion of the women of New York or any other state wish to vote, but it couldn't possibly have any weight as an argument one way or another.

If it is wrong for women to vote, it is none the less wrong if every woman in the land wishes the ballot.

If it is right for women to vote, it is none the less right if only a few of them desire the ballot—or if none at all desire it.

Was it said, when the march toward the democratic ideal reached the point where it was proposed to have universal manhood suffrage instead of property and class suffrage, that few propertyless men wanted

to vote? Very likely, almost certainly, that was said then. But it wasn't an argument against universal male suffrage, was it?

Democracy is rule of the people. Women are people. Therefore, women should vote. When women vote no harm will be done, nor will the millennium be magically created. The ballot should not be given to women simply because they want it, or withheld from them simply because not all of them or even not many of them want it. Neither should it be given to them solely for the good it is hoped they will do, nor withheld solely because of the harm it is feared they may do.

The ballot should be given to women because democracy is our ideal, because democracy means rule of the people, and because our democracy is incomplete until all the people—including women unless it be demonstrated that they are not people—share its responsibilities, its duties and its privileges.

In Washington they have changed it to "Do your wedding shopping early."

THE STUFF PROGRESS IS MADE OF.

"It's beautiful, but it's only a dream." Yet all the world's progress is nothing but dreams realized in sweat, toil, blood and tears, by hope, courage and energy.

If anything were needed to signal the approach of Christmas, it is supplied by the advance notices of the Red Cross seals.

AN APOSTLE OF MUSICAL DEMOCRACY AND INDEPENDENCE.

The coming to Duluth of John C. Freund of New York, editor of Musical America and a stalwart champion of the musical independence of the United States, is timely, and he should have a large audience at the First Methodist church Monday evening when he speaks there on the topic that is nearest to his heart.

The awakening in Duluth of a new spirit of musical appreciation, largely due to the late Mr. Reyner and splendidly served by the free Scottish Rite concerts and more lately by the Duluth concert orchestra series, makes the field here ripe for what he has to say, and the message he brings is one that fits in admirably with the campaign now in progress to bring music to its rightful station in this city.

In a letter to a Duluth friend Mr. Freund says: "My one great purpose is to arouse the country to the value of music as a civilizing, humanizing force, and particularly to call the attention of business men to the wisdom, as a purely cold-blooded business proposition, of supporting all reasonable musical endeavors."

The aspect of music for which Mr. Freund speaks is not that of music for the select—self-selected—few who arrogate to themselves appreciations which they deny to the multitude, but that of music for all. And that, after all, is the only aspect of music which makes it socially worth while.

Mr. Freund comes here to urge, too, his belief that the time has come when America should declare its musical independence of Europe, should cease sending its youth there to be educated musically in the midst of corroding temptations and evil influences, and should by patronizing its own abundantly capable teachers build up a school of music that is distinctly American.

America's musical indebtedness to Europe, particularly to Germany, is not to be denied; but America today, he believes, is fully capable of standing on its own feet.

Mr. Freund's conception of music as a democratic leaven which, for its humanizing and civilizing influence, can be justified "purely as a cold-blooded business proposition," and of America as having gained the right to declare and establish its musical independence, appeal powerfully to patriotism and the love of music, and The Herald is glad that Duluth is to have the opportunity of hearing them expounded in the broad, witty and entertaining style that is characteristic of Mr. Freund.

In memory of an old favorite slang expression, it may yet become logical to name the sliding part of the canal zone "Kelly."

YOUR LOT IN LIFE.

If you are not satisfied with your lot in life, cut the weeds on it.—Kansas City Star.

That's intended for a merry quip, a prankish play on words; but there is a lot of sound philosophy in it.

Too many people who complain of their luckless lot in life are like the man who sits back and wails while the weeds take control of his home grounds.

The weeds, of course, are his own fault. All he needs is a little of what the old folks used to call "git up and git," and if he had it he would get up and clean the weeds away and have a home he could take pride in.

And it's much the same way with many people who wail about their "lot in life." They forget that this is a free country, that the vast majority can and do choose their own lots in life, and those who let themselves become engulfed in despair are as much the victims of their own choice as those who carve out an enviable place in life are the beneficiaries of their own choice.

If you are not satisfied with your lot in life, cut the weeds on it. That's splendid and eminently practical advice.

One is inclined to wonder whether Carranza regards his whiskers in the same light that Samson regarded his hair.

Two Many Like Johnny. Boston Transcript: "I'm glad to see you home again, Johnny," said his father to his small son, who had been away to school, but who was now home for a holiday. "How are you getting on at school?"

"Fine!" said Johnny. "I have learned to say 'thank you' and 'if you please' in French. 'Good' said the father. 'That's more than you ever learned to say in English.'"

Ruminations

By F. W. Ellipsaick.

The Blight of Shoddy Buildings.
Washington is our capital, our pride, a beautiful city indeed. Here are majestic department buildings, monuments galore, heroes' statues, grand streets, beautiful women, a cosmopolitan and attractive place. But over it all is being spread the pall of shoddy private construction. More than a pall, it is a blight, a curse and, like all blights or epidemics, its growth absolutely unchecked is terrific.

I am much in other cities and am convulsed by architects and owners the country over, so perhaps I am more in touch with building conditions generally than is the average practitioner who, as a rule, sticks pretty closely to one locality. Well, in all my wanderings, nowhere else have I seen the shoddy, cheap-trap, housebuilding that is done right here in Washington, and, of late, in appallingly wholesale lots. You Duluthans, accustomed to pretty and individual homes, can hardly realize the appallingness of our rows of boxes.

The conditions that brought it about were essentially local. Here are a great many government employees, small-salaried men. They yearn for a little home of their own. They have scant savings—nearly all live up to the last penny—and can't build that home. Moreover, if they do have a little money they fear to start building, realizing that the extras might swamp them. Building is an unknown field, full of mysteries, uncertainties and pitfalls. The building speculators, and the "Buddensicks," have discovered this and are making hay while the sun shines. They open up a big tract of land and slap down row after row of houses, all out of the same mold, endless miles of monotony. Some detached wooden bungalows here and there, but these are completed. The purchasers, those aforesaid government clerks, can see just what they are getting. The paint is attractive, there are oak beams in the dining room and the bathroom is resplendent with white tile and nickel—all the things that act as bait to the unwary, the unsophisticated. The monthly payments are easy, the bug-bear of "extras" is eliminated, there is just so much house for so much money and it's a bargain—for "Mr. Buddensick," who has taken to riding in automobiles and wearing fine feathers.

But, "Oh, the day after!" so to speak. The purchaser has been nicely misled, everything is smooth and just so. The papers are all signed, the final payment is made through a loan company to the builder—probably all one—so that the latter is knifed from future developments. Then the roof begins to leak, the heating plant is too small, the floors sag, the finish warps, the concrete walls, walks and steps and cellar floor crumble—nothing but dirt with a layer of cement over it—the grass won't grow on the 6 by 15 lawn (how can it with a bit of sod laid over broken brick and chip and plaster filling)? The paint—I mean the colored coal oil—peels off, and the poor purchaser wonders where he is.

It's a shame, an obtaining of money under false pretenses, criminal deceit. Our building laws are none too severe, our building inspectors far too few and possibly a trifle complacent and our building speculators, crafty, shrewd advertisers, smooth workers and our purchasers ever-green. It's a formidable combination against any municipality, and there you are. Soon the city that ought to be the nation's grandest gem will be overflowing with such houses. It is fast approaching that condition now, it is getting beyond redemption. Surely have we fallen into the hands of the Egyptians and an evil day is upon us.

Only a day or two ago I was called as witness in one of our courts where a married purchaser was suing one of these builders to make him repair at least the worst of these things I have just mentioned that had come to his house. He had occupied the house a year and the plea was set up and gravely considered by the learned judge. The buyer, however, had known these things before making final payment (through a loan agency, the builder himself likely); that the house had "stood" all right for three months; that these damages were ordinary wear and tear and that no one could "guarantee" a house "for over three months!"

For years I have clamored for stricter building laws and more rigid inspection here, greater efforts at fire prevention, but, so help me, I now almost pray for the expediting of the conflagration that is sure to come. But what is the use? The city would not burn and its lesson, it would only be to begin all over again on the same lines. The vamps have tasted blood and nothing can tear their victims from their clutches. Our domestic "architecture" is rotten, and so it will go on.

Just a Moment

Daily Strength and Cheer.

Compiled by John G. Quilley, the Sunshine Man.
There are diversities of operations, but it is the same God which worketh all in all.

I form the light, and create darkness; I make peace, and create evil; I the Lord do all these things.—Isa. xlv.

"All is of God that is, and is to be; and God is good." Let this suffice us still. Resting in childlike trust upon His will, Who moves to His great ends, unthwarted by the ill.

—J. G. Whittier.

This, then, is of faith, that everything, the very least, or what seems to us great, every touch of the seasons, everything which touches us in mind, body, or estate, whether brought about through this outward senseless nature, or by the will of man, good or bad, is overruled to each of us by the all-wise and all-loving will of God. Whatever befalls us, however it befalls us, we must receive as the will of God. If it befalls us through man's negligence, or ill-will, or anger, still it is, in every the least circumstance, to us the will of God. For if the least thing could happen to us without God's permission, it would be something out of God's control. God's providence or His love would not be what they are. Almighty God Himself would not be the same God; not the God whom we believe, adore and love.—E. B. Cheney from Daily Strength.

Dayton, Ohio.

Depends on the Person.

Kansas City Star: In the lobby of a hotel they were speaking about speed fiends.

One afternoon Jones was rambling along the boulevard when he ran across Friend Smith. Handshake and then some talk, which included the war, the weather and motor cars.

"By the way," said Friend Smith, recollectively, "I hear that you have been buying a machine."

"Yes," proudly admitted Jones. "I brought her home about two weeks ago."

"Some speed, of course," returned Friend Smith. "How fast can the machine go?"

"Well," answered Jones, with a smile that was half sad, "it depends altogether on who is timing it—myself or a country constable."

Getting Tiresome.

Buffalo Express: "Toward the end of the ride," he was reading aloud, "they came to a ford."

"Oh, skip that," he exclaimed impatiently. "I'm getting tired of those automobile jokes."

His Method.

Detroit Free Press: "What is the secret of your popularity as a public speaker?"

"Well, I have one sure formula. When I can't think of anything else to say I just knock the tick."

Twenty Years Ago

From The Herald of this date, 1895.

***It is reported that A. B. Plough, vice president and general manager of the St. Paul & Duluth road, has been tendered the position of general manager of the Central Railroad of Georgia, with headquarters at Savannah.

***J. W. Phillips left yesterday for Alabama and it is expected his resignation as school director will be presented at the next meeting of the school board. J. Allyn Scott, H. P. Smith, W. R. Mars, D. C. Prescott and Van R. Brown are being discussed by the West Duluth people as good timber for the selection of his successor.

***J. C. Duncan and wife, who have been visiting Mr. and Mrs. E. D. Abbott at West Duluth, have returned to their home at La Moille, Ill.

***Duluth temperature at 7 a. m. today, 48; maximum yesterday, 57; minimum yesterday, 33.

***A social session was held last night by the Duluth Elks in honor of A. S. Lipman of "The War of Wealth" company. Exalted Ruler W. W. Walker presided and M. A. Heys and Frank L. Taylor of Superior responded to toasts.

***The wedding of Miss Annie McLean and John McCullum will take place this evening at the residence of J. A. Skinner, Fifty-seventh avenue and Grand, West Duluth.

***Sheriff Paul Sharvy, while on his recent hunting trip to Bowstring lake, visited the grounds of the last battle between the Sioux and the Chippewas and picked up on the field an Indian tom-tom, evidently relic of the conflict. It is made of tightly stretched hide and is but little damaged by exposure to the elements. It has been added to the collection of curiosities at police headquarters.

***Mr. and Mrs. R. P. Coburn of Lakeside left today for Western New York, where they will visit for a month.

***Miss H. A. Walker, deputy clerk of municipal court, will leave tomorrow afternoon for Racine, Wis., to spend a three weeks' vacation.

***There will be a large attendance at the Duluth Baseball club's benefit ball this evening at Odd Fellows' hall. The reception committee will be composed of Manager Atkinson, Catcher Connors, Right Fielder Neff and Center Fielder McCullum.

Saturday Night Talk

By the Parson.

Silver Linings.

Someone has given a happier turn to Whittier's pathetic lines:

"Of all sad words of tongue or pen
The saddest, these, 'T might have been.'"

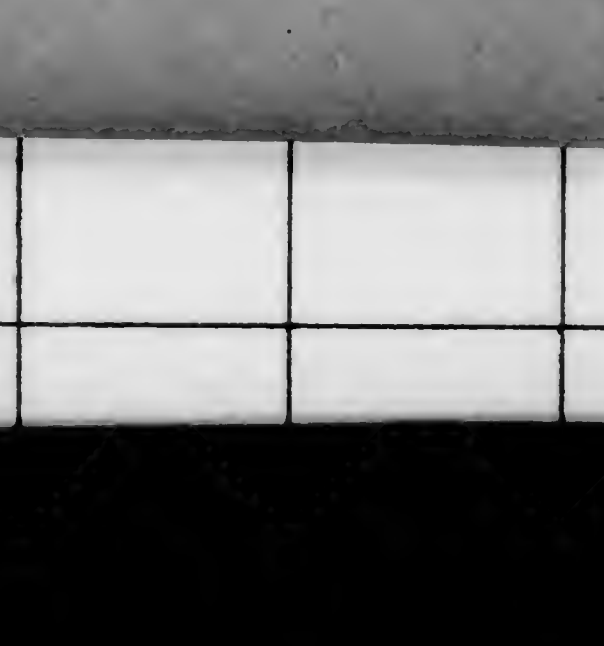

by continuing:

"Add this suggestion to the verse,
'It might have been a little worse.'"

The suggestion is an excellent one, and to be taken in all seriousness. As a matter of fact, any trouble that comes to us might easily have been a great deal worse. No matter how painful any given situation turned out to be, some easily imagined turn of events would have made it more painful. Let us always remember that in times of loss or calamity, if it seems like a chilly sort of consolation it is, nevertheless, of real and legitimate value.

A man who had lost the use of one eye through an explosion and was being commiserated by his friends, replied that he thanked God, at least, the other eye and both his ears remained to him. Nobly spoken, my maimed brother, and like a hero and a gentleman! Surely there is something good ahead for one who can thus bravely separate the silver from the cloud.

COURTESIES ON ROAD IMPORTANT TO ALL

Manners on Auto Highways
Should Be Same as at
Home.

The following article on "Road Courtesy" was written by G. Roy Hill, secretary of the Minnesota State Automobile association.

"The more we travel the roads the more we fear that some of us, at least, are degenerating to the real old-fashioned road hog. During the first few years of the automobile this brute was quite prevalent, partly, perhaps, because we didn't know any better, and partly because we were so few that we weren't called upon to give the matter much attention, and consequently became careless in our road manners.

"But this is a different day, and a man is judged as much by his manners on the road as he is by his manners in his home. Nowadays we haven't the excuse that we do not know any better, as we are being educated every day, and surely we cannot use carelessness as an excuse, as we haven't the time to become careless. It is a difficult task now to pick a popular road within 100 miles of the Twin Cities upon which we will not meet or overtake a machine at least every five to ten miles, so there must needs be a code of manners if we are to avoid arguments and cuss words.

"Take, for instance, the man who drives eighteen to twenty miles per hour and never exceeds that speed, and there are many of them—he should always give the front of his machine that comes up behind and asks for it. Many people, even when driving for pleasure, drive at the limit of twenty-five miles per hour, and we regret to state many exceed that rate, although for argument we will now only refer to the twenty-five-mile man. When the twenty-five-mile man gives the road to the twenty-five-mile man, however, then the responsibility rests with the twenty-five-mile man to keep up his twenty-five-mile pace, at least until he is far enough ahead of the other machine, so that he will not cause him inconvenience, either by blowing his horn or by passing.

"This is only one of the many road courtesies, but to our mind is the one big one, and one that is not always lived up to. Personally we would much rather take a sound thrashing than to have some of our brother motorists think of us what we think of them when they fail to observe this very important and simple rule of the road. No later than today we were talking with one of our members who actually dislikes a certain other member who several years ago hogged the road until he had actually run with him in order to get his rights. You may think this unusual, but you will be surprised if you know as we do of the number of our prominent motorists who have made life-long enemies on account of their road-hog proclivities.

"There are other less important but much appreciated road courtesies, the practice of which will make you and your friends as the other will make you enemies, especially in night driving. One of them is when you are passing another machine on a narrow road and your lights are especially bright and when you think the machine meeting you is having trouble in picking his way, turn on your lights and let him pass. You are running no risk for him can see you plainly, and in fact, it very often saves damage to your own car. There are others too numerous to mention, including waiting at the top of a sandy hill and not forcing the other fellow to climb the hill on the side of the road; waiting in a convenient spot for a team to pass, instead of forcing them into the ditch on a narrow road; and a very important one is to always give the other fellow his full half of the road when passing. We always make it a rule in passing another machine to put our left wheels in the right rut of the road, and if this could become a general rule there would be much less danger of accidents. There are few roads, if any, where this cannot be done, although we did find one recently, and were so good natured at the time that we pulled out too far and went into the ditch and had to be hauled out. Generally speaking, however, the above will apply nicely and there will be less rumpled tempers and driving will be made a sight more enjoyable.

AVIATOR BUYS AUTO.

Glenn Curtis Selects a Franklin Touring Car—Brother Has a Roadster.

Glenn Curtis, one of the best known aviators of the time, recently placed an order with the Franklin Buffalo dealer for a touring car. Though famous chiefly for his airplane exhibitions, Mr. Curtis is also an expert engineer, having developed the engine and rigging of the aeroplane of his manufacture. Coming from a person of his known mechanical knowledge and ability to judge anything of a mechanical nature, his purchase represents an unqualified endorsement of high degree.

HUDSON CAR USED TO RUN DOWN MEXICAN BANDITS

HUDSON CARRYING TEXAS RANGERS IN CHASE OF MEXICAN BANDITS.

The Hudson was selected by Sheriff T. Vann of Cameron county, Texas, in his chase of Mexican bandits who burned the bridge at Brownsville, miles above Brownsville. The sheriff, with Texas Rangers and deputies, arrived in time to prevent the burning of the bridge. In the chase that followed one bandit was killed and several were wounded. Sheriff Vann is of the effectiveness of the Hudson as a cross-country pacemaker.

aviator, of Dayton, Ohio, purchased a Model M roadster in 1912 which he is still using.

PEACHA WILL TRY FOR CASH PRIZES

Franklin Company Hangs
Up \$1,500 to Be Awarded
in Novel Competition.

Joseph T. Peacha, Jr., of the Interstate Auto company, announced this week that he has entered the novel "show-the-car" contest instituted by the Franklin company for all the dealers of the country. A total of \$1,500 is to be given away in prizes after the contest closes on Nov. 15.

The contest, which started yesterday, has for its main feature, the carrying of persons on stipulated routes. Points for passengers carried follow:

Officers of banks, directors and cashiers, professional men, members of congress, publishers and editors, three points; office managers and department store heads, ranchers and farmers, retired men, women, officers of public service corporations, mayors, members of state legislatures, two points, and all others, one point. If

the passenger drives himself or herself, an extra two points can be added.

All passengers to count in the score must be over 15 years of age and the unit score is obtained by multiplying the total number of points for each passenger by the number of miles. Adding the unit scores will give the total score made by the dealer. The winner of first prize will receive \$400, second, \$300; third, \$200, and the remaining \$600 to the next seven highest dealers.

In Duluth, Mr. Peacha will take his passengers along East Superior street from his show rooms at Second avenue to London road and on the rough thoroughfare to Thirtieth avenue east. Along the way the driver will throw his car in reverse while it is in motion, show how the carburetor feeds the engine, the shifting of gears without throwing clutch open, and the springs by driving along curbs, with one or two wheels in the drive way. The return trip will be along the Greyson boulevard, showing how smooth the machine runs on well-paved roadways.

LAKE PARK LECTURER BUYS NOVEL MACHINE

Will Deliver Illustrated Talks
From Specially Constructed
Car Body.

Something new in commercial motor cars has been built for Alfred Child of Lake Park, Minn. Mr. Child bought a Kissel-Kar chassis and had a special body constructed from which he will deliver illustrated lectures. A special lighting plant takes power from the motor for projecting pictures and large electric signs adorn both sides of the body.

THREE PASSENGER ROADSTERS COMING

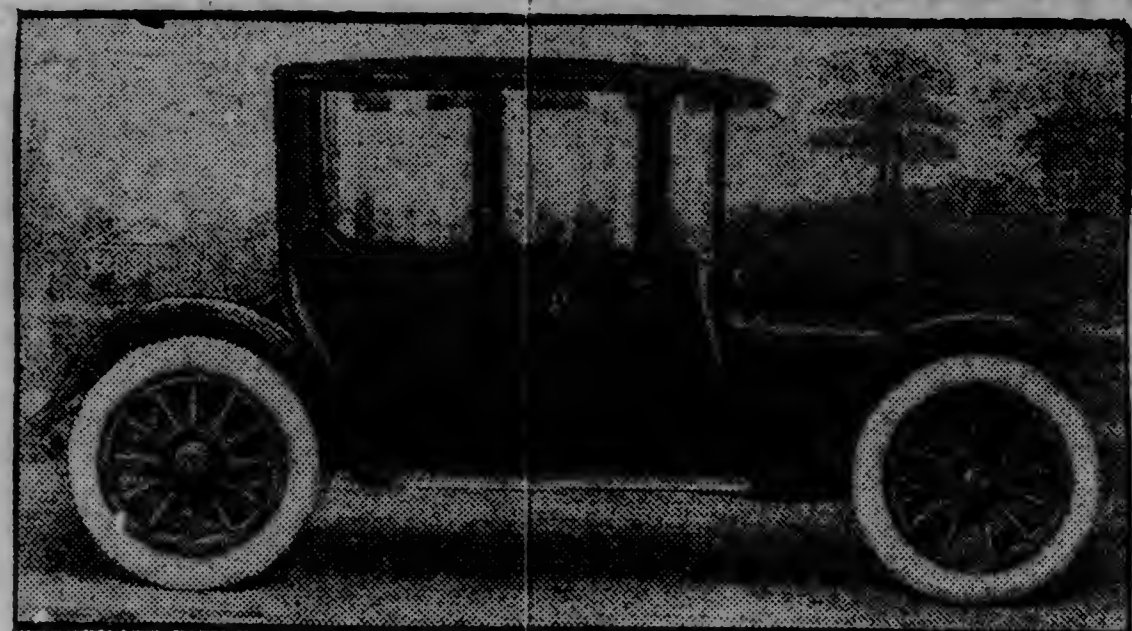

This Style of Car Included
in Production for
1916.

"Many automobile companies are including three-passenger roadsters in their production for 1916," states A. G. Selberling, general manager of the Haynes Automobile company, Kokomo, Ind.

"The three-passenger roadster is the ideal for the small family. During the day, it may be used as a business car. In the evening when business cares are forgotten, the family may use it as a pleasure car. It really serves a double purpose.

"The heavy demand for such a car,

NEW COUPE IS EQUIPPED WITH SILENT KNIGHT MOTOR

NEW WILLIS-KNIGHT COUPE TO BE SHOWN HERE NEXT WEEK.

In its new show rooms at 300 East Superior street, the Mutual Auto company next week will show its latest arrival, the 1916 Willis-Knight coupe. This car has the Knight motor and is being manufactured by the Overland company.

which has been felt for the last few years, has led to the announcement of several different types of this design by different makers.

"All types involve a third seat, some of which are so arranged that the third occupant seems apart from the other two. In the better designs, however, the three seats are so grouped that they make a very sociable arrangement.

"Such sociability may be obtained by separating the two front seats and placing the third seat between them and slightly to the rear. This design allows the incorporation of two large carrying spaces, one on either side of the third seat. These are in addition to the extra large space on the rear, other baggage, making a very desirable car for touring."

Big Mileage Record.

Traveling from Philadelphia to San Francisco, Cal., and using but 315 gallons of gasoline for a distance of 6,250 miles, is the record made by J. H. Karper of Philadelphia, Pa. This is an average of thirteen and one-half miles to the gallon of gasoline. Leaving on the 14th of June, he traveled over the highway to Chicago, Denver, Salt Lake City, Reno, then through the Lake Tahoe region, on to San Francisco and south to San Diego.

Car Has Great Stamina.

The stamina and touring ability of the Dodge Brothers' car has been well evidenced during a trip which is being completed by J. C. Marshall of Oaklawn, Cal.

Early in the summer Mr. Marshall, accompanied by Mrs. Marshall and

HERALD'S WEEKLY ROADS BUREAU AND BULLETIN

Washington, Oct. 16.—That military preparedness for defense includes extensive roads construction, viewed from the standpoint of the country as a whole, is made apparent in a statement which comes from the Atlantic seaboard, the Pacific slope, and even the Gulf of Mexico.

Recently the Alabama legislature unanimously passed a joint resolution, prepared by John Craft of the state highway department and assented to by Governor Henderson, which calls for the construction of a national system of good roads. "It demonstrates that a national system of good roads is essential to the successful protection of a country in the event of war."

At the recent Pan-American roads congress in Oakland, Cal., among the resolutions adopted was one in which the congress recommended "to the congress of the United States, the advisability of investigating the necessity of building a hard surface highway along the Pacific ocean side, from Mexico to British Columbia, and other national highways, to be used as military and commercial highways."

Highway, Duluth.—How are the roads to the Twin Cities? Answer—Reports from points along the Duluth-Twin City highway through Sandstone, Hinckley and Moose Lake state that the road is in good shape, encountered very little road trouble.

Speed, Hibbing.—Are the Twin Cities in what is known as the Yellowstone trail? Answer—They are.

Good Roads, Duluth.—Does the government help pay for any of the national roads, such as the Lincoln and Dixie highways? Answer—The regular Federal appropriations for state aid are used in building the roadways.

Washington, Oct. 16.—The great Central West has been the most consistent exponent of the dragged road and in no section or like area are there so many miles of this type. More than this, and of really large importance, in the heavy rains of July, is remarkable, and more so when it is remembered that during June a relay race was run from Chicago to Seattle in the remarkable time of 97 hours and 10 minutes, by traveling day and night.

Honolulu, Hawaii, Oct. 16.—The expenditure of \$50,000 upon the Keamuku road, at the north end of the island of Hawaii, completes the magnificent scenic auto road clear around the entire island, providing a run of 240 miles of perfect surface. This circular trip is becoming increasingly popular with tourists, the beautiful tropical scenery and the glimpses of the fast-vanishing primitive native life combining with the excellent hotel accommodation to insure an ideal tour. The round journey can be made in two days if desired. Within this circuit are four volcanoes, two extinct, one extremely active, and one intermittent crater.

Springfield, Ill., Oct. 16.—The state highway commission will use oil on state aid roads when requested to do so by county boards. This important decision was reached following the receipt of hundreds of queries at the office here as to when the revised two road law period of the use of state funds for oil roads. The commission states that in view of the fact that the application of a properly prepared oil is an improvement to an asphalt road, they will use oil in the construction of state aid earth roads, when requested by the county boards, but will require thereafter that the county shall pay for re-oiling from year to year, or oftener if required, as a part of the maintenance of the roads.

Sacramento, Cal., Oct. 16.—Just outside the city limits of Sacramento a great deal of construction work has recently been in progress. The California highway commission is paving the Auburn boulevard, north of the city. This work cost \$50,000. Steam rollers with plows and grading teams are at work there. The state department has also begun the Upper Stockton road.

PLEASURE CARS ELECTRICS TRUCKS MOTORCYCLES

Dixie highway movement: Charles A. Bookwalter, former mayor of Indianapolis and a noted speaker on good roads projects, and Field Secretary W. S. Hubbard, originator of the "Abe Martin" and a man of note in the newspaper field, also is with the tourists.

The route from Chicago leads through Danville, Ill.; Indianapolis, Ind.; French Lick, Ind.; Louisville, Ky.; Nashville, Tenn.; Chattanooga, Tenn.; Atlanta, Ga.; Macon, Ga.; Albany, Ga.; Tallahassee, Fla.; Jacksonville, Fla.; Cocoa, Fla.; West Palm Beach, Fla.; Miami, Fla., where the Dixie highway ends.

The entire trip covers 1,100 miles and the officials have arranged a running schedule of practically one hundred miles each day for a period of eleven days.

AUTO BOOM IN CANADA.

Manufacturers Making More Money Than Ever Before in This Country.

"Farmers and manufacturers alike are making more money in Canada today than ever before in their history," says Louis Locke, Canadian district manager for the Chalmers Motor company, who has just returned from an extensive tour of the Dominion.

An impressive increase in the sale of motor cars has naturally followed this wave of prosperity, and sales are

booming in all sections of Canada. The province of Ontario alone has taken 7,800 more cars to date than were sold up to this time last year. In the maritime provinces sales have been 50 per cent greater than last year, and the increase is also noticed in the Western provinces.

"When the fact is considered that the extra war tax on cars going into Canada brings the total duty up to 42 per cent, the showing is indeed a remarkable one. Canada has demonstrated most clearly to me the truth of the assertion that financial stringency is nothing but a state of mind. Were it not for the constant recruiting and drilling of the volunteers, no one would ever know there was war in the air. Business is going on with greater vigor than during the past five years. Crop reports from the eastern and western sections alike are the most favorable in some years, and the farmer is receiving prices for everything he has to sell."

OVERLAND IS HONORED.

Will Occupy Unique Position at New York Automobile Show.

For the third successive year the Willis-Overland company will occupy the position of honor at the New York automobile show to be held at the Grand Central palace from Dec. 31 to Jan. 3. This was definitely decided at the meeting just held in New York

DRAMA VAUDEVILLE

COMMENT ON PLAYS AND PLAYERS

MOTION PICTURES

WHAT THE PRESS AGENTS PROMISE

WHEN the war hurricane swept across Europe it blew before it a flock of artists, musicians and actors to America. Among them was Granville Barker, the English playwright and producer of plays. He was not among the first to come, for he waited to "do his bit" in the hospitals of Belgium. About 200 Duluthians were fortunate enough to hear his lecture at the Little theater Thursday night. For nearly two hours Mr. Barker spoke in a serious vein, his talk being enlivened by but three or four brief anecdotes, and there was hardly a rustle in the audience during that time. It was one of the most remarkable and interesting lectures Duluth has had the good fortune to hear.

Those who feared to find the long haired type of poet-dramatist in Mr. Barker, were delightfully disappointed. "For Heaven's sake," he ejaculated at the close of his lecture, "don't talk about food. You eat, but you don't think about food."

Mr. Barker's references to "successes" were delightful. He has a rare sense of humor, and his listeners got a rather vivid mental picture of the results that might ensue when this very alert, thoroughly capable and energetic young Englishman, who seems to know exactly what he wants, was turned loose in New York's theatrical realm.

His remarks on the value of a spiritual life to any people, and the necessity for a definite moral and mental aim aside from mere material things, were singularly impressive, coming at such a critical period in the world's history.

On the whole the lecture was like a breath of fresh air in a stuffy room, and it is to be regretted that the audience was so limited.

The Lyceum theater is "booked solid" until late in the winter, and the theater will probably have few dark nights during the next three months. Next week will come "High Jinks," and "The Trail of the Lonesome Pine," to be followed by "Daddy Long Legs," "Mutt and Jeff," "Ruth St. Denis," "The New Henrietta," "Potash and Perlmutter," "Crump," "Forbes Robertson," and "The Birth of a Nation," the latter being the photoplay that has created so much discussion.

"HIGH JINKS" AT THE LYCEUM
Farce With Music Will Be Shown for Four Days.
A jolly combination of rich farce and lively music is promised in "High Jinks," which Arthur Hammerstein will present at the Lyceum tomorrow matinee and night, Monday and Tuesday nights and Wednesday matinee and night.

The book and lyrics were written by Otto Hauerbach, whose name has long been conjured with in the realm of farce and comedy, and the score is by Rudolf Friml.

Among the well-known musical and comic entertainers composing the company are Charles Meyers, Grace McRae, Marion Boggs, Mae Andrews, Whitlock Davis, June Mullin, Eddie Lambert, W. H. White, Betty Blye, Mary Ambrose, Mildred Shelley, Bernard Cantor and Dorothy Brown.

The action takes place in France, first at Paris and later at a fashionable bathing resort. Dr. Thorne, an American nerve specialist practicing in the capital of the world's gaiety, has a friend, Dick Wayne, an explorer, who has happened upon a drug in the form of a perfume possessing wonderful properties. The effect of the drug is to transform a coward into a lion, the pessimist into an optimist, and the pride into a dare-devil. The perfume is called "High Jinks."

Dr. Thorne introduces "High Jinks" into his practice, and makes such good

THE "TANGLE-ANGLE" DANCERS WITH "HIGH JINKS," COMING TO THE LYCEUM.

use of it on one of his female patients, that she, in a transport of joy, throws her arms around his neck and kisses him raptuously. The doctor is too amiable to resist, but, unfortunately, the incident does not end there. The woman's husband, a Frenchman of the late type, has witnessed the proceedings in revenge he insists that the doctor shall introduce to him his own wife, in order that he may be repaid from her lips kiss for kiss.

The doctor promises, but hits upon a scheme to outwit his enemy. He engages a young actress to pose as Mrs. Thorne, and leads with her to a watering resort. The affair is purely platonic, but the Frenchman, who follows them there, doesn't know it.

Unlooked for complications arise, and the farce proceeds dizzily through a maze of mistaken identities. The fun grows with the complications. Friml's catchy music is said to quicken the action instead of retarding it, as is too frequently the case in musical comedy. The featured melody of the piece is entitled "Something Seems 'Tingle-ingle-ing.'" It is played in the overture, sung during the first act, and frequently repeated during the course of the performance. A catchy waltz air, "Love's Own Kiss," also enjoys repetition. Other gems of the score are, "Jim," "I'm Through with Romance," "Chil Chi," "Not Now, But Later," "Come Hither, Eyes," "I Know Your Husband Very Well" and "Dixiana Rise."

"THE TRAIL OF THE LONESOME PINE"
Dramatization of John Fox Novel Coming to the Lyceum.
In the dramatization of the widely read book, "The Trail of the Lonesome Pine," by John Fox, Jr., Eugene Walter has made primitive love the motif for the feudal war that rages between the kink of June, Mr. Fox's delightful heroine, and the Puffin, who constitute the clashing mountain clans of the Cumberland range. In the production which will be given at the Lyceum Thursday, Friday and Saturday, Oct. 21, 22 and 23, it will be seen that Walter has amplified the love story and subdued the feud. In other words, he makes June's love for Hale the cause of the feud, in which Dave Tolliver's father is murdered, and Berkeley, Hale's chum, is wounded by young Dave Tolliver, who is an insanely jealous suitor for his cousin June's hand. Mr. Walter makes June's love arise from companionship around the lonely pine.

In each character the wild spirits of the mountain clash; the spirit that brooks no interference from the outside world is a dominant keynote in every situation. Judd Tolliver, June's father, meets Hale with his Winchester crooked in his elbow, and forcibly demands his name and business. If Hale refuses, the inference is that old Judd would not hesitate to kill him. In every pose the mountaineer shows his resentment of what he terms "turrin" invasion; for a hundred years they have lived unmolested within the confines of their hills, fishing, hunting, moonshining, fighting each other for a fancied wrong done by some member of a clan long dead, but which has been kept alive by generations of descendants who hate even more intensely than their "grand-papa" did. Their love of family honor is above all a prized possession, and when gossip starts concerning June's schooling being paid for by Hale, and rumor is sent abroad that the engineer does not intend to marry June, a Tolliver starts to ferret out the gossip-monger who shoots him first; then Hale realizes that the romantic love of the girl is deeper and purer than he ever imagined a woman could love, and when he realizes it all he does not hesitate to marry her.

A magnificent production is given the play with one of the most capable casts ever seen of its kind. It was a striking success in Boston, Chicago, New York and Philadelphia, and played to the biggest business of late years in the theaters of those cities.

Five Stars in Cast.
Five of the foremost and most popular stars of this country, William H. Crane, Thomas W. Rose, Maclyn Arbuckle, Laura Hope Crews and Mabel Taliaferro, have cast their lot with a revival of Bronson Howard's comedy classic, "The Henrietta." Each of these dominant players is as suitably fit in the vivifying characters of it as if each were in the writer's mind at the time of "The Henrietta's" making.

FAME CAME TO HER OVER NIGHT
Young Star of "Daddy Long Legs" Seized Her Opportunity.
Ronnie Kelly, the beautiful young actress who heads Henry Miller's big company in "Daddy Long Legs," one of the coming attractions at the Lyceum, is one clever American girl, who had to go abroad to make good.

Miss Kelly was idling away a summer in England three years ago when the Criterion theater in London announced the production of Lechmere Worrall's comedy, "Ann." The preliminary announcements of the play stated that Julie James, a noted English actress, would be seen in the stellar role, as an "American girl" reporter on a big English newspaper.

On June 16, 1912, two days before the premiere, the management of the Criterion theater was thrown into a state of consternation by the news that Miss James had become suddenly

and critically ill. Hurried calls were sent to all London theatrical agencies for someone to take the place of the names submitted, however, appealed to the theater management or the author of the play.

Finally a member of the cast in "Ann," A. Hyllon Allen, announced that he knew a little "Yankee girl," visiting in London, who could, he believed, "get away with the part." She lacked stage experience, Allen admitted, but she was a very pretty girl, and she ought to know the type of young woman the author had in mind when he wrote "Ann."

In sheer despair the management sent for the "great unknown" and changed the newspaper announcements to read that Ronnie Kelly, a young American actress, would appear in the role for which Miss Julie James had been announced. And with but two days allowance for study and rehearsal of the role, the young American girl faced her first English audience.

A gathering that included the most dreaded newspaper critics in the world success of the comedy that is trying to tell the story of the many trying events which fill the life of Father Kelly. From childhood he was told that his calling was the church, and that his heart directed him that way, but in early manhood, when a young girl came into his life, he wavered for a short time from his determination. He won the battle which raged in his heart, however, and devoted himself to the church. Later in life a boy—the son of the woman he loved—came to him and Father Kelly cared for the boy as though he were his own. The boy grew to manhood and married. His wife's sister was ruined by a worthless fellow, and in protecting the girl's name the wife aroused the husband's suspicion. A separation followed and Father Kelly, heartbroken over the tragedy, did all he could to bring them

together. In the end he was successful and happiness came into their lives again.

"THE ROSARY" AT ORPHEUM-STRAND
Dramatic Photoplay Based on Drama By Edward E. Rose.
The Orpheum-Strand theater will offer the seven-reel play, "The Rosary," for three days starting Sunday matinee, as one of the big features of the year. It is heralded as a most artistic and dramatic photoplay. It is based upon the famous drama by Edward E. Rose and tells the story of the many trying events which fill the life of Father Kelly. From childhood he was told that his calling was the church, and that his heart directed him that way, but in early manhood, when a young girl came into his life, he wavered for a short time from his determination. He won the battle which raged in his heart, however, and devoted himself to the church. NEW GRAND SHOW CLEVER AND CLEAN
Strong Vaudeville Card Is Warmly Applauded By Large Audiences.
A double headline bill was advertised at the popular New Grand this week-end and the show presented has lived up to expectations. All of the numbers are exceptionally good and from a quality standpoint good and performance is just a little better than any entertainment in this particular line seen locally in some time. Heading the bill, Knox Wilson, the favorite musical comedy feature, and his company of funmakers keep one in laughter from the rise to the fall of the curtain. To say he is funny is putting it mildly. Wilson is a spring of mirth bubbling with good, wholesome laughs and when he does the special-ties which make him famous in musical comedy he is a riot of fun. Another big feature on the bill is Mame Gillis, the perfect lady Hercules, and her company. Mame Gillis has been a sensation all over the world, not only on account of her wonderful strength, but because of her winning smile. Nearly all the grand prizes for physical development and beauty of figure set up by prominent magazines and newspapers all over the world. The Misses Hunter and Smith are

SPEARING SOME CONVERSATION ALONG THE LINE OF SPORTS

Result of the Recent World's Series Should Convince the Carping Critic of Baseball's Honesty—Why Does Wolgast Fight? Central's Football Team Has Encountered Tough Luck—Boston Has Greatest Outfield.

BY BRUCE.

THOSE individuals troubled with a bad liver and the kindred ills that crowd along in the wake of dyspepsia, who have been in the pernicious habit in the fleeting years to scoff openly at the honesty of baseball in general and of the world's series in particular, received a rude awakening jar by the ending of the recent universal baseball gallop on Wednesday.

We were talking with one of the many well known business men of this city. Said W. K. B. M. blurted forth the dire and confident prediction that Philadelphia would win the Wednesday game.

"That will give the club owners a lot of more money," said the W. K. B. M. "There's no chance for the Phillies to lose that game." Back in 1913 the gamblers were so convinced that the Giants would win the fourth game of the series, thus causing another game to be played, that they went forth to the haunts of the underworld and bought large and fragrant slices of the current coin of the universe on this hunch in the general dishonesty of mankind in general and the baseball magnate in particular.

The gambling fraternity were stung in the worst way you can wrench the feeling of a gambler—i. e., through the channel of the pocket book.

However people for habits of believing certain whispered somethings and go heedlessly forward believing these certain somethings despite all the evidence in the case. That along with women's hats, is one of the great and peculiar things of this grim old world.

This year the failure of the world's series to go beyond a five-game layout lost to Boston and Philadelphia club owners the tidy sum of some \$80,000. Some sum—again we cry in superb fascination—some sum!

In the safe of the Boston baseball office reposed the sum of \$7000 representing the advance sale of tickets for the sixth game of the series. Since the ending of the series this money has all been returned to those who fought, bled and sacrificed for tickets.

Last year the Boston Braves picked the webfooted cause of the Athletics in four straight games. The year previous the Athletics attended to the case of the Giants in five games.

It was the eight-game trot of 1912 that caused the grim old dame, Scandal, to step down from her seat and shout to a waiting world that the world's series was nothing less than a crooked baseball plot, with the games strung out with the deliberate intent of enriching the coffers of the scheming and avaricious club owners.

The origin of this scandal talk, coming into full cry in 1912, may be discovered in the Detroit-Pittsburgh series, which was won by the Pirates before the Pirate clan was declared the winner.

As the world ages, it seems that it increases in grim suspicion of events in general. The cry of scandal and fixed games that followed in the wake of the 1909 seven world's series games was as the prattle of a child compared to the wail of a wounded mastodon, when set beside the echoing accusations that followed the passing of the baseball drama of 1912.

Let us hope, all of us, that the jolt those disbelievers in the honesty of baseball received in 1913, 1914 and the present year, will at least compel them to subscribe, if not effectively, to the cause of honesty, and thus causing them to change their views on the great American game.

How the Mighty Fall.

WOLGAST fought in La Crosse, Wis. last evening. In speaking in advance of the card, the associated press correspondent truthfully but unwittingly said: "The other minor bouts are also on the card."

Why Wolgast continues to fight, no sane man can understand. The case of Battling Nelson is thickly smeared with the tinge of pathos. Contrary to the general belief, the Dane of Hedgegwich is not plentifully endowed with the world's goods. Unwise speculation has chased a lot of the blood-gotten dollars out of the open kick of the Dane.

With Wolgast the case bears a different hue. The little Dutchman has a barrel of money and has also accumulated a rousing chapter of ring glory. Just why he should continue to fight after he is all in, is an unsolvable problem—unless it be that there are a lot of misguided matchmakers around the country unwise enough to stage the stalling Dutchman as part of a boxing show.

Central's Tough Luck.

COACH BLAKE and the members of Duluth Central high school football team are on the most friendly terms with old Kid Hard Luck. From the opening of what appeared to be a prosperous and glow-lit season, the old dog-eared kid has camped with grim persistence on the shivering and bleeding trail of the gridiron athletes of the pile of masonry, yonder on the hill top.

The opening of the present season was proclaimed with rousing enthusiasm by the followers of the team. The early augury of success has degenerated into a dismal requiem of a fallen opportunity. Injuries, such as few high school teams are compelled to undergo, turned what looked like a winning team into an eleven that has failed to win a single game so far during the present season.

Maybe before the season advances to the last lap some of the veteran material will have recovered. The failure of the high school football team to win games this season is hardly to be attributed to the coach or lack of playing ability upon the part of the regular team; injuries have put what looked like a real high

FOOTBALL COACH OF THE DULUTH TEAM

RALPH CAULKINS.

REDDY GIVES UP HIS JOB

Matchmaker Severs Connection With Capital City Athletic Club.

St. Paul, Minn., Oct. 16.—Edward Reddy, who has been matchmaker for the Capital City Athletic club since its organization, severed his connection with that organization after last night's program at the Auditorium.

The matchmaker's resignation was sent to President Louis Dow several weeks ago, but was not accepted until yesterday. The resignation came as the result of friction on questions of policy.

The Capital City club has not made any money to date, but Reddy contends this is not because of any shortcomings of the matchmaking, but because of heavy incidental expenses in connection with every program staged by the club.

Mr. Dow said that the club regretted to lose Reddy's services. His resignation was accepted, the club president said, largely because Reddy cannot find time to attend to both the matchmaking and the saloon in which he is interested.

For the present Mr. Dow will attend to the matchmaking himself, and the office work will be in charge of Edward Persell, who will act as Mr. Dow's assistant.

ELCORAS ARE LEADING MAJOR BOWLING LEAGUE

Close Race Marks First Week of Pin Rolling; Burns Has High Average and Whitney Is High Score Man—Newt Randall With Sharkcrafts.

The close of the first week of bowling in the Major league finds the Elcoras leading the procession, with the Sharkcraft and Oak Halls tied for second, the Big Duluths and Columbias tied for fourth place, and the Fitzgeralds and Winchesters in the cellar.			
In the matter of pin averages the Elcoras lead, while the high game score of 271 is held by the Big Duluths.			
Burns of the Oak Halls holds the high individual average of 208. Meyers of Fitzgeralds is second with an average of 202, citizen of the Oak Halls has a mark of 197.			
Whitney of the Big Duluths hung up the high mark, hitting the wood in one game during the week for a score of 242.			
Newt Randall, outfielder of the Milwaukee American association team, is bowling with the Sharkcraft five.

RECORD CROWD WILL SEE GAME

Central and Cathedral High Teams Meet on Gridiron for First Time.

Both Teams in Fine Shape and Gruelling Contest Looked for.

All is in readiness in both the Central and Cathedral camps for their big football game to be played this afternoon at Athletic park. It is the first meeting on the gridiron of football teams from these two schools and both elevens, evidently, feel confident as to the outcome of the battle.

The Red and White team, who are experienced football players, are streaming from the rosters of both the Central and Cathedral sidelines. The Cathedralites always support their athletic team in every shape and they will be out in almost full force to witness the game today.

The rivalry between the two schools has become intense and an unusually large delegation from Central is expected to be on hand to cheer for the Red and White. It is expected that the record for attendance, established in the St. Paul game last Saturday, will be broken today.

This is the first game for the Cathedralites, and they have been practicing only a little over a week. All of the members of the team, however, are experienced football players and they have built up an exceedingly fast combination. They are out to make a good clean win and the Central team will certainly have to fight for victory.

The Red and White team has had a strenuous week of practice since the hard St. Paul game and the men are in excellent shape for the encounter today. Three regulars will be out of the game as Coach Blake wishes to give them a good rest before the St. Paul Central contest a week.

ONE OF THE BEST OF ALL UMPIRES

WALTER M'DONALD.

BOO REFEREE OUT OF ST. PAUL RING

Decision in Lodge-Palzer Bout Proves Unpopular; Good Fights.

St. Paul, Minn., Oct. 16.—In one of the greatest fight cards ever staged in this section of the country, Billy Whelan of St. Paul decisively outpointed Eddie Wallace of Brooklyn in the main event of ten rounds.

Walter Lodge of St. Paul, after hammering Al Falzer around the ring, was disqualified in the third round for hitting in the clinches. Referee Whitmore, who disqualified Lodge, erred badly in his decision. The crowd booed and booed him for over thirty minutes, and he was forced to leave the ring and George Barton refereed the final bout.

The Whelan-Wallace bout was one of the most exciting ever seen between heavyweights. Lodge was the surprise. He met the shagging Palzer toe to toe and out-slugged and out-fought the New Yorker. Palzer was weak at the end of the first round from sledge-hammer rights landed in his mid-section by Lodge. Lodge was ordered a great ovation by the crowd when he left the ring.

The Whelan-Palzer bout started slow. The boys sparred cautiously and both were so clever that neither seemed to be able to land. The first round was even. Whelan took the second, Wallace the third and fourth, and Whelan from the fifth on.

In the opener Young Lewis was badly beaten by Young Asine in a four-round opener. A fair-sized crowd witnessed the show.

Results Friday.
At St. Paul—St. Thomas college, 13; North Dakota A. C., 6.
At Lawrence, Kan.—Haskell Indian Institute, 6; Baker university, 0.

GOPHER SQUAD WORKS NIGHTS

Ghost Ball Makes Appearance Under Lights on Northrup Campus.

Permanent Positions Are Assigned to Backfield—Playing North Dakota.

Minneapolis, Minn., Oct. 16.—(Special to The Herald.)—The ghost ball has appeared on the Minnesota campus, which means that the squad is working nights under intense arena lights with a white ball. No time is to be lost between the present and the new game of the season. The team is gradually rounding into mid-season form. The plays run smoothly, the passes are hard and accurate and the handling of the ball is careful and precise. There seems to be little question now as to the final lineup of the team. Solon, Bierman and Wyman are to occupy the three extreme back positions while Shorty Long has been finally decided upon as the permanent quarter.

Kleffman Strong Punter.
This selection came somewhat as a surprise for Kleffman has been punting most of the quarterback work and is a strong punter; but Long has a way with him that is hard to get. He is light and solid and lightning fast, a fair match for Fogue and a man who has several more years in school. Dunigan, last year's star tackle, has been permanently assigned to center and Hauser has gone to tackle. Boston and Quist are running ends, Gray has been moved to right guard and the will undoubtedly remain, and Maier and Sinclair will head down the tackle and guard positions respectively on the other side of the line. Sinclair, however, is temporarily out of the game with a dislocated arm and "Two-Ten" Gerow is handling his position very ably. This big fellow has been out of the coaches several years and is showing remarkable ability for such little experience as he has had. He has all the strength in the world and only needs to learn a few of the finer points of the game to use it to the best advantage.

Forward Line.
Judging from the practice tactics which Doc Williams is putting in men through and the results of the game, forward passing will be much relied upon this year. The line is handling the short snappy passes just over the first defense, with perfect precision being able to shove the ball freshmen almost every time. The long passes are also working well, but are usually considered somewhat dangerous in a close game, as the coaches of the Wisconsin contingent of last year, when such a pass intercepted, resulted in a touchdown for Minnesota.

Short ones do not gain so much, but they give the runner a possible chance to get away, at least assuring first down and work much more regularly. Aside from using the pass the coaches are calling upon the speed of the men rather than upon their strength. Of course, Solon will be used as a smasher, but the others are lighter and faster. They are being drilled in the wider end runs and rapid, deceiving and complicated plays.

Dakotans Not Feared.
There is not the least fear of North Dakota today, but every effort is being bent toward the Iowa game next Saturday and the Illinois game on follows in another week. Iowa is a conference team which is growing stronger each year. It will be remembered that last year the score stood only 7 to 0 in Minnesota's favor and many of the men frankly say that it might have been worse had the players had had the confidence with which they will enter the game this year.

AS TO RIFLE MATCHES.
National Association Favors Annual Instead of Semi-Annual Contests.

Jacksonville, Fla., Oct. 16.—At its annual meeting last night, the National Rifle Association of America went on record as favoring annual matches instead of semi-annual, as at present, and urged the present Federal regulations be changed to allow civilian riflemen to the National Guard ranges without being penalized. Liberal appropriations to encourage civilian rifle matches also were made. Among directors elected to serve three years were: Maj. Williams, Wisconsin; Maj. Brockhart, Iowa, and Maj. Lee, Minnesota.

ECHOES OF BASEBALL SEASON; BIG TRIP OFF
Boston, Mass., Oct. 16.—The failure of the proposed transcontinental trip of the Champion Boston Americans and the Philadelphia Nationals was the subject of a telegram last night from President Joseph J. Linnin of the Boston club to Robert McRoy, secretary to the national committee. The message from the Red Sox president which asserted that the fault for the abandonment of the plan lay with the Philadelphia club management, was in answer to a telegram from Mr. McRoy notifying the Boston team that the Philadelphia men had changed their minds and were willing to make the trip.

President Linnin said last night that he had wished very much to have the teams play in the West and felt that the trip would be of great value to organized baseball. He added that he had personally offered to finance the entire proposition when the San Francisco men who were active in promoting it had failed to present guarantees that were considered satisfactory.

Philadelphia, Pa., Oct. 16.—Considerable disappointment was expressed by members of the Philadelphia Nationals when they learned that President Linnin of the Red Sox definitely had determined to call off the proposed trip to the Pacific coast.

HARNESS MEET CLOSSES AT LEXINGTON TRACK
Lexington, Ky., Oct. 16.—The forty-third annual meeting of the Kentucky Horse Breeders' association closed yesterday with the finish of the second division of the 2 1/2 mile, carried over from Thursday, May Direct winning the third heat and the race, the second heat having gone to Patrick J. M. Napoleon Direct, started by Geers to lower his pacing mark of 2:00.3, failed, making the mile in 2:01.3.

Etawah, also entered by Geers, started to beat 2:02 and trotted the mile in 2:02. The first quarter was made in 31 1/2 seconds, the second in 1:03.3 and the third in 1:03.4.

Boxing****SCHEDULED FOOTBALL GAMES
PLAYED IN EAST AND WEST**

The leading contests of today in the East, together with the scores of last season's games, where the same institutions met, are appended:

Virginia at Harvard, did not meet.
Pennsylvania at Navy, 13 to 6.
Lafayette at Princeton, 13 to 16.
Colgate at Army, 7 to 21.
Bucknell at Cornell, 0 to 13.
Springfield at Yale, did not meet.
Vermont at Dartmouth, 0 to 12.
North Carolina at Georgetown, did not meet.
Amherst at Trinity, 0 to 0.
Rochester at Syracuse, 0 to 19.
Carleton at Pittsburgh, 3 to 10.
Muhlenberg at Rutgers, 7 to 17.
Williams at Brown, did not meet.
Gettysburg at Penn State, 0 to 13.
Swarthmore at Ursinus, 0 to 7.
Bowdoin at Wesleyan, 0 to 3.
Albion at Lehigh, did not meet.

Among the contests carded in the West are the following:

Wisconsin at Purdue at Lafayette.
Illinois vs. Ohio state at Columbus.
Indiana vs. Chicago at Chicago.
Northwestern vs. Iowa at Iowa City.
South Dakota vs. Minnesota at Minneapolis.
Oklahoma vs. Missouri at Columbia.
Kansas vs. Kansas at Lawrence.
Washington college vs. Nebraska at Lincoln.
Kansas Aggies vs. Normals at Emporia.
Washington vs. Wabash at Crawfordsville.
Knox vs. St. Louis at St. Louis.
Case vs. Michigan at Ann Arbor.
Carroll vs. Michigan Aggies at East Lansing.
Freshmen vs. Notre Dame at Notre Dame.
Western Reserve vs. Ohio Wesleyan at Cleveland.
Kenyon vs. Cincinnati at Cincinnati.
Akron vs. Oberlin at Oberlin.

**TEST GAMES
ON IN WEST**

Several Gridiron Contests in Conference Are of Crucial Nature.

Minnesota Expects to Win; Purdue vs. Wisconsin Important.

Chicago, Oct. 16.—Games, which notwithstanding the earliness of the season, may be classified as crucial, have places on today's schedule of football games in the Central states. On the outcome of four of them depends in a measure various claims to leading honors among the "Big Nine" eleven.

Coaches agree with critics as to the importance of Purdue's making a good showing against the scoring machine developed at Wisconsin if the Boilers makers would rank high in the conference, and Coach Andy Smith has called into service Ed Green, a Pennsylvania star of a few years ago, and Ed Hart, former Princeton fullback, to help prepare his men for today's struggle against the Badger eleven.

It will be Wisconsin's first clash against a team of Purdue caliber, and the Cardinal rosters do not expect the wackovers their idols enjoyed in their two previous games. Illinois, whose team in point-getting ability is a rival to Wisconsin, is expected to find serious opposition in Ohio State's defense, especially with Pogue and Clark likely to be out of the game because of injuries, but are reasonably confident of a decisive victory, however.

Indiana vs. Chicago. Coach C. C. Childs has had the assistance of Jim Thorpe, the noted Indian athlete, in rounding out his team for its annual game with Chicago. With what is believed its strongest team in several years, Northwestern hopes to surprise Iowa today.

Against South Dakota, Minnesota's

strong team is not expected to have an easy time, but the Gophers should win.

The Michigan Aggies in Carroll expect only a practice game, while Notre Dame will give its pending eleven a tryout.

Lafayette, Ind., Oct. 16.—Training to the minute, the Purdue and Wisconsin eleven awaited the contest set for this afternoon on Stuart field. It was the first conference football game of the season for the local university. The visitors were favored in the game. Five all-American football players were expected to take part in the game, and before the opening whistle fell confidence in Purdue's ability.

Columbus, Ohio, Oct. 16.—Illinois and Ohio State will meet on Ohio field today in their first Western conference football game of the season. The Illinois will enter the contest handicapped by the opening of this afternoon's annual game. Both squads were said to be in unusually good condition, with injured players announced by their respective coaches. Victory hark back to him, while Coach Hawley was silent on the prospects.

Ann Arbor, Mich., Oct. 16.—Several veterans of the Michigan football team, incapacitated by minor injuries were unable to participate in the game with Case school here this afternoon.

Columbia, Mo., Oct. 16.—The football team of the University of Oklahoma today was confident of victory in the struggle with the University of Missouri, but the Missouri players took courage from the fact that the teams were about equal in weight, at an average of 165 pounds.

Embezzled Bet Money. Louisville, Ky., Oct. 16.—Percy R. Phillips, widely known among race-track followers in the United States and Canada, was indicted by the grand jury here yesterday on the charge of embezzling about \$15,000. The indictment was procured at the instance of James Mulligan, St. Louis, who is declared, employed Phillips as betting commissioner during the recent race meeting at Louisville. Phillips has been missing since Oct. 4.

Coach C. C. Childs has had the assistance of Jim Thorpe, the noted Indian athlete, in rounding out his team for its annual game with Chicago. With what is believed its strongest team in several years, Northwestern hopes to surprise Iowa today.

Against South Dakota, Minnesota's

DULUTH VS. SUPERIOR
ATHLETIC PARK, 3 P. M. SHARP**

Duluth Boy Makes Good. Clifford Steele, a Duluth boy, who played with the Mechanics Art team of St. Paul and was captain of the football team that won the state championship in 1910, is making good at Keewauwin academy of Prairie du Chien, Wis. Keewauwin won the academic championship of the West last year and claimed the national title.

Farewell to the Old Army. DANCING PARTY Given by First Division, Minnesota Naval Militia. MONDAY EVENING, OCTOBER 16th AT OLD ARMY. 50 cents per couple—Ladies free. Lavinia's Orchestra.

INDOOR BASEBALL TO START AT THE Y. M. C. A. Indoor baseball will be ushered in Tuesday evening at the Y. M. C. A. when the Ionia Masonic lodge team will meet the association nine.

Chicago Beating the Japs. Tokyo, Japan, Oct. 16.—The baseball team of the University of Chicago was again victorious today, defeating the nine of Waseda university by a score of 15 to 0. The score: Chicago.....15 10 1 Waseda.....0 0 0

German Trainers Captured. London, Oct. 16.—That thirty-four German trawlers have been captured and taken into Grimsby since Sept. 15, is disclosed in an official statement printed in the London Gazette last night.

**BOYS PLAY "HOOKEY" AND THEIR
TEAM LOSES GAME BY FORFEIT**

Senior League. Won. Lost. Pct. Lincoln.....3 1 .750 Salter.....3 1 .750 Bryant.....3 1 .750 Irving.....3 1 .750 Washburn.....2 2 .500 Adams.....2 2 .500 Merrill.....2 2 .500 Jefferson.....2 2 .500 Lakeland.....1 4 .250 Lowell.....0 3 .000 Monroe.....0 4 .000

Junior League. Won. Lost. Pct. Munger.....3 0 1.000 Design.....2 0 1.000 Irving.....2 0 1.000 Fairmont.....1 0 1.000 Jackson.....1 0 1.000 Jefferson.....1 0 1.000 Franklin.....1 0 1.000 Salter.....1 0 1.000 Lakeland.....0 3 .000 Lincoln.....0 4 .000

Because three members of the Jefferson senior team played "hookey" yesterday afternoon in order to play in the scheduled game against the Adama eleven, Director Batchelor ordered the contest forfeited to the latter team, 2 to 0.

"We will not tolerate 'hookey,'" said Director Batchelor this morning, "as the boys have plenty of time in which to reach the grounds after the school session is over. Games do not begin until 4:30 o'clock."

Members of the Franklin junior team had to help their mothers in the garment store yesterday afternoon and as a result Director Batchelor postponed their game with the Esplanade eleven.

The Salter series defeated the Lakeland team, 69 to 0, and the Jefferson juniors won from the Lakeland Juniors 44 to 8. McClellan and Griffith, halves on the winning team, scored all the touchdowns.

The games scheduled for today follow:

Senior League. Lincoln-Lowell, Duluth Heights. Emerson-Bryant, Harrison Park. Junior League. Salter-Munger, Chester. Irving-Fairmont, Fifty-second.

has outlasted her two early season opponents, defeating both Superior and Rochester by scores of 44 to 0. However, both Colgate and the Cadets will enter the contest uncertain quantities.

Yale and Princeton will play Springfield and Lafayette, respectively, and both should come through to victory without more than the ordinary early season opposition.

After the drilling and confidence which comes from meeting and defeating three such powerful eleven as the Cadets, the Princeton team is expected to overcome the resistance which will be offered by Lafayette. Victories over Muhlenberg and Ursinus and a defeat by Washington and Jefferson will give the Princeton team a record of 10 to 0.

There is nothing in this showing to indicate that the Lafayette team seriously threaten the Tigers progress toward bigger game.

Cambridge, Mass., Oct. 16.—The Harvard eleven weakened by injuries which kept some of the regulars from the line-up was prepared for a hard contest against the University of Virginia at Cambridge today. The Harvard team was expected to win, but the Virginia team was expected to put up a fight. The Harvard team was expected to win, but the Virginia team was expected to put up a fight.

Princeton, N. J., Oct. 16.—The Princeton football team meets Lafayette here today. The visitors have shown marked improvement in their team practices and a close contest was anticipated. Princeton, however, hoped by playing an open game to run.

Annapolis, Md., Oct. 16.—With a team that does not measure up to Navy's standard for this period of the football season, the Annapolis team will meet the University of Pennsylvania here this afternoon. In the two games that have been played, Navy has been decisively defeated by Georgetown and University of Pennsylvania.

New Haven, Conn., Oct. 16.—The Yale football team looks for a hard game with the Springfield Y. M. C. A. team here this afternoon. The visitors have not played Yale in several years.

Atlanta, Ga., Oct. 16.—Although Virginia has defeated the North Carolina team and her battle with Harvard today holds the center of interest with Southern football enthusiasts, several games take place on Dixie gridirons, which promise a real line on the big Southern eleven. Considerable interest is being taken in North Carolina's clash with the Virginia team.

Ithaca, N. Y., Oct. 16.—The unbeaten Cornell team today faced the Bucknell eleven in a contest which the Ithaca team hoped would prove a needed test of strength before the game with Harvard next Saturday.

West Point, N. Y., Oct. 16.—West Point expected a hard game against Colgate today but the contest was postponed because of the pink of condition. The army for the first time in two weeks.

**DULUTH AND SUPERIOR
ELEVEN EVENLY MATCHED**

Football Battle for Head of the Lakes Supremacy Expected to Be Close and Hard-Fought—Both Teams Have a Great Set of Backs, With Little Difference in Forwards.

BY BRUCE. During the civil war battles were designated under different names—there was Bull Run, Lookout Mountain, the Battle of the Wilderness, etc. Tomorrow's football game between Duluth and Superior independent eleven may go down in local gridiron history as the "Battle of Forty Fights."

Superior is going to bring eighteen players over to Athletic park. Duluth has more than that number of regulars and reservists in waiting. From the managers of the two teams down the line to the last substitute there is an ardent desire to win and thus wipe out past scores and past differences that have been accumulated.

Last year or the year previous there were no games between Duluth and Superior teams. The Bradleys and Nick Hirsch and others became allied with Duluth. This season all of the Superior stars were thrown off the Duluth eleven and local players used exclusively in the building of a team. Tomorrow the Bradleys, Buchanan, Hirsch and others are coming across the bay and make a lustrous endeavor to stake the all-Duluth team to a thorough and highly artistic lacing.

One Good Leg Left. Gus Method is limping around on one leg. Last week he sprained his ankle. Most persons will argue that a football player with but one sound leg isn't much account. He nevertheless Method will be held in reserve for tomorrow's battle. A kid is accounted the surest drop kicker in independent football circles.

If the game is so close, or the teams are battling so evenly that there seems a chance for a touchdown, it is the plan of Capt. Caulkins to call Method in, bum leg and all, and have him take a shot at the goal.

One Good Right Leg. Charles Brickley, a cripple, scored more points last year in the Yale-Harvard game than the entire Harvard team. Ask Cub LaJoy, Coach Method will prove an embryo C. Brickley. Proving even an embryo Brickley is quite enough for any football player.

Lineup Apparent Equal. Taking the forwards of the two teams from end to end, there appears little advantage in the two teams. What advantage there should be in favor of Duluth.

Admiral Turner of the United States navy, big McDonald at center, and

chance, of the One Hundred and Sixty-seventh infantry regiment, says the news, the bomb did not explode, the news, the bomb did not explode, the news, the bomb did not explode.

NO LACK OF INTEREST IN GRADE SCHOOL GAMES. A total of 4,068 children attended the opening grade school football games, according to the September report filed by Recreational Director Batchelor yesterday with Mayor Prince.

The schedule for the Senior League started on Sept. 15 and the Junior league on Oct. 1.

According to the report, there were 1,048 children at Harrison park, 3,174 at Chester park and 1,000 at the Fifty-second avenue grounds from the opening of the league to Oct. 1. Extremely cold weather and heavy rains kept attendance down, states the report.

GREEKS RESTRICT TROOPS OF ENTENTE. Berlin, by wireless to Tuckerton, Oct. 16.—According to advices from Budapest, the Overseas agency says, "the Greek army took measures to limit the space occupied by the troops of the Entente allies landing at Saloniki. Thus French telegraphists who attempted to establish a wireless station in the vicinity of the city were forcibly ejected. It is stated in these advices that 35,000 Greek soldiers who have been assembled at Saloniki occupy all the buildings in the town and that the troops which were limited to the section of the port which is in Serbian possession."

London Indicted. New York, Oct. 16.—Max Lomar London, also known as Cory London, who was arrested three days ago by Federal agents, was indicted yesterday by Grand Jury, containing French and German wounded. One bomb shattered part of a bed on which lay a badly wounded French soldier, Louis Fann.

FRENCH AVIATORS BOMBARD HOSPITAL. Berlin, Oct. 16, by wireless to Tuckerton.—The Frankfurter Zeitung, says the Overseas News agency, reports that a French aeroplane on Oct. 9 bombarded a German hospital at Grand Pre, containing French and German wounded. One bomb shattered part of a bed on which lay a badly wounded French soldier, Louis Fann.

We Do It Without Pain. All Work Guaranteed 20 Years.

NEW YORK PAINLESS DENTISTS 123 WEST SUPERIOR STREET.

WHEN you're tramping all over creation after game, you don't want a big bunch of ordinary tobacco sweating in your hip pocket. There is tobacco satisfaction for two, and plenty of it, in the sweat-proof sanitary pouch of Real Tobacco Chew.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W-B CUT CHEWING TOBACCO. IT IS THE NEW "REAL TOBACCO CHEW"—CUT LONG SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to tobacco satisfy. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

((Notice how the salt brings out the rich tobacco taste.))

WEYMAN-BRUTON COMPANY, 50 Union Square, New York City

ACTIVITIES OF THE WEEK IN DULUTH'S SOCIAL WORLD

Events of Coming Week

MONDAY.

Annual meeting of the Housewives' league, at the library club room, 2:30 p. m.

Charming October Bride and Her Attendants

MISS JEAN MARSHALL.

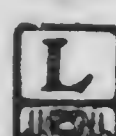

The wedding of Miss Alice Louise Lang, daughter of Mr. and Mrs. Thomas H. Lang of 201 South Twenty-first avenue east, and Henry Hobart Bogardus of Chicago will take place Thursday evening at St. Paul's Episcopal church. Rev. A. W. Ryan will perform the ceremony, which will be followed by a small reception for the relatives and intimate friends at the home of the bride's parents. Miss Jean Marshall of Sault Ste. Marie, formerly of Duluth, will be the maid of honor, and Miss Katherine Kidder of Woodstock, Vt., and Miss Katherine Steen of Allegan, Mich., Rogers Hall bridesmaids. Howard Jacobs of Chicago will be the best man, and Siebel Harris and Charles West, Jr., both of Duluth, will be the bridegroom's other attendants.

MISS KATHERINE KIDDER.

MISS ALICE LANG.

MISS KATHERINE STEEN.

Among the out-of-town visitors will be the bridegroom's parents, Mr. and Mrs. Edgar Bogardus of Chicago. Mr. and Mrs. Lang will entertain the members of the bridal party and the out-of-town guests at the bridal dinner at the Spaulding Wednesday evening.

LITERARY and musical clubs and those engaged in relief work have begun their meetings, and club affairs promise to occupy the attention of many women until spring.

Monday afternoon the art history class of the Twentieth Century club studied the principles of art under the direction of Miss Gertrude Carey and the Association of Collegiate Alumnae met at the home of Mrs. David Davis. In the evening the Northland Country club held a dinner-dance at the Northland Country club and the Shakespeare class of the Twentieth Century club began the study of "Henry IV."

Tuesday afternoon the reception of the Twentieth Century club was given at the Spaulding hotel, the Ladies' Literature club began the study of Lessing at the meeting held at the home of Mrs. G. E. Diehl, and the Linnaea club met with Mrs. Emil Johnson.

Wednesday morning Mrs. J. C. H. Engel gave a talk on Granville Barker at the Little theater before the members of Drama league and others interested in the drama.

Thursday morning the executive board of the Twentieth Century club held its first regular meeting of the season. In the evening Granville Barker gave his lecture, "Ideas in the Theater" at the Little theater under the auspices of the Drama league.

Yesterday afternoon Miss Emma Ghering spoke on folk lore and a musical and dramatic program was given at the meeting of the Bishop's club which was held at the home of Mrs. R. M. Sellwood. Bishop James McGolrick spoke on "Folk Plays and Players" to the members of the Outlook club who met at the home of Mrs. F. W. Paine and Mrs. N. F. Hugo and Mrs. E. J. Bardwell gave travel talks at the meeting of the department of education and home of the Twentieth Century club.

Washington, D. C., its general features, architecture and art were the subjects at the meeting of the Saturday club held this afternoon.

Next Week's Activities.

Monday afternoon the Housewives' league will hold its annual meeting. Tuesday Greyhound du Lhut chapter will hold its annual luncheon at the Northland Country club and the Matinee Musical will give its first semi-monthly program. Tuesday evening the Evening Drama class will begin the reading of "The Master Builder."

Mrs. Anderson of 13 West Fifth street entertained a party Tuesday afternoon in honor of her sister, Mrs. F. Luland, of Balboa, Panama. The guests were:

Mrs. Anderson, Mrs. Luland, Mrs. Gregory, Mrs. Edith Janzies, Mrs. Anderson, George Luland, Mrs. A. Lundgren, Mrs. 2728 West Second street, entertained Monday evening at a dinner for Mr. and Mrs. C. A. Persons of this city, who will leave soon for Barrow, Minn., where they will make their home. Covers were laid for seven.

George H. Murray of Los Angeles, Cal., is visiting his aunt, Miss Josephine Morse of 3516 Alameda avenue. Both will leave in a week for the California expositions and will spend the winter in Los Angeles.

Miss Mildred Grochowsky, 820 East Third street, has returned from a six weeks' visit to relatives and friends in Southern Wisconsin.

The younger members of Miss Josephine Stevenson's music class gave a recital this afternoon at the home of Mrs. J. E. Osborne, 2604 Minnesota avenue. The following program was given:

"Two Flowers".... Carl Koelling
"Muriel Hanna and Jeannette Peterson, 'Cheerfulness'.... Irene Johnson.
"Woodland Echo".... John Leidt
Lois Tredway.

Song "Edelweiss Glade".... F. Vanderbeck
Duet "Lullaby".... Carl Heins
Lois Tredway and Miss Stevenson.

"The Fountain".... Carl Bolun
Jeannette Peterson.
Song "Right About".... W. C. Powell
Ivan Waiz.

"The Silver Nymph".... Carl Heins
Duet "Silver Stars".... Carl Bolun
Marie Scott and Miss Stevenson.
"Meditation".... C. Morrison.
"Moonlight on the Water".... A. Seidl
Evelyn Elstad.

"Robin's Return".... Leander Fleher
Duet "Alpine Violets".... Ludwig Andre
Hattie Wolf and Evelyn Elstad.
At the conclusion of the musical program a dance from the Greek peasant was given by Katherine Osborne, Mary Alexander and Florence Gallagher.

Misses Olga Carlson, Beatrice Stengler and Maxine Stengler have sent out invitations for a Halloween dancing party to be given Friday evening, Oct. 25, at the home of Miss Carlson, 202 Twenty-fourth avenue east.

Invitations have been sent out for an autumn dancing party which will be given by the Teepee Tonka club Monday evening at Foresters hall.

Thomas S. Wood will entertain the members of the vestry of St. Paul's Episcopal church at dinner this evening at his home, 1924 East Superior street. The members of the vestry are:

Messrs. G. G. Hartley, Ralph Moore, W. J. Olcott, H. R. Spencer, John H. Dight, H. R. Spencer, F. W. Paine, James Wanless, H. M. Peyton, John Gordon, W. H. Rattenburg, J. E. Bower.

Mrs. Louis Nelson, 2317 West Fourth street, entertained last evening at a luncheon for Miss Bertha East. Music and games furnished the entertainment.

THE ADVANTAGES OF THE PARCEL POST

The business man who is carefully studying the Parcel Post realizes that the farmer who, before its advent, was compelled to drive several miles every time his family wished to purchase some little article, is now reaching out after parcel post business. The time to mold this trade for your own house is now, and an intelligent discussion through the advertising columns of what you are doing for the welfare of the community which is using the Parcel Post to its own advantage will find a ready response. Show the convenience of this delivery system and the savings which are possible through buying direct from you, by timely offers of desirable merchandise.

D. P. Tierney, assistant state forester, was a business caller here last Wednesday.

J. J. Hadler was a caller at International Falls last Wednesday.

Mr. and Mrs. C. L. Hillstedt returned Tuesday from International Falls, where they have been visiting the past few days.

Mrs. Elmer Warner is visiting friends at Minneapolis and Tenstrike this week.

Foster Richard, who has been sick, is out again.

Rev. Post visited the school last Monday.

Mr. Bowen, Mr. Cochran and Miss Post returned last Friday from their visit at the Sturgeon River and Lund.

Mr. Edwin Solberg and children left Sunday night for Colman, N. D., where they will join Mr. Solberg.

Hosoda, Japanese, is working at Bear River, was home over Sunday.

Prof. Burton, Daniel Maher and Mr. Post left Monday for Duluth, where they are putting up a sawmill.

Wesley Wilson is a business caller here last Monday.

Dick Deering was here last Monday.

Engineer W. M. Everts of Bemidji made an inspection trip over ditch No. 1 last week.

Ole Regal, of the Sturgeon, was in town last Wednesday.

Mr. Moran and son, Walter, left last Saturday for Waukegan.

William Wilson was in the village last Wednesday.

Tower

Tower, Minn., Oct. 16.—(Special to The Herald.)—Dorothy, Vincent, and little son, Mr. and Mrs. W. F. Johnson, returned from a week-end visit to the outing on Lake Vermilion and left Sunday evening for their homes.

BIG LEDGE COPPER MINES AT THE SHIPPING STAGE

Remarkable Record of a
Duluth Company Which is
Less Than a Year Old.

Acquisition of Producing
Properties a Great Business
Stroke.

Letter to Stockholders To-
day Gives Them Reasons
for Rejoicing.

Porphyry Copper Stocks
Which are Paying Unpre-
cedented Profits.

Their Purchase Advised By
Financiers Instead of
Railway Shares.

BY GEORGE REID.
Shareholders of the Big Ledge Development company of Duluth, which is developing four great copper mines in the Black Hills range of Arizona, should be highly pleased with the facts contained in a letter sent to each shareholder today by Ernest Le Duc, president. This letter describes the Henrietta and Butternut mines, producing properties, recently acquired by Big Ledge, and tells of the work in shafts and by drifts on the Boe and Copper Springs claims, on which a great ore body is being blocked out which is estimated as high as 30,000,000 tons of high grade copper, gold and silver ores.

The Henrietta mine is being operated and will begin shipments soon and operations will begin almost immediately at the Butternut mine. So far the Big Ledge Development company has made a remarkable record, and it is not surprising that its shares are being dealt in heavily at New York and Boston and are going up and up, reaching a high level this week at \$3.37 1/2 at New York. When the stock was listed on the New York curb, about the middle of June last, it opened at \$1.25. Since that time it has made a gain of nearly 200 per cent in value and it is predicted by New York copper brokers that it will reach a value of \$5 before the first of the year.

Set a Record in Copper Mining.
The Big Ledge Development company was organized Jan. 29, last, under the laws of Arizona, being capitalized at \$1,500,000 and shares having a par

value of \$1. I do not know of any other mining company in existence so quickly. Big Ledge will be producing and shipping well within the first year of its existence.

From now on the company will ship from two developed mines, with a large proven tonnage that will increase from month to month until two other of its rich properties, the Boe and the Copper Springs, are fully demonstrated and an intelligent calculation can be made of the size of the smaller which will be needed and which is now under consideration. As I have told before in these columns, the principal reason for the acquisition of the Henrietta and Butternut mines was to command ore which with the ores of the other Big Ledge

properties, will produce an ideal fluxing mixture. In the letter to shareholders today, President Le Duc says that development on the original sixty-three claims of Big Ledge holdings is progressing by the sinking of the Boe shaft, which is down a depth of approximately 200 feet and that although the company did not expect to encounter ore in this shaft, values began to show at the 90 foot depth and continued to show up to the time Mr. Le Duc left the mines a few days ago. When the 250 foot level is reached, drifting in a westerly direction will begin and should encounter the ore bodies before going very far.

MacK Drilling Being Done.
Aside from this work the company is exploring with two Ingersoll-Rand

core drills and is sinking a hole on the Iron Clad claim close to the north line of the Pick and Shovel claim. The other drill has been started on the Copper Springs claim, about 700 feet south of shaft No. 1. It is expected to drill a crosscut there of five holes preparatory to drifting into the ore body from shaft No. 1. Mr. Le Duc's report continues: "During the last two weeks Charles Baker, vice president; J. H. Shookley, our consulting engineer, and myself were at the properties with Lloyd E. Le Duc, assistant engineer, and after a thorough examination this company has taken over what is known in the Black Hills district as the Henrietta and Butternut mines. Both properties are patented ground and copper, gold and silver mines of record. Until they were closed down on account of litigation these mines were heavy producers and dividend payers."

Mr. Le Duc then describes the location of the Henrietta and Butternut mines, which are on the Poland branch of the Santa Fe railway, about two miles west of Huron station. The railroad crosses both properties, as does also a good automobile road. The Hen-

rietta mine is developed by a series of tunnels driven into a mountain from the south. The upper tunnel, designated as No. 1, at a distance from its portal encounters the ore body, where a winze shaft is sunk in the ore body to a distance of 95 feet, which the company will continue to sink 355 feet lower. The lower tunnel, designated as No. 2, where it will intersect tunnel No. 1 when the tunnel is driven to that point. Already in the Ore Body.
Tunnel No. 2 starts at approximately 300 feet vertical under tunnel No. 1, and is driven a distance of 800 feet. The face of tunnel No. 2 is in the ore body along the hanging wall for some distance. The company will continue to drive this tunnel and intercept the winze shaft which is being sunk from shaft No. 1. The Henrietta mine is equipped with

electrical machinery, throughout, and the property was taken over by Big Ledge in its entirety with all tools and machinery. The mine has a good 20-stamp mill, cyanide tanks, and all necessary tables, settling tanks and so on, for the treatment of the free milling ore. All ore running under \$20 per ton will be treated through this mill and concentrated. The higher grade ore will be sent direct to the smelters.

The equipment of the Butternut mine consists of a shaft, with all necessary hoists, engines and other machinery to put it into immediate operation. The Butternut shaft is sunk to a depth of 300 feet and drifts run into the ore body. The Big Ledge company will continue to use this shaft until the drifts are run further into the ore body, when it will either sink a new shaft or drive a tunnel and stop the ore from a lower station than is now used.

The Big Ledge development company took possession of the Henrietta and Butternut mines on Oct. 1, and intends to start shipments within the next thirty days, and to continue shipping right along. President Le Duc estimates that the company will ship at

the end of a 1,000-foot drift running northerly into the mountain at the mill level. "Another tunnel, 400 feet above, on the dip of the vein, extends 2,000 feet clear through the mountain. From the north half of this tunnel a very large tonnage of high-grade ore was shipped. Near the center of the tunnel the present management has sunk a 15-foot winze from which a carload of \$40 ore was shipped. Work still continues at this winze.

"Near the south entrance to the upper tunnel a shaft is being sunk for the purpose of connecting the two levels. When this connection is made the mine will be well ventilated and the ore will be handled more economically. At proper depths stations will be cut

and levels run in order to block out the ore. "A modern electrically equipped 20-stamp mill, used in treating the second-class ore, is situated near the railroad track. Shipping ore is loaded directly into cars. At the present rate of development the Henrietta will again become a large producer in the very near future."

Unprecedented Earnings of Porphyry Copper Mines.
It may not be generally known that the Big Ledge copper mines and copper properties are porphyry properties. Porphyry copper mines are enjoying unprecedented earnings and will continue to do so for many years to come.

One of the most noticeable features in stock market literature during the past few months has been the prominence given in the correspondence and market letters of old established New York and Boston houses to the unprecedented present earnings of the porphyry copper mines, and their well grounded conviction that there is now in process of formation by far the

stock exchange houses are now recommending stocks in the porphyry copper mines in lieu of the choicest railroad shares. This may appear to some as ill-advised counsel, yet the facts are that the porphyry copper mines, by the application of scientific principles and the best engineering talent, have reached a point in their operations where they can estimate with mathematical precision for a period of ten, twenty, forty or fifty years what their earning power and dividend disbursement capacity will be on a given metal price.

Taking into consideration, therefore, the fact that not only during the progress of the world's greatest war, but after peace has been declared, the demand for copper will be on a scale hitherto unapproached and calculated to tax to the utmost limit the productive power of the world's copper producers, one is forced to concede that the position taken by these investment guides is not a departure from safe and conservative principles.

John D. Ryan, the copper magnate, has been widely quoted by the newspapers during the last few weeks as making the unqualified statement that there has not been in the history of the world the amount of copper destroyed equal to that which has been lost during the first year of the war. This copper can never be recovered. It must be replaced by extraction from the earth.

Demands for Copper on a Scale Never Known Before.
Added to this fact that the constructive demands of Europe after the war will be on a scale never before known, and the further fact that the railway companies are looking to the electrification of many of their lines, and the ever increasing demand from the establishment of power plants, it does not require a statistician to foresee the brilliant future awaiting the corporation that is fortunate enough to have reached the copper producing period at this most propitious time.

The five principal dividend paying copper properties known as the porphyries, namely, the Utah, China, Miami, Ray and Nevada Consolidated, are now producing at the rate of 445,000,000 pounds of copper annually, which is approximately 20 per cent of the entire world's output. These companies produce their copper for 7.40 cents per pound. These companies are now paying dividends at the rate of approximately eighteen and a half million dollars annually, which is equivalent to 7.35 per cent on the combined market valuation of their outstanding capital stocks, and on an 18-cent copper market they are now earning forty-seven million dollars a year, or three times the amount needed to maintain present dividend payments.

Enormous Advance in Porphyry Copper Stocks.
If this condition means anything, it means that an enormous advance in the prices of these porphyry stocks is inevitable, and that those companies that are now in process of blocking large bodies of porphyry copper may expect to witness an advance in their stock prices to sensational heights when compared with their present quotations.

Investors are advised to keep their eyes on Big Ledge. It will be the phenomenal copper success of the year. Addressing policy.

UNION MEN PROTESTING

Carpenters and Joiners' Local Is Opposed to Electrical Ordinance.

Believe Its Adoption Would Discourage Home-Building in This City.

Duluth carpenters are opposed to the proposed electrical ordinance and, in a communication sent to the city commissioners today, they ask that the measure be turned down when it comes up for a final vote.

The letter is signed by officers of Local No. 361, United Brotherhood of Carpenters and Joiners of America, who state that they protest against the passage of the ordinance, because it will only benefit a few individuals and does not regulate fairly.

"According to the ordinance," states the letter, "a man cannot put a motor on his wife's washing machine without paying for the privilege."

The communication, which will be read at the council meeting Monday, follows:

Give Their Reasons.
"As seen in The Herald of Tuesday, Oct. 6, a new ordinance has been introduced for the purpose of regulating the electrical work and creating a new office, that of an electrical inspector. We, members of the carpenters' union, wish to protest against the passage of this ordinance for the following reasons:

"We are of the opinion that the present system of electrical inspection is sufficient for some time to come. We are also of the opinion that this ordinance is not so much for public safety, as for the personal benefit of a few individuals who desire to monopolize the electrical business in Duluth. Any person competent to do the work, satisfactory to our present inspector, and able to furnish bonds as a guarantee to the owner, should have

the right to be in the business without being compelled to get a license.

Salary Clause Pinches.
"The salary of the electrical inspector, to be paid by home builders, in form of excessive fees for permits, will have a tendency to discourage workmen from building homes of their own. We believe that the property owner should not be taxed for having electrical fixtures in his home, but should be taxed for the privilege of having them."

"In one section it appears that the electrical inspector would have the right to enter any building, new or old, at any time, even to tear the walls down. How little it would take to find some fault that would cause endless trouble. An annual inspection could be for no other purpose than to investigate if the owner had put in a fixture since the last inspection without paying a substantial fee for the improvement."

Would Be Detrimental.
"We are of the opinion that the ordinance would be a detriment to the public, created with a selfish idea of driving the smaller electrical shops out of business. Would it not be just as fair for the city commissioners to pass an ordinance compelling carpenters, working on a building, to pass a rigid examination? A carpenter by poor workmanship and poor material may endanger many lives and cause much damage as an electrician."

"For these reasons, the members of the carpenters' union protest the passage of this ordinance, and hope that the commissioners will show that they have the welfare of the public in general in mind by vetoing same."

"For a bigger and better Duluth, we, the members of the Duluth Brotherhood of Carpenters and Joiners of America."

ATTEND COUNCIL OF CONGREGATIONAL CHURCHES

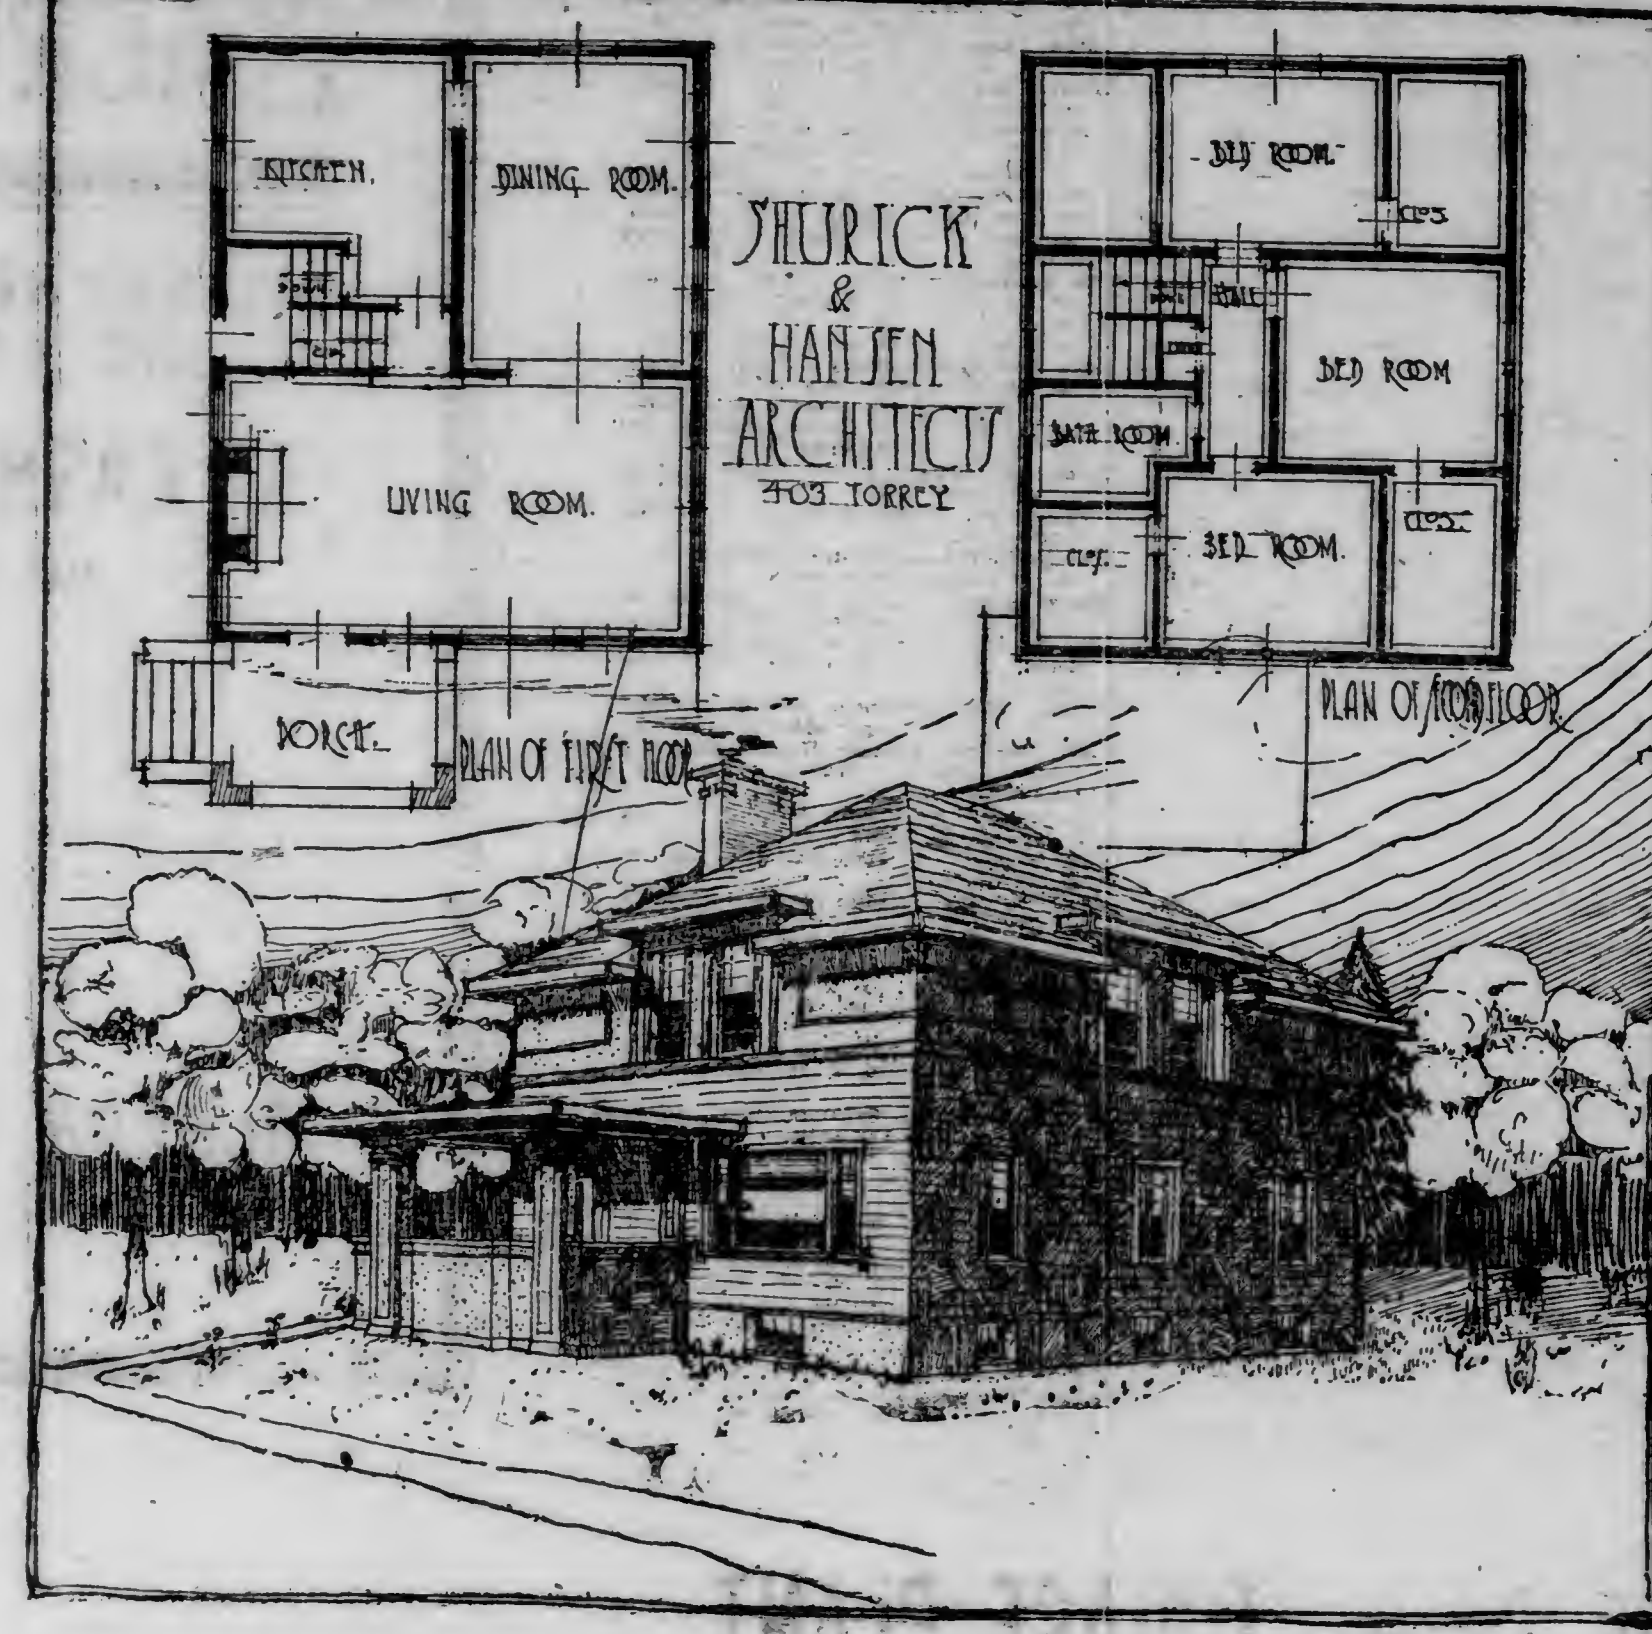

Rev. Charles N. Thorp will leave Sunday night to the New Haven, Conn., National Council of Congregational Churches which meets Oct. 27 to 29.

The meeting includes the anniversary of all the great missionary boards of the Congregational denomination.

Mr. Thorp goes as the delegate of the Duluth congregation and will serve as a member of the business committee of nine members, of which Dr. Carl S. Patton of Columbia, Ill., and Dr. Washington Gladden, is chairman.

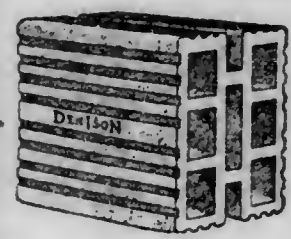

Albert Baldwin, a corporate member of the American board, will also attend the council.

The receipts of the American board, the foreign missionary society of the Congregationalists, have been for the year just closed \$1,014,465. This is the largest amount raised by this board in any year of its history.

HIP ROOF STUCCO RESIDENCE

The design shown here is the maximum amount of space and comfort for a given expenditure. There are two stories well arranged with plenty of light. The house is set rather high, which makes it possible to have an unusually light and well ventilated basement. Arranging the basement in this way will increase its usefulness to a large degree. The exterior of this house presents a pleasant appearance due to its solid stucco over bit course with siding or shingles below stained; the trim painted white. Front of house is taken up entirely with the living room with stairway so arranged that it may be used from kitchen without passing through dining room or living room. The brick fireplace, with bookcase on one side, in the living room, also the built-in buffet in the dining room are features of these two rooms. Finish of dining room and living room is of oak. The second floor plan calls for a bathroom and three bedrooms. Plenty of closet space is provided, which will no doubt gladden the heart of the housewife. This house can be built for \$8,400, including plumbing and heating and electric wiring—this is not a guess but is proved by actual figures.

DENISON LOAD-BEARING TILE!

THE STRONGEST TILE IN THE WORLD

Guaranteed crushing strength, 600 pounds to the square inch. Superior for stucco exteriors or bonds perfectly with brick. Non-continuous joints. Vertical webs directly over each other. Saving in cost erected of 25% over brick construction.

The Old Way

Watch Gary-Duluth Grow

Why buy so-called 25-foot Steel Plant lots on the Wisconsin side, from two to four miles from the Minnesota Steel Plant, where there are absolutely no smoke, no noise, no factories, when you can buy 30-foot lots in Pittsburgh Addition, from \$100 to \$200; lots in Norton's Steel Plant Division, from \$200 to \$400, and lots in Gary First and Central Divisions to Duluth, where the Steel Plant City is now building, from \$350 up, payable on easy terms.

Gary-Duluth is modern in every respect; paved streets, water, gas, sewer, electric lights, telephone service, with street car line to be extended in the near future. Over 220 substantial buildings already built and occupied, including banks, hotels, churches, luncher yards, a \$70,000 school, and a 44-room fireproof hotel, costing about \$35,000, now under construction. Look over Gary-Duluth before locating in business or buying lots for investment.

GARY LAND CO., Palladio Building

120 Acres Right On the Buhl Road

GERMAN ATTACK ON RUSSIAN FRONT NEAR RIGA BELIEVED TO COVER ACTION AT DVINSK

FIGHTING OF THE GREATEST IMPORTANCE

Progressing in Dvinsk Region and in Some Sections of Galicia.

Germans Unable to Establish Themselves on East Bank of Stripa.

Artillery Fire From Both Sides Continues in Champagne District.

London, Oct. 18.—In the eastern theater the Germans again are attacking the Russian positions southeast of Riga, but Petrograd commentators regard this to be purely a demonstration calculated to distract attention from the Dvinsk region and Galicia, which have gained greatly in importance with the Balkan developments. It is clear that although the battle which Gen. von Ivanoff is fighting continues with varying success, the Germans have been unable to establish themselves on the eastern bank of the river Stripa.

With a particularly intense artillery fire continuing on both sides in the Champagne region, the French war of attrition continues. A strong force has been captured and the Giverny wood positions have been consolidated.

French Statement.—Paris, Oct. 18, 2:30 p. m.—French forces repulsed completely last night three German attacks, according to the announcement given out this afternoon by the French war office. These took place at Bois-en-Hache, to the north-east of Souchez.

The text of the communication follows: "Three new attacks on the part of the enemy against our positions at Bois-en-Hache, to the northeast of Souchez, were completely checked last night by bursts of fire in which both sides were killed."

FRENCH SHIP SUNK; SEVENTY-ONE LOST

Report of Torpedoing of Amiral Hamelin Comes From Marseilles.

Paris, Oct. 18.—Seventy-one persons lost their life when the French steamer Amiral Hamelin was torpedoed and sunk by a submarine. A dispatch to the Havas agency from Marseilles which brings this news does not specify whether the victims were passengers or members of the crew.

A Paris dispatch sent early Sunday morning said that the steamer Aspidochelone had arrived at Marseilles from Madagascar having on board Capt. Guibaud and the crew of the steamship "Admiral" which was recently sunk by a submarine. Probably this is the same vessel referred to in the more recent dispatch from Marseilles. It is not stated when and where the steamer was sunk.

The Amiral Hamelin was a vessel of 5,637 tons gross, built in 1902. She was 387 feet long, 45 feet beam. Her owners were Chargeurs Reunis of Havre.

MOONSHINERS ARE ON TRIAL

Twenty Men Indicted for Conspiracy in Whisky Case.

Operations Have Defrauded Government of Millions of Dollars.

Fort Smith, Ark., Oct. 15.—Trials of a number of defendants in the so-called "moonshine" whisky conspiracy case in which more than twenty men, residents of various states, have been indicted, were set for trial today in the United States district court here.

It was expected upwards of a dozen men would appear for trial. Some of the men indicted have not yet been arrested, a few are fugitives from justice and a few successfully have resisted extradition to the Arkansas district court from their native states.

Seven officials in the government revenue service who are among the defendants, two of them, Knux Booth of Nashville, Tenn., and James Surber of Atlanta, Ga., will not be tried until (Continued on page 5, first column.)

PRESIDENT EXPECTED TO DISCLOSE REASONS FOR BETTER DEFENSE

RESENTED BY COURT TO BE EXECUTED ON FRIDAY, NOV. 19

JOSEPH HILLSTROM.
Salt Lake City, Utah, Oct. 18.—Judge M. L. Ritchie today sentenced Joseph Hillstrom to be executed Friday, Nov. 19. Hillstrom was convicted of the murder of John G. Morrison and son of Salt Lake City and sentenced to be hanged Oct. 1. He was reprieved at request of President Wilson, who acted at request of the Swedish minister.

WOMEN MAKE FINAL PLEA

Three Hundred and Fifty Speakers on New Jersey Battlefield.

First Fight in East for Woman Suffrage on Tuesday.

Newark, N. J., Oct. 18.—The first great Eastern fight for woman suffrage is today only twenty-four hours away. At 6 o'clock tomorrow the polls throughout the state of New Jersey will be opened to determine, at a special election, whether women shall be given the right to vote.

Two weeks from tomorrow the three other Eastern states of New York, Pennsylvania and Massachusetts likewise will decide whether they will join their twelve Western sister states in giving women the ballot.

Expect to Win.—President Wilson's declaration for suffrage, reinforced by a thorough and vigorous campaign waged by organizations and workers, is expected by suffrage leaders to carry the day for woman suffrage in his home state of New Jersey. Their victory is expected by a comfortable margin, they state. On the other hand, those opposed to suffrage are inclined to laugh at these claims and assert that the proposed constitutional amendment to enfranchise women will be buried under an avalanche of votes.

More than 50 women speakers and other workers went over the battle field today, their automobiles carrying them through the sections where the fight will be hottest, into even the smallest towns and hamlets. Watchers and workers to the number of 5,000, admitted to the polls at the forthcoming election, for the first time in the state, received their final instructions today, and prepared to take their places tomorrow at virtually every one of the polling precincts in the state.

MARTHA WASHINGTON'S WILL BACK AT FAIRFAX

Fairfax Courthouse, Va., Oct. 18.—Martha Washington's will, which was taken from the courthouse here by a Union trooper during one of the battles of Bull Run and later found its way into the collection of the late J. Pierpont Morgan, was returned to the county archives today with elaborate ceremonies.

Recently the state of Virginia sued the United States to recover the historic document. Mr. Morgan suggested that it be placed in Mount Vernon, as part of their collection. It was today restored to its place beside the will of Gen. Washington. The case against Mr. Morgan will be dropped.

No Decisions From High Court.—Washington, Oct. 18.—The supreme court of the United States gave no decisions today although it was the first decision day of the fall term. Several motions and petitions were received.

Will Open Campaign for More Adequate Preparedness on Nov. 4.

To Outline His Program Before the Manhattan Club in New York.

Will Be First Public Utterance Since Approving Secretaries' Plans.

Washington, Oct. 18.—President Wilson will open his campaign for his national defense program in a speech before the Manhattan club in New York on the evening of Nov. 4.

This will be the president's first public utterance on the subject since he approved the plans prepared by Secretary Garrison and Secretary Daniels, and the speech is expected to be of significance because the president is expected to disclose the reasons he will urge upon congress why the United States should be more adequately prepared for defense.

Today the president received a letter from the Maryland peace delegation for national defense, asking him to take steps to assure the United States against attack from abroad. The letter was signed by Governor (Continued on page 5, second column.)

FURTHER DISORDERS IN CHICAGO STRIKE

Police Called Upon to Protect Garment Makers Who Would Work.

Chicago, Oct. 18.—There were further disorders in connection with the garment workers' strike today. F. Gordon complained to the police that when he refused to quit work as requested by a crowd of strikers Leo Weinstein hit him with a brick. Weinstein was arrested. Marja Laskowski, a woman striker, was arrested on complaint of Sarah Neidrich, who alleged that Miss Laskowski seized her by the arm and called her names when she declined to cease work.

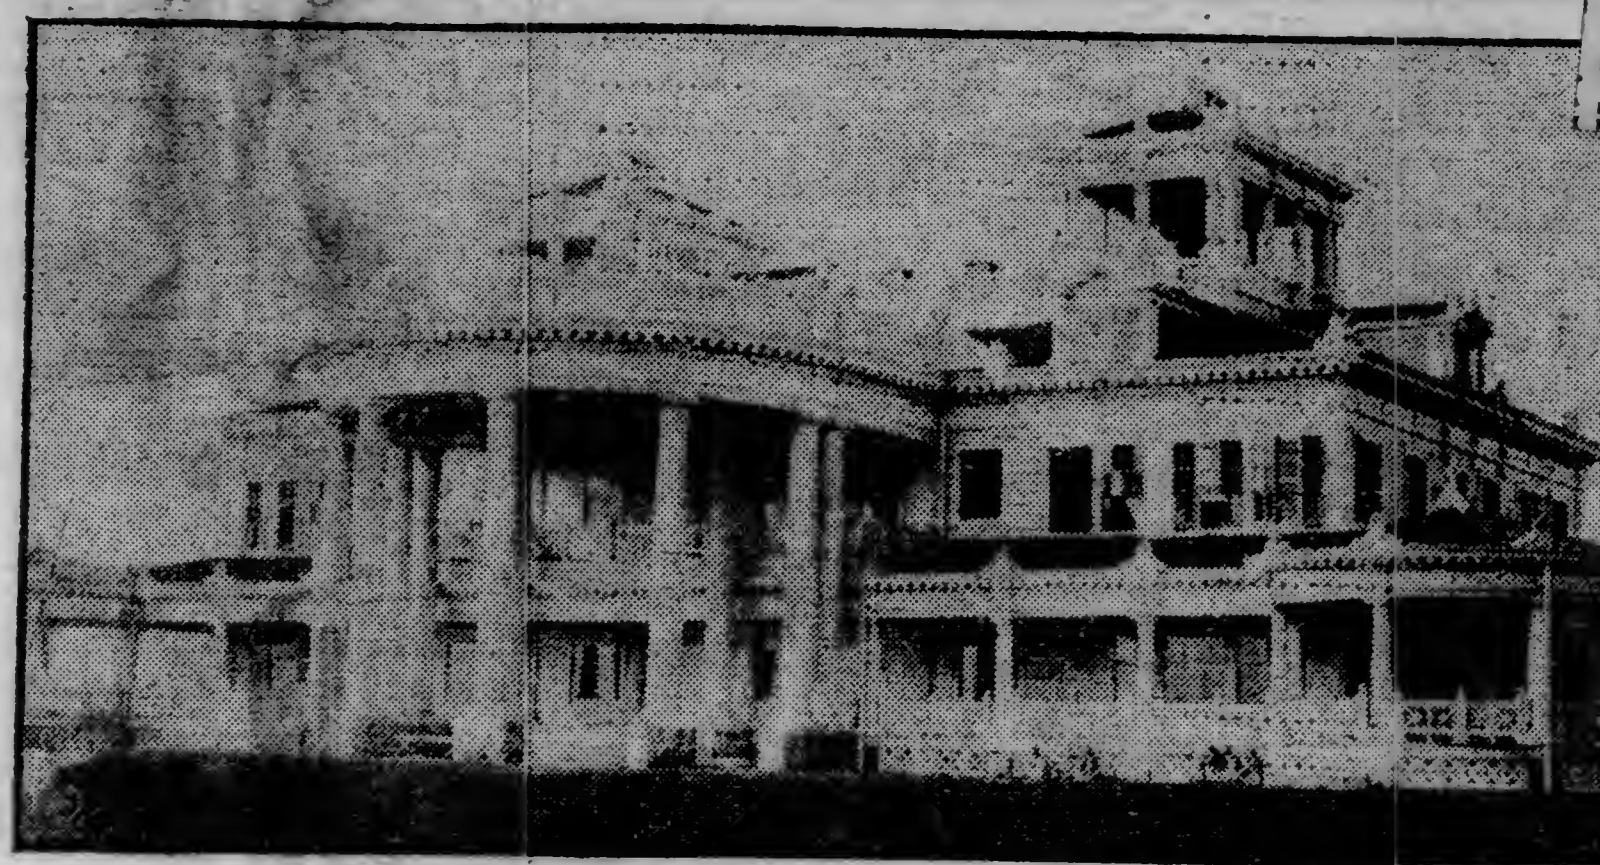

Numerous other garment workers complained of similar experiences but the police found that the alleged assailants had dispersed when the patrol wagons arrived.

GOOD TIME OF YEAR FOR FLY PAPER.

Chaux des Fonds, Switzerland, Oct. 18, via Paris, 12:30 p. m.—A foreign airplane passed yesterday afternoon over this town which is near the French border, and dropped three bombs, one adult and one child were wounded.

ALLIED EXPEDITION, COMING THROUGH GREECE, GAINS QUICK FOOTHOLD IN BULGARIAN TOWN

NEW SUMMER WHITE HOUSE ON NEW JERSEY COAST

President Wilson has accepted this beautiful home for his use next summer. It is Shadow Lawn, built for the late John A. McCall of the New York Life Insurance company at Elberon near Long Branch. It has always been a New Jerseyites offered it rent free to bring the president back to his own state during the summer.

OPSAHL HAS FILED FOR CONGRESSMAN

Bemidji Man Is After Nomination in the Sixth District.

St. Paul, Minn., Oct. 18.—(Special to The Herald.)—The first filing for the 1916 state campaign was made today when Jens J. Opsahl of Bemidji announced himself a candidate for the Republican nomination for congressman in the Sixth district. Mr. Opsahl, who sent his name and \$50 to Secretary Schmalz, styles himself "the home maker."

Mr. Opsahl served two terms in the legislature, and has been prominent in development work. He is president of the Minnesota Potato Growers' association. He is a county optionist. Though Mr. Opsahl is alone so far in the contest for Congressman Lindbergh's seat, he is expected to have lots of company soon. Former Congressman Buckmaster has announced that he will be a candidate, and it is said that Alvah Eastman of St. Cloud, Frank M. Eddy of Sauk Center, Harley Dore, editor of the Walker Pilot, and State Senator McGarry of Cass Lake also have their eyes on the job.

AIRMEN DROP BOMBS ON A SWISS TOWN

Chaux des Fonds, Switzerland, Oct. 18, via Paris, 12:30 p. m.—A foreign airplane passed yesterday afternoon over this town which is near the French border, and dropped three bombs, one adult and one child were wounded.

MAGNIFICENT TEMPLE DEDICATED BY MASONS IN CITY OF WASHINGTON

ATTACK BY "HOSTILE" FLEET NEARS END

Forts on Long Island Sound Busy Keeping Off Invaders.

New London, Conn., Oct. 18.—An attack by a "hostile" fleet on the forts at the entrance to Long Island sound, which, as a part of the army and navy maneuvers began late yesterday, was expected to end today. Whether the attacking fleet of destroyers and mine planters succeeded in running the forts and landing troops or were sunk by the defending force will not be known, however, until the umpires make their reports.

Throughout the night while the great searchlights swept the positions of the "enemy," the big guns at the forts replied vigorously to the bombardment of the attacking foe.

Headquarters for the Supreme Council of Scottish Rite Freemasonry.

Fashioned After Famous Mausoleum Erected to King Mausolus By Queen.

T. W. Hugo and A. F. M. Custance of Duluth Participate in Ceremonies.

Washington, Oct. 18.—The new \$2,000,000 Masonic temple, headquarters of the supreme council of Scottish Rite Freemasonry for the Southern jurisdiction of the United States, which also is called the Mother Council of the World, was dedicated here today with elaborate ceremonies and in the presence of a large assemblage of distinguished Masons from many parts of the country.

The stately structure, fashioned after the famous mausoleum erected for King Mausolus by Queen Artemisia at Halicarnassus—one of the seven wonders of the ancient world—is unique among the many magnificent buildings in the national capital. It has been under construction since 1911, when ground was broken. It stands on Sixteenth street, about one mile from the (Continued on page 5, fourth column.)

SERBS AID IN THE CAPTURE OF STRUMITZA

Advance of Bulgarians at Vilandovo Repulsed and Turned Into Retreat.

Arrival of French Troops at This Point Changes Tide of Battle.

Bulgarian Project of Cutting Saloniki-Nish Railroad Ends in Defeat.

ALLIES LAND AT ENOS.

London, Oct. 18, 4:37 p. m.—The Entente allies have effected a landing at Enos on the Aegean sea in European Turkey, close to the Bulgarian border, and have seized the railroad at that point, according to a dispatch from Athens to the Messagero of Rome, transmitted by the Central News.

London, Oct. 18.—Serbian and Anglo-French troops have occupied the Bulgarian town of Strumitza, thirty miles north of Saloniki, according to official telegrams from Athens. This follows closely upon news that Serbians with allied assistance have repulsed a Bulgarian attack at Vilandovo, turning the advance of the Bulgarians into a retreat beyond their own border.

Thus the Anglo-French-Serbian action in the Balkans has leaped out of the field of surmise into the foreground of fact and is asserted by London military observers to have been crowned at the outset with success. This arrival of French troops at the psychological moment when the Serbians struggle with 40,000 newly-arrived Bulgarians at Vilandovo and Hindovo still hung in the balance, has dramatic qualities which for the (Continued on page 5, fifth column.)

DIPLOMATS CONSIDER MEXICAN RECOGNITION

Will Determine Form By Which Carranza Shall Be Given Power.

Washington, Oct. 18.—Determination of the form in which recognition of the Carranza government in Mexico shall be extended was the object of a conference here today of the Pan-American diplomats. The conference had been called by Secretary Lansing and met with him were the diplomatic representatives of Brazil, Chile, Argentina, Bolivia, Uruguay and Mexico. Recognition by countries having diplomatic representatives in Mexico, it was believed, would take the form of a renewal of relations in an official way.

SUMMARY OF THE WAR NEWS

While Bulgarian and Serbo-French forces are clashing for possession of the Saloniki-Nish road in Southern Serbia the Austro-German invaders are continuing their advance from the north. Berlin today reported further progress for the Teutonic armies south of Belgrade and in the Pozarevac region.

In the Macedonia district on the Save-Drina front where the Serbians have apparently hardly budged since the beginning of the invasion, they are now beginning to give way, Berlin reports. The Bulgarians, pressing from the east to form a junction with the Teutonic forces coming from the north, have captured additional heights.

Hard fighting has been in progress in several sections of the western front. Berlin chronicles the repulse of repeated attacks by the British with strong forces in the vicinity of Verdun, and the breaking up of French advances at Tulle in the Champagne. Defeat for the French in attempts to retake lost positions south of Lefevre and on the Scherzammelle in the Vosges, is also reported by the German war office.

In the official report from Paris the only infantry clash of moment noted was in the neighborhood of Souchez where it is declared three German attacks against positions at Bois-en-Hache were completely checked.

German airmen dropped eight bombs on the French fortifications of Belfort, Berlin announces, the aviators being that a number of fires followed the explosions.

In Russia, Field Marshal von Hindenburg reports good progress in his attacks south of Riga. Russian attacks west of Jacobstadt and in the Smorgon region were repulsed while

the Germans claim to have captured Russian positions on a front nearly two miles east of Iloukai.

A rapid thrust at Bulgaria by allied troops in conjunction with Serbians forces has resulted in the capture of the Bulgarian town of Strumitza, fifty miles northwest of Saloniki, according to Athens advices.

The Bulgarians were advancing in the Strumitza sector in an effort to reach and cut the Nish-Saloniki railroad line, which is barely twelve miles over the border from Bulgaria at this point, and thus stop the sending north of allied reinforcements.

According to a special dispatch to a Paris newspaper from Saloniki, rumors are current there that the Bulgarians have already cut the Nish-Saloniki line at Vranje, about twenty miles west of the Bulgarian border.

Following up their blockade of the Bulgarian coast, operations by land and sea against Bulgaria along the Aegean shores are to be prosecuted by the Entente allies, including Italy, an Athens dispatch states.

Two-thirds of the Serbian army is said in Athens advices to have been sent against the Bulgarians, while the remaining third is reaching Field Marshal von Mackensen's big army in the north.

A dispatch from La Panne, Belgium, says a German attempt to break the Belgian lines on the Yser front Saturday and Sunday night was foiled by the Belgians.

Seventy-one lives were lost when the French steamer Amiral Hamelin was sunk by a submarine last week in the Mediterranean, a Paris dispatch states. The submarine is said to have been an Austrian vessel.

Society = Women's Clubs = Music = Drama

ON THE recommendation of Mrs. Peter Olesen of Cloquet, president of the Eighth district of the Minnesota Federation of Women's Clubs, Mrs. J. C. H. Engel of 2001 Minnesota avenue has been put on the committee of literature and library extension of the state federation.

Lebosky-Harris

Engagement Announced
Announcement has been made of the engagement of Miss Stella Lebosky, sister of Mrs. J. J. Friedman of 1913 Dupont avenue south, Minneapolis, to J. C. Harris of Detroit, Mich. The wedding will take place Nov. 10. Mr. Harris and his bride will make their home in Detroit.

Miss Harris Will Conduct

Class in History of Music
Miss Edna Z. Harris will organize a class in the history of music Monday afternoon, Nov. 1, at her studio in the Edison building. The class will be free of charge and will be open to all who are interested. Meetings will be held on alternate Monday afternoons at 4:30 o'clock.

Bishop McGolrick Will Give

Reception Thursday Evening
Rev. James McGolrick will give a reception Thursday evening at 8 o'clock in the Bishop's clubrooms for those who participated in the bazaar which was given last month for the benefit of the St. James' orphanage.

Mrs. J. D. Keane will have the general direction of the affair. The members of the board of directors are Mrs. F. R. Kennedy, Mrs. Charles Haley, Mrs. John Constock and Miss Theresa Lynn. On the service committee are Mrs. E. J. Dunahue, Mrs. A. C. Cyr and Mrs. J. R. Kennedy. Mrs. J. Murphy, Mrs. Hubert Pierce and Miss Marie Craig are on the committee on decorations.

Miss Theresa Lynn has arranged the following musical program:
Piano solo.....
Vocal solo.....
Reading.....
Violin solo.....
Vocal solo.....
The program will be followed by the financial report of the bazaar which will be read by T. J. Monaghan and an address by the bishop.

Medical Auxiliary Will

Meet With Mrs. Rowe
Mrs. Olin W. Rowe of 2334 Woodland avenue will be the hostess for the meeting of the Woman's auxiliary of the St. Louis Medical association which will be held Wednesday afternoon at 2:30 o'clock. The members are asked to take discarded clothing that is in good repair for distribution.

Shakespeare Class

Will Hold Meeting
The Shakespeare class of the Twentieth Century club will meet this evening at 7:30 o'clock in the library clubroom.

Place of "Messiah" Chorus

Meeting Is Changed
Hereafter the "Messiah" chorus will meet every Tuesday evening at 8 o'clock in the parlors of the First Presbyterian church instead of at the First Methodist church.

Auction Bridge Party

Mrs. Marcus L. Ray of 2105 East Superior street entertained at an auction bridge luncheon of six tables Saturday. Favors were won by Mrs. John D. Williams and Miss Beate Mrs. The rooms were decorated with large and small yellow chrysanthemums.

Wright-Young Wedding

Miss Erle Alberta Wright, daughter of Mr. and Mrs. Thomas Wright, and Henry Francis Young were married Saturday afternoon at 4 o'clock by Rev. A. W. Ryan at the rectory of St. Paul's Episcopal church in the presence of the immediate relatives and intimate friends.

Mr. and Mrs. Young will be at home after Nov. 1 at 1225 West Third street.

Crickson-Young Wedding

Miss Ellen Elizabeth Crickson of 218 East Fifth street and Karl Emanuel Young of Fort Arthur, Canada were married at 7:30 o'clock Saturday evening by Rev. M. Swann at the parsonage of the Swedish Lutheran church. Miss Hermine Voronko and Herbert Hanson were the attendants.

The bride wore a gown of white crepe de chine trimmed with silk lace

and beads and carried bride roses and lilies of the valley. The bridesmaid wore pink crepe de chine and carried Killarney roses. The ceremony was followed by a reception at the home of the bride.

Mr. and Mrs. Young will make their home at 318 East Fifth street after their return from the Twin Cities.

Needlecraft Club Will

Meet Wednesday
The Lester Park Needlecraft club will have its regular meeting at the home of Mrs. Raymond Roberts, 5715 Young street, Wednesday afternoon.

TUESDAY AND WEDNESDAY
October 19th and 20th.
114 WEST FIRST STREET.

Mrs. Galt Purchases

Gowns of Trousseau
Her Going-Away Suit and Afternoon Frocks Sent to Her From Baltimore.

Baltimore, Md., Oct. 18.—Mrs. Norman Galt, the president's fiancée, like his daughters, Mrs. Francis B. Sayre and Mrs. William G. McAdoo, is buying much of her trousseau in this city.

Her afternoon frocks, a going-away suit, and several separate blouses have been sent to Washington from a shop on Lexington street. The frocks and the suit were ordered for her by friends who are helping Mrs. Galt in the selection of her trousseau.

The suit which it is understood that Mrs. Galt intends to wear on the wedding journey is a striking model in dull green duvetyne with a Chin-Chin collar and cuffs of beaver. The top of the coat is cut to fit the figure rather closely. There is a flare measuring four yards and a half about the bottom of the coat, edged with a wide band of the beaver. The coat buttons straight down the front, and is worn with a very simple slightly flared skirt.

The prettier of the two afternoon frocks which Baltimore is contributing to the trousseau is a model in crepe Georgette and taffeta of the same shade. It has a strong Chinese influence. The skirt has five narrow flounces of crepe Georgette, banded in taffeta, finely pleated and mounted on a crepe underskirt. There is an underbodice of taffeta, flowered in dull rose, over which falls a Chinese sleeveless jacket of crepe Georgette, exquisitely embroidered in self-colored beads. The lower edge of the jacket is cut with several points which are weighted with tassels of the green beads. There are sheer sleeves of crepe to the model.

The second afternoon frock is a combination of crepe chiffon and crepe Georgette in sea green. There is a very wide, box-pleated skirt with bands of plain chiffon in a lighter shade of brown set in at intervals above the hem. To this model also is added a crepe jacket embroidered with threads of silver and gold. The bandings on the skirt are also outlined with silver and gold.

The blouses ordered for Mrs. Galt's trousseau are largely models of crepe Georgette, chiffon and lace. There are two seamstresses engaged constantly in the Galt home in Washington, but it is said that most of the trousseau is being obtained on rush orders such as those Baltimore has filled.

American Princess Is Active in Red Cross Work in Italy

PRINCESS ANTOINE ALBERT RADZIWILL.

This is a new photograph of the Princess Antoine Albert Radziwill now living in Rome who, before she married the prince, was Dorothy Deacon of Boston and Newport. She is a daughter of Mrs. Florence Baldwin, at one time the wife of Parker Deacon. The princess has been reported to be taking an active part in taking care of the wounded in the war. She with her two sisters, Edith and Gladys, were known as "The Three Graces."

Annual Convention of National Suffrage Association Called

Forty-seventh Gathering Will Be Condensed at Washington When Congress Opens in December.

Washington, D. C., Oct. 18.—(Special to The Herald.)—The full text of the call which has been sent out to the women of the country to attend the forty-seventh annual convention of the National American Woman Suffrage association—to be held in Washington at the opening of congress—was given out here today. Judging from its text the convention seems to be regarded by the suffragists as an event of historic importance on account of the significant progress which the movement has made this year. The call, which is signed by Dr. Anna Howard Shaw, Mrs. Stanley McCormick and Dr. Katharine B. Davis of New York city; Mrs. Henry Wade Rogers of New Haven, Conn.; Mrs. Susan W. Fitzgerald of Boston; Mrs. Orton H. Clark of Michigan; Mrs. Walter McKee Miller of Missouri; and Mrs. Medill McCormick of Chicago, reads in part as follows:

"In the long years of work for equal suffrage no year has been so crowded with self-sacrificing labor for the cause as this, and no year so significant of the early ultimate triumph of woman suffrage. As we issue this call, four great campaigns for equal suffrage are in progress in four Eastern states. Thousands of women are working indefatigably with voice and pen, and tens of thousands contributing in time and money to win political freedom for women in these states. Other states are rapidly preparing for active campaigns in 1916. The national association is putting forth the strongest effort to win nationwide equal suffrage through the passage of its historic national amendment to the Constitution of the United States.

"We shall come together at this, our

Peggy Peabody's Observations

Study Your Own Faults.
We pay too much attention to marital differences. It is a topic of all absorbing interest. Every day the fertile, restless brain of some dissatisfied man or woman invents some trivial excuse for not carrying out the obligations incurred at the altar. The effect is to make other people restless and dissatisfied with their lot, and to send them seeking some loophole of excuse from a position they come to look upon as unbearable simply because it is not the milk and honey they dreamed of. Instead of encouraging women to pick flaws in their husbands they might better be employed in an honest endeavor to locate the things within themselves which have contributed to the misery now supposedly endured by so many husbands and wives. It would be better to invite wives to make the attempt to set down their own shortcomings and faults instead of inverting them to dwell on injuries, real and fancied, and helping the grievance to grow.

tertainments of various kinds. One evening the L. E. club will give a play, another affair will be in charge of the girls living at the association building and the Junior-Senior club will be the hostesses for one of the affairs. The Friday evening entertainments are for the members of the Y. W. C. A. and there young men friends.

The free classes of the association include the business women's club, which meets Monday evenings at 7 o'clock; the book review class which meets Monday evenings at 8 o'clock; the etiquette class meets Wednesday evenings at 8 o'clock and the chorus meets Thursday evenings at 7 o'clock. Miss Harriet Glendon of the domestic science department of the normal school will conduct the etiquette class this week. She will explain the proper way of setting table and serving. The meeting will be held in the domestic science room of the association building.

Mr. and Mrs. Flaaten Entertain

for John C. Freund
Mr. and Mrs. Gustav Flaaten of 1906 East Fifth street entertained eight guests at dinner Saturday evening in honor of John C. Freund of New York. The dinner was followed by an informal reception at which the guests were:

Men:—
R. Buchanan Mor. Louis Dworshak, P. S. Anncke.
James E. Rock. Alphon Flaaten, Tom Miller.

Women:—
K. A. Ostergren, Leon Allen Parl. A. M. Gow.
Misses:—
Gertrude Carey, Josephine Carey, Mr. Franz von Loew.

Mrs. Flaaten was assisted by her mother, Mrs. Margaret Lawitzky. Mr. Freund was the guest of honor at a family dinner given yesterday by Mr. and Mrs. P. S. Anncke of 1801 East Second street. The guests were Mr. and Mrs. Gustav Flaaten and Miss Wilhelmina Fliger.

Church Meetings

The women of the First Methodist church will hold a rummage sale tomorrow and Wednesday at 114 West First street.

Lodge Notes

Fidelity lodge, No. 105, A. O. U. W., will give a stag party for members Thursday evening at Maccabee hall. All members of the A. O. U. W. are invited.

Nemo
WONDERLIFT SELF-REDUCING
SELF-HELP FOR ALL WOMEN

Every Nemo is an extra value simply as a corset. For the hygienic features, which are priceless, you pay nothing extra.

500 300 400

555 556 322 403

"Wonderlift" and "Self-Reducing" Are Distinctly Different Corsets

THE "Self-Help" Nemo WONDERLIFT Corset is designed for ALL FIGURES, from slight to extra-stout. It gives a NEW KIND of physical support, never before possible. It also reduces a large abdomen quickly and permanently.

The Nemo SELF-REDUCING Corset is made exclusively for STOUT, HEAVY figures. It is primarily a figure-reducing corset, and as such is accepted throughout the civilized world as the STANDARD—without a rival. It also has many invaluable hygienic features, representing over a hundred PATENTED INVENTIONS.

The immense sales of "Wonderlift," following the "Self-Help" Exposition, are accompanied by a vastly increased demand for "Self-Reducing."

This shows that the "Wonderlift" appeals to a host of women who do not require the "Self-Reducing" service.

WONDERLIFT Hailed by thousands of physicians as a perfect abdominal support. The semi-elastic Wonderlift Bandlet UPLIFTS, supports, and holds in place the vital internal organs. It prevents, relieves and often cures the ill peculiar to women. It is instantly adjustable to any figure. Also, it is a superior STYLE corset, giving the military shape and poise, and the lines required by present modes. Three different models:

No. 554—for short full figures
No. 555—for taller full figures
No. 556—for slender to medium

SELF-REDUCING The world-famous Self-Reducing Idea is now developed into such a variety of models that every stout figure can be correctly corseted. Examples of very popular Self-Reducing models are pictured above:

No. 322 A great favorite, worn by millions of women; improved Self-Reducing Straps; medium bust and back, for stout women of medium height; medium skirt, made pliable by elastic gorges at back. \$3.00

No. 403 With Nemo Relief Straps, that take up, support and reduce a big abdomen; medium bust and back, for stout women of medium height; medium skirt, with elastic bands at back. Best corset made for a certain type of stout figure. \$4.00

A dozen other Self-Reducing models, for all types of the full figure—\$3.00, \$3.50, \$4, \$5 and \$10.

LYCEUM—"High Jinks."
ORPHEUM-STRAND-Photoplay, "The Rosary."
NEW GRAND-Vaudeville and motion pictures.
REX-Photoplay, "Sin."

"HIGH JINKS" AT THE LYCEUM

"Musical Jollity" Opens an Engagement of Four Nights Here.

Recipes for the compounding of musical comedies may vary somewhat from year to year, but certain ingredients are unchanging—immortal. Fat men are always funny in musical comedy. The victim of obesity should, in reality, make an appeal to the sympathies, but the appeal is made in the form of a series of avoidances, and reaches only to the risibilities.

Germans are always funny in musical comedy. German virtues are lost in a chaos of misused gutturals, and buried under a mass of mutilated English, to emerge comically.

Fat women are always funny. If they drink copiously and eat not wisely, but too well, they are funny. If they are shrewdly, hilariously ludicrous. If they can eat with their knives or cut with their forks, they are funny. If they are crushing on the overburdened shoulders of some abbreviated edition of a man, it is the epitome of comedy. Vulgarly, sniggering, smothered in the ludicrous.

"High Jinks," a "musical jollity," which opened at the Lyceum yesterday, is a thoroughly orthodox comedy. The fat man is there; the German is there; and the fat woman is there, but a thin one—and the fat woman who eats not wisely, but too well, is there. And the recipe works out faithfully as experience has shown it will.

Chorus girls, remove a given number of clothes; take a French comedian, a fat woman, a sweet young thing with appealing eyes, and a soprano, and a tenor, sprinkle liberally with rhyme and music, and you have a musical comedy. The result will always be a certain given number of laughs and a certain given volume of applause.

Two very catchy musical numbers, a young woman member of the bareback dancing contingent, who looks as if she could dance and prove it during the performance, and a sweet young woman with a voice that is light soprano voice, do much to redeem "High Jinks." The rest is a concoction, rather vulgar, but plenty of burlesque and vaudeville, with plenty of music and dancing, but little cleverness.

"High Jinks" is all about a perfume, which, once inhaled, makes those who have sniffed of it not only good-natured but rather vulgar. In a certain secret of the perfume is communicated by the discoverer to an American stage specialist in Paris. The discoverer decides to try it in his practice, and how the doctor's work is done, he tells to his heart's content. Her husband, a Frenchman, and a tangled maze of hairpins form the substance of the book and lyrics were written by Otto Hauptbach. Rudolf Friml, composer of "The Firefly," has furnished the score.

Miss Betty Blye has what might be called the prima donna role of Sylvia. She is most attractive in appearance and possesses a sweet soprano voice of good range but limited volume. Her song, "Love's Own Kiss," was one of the hits of the production, and deservedly so.

"The Tingle-Ingie-Ingie" tune of "High Jinks" runs through the entire entertainment, and some most effective choruses and ensembles are achieved with it.

The burden of the dancing falls on the slim shoulders of Miss Mildred Shelley as Chi-Chi. She is an agile, graceful toe dancer.

The other members of the cast struggle rather futilely to extract comedy from the material available. The chorus is big, well costumed and well trained.

"High Jinks" will be repeated to-night, tomorrow night and Wednesday afternoon and night. Those who seek entertainment of the frothy type will find it in "High Jinks" if they have dined well and are not too critical.

Theater Gossip.

"The Rosary," one of the justly famous multiple-reel productions, will be shown at the Orpheum-Strand theater tonight and tomorrow.

"THE ROSARY" after tonight and tomorrow, will be shown at the Orpheum-Strand theater. The famous drama by Edward E. Rose and tells the story of a young man's life events which fill the life of Father Kelly. From childhood he was told that his calling was to be a priest, but his heart directed him that way, but in his manhood when a young girl came into his life he wavered for a short time from his determination. He won the battle and became a priest, but, however, and devoted himself to the church. Later in life a boy—the son of the woman he loved—came to him and Father Kelly cared for the boy as though he were his own. The boy grew to manhood and married. His wife's sister was ruined by a worthless fellow and in protecting the girl's name the wife protected the husband's suspicion. A separation followed and Father Kelly, who broke over the tragedy, did all he could to bring them together. In the end he was successful and happiness came into their lives again.

Duluth's haven of joy, the popular New Grand, has a program of vaudeville and musical instruments that TRAINED SEALS are bound to please AT GRAND.

The new bill opening at that playhouse this afternoon, Hurling's seals and Lex Neal bid high for first honors, with all the other offerings, running neck and neck for second place.

Hurling's seals are claimed to be the best of the kind on the vaudeville stage. The seals ride horseback, juggle and play musical instruments all with incredible skill, while one even manages to walk a tight rope. The offering is the last word in animal training.

One of the cleverest and most versatile performers that has graced the Grand stage in many moons is Lex Neal, better known as the Beau Brummell of vaudeville. Neal has a pleasing way about him, is a top-notch in his particular line of endeavor and a whole show in himself. He is able to sing, dance, juggle, and play musical instruments. He is a complete and excellent entertainer, and a wholesome comedy and delightful dances.

Byam, York and Faye offer a mélange of fun, fashion and frivolity that is a delightful entertainment throughout.

The Broadway star feature, "Tough," a three-reel drama featuring Antonio Moreno, the celebrated Italian actor and comedian, is being shown at the Grand stage. "Queering Cupid," a comedy, and "The Heart of Paris," a drama, complete an excellent entertainment. On Tuesday and Wednesday the twenty-first chapter of the Diamond From the Sky will be added to the program.

"Sin," at the Rex, shows Theda Bara in one of her sinuous roles. Excuse—no pun intended—should "SIN AT THE" have said sinister—no, that's just as bad, why how these men love her—enough to burn down a church and the sacred image of the jewels for her.

The first scenes are in sunny Italy, the later ones in little Italy where New York is most crowded and most picturesque. Of course the pictures are abundant in action, being a Fox production.

"Nuts of the Navy," enters the third instalment this week at the Lyric, with an intensified effort for the "punch" that the villain should get them and the girl has a narrow escape from being burned alive. "The Spender," which also opens there today, tells the story of a young man handicapped by a rich father, who got over it and became an earner.

JOY RIDING IS EPIDEMIC

Average of One Stolen Car a Day Reported to Police.

Cars Generally Recovered But Police Are Unable to Find Thieves.

"Joy riders" have been so active recently that police are warning automobile owners to take special precautions when they leave their cars standing at the curb, either in the residence or business districts.

Since Oct. an average of about a car a day stolen has been reported to headquarters, and although police usually locate the missing machine within a few hours of the time the theft is reported, the thieves are rarely apprehended.

Here is a list of cars stolen during the last week or ten days, all of which have been recovered, but in each case the car was slightly damaged.

Charles H. Lutes, 2101 East Third street, seven-passenger, stolen from front of his home Sunday night. Recovered at 2011 Branch street.

Dr. W. A. Coventry, 1921 East Third street, stolen from Fifth avenue west and Superior street corner Saturday afternoon. Recovered at 2011 Branch street.

Berger Erickson, 1913 West Superior street, stolen Oct. 16 from second avenue west and Sixth street. Found at 2011 Branch street.

Lane McGregor, 421 Twenty-third avenue east, stolen from in front of East end residence on Oct. 2. Recovered same day.

O. E. Thompson, 224 Fourth avenue west, stolen Oct. 5, and found next day, slightly damaged.

Hamilton Cook, 324 Minnesota avenue, stolen from in front of East end residence on Oct. 2. Recovered same day.

J. T. Rickard, 3723 Oneota street, stolen on night of Oct. 5 and recovered next morning.

In the Lutes' case Mr. and Mrs. Lutes drove up to their home and looked out five minutes later to find the car had disappeared.

Dr. Coventry went into a drug store to purchase an article and the car was gone with. Two came out.

In the Berger Erickson case, police arrested five boys and all of them were found guilty and sentenced to the work farm for thirty-day terms. Police thought they were implicated in the theft of six other Ford cars, but failed to prove it.

"Automobile owners ought to take warning," said Chief McKeercher today. "There has never been a case when we do not find the car, but it is very hard to capture the thieves."

SUES TWO SISTERS.

Bernt Bernston Wants Deed to Farmstead Set Aside.

Trial of an action brought by Bernt Bernston, Jr., against his two sisters, Mrs. Minnie Peterson of Minneapolis and Mrs. Molly Bernston, has set aside a deed given to them for one-third interest in a farmstead near Albany, this county, started this morning in Judge Engstrom's division of the district court.

In May, 1908, the plaintiff asserts, he deeded a one-third interest in the property to each of his two sisters and gave his father a life estate in the property. He then died, leaving behind a young man of 23 and had but little understanding of his legal rights and now asks to have the conveyances set aside. The property had been deeded to the sisters by the plaintiff and Courtney and Courtney and the defendants by Craswell, Craswell and Blu.

THROUGH NEW STATE PARK

Governor Hammond and Party on a Twelve-Mile Walk.

Carlton People Addressed By Governor on "Better Citizenship."

Governor Hammond and a party of Duluth, Carlton and Cloquet men were walking this afternoon from Sunda to Fond du Lac, a distance of twelve miles, to view the beauties of the Jay Cooke park, which will likely become a state park if the papers necessary are prepared and signed by next Sunday night. Oscar Mitchell, counsel for the company owning the land, left Saturday night for New York to assist in the preparation of these papers, and will endeavor to get them to the governor for approval at St. Paul before the end of the week.

Governor Hammond arrived at Carlton yesterday and was the guest of

Henry Olenberg until this morning, when he and a number of Carlton men went to Cloquet, where they were joined by a party of Duluthians who went up on the morning train, and were taken to the experiment station near Cloquet for luncheon. This afternoon they were to motor to Thomson and from there the "hike" was to begin.

Governor Delivers Address. Carlton, Minn., Oct. 18.—(Special to The Herald.)—Governor W. S. Hammond occupied the pulpit in Paine Memorial Presbyterian church last evening, delivering an interest address on "Better Citizenship." Preaching was not on the governor's program when he came to Carlton to spend Sunday as the guest of Henry Olenberg, but the opportunity to hear him was crowded to capacity.

The announcement was made during the afternoon, and the church was crowded to capacity. The address was a wholesome, stirring plea for these perilous times, and undivided loyalty to the United States by those born and bred American citizens alike. It was the first time that a governor of the state had addressed a Carlton audience.

Today the governor and several members of the recently appointed park commission, with other citizens of the county, went to Thomson and started on a twelve-mile hike down the river to view Jay Cooke state park.

Visit to Cloquet. Cloquet, Minn., Oct. 18.—(Special to The Herald.)—Governor Hammond and party arrived here today and, after taking dinner at the Hotel Cloquet, inspected the new sulphide mills of the Northwest Paper company and other industries. They then started in automobiles for Thomson and will take a walk through the Jay Cooke state park.

AS SHE IS SPOKE. Passing Show: British Tommy (somewhere in France)—Speak English, Moscov. French S'hoopkeeper—But—yes—a lelie, Melcu. British Tommy—Righto, then give us ten pounds of spuds, an arnee of bights, a packet of fags and a box of lights, an' be sippy!

GOVERNOR HAMMOND.

Forward's Line of—
Moore and Estate
HEATERS
—and—
RANGES

Our lines of Moors, Radiant Estates and Combination Alcazar are very complete. Our Model Base Burner Heater—With 16-inch firepot; nickel trimmed, is a wonder for the money—Full special—\$29.50

Our Corona—Fine nickel trimmed base burners; 16-inch firepot, with hot air connections—Full sale price—\$42.00

And other sizes and styles up to \$72.50.

Alcazar Combination Gas and Coal Ranges

are the greatest stoves of their kind yet produced. You can bake in same oven with coal, wood or gas, and price is much less than coal and gas combined—like picture—on easy payment, \$70.00—spot cash price only—\$63.00

Every good housekeeper that sees this stove wants one.

Steel Ranges—We have ranges at all prices from \$19.00 and up—and a few numbers are closing out at big discounts to make room for new goods.

Heaters for Wood and Coal—For small rooms, from \$2.25, \$6.50 up.

Your Credit Is Good.

THE DULUTH HERALD

AN INDEPENDENT PAPER
Published every evening except Sunday by
The Herald Company at Duluth, Minn.
Both Telephone—Business Office, 324;
Editorial Rooms, 1126.
Entered as second-class matter at the Duluth postoffice under
the act of Congress of March 3, 1879.

OFFICIAL PAPER, CITY OF DULUTH

SUBSCRIPTION RATES—By mail, payable
in advance, one month, 35 cents; three
months, \$1; six months, \$2; one year, \$4;
Saturday Herald, \$1 per year; Weekly
Herald, \$1 per year.
Daily by carrier, city and suburbs, 10 cents
a week; 45 cents a month.

Subscribers will confer a favor by making known any com-
plaint of service.
When changing the address of your paper, it is important
to give both old and new addresses.
The Duluth Herald accepts advertising
contracts with the distinct guarantee that it
has the largest circulation in Minnesota out-
side the Twin Cities.

The Herald will be glad to have its at-
tention called to any misleading or un-
true statement which may appear in its
news, editorial or advertising columns.

IF IT'S CONSCRIPTION, WHY NOT SAY SO?

One of our imperative national needs
is a body upon which we can think in
terms of common experience. Probably
no national system of education is in
part accomplishing this end. It fails in
one respect. No sense of responsibility
toward the United States is impressed
upon the student. It cannot be. Educa-
tion does not imply service to the state.
Another form of education suggests it-
self as helpful. That is UNIVERSAL
MILITARY EDUCATION—Chicago Trib-
une.

What more or less gentle reader, do you
get from this remarkable statement? Your
inquiry aided by the knowledge that the
Tribune is one of our loudest little advo-
cates of a general system of militarism in
this country, what then do you get from it?

For instance, what about the assertion
that "education does not imply service to
the state"? If education does not inculcate
good and sound citizenship, which is the
highest form of service to the state, then
education is a pretty miserable failure, is it
not? And is the charge true? Does educa-
tion in this country fail to nourish citizen-
ship? We think that, though the schools
might perhaps do better than they are do-
ing in this respect, the charge is baseless
and false.

And what about this other thing, that
"universal military education" would be
helpful?

Can it be that the Tribune, like some of
the militarists that have put Germany into
the desperate situation she is in today, con-
ceives that MILITARY service is the only
service to the state worth considering? It
rather seems so.

Yet surely, not many people believe that
nowadays. There are many forms of ser-
vice to the state, all as high as military ser-
vice, and some of them higher. The citizen
who is trained in his duties, who votes from
knowledge and conviction in a spirit de-
voted to the common well-being, performs
a service vastly higher than anybody who
preaches that everybody ought to be a
soldier. And surely our schools are help-
ing to make such citizens. If they are not,
we ought to look into it right away.

And what does the Tribune mean by
"universal military education"? Should the
schools begin training soldiers? Should
we start anew, and from the kindergarten
up give every child a training that, a gen-
eration hence, will find us a nation in arms,
looking around for somebody to lick?

God forbid!

Of course military training could not be
universal unless it were COMPULSORY.
Lots of people, no matter how readily they
would respond to their country's call of
need, have in mind other business than be-
ing a soldier. Most people have other ends
in view for their sons than making soldiers
of them, unless, in time of crisis, the coun-
try needs them to uphold its banners. So,
if military training is to be universal, we
shall have to pass laws compelling univer-
sal acceptance of military training.

If the militarists mean this, why not say
so? Why, if they believe this to be the
proper thing to do, be ashamed of it and
conceal it behind vague words?

If they mean turning the schools over to
be military training camps, and the male
citizenship over to the mercies of conscrip-
tion, why not be frank about it, and say
what they mean?

Anyway "Shadow Law" is a whole lot
prettier name than "Harklenden House."

LAW IS NO SUBSTITUTE FOR CHARACTER IN INDIVIDUAL OR COMMUNITY.

"There is going," says the Emporia Gas-
ette, "of talking back to the old system of
government in commission-governed Leaven-
worth. People there are dissatisfied with their
government. We don't blame them. If we
lived in Leavenworth, we too would be
dissatisfied with it. The commission
form of government has failed in Leaven-
worth, just as the council form failed, and
just as any other form of government will
fail in Leavenworth so long as that city is
the kind of beer-drinking, law-defying, hid-
ebound, party-minded town it is." The Gas-
ette reminds its readers that a stream can
not rise higher than its source, and that
even a form of government cannot yet
gather grapes of thorns and figs of thistles.

Leavenworth is commission-governed, yet
badly governed.

Leavenworth is in prohibition Kansas,
yet "beer-drinking and law-defying."

Good laws are good, but law is not a sub-
stitute for public spirit in the community or
for conscience and character in the indi-
vidual.

Where law is relied upon as a substitute
for these essentials, public spirit and private
character are inevitably weakened yet fur-
ther.

If cities wish to conduct their affairs well

and have the capacity to do so, the com-
mission plan will help them.

If they have neither the will nor the
ability to govern themselves wisely, no law
ever will be devised that will save them.

Nor will prohibition make sober and
well-behaved persons out of those disposed
to be drunken and unseemly.

To rely on law for good government by
magic and sobriety by fiat is to neglect
the far more important thing of cultivating
sound, self-reliant and upstanding character,
and right public spirit—indispensable quali-
ties in the absence of which bad govern-
ment and bad behavior are inevitable.

If the Chinese people do make Yuan Shi
kai emperor in accordance with his ges-
ture of willingness, it will but serve to
convince Huerta and Col. Roosevelt that they
erred sadly in picking their native lands.

THE STATE PRESS RISES TO AN OCCASION.

Last week was "newspaper week" in Min-
nesota. Under the auspices and direction
of the Minnesota State Editorial associa-
tion, many—apparently most—of the coun-
try papers devoted their issues of that week
to "boosting" Minnesota.

We were proud of Minnesota's country
press before, but we are prouder of it now
for the splendid manner in which it rose to
this occasion to be of service to its state.

If it were possible, we would like to be
more specific, but so many well written and
well printed special Minnesota editions are
at hand that space will not permit a review
of special instances among a remarkable
uniformity of excellence.

Of course every week is "newspaper
week" in Minnesota. The country news-
paper that does not boost its town, its
county, its section, its state and its country
in every issue is a dead one, and there are
no dead ones in the Minnesota list.

But last week the country press of Min-
nesota outdid itself, and if the thing works
out as it should the nation will be flooded
with special editions celebrating eloquently
the glories and opportunities of Minnesota.

The enterprise is a complete success, and
a great credit to the rural press of the state.

The man with an extreme imagination can
imagine he is digging a trench when he is
only shoveling coal into the furnace.

THE BELGIANS.

A year ago Duluth—and the nation—re-
sponded nobly to Belgium's pitiful cry of
need. Relief work, organized and managed
by Americans and largely supported by
American generosity, kept the afflicted Bel-
gians from starvation.

But the giving mainly centered in a pe-
riod of a month or little more. Since then
few have given. Yet Belgian need still ex-
ists, Belgians still are war-afflicted, Bel-
gian months still call for food and Belgian
bodies for clothing. Our giving of a year
ago tired them over a few months, but the
need kept on when giving ceased.

One source of last year's supplies was
the Dollar Christmas fund, of which Henry
Clews of New York is treasurer. Through
The Herald last year more than a thousand
dollars was contributed to this fund, which
was ably handled and did much to alleviate
suffering.

This year the Dollar Christmas fund re-
news its appeal, and again The Herald vol-
untarily to become the agent of those who
wish to contribute a dollar for this splendid
charity. Those who wish to give may send
the money to Henry Clews, Broad street,
New York, or to The Herald, which will
acknowledge its receipt and forward it to
the proper place.

The scientist who said the world is drying
up showed the proverbial scientist's lack of
practicability by choosing this year as the
time for his announcement.

The "Equinoctial Storm" Election.

Willis Ishlester Milham in Meteorology:
The widespread belief in the existence of
an equinoctial storm and Indian summer
comes, to a certain extent, under the head of
popular superstitions. If the equinoctial
storm is defined as a rain storm, lasting at
least three days and occurring within two or
three days of the 21st of September, then
there is very seldom a year when several
equinoctial storms do not occur. The reason
for the belief is an equinoctial storm is
probably the fact that about this time of
the year the first storms of the winter type,
with steadily falling precipitation, make their
appearance. They stand in sharp contrast to
the summer type with the sultry weather and
thunder showers. Storms of the winter type
can occur, however, during any month of the
summer. The amount of precipitation near
the 21st has been shown by the latest ob-
servations at many stations to be no greater
than before or after this date.

Interval.
Life: The 20-year-old daughter of the pre-
sident of one bank, director of two others
and a railroad or two stood before her
dressing table in a brown study. Mean-
while—

Three men, each one of whom wanted to
make a loan of a hundred thousand dollars,
paced the floor.

Her father sat inwardly fuming in the
auto while a hundred business letters re-
mained unread.

Twenty clerks paused until the work of a
day could be given out.

Six cylinders, accomplishing nothing,
buzzed on.

Four servants, leaving their morning's
routine, rushed aimlessly about.

And the girl called: "Oh, papa, it isn't my
fault. I cannot find my gloves."

"America First"

Editorial in the New York World.

"I do not believe this government can en-
dure permanently half slave and half free,"
said Lincoln in his Springfield convention
speech of June 16, 1858. Nor can it endure
half American and half alien.

President Wilson, in his address before the
Daughters of the Revolution, defined the
most vital issues that the people of the
United States have faced since slavery and
secession were throttled—"America First."
This issue goes to the very life of the re-
public. All the political differences, all the
economic differences, all the industrial dif-
ferences of the last fifty years were trifling
in comparison with the fundamental ques-
tion of whether the American people are the
American people or whether they are a con-
gerie of European immigrants who recog-
nize no allegiance of patriotism to the coun-
try of their adoption.

Lincoln's Scriptural warning that "a house
divided against itself cannot stand" is as
applicable today as it was in 1858. Hyphen-
ated Americanism is not treason within the
narrow legal definition of the Constitution,
but it is moral treason, and it is a form of
moral treason that, if it is tolerated, must
bring about the disintegration of the nation.

Mr. Roosevelt did not overstate the case
when he said in his speech to the Knights of
Columbus last night, "I regret that the day
before President Wilson had voiced the day
before in Washington."

For an American citizen to vote as a
German-American citizen is to be a traitor
to the American institutions; and those hy-
phenated Americans who are the political
pawns of the German-American lobby are
American citizens who are traitors to the
American people.

President Wilson could not well answer
these threats, because they have been made
against him personally, but, as Roosevelt
has answered them for him, and that senti-
ment that Mr. Roosevelt expressed in this
quotation from his speech must be the senti-
ment of every American who is loyal to his
country, to his country's flag and to his
country's institutions.

The issue which President Wilson so
felicitously stated in the words "America
First" cannot be evaded. It must be met in
the coming session of Congress. It may be
met in the national campaign of 1916, and
on this issue every American voter has a
right to know how his neighbor stands.

The blame for the situation that confronts
the country does not rest alone upon the hy-
phenated citizen. It must be shared by men
who knew better but who capitalized the
weakness of the American people, and who
have maintained their position in the coun-
try by the use of the German vote, the Irish
vote, the Jewish vote, the Italian vote, the
Polish vote, the Scandinavian vote, the Rus-
sian vote and to any other kind of vote that
desperate partisanship could consolidate and
reach. How could true Americanism be ex-
pected to take root in a soil that American
politicians deliberately starved of its Ameri-
canism?

In the easy, tolerant, humorous way of the
American people, these appeals to the racial
consciousness of the foreign vote have been
treated playfully and jestingly, but the for-
eign voter has not taken them in that spirit.
He has taken them seriously, and he natu-
rally came to believe that he was im-
portant in the national campaign of 1916,
and that he was a factor in the election of
an American citizen but because he was Ger-
man or Irish or Italian or Polish or Scan-
davian or Jew or Russian or whatever he
was, and that he was a factor in the election
of a president of the United States, and that
the United States was threatened, here and
there, with political extermination for dar-
ing to touch the interests of the European
monarchs.

President Wilson is not alone in his desire
to "have a line-up" and let the men who are
thinking first of other countries stand on
the left, and those who are for America stand
on the right, and all the time on the other
side. We cannot have this line-up too soon, and the result
can be almost anything. Either an overwhelming majority of Ameri-
can citizens, regardless of their racial origin,
are to be elected, or the interests of the
republic are a failure and all the time the
that was shed in the Revolutionary war
and in the Civil war was shed in vain.

Republican Prospects

New York Evening Post: On the one hand,
remarks Senator Borah, we have President
Wilson with a record of leadership, a grow-
ing general popularity; on the other, the
Republicans getting ready for an inter-
mediate election, the Republican vote is
quarrelsome; division; but they predict a
split in the Republican party, and the
Republican party would not "do the wise thing" and
adopt a liberal platform.

Our ultra-conservative friends who as-
sume that the liberal sentiment in this
pendulum is swinging back, or that the
error, those who hold that opinion
cannot be gotten out of them in that
spirit, and so far as I am concerned, I
cannot be gotten out of them in that
campaign of 1916 than did in 1912,
because I feel that the issues have
become more vital.

The question is whether Senator Borah is
not raising a bogey. As if in answer comes
a resume of the first issue of Prosperity, the
Republican National Convention, with articles
by Mann, Herrick and Fairbank, and
Machin, by the treasurer of the United States
Machinery, by the president of the National
Association of Manufacturers, and the vice president
of the United States Pottery association, lately re-
spected by Secretary Denham. The editorial
contributions are devoted to the Underwood
tariff and to the consequent despair that
threatens the destruction of the nation's
"farm and factory interests, miner and
magnate." It is evidently not amiss for
Borah to issue a warning that the Western
farmer and miner will want more for per-
centage than that of the gloom-filled air.

The Big Splash.
The automobile is the biggest splash in the economic waters
of civilization since the telephone came. The
automobile has reorganized the horse busi-
ness. It has put the buggy trade out of
business. It is the biggest blow since the
best seller in fiction; it is cutting away the
circulation of the cheap magazine, and is
therefore crowding automobile advertising
into newspapers, and forcing up the price
of advertising, which in turn is forcing up
the price of the commodities. More than
this, the automobile is making a big hole
in the jewelry trade. Men and women who
used to flash their wealth, who used to
flash it with diamonds and jewels, now they
flash their wealth in an automobile. As
a result the sale of jewelry is greatly re-
duced.

The tractor plow is coming to the farm.
When the tractor plow is made for three
or four hundred dollars, it will crowd the
horse out of the farm. When the horse leaves
the farm—his last stand—the land used to
grow horse feed will grow corn. That will
bring a lot of land into the market.

And all because some man forty years
ago or so harnessed the kick of the explo-
sion of a drop of gasoline! If that man had
known what he was doing—would he have
kept on doing it?

Christie Faith.
Hawthorne: Christian faith is a grand ca-
thedral with divinely pictured windows.
Standing within, you can see no glory, nor
can possibly imagine any. Stand without,
every ray of light reveals a harmony of un-
speakable splendors.

America, First, Last and All the Time

Herman Ridder in the New York Staats-Zeitung.

The words of President Wilson spoken at
the jubilee of the Daughters of the Ameri-
can Revolution to the entire American
people, must serve as a reminder to those
who have been ready, nay anxious, to draw
up into the war, that the ideals of America
are pledged to peace.

Sentimentally we are divided, as a peo-
ple, into three groups over the merits of
the war. There are those who sympathize
with Germany, there are those who sym-
pathize with Britain, and there are those who
sympathize with neither belligerent.

The first and last group have never, to my
knowledge, urged our participation in the
war. They cannot recall a single German sym-
patizer who has advocated the abandon-
ment of a policy of neutrality. There are
some who do not admit our particular brand
of neutrality to be eminently fair to both
parties, but they do not urge us to take
a remedy for the situation.

The only call for war has come from the
group of British sympathizers. And these
are powerful and numerous. They include
the financial and journalistic power of the
United States. They believe in the war, and
they believe that he has not yielded to this
insistent clamor for war. A less determined
man would have long since yielded to the
importunities of the powerful group of
propaganda of American intervention in
behalf of Great Britain.

The following sentences addressed to all
Americans should be a platform upon which
all Americans should stand:

"America has heretofore, and that heart
throbs with all sorts of intense sympathies,
but America has schooled its heart to love
the things that America believes in, and it
ought to devote itself only to the things
that America believes in, and believing that
America stands upon its ideals, it ought
not to allow itself to be divided, so far as
its heart is concerned, into anybody's quar-
rel. Not because it does not understand the
merits of the controversy, but because
America has promised the world to stand
upright and maintain certain principles of
action which are grounded in law and
in justice. We are not trying to keep out
of the war, we are trying to preserve the
foundations upon which peace can be re-
built. Peace can be rebuilt only upon the
basis of the accepted principles of interna-
tional law, only upon those things which
remind nations of their duties to each
other, and deeper than that, of their duties
to mankind and to humanity."

We owe ourselves the duty of sympathy
and understanding. We owe ourselves the
duty of standing closer together, shoulder
to shoulder, during days of stress. Our na-
tional life must not be seared by lines of
division by the wisest thing of class
against class. The great melting pot must
continue to blend and harmonize.

Our foreign friends, if they are to
Schurz, or Lane, or Coudert, can and should
unite to keep us out of this war. It is dis-
graceful to those of us who are of French an-
cestry to realize that we have a higher duty
to perform than to send our young men to
fight in the ranks of the French army.

Men like Roosevelt and Eliot can learn
much from the millions of Americans of
German birth who have never deviated by
a single policy from the policy of neutrality
declared at the beginning of the war.

If America is pledged to a policy of peace,
let those who shout for war be the real
enemies of America. If our ideals demand
a neutrality of action, then those who urge
war are the enemies of America.

Let the weight of public opinion fall upon
those who would drag us into the fray, and
let those who hope and pray that
such a day may never come.

Remember This!

Farm, Stock and Home: In a few months
the campaign committees will begin to tell
the people how hard up they are, and how
much we need a tariff in order to make
us all rich. Their business is just what
it is ours. It is to tell the facts beforehand
and see who's telling lies. They, no doubt,
will use in particular the fact that the
railroads are in the hands of receivers,
many factories are closed down, how north-
western wheat has been saved business
from going to the demolition how-wows.

Pin this in your hat: Times are not bad.
They are very good. The farmer in particu-
lar has fair prices coupled with a large
crop. This means good average or better
than average profits for the business as a
whole. The cotton farmer of the South
is a lot better off than he was a year ago.
He has begun to raise other things than cot-
ton. He is not saying that every farmer is
out of debt and on easy street. It is saying
that what troubles him has not war-made,
nor are they on account of lowering of tar-
iffs. He is saying that the reasons for his
troubles are elsewhere, and most frequently
in the character and organization of his
business.

It is only necessary to make mention of the fact that car shorts-
ages and new car construction are reported
about the Middle West. Four thousand
new cars have already been ordered, and
from fifteen to twenty thousand more are
planned. Three Western roads have ordered
thousands of something like \$200,000,000
of steel rails.

And rolled steel, which enters largely into
building construction, is in demand.
When we stop and let the fact set in
that the \$500,000,000 loan to the allies, were
they to be used for the purpose of making
new cars, would finance England alone two
days, and that it represents something like
one-fourth of 1 per cent of our annual busi-
ness output of something like \$200,000,000,
we begin to see that prosperity or adver-
sity do not depend upon war loans nor
upon their old schemes. They are urg-
ing their patriotic impulses sufficient to
oppose that solution of a big problem.

Hit and Miss.

Minor Optic-Reporter: A girl who wins a
good husband makes a lucky hit and is her-
self a lucky miss.

The Man Who Sticks.
The man who sticks has his lesson learned;
Success doesn't come by chance—it is earned
by pounding away; for good hard knocks
will make stepping-stones of stumbling
blocks.

He knows in his heart that he cannot fail;
That no ill fortune can make him quail;
While his will is strong and his courage
high.
For he's always good for another try.

He doesn't expect by a single stride
To jump to the front; he is satisfied
To do every day his level best,
And let the future take care of the rest.

He doesn't believe he's held down by the
boss.
It's not and not favor, that "gets across."
So his motto is this: What another man
Has been able to handle, I surely can.

For the man who sticks has the sense to see
He can make himself what he wants to be,
With all his heart and soul and pitch right in—
Why, the man who sticks can't help but win.

—Charles R. Barrett.

Jawbreakers.
Moore Lake Star-Gazette: The Kospeto-
gnannis-Stavagionne marriage license was
issued by Licensor Oleg Timonoff of Carlton
recently. Kospetognannis himself applied
for it.

"What's your name?" asked the clerk.
"Kospetognannis," answered Kospetognannis
fluently. "They call me Nick."
"And the lady's name?"
"The lady is Stavagionne. 'To-morrow
it will be Pangiotte Stavagionne Kospeto-
gnannis.'"
"How do you spell your name, Mr. Kos-
petognannis?" the clerk asked recklessly.
"Haven't enough type left to tell the rest
of the story."

Northern Minnesota, Land of Opportunity

Chorus of Minnesota Boosters.

Reason for Thankfulness.
Tower News: Let us be thankful that we
live in Northern Minnesota. Read the daily
papers of floods and cyclones, lightning and
upheavals of all kinds. One notices that
these are not for us, happily, and we should
be grateful. We of Tower know nothing
of a Louisiana overflow of the Mississippi
River. A "crevasse" to us is meaningless
bar and homes wrecked by lightning pas-
sage up, but not Iowa. A West Indian hur-
ricane is gone before it crosses Texas. Per-
haps we, after all, live in the most favored
section of the world, and we should be
grateful accordingly.

They Did.
Gully Advance: O, you Southern Minne-
sotans! With your \$100 an acre for land!
Why don't you wake up out of peaceful
slumber? Are you going to allow us of the
North with new counties, not one quarter
settled or developed (with the best land in
the state, at \$35 and \$40 per acre), to cap-
ture all the valuable primeval state fair?
Well, it looks like it. Read the reports and
see.

Amendment No. 1.
Laporte News: In his address before the
people at the Hubbard county fair in Park
Auditorium yesterday, Auditor Press urged his
hearers to vote for amendment No. 1 at the
next state election and said, among other
things, "It will make it possible for the
state to clear three or four hundred thou-
sand acres and enable the settlers going
on to them to make a living from the start."
Anything that will help the new settler in
getting a good start is certainly worth en-
couraging.

It's Worth Boosting.
Bagley Independent: Northern Minnesota
was given a big boost by the Duluth busi-
ness men who visited the county fairs in
this part of the state, on their return to
the Duluth city last week. They were sur-
prised to find the best exhibit of registered
stock to clear three or four hundred thou-
sand acres and enable the settlers going
on to them to make a living from the start."

Land of Opportunity.
Gonvick Banner: Northern Minnesota repre-
sents opportunities that should appeal to
any man with a little capital, and anyone
with a small capital, who would like to be
com independent in a few years.

As to Synonyms.
Pillager Herald: While the Southern states
are busy counting the dead and estimating
the millions of dollars' property lost as a
result of the last storm there, Northern
Minnesota continues on in its march of
progress. Northern Minnesota is another
synonym for sublime.

But Any Season Is Fine.
Biswabik Times: This is Northern Minne-
sota's most beautiful season. The leaves
are turning and present a variegated scene
scheme that has never been equaled by a
painter's brush. The air is clear and crisp,
and the mosquitoes are still being plucked in
the hall of fame. Since that time, how-
ever, Northern Minnesota has developed into
a regular strawberry belt, all our exchanges
are telling the same story about ever-beer-
progress. Well! We are glad we are
are living in Northern Minnesota, anyway.

ganization known as the Famous-Father
club. To be eligible one must be the father
of ten or more children, and the principal
aim of the club is to encourage the raising
of large families. Where the mothers com-
e in on such an organization is not made
plain, but the provisions will be made
for admitting them as advisory members.

Weather History Now Repeats Itself.
Oakton Times: This fall reminds us of the
fall of 1912. Then there were three weeks
of wet weather

TWO PAY DAYS IF THEY WANT THEM

City Employees Will Be Given Chance to Express Preference.

An official expression on the proposed semi-monthly pay plan will be ordered by the city commissioners this afternoon.

In view of the fact that there has

been considerable talk pro and con on the subject during the last three weeks, Commissioner Voss this morning prepared a resolution ordering an official canvass of all the city employees. The other members of the commission are in favor of the plan and the measure will be adopted without a dissenting vote.

"If the city employees want two pay-days a month," Commissioner Voss said, "then we will make the change."

The resolution to be introduced this afternoon follows:

"Whereas, On July 1, 1915, the semi-monthly pay law for employees, became effective in Minnesota, such law not applying to municipalities; and,

"Whereas, a considerable number of employees of the city have indicated their desire that the city of Duluth

provide a system of semi-monthly pay-days; be it therefore

"Resolved, That the manager or head of each department of the city be and he hereby is instructed to secure by petition or otherwise, an accurate expression of the preference of the city's employees on this matter, making a report thereon to the commissioner of finance not later than Nov. 1, 1915."

Stock Brokers Assign.

Buffalo, N. Y., Oct. 18.—The assignment of Paul Lambert & Co., stock brokers of this city, with many offices throughout the country and Canada, was announced today. Herbert B. Buterfield, an attorney, was named as assignee. The liabilities are reported to range between \$400,000 and \$500,000.

NO ACTION WILL BE TAKEN BY U. S.

Complaint By German Embassy Against Britons Will Be Filed.

Washington, Oct. 18.—The state department does not contemplate any action on the affidavits filed by the German embassy charging that marines and sailors of the British patrol

boat Baralong killed the commander of a German submarine. Officials pointed out today that the case did not differ from many others filed by belligerent governments charging violations of military law and atrocities. The American government has merely filed all such protests.

Officials foresee, however, that if such incidents became a general practice they might possibly affect the submarine controversy between the United States and Germany.

They fear that if British ships generally attack German submarines, interfering with the attempts of the latter to visit and search, the submarines might resume their practice of torpedoing without warning.

The use of the American flag by

the British patrol boat is regarded as a use in keeping with the naval practice of previous wars and used by the United States as well as other nations. The only requirement is that a war vessel must show its true colors before opening fire.

THRESHING OVER IN RED RIVER VALLEY

Grand Forks, N. D., Oct. 18.—(Special to The Herald.)—Threshing throughout the Red River valley is practically completed, except in several isolated sections. In another week or ten days all of the grain will be stored in the bins. While threshing was delayed by rains during the

latter part of September, the weather in most of October has been most favorable and splendid progress has been made.

SUPERIOR BEATS DULUTH BY SINGLE TOUCHDOWN

Tom O'Rourke goes to court to prove that he is the manager of Al Palzer. Most any ordinary man would be willing to go to court to prove that he wasn't the manager of Al Palzer.

Tigers Show Best.
For all-around team work, Princeton gave the best exhibition, overwhelming Lafayette by an attack and defense that removed all doubt regarding the ability of the Tigers' attack. Not only did the Nassau players prove thoroughly versed in the technique of the game, but they uncovered an attack and an individual star in Eddy, left halfback, who promises to match Legore at Yale and Mahan at Harvard.

Cornell's showing against Bucknell, while impressive, cannot be taken as indicating that the Ithaca eleven is irresistible, for the strength of the vanquished was not sufficient to give a

W

IENTOFT.

The presence in the Iowa squad of a goal-kicker like Davis, makes the Hawkeyes a team to be feared.

Wet weather took much life out of the game. Minnesota played against South Dakota, and the Gophers are charged with playing listlessly. However, they counted three touchdowns against their opponents.

With half the season in the grade school football leagues rounded out with the games Saturday afternoon, the Lincolns have a clean lead in the Senior organization, while the Mungers to the list in the Junior league.

This afternoon the teams in the two leagues will begin play in the last half of the schedule, which promises to produce some fast playing and close contests between the leading schools.

THE AMERICAN

than the ordinary advantage. But it was in this line that the victory was won. The heaviest player on the Duluth team played the weakest game. His exhibition of football bordered on the putrid, and during the entire game he was the target of the players with a majority of players cooed literally from head to feet with mud, this individual never even got his face clean. Superior came through this player's game. The three are all men of rats escaping from the hatch of a sinking ship.

The sailors used what seemed to the average spectator, poor headwork on several occasions. His failure to call for a kick in the first few minutes of play, when the ball was in Duluth's hands, was a blunder indirectly to the only score of the day.

Credit to Superior.
Credit must be given to the doughty visitors from over the bay for possessing a versatile attack and using excellent generalship at critical points of the game.

Superior obtained the ball on Duluth's 60-yard line when Caulkings elected to attempt to try a rush on the fourth down rather than resort to kicking. Big Bill, the offensive star of the game, tore through for ten yards. Chick Bradley failed to make much headway in an attempt at skirting the end. But Bill was not to be denied and

SCHOOL LEAGUES

The season will come to a close on Nov. 6.

On Saturday afternoon the Lowells failed to appear in their game against the Lincoln seniors and as a result forfeited the contest. The Bryants defeated the Emersons, 21 to 0, Capt. Solberg of the winning eleven scoring all the touchdowns for the Bryants. In the Junior league the Mungers won from the Salters, 24 to 0, and the Irvings defeated the Fairmonts, 33 to 14.

The games scheduled for this week follow:

Senior League.

Washburn-Irving, Oct. 18, Chester.
Merritt-Monroe, Oct. 18, Harrison.
Salter-Emerson, Oct. 19, Chester.
Jefferson-Lowell, Oct. 19, Heights.
Lincoln-Washburn, Oct. 20, Hunter's
Park.
Bryant-Monroe, Oct. 20, Harrison.

THE AMERICAN TOBACCO COMPANY

By "HOP"

Some of the rooms on the second floor were crowded with guests of all vintages and minor cases owing to the crowded condition of the hotel building. Most of the guests were young people. The Sisters of St. Joseph had already been busy on the previous day in addition to the hospital. It being expected that additional facilities will require further effort from the sisters.

glancers, upon the representations made by delegations from Perham and Minneapolis. The latter city has contributed \$200,000 toward the cause. Funds, appropriated \$100,000 for the purpose, have been received from the American Gayle farm, which money will be divided between Perham and Fergus Falls.

Sister Convent—Mrs. Angeline Sorenson who lived for many years in Raynorsville, Minn., died at her home here last long time a resident of this city, celebrated her 94th birthday at the home of her son, John Smith, at Tintonia recently. Her three oldest sons, only living children, were present at the celebration.

Perham—Julius Schornack reports that he got 82 eighth-hand bushels of oats from seventeen acres of land near his place. His wheat raised rents. This amounts to about 87 bushels per acre. His wheat raised 60 bushels per acre.

Vernadale—Nels Baden, butcher at the creamery, was married Thursday morning at 11 o'clock by Rev. J. Zellert and returned to Vernadale.

Crookston—Judge William Watt district court at Crookston, vacated the injunction proceedings brought by the village of Hendrum against the G. Northern Railway company and adjourned until next week to stop the defendants from blocking an alley crossing in that town.

WISCONSIN BRIEFS

Beaver Dam—William F.'Brien former cashier of the Theresa, Wis. Savings Bank, was arrested Saturday on fifty-three counts on his larceny in which he was charged with having stolen \$100,000 from the bank through forged checks.

Marquette—There is Marie Beaudry, wife of a French Canadian farmer of Lee Frink, an attorney in the family from the home of her parents, who are now in Marquette preparing the morning meal. Now she is in Marquette attending to the duties of a housewife.

Appleton—A statewide movement closing saloons on Sunday is being organized by the Wisconsin Temperance League. Plans for the campaign are being discussed by the state officers of the Women's Christian Temperance union and will be made public in the near future.

Eau Claire—Friday and Saturday Oct. 21 and 23, will see 2,000 tons of lumber shipped from the two mills in Eau Claire county to the twenty-fifth annual meeting of the Northwest Lumber Association at Duluth.

Neenah—President E. A. Williams of the Equitable Fraternal union headquarters at Chicago, has appointed Dr. Orrin Thompson as officer of supreme exaltation to succeed him in Neenah.

Niagara—Charles C. McCune, has been superintendent of the Niagara Falls State Park since it moved to Lake Worth, Fla., to engage in farming.

Rapids—Edwin Schroefer former living in the town of Saratoga, Wis., was shot dead by a hunter near his farm. Wildcat's recent scarce article in these pages was the first of its kind.

St. Lawrence—The oldest Civil war soldier in Wisconsin, James A. Rapch, who was 100 years old on October 1st, died at his home in St. Lawrence, Wis. He was one of the Thirty-second Wisconsin Infantry.

WANT AD RATES AND INFORMATION

1c a word per day; \$1 per line per month. Display classified, 72c per inch per day. No ad taken for less than 15c.

CHARGE WANT ADS will not be run longer than seven days without renewal order. ALL CHARGE WANT ADS are due and payable the same day first insertion and appear. All out-of-town want ads are cash in advance. Mail orders given prompt attention. Address all letters to Want Ad Department.

CLOSING HOURS—Want ads to be classified properly must be in the Herald office by 11:30 a. m. on the day ad is to be run. Want ads received after closing hour will be inserted under the heading "Too Late to Classify."

TELEPHONE WANT ADS—Are charged at the same rate as cash ads and collection will be made at your home or office as soon as possible thereafter. This is an accommodation service and payment should be made promptly when the bill is presented so as to avoid further annoyance and to insure efficiency of our service. Always ask that your telephone ad be repeated back to you by the telephone ad taker to make sure that it has been correctly taken.

BLIND ADS—No answers or blind ads will be given unless the number is presented at time of request. Always have ticket showing the number when placing blind ad. Herald employees are not permitted to answer any advertiser's answers to out-of-town blind ads will be forwarded without extra cost.

THE HERALD desires to give the best service to its readers and advertisers. If you desire any special service as to the wording of your ad, call the Want Ad Department.

CARRANZA GOVERNMENT RECOGNIZED BY U. S.

MEXICANS HOLD UP AMERICAN TRAIN AND ROB AND MURDER IN MOST SPECTACULAR MANNER

SCENE OF THE OUTRAGE NEAR BROWNSVILLE

Two Persons Killed and Five More or Less Seriously Injured.

Bandits Begin Their Attack on U. S. Soldiers on the Train.

Jerk Loosened Rail From Track Just as Engine Approaches.

Brownsville, Tex., Oct. 19.—Twenty Mexicans who claimed to be followers of Luis De la Rosa, leader of a self-styled "Texas" revolution, staged the most spectacular and bloodiest train robbery in the Southwest of many years at Olmito, seven miles north of here. As a result three men were dead today, another dying and four wounded.

The holdup occurred on the St. Louis, Brownsville & Mexico line, the only railroad entering the Lower Rio Grande valley.

The Mexicans who they shot and robbed cried: "Viva Carranza! Viva Carranza!" Pizano was De la Rosa's co-leader in the Texas outbreak. The robbery occurred three miles from the Rio Grande, across which it is believed the bandits afterward escaped into Mexico.

Dead and Wounded.

The dead: Corporal McLee, Third United States cavalry, shot.

Engineer H. H. Kendall, pinned beneath engine.

Probably fatally injured: Dr. E. S. McCain, deputy state health officer at Brownsville, shot in abdomen.

Injured: Harry J. Wallis, Brownsville, shot in arm; R. Woodhall, fireman, scalded and bruised; Claude J. Eichen, troop A, Sixth cavalry, shot.

(Continued on page 4, third column.)

CONSPIRACY CHARGES AGAINST COMMITTEEMAN ARE DISMISSED

THOMAS TAGGART.

Indianapolis, Ind., Oct. 19.—The case against Thomas Taggart, Democratic national committeeman for Indiana, charged with election conspiracy, was dismissed by Special Judge N. H. Eichenhorn in criminal court today, on the motion of Prosecutor A. J. Rucker.

JURY STILL DEADLOCKED

Report They Are Evenly Divided on the Richeson Case.

Disagreement May Result in Discharge of Jury.

Apparently hopelessly divided, the jury in the case of the state against Walter J. Richeson, former deputy clerk of the municipal court, charged with malfeasance, has failed to reach an agreement after several hours of deliberation.

At 2:30 o'clock this afternoon the jurors reported to Judge Fessler that they were divided six to six.

The defendant was not in the courtroom at the time, and the judge sent the jury to the jury box to be summoned. At that time the jury will either be discharged or sent back for further consideration of the case.

The jury took the case at 2:30 o'clock yesterday afternoon and deliberated until 6 o'clock last evening, when a short recess was taken for supper. Returning to the courtroom, the jury resumed its work. At 11 o'clock Judge Fessler, who presided at the trial, notified the officer in charge of the jury that he was going home and shortly thereafter the jury retired for the night.

Judge Fessler left this morning for Carlton to attend to some Carlton county court matters. He will return early this afternoon. Had the jury reached an agreement this morning it was at liberty to report to any district judge. Should instructions be desired, however, it will be necessary to await the return of the presiding judge.

CASTS VOTE FOR WOMEN

President Gives Approval to Equal Suffrage at Jersey Election.

Heavy Vote Being Cast on Constitutional Amendments in State.

Princeton, N. J., Oct. 19.—President Wilson came to his legal residence here today and voted for woman suffrage. In common with other electors of his home state he went to the polls to cast his ballot on a constitutional amendment submitted to the people by the legislature.

The president arrived shortly after noon. He left immediately after voting and is due to arrive in Washington at 6:30 this evening.

The president was greeted at the station by a large crowd of students who cheered him as he stepped from his private car. He walked immediately to the old fire house where the polling booth of his precinct is located.

Forming in solid mass about him the students marched with him to the polling booth singing Princeton songs and every now and then giving another cheer.

Several suffragists were at the station and thanked the president for his announcement that he would vote to give them the ballot.

Heavy Vote.

Trenton, N. J., Oct. 19.—A heavy vote is being cast at the special election in New Jersey today on the three proposed constitutional amendments, including woman suffrage, which are being submitted to the voters for ratification or rejection.

Reports from Newark were that the voting since 8 a. m. was nearly as heavy as at a general election. Other sections of the state also report a large vote.

"SAFETY FIRST" IS SLOGAN OF MEETINGS

Detroit, Mich., Oct. 19.—Delegates from fifty cities in the United States were gathered here for the opening today of the two days' convention of the Safety First Federation of America.

National Safety Council Meets.

Philadelphia, Oct. 19.—Safety first, not as a matter of dollars and cents, but as an effort to save human life and limb, was the keynote of the fourth annual congress of the National Safety council, which opened here today. The sessions will close Thursday night.

(Continued on page 4, fourth column.)

ITALY DECLARES WAR ON BULGARIA; SITUATION ON SERBIAN FRONT OBSCURE

REPORTS ARE CONFLICTING ON RESULTS

Outcome of Fighting on Saloniki-Nish Railway Still in Doubt.

Austro-German Armies Advance Fifteen Miles South of Belgrade.

Invaders Claim Successes Which Are Denied By Serbians.

Rome, Oct. 19, via London.—Italy has declared war on Bulgaria, according to an announcement by the Stefani News agency.

Ordered By King.

Paris, Oct. 19, 12:30 p. m.—The Havas correspondent at Rome telegraphs: "The Italian government by order of the king, declared that a state of war existed between Italy and Bulgaria by reason of Bulgaria's having opened hostilities against Serbia, thus allying itself with the enemies of Italy and combating her allies."

Question of Troops.

London, Oct. 19.—It has been declared whether she will send troops to join the British and French forces in Serbia remains as obscure as the results of the fighting raging on Serbia's eastern frontier. The Austro-German armies which occupied Belgrade appear to have advanced more than fifteen miles south of the city, but the outcome of the fighting between Bulgarians and Serbians along the important Saloniki-Belgrade railway is still in doubt.

(Continued on page 4, fourth column.)

BULGARIANS WILL NOT BE ALLOWED IN GREECE

Paris, Oct. 19.—A Havas agency dispatch from Athens, dated Monday, notes the governmental newspaper, Neos Asti, as saying that the Greek government is following with the greatest interest the development of military operations on the Serbo-Bulgarian frontier in proximity to Greek territory. The recent council of Greek ministers adopted measures to be taken in the event that these operations bring the Bulgarians into Greece, an eventuality which, the paper says, the government will not tolerate.

(Continued on page 4, fourth column.)

ANXIOUS OVER CABINET SPLIT

Britons Wonder If Ministers Will Be Able to Compose Differences.

Military Difficulties Take Second Place to New Internal Troubles.

London, Oct. 19.—Great Britain is waiting anxiously to learn whether the cabinet ministers will be able to compose their differences and continue the government without swapping horses in midstream. The military difficulties which confront the allies have taken a position of secondary importance for the time being.

The cabinet has been holding long and frequent meetings since the Balkan crisis developed. Both newspapers and politicians agree that vital differences of opinion have arisen over the conscription issue and the Near East question. In the meantime party newspapers are carrying on a bitter debate and exchanging accusations of lack of patriotism and of placing party and private interests above those of the country.

First Proof of Differences.

The resignation of Sir Edward Carson, attorney general, was the first proof of differences in the cabinet. The reason assigned for his withdrawal is disagreement with the cabinet's policy in regard to the Near East, but the specific point of division is withheld, as in the case of the retirement of Foreign Minister Delcasse of France.

(Continued on page 4, fourth column.)

ALLIES TO SEND MORE TROOPS TO BALKANS

Greece Notified That Reinforcements Will Be Sent at Once.

London, Oct. 19.—The decision of the Entente powers to send reinforcements to the Balkan front is indicated in a dispatch from Athens today to the Exchange Telegraph company. It is said this decision has been communicated to the Greek government.

This information was conveyed, the correspondent asserts, in the form of a friendly note from the British and Russian ministers at Athens to the Greek government in which the plans of the Entente powers were outlined. The note is said also to have pointed out that the Quadruple Entente's interpretation of Greece's treaty obligations to Serbia apparently was not in conformity to that of the Greek government.

(Continued on page 4, fourth column.)

PAN AMERICAN ENVOYS ALSO TAKE ACTION

Notes Sent to Washington Representative of the Mexican Leader.

Expected Recognition By Other World Powers Will Soon Follow.

Fletcher May Be Appointed Ambassador to De Facto Government.

Washington, Oct. 19.—Formal recognition by the United States of the de facto government of Mexico with Gen. Venustiano Carranza as chief executive was accomplished at noon today by the delivery to Gen. Carranza's representative, Eliseo Arredondo, at the Mexican embassy of a letter from Secretary Lansing. Recognition letters from the Pan-American conference, similar in tone, also were received by Mr. Arredondo.

The communication from Secretary Lansing was sent by messenger and later Mr. Arredondo was invited to the state department by the secretary for a general conference on Mexican affairs. Tomorrow Mr. Arredondo will start for Saltillo, Mex., to meet Gen. Carranza and present to him the letters and notes of recognition from the several governments of Central and South America, which arrived during the day in accordance with the decision of the Pan-American conference yesterday.

Recognition by other nations than those represented in the Pan-American conference is expected to follow soon.

(Continued on page 4, fifth column.)

BULGARIANS HOLD VRANYA RAILROAD

Capture of City Cuts Off Communication With the Serbian Capital.

Washington, Oct. 19.—The capture by Bulgarian troops of Vranja, Serbia, on the railroad between Nish and Saloniki, Greece, was reported officially today to the Bulgarian legation in Paris. The capture of the railroad at Vranja cuts off all rail communication between the Serbian capital and the source of supplies in the south.

According to the legation's advice, four forces of troops are operating against Serbia. Vranja has been the objective of one of the strongest of these forces. With Vranja occupied and the railroad northward to Nish in operation, officials of the legation are of the opinion that a large army would be before the capital within three days.

PREMIER ASQUITH IS TAKEN SUDDENLY ILL

State of Health Will Require His Withdrawal for a Few Days.

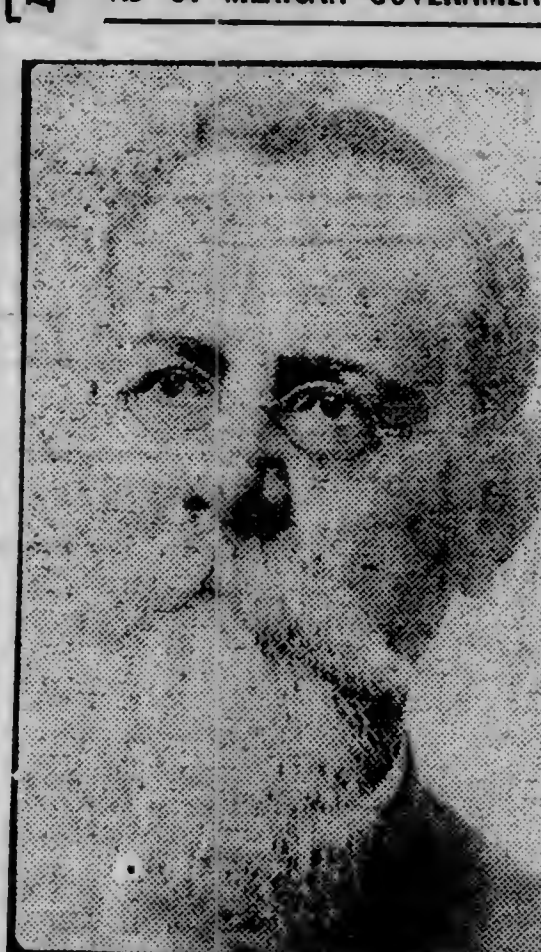

London, Oct. 19.—Premier Asquith has suddenly become ill. His state of health will require withdrawal from public activities, at least for a few days.

Shortly before 1 o'clock the following bulletin was issued at Downing street: "The prime minister is suffering from an attack of gastro-intestinal distress, which will necessitate a few days of complete rest."

Earlier in the day Mr. Asquith attended meetings of the war committee and the cabinet, both of them held in his official residence.

GEN. VENUSTIANO CARRANZA.

FRENCH HOLD TO POSITIONS

Three Desperate Attacks By German Troops Are Repulsed.

Infantry Assisted By Batteries Resists Assaults at Night.

Paris, Oct. 19, 2:30 p. m.—Three German attacks with hand grenades last night to the northeast of Souchez were completely repulsed by the French forces, according to the French official statement given out by the war office this morning.

The text of the communication follows: "German forces last night delivered three serious attacks, making use of hand grenades in the Bois-Bon-Haut, to the northeast of Souchez. Our infantry, firmly entrenched in the position recently conquered by us, completely repulsed the assailants. In this they were helped by our batteries."

To the south of the river Somme, in the sector of Lihons, there were spirited rifle exchanges in which both sides took part.

In the Champagne district there has been some fighting with bombs to the east of the neighboring farm.

The concentration of our artillery against the batteries of the enemy put a stop to a severe bombardment directed by them against our position at Les Eparges. There is nothing to report from the remainder of the front.

A group of French aviators during the night of Oct. 17-18 bombed the German aviation field at Burlioncourt, to the northeast of Chateau Salins. It was apparent that certain hangars were demolished."

(Continued on page 4, fifth column.)

BULGARIANS MEET WITH HEAVY LOSS

Report From Paris Says Entire Battalions Annihilated in Fighting Preceding Capture of Strumitza.

Paris, Oct. 19.—Heavy losses for the Bulgarians in the fighting which preceded the capture by the allies of Strumitza, is reported in a dispatch from Saloniki to Milan, as forwarded to the Havas News agency. It is asserted that entire battalions of Bulgarians were annihilated by the Franco-Serbian forces. British as well as French troops, the dispatch says, took as important part in the engagements north-east of Doiran, near the Vardar river and at Valanovo, in the northeastern sector. At the latter place, the Bulgarians made a counter-attack, but subsequently fled across the frontier, pursued by Serbians.

Berlin, Oct. 19, via London, 4:14 p. m.

NO REVELATION ON STRAITS CAMPAIGN

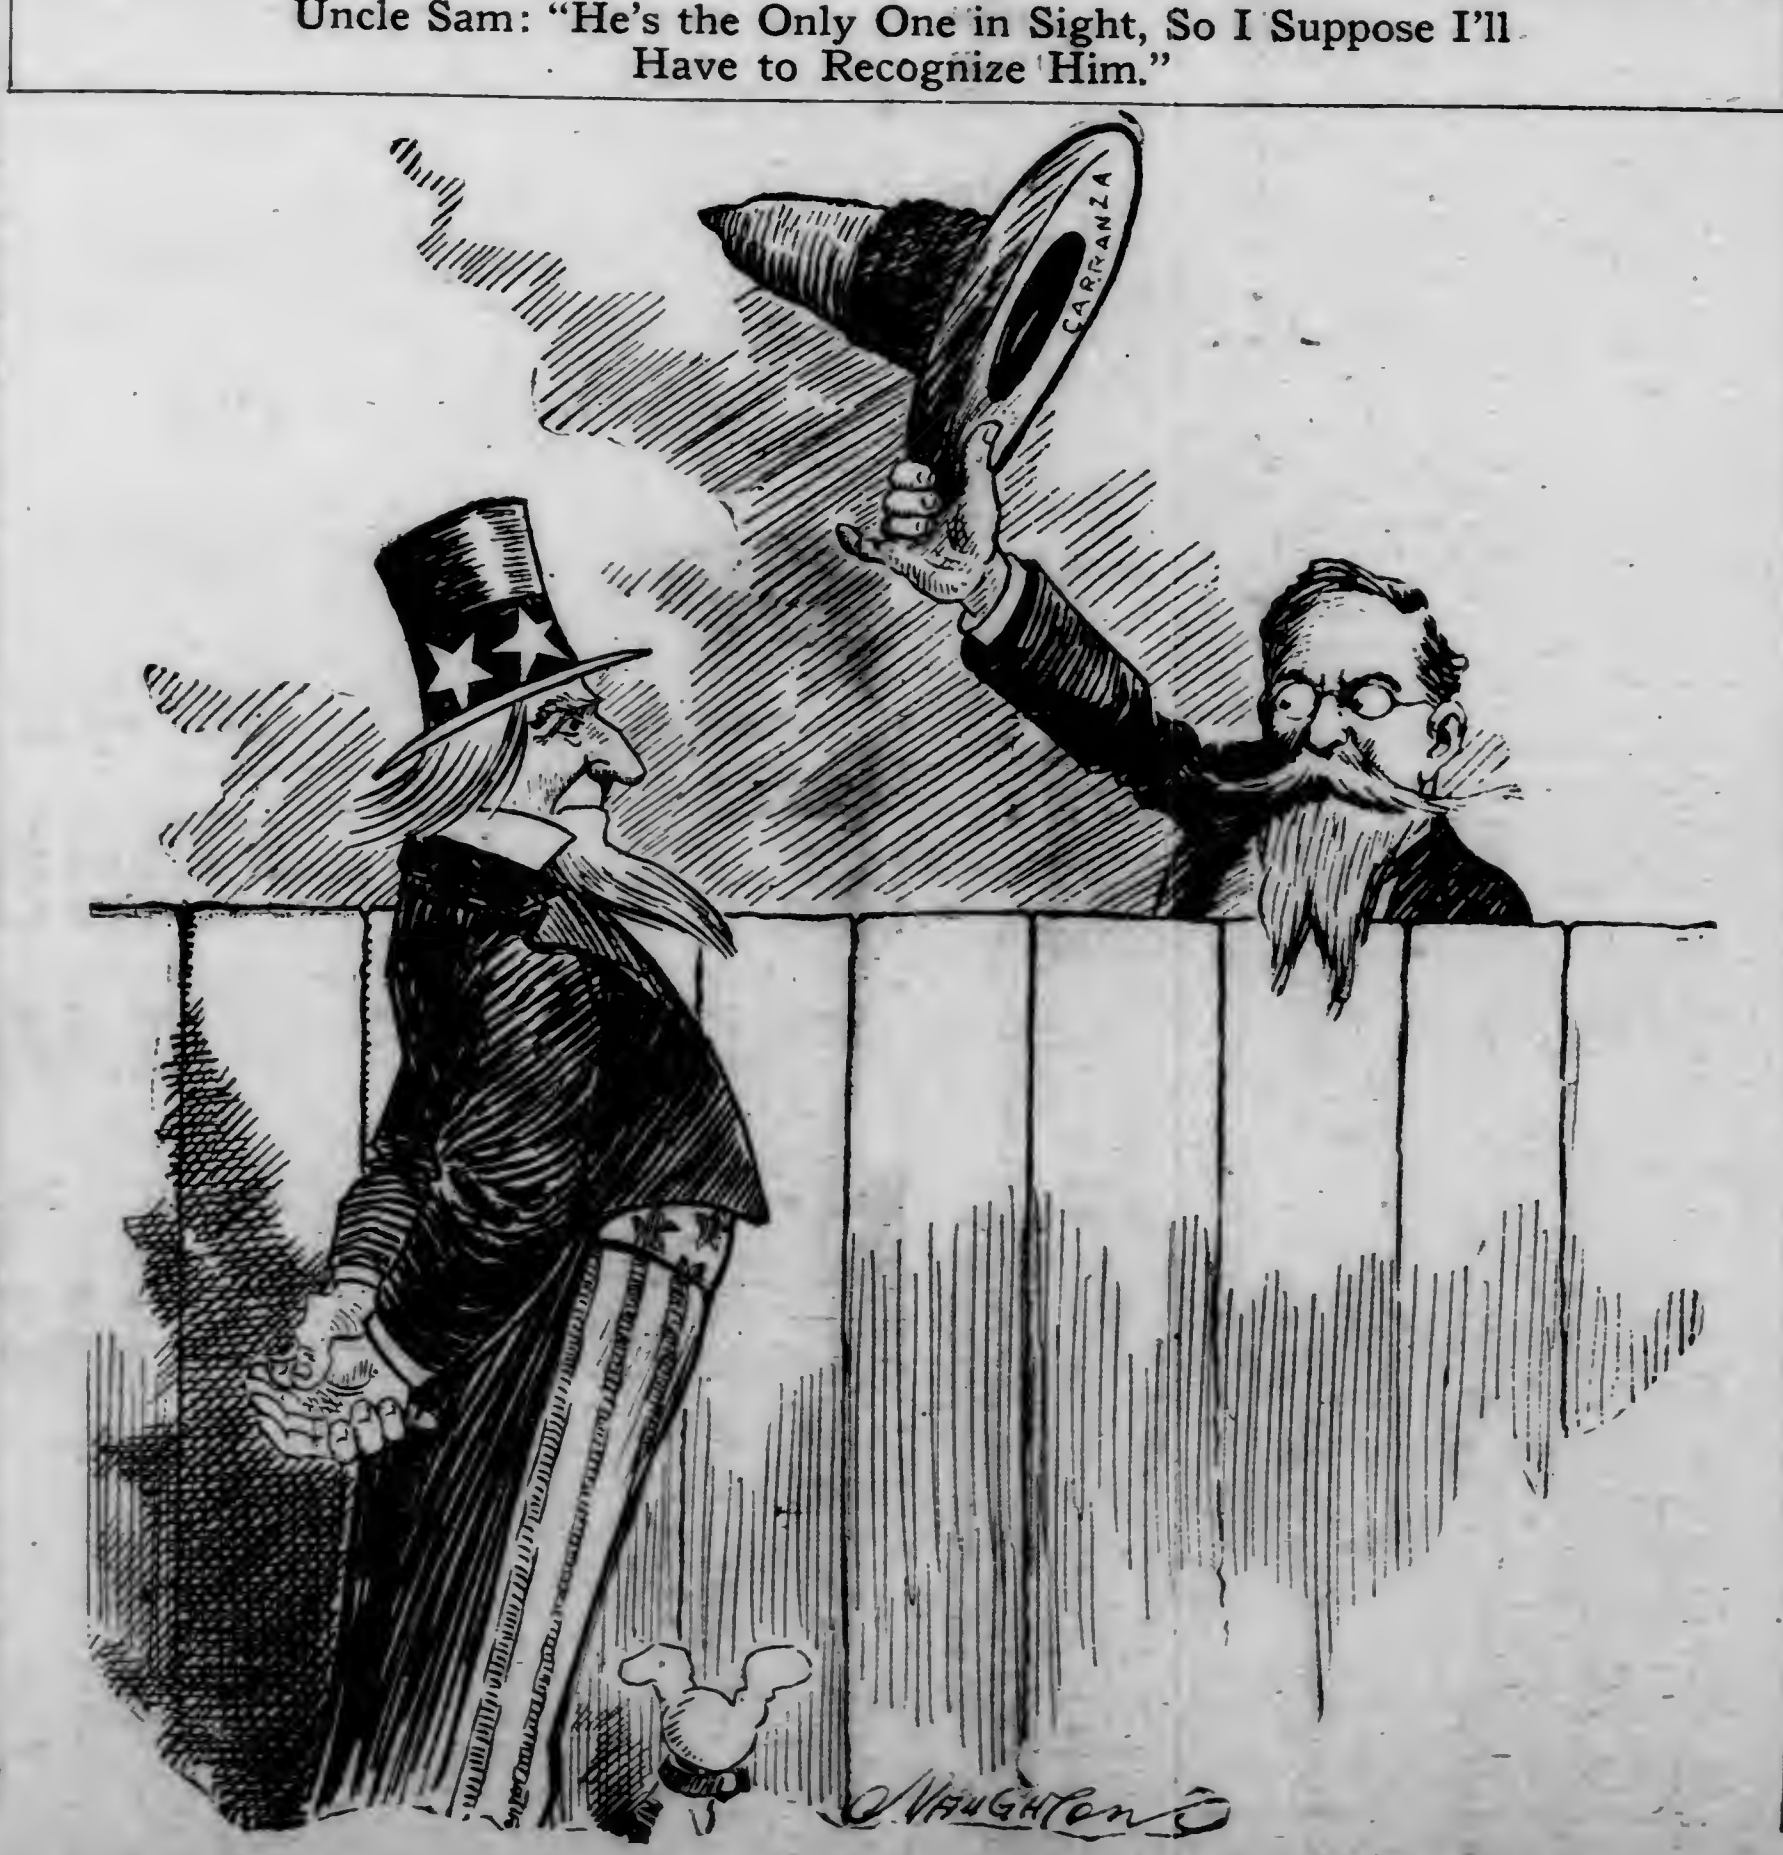

Will Be No Premature Announcement on Policy of Great Britain Regarding the Dardanelles.

London, Oct. 19, 3:28 p. m.—The determination to avoid premature revelations of any nature in the matter involved, was evidenced in the reply made today in the house of commons by Lord Robert Cecil, parliamentary under-secretary for foreign affairs, to the query regarding the Dardanelles campaign of which Robert Outlaw, Liberal member of parliament for Hanley, had given notice.

The query was as to whether the Russian government still attached the same importance to the Dardanelles operations as it did when the British ambassador in Petrograd stated that the operations had been undertaken at the request of Russia with the object of drawing a Turkish force from the Caucasus.

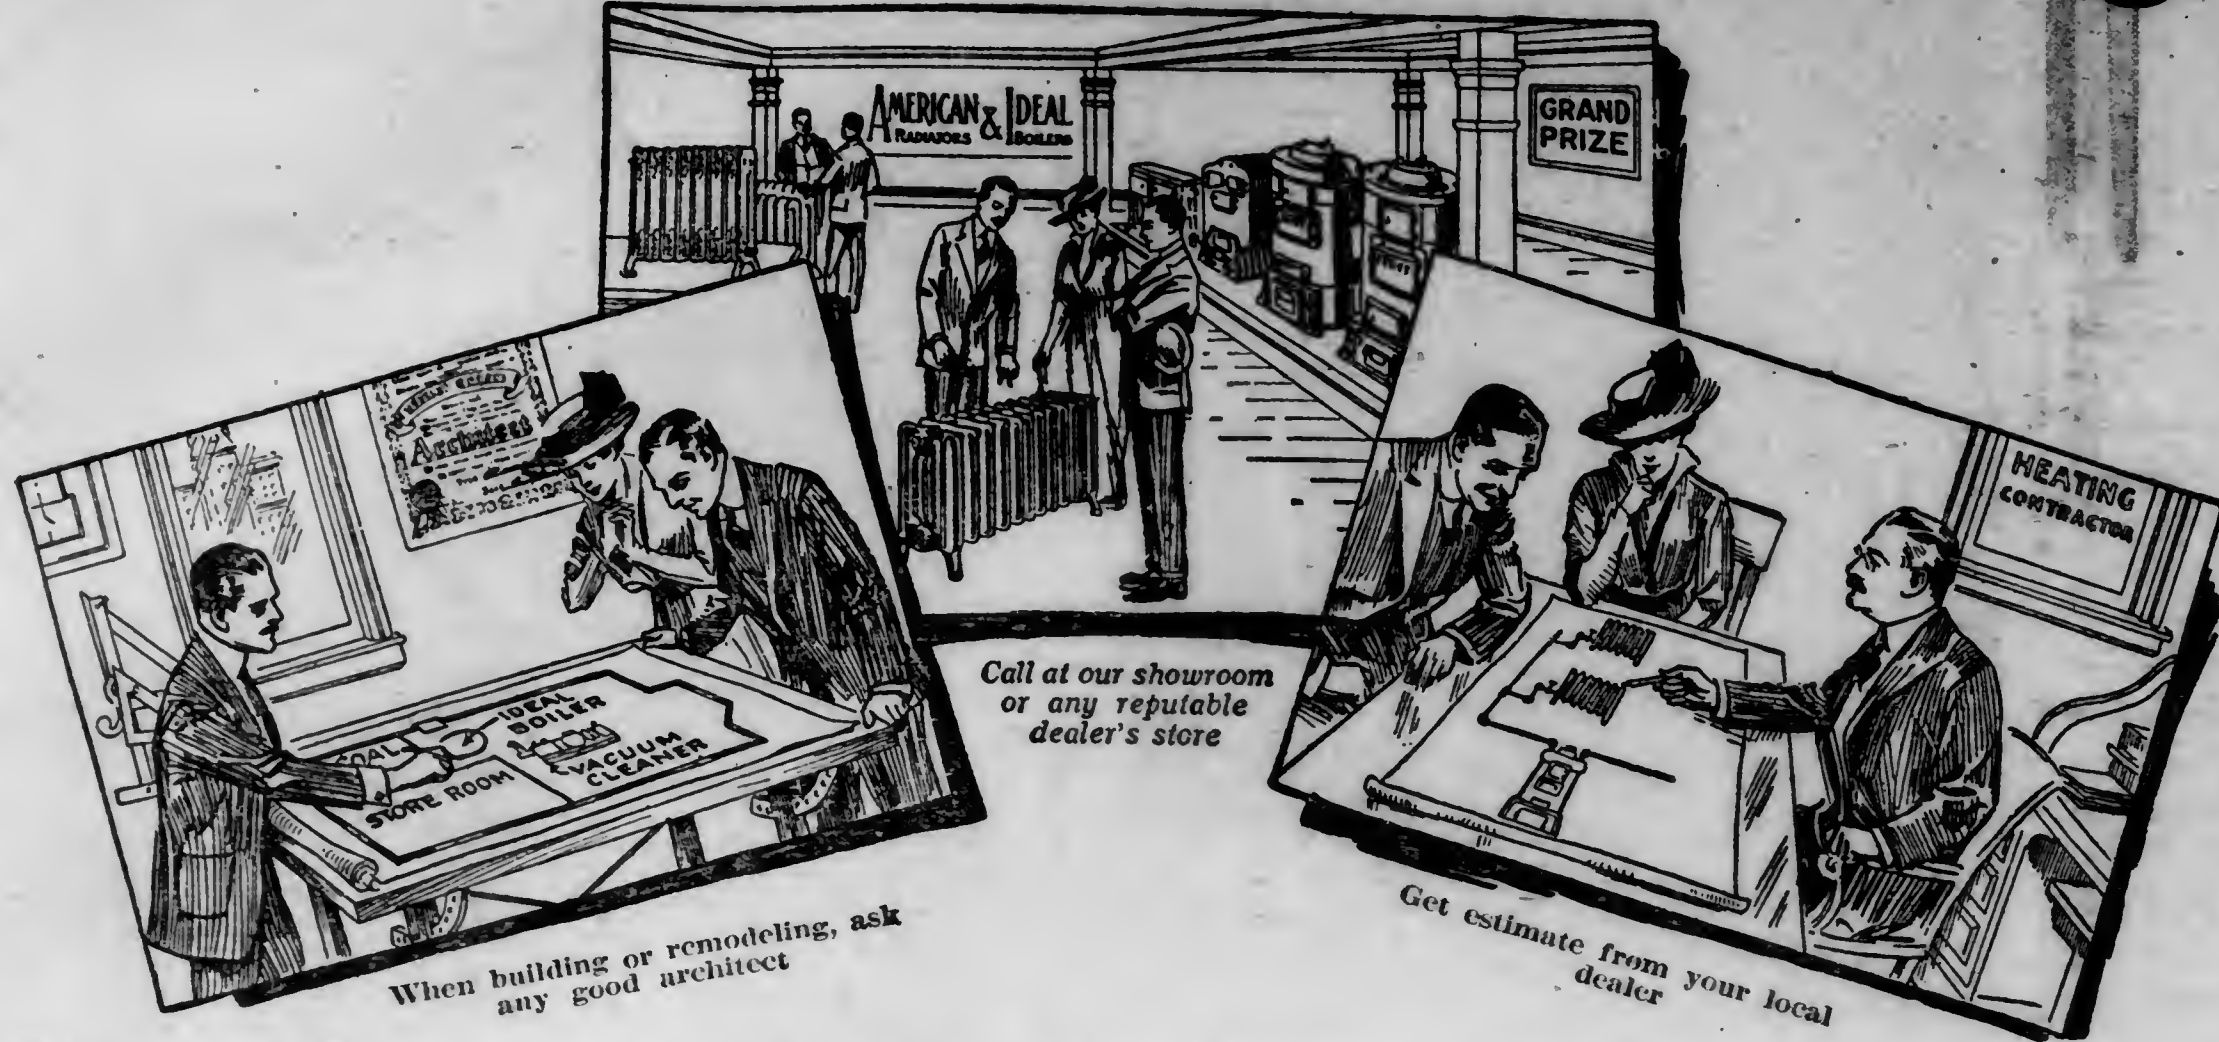

"It would be obviously improper," said the parliamentary under-secretary, "to make a statement in regard to the importance attached to any special theater of war by one of our allies or ourselves."

Admitting the ambassador was accurately quoted, Lord Robert Cecil added that the Russian government still attached the same importance to the Dardanelles

DEFECTIVE PAGE

How to get ideal heating!

First: Follow your architect's advice to have radiator heating. Appropriate the money for this before you start your plans. **Second:** Examine the shapes and patterns of AMERICAN Radiators and IDEAL Boilers in our showrooms, or see them as illustrated in our catalogs. **Third:** Tell your heating contractor to furnish and install

AMERICAN & IDEAL RADIATORS & BOILERS

should you lease. Never wears or rusts out; serves you fully in every house with much less trouble than it takes to run one stove for one room. A million buildings at home and abroad, have been equipped and are immediately put in the "preferred class."

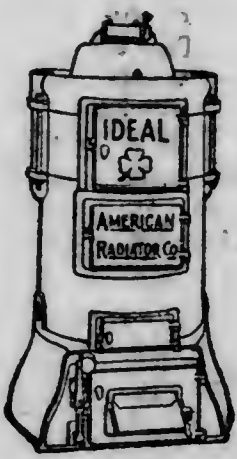

A No. 4-22-W IDEAL Boiler and 400 ft. of 38-in. AMERICAN Radiators, costing the owner \$190, were used to heat this cottage. At this price the goods can be bought at any reputable, competent fitter. This did not include cost of labor, valves, freight, etc., which vary according to climatic and other conditions.

The most important phrase in your building specifications is: "To be heated with an IDEAL Boiler and AMERICAN Radiators." When this is done, it settles for all time the question of comfort and economy in your home, for these outfits last for generations; never need repair, and can be operated by a child.

Millions of dollars have been saved to property-owners by IDEAL Boilers and AMERICAN Radiators in reducing bills for heating all kinds of buildings. Any local fuel including cheapest grades of soft coal, screenings, pea, buckwheat, coke, lignite, oil, gas, wood, etc., can be used with highest results.

Country or city houses, old or new, can be easily outfitted and all dealers everywhere know how to put in IDEAL-AMERICAN heating. You will be surprised at the reasonable first cost, and bear in mind the fuel saving, cleanliness, and absence of labor that you will enjoy as long as your building lasts.

Send at once for our booklet "Ideal Heating" whether you are intending to remodel or build now or later. Call at any of our showrooms, you will not be pressed to purchase and you will gather a fund of heating information which will be invaluable. Act NOW!

The fire in an IDEAL Boiler need not be re-kindled in an emergency heating season. One fire in an IDEAL Boiler lasts through the longest zero night. There can be no fuel waste.

An unfailling, stationary Vacuum Cleaner—in sizes now at \$150 up! You should know about our ARCO WAND Vacuum Cleaner, for dustless, complete cleaning of rooms, furnishings, etc. Sits in basement or side room and cleans through iron suction pipe running to each floor. Easily put in OLD buildings. Fully GUARANTEED. Last as long as the building—like radiator heating. Send for catalog.

GUM MACHINES GAMBLING DEVICES; COUNCIL INDORSES SILBERSTEIN

Commissioner Silberstein's stand in opposition to slot machines of any description was given unanimous support by members of the city commission yesterday afternoon.

At the opening of the council meeting, A. Pearson, local agent for gum machines, appeared with one of the machines for the purpose of showing the commissioners that "there is no gambling involved in its operation." He worked it several times, distributed the gum to the commissioners and was then told that "there was nothing doing."

"Unless the attorney general of Minnesota,"

For Acid Stomachs Use Magnesia

Quickly Stops Sour Burning Feeling and Makes Digestion Pleasant.

The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid, the direct cause of nearly all stomach troubles. Of the many forms of magnesia such as oxides, citrates, carbonates, sulphates, etc., the most suitable and efficient, and the one prescribed by leading specialists is bisulphate of magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the acid, stop fermentation, and thus insure the normal digestion. Care should be taken to get bisulphate of magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by Boyce Drug Store, 231 West Superior street, or any druggist in convenient compressed tablets, as well as in the ordinary powder form. Stomach sufferers and dyspeptics who follow this plan and avoid the use of pepsin, charcoal, soda salts, drugs and medicines are invariably astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone and can do its work alone without the doubtful aid of artificial digestants.

MAY TRY TWO FOR MURDER

Andrew Stroom and Edward J. Poole Charged With Killing Wives.

Third Man Must Answer First Degree Assault Charge.

Two men may be put on trial for wife murder at the next term of the district court.

The November grand jury, which convened on Nov. 3 next, will be asked to investigate serious charges pending against two prisoners now held at the jail, and it is considered likely that indictments will be returned in both instances.

The accused men are Andrew Stroom, 48, Ingleside Park farmer, and Edward J. Poole, 38, colored.

Stroom shot and killed his wife, Wilhelmina Stroom, 46, on Sept. 28 last.

ASSAULT IS EXPENSIVE

William Larson Must Pay Christ Molin \$406 Damages.

Attack With Whisky Jug Brought Civil and Criminal Actions.

William Larson's rude interruption of the annual school district meeting at Arnold one night last July, which was followed by a vicious attack upon Christ Molin, farmer and neighbor, has not only resulted in his conviction on a charge of assault, but will also cost him \$406 in civil damages.

Judge Dancer in district court yesterday awarded Molin judgment for this amount against his assailant for \$1,100 and when the case was called for trial yesterday, Larson failed to put in an appearance. O. S. Anderson, attorney for Molin, waived a jury trial and proved up the case against Larson. The court fixed the damages.

The annual school meeting for the Arnold district was held on July 17 last. Molin was among those present. During the deliberations, Larson appeared on the scene. He was returning home from Duluth and was carrying a jug of liquor. When he attempted to create a disturbance, he was reprimanded by the chairman. Molin put in a suggestion that it was no place for a drunken man.

After the meeting Larson, resenting the remark made by Molin, settled his score with him by hitting him on the head with a whisky jug. Molin was knocked senseless and was removed to a hospital. The next day Larson was arrested for assault. He was tried before Judge Fessler at this term of the district court and was convicted. The court sentenced him to pay a fine of \$300 but suspended the sentence and put Larson on probation.

APPLE TREE IN FULL BLOOM

Duluth has a great many boasts. Old timers maintain that there always is a cool breeze to temper summer's hottest blasts.

Others can enjoy native grown strawberries in late September.

Others point to St. Louis county lettuce, or "spuds."

A new boast is about to be thrust upon the city, however, for along some time in January, a crab apple tree in George Lindasay's yard at 223 East Fifth street will be bearing fruit—magnificent.

If you don't believe it, visit Mr. Lindasay's home and you will see what is undeniably a crab apple tree in full bloom, he says. Beside it is another tree literally in the "bare and yellow leaf" but that hasn't daunted the blossoms in the least.

This botanical phenomenon is going to keep right on blooming, Mr. Lindasay has concluded, and next January, if the apples do their duty and appear, friends of the Lindasays living in California and Florida will have a taste of Duluth's winter fruit crop.

"Then," says Mr. Lindasay, "they will stop asking me how far we are from the North pole."

SHIPMENT OF GOLD REACHES NEW YORK

Twenty-Five Million in Consignment to J. P. Morgan & Co.

New York, Oct. 19.—The latest shipment of gold from England to the United States said to be larger than any of the previous consignments arrived here today and was placed in the assay office. It is said to be worth approximately \$25,000,000.

The gold was consigned to J. P. Morgan & Co., but no official announcement concerning the value of the shipment was made by that firm.

The coins, chiefly British sovereigns, were placed in the assay office and will be melted into bullion bars, and credited to the British government by the Morgan firm.

During the negotiations for the \$500,000,000 loan to Great Britain and France, the loan commissioners announced that shipments of gold and American securities would be made from time to time in an effort to further stabilize foreign exchange.

NEW MEAT MARKET FOR EAST SUPERIOR STREET

The Zenith Meat market at 13 East Superior street, up-to-date and sanitary in every respect, will formally open its doors to the buying public of Duluth tomorrow, under the management of A. R. Oestreich, East Superior street, with its central location as regards the shopping district, is a very desirable location for a high-grade market, in the opinion of Mr. Oestreich, and accordingly he has endeavored to make this market second to none in the city. He will handle nothing but the choicest line of meats, and this combined with an efficient force of meat cutters should make the Zenith market a creditable acquisition to the meat markets of Duluth.

SIX KILLED IN TRAIN WRECK IN OKLAHOMA

Oklaoma City, Okla., Oct. 19.—Six persons are dead, two fatally injured and about eight others more or less injured as the result of a head-on collision between Rock Island south-bound train No. 11 and a north-bound freight train, which occurred at 2 o'clock Tuesday morning, at the Agawam curve, twelve miles south of Chickasha.

CITY WILL HAVE NEW INCINERATOR

First Steps Toward It Will Be Taken Next Month.

Formal steps for the erection of a new incinerator plant will be taken by Commissioner Farrell, head of the works division, early next month, according to an announcement he made today.

"We are now negotiating," he said this morning, "and I expect to take action of some kind as soon as the paving work on several streets is all completed. That will be some time during the first week in November."

"I plan to visit those plants that look most favorable to me and the one most suitable to Duluth will be erected here. No hasty action will be taken as the structure will be built to last twenty years to come."

Commissioner Farrell will hold a conference this afternoon with John de Waard, who will probably be appointed architect to draw up a tentative building program. Mr. de Waard will accompany the works head on the inspection trip next month.

The present plant, according to Commissioner Farrell, is antiquated and of no value for handling the city's garbage. A new structure is necessary, he said, and he will ask the council for a special bond issue to cover the erection of the proposed building, as soon as the plans are drawn.

Silberstein & Bondy Company

We Are Told That Our Collection of Tailleur Suits Is the Best in Town.

And especially good things have been said about the new Winter Suits that come at prices ranging from \$25 to \$45. There are hundreds of these in styles you will not see elsewhere; all smart models planned exclusively for this store. denomination in a position to lose their salvation. He told how the first music book of American compositions was published in 1770 and of contests that were held by church choirs, the prize going to the choir that could yell the loudest.

Some Early Operas.—Beggars' Opera, being given for the first time in English in New York in 1760, of the New Orleans grand opera that has been given regularly except during the Civil war, of the first German opera given in New York in 1855, and the first Wagnerian opera given in that city in 1869, and of Chicago's first grand opera season, in 1890, which lasted one night.

"Europeans say, 'You have no composers,' said Mr. Freund. 'To knock a composer is honored by antiquity. We are our own worst knockers. We say, MacDowell, O yes. I suppose we are willing to admit poor MacDowell because he is dead.'"

"Look at Edward Sullivan-Kelley, whose symphony was produced in Germany before it won recognition here. Look at the work of Victor Herbert, of Sousa, and then say, if you can, that we have no composers."

American Composers.—The American composer will come out of the union of the curly-haired, black-eyed Italian with the fair daughter of Scandinavia, and the union of their sons and daughters with the vigorous Irish, with the sons and daughters of Spain, or of tragic, multi-stepped Russia, will be evolved the American. He will blend all the dreams,

the ideals, the visions that come where words cease, will impress them with his own personality, with the spirit of the greatest democracy the world has ever known, and will give the musical world the great symphonic melodies which will breathe the spirit of America, the spirit of peace and the brotherhood of man."

The lecturer paid a tribute to the work that is being done by the women of this country in promoting the knowledge and love of good music, saying that 125,000 women are enrolled in women's musical clubs, that one of the best is the Matinee Musicals and that there are more than sixty women composers in this country whose works have been published and sold.

"A city is not musical," he said, "unless it supports its own musicians and music teachers, orchestras and singing societies."

"Let us give music to the poor in return for what they give us—the greater number of our great singers, composers and musicians have come from the ranks of the very poor."

Mr. Freund was introduced by Mrs. J. N. McKinley, president of the Matinee Musicals. At the suggestion of Mayor W. I. Prince, the audience gave a ringing vote of thanks to the lecturer.

Greyson Chapter Has Annual Luncheon.—A large American flag and bachelorette buttons were the decorations at the annual luncheon of Greyson du Luth chapter, D. A. R., which was given today at the country club. The af-

fair was strictly a social gathering with no set program. About fifty members attended. Mrs. G. A. Elder was chairman of the committee in charge, the other members of which were Mrs. N. F. Hugo and Mrs. Frank De Vey.

Evening Drama Class Will Begin Soon.—Under the leadership of Miss Mae Helen Geary the Evening Drama class will begin the reading of "The Master Builder" at the meeting which will be held this evening at 7:45 o'clock in the library clubroom.

Personal Mention.—Mrs. C. C. Doolittle of Minneapolis is visiting her sister, Mrs. J. H. La Vaque of Chester, terrace.

Mrs. Charles Horn and son, Junior, of Hunter's Park, have returned from Madison, Wis., where they attended the funeral of Mrs. Horn's father.

Mrs. Clara F. Humaston of Terre Haute, Ind., is visiting her nieces, Mrs. Frances and Mrs. A. K. Squier, 514 East First street.

Mrs. and Mr. L. Fuller are in Minneapolis to attend the funeral of Mr. Fuller's sister.

Rev. Charles N. Thorp of Pilgrim Congregational church is attending the

national Congregational council at New Haven, Conn. On account of his absence here, the church Sunday services at Pilgrim church Sunday society will meet at 10 o'clock. Services will be resumed Oct. 31.

Week-end guests at Inland Lake Inn were: Messrs. and Mrs. James J. Agnew, Hibbing; Charles Brown, Minneapolis; C. R. Seymour, Minneapolis; Mesdames P. B. McTague, Dearborn, A. J. Hault, T. W. McTague, C. C. Shur; Misses Marie M. Laux, Edie McAlley, Ruth Conter; Messrs. John S. Edwards, Santa Barbara, Calif., Lloyd Herrlich, Hibbing.

Mrs. Louis Meyer and son, Junior, of Ashland, Wis., are the guests of Mrs. Meyer's daughters, Mrs. James Bryant of 214 West Fifth street and

SCENE SHIFTS TO MINNEAPOLIS.—Messrs. Liebling and Freund Transfer Scene of Their Activities to Flour City—Good Team Work?

Is it possible that Leonard Liebling and John C. Freund are employing "team work?" Mr. Freund, a musical publisher, came to Duluth to lecture. Mr. Liebling, another musical publisher, arrived in Duluth at about the same time. Mr. Liebling immediately hopped into the local spotlight by challenging Mr. Freund to a debate. For some time Mr. Freund let it be stated that he has maintained a dignified silence. For some time Mr. Freund let it be stated that he has maintained a dignified silence. For some time Mr. Freund let it be stated that he has maintained a dignified silence.

Mrs. J. B. Derry of 113 East Second street.

Mrs. W. J. Carmichael of the Ashabula apartments returned Monday from a three months' visit in the East. A sister, Miss Margher, of Green Bay, Wis., returned with her for an extended visit.

Miss Elele Schweiger has returned to Elv after spending the week-end with her parents, Mr. and Mrs. Frank Schweiger, of 213 East Sixth street.

Mrs. W. G. Hammond and children of Fort Frances, Can., are the guests of her sister, Mrs. Frank Schweiger.

R. W. Jaeger, president of the Jaeger Art Institute of Chicago, is in the city inspecting locations to open a branch here. W. S. Peterson will have charge of the business management.

RECOMMENDS CHANGES IN STATE GAME LAWS

St. Paul, Minn., Oct. 19.—(Special to The Herald.)—In a letter to the efficiency and economy commission, Carlos Avery, state game and fish commissioner, recommends the codification of the state game laws, the merit system for employees in his department, and a four-year term for the commissioner. He further recommends the employment of a scientist for the study of diseases of fish and game animals.

Mr. Avery does not favor a conservation commission which would include the fish and game and forestry interests of the state. He says that such

WOULD ADOPT BOYS.

Step-Mother Would Make Three Sons Her Legal Heirs.

For the purpose of making the children of her husband, by a former marriage, her legal heirs, Mrs. Pauline Krech Todd yesterday afternoon petitioned the district court for permission to adopt John, William and George Todd, whose ages range from 15 to 8. The mother of the children, Mrs. True Todd, was divorced from John Albert Todd in November, 1909. The petition states that Mrs. Todd desires that the children shall inherit from her the same extent as if they were her own children by birth.

Fur Trimmed Women's Suits

High-grade Serge, Poplin, Broadcloth, Gabardine and Whipcord Garments, trimmed with natural fur—

GOOD BILL AT GRAND.

Hurling's Seals Are the Last Word in Animal Training.

An exceptionally clever and well-balanced vaudeville bill opened yesterday afternoon at the Grand theater, playing to standing room only at last evening's performance.

Hurling's seals are one of the best animal acts ever seen in this city. It is a feature of the show. The seals play musical instruments, ride horseback, walk a tight rope and do several other tricks that truly amaze the audience.

Lex Neal, known as the Beau Brummel of vaudeville, presents a very able act in which he is ably assisted by Lew Earl, Mardo and Hunter have a military comedy and produce a "Buckram," which got a number of laughs and much applause last evening.

Byam, York and Payne, fun, fashion and frivolity producers, furnish a delightful entertainment much to the favor of both matinee and evening audiences yesterday.

The Broadway star feature, "Youth," a three-reel drama featuring Antonio Moreno, the celebrated Italian actor, and Mlle. Valkyrien head the photoplay program. "Geeking Cupid," a comedy, and "The Heart of a Dragon," a complete an exceptional entertainment.

On Tuesday and Wednesday the twenty-first chapter of "The Diamond From the Sky" will be added to the program.

Theater Gossip.

The whiff of a magic perfume sets the principals and chorus of "High Jinks" at the Lyceum, their Hammerstein production, to singing and dancing a song called "Something, Seem, Tingle-ling." The tune threads its way through the entire performance, and proves one of the very jolliest airs in many, many seasons of musical comedy.

The plot deals with an innocent mixing up of wives and fiancées. The fight of a doctor pursued by a duelling Frenchman, whose wife the doctor has rescued, changes the locale from Paris to the seaside. Numerous complications, but kept clean from start to finish. In addition, the plot forms a thread on which are strung such bright musical gems as "Something, Seem, Tingle-ling," "I'm Through With Roaming Romances," "Chi Chi," "Not Now, But Later," "Come Hither Boys," "I Know Your Husband Very Well," and "Doxiana Hiss."

"The Rosary," the seven-reel photoplay will be shown at the Lyceum. "THE ROSARY" AT night for the last time. THE ORPHEUM-STRAND photoplay has made a very deep impression with the many Duluthians who have seen this feature, and has been very widely advertised as "A play that is commended by those of every religious faith."

As a screen production, "The Rosary" far exceeds the stage production and the very many beautiful pictures are presented as they could not possibly be presented in a stage version.

"The Rosary," dear to every person's heart, so delightfully portrayed, has been the cause of not a few wet-eyes not alone from the gentle theatergoers, but from the hardened moreman as well.

Kathlyn Williams has the leading woman's part in this picture and in the other roles Charles Cleary, Wheeler Oakman and many other Self-origines appear. The story is adapted from the well known play by Edward E. Rose and is filled with dramatic action and heart interest through the seven reels. Critics have been lavish in their praise of this film drama, some of them going so far as to say that it marked a new era in the production of motion pictures.

Wednesday and Thursday "The Black Sheep," a comedy, by Charles Hoyt, with Otis Harlan in the stellar role, promises to offer the many patrons of this beautiful theater an afternoon or evening of hearty laughs.

Theda Bara, she of the "wickedly

BARBER & M'PHERSON.

Nine new pavements are now open to traffic.

Commissioner Farrell, head of the works division, announced yesterday that the first street pavement from Twenty-eighth avenue east to Congdon park was opened to traffic in the morning, and that Sixth street, from Fifteenth to Eighteenth avenue east, will open tomorrow.

Since the paving season began last spring the following pavements have been completed and are now in use: Twentieth avenue west, from Superior to First street; Exeter street, from First street to Pacific street; Woodland avenue, from Fourth street to Kent road; Ninth street, from Seventh to Fourteenth avenue east; Minnesota avenue, from Twelfth to Twenty-eighth street; Sixth street, from Twenty-first to Twenty-fifth avenue west, and the east side of Commonwealth avenue, from Crestline court to the south line of Gary.

Rogers & McLean are now laying brick on the west side of Commonwealth avenue, from Crestline court to the south line of Gary, the east side of the thoroughfare having been opened to traffic several weeks ago. Contractors on the Highland street pavement, from Fifty-seventh to Sixty-fifth avenue west, expect to have the highway open for traffic by Nov. 1, according to Commissioner Farrell.

Work on the Grand avenue pavement, from Eighty-fourth avenue west to Zimmerman avenue, is progressing rapidly and, barring unfavorable weather, the improvement is expected to be completed by the first week in November. Commissioner Farrell said this morning. About 2,500 feet of the roadway is now being used while 2,500 feet of the remaining 5,000 feet has been completed and will be opened to traffic within a week.

"MAKE MINNESOTA FIRE PROOF" IS NEW SLOGAN

St. Paul, Minn., Oct. 19.—(Special to The Herald.)—"Make Minnesota fire proof" is a slogan that State Fire Marshal Hargadine will adopt for his department. He proposes to have it printed on all department stationery, and will use other means to boost the idea. As a means toward fire prevention, Mr. Hargadine is preparing a set of moving pictures which he hopes to be able to display throughout the state shortly. The pictures will be

THE DIFFICULTIES OF THOSE WHO MUST MANUFACTURE ARGUMENTS.

"Even now, under war conditions, the
Democratic tariff law is a revenue failure."
—An Old Guard Republican newspaper
which feels that it must argue against the
administration even if it has to manufac-
ture its arguments out of whole cloth.

That "even now" is particularly good. Of
course the tariff law is more or less a re-
venue failure "under war conditions." If
the Aldrich tariff were in effect, it would
be even a greater failure, because it placed
far more reliance on revenue on the tariff,
and the loss would be correspondingly
greater. There was no income tax when
the Aldrich law was in effect. The "even
now" is intended subtly to convey the im-
pression that a tariff law that can't provide
revenue under war conditions isn't much;
when every school boy knows that the war,
by stopping international trade, necessarily
suspends tariff revenues because there is
no business to derive the revenue from, and
the greater the reliance upon the tariff for
national revenues the greater the nation's
embarrassment.

The above-quoted sentence is part of an
argument intended to convey the impres-
sion that the Democratic tariff would have
failed as a revenue producer even under
conditions of peace. Luckily, the law had
a chance to work long enough under peace
conditions, and before the war broke out,
to show that this isn't true. Let's call to
stand the Chicago Herald, a thoroughly
unbiased and completely credible witness:
"Holding no brief for the Underwood
tariff act," says the Chicago Herald, "fair-
ness requires the Herald to remark that AS
A REVENUE PRODUCER IT WAS,
UNTIL THE EUROPEAN WAR CAME,
JUSTIFYING THE PREDICTIONS OF
ITS AUTHORS. It reduced customs re-
venue, to which the Democratic party
pledged. It produced as much customs
revenue, before the war, as its authors
claimed for it. Industrial effects are not
here considered, merely revenue effects."

The facts are that the Underwood tariff
law, war or no war, is the best tariff law
in sixty years; that until the war broke out
it yielded every dollar of the revenue ex-
pected from it by its authors; that though
it reduced the revenue from this source, in
so doing it redeemed the Democratic pledge
of relief from needless tariff taxation; that
it has lowered the cost of living, increased
the national prosperity and abundantly
served the well-being of the people.

"We will now all do our dullest to think
"Hurrah for Carranza!"

CONSTITUTIONS SHOULD NOT BE SO EASILY AMENDABLE.

Pointing out that the proposed initiative
and referendum amendment to the Minne-
sota Constitution failed in 1914 of ratifica-
tion though it received many more affirma-
tive than negative votes, Equity, a pub-
lication devoted to the advocacy of such
measures, in its current issue publishes a
severe criticism of the state for its policy
in preserving a process of constitutional
amendment which makes changes in the
fundamental law so difficult that they can-
not take place unless there is an over-
whelming public demand for them.

The feature condemned is the require-
ment that a constitutional amendment must
receive a majority of all the votes cast at
the election at which it is submitted; not a
mere majority of the votes cast on the
proposition.

Equity declares this to be "the rule of
the ignorant," and indignantly denounces
the legislators of 1897, who brought this
provision about. This rule, it says, "was
injected into the Constitution of Minne-
sota through either the corruption or the
ignorance of its legislators."

Now Equity must know that the legisla-
ture cannot amend the Constitution. All
it could do and all that was done, was to
submit to the people the amendment re-
quiring a majority of all the votes cast to
change the Constitution; and the people,
in November, 1898, ratified that amendment
by a vote of 69,760 to 32,887—better than
two to one.

Were the people, when they ratified that
amendment, "corrupt" or "ignorant?" Is
not Equity, in making so sweeping a charge
rather tending to undermine its case for
direct legislation?

In point of fact, this is a question on
which we find it unable to be so cocksure
as some folks. We are thoroughly con-
vinced that Equity and those who believe
as Equity does are honest in their con-
victions about popular government. We are
as thoroughly convinced that when they

charge ignorance or corruption against
everybody who disagrees with them and op-
poses a too easy method of amending the
fundamental law, they are dishonest and
narrow.

This issue was threshed out again last
winter in the senate of the state of Minne-
sota, when the initiative and referendum
amendment was again up for consideration.
The issue between a too easy method of
constitutional amendment and the present
admittedly difficult method was squarely
raised, and the senate declared for the pre-
sent method by a large majority. Among
those who voted to leave the Constitution
as it is in this respect were many who are
as honest, as well informed, and as truly
progressive as any advocate of the most
extreme forms of direct legislation. This
provision was somewhat changed in con-
ference between the two houses, so that in
the initiative and referendum amendment
to be voted upon next year it is provided
that constitutional amendments initiated by
petition can be ratified by four-sevenths of
those voting upon them, providing that the
affirmative vote must be not less than three-
sevenths of the total vote; a fairly equi-
table compromise.

But the provision for adopting amend-
ments proposed by the legislature remains
as it was, in the form so bitterly criticized
by Equity, and it was not even proposed to
change it.

It isn't a good thing to make constitu-
tional changes too easy, else the Constitu-
tion comes to have little more significance
than a body of statutes. Constitutional
changes should be made when the people
really want them, but only when they want
them; and if the need is great enough and
the public demand is strong enough the
Constitution can be amended under the
present requirement. It is, however, a
handicap to government by too eager, too
zealous, too hasty, too thoughtless minor-
ities that mistake their own clamor for the
voice of the people.

The Herald believes in the initiative and
referendum as a check upon representative
government, but it does not favor exag-
gerated forms of it advocated by people
who, while professing a belief in the popu-
lar capacity to govern, want easy methods
of changing constitutions and statutes be-
cause they are too impatient to await the
real will of the majority of the people, who
are fundamentally conservative and sensibly
slow to adopt startling innovations.

Gen. Jan Hamilton appears to be in a fair
way to endorse the Sherman definition.

EFFICIENCY IN ADVERTISING.

The Y. M. C. A. has notably increased
its manifold uses to the community in es-
tablishing a course in advertising.

Advertising has had such a tremendous
development in recent years that today it is
the mightiest factor in salesmanship. It is
at once an art and a science. There is a
"know how" about it that can be taught,
and thorough success in it without training
is as about as easy as success in engineer-
ing without a technical education.

While it is perhaps true that no type of
advertising is wholly wasted, it is true be-
yond doubt that efficiency in advertising
results varies all the way from five per
cent to a hundred per cent according to the
medium used and the manner of presenta-
tion. Lack of skill, which may be taught—
and which the Y. M. C. A. is proposing to
teach—may produce for advertisers but a
fraction of the possible results from their
publicity.

The Y. M. C. A. course will offer an op-
portunity for small merchants who cannot
afford as yet to hire trained advertising ex-
perts, and salesmen who wish to enter the
advertising field, to learn the essentials of
efficient advertising. It will increase very
much the value to the community of this
growingly useful institution.

CARRANZA AND THE CATHOLICS.

While it is perfectly clear that the recog-
nition of Carranza is the only promising
way out of the Mexican problem that now
presents itself, it is also clear that his rec-
ognition is received with ill content by
many Catholic citizens of this country.

Nor will anybody who has known what
has been going on in Mexico find difficulty
in understanding this feeling; for the revo-
lutionists have shown themselves to be
brutally bigoted, and have dealt harshly on
many occasions with the church and its
official servants.

Yet three things are to be considered in
this connection:

First, that Carranza is no more objec-
tionable in this respect than Villa, Zapata
or any other leader whom it would be pos-
sible to recognize with the slightest hope
that he could bring order out of chaos.

Second, that before determining to recog-
nize Carranza, Secretary Lansing was care-
ful to exact from him and his followers a
solemn pledge that "no one would suffer
in his life or property because of religious
beliefs."

Third, that the United States is joined in
the recognition of Carranza by Argentina,
Brazil, Chile, Bolivia, Uruguay and Guate-
mal, all Roman Catholic countries. These
countries surely would never have joined
in recognizing Carranza had they not been
satisfied beyond doubt that a satisfactory
pledge of religious tolerance has been ex-
acted and that the pledge will be kept.

The fact remains that with intensive cul-
tivation, that billion-bushel wheat crop
might have been raised on a whole lot less
acreage than it did occupy.

Considering the character of the conser-
vative in force in that country, one is tempted
to wonder whether the Britons know yet
that Boston won.

The Unwritten Law

By Savard.

Washington, Oct. 19.—(Special to The
Herald.)—The New York World feels moved
to deliver itself of the following:
"A woman known as Mrs. Bellina killed
her paramour, James Montilla, after the
man she had lived with as her husband cast
her off because of the intrigue. There was
no dispute as to the facts."
"In the trial of Mrs. Bellina, Justice Kelly
took every precaution to forestall emotional
appeals and influences. He warned counsel
against sensational methods; he had Mrs.
Bellina's two babies removed from the court-
room; he did not permit her to testify as to
events leading up to the crime; he instructed
the jury upon its sworn duty; he charged
that a woman has no more rights than a
man before the law."

The verdict was simply "Not guilty."
There was no word of compromise. Man-
slaughter or a lower degree murder was
not mentioned. Mattheawan and the brain
storm were not appealed to. The woman
who went armed with Montilla's home and
then shot him as if no crime had been com-
mitted. Indeed, since the jury is the
final authority, Mrs. Bellina's crime was
not mentioned. Mattheawan and the brain
storm were not appealed to. The woman
who went armed with Montilla's home and
then shot him as if no crime had been com-
mitted. Indeed, since the jury is the
final authority, Mrs. Bellina's crime was
not mentioned. Mattheawan and the brain
storm were not appealed to. The woman

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their views on the topics of general interest, but discussions of sectarian religious differences are barred. Letters must not exceed 100 words, and should be brief. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer, though these need not be published. A signed letter is always more effective, however.)

THE PEOPLE AND THE RAILROADS

To the Editor of The Herald:

In last night's Herald Henry Clay Pierce is quoted as saying: "The sooner the railroads go to the people the better it will be for the country and the prosperity of the country at large." A short time ago another prominent man stated that a large amount of the railroad stock is already owned by the common people.

This seems to prove that the "Appeal to Reason" was right, as it usually is, when it stated some years ago that the profitmongers in Wall Street, secured by the public ownership propaganda, were about to sell the railroad stock, baby bonds, water and all, to the poor common people, at the same time reducing expenses by dispensing with the services of a number of mechanics and permitting the equipment and rolling stock to be run down. Thus it was that the late "hard times" were to a large extent brought about by the railroads laying off men and not buying any supplies. Some day when the public shall overtake the water, some widows and orphans will suffer but it will probably be the middle class, not the widows and orphans of the great financials.

On questions of public interest we can often be guided in our conclusions by what our "great" men are saying.

Free from Benzene of Soda

Improves the taste of other foods with which it is used; but does not destroy their natural flavors.

and doing. When Elihu Root is for the short ballot, then I am against it. When W. H. Taft is against initiative and referendum, women's suffrage and widows' pension, then we can be sure it is very good and it is our duty to work for it.

West Duluth, Oct. 17.

WANTS "BIRTH OF A NATION" BARRED

To the Editor of The Herald:

After having read in the column of your paper the announcement of the photograph "Birth of a Nation," please share with me enough space in your paper in condemning its appearance in our city. I am a traveling man (white) and in every city of any consequence the good citizens, white and colored, have successfully barred this picture. It is useless here to mention why, because the reading public is familiar with its origin and knows full well its purpose. The common theatergoer will be absorbed in its violence so thoroughly that it will take a generation to cleanse their vicious minds.

The writer of the story which the picture describes is a reverend Southern gentleman, but his soul is perverted with base thoughts which inspire him to picture the scene and tell of which the white race are responsible. The clergy and the people of this country suppressed the picture of the Johnson and Jeffries fight because of race animosity, and it seems ridiculous to allow a play to be shown to thousands, knowing that the play cultivates prejudice against a struggling people. There is nothing elevating in the picture; its history should be forgotten and the pages torn into scraps of paper and labeled "The Lost Cause." It appears that men of the South who have

KINDS OF RHEUMATISM

In popular language the word rheumatism is a term that covers a multitude of ills of which pain is the chief symptom.

Articular rheumatism, inflammatory rheumatism and rheumatic fever are all names for the same disease. Muscular rheumatism affects the muscles and does not spread from one spot to another like inflammatory rheumatism. Lumbago is a form of muscular rheumatism.

Some people have rheumatism every winter especially those people who inherit a rheumatic tendency. They will continue to have recurring attacks unless the blood is built up to a strength sufficient to overcome the rheumatic poison. External applications and drugs that simply relieve the pain are useless. Dr. Williams' Pink Pills build up the blood and really correct the trouble.

With the poisons in the blood there is a continual combat between the health forces and the disease. When the blood gets thin rapidly. When the blood is made rich and red by Dr. Williams' Pink Pills the poisons are destroyed and expelled.

The free booklet "Building Up the Blood" tells the whole story and the diet book "What to Eat" will be sent on request to Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

A healthy man does expect miracles and sees them accomplished.

But when these preparations folk tell us that it would take to build a nation to maintain itself by peace, they are over-optimistic. It has been done over and over and it is almost commonplace. It is hardly sensational. In fact the automatic intelligent should place any reliance whatever in physical force in the face of its constant failure.

Duluth, Oct. 18.

QUESTIONS AND ANSWERS

This department does not pretend to be infallible. It will endeavor, however, to answer questions sent to it by readers of The Herald to the best of its ability, reserving the right to ignore all that are trifling or of concern only to a few individuals, or that ask for advice on legal or medical questions.

To receive attention, every inquiry must bear the name and address of the person sending it. This is not wanted for publication, but as an evidence of the genuineness of the question.

Joseph Evans, Eveleth.—As a reader of The Herald I should like to be told the name of Queen Victoria of England. I would be pleased to hear of it as soon as you have got the space to print it in the Open Court.

Ans.—Queen Victoria was a member of the family of Guelph, but by her marriage with Albert of Saxe-Coburg and Gotha she became allied with the family of Wettin.

Subscriber, Bixwikk.—Can you tell me through the Open Court the reason the people on the range have to pay \$1.25 for hunting licenses and in Duluth only \$1?

Ans.—The charge for a hunting license is \$1 at all places where they are bought direct from the county or through the various sporting stores. In some out-of-the-way points the hunters charge an additional fee of 25 cents for their services as a sworn statement is necessary.

Joe Milavetz, Virginia.—Will you please tell in the "Open Court" department whether there is any possible means of fixing a heavy coat sweater that sags in back.

Ans.—Try stretching the sweater, stretching it into the correct shape and letting it dry that way.

TRUSTEE'S SALE

The stock of merchandise consisting principally of soda fountain supplies, cigars and tobacco, candy, toys and notions, together with the store furniture and fixtures, inventories in all about \$2,500.00, belonging to the bankruptcy estate of

HENRY FIELDMAN, Chicago, Minn., will be sold for cash to the highest bidder at the store, building at Chicago, on Wednesday, October 20, 1915, at 12 o'clock.

Sale subject to confirmation by the court.

Inventory may be inspected at 621 Manhattan Bldg., Duluth, Minnesota. W. O. DERBY, Trustee.

IS ARRESTED ON HIS HONEYMOON

To be arrested in the middle of your honeymoon is not the most pleasant sensation in the world, but that is what happened to James Kelley, 34, real estate dealer at Virginia, yesterday.

Kelley, leaving his wife prostrated, was brought to Duluth last night and is being held here for Portland, Ore., authorities. Western police charge him with obtaining money under false pretenses.

The prisoner denied the charge to Chief McCracker last night and said he was quite willing to return without extradition papers. He said he knew nothing of any questionable transaction in which he was involved during his stay in Portland.

Kelley was married at Virginia Saturday.

ILLINI CLUB FORMED BY GRADS OF THAT "U"

Alumni of the University of Illinois living in Duluth, Superior and the range towns comprise the Lake Superior Illini club which was organized last evening at a meeting held at the Y. M. C. A. Fifteen Illinois graduates were in attendance.

J. B. Hauer was elected president and L. R. Frazee, secretary-treasurer. The next meeting will be held Nov. 1 at the home of G. Olmstead, 1214 1/2 East Fourth street. All Illinois graduates are invited to attend.

Haley's restaurant is now serving club breakfast from 15c to 75c.

GEN. HAMILTON ORDERED HOME

British Commander at Dardanelles Relieved of His Command.

Will Be Succeeded By Maj. Gen. Charles Monroe.

London, Oct. 19.—Maj. Gen. Charles Carmichael Monroe has been appointed to command the Dardanelles expedition, in succession to Gen. Sir Ian Hamilton, who is returning to England to make a report. This announcement is made by the war office.

Pending Gen. Monroe's arrival at Gallipoli, Maj. Gen. William Riddell Birdwood will temporarily command the troops.

"That all has not been going well with the expeditionary forces sent to the Gallipoli peninsula to open the way to Constantinople had been indicated not only by the official reports, but by information in high quarters in London, a few days ago. The British parliament, Viscount Milner suggested the withdrawal of the troops from Gallipoli and their transfer to some other theater of war.

In reply Lord Lansdowne said it was impossible for any member of the gov-

ORATORS ARE WARMING UP

Students of Central High Show Unusual Interest in Coming Debates.

Question of Preparedness Will Be Theme for Discussion.

Students of Central high school are showing unusual interest in the coming debating season and it is expected that it will prove a banner year for those who are interested in this line of school activity.

The interschool contests will be held first and the most promising members of these teams will be selected for the school team. Next week the tryouts will be given their chance to demonstrate their ability. On Wednesday the juniors will be heard; Thursday the sophomores and Friday the freshmen will attempt to show that they are some good students in their class.

Alvin E. Null of the English department and head of the public speaking department, will have charge of these tryouts, as well as all other debating and public speaking work. He declares that there have been several names for the lower class teams handed in but very few have signified their intention of trying for a place on the team.

get a large number of candidates for the senior team as they have so much other work to do.

The state league question, "Resolved, That the United States is inefficient and should be increased," is the topic that will be discussed in the interschool contests. It is expected that the school team will turn out an exceptionally strong team for representation in state interschool contests this winter, and that they will make a strong bid for the premier honors of the state.

ZENITH FOR 1916 MAY CONTAIN "ADS"

Members of the Central high school Zenith board met yesterday and acted on several matters connected with the high school annual.

There was no advertising in the annual published by the class of 1915 last year, and it was expected during the early part of this year that there would be no advertising this year also. The members of the board took up the question yesterday and decided that it is possible that there will be advertising this year.

Another important decision reached was that the book would be sold to outsiders this year for \$1.50. It is sold to the students for 75 cents, but the board decided that inasmuch as it cost them nearly \$2 to print each book, they were under no obligations to outsiders to sell them the book at a loss. They will be sold by the slip credit system. The first advance sale will be put on at Central Nov. 8.

At a short meeting of the members of the class of 1917 Emanuel Cook was selected to edit the 1917 Zenith next year as well as to head the junior section this year. Roswell King was elected mascot of the class and Cassie Wicklander class historian. Lee C. Rasey, advisor of the class, delivered a short address.

VIEW OF HOUK ARE PRESENTED

Labor Commissioner Gives Ideas to the Efficiency Commission.

St. Paul, Minn., Oct. 19.—(Special to The Herald).—The efficiency and economy commission appointed by the last legislature to conduct a two-year investigation and submit recommendations for reorganization of the present system of state government, to the next legislature, is seriously considering the suggestions of W. F. Houk, labor commissioner, who told the commission he favored statewide civil service in which the heads of the departments would have power to discharge an employee regardless of civil service.

Members of the commission said today that Mr. Houk's statement that no employee should have the right of appeal to prevent removal for purely political reasons, had met with general approval.

Heads of all state departments are

get a large number of candidates for the senior team as they have so much other work to do.

The state league question, "Resolved, That the United States is inefficient and should be increased," is the topic that will be discussed in the interschool contests. It is expected that the school team will turn out an exceptionally strong team for representation in state interschool contests this winter, and that they will make a strong bid for the premier honors of the state.

ZENITH FOR 1916 MAY CONTAIN "ADS"

Members of the Central high school Zenith board met yesterday and acted on several matters connected with the high school annual.

There was no advertising in the annual published by the class of 1915 last year, and it was expected during the early part of this year that there would be no advertising this year also. The members of the board took up the question yesterday and decided that it is possible that there will be advertising this year.

Another important decision reached was that the book would be sold to outsiders this year for \$1.50. It is sold to the students for 75 cents, but the board decided that inasmuch as it cost them nearly \$2 to print each book, they were under no obligations to outsiders to sell them the book at a loss. They will be sold by the slip credit system. The first advance sale will be put on at Central Nov. 8.

At a short meeting of the members of the class of 1917 Emanuel Cook was selected to edit the 1917 Zenith next year as well as to head the junior section this year. Roswell King was elected mascot of the class and Cassie Wicklander class historian. Lee C. Rasey, advisor of the class, delivered a short address.

VIEW OF HOUK ARE PRESENTED

Labor Commissioner Gives Ideas to the Efficiency Commission.

St. Paul, Minn., Oct. 19.—(Special to The Herald).—The efficiency and economy commission appointed by the last legislature to conduct a two-year investigation and submit recommendations for reorganization of the present system of state government, to the next legislature, is seriously considering the suggestions of W. F. Houk, labor commissioner, who told the commission he favored statewide civil service in which the heads of the departments would have power to discharge an employee regardless of civil service.

Members of the commission said today that Mr. Houk's statement that no employee should have the right of appeal to prevent removal for purely political reasons, had met with general approval.

Heads of all state departments are

GEN. HAMILTON ORDERED HOME

British Commander at Dardanelles Relieved of His Command.

Will Be Succeeded By Maj. Gen. Charles Monroe.

London, Oct. 19.—Maj. Gen. Charles Carmichael Monroe has been appointed to command the Dardanelles expedition, in succession to Gen. Sir Ian Hamilton, who is returning to England to make a report. This announcement is made by the war office.

Pending Gen. Monroe's arrival at Gallipoli, Maj. Gen. William Riddell Birdwood will temporarily command the troops.

"That all has not been going well with the expeditionary forces sent to the Gallipoli peninsula to open the way to Constantinople had been indicated not only by the official reports, but by information in high quarters in London, a few days ago. The British parliament, Viscount Milner suggested the withdrawal of the troops from Gallipoli and their transfer to some other theater of war.

In reply Lord Lansdowne said it was impossible for any member of the gov-

ORATORS ARE WARMING UP

Students of Central High Show Unusual Interest in Coming Debates.

Question of Preparedness Will Be Theme for Discussion.

Students of Central high school are showing unusual interest in the coming debating season and it is expected that it will prove a banner year for those who are interested in this line of school activity.

The interschool contests will be held first and the most promising members of these teams will be selected for the school team. Next week the tryouts will be given their chance to demonstrate their ability. On Wednesday the juniors will be heard; Thursday the sophomores and Friday the freshmen will attempt to show that they are some good students in their class.

Alvin E. Null of the English department and head of the public speaking department, will have charge of these tryouts, as well as all other debating and public speaking work. He declares that there have been several names for the lower class teams handed in but very few have signified their intention of trying for a place on the team.

NEWS AND GOSSIP OF THE MITT MEN

Pal Brown Is in the City; Gibbons to Box Again; Fulton Hankers After Meeting With Morris; Moran and Coffey Will Meet.

BY BRUCE.

Pal Brown is in Duluth. The Chalmers boy still believes that he will be able to get back in the fight game, while his eyes are still troubling him. The range boxer believes that his improved optics will yield to treatment and that he will be back within the four walls of a hempen enclosure within the next six months.

A green and inexperienced fighter Carl have along from the Southwest and ordered to take the fight now that Fulp is back. He will meet them all dead, he impatiently answers when he and Morris will meet face to face.

Billy McCarney, who piloted Lulu McCarty, has taken over the management of the impudent Morris. He has shipped Sapulpa, Okla., engineer and a number of men with him to the short spaul of a month and a half.

It is probable that while in Duluth Brown will take a workout at the South Athletic club gymnasium. White condition of Pal's eyes will not as yet be a factor in the fight.

Joe Chisholm boy has kept in fairly good condition by doing a little work every now and then.

Fulton Directed Here.

Johnny Tillman is expected here tomorrow and is expected to be directed to arrive from the Mil City and was scheduled to make a trip to Duluth to see the fight.

He is mending more opponents. He is the toughest of all the big men. The Casey Joy of the fighting profession made G. J. Fulton a champion. He was chased big Jess Willard around for rounds before Willard had acquired the championship.

If Fulton comes through with a clean record, he will be a champion. He would make a great light. There is one man in this world that Fulton can't lick, and that is the man that person is Morris.

Moran and Jim Licking.

This is the only one of the

Gibbons to Box Again.—The famous prizefighter, who has been known to fight for the cause of the colored man, has been reported to be in St. Louis. He is expected to fight with Charlie White, an early opponent of the Irish pugilist. Gibbons is expected to be in the city before the boxing club will make his first appearance.

Execution After Carl Morris.—There is one heavyweight that Fred Morris would like to see in the ring, and that is Carl Morris. When the Irish pugilist would remove the bad taste left by the G. G. boys McFarland fight. A knockdown carry off New York—something that it has been boxing too purely in sense.

WANT VALUABLE HUNTING DOGS DESERTED IN WOODS BY NIMRODS

The Duluthian visited each farm house and each time learned that the farmer had lost the dog and the place, evidently lost. He identified two of the animals as belonging to friends of his in the city who had suffered from a similar loss, but failed to find his own beast.

George Mausolf, poundmaster, has been asked to co-operate with owners in an attempt to locate the lost animals, or identify the thieves.

CARSON QUILTS THE CABINET

British Attorney General Resigns on Account of Policy of Government.

Giving Up of Portfolio May Be Followed by Other Resignations.

London, Oct. 18.—Sir Edward Carson, attorney general, has resigned from the British cabinet.

The resignation of Sir Edward Carson, the first open manifestation of the divergence of views known to exist among ministers, is the result, according to an authoritative statement, not of the controversy over conscription but of the condition of affairs in the near East.

Sir Edward himself so far has made no personal explanation of his reasons for resigning, but it is understood that

SIR EDWARD CARSON.

he disapproved of the policy which is being followed in the Balkans and the method of confining the whole national policy to a small "inner cabinet."

Exciting Debates Expected. It is expected that there will be exciting debates in the house of commons this week, as severe attacks on the government are planned by members of the house in connection with

the general military policy, especially in the near East.

Sir Edward Carson, prior to the outbreak of the war, was the leader of the government against home rule for Ireland, which, for a time, threatened civil war in Ulster. At that time he was the Conservative member of parliament for Dublin university, and gained great notoriety for his speeches attacking the government and the sympathizers of home rule, and threatening, in case the king signed the home rule bill, to aid in setting up a provisional government in Ulster. He was the first to sign the covenant of resistance to home rule, and led the Ulster volunteers.

When the present coalition government was formed last May, Sir Edward was given the portfolio of attorney general. Some of the English newspapers expressed the view that this appointment was a mistake in view of his previous antagonism to the government.

Recently there has been unofficial talk of Sir Edward being at odds with other members of the ministry over conscription, the Balkan situation and the Dardanelles expedition. The attorney general did not attend any of the cabinet meetings recently.

Regret Expressed. Much regret is expressed in the London morning papers over the resignation of Sir Edward Carson, as attorney general, and the resignation of Sir John Simon, as foreign secretary, is also expected.

Times says Sir Edward's action was taken on what he considered to be a fundamental question of policy and that it is understood that no minister has since in his attitude toward the conduct of the war.

According to the Daily Chronicle, the question of conscription did not come into the cabinet until the resignation of Sir Edward Carson, and the resignation of Sir John Simon, as foreign secretary, is also expected.

Exciting Debates Expected. It is expected that there will be exciting debates in the house of commons this week, as severe attacks on the government are planned by members of the house in connection with

HEALTH TALKS

By WILLIAM BRADY, MD.

Needs of the Scalp

SOME people take an annual bath after the weather becomes sufficiently settled to warrant the risk. Others bathe several times a year, seizing opportunities when they do not have to get out too soon after the adventure. Still others bathe part of the body as often as once or twice a week, but hardly dare to make complete ablutions more than once a month.

A clean scalp is as rare as an ideal husband and as easily attainable. The undying catlike cold delusion keeps a lot of people from being clean even in these enlightened days. It is no longer considered dangerous to bathe and put on fresh raiment, or to change the bed linen day by day, but over our heads and we are afraid to take a shampoo when we like. It is a queer feeling, but some of us had rather stay dirty than take the imaginary chance of catching cold.

A thorough shampoo of the scalp every day is not too frequent for the scalp. It should be washed at least twice a week, dandruff or no dandruff, if one lives in a city. In the country, the skin does not get so smelly and soiled and less frequent bathing is necessary.

As for the best kind of soap, the ordinary household soaps universally employed are quite satisfactory—preferable to the cheap medicated and scented toilet soaps made of goodness only knows what.

The important thing is to rub the soap into the scalp—it is the scalp, not the hair, that needs cleaning—and then to rinse it out completely, so that no soap will be left on the scalp or hair. Dry the hair reasonably well.

Dr. Brady will answer all questions pertaining to health. If your question is of general interest it will be answered through the columns. If it is of a personal nature, Dr. Brady will prescribe for individual cases or make diagnosis. Address all letters to Dr. Brady, care of the Herald, 1000 Broadway, New York City. All questions will be answered as soon as they come from people residing in Duluth or outside, provided they comply with the rules here stated.

THE EASIEST OF EASY TERMS

SUPERIOR

COUNTY SPENT \$2,600 IN WOLF BOUNTIES

Douglas county has expended about \$2,600 this year to increase the death rate among wolves, according to statistics compiled at the county clerk's office. The state has spent a like amount for the same purpose.

Bert Scott of Foxboro, a professional hunter, has a clear title as a champion wolf slayer, judging from the clerk's report, for he collected \$229 in bounties on sixteen animals between Sept. 23 and Oct. 7. For those two weeks, it is said, Scott drew more money than Mayor Ronkel, or Governor Phillips.

Bounties on forty wildcats and lynxes amounting to \$120, also have been paid. Wolf bounties are \$30 each, half of which is born by the county and half by the state.

A bill to abolish bounties was killed by the last Wisconsin legislature.

Valuation Increases.

Superior's total valuation for the tax assessments shows an increase over last year, despite the serious inroads caused by the state terminal tax decision and the new grain taxation law.

A Foe to Tuberculosis

The Journal of the American Medical Association (August 9, 1915), reviewing an article on "The Influence of Calcium Salts on Constitution and Health," said: "They (the authors) report numerous cases in which patients gained in vitality and energy after taking calcium."

Doctors agree that in tuberculosis lowered vitality and lost energy must be overcome.

One of the constituents of Eckman's Alternative is calcium (lime), in such combination with other ingredients as to be easily assimilated by the average person. To this, in part, is due its success in the treatment of tuberculosis—a service which even some ethical practitioners have acknowledged to their patients. We make no wholesale claims for it but since it contains no opiates, narcotics or habit-forming drugs, a trial is safe. From your druggist or direct, Eckman Laboratory, Philadelphia.

There is a total loss of \$3,525,000 because of the inability to tax industrial plants incorporated in other states, and a loss of \$2,224,000 on the personal property lists for the taxation of grain. The gain is \$1,439,720.

Laying Out Speedway.

A crew of surveyors, under City Engineer E. B. Banks, yesterday began the task of laying out the new Dean speedway on the Douglas county fair grounds.

All the advantages of the best speedway, on a smaller scale, will be provided when the work is completed, say fair board members. The track will be 65 feet wide on the "home stretch" and 40 feet wide on the south stretch. A total width of 55 feet will be provided at the turns.

One Lone Jitney.

A loan jitney driver is reaping a harvest of Superior nickels, according to City Clerk McKague.

Hans Haugen bonded himself for the \$5,000 required by the state law, and ever since has enjoyed the distinction of driving Superiors only out of business, it is estimated.

Consider 1916 Budget.

Members of the city commission yesterday began consideration of the 1916 budget, copies of which have been presented by the finance department. The budget calls for a total levy of \$638,504.

ARIZONA MINERS ARE WILLING TO ARBITRATE

El Paso, Tex., Oct. 19.—A flat proposal to arbitrate all questions connected with the Arizona copper miners' strike, with the exception of the wage scale, was taken into the strike peace conference today by the delegates of the miners.

Under the terms of this proposal, the wage scale would be threshed out at the present conference, and then the miners would resume operations pending the arbitration of all the other demands of the strikers.

When the arbitration proposal was presented the managers asked time to consider regarding its acceptance or rejection. Consequently, after a brief morning session, the conference was adjourned until afternoon.

ORGANIZE FOR DEFENSE

Nucleus of Branch of National Security League Is Formed.

Some of City's Leading Business Men Are Charter Members.

The nucleus of a Duluth branch of the National Security League was formed at a luncheon held at the Commercial club this noon, and has for its charter members some of the leading business men of the city. The organization was effected by William B. Brewster of New York, field secretary, and will be perfected when a committee named by Chairman A. L. Ordean to nominate officers will report.

The next meeting will be on call of the chairman and will likely take place within the next few days, for the nominating committee will hold a meeting tomorrow noon to select names for the officers to be elected. The committee consists of J. H. Heard, chairman; Luther Mendenhall, W. H. Haggard, L. C. Harris and John A. Stephenson.

Those present at the meeting today, which was called by A. L. Ordean, were: Virtually all of whom signed the membership blanks, some signing up for life memberships: A. L. Ordean, W. G. Haggard, F. A. Brewer, G. G. Barnum, T. F. Cole, J. H. Haggard, C. A. Dun, Richard M. Sellwood, J. J. Olcott, Luther C. Harris, John A. Stephenson, E. A. Patrick, Louis Mendenhall, E. C. Oakley, W. C. Agnew and John Miller and Chas. H. E. Eva.

There were few speeches besides that given by Mr. Brewster in explaining the organization and its object. In opening Mr. Brewster said: "A strong navy is a convincing argument in an international debate. Our standing army is mostly standing. What we need is a larger mobile army. We had better make it our business to provide adequate defense or we may not have any business to defend."

"Ocean is no longer a barrier but a highway between the nations. Troops can move readily by transported by sea. When the day of the American navy comes, we must throw off our swaddling clothes and join the sisterhood of nations."

"Patriotism is virtue, not timid. Fear God and keep your powder dry. Peace is secured and perpetuated through preparedness. The nation which produced a Washington, a Lincoln and a Grant must not permit militarism to triumph."

"The citizen soldier, drilled, trained, officered and equipped, is our safeguard. We love peace—therefore, we must throw about our strong arms of defense. We deplore war, but abhor dishonorable peace."

"We do not deal with idealized conceptions of what a man should be, but with man as he is. Christ was crucified. The pacifists forget that man has changed very little since he left the divine laboratory. The pacifists would muffle the voice of patriotism with soft speech—when strong action is needed. Patriotism does not necessarily spell sacrifice—for sometimes it must fight for the object of its devotion—the nation."

"We must back up pretense with defense. The righteousness of a cause may demand strong measures to insure its ultimate triumph. Our militia is feeble. It is not a militia, it is a mob, armed by the state with weapons of defense when bandits poke guns in your face."

"The army can grow only as fast as officers are created—and they are not produced between sunrise and sunset. The world's respect for a nation is inspired by the ability of the nation to enforce its foreign policies. Our foreign policy is as strong as our defense are strong. The greater our ability to defend ourselves—the less liable we are to be bullied into submission. Authority implies power. Dignity rests on security. Weakness invites attack."

"National unpreparedness is criminal negligence. To provide for the common defense is a constitutional duty imposed on every able bodied male citizen but through patriotism this duty is transformed into a privilege."

"Greeks have been swept away in the mad rush by the rising tide of human passion. You can't operate a government by persuasion. Persuasion laws must be enforced. When diplomacy fails, the sword must be used. Peace on earth has been temporarily retained. Citizenship in duty is as well as receive and sometimes we are called upon to give ourselves. Universal disarmament we stand for—it is a worthy ideal. Some day it may be realized. But until then we must sleep with one eye open and our hand on our pistol pocket. In our war the God of the side of the strongest battalions. We don't fear wars, but we are weary of them. Our strength—that will insure peace. We should be invulnerable rather than invincible. We must not be invited by our heedlessness—not convicted by our indifference. We are ready to meet any way is below the morality of the average citizen."

"We believe in defense rather than in defiance. It is better that we be slightly over-defended than under-defended."

Oppose Militarism.

Several of the speakers asked questions about the organization. Thomas F. Cole was particularly desirous of knowing whether such a movement contemplated a militarism that would grow to such an extent as to make the nation's neighbors on the north and south feel called upon to arm themselves against possible aggression and exhibition of power by this country. He said that such armament and preparation would not be for this country and would not subscribe to it.

Mr. Brewster replied that one thing this country is entitled to—wishes to avoid is the large standing army of the average European country which causes civil wars of government and becomes arrogant, and it is with that object that preparedness of a better kind is being advocated. He declared the organization to be not a peace movement, but a peace movement of America when other nations of the world are armed to the teeth. He declared that the bugaboo of militarism being raised by the pacifists is blinding the country, and declared that the movement which he represents is preparedness for defense and nothing else.

George G. Barnum expressed himself in favor of the organization, but said that he believes that the preparedness should start in the schools. He said that he did not believe the Japan ever intends or has any desire to attack this country, but asserted that by preparing the children in matters of discipline and drill in the public schools, the Japanese are showing greater foresight than America.

With but little discussion the matter of forming a branch of the National Security League was brought to a vote and the vote was unanimously in favor of such formation. With the appointment of the nominating committee and the passing of the membership blanks, the meeting came to an end. When the membership blanks were passed, Mr. Brewster announced that there are three kinds of membership: The popular membership at \$1 a year; the contributing membership at \$5 a year, and the life membership at \$25.

DAVID B. BARBER DEAD.

Former Duluthian Succumbs to Short Illness in Kalispel.

Frank A. Barber of 1502 London road, today received a telegram from Kalispel, Mont., announcing the death this morning of his brother, David B. Barber of that city, and formerly of Duluth. The late Mr. Barber, who was 56 years of age, and is survived by only his widow and his brother, had been ill only a short time, in fact his brother had not been notified of the illness.

Mr. Barber was well known here in the old days, being associated with his father, the late L. A. Barber, in the lumber and mill firm of Peyton, Kimball & Barber of Superior. He was prominent in the Superior Elks lodge for years, and was also well known here, Duluth being his home up to ten years ago, when he moved to Kalispel. He came here in 1882.

If you passed through our arcade during the last few days, you saw the display of the new black and white stripes.

They are on Pussy Willow silks—in designs that are radically different, yet ever so stylish—40 inches wide. Especially designed for separate skirts, for gowns, for coat linings. If you are looking for something unusual, something with style to it, see these at, a yard, \$3.00.

Have You Bid On That Anglo-Persian Rug Yet? Visit the drapery department—Third Floor!

Pennington Hopeful.

Railroad officials in the Northwest are generally optimistic over the volume of traffic being handled and the prospects for some time ahead.

Edmund Pennington, president of the Soo line, was quoted as follows in the course of a recent interview: "We are doing very well in volume of business. Rains, delays to threshing, lack of sufficient equipment in some localities and labor scarcity in other localities operated against a heavy early grain movement. The grain is in the country and will move some time."

Mushrooms, a world-wide product, are as plentiful in Siberia as in the tropics.

Glass windows were first used in private houses in England in 1180.

A Hint to Mothers of Growing Children

A Mild Laxative at Regular Intervals Will Prevent Constipation.

A vital point upon which all schools of medicine seem to agree is that normal regularity of the bowels is an essential to good health. The importance of this is impressed particularly on mothers of growing children.

A very valuable remedy that should be kept in every home for use as occasion arises is Dr. Caldwell's Syrup Pepsin, a compound of simple laxative herbs that has been prescribed by Dr. W. B. Caldwell of Monticello, Ill., for more than twenty-five years and which can now be obtained in any well stocked drug store for fifty cents a bottle.

In a recent letter to Dr. Caldwell, Mrs. H. C. Turner, 844 Main street, Buffalo, N. Y., says: "I bought a bottle of Dr. Caldwell's Syrup Pepsin for my baby, Roland Lee Turner, and find it works just like you said it would. It is fine for the stomach and bowels."

A bottle of Dr. Caldwell's Syrup

ROLAND LEE TURNER.
Pepsin should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington street, Monticello, Ill.

ON THE IRON RANGES

MORE MINES BEGIN WORK

Stevenson and Lambert Properties Near Hibbing to Be Active. Other Operations Indicate Unusually Lively Winter.

Hibbing, Minn., Oct. 19.—(Special to The Herald.)—The Stevenson mine, shut down early in the season, will be opened again within the next few days. Information is not available today as to how many shovels will be used, but it is said that one or two will be worked for the present. The Stevenson has been more completely shut down for several months past than for many years, and its reopening will be welcome news in Hibbing and at the Stevenson location.

In addition to the reopening of the Stevenson, there will be other mining activity close to Stevenson. The Lambert, a property not yet touched, will be opened at once. This property lies directly across the railway cut from the Stevenson mine. Kelly lake, and will necessitate the building of a line to give the Stevenson an outlet.

Information in regard to the Lambert is meager, and it is not known whether it is to be an open pit or an underground proposition, but it is positively known that the work of opening the property will be begun this week.

Besides the above and the reopening of the Lambert, the reopening of new shafts at the Susquehanna and the Morton, with consequent increased activity this winter, work will be begun within a few days on a new shaft at the old mine. The shaft is now under way on a new shaft for the Morton, and the old shaft is being pumped out and put in readiness for winter work.

All these developments give promise of the best winter that has been seen in Hibbing in several years.

The Mahoning mine, which promises to ship half a million tons of ore more than its usual yearly shipment this year, is loading off more abundantly at the present time. The mine is not to be had at present, owing to the high price of wheat haulage, so that the company has to depend almost entirely on its own boats.

The Mahoning, however, is using most of its shovels and is employed in stripping operations. In addition, the site lies between the Mahoning and the Stevenson, and it will be carried on until frost makes it too difficult.

Another site for Hibbing courthouse.

Petitions to Ask County Board to Purchase Alworth Property.

Hibbing, Minn., Oct. 19.—(Special to The Herald.)—Petitions are being circulated in Hibbing requesting the board of county commissioners to acquire the Alworth property, as the location of the Hibbing courthouse. The property is situated on the north side of the city, near the Misabe depot, and is owned by the Alworth family.

Several petitions have been circulated and it is said that a considerable number of signatures has been secured. The site lies between the Mahoning and the Stevenson, and it will be carried on until frost makes it too difficult.

Virginia Pupils ARE GIVEN MEDALS

Virginia, Minn., Oct. 19.—(Special to The Herald.)—High school and college students who passed the physical test of the National Playground and Recreation association, will be given medals by the state board of education.

The medals were presented by the state board of education, and the students who received them were: George Martin, Harry Gilliam, William O'Rourke, Frank O'Rourke and Harvey O'Rourke. The medals were presented by the state board of education, and the students who received them were: George Martin, Harry Gilliam, William O'Rourke, Frank O'Rourke and Harvey O'Rourke.

Take a Tablespoonful of Salts to Flush Kidneys If Back Hurts.

Omit All Meat From Diet If You Feel Rheumatic or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. If they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad. Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act like the fine, famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders; Jad. Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

the school board from the association. The high school students who received medals were Anthony Klink, the strongest student in the local school. George Martin, Harry Gilliam, William O'Rourke, Frank O'Rourke and Harvey O'Rourke. The medals were presented by the state board of education, and the students who received them were: George Martin, Harry Gilliam, William O'Rourke, Frank O'Rourke and Harvey O'Rourke.

WARM WELCOME FOR MUNICIPAL SOLONS

Virginians Ready for Minnesota League Convention Wednesday.

Virginia, Minn., Oct. 19.—(Special to The Herald.)—All is in readiness for the third annual convention of the League of Minnesota Municipalities, which will open tomorrow morning at the Elks' hotel, the convention headquarters.

Hans J. Wolner of the St. John's Episcopal church will give the invocation. Mayor Michael Boylan will welcome the delegates on behalf of the city. The delegates will be welcomed on behalf of the citizens by Attorney H. H. McMahon. President Jenks will make the response and the president's address. Richard R. Rice, who is in charge of the general extension division of the state university, will make an address on the subject of "The Municipal Government and the Citizen."

Dr. H. Murphy of the Minnesota Public Health association will address the public health committee's report.

Health Report to Be Made.

Dr. H. Murphy of the Minnesota Public Health association will address the public health committee's report.

'DID,' SAYS HIBBING; 'DIDN'T,' SAYS EVELETH

Football Game Called Off Sunday Results in Controversy.

Eveleth, Minn., Oct. 19.—(Special to The Herald.)—There was great indignation among Eveleth football players and fans yesterday afternoon when Hibbing charged the city with the cancelling of the game scheduled for Sunday. The game has been made twice this season against Eveleth, and it was in charge of the school summer playhouse. The next summer will be the first that local students qualified for the medals.

WARM WELCOME FOR MUNICIPAL SOLONS

Virginians Ready for Minnesota League Convention Wednesday.

Virginia, Minn., Oct. 19.—(Special to The Herald.)—All is in readiness for the third annual convention of the League of Minnesota Municipalities, which will open tomorrow morning at the Elks' hotel, the convention headquarters.

Hans J. Wolner of the St. John's Episcopal church will give the invocation. Mayor Michael Boylan will welcome the delegates on behalf of the city. The delegates will be welcomed on behalf of the citizens by Attorney H. H. McMahon. President Jenks will make the response and the president's address. Richard R. Rice, who is in charge of the general extension division of the state university, will make an address on the subject of "The Municipal Government and the Citizen."

who lives with her step-mother. Lillian Voigt is one of the witnesses in the case. It is her to whom Gust Voigt is said to have told the story of the step-mother and the cake sent over on the day she got it. She was with her step-mother during all the time that the older woman was sick from leg poisoning, and gave a very good description of the cake that happened from the time the cake was brought into the house.

Two small empty strychnine bottles, the close of the poisoning. Voigt and witnesses were interviewed by the state to show that they were not in the house at the time of the poisoning and not seen there until long afterwards.

AGED CHISHOLM WOMAN DEAD. Chisholm, Minn., Oct. 19.—(Special to The Herald.)—Mrs. Esther S. Chisholm, aged 87 years, passed away last Sunday afternoon at the home of her son, Mr. Chisholm. Her health had been poor for several years and she was suffering from general debility. The deceased was a pioneer resident of Chisholm, coming here to make her home about thirteen years ago. She is survived by her husband, Mr. Chisholm, and her son, Mr. Chisholm. Mrs. Chisholm was a member of the Chisholm church and was well known in the community.

Funeral services will be held at 2 p. m. from the Chisholm church. Rev. L. W. Sherwin will officiate. Burial will be in the Chisholm cemetery.

Members of the Samarians will have charge of the funeral. The brother, Edward Dahl, and one sister, Mrs. L. Martin, both of St. Paul.

MARKET HAS FAIR UPTURN

Wheat Turns Strong After Early Weakness on Unsettled Weather.

Flaxseed Sells Higher on Bullish Spot Situation; Crushers Active.

Duluth Board of Trade, Oct. 19.—The market was strong around the close with fair bidding and December wheat closed 1/2c up, May 1/4c up and July 1/4c up. October durum closed 1/2c off, November 1/2c off, December 1/2c up and May 1/4c up. Oats closed 1/2c off at 33 1/2c for on the track, 1/2c up at 34c, and barley unchanged at 34 1/2c for on the track. At Minneapolis, October closed 1/2c up at 44 1/2c, and December 1/2c up at 45 1/2c. At St. Louis, December wheat closed \$1.07 1/2, and May at \$1.07 1/2. Puts on Minneapolis December wheat closed at 98 1/2c and calls at \$1.02.

Operations in the wheat market were on the erratic order today. Opening prices ranged around 1/2c off the weak points being brought about through heavy receipts and easier cables. Prices reacted at about 1/2c, but then moved back to a time and then with the springing up of fresh buying on the low spots, it was advanced to well above yesterday's closing basis. The upturn was imparted largely through predictions of unsettled weather over the Northwest tomorrow, and through sympathy with an upturn at Winnipeg. At that point, receipts for the day mounting up to 2,371 cars, were readily absorbed, with active export inquiry reported. The vast change that has come about in the Winnipeg market during the last few days is attested in the fact that October wheat there is now selling on a basis of nearly 2c over Duluth. December, whereas only a short time back it stood at 7c under, and a considerable time ago it was selling at 1/2c below Duluth. The market at Minneapolis, today the buying at Winnipeg absorbed the heavy receipts, and the market was reported. Congestion is predicted at the Canadian Head of the Lakes in the near future. Freight situation has been experienced in keeping the tracks at the elevators clear and cars are backing up through the yards. Cash wheat was easier at Duluth today, with No. 2 northern selling for 98 1/2c, and No. 3 for 97 1/2c. A large proportion of the grain marketed at the Northwestern markets was still on the elevator, and improvement in that respect is expected for a time yet.

Chartering of vessel space for Buffalo shipment was light today. The cooler lake freight situation has not yet induced shippers to hurry along their forwardings. December wheat opened 1/2c off at 98 1/2c, eased off 1/4c more and then turned up to 99 1/2c. October wheat opened 1/2c off at 97 1/2c, and then turned up to 98 1/2c. May opened 1/2c off at 97 1/2c, and then turned up to 98 1/2c. Cash wheat was easier at Duluth today, with No. 2 northern selling for 98 1/2c, and No. 3 for 97 1/2c. A large proportion of the grain marketed at the Northwestern markets was still on the elevator, and improvement in that respect is expected for a time yet.

Flaxseed Still Strong. The continued light movement and steady inquiry from crushers has contributed to a strong spot situation in flaxseed, and its market was advanced again today. October flax opened unchanged at \$1.89 and it closed 1/2c up at \$1.94 1/2. November opened unchanged at \$1.86 1/2 and it closed 1/2c up at \$1.91 1/2. December opened unchanged at \$1.83 1/2 and it closed 1/2c up at \$1.88 1/2. May opened unchanged at \$1.88 and it closed 1/2c up at \$1.93 1/2. At Buenos Aires, flax closed 1/2c up at \$1.89 1/2 and London unchanged at \$2.05 1/2.

Cash Sales Tuesday. No. 1 hard wheat, 1 car, \$1.05 1/2. No. 2 hard wheat, 1 car, \$1.02 1/2. No. 1 northern wheat, 1 car, \$1.04 1/2. No. 2 northern wheat, 1 car, \$1.01 1/2. No. 1 northern wheat, 1 car, \$1.03 1/2. No. 2 northern wheat, 1 car, \$1.00 1/2. No. 1 northern wheat, 1 car, \$1.02 1/2. No. 2 northern wheat, 1 car, \$1.00 1/2. No. 1 northern wheat, 1 car, \$1.02 1/2. No. 2 northern wheat, 1 car, \$1.00 1/2.

FOR SALE—HOUSES.

LITTLE & NOLTE CO.

(17-26)—Very fine 8-room house, fine location, near Forty-second avenue east; has oak floors, laundry, fireplace, heat and an elegant 60x140-ft. lot, good barn for garage. Here's a remarkable bargain and you can make your own terms. Price, \$4,200—and its worth one-third more.

(12-21)—Here's another. Its one of the best bargains ever offered in the city; seven rooms, hardwood floors, gas, sewer, water and electric, full bath room, large barn for garage; located on Fourth street; paving all completed and paid for. Price only \$2,150. Look this up once.

(8-30)—Handsome new brick and stucco house; paved street; fine East end location; very best of oak finish; living room, 15x27-ft.; dining room 11x16; beautiful built-in buffet; everything the latest and best; lot 60x110 feet. Here's a dream of a home. Price, \$9,400.

(Our auto at your service.)

LITTLE & NOLTE CO., Exchange Building.

FOR SALE.

A very good flat, which could be used for one family as well. The upstairs has a combination club and two family arrangements, kitchenette, large veranda, nice bathroom, wash basin, etc.; beautiful home. Large lot, good roads; hardwood floors throughout, light cherry woodwork. For sale for short time at \$4,900. Would make a good lot free from mortgage for part of the cash payment. This is your opportunity. If you are paying rent also want to convert dead property into cash. Location, the best section of the West end, where much higher values will be.

Call Mr. Larsen personally about this.

L. A. LARSEN CO., Grand and Melrose 1920, 213-14-15 Providence Building.

LITTLE & NOLTE COMPANY.

(Forget this price \$12,000)—This is the cost of this beautiful home. (37-3)—It's in an elegant East end location. 100x140-foot corner lot. There are four bedrooms, a billiard room, sewing room, large glass-enclosed living room overlooking the lake, elegant dining room, etc. Has best of hot water plants and everything modern. If this can be sold in a week's time you can buy it at \$10,400; requires \$5,400 cash. Remember this is a bargain on two streets, both paved.

THE PUBLIC OF TODAY DEMANDS TODAY'S NEWS TODAY

It was not a long time ago when we were content to wait to learn the news, but the appearance of the evening newspaper, whose organization and equipment enable it to print the day's news the same day—for the benefit of those who do not like to wait until tomorrow to learn what has been going on in the world today the public has been educated to look for the news in the evening paper.

Advertising has kept step with the news. Being a specialized form of news, advertising nowadays is TIMELY, giving publicity to every selling event which could possibly appeal to the self-interest of the reader.

The Herald reaches practically every home in Duluth with "Today's News Today"—when every one has time and inclination to prepare and arrange their plans around the family circle. Herald want ads bring good results—both phones 324.

FOR SALE—RE

ALL HIBBING AND CHISHOLM SALOONS ORDERED TO CLOSE BY INDIAN BUREAU BY NOV. 1

RUMOR THAT SALOONMEN WILL RESIST

Claim Two Towns Are Not Within Indian Treaty Territory.

Mayor Power Declares He Has Nothing to Say at Present.

Liquor Dealers Have Been Reducing Stocks for Several Months.

Hibbing, Minn., Oct. 20.—(Special to The Herald.)—All Hibbing and Chisholm saloons must get out of business Nov. 1. So says the Indian bureau.

The long-expected governmental order forbidding the sale of intoxicating liquor in both cities because located in Indian treaty territory, was delivered this morning by Chief Special Officer Harry A. Larson of the Washington bureau of Indian affairs. With Special Officer V. H. Ellis accompanying him, Mr. Larson appeared at Hibbing's leading hotel, the Oliver, at 9 o'clock this morning and after introducing himself handed the proprietors a typewritten notice stating that on or before Nov. 1, 1915, the sale of liquor must be discontinued. The notice was contained in a very few words and was signed by Mr. Larson by authority of the department of the interior, office of the commissioner of Indian affairs. Immediately after notifying the proprietors, Mr. Larson called upon the liquor dealers in the city, of which there are forty-seven.

In Chisholm the notification was first made upon the proprietor of the O'Neill by Special Officer A. P. Frank. Whether the saloons at Floodwood and Keweenaw will be closed also is not known. Special Officer Larson declined to discuss the subject.

The text of the order served on the (Continued on page 11, fourth column.)

TEUTONS TO CAMPAIGN AGAINST MONTENEGRO

Central Powers to Undertake Still Another Movement in Balkans.

London, Oct. 20.—It is reported from Frankfort that the Central powers have decided to undertake still another campaign, this time against Montenegro.

According to this report, forwarded from Amsterdam by a correspondent of the Central powers, 20,000 Austrian and German infantrymen, with artillery, have arrived from Galicia at Sarajevo, in the north of the Balkans, where they will soon be dispatched against the Montenegrins, with whom there has been only desultory fighting for months.

WOMEN LOSE IN NEW JERSEY

Amendment Granting Equal Suffrage Defeated By Over 50,000.

Ocean County Only One Carried By Suffrage Workers.

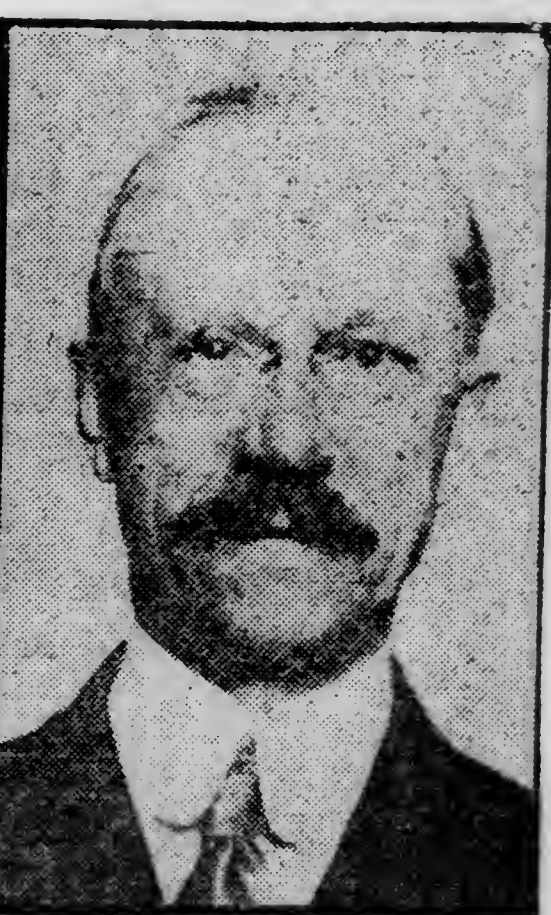

Trenton, N. J., Oct. 20.—Latest returns today indicate that the proposed amendment to the state constitution granting suffrage to women was defeated by a majority of more than 50,000. Returns from 1,612 out of 1,831 election districts give a vote of 133,667 for and 187,849 against the amendment.

Ocean county, which returned a majority of 300 in favor of the amendment, apparently was the only county carried by the suffrage workers. The vote in Cape May county was close, but in Bergen county, one of the computer centers, supposed to favor votes for women, the returns indicate a considerable majority against the measure.

Majority in Two Counties 25,000. Late figures indicated an adverse majority in Essex and Hudson counties. (Continued on page 11, second column.)

PRESIDENT DECLARES EMBARGO ON ARMS TO CARRANZA'S ENEMIES

STANDARD OIL TREASURER A DEFENDANT IN NEW HAVEN CASE

CHARLES M. PRATT. Charles M. Pratt, the treasurer of the Standard Oil company, is one of the men on trial in the federal court at New York for "conspiracy to monopolize" in the matter of the New Haven railway of which he was a director.

DEFENDANTS OVERRULED

Statute of Limitations Does Not Apply to New Haven Case.

Introduction of Documentary Evidence Begins in Trial in New York.

New York, Oct. 20.—Judge Hunt overruled today a motion of counsel for the defendants setting up the statute of limitations as an objection to the introduction of the government's evidence prior to 1912. They held that acts committed subsequent to that year must first be proved.

Before court opened Mr. Mallen conferred with Mr. Batts and Frank L. Swacker, the federal attorneys. As he entered the court room several of the defendants against whom he is to testify rose to shake his hand and until the appearance of Judge Hunt, the center of a laughing, joking group.

Arthur Clark, secretary of the New Haven, was then called and the government began the introduction of documentary evidence, which included minutes of the meetings of the New Haven directors.

The evidence had to do with the early history of the New Haven and Thomas Thacher of counsel for the defense objected. He set up against the government the statute of limitations and raised the contention that before presenting the evidence in question the government must show what acts were committed during the three years prior to the indictment.

John G. Milburn also upheld the contention of the defense, saying that it applied especially to his client, Charles M. Pratt, who did not come into the New Haven until 1903. Judge Hunt overruled the objections saying there were two questions for the jury to decide. "First was there any combination in existence for the purpose of starting a conspiracy? Second, if there was such a combination, whether the defendants were guilty in coming into the combination."

SEARCHING FOR MEXICAN BANDITS

Over 1,000 Troopers and Others Patrolling the Border Line.

Brownsville, Tex., Oct. 20.—Posses and about 1,000 United States troops today continued to patrol the border line and search for Mexican suspects. In the river district where a St. Louis, Mo., train was wrecked and robbed by Mexicans Monday night.

The killing of ten Mexicans captured by posses yesterday failed to allay apprehension of further trouble, as none of the posses claimed to have captured any of the bandit leaders.

According to information from the head of all the bandits, has been found. He and Amato Pizano, another leader, have managed to disappear completely.

Proclamation Issued on Authority Conferred By Congress in 1912.

Supplementary Order Expects De Facto Government From Provisions.

Execution of Order Will Be Rigorously Prosecuted By Officials.

Washington, Oct. 20.—President Wilson today declared an embargo on the shipment of arms and ammunition to Mexico.

President Wilson signed a supplementary order, however, which excepts Gen. Carranza's government from the embargo and permits munitions to go through to him unhampered. The prohibition applies to the factions opposed to the government which the United States has recognized.

The president's proclamation is based upon the authority conferred by the terms of President Taft's proclamation issued when the revolution was against Madero.

The joint resolution of congress, approved March 14, 1912, provides as follows:

Provisions of Resolution. "That whenever the president shall find that in any American country conditions of domestic violence exist which are promoted by the use of arms or munitions of war, procured from the United States and shall make proclamation thereof, it shall be unlawful to export, except under such limitations and exceptions as the president shall prescribe by any arms or munitions of war from any place in the United States to such country until otherwise ordered by the president by congress."

The resolution also stipulates "that any shipment of material hereby declared unlawful after such a proclamation shall be punishable by a fine not exceeding \$10,000 or imprisonment not exceeding two years or both. The execution of this provision the president's statement promises to 'rigorously prosecute'."

TO LEAVE SOON TO NOTIFY CARRANZA

Washington, Oct. 20.—Eliseo Arredondo, personal representative of Gen. Carranza, was preparing today to leave for Saltillo, Mex., where he will personally convey to Gen. Carranza letters of recognition from the governments of the United States and the South and Central American republics. He expects to depart within the next forty-eight hours.

SERBIANS IN DANGER OF BEING CRUSHED BY RAPID INVASION OF BULGARIANS AND TEUTONS

GERMAN TROOPS, HEAVILY REINFORCED IN WEST, MAY SOON RESUME OFFENSIVE

IS INDICATED BY ATTACKS

Strong Assault North of Loos Repulsed, Reports Field Marshal.

Teutons Are Thrown Back After Occupying French Trenches.

British Submarines Inflicting Heavy Losses on Germans in North Sea.

London, Oct. 20.—Reports from the Entente allies on the western front indicate that the Germans have been reinforced heavily and are showing a disposition to assume the offensive.

Field Marshal French announces the completed repulse north of Loos of heavy artillery from the Germans but were thrown back after occupying several French trenches.

The lines of Premier Aquin has brought a full political activity and this week is hardly likely to occur in the house of commons. At that public explanation Carson may give a full explanation of his restoration of the attorney generalship.

British submarines, now reported to have been reinforced by Russian craft, continue to inflict severe losses on German shipping in the Baltic sea. A Copenhagen newspaper asserts that eight steamships have been the prey of the submarines since Monday.

French Statement. Paris, Oct. 20, 2:30 p. m.—"There was no important action of the court of the night," says the official statement of the French government. "In the sector of the German trenches a repulsive bombardment which silenced the machine guns in those trenches, which had been attacking our lines."

"In Champagne in the vicinity of the Butte de la Fausse and between the Meuse and the Moselle, the north positions several times. Our batteries responded with great energy."

"WE ARE IN A HOLE" SAYS BRITISH CRITIC

Have Lost Faith in Ability of Our Statesmen, He Declares.

Must Send 200,000 Men to Serbia at Once, He Continues.

London, Oct. 20.—"We are in a hole," says the military correspondent of the Evening Standard, commenting on the present situation. "It is not the first time we have been in a hole, for it was touched and go at Cambrai and Landreies a year ago, and again in Flanders a year ago, but we did not know it then. This time we do know it."

"We have lost faith in the ability of our statesmen and in the strategic conduct of the war and in the willingness of the people to support the war; now exercise the ends of politicians and public alike; and threaten to wreck the government; in France the best known minister has resigned; in Russia public opinion is badly shaken."

(Continued on page 11, third column.)

DIPLOMATIC CORPS TO SERBIA STILL AT NISH

Removal to Monastir Delayed by Interruption in Railway Traffic.

Athens, Greece, Oct. 20, via London. The diplomatic corps at the Serbian court has been compelled to remain in Nish, for the present at least. The expected departure of the diplomats near the Greek border, has been postponed on account of the interruption of railway communications between Nish and Saloniki. Traffic between Saloniki and Monastir is also suspended on account of floods.

There has been no telegraphic communication with Nish for four days.

MADE NEW DIRECTOR OF THE ROYAL NAVAL AIR SERVICE

ADMIRAL VAUGHAN-LEE. Rear Admiral Charles Lionel Vaughan-Lee has been made director of the British Royal Naval Air Service. He is a distinguished scientist. His appointment to his present post indicates a determination on the part of the government to make great improvements in the air fleet.

GOLD BAR FOR WEDDING RING

California Women Present President With Material for Token.

Petitions Signed By 300,000 Ask Executive to Visit Exposition.

Washington, Oct. 20.—President Wilson today received a declaration of women and girls from California, who gave him a piece of gold from a California mine and also a bar of gold to make a wedding ring for Mrs. Norman Galt, his fiancée.

The delegation also brought petitions signed by 200,000 Californians urging the president to visit the San Francisco exposition before it closes in December. Later the women gave to Mrs. Galt, cluster of California orange blossoms.

The president told his callers he wanted to visit the San Francisco and San Diego expositions, but had been too busy to go West. He said that he did not think he could go, but would change his plans if it were possible.

Petitions. The petitions were presented by Altha McCuen, an 11-year-old school girl of San Francisco, whose letter of invitation to the president was the best of those written by the grammar school children of that city.

When the bar of gold was given to the president he accepted it smilingly. "That is a very happy thought," he added, when told that a wedding ring for Mrs. Galt could be made of it.

Miss Esther Bull of San Francisco, the bearer of the orange blossoms, told the president it had been planned to give them to him, but that the women thought it better to present them to Mrs. Galt.

EIGHT FORCES OF BULGARIANS IN TERRITORY

Austro-German Forces Advancing Steadily to Join Their Allies.

Railroad Between Nish and Saloniki Cut By the Invaders.

No News Received of Movements of the Anglo-French Armies.

London, Oct. 20.—Latest reports from the Near East indicate that Serbia is in deadly danger of being overwhelmed by the armies of her neighbors. No less than eight Bulgarian forces have crossed into Serbian territory.

The Austro-German forces are advancing slowly, but steadily, their latest claim being that the junction has been effected to the west of Semendria. The railroad between Nish and Saloniki has been cut by the Bulgarians, and no news has been received of the movements of the Anglo-French army, although it is known to have been in action, as the arrival of French wounded at Saloniki has been reported.

Italy's declaration of war against Bulgaria increases the hopes of her allies that she will join in the Balkan campaign, but what form her assistance will take has not been indicated. Russia, the first of the allied powers to present an ultimatum to Bulgaria, now finds herself alone in not having issued a formal declaration of war against her former protégé.

Along the eastern front activity is confined to the two tips of the long battle line. The Germans are pressing their offensive in the northern sector near Riga, while Gen. Ivanoff claims (Continued on page 11, second column.)

TURKS CONCENTRATE NEAR DEDEAGHATCH

To Oppose Land and Sea Operations of Entente Allies in Balkans.

London, Oct. 20.—Advices from Athens indicate that Turkey and Bulgaria are undertaking energetic measures to oppose the land and sea operations of the Entente allies in the Balkans. The Athens correspondent of the Exchange Telegraph company reports that Turkish forces are being concentrated in the region of Dedeahatch in Southern Bulgaria, on the large Bulgarian forces.

The French and British ministers moved toward the Roumanian frontier. The French government is sanctioning arrangements to provide for Serbian refugees on Greek territory. Premier Zaimis agreed, with the stipulation that Serbia guarantee maintenance of the refugees.

FRENCH TROOPS ARE HELD AT FRONTIER

Have Received Orders Not to Pass Into Bulgarian Territory.

Paris, Oct. 20.—The Saloniki correspondent of the Havas Agency sends the following dispatch under Tuesday's date:

"French troops having received orders not to pass the Bulgarian frontier, Strumitsa has not been occupied by the allies."

The Bulgarians are concentrating troops in haste in Dobrudja, supposedly because Roumania appears to be leaning more towards the entente. At the same time three divisions of Hungarian troops are being concentrated on the Greek frontier.

"Communications by the Egean railway now are said to be definitely assured for the allied troops."

"The entire Bulgarian coast on the Aegean sea has been evacuated by the civilian population and the authorities."

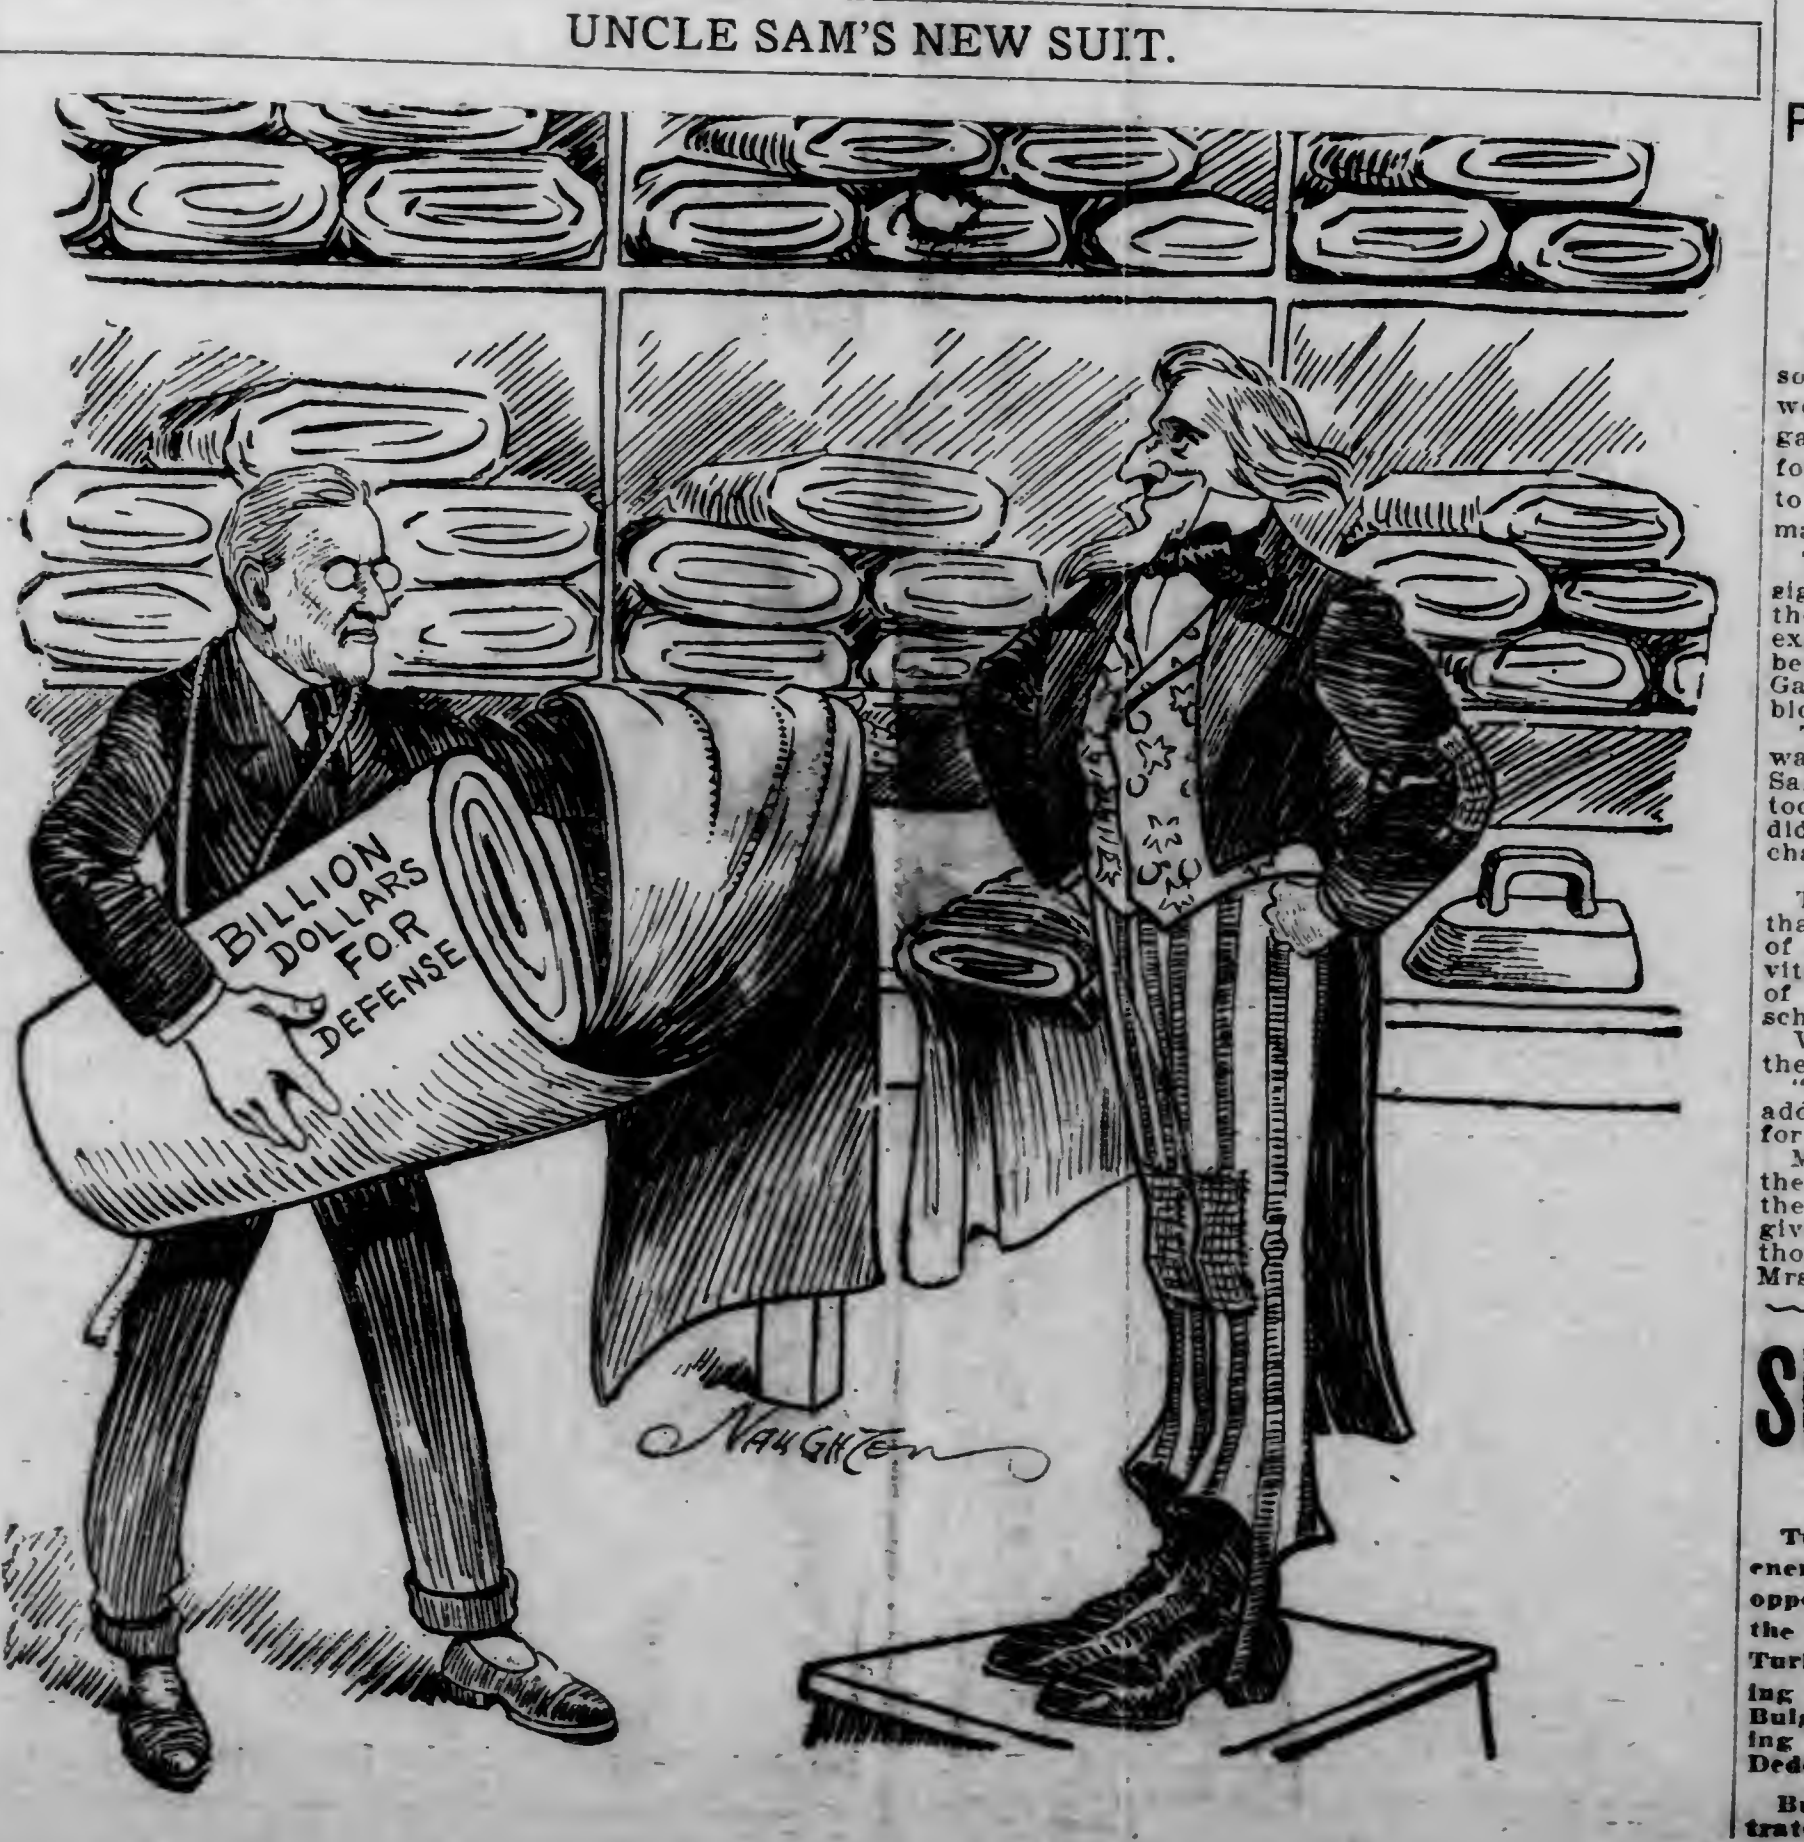

SUMMARY OF THE WAR NEWS

Turkish forces are to co-operate energetically with the Bulgarians in opposition of the allied operations in the Balkans. Athens advices state, Turkish troops, it is reported, are being concentrated near Dedeahatch, Bulgaria, on the Aegean sea. The landing of an allied force at Enos, near Dedeahatch, was reported recently.

Bulgarian troops are being concentrated on the frontiers of both Roumania and Greece, according to a Saloniki dispatch to Paris.

Cutting the Nish-Saloniki railway line south of Nish by the Bulgarians has compelled the diplomatic corps at Nish to postpone its expected departure for Monastir in Southern Serbia, an Athens dispatch states.

Reports from German sources received in London indicate that a campaign against Montenegro by Austro-German forces is contemplated.

WEATHER—Fair tonight and probably Thursday; moderate winds.

WRITES VERSE AND PLAYS BETWEEN ORDERS

Physician Who Is "Drummer" By Choice, Has Extraordinary Recreation Plan.

Dr. A. T. Rubin of Chicago is a new kind of a traveling salesman. His uniqueness does not lie in the fact that he is a licensed physician to practice in Illinois, but prefers to be a mere "drummer," but that he spends his spare time in the evenings writing poetry and vaudeville sketches. He arrived in Duluth today and is registered at the Holland.

SILENT EVIDENCE.

"Look," said Oscar Carlson, 213 Devonshire street, when arraigned in municipal court for wife beating today.

He pointed to Mrs. Lydia Carlson, his spouse, who swore to the complaint, and didn't say a word. Speech might have been silver, but in Oscar's case silence certainly was golden. For Mrs. Carlson was considerably larger than her husband, and much the more formidable of the two. "Enter a plea of not guilty," said the court, and the record doesn't show whether he smiled or not.

Oscar will be given a chance to explain the fracas tomorrow.

BIG INFUX OF WORKERS

Duluth's Population Will Be Increased By 100 to 150 Families.

Big Problem Is Transportation of Goods From West Duluth.

Within the next week or ten days it is claimed that between 100 and 150 families of skilled mechanics who will be employed at the Minnesota steel plant will arrive in Duluth and attempt to move their household belongings to Morgan Park. These families have already apartments set aside for them and only the question of being able to get the goods to the suburbs confronts them.

There are now between 125 and 150 families living in the suburb. It is claimed that practically every one of the 242 apartments in Morgan Park is leased and that all will be filled before the middle of November.

The problem that is bothering most of the people at present is how to get from Duluth or West Duluth to their future home. At present it is unsafe to take a wagon loaded with any quantity of goods to the suburbs and those who insist on having the trip interrupted are said to have to pay enormous prices to the dray men.

The roads have been in a condition that has made travel almost impossible for three weeks. Rains have softened the mud so that in almost any place along Grand avenue, which so far has not been paved, the wagon or automobile goes up to the hubs of the tires. Two jitneys which have been making trips as often as possible had to stop again yesterday on a full load of mud during the morning hours. They are again attempting to operate today.

With a stretch of dry weather it is expected that within a few days the road may again get back to normal condition. Work is to be pushed as fast as possible by the contractors, and the advance work for the tracks of the street railway company extension will also be pushed.

Construction of the four boarding houses, the hospital and the big business block will be rushed. The contractors have started superstructure for the boarding houses well under way and large crews of men are at the work of excavating for the foundations for the hospital and the business block. A steam shovel is being used in getting out the dirt. This building will be 18 feet each way with a full basement. All buildings are to be pushed to completion as rapidly as possible.

GAS CONNECTIONS FOR MORGAN PARK

Manager Ordered to Proceed; Preparing New Contract.

Although details in the gas contracts with the Minnesota Steel company and the Zenith Furnace company were not definitely agreed upon at a special conference yesterday afternoon, Manager D. A. Reed of the city and light department was instructed to go right ahead with his plan for the gas main extension to Morgan Park.

John E. Samuelson, assistant city attorney, who was present at the conference of the commissioners and Mr. Reed yesterday, was instructed to prepare a new contract that would be acceptable to the city and the two corporations. The objection against the agreement is the stipulation that the agreement shall expire at the end of six years and that the city should keep the steel plant mains in repair.

The company's mains were not laid under supervision of the city and we are not informed of their condition or stability," said Mayor Prince. "We might have to pay out an enormous amount for the repairs if we opposed to building a main that might be useless after six years."

Manager Reed said this morning that bids on laying the mains from the present terminus at Fifty-eighth avenue west will be advertised for in a few days and that active construction work will start Nov. 1. The improvements will cost approximately \$20,000, the mains extending up to the steel plant property. Additional extensions to New Duluth and Gary may be made next year, Mr. Reed said.

ONE FALSE ALARM AND ONE REAL FIRE

Boys playing with a fire alarm box at Sixty-third avenue west and Polk street late last evening, turned in an alarm and gave the local department a run west on Grand avenue. The boys could not be found.

The department earlier in the day responded to a call from the Northern Pacific depot. A car containing coke was on fire and had become fanned into a mass of flames when it reached Central avenue. The damage was estimated at \$200. The coke was shipped from the Zenith Furnace company.

West Duluth Briefs.
Mrs. Alfred Allen of Proctor has returned home from a two months' visit with relatives in Michigan. She attended the jubilee celebration at Day City while away.

The Ladies' Aid Society of the St. James Catholic church will entertain at a card party tomorrow evening at Gilley's hall.

The Ladies' Aid Society of the Hazelwood Presbyterian church will hold its annual supper and sale at the church on Oct. 27.

Mildred Seyan, the 12-year-old daughter of Mr. and Mrs. William Sayan, 111 North Forty-fourth avenue west, was operated on yesterday for appendicitis. She is reported to be on a road to recovery.

Roy Mills has just returned from a trip through Washington, Oregon and other Western states.

D. S. Scott of Rulledge, Minn., is a guest at the home of his mother, W. W. Scott, 126 South Sixty-sixth avenue west.

The Philathea class of the Third Swedish Baptist church, Fifty-ninth avenue west and Chamey street, will entertain at a musical and literary program in honor of its second anniversary.

Watch repairing, Hurst, West Duluth. Euclid Chapter No. 56, Order of the Eastern Star, will hold a special meeting tomorrow evening at the West Duluth Masonic temple. Initiation of new members will be the principal business of the evening.

COKE MAKING ON SATURDAY

Work at Steel Plant Delayed By Non-Arrival of Machinery.

Several Bi-Products Will Be Manufactured By Coke Plant.

The coal-crushing process necessary as a preliminary to the manufacture of coke at the Duluth steel plant began yesterday. The machinery was set in motion yesterday forenoon and the coal, reduced practically to dust, is now being rapidly stored in the bin above the coke plant.

Delay in the arrival of a part of the machinery prevented the charging of the coke furnaces this morning. The first charging of these ovens has now been set for Saturday morning and the first coke will emerge from the ovens at an early hour Monday morning.

This plant, with its ninety ten-ton blast furnaces, will make about 1,100 tons of coke daily and will consume between 1,500 and 1,600 tons of coal every twenty-four hours. The coke plant will furnish all of the gas which will be required for the operation of the open hearth furnaces as well as the heating furnaces. The coke plant, if 44,000,000 cubic feet of gas per day, will produce a large amount of tar liquid and sulphate ammonia. A special bi-product plant will manufacture these products and will be set in motion probably within another week.

Birthday Luncheon.

Former members of the Plymouth Aid Society of West Duluth and a few given yesterday at 1 o'clock by Mrs. A. Solomon of Morgan Park in honor of her birthday anniversary. The rooms were prettily decorated in yellow and black with a liberal sprinkling of such Halloween decorations as

pumpkins and witches. Pink carnations and roses also were used. The guests were: Mrs. C. H. Keyes, Mrs. Elliott J. Arman, Mrs. N. C. Hartley, Mrs. Earl Breisch, Mrs. C. M. Brooks, Mrs. A. F. Ruchwin, Mrs. M. Weaver, Mrs. H. C. Brown, Mrs. C. C. Sampson, Mrs. T. P. Olsen, Mrs. J. E. Olson, Mrs. F. L. Breisch, Mrs. I. E. Swangie, Mrs. A. C. Weddell, Mrs. J. T. Arnes, Mrs. George Millen, Mrs. Carl Meyers, Mrs. James Erd, Mrs. James Baker, Mrs. George Martin and Wayne Breisch, Lyman Weaver, Flora Erd and May Marie Meyers.

The West Duluth guests went out to the suburb on the 11:45 a. m. train, returning on the 4 o'clock passenger. Mrs. Solomon was presented with some cut glass ware in honor of her birthday.

"Ladies' Night."

Duluth chapter, No. 59, Royal Arch Masons, will entertain at a "Ladies' Night" this evening at the West Duluth Masonic temple. Invitations have been extended to members of the Euclid and Trinity lodges, A. F. & A. M. and participants. The committee in charge consists of I. C. Wollan, M. R. Zack and Ray Abbott.

FAVOR COMBINATION OF THREE CODES

Members of the city commission favor a combined building, electrical and plumbing code.

The combination of the three ordinances was suggested last week by Mayor Prince and it is expected that the preparation of such a code will be ordered after the council meeting next Monday. At that time the proposed electrical ordinance will come up for a final vote and it is a certainty that the commissioners will vote against it. Mayor Prince and Commissioners Voss, Farrell and Fursten have all expressed themselves in favor of a combined code, declaring that such a measure would be entered much better than if divided, while the supervision of the building inspector. There is also a move to introduce a plumbing ordinance which is being prepared by master plumbers of this city. It will be combined with the other measures, should the combination be decided upon by the commissioners. Combining the three codes is a study of the subject during the last year.

dim station, so that he could catch a street car for downtown. "It only costs a nickel to ride in from Lakeside," said the court. "Why walk five miles first to save cartfare?" Salo's vocabulary began to misfire at this stage, and he was sentenced to the work farm for ten days in default of a \$10 fine. He was arrested on the Duluth & Iron Range railroad tracks last night by Special Officer Christiansen.

MRS. KRAMER DIES.

Had Been Resident of Duluth for Quarter of Century.

Mrs. Katherine Kramer, 51 years,

reading at 2514 West Third street, died at 8 o'clock this morning at St. Mary's hospital. The body will be shipped this evening to Marquette, Mich., where funeral services will be held Saturday morning from St. Peter's Roman Catholic cathedral. Interment will be in Holy Cross cemetery at Marquette. The body will be accompanied to Marquette by the three surviving children, Charles, Minnie and Mrs. J. Roy King, and the latter's husband, and Mr. and Mrs. M. A. Willson of this city, Mr. and Mrs. P. J. Willson of Calumet, Mich. and Mr. and Mrs. McNamara of Superior. The decedent was the widow of the late Jacob Kramer and had resided in Duluth more than twenty-five years. She was well and favorably known to a great many people, who will sincerely regret to learn of her death.

NAVAL PROGRAM OF UNITED STATES FOR FIVE YEARS

Secretary Daniels Makes
Public Official Estimates
for Same.

Proposed to Spend Over
Half Billion for This
Department.

Washington, Oct. 20.—Official estimates of the navy's part in the construction of a billion dollar national defense program were made public last night by Secretary Daniels. They show that within five years it is proposed to spend \$502,482,214 on construction of new ships, development of air craft, and creation of a huge reserve of ammunition and guns for the navy.

The five-year building program contemplates construction of 10 dreadnaughts, 6 battle cruisers, 10 destroyers, 60 destroyers, 18 sea-going submarines, 88 coast defense submarines, 4 gunboats, 1 hospital ship, 2 ammunition ships, 2 fuel oil ships, 1 repair ship. The last of these vessels will be built and in commission late in 1924.

On naval aviation it is proposed to spend \$6,000,000 during the five years and on reserve munitions \$25,000,000. These figures, with the addition of ready authorized, or now under construction, make up the total of more than half a billion dollars to be expended upon the navy in addition to the regular budget which approximates \$100,000,000 a year.

Additions of Men.
Secretary Daniels will recommend this winter the addition to the navy of 7,500 bluejackets, 2,000 apprentices and 1,500 marines, a total of 11,000. With this addition to personnel it is estimated that all battleships not more than fifteen years old, destroyers and submarines built within twelve years, half of cruisers and all of the gunboats and necessary fleet auxiliaries, can be manned, and an adequate reserve be maintained for vessels on the reserve list.

To offset the additional force of ma-

rine the secretary will recommend appointment of 1 additional brigadier general, 2 colonels, 2 lieutenant colonels, 6 majors, 1 colonel, an assistant quartermaster, 14 captains, 14 first lieutenants, 13 second lieutenants and 22 warrant officers.

Additional naval officers would be obtained by increasing the number of midshipmen at the academy at Annapolis by not less than 250 men.

Aviation Corps. Secretary Daniels will recommend establishment of a special service to which civilian aviators can be appointed.

The 1917 naval estimates to be presented to congress this winter will total \$217,662,173, an increase of \$67,108 over last year's appropriation. Of the increase \$2,000,000 will be for new construction, \$8,000,000 for munitions, \$2,000,000 for aviation and the balance of the total appropriation will go toward continuing departmental expenses.

The building program to be recommended for the five-year period is as follows:
For 1917 (authorized in 1915)—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.
For 1918—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.
For 1919—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.
For 1920—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.
For 1921—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.
For 1922—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1923—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1924—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1925—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1926—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1927—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1928—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1929—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1930—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1931—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1932—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1933—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1934—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1935—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1936—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1937—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1938—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1939—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1940—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1941—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1942—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1943—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1944—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1945—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1946—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1947—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1948—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1949—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

For 1950—Two dreadnaughts, \$16,500,000; 2 battle cruisers, \$11,150,000; 3 scout cruisers, \$5,750,000; 2 gunboats, \$1,250,000; 1 hospital ship, \$1,250,000; 1 fuel oil ship, \$700,000; 1 ammunition ship, \$700,000; 1 repair ship, \$700,000. Total, \$39,500,000.

materials entering into the construction of vessels may continue as great as at present so that the estimates will not be too high.

The total cost of each of the other types of vessels recommended is as follows: Battle cruiser, \$17,500,000; scout cruiser, \$5,000,000; destroyer, \$1,350,000; fleet submarine, \$1,500,000; coast submarine, \$850,000; gunboat, \$750,000; hospital ship, \$2,400,000; fuel oil ship, \$700,000; repair ship, \$700,000.

In addition to the \$5,000,000 to increase the reserve of munitions, 1 have recommended in the regular appropriation an increase of \$1,788,888 for ordnance in which I have included \$480,000 for torpedo defense nets for battleships and have recommended also an increase of \$248,000 for buildings for the storage of guns and munitions. The reserve on hand now fully occupies the present storage facilities and it has been found necessary to have this increased space for storage to take care of the additional munitions which I have recommended.

For Repair of Ships.
In addition to the regular new construction, an asking for separate appropriation of \$250,000 for the purchase of ships for the naval militia of Illinois and Minnesota. In both of these states the naval militia is well organized and their efforts largely depend upon securing a proper ship to have in prospect the largest utilization of the older class of battleships for the naval militia organization for states on the sea coast. I have also recommended an increase in the appropriation for the naval militia as a whole of \$60,737.33. The naval militia has made great progress in its work and the increase in the number of enlisted men of the navy and is required to provide for the usual marine complement of ships and to join such as well as for advance base organizations for operations with the fleet.

The European war has shown the necessity for a skilled flying corps, whose members will be able to command naval operations, or educated naval officers, or educated as flying corps, to which expert civilian flyers may be appointed, has been recommended for the naval militia. This would establish a field of service for the increasing number of competent aviators willing to join such an arm of the service who cannot hope, under present conditions, to do so, unless they either enlisted in the navy proper, or graduated from the naval academy.

WEST END WILL HOLD SMOKER.

Fridhem Lodge Bazar Committee Will Entertain Friday Evening.

Fridhem lodge No. 43, Independent Order of Bivthold, will entertain Friday evening for its members at a smoker to be held at Sloan's hall, Twenty-third avenue west and Superior street. The affair is held under the auspices of the committee which had charge of the recent bazar at Woodman hall. The members of the committee are Earl Carlson, Gunnar Granlund and Victor Thor. Plans for an entertainment for the members and their families to be held just after Christmas will also be made. It is expected to have head officials of the order present at this celebration.

Mrs. Watson's Funeral.
The funeral service for Mrs. Excena Watson, 36, 336 Garfield avenue, who died Monday evening, Oct. 19, at St. Mary's hospital, will be held Thursday morning at 9 o'clock from the St. Jean Baptiste Catholic church, Twenty-fifth avenue west and Third street. Interment will be in Calvary cemetery. Mrs. Watson is survived by her husband, Fred E. Watson, and her parents, Mr. and Mrs. J. Schoven of Proctor.

White Way Bright Again.
The "white way" through the West end on Superior street was again fully lighted last evening. Employees of the Duluth-Edison Electric Light company worked for several hours yesterday afternoon in putting the lights in shape. Merchants claimed that the way of light had been dim for the greater part of ten days and that the lights that were supposed to burn all night were out entirely. Complaints resulted in the lights being promptly fixed.

Reception for Pastor.
The congregation of the First Norwegian-Danish M. E. church, Twenty-fourth avenue west and Third street, will hold a reception for its pastor, Rev. H. A. Ostlie, and Mrs. Ostlie at the church Friday evening. The arrangements have been made under the auspices of the ladies' aid society. The committee in charge consists of Mrs. A. O. Anderson, Mrs. A. P. Lund and Mrs. John Thygesen.

The program will include an address by John J. Moe, a vocal solo by Harold Larson, piano duet by Misses Mel Thorsen and Doris Thorsen and selections by the choir.

Will Discuss Celebration.
Business men of the West end will hold another of their "get together" meetings this evening at 8 o'clock at the Rex hotel. Dinner will be served after which a business meeting will be held and plans made for a celebration to be held the latter part of this month, and the nature of the affair discussed. Many of the merchants are said to favor a Halloween celebration as well as another one which will be termed "West End Library Night" in honor of getting the new Carnegie library.

West End Briefs.
The Young Ladies' Society of the First Swedish Baptist church will hold its monthly meeting Friday evening at the home of Mrs. Louis Bergquist, 2030 London road.

The Sunshine Society of the Trinity English Lutheran church, will be entertained Saturday afternoon at the home of Mrs. O. B. Payne, 620 North Twenty-third avenue west.

Mr. and Mrs. Harry T. Mertin of Minneapolis, who have been visiting West end relatives, left for their home yesterday.

The St. Luke's Guild of St. Peter's Episcopal church will hold a special meeting tomorrow afternoon at 1806 West Superior street. Plans for the annual supper and sale will be made. The society is at present holding a rummage sale at this place.

Rev. E. O. Hanson, pastor of the Trinity English Lutheran church, returned home yesterday from Chicago where he has been attending the annual meeting of the association of English Lutheran churches of the Augustana synod.

The Luther League of the Trinity Lutheran church will meet in the church this evening. Sybil and Sidney Johnson will be hosts.

The annual bazar and supper of the Ladies' Aid Society of St. Peter's Episcopal Lutheran church, Twentieth avenue west and Third street, will be held tomorrow evening and Friday evening at the church.

WILL DENATURE FILM.
"The Birth of a Nation" will be shown in Duluth, with all objectionable parts eliminated. This agreement was reached by Commissioner Silberstein, head of the safety division, and Manager Morrissey of the Lyceum theatre following a conference yesterday afternoon.

Manager Morrissey will witness the film in St. Paul next week and order the elimination of all objectionable scenes before it is permitted to be shown in Duluth.

"I will ask the colored people to ap-

point a committee." Commissioner Silberstein said this morning, "and we will see the picture in Superior before it is shown in this city."

Commissioner Silberstein expects a report on the picture from the National Board of Censorship within a few days.

It is shown in this city."

Commissioner Silberstein expects a report on the picture from the National Board of Censorship within a few days.

Curfew Will Blow Tonight

"The curfew will blow tonight." This announcement was made this afternoon by Commissioner Silberstein, head of the safety division, following a conference with Seth Marshall of the Marshall-Wells Hardware company, the latter agreeing to have the factory whistle blown at 9 o'clock every night. The new curfew ordinance is now in effect and the whistle will be a warning to children of the city to get off the streets. During the winter and spring it will be blown at 9 o'clock, but at 9:30 o'clock from April 1 to Oct. 1.

"I want to thank Mr. Marshall for the loan of the whistle," said Commissioner Silberstein, "and am sure it will aid us considerably in enforcing the ordinance. The whistle can be heard for three miles."

BELGIAN DOLLAR FUND

One more dollar was added to the "Dollar Christmas Fund for Destitute Belgians" this morning when a check for that amount was received by The Herald from J. Verze Watson, secretary of the Adams Security company, who makes his home at the Spring hotel. The fund now has two dollars, the first one having been received by The Herald last Saturday from Mrs. F. W. Paine of 1077 Central avenue. Last year Duluthians contributed more liberally to this cause, even in the face of times that were not over prosperous, and it is hoped that the general public of Duluth will be even more generous this year. The Belgians are reported to be in worse shape this year than last. The misery attendant upon ruined crops, the care that must be given to thousands of crippled soldiers, the agony of ruined homes and broken-up families is more pronounced right now than ever before since the war started. The Belgians are a thrifty people, but under present conditions their willingness to work is frustrated by the fact that there is nothing for them to do. These impoverished people are now looking forward to a holiday season with starvation staring them in the face and many with barely enough clothing to endure them from the bitter winds of winter. The committee having the matter in charge consists of such men as Henry Clews, noted financier, who is in charge; Percy S. Bullen, secretary; Col. George Harvey, Dr. William T. Hornaday, Van L. Lawton, Ralph S. Ochs, Prof. Henry Fairfield Osborn, William C. Reick, Melville E. Stone, Oscar S. Strauss and George T. Wilson.

CENTRAL HIGH SCHOOL SOCIETIES HOLD THREE INTERESTING SESSIONS

Three Central high school societies held interesting meetings yesterday following the close of school. One was featured by the reorganization of the club and the other two were the initial programs of the year. Officers for the year were elected by the members of the Central Girls' Glee club yesterday and Pearl Deatherage as treasurer and Pearl Deatherage as club librarian. The girls were very active in musical and social affairs and are planning to outdo the boys glee club this year, which held a prominent place in Central activities last season. Members of the Delphian Literary society held their initial program of the school year yesterday afternoon and several excellent addresses were presented. Most of the addresses told of vacations spent by the speakers. Miss Castle, club advisor, spoke on her trip last summer to the Western expositions; Miss Cassels, who outlined a boat trip on the Great Lakes, and Miss Gladys Anderson told of the activities of the boys at Camp Hanson. Presented an original offering on "A Tour of Duluth," and Vivian Hundly spoke on "Fresh Air Schools." Evelyn Ahlen completed the program with a reading on "Visit to Old Astoria," a selection from Riley. The next program, the main topic of which will be "Motion Pictures," will be presented in two weeks at the regular meeting. The members of the Athenaeum Literary society held their first program of the year yesterday, but due to a misunderstanding only one number was presented. That one being an interesting talk on the development of the automobile by Max Goldberg.

DULUTH POLICEMEN WILL ASK SALARY INCREASE

Claim That Scale Here Is Below Other Minnesota Cities.

Cost of Living Has Grown Since Last Salary Raise.

Convinced that Duluth's police department has a lower wage scale than almost any other city in the state, and that rapid increases in the living cost warrant it, officers will ask the city commissioners to make a blanket raise in salaries Jan. 1, or before. At a special meeting of the police association yesterday afternoon Lieut. N. U. G. Terry, as temporary chairman, appointed a committee of seven officers to confer with Chief R. D. McKerscher. This committee, with the chief, will present their request to Safety Commissioner Silberstein at a special conference to be called either late this afternoon or tomorrow. Members of the committee are: Sgt. David Butchart, vice chairman; Lieut. Robert McDermott, Detective Donald Irvine, Sergeant John Hunter, Officer Q. Olson, Officer Connor, and Assistant Secretary Robert Donaldson.

Before presenting their case to the commissioner of safety, the bluecoats made an extensive study of police salaries in Minnesota, particularly in cities and towns near Duluth, and of living conditions. Officers' Arguments. In arguing that the wage scale should be raised, they contended: That meat prices have increased from 20 to 30 per cent since 1911, when the last police salary raise was granted. That flour prices have increased 12 per cent. That egg prices have increased 75 per cent. That butter is 21 per cent more costly. That other necessities have gained correspondingly in price. Wage scales of patrolmen, detectives and sergeants in other Minnesota cities are almost uniformly higher than in Duluth, according to figures which will be presented to the commissioner, despite the fact that living expenses are high, if not higher, in Duluth than in the other cities.

The last wage increase of \$5 became effective July 1, 1911. It was put into effect as a compromise with the city council made the year before. In 1910 the aldermen offered to raise wages \$2.50 a month, pleading that any further outlay could not be made. Instead of accepting this, officers agreed to wait six months, on condition that a \$5 raise be put into force after that time. This was done. On Jan. 1, 1913, commissioners allowed mounted patrolmen \$5 more a month to cover additional expense in connection with caring for horses. Rate of 20 per cent. Just how much of an increase the council will be asked to vote upon has not been decided. While members of the force insist that a 20 per cent raise will merely bring Duluth to the point equal to other cities of the same class, it is probable that the committee will fix the exact sum at their conference with the safety division head. While Commissioner Silberstein has not committed himself in regard to the police salary question, his stand for higher efficiency and better officers in the department has left the impression that he will favor any betterment of police conditions. When the committee, with the safety commissioner, presents the case to the council, they will be armed with a petition signed by every member of the de-

partment, urging that favorable action be taken.

PLEURISY CAUSED MRS. HUNN'S SUDDEN DEATH

An attack of pleurisy caused the

death of Mrs. Emil E. Hunn, 51, 226 Second avenue east, who was taken ill on Superior street Monday evening and died in the M. M. Gasser company store, 209 West Superior street. Coroner C. F. McComb made a post-mortem examination yesterday.

Funeral services will be held tomorrow morning at 9 o'clock from the Catholic cathedral and burial will be in Calvary cemetery.

E. V. Fuller of Park Rapids, husband of Mrs. Hunn's daughter, and Mrs. Emma Hittner of Minneapolis, a close friend of the deceased, arrived in Duluth yesterday.

Russian government is preparing for the early issue of an internal loan of 1,000,000,000 rubles, (\$500,000,000). The interest rate will be 6 1/2 per cent. The loan will run for a short term.

Facts Worth Your Consideration About

Oriental Rugs and Carpets

—Third Floor.

It has been our one great aim for years to make this store at the Head of the Lakes the supply center for Oriental Floor Coverings. It is most gratifying that our efforts have not been in vain, but to the contrary, very successful. The fame of our Oriental Rugs and Carpets has spread far and wide. We are not alone selling rugs in every section in the state, "Twin Cities included," but also into many far-away corners of the land.

Never before were we in a position to offer so many meritorious and really beautiful specimens of Oriental Rugs as at the present time.

Our buyer's expert knowledge of weaves, designs and colorings were never exercised with more discrimination and good taste.

We invite your critical inspection of our collection. You will enjoy the display.

36-inch Crepe de Chine

Beautiful soft qualities in a great range of light and dark colors; popular silk fabrics for waists, evening gowns and wraps, moderately priced, yard... \$1.00

50-inch Wool Plaids

Proper weights for skirts and suits, all the Scotch tartans—At \$1.25 to \$1.75 a yd

Our New "GloveFitting" Corsets

Are Decidedly New

This season has brought us decidedly new features in corsets.

Higher bust,
Taken in at the waist line
Flare at the hips
Woven silk and embroidered trimmings

The shape is different, as you will note by the bust, waist and hip changes. They are not glaring changes, but they are there with a subtle difference in style that well-dressed women will detect immediately. You should fit all your new dresses over these corsets just out, because they are made especially for the wider skirts.

Prices \$1 up to \$5

CAMERON SELLS QUALITY FURNITURE!

BEST SHE HAS EVER TAKEN PLANS MOTOR EQUIPMENT

Tanlac Did Duluth Woman More Good Than Any Other Remedy.

Suffered From Indigestion and Nervousness Until She Found It.

Mrs. L. S. Smith got more relief from two bottles of Tanlac than from any other medicine she has ever taken. At least that is what she told the Tanlac Man this week, and among Mrs. Smith's friends her word is not questioned. She resides at 117 South 6th & Northern ore docks. She has lived in Duluth for ten years and is well known in the western end of the city. Where she has made her home, she suffered from indigestion and nervousness, and the Tanlac Man told her she had indigestion for the last ten years. "I suffered from pains in my stomach after meals and was much annoyed with gas in the stomach also. I saw Tanlac advertised and bought some. I have taken two bottles and it has given me more relief than any medicine I have ever tried. My appetite is now good and my nerves quiet." Tanlac, the wonderful remedy which Mrs. Smith endorses as so many other Duluthians have done, may be purchased in Duluth from the store of William A. Abbott, "the careful druggist" at 219 West Superior street, where Claude J. Merodith, the Tanlac Man, or one of his assistants is constantly in charge. Tanlac may also be purchased at the Abbott branch stores, 101 West Fourth St. and 932 East Second St. —Advertisement.

LITTLE INTEREST IN STATE LAND SALE

Nineteen Descriptions Are Bid in for the Appraised Value.

Nineteen descriptions representing 760 acres of school and other state lands were sold today at the monthly sale conducted by Oscar Arneson, manager of the land department of the state auditor's office, at the courthouse this morning. Several bidders were present, but the bidding was not spirited and most of the descriptions were bid in for the appraised value. The purchasers were: Mrs. Oliver G. Dutton, Chisholm, 200 acres; Charles Hallack, Hibbing, 140 acres; Joseph Haude, Farmington, 120 acres; Joseph Ute and M. Grahek of Chisholm, each 80 acres; Simon Bekkala, Duluth, Klaskan, Virginia, and M. V. Hovde, Duluth, each 40 acres. Prospective purchasers of state land who desire to have certain parcels not now listed placed on the market should notify the state auditor's office, according to Mr. Arneson.

Works Commissioner Is Arranging for Better Outfit for Spring Work.

Old Armory Will Be Headquarters—Auto Oil Sprinkler.

Before the paving season starts next spring Commissioner Farrell, head of the works division, plans to purchase another motor truck, an automobile oil sprayer and to have a complete concrete testing laboratory opened in the old Armory building. The two trucks, Commissioner Farrell said this morning, will be used in hauling crushed rock and dirt wherever pavements are to be repaired, so that the workmen will be able to start on the improvements immediately after the spring season opens. In addition, the trucks will be used in improving the roadways leading out of the city. The automobile oil sprayer, which will cost approximately \$4,500, will be used in oiling all the streets next summer. One of the small rooms at the Armory is to be used as the concrete testing room, where apparatus is to be kept at an even temperature throughout the year for testing purposes, Mr. Farrell said. The works levy for 1916 includes an appropriation of \$10,425 for new equipment.

ILLINOIS STEEL MEN VISIT PLANT

Three Look Over Duluth Steel Works to View Progress Made.

Three officials of the Illinois Steel company of Chicago were in the city yesterday and in company with George L. Reis, vice president of the Duluth Steel company, and S. D. Sheldon, general superintendent, made a trip yesterday afternoon through the plant. In the party were E. J. Buffington, president of the Illinois Steel company; T. J. Hyman, secretary and treasurer of the company; and J. H. Walker, general sales manager for the Illinois Steel company. The visit is said to have been merely to view the progress made in the construction of the local plant. The three officials left last evening for Chicago.

IMAGINATION GETS LOOSE. Paul Swantek Alleges Robbery But Money Is Found on Him.

"I've been robbed!" shouted Paul Swantek yesterday, as he waved his arms and ran up and down the waiting room at the Union station. "How much did they get?" asked Julius L. A. Root, after he had arrived on the scene in answer to a police call. "One hundred and forty dollars—every cent I had," was the reply. "How much did you have?" "One hundred and seventy dollars." "Didn't you spend any?" "Yes," said Swantek, "I paid \$30 for this suit and spent \$7 for other things." Officers found \$141.70 in Swantek's pockets and concluded that the \$7 had gone for liquid refreshments. It cost him \$7 more in municipal court today, when he said he had been drunk. Don't forget Haley's special 40c dinner. Every day from 11 to 2 p. m.

WHERE one likes to linger—the Tea Rooms—far above the noise and dust of the city's streets. A place where the lunch hour offers genuine rest and refreshment—in the best sense of both words.

The Glass Block

WE TAKE a just pride in the wonderfully up-to-date equipment, expert service and scientifically clean treatments, which we offer in our third floor Marinello Shop. A woman can be sure of absolutely sanitary surroundings in these attractive and luxuriously appointed parlors. (Third Floor—Glass Block.)

Now for Our Quarterly Clean-Up of Waists!

A typical Glass Block event—startling values offered simply because of our rigid rule that absolutely nothing shall "go over" a season! These are long sleeve, "this season" waists—we've been selling from \$6 to \$8.50, they go tomorrow—200 of them—for

\$2.98

(The group is made up of odds and ends—"ones and twos" of a kind—Georgette crepe, crepe de chine, shadow and radiant lace effects, Pussy Willow silk, etc. Flesh, white, maize, blue, green navy, black, all the popular styles and colors. Second Floor.)

This Is Marabou Weather!

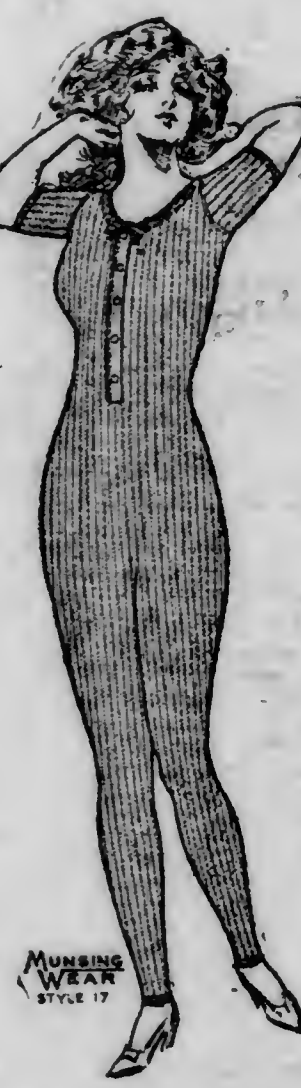

We're showing marabou by the yard, as well as in muffs, scarfs and combination sets. There are smart new muffs at \$4.50, \$6.50 to \$10.00 and all sorts of scarfs at \$1.98, \$2.50, \$3.50, \$5.00, \$5.50, \$6.50, \$8.98 and \$9.98. We're also showing

Fur Trimmings By the Yard for Your New Tailor Suit

Just what you need to give the final touch to that new suit you're having made. Skunk-Opossum for (1-inch width, at \$2.50 a yard) (and 3-inch width at \$2.98). Sable-Opossum, in 1, 2 and 3-inch widths at \$1.98, \$3.50 and \$4.98. Beaver in 1 and 2-inch widths, \$2.75 and \$4.50. Stone Marten in 1 and 2-inch widths, \$1.89 and \$3.50. Ask to see them. (Neckwear Dept.—Main Floor)

Munsing-Union Suits Will Please You

From every point of view Munsing Underwear is satisfactory. It's easy on your pocketbook because of its durability and washability, and its original low cost. It's pleasant to feel of, to touch, and wear next to the skin, because of its fine quality. It's agreeable to look at. It actually improves in appearance after each trip to the laundry. It's a splendid foundation for a stylish dress, because it fits the form perfectly. Several million well-dressed Americans think it the most sensible, serviceable and satisfactory underwear they can buy. They must think so or else the demand for Munsing-Union Suits would not increase so rapidly each succeeding season. We'd like to show you the new weights in Munsing Union Suits for Fall.

MUNSING WEAR (Underwear Dept.—Main Floor.)

"Fresh and Charming As a Flower"

It's the touch of color that "sets off" many a party frock. And there's nothing daintier, lovelier, more colorful than the wonderful little ribbon-made buds and posies and corsage bouquets we're showing in the

Exhibit de Luxe of Ribbon Craft!

It's new in Duluth—new in the Northwest—this wonderful art of the "Bog" flower artists, who've been the talk of Palm Beach and New York the past few months. See our windows tomorrow—or, better, this marvelous ribbon flower-craft display, itself

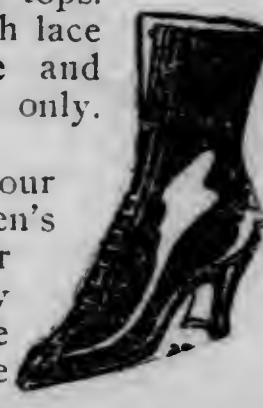

Be Sure to See It Tomorrow!

Notice the Fine China We're Showing in Our Windows!

We can't say it often enough—The Glass Block has just as large and varied a stock of fine china as of fine apparel for women—and at prices equally moderate. More and more, Duluth women are coming here for the finest in imported dinnerware, open stock patterns in Haviland, English, French, Austrian and German ware, in new and beautiful patterns. As for domestic ware, plain white and decorated, we are showing the largest display to be found in Duluth today! If you are looking for a piece of fancy china for a gift, it's a fact that you'll do "better" in our China Shop. We've hundreds of attractive pieces suitable for presents. At typical Glass Block prices, too! Here, for instance, are some in inexpensive things suitable for gifts: Dresser trays, 75c; dresser sets, \$1.25; berry bowls, 48c; baby plates, 50c; bread and butter plates (hand painted), 48c; sugar and creamers, 98c.

Have You Seen This New "Gypsy" Model Yet?

It's the "very latest" in women's footwear (\$8.00). We're showing it also in blue kid, as well as in bronze—all three colors, or without the popular fur tops. Alluring little models and they're going like hot cakes. (All are genuine Geo. W. Baker lasts). Made with the high (8½-inch) tops. The gray model comes in both lace and button styles; the blue and bronze models in button only. (Bronze, \$9.00; blue, \$8.00.) Of course, we're also showing our regular Baker lasts in women's shoes at \$5 and \$6 a pair. (Our Fall stock is the largest and by far the most interesting we've ever shown. You'll enthuse over the new style features.)

"Bring Your Children Here for Shoes" or Send Them!

You know you can send them here in perfect confidence that they will receive the same courtesy and attention which they would receive if accompanied by you.

Use our shoe repair department; work called for and delivered free.

Make the New Silhouette Yours Now!

You can attain the new figure lines with ease and comfort in the proper corset. May we suggest American Lady Corsets. If you've never worn an American Lady Corset, try the model designed for your particular needs, and note the improvement in your figure—in your entire appearance. American Lady Corsets, worn everywhere by the best dressed women, afford beauty of line, grace and ease, pleasing the most particular. American Lady Corsets are warranted to wear and not to rust. We'd like to show you the latest models in these popular corsets. Won't you let us? (Corset Dept.—Third Floor)

The Glass Block

Untrimmed Hats

Halloween Is Coming! Lets Us Help You Get Ready!

OF course you're planning to celebrate Halloween! The goblins are comin'—soon—and now's the time to get ready, with owls and witches and black cats and all the other shuddery and delightful things that help set the stage for a true Halloween party! We can help you, for we've dozens of brand new ideas in table favors, crepe paper, pumpkin gift-pies, etc., to say nothing of all the quaint orange-and-black novelties of "standard type." Do let us show you our new and cunning nut cups, place cards, etc. You'll find just what you want! (Favors Dept.—Main Floor)

Two Thursday Bargains in the Book Shop!

Webster's Unabridged Dictionary, in cloth binding; indexed, with 3,000 illustrations, 1,761 pages (the "book every family ought to own"), special **89c** tomorrow. Same in leather binding, **\$3.50**.

Ask for Toric Lenses!

Increase your field of vision by wearing Toric lenses. The concave shape of these new lenses conforms to the shape of your eyeball, and eliminates the annoyance of rear reflections. Toric Lenses are far superior to the flat lenses. Consult our optometrist and learn more about them. (Optical Dept.—Main Floor)

Just In—Children's Wash Chamoisette Gloves

A new shipment—whites, tans and grays, in all sizes, at 50c a pair. (Ideal gloves for children, because they combine the elements of durability and washability with that of real attractiveness.) We are showing women's chamoisette gloves, made with self or black stitching (2-clasp), in white, gray or black, 25c a pair. Better qualities in women's chamoisette gloves (2-clasp, white and sand), at 50c and \$1.00. (Glove Dept.—Main Floor.)

Y. M. C. A. SPEEDWAY CONTEST OPENS WITH AUTO PARADE

"Getaway Day" in Association's Big Campaign for New Members.

Eleven "Drivers" Start on Journey That Will Last Four Days.

With an automobile parade extending over several blocks and carrying nearly fifty machines, all carrying booster banners and some highly decorated floats, the speedway contest of the Y. M. C. A. was opened shortly after noon today.

Headed by a band in a motor truck the parade left the Y building at 12:15 o'clock and traveled on First street to Third avenue east, where it turned west on Superior street, going through the heart of the downtown business district to Twenty-second avenue and then returning to the Y building, corner of Third avenue west and Second street. A large of tin horns intermingled with the racket of signal instruments on the autos marked the progress of the parade and drew the business men into the street to rob the banners.

This is getaway day at the Y. The eleven noted drivers who have entered to compete in the great membership speedway contest, spent the entire

GEORGE WILSON.

morning tuning up their cars and arranging every detail for a successful start. The barrier went up shortly after 1 o'clock and the race was on. The entrants and their cars follow: W. L. Yalc, Cadillac; Joe Moore, Chandler; L. J. Frey, Chevrolet; M. M. Hanna, Dodge; Lawrence Dubs, Ford; H. W. Zimmerman, Hudson; George Clark, King; W. A. Kingston, Kissel; Ray Fenton, National; R. A. Bartholdi, Paige; and Harold H. Jungck, Studebaker.

Bulletin of Race. The course is 750 miles, marked in sections of fifty miles each. Large bulletin boards in the reading room of the Y and in the downtown office of the Omaha road, will show the positions of the cars at various hours of the day and evening. That these will be closely watched is a foregone conclusion. Each new member secured by one of the drivers adds five miles to his distance and each dollar paid in dues adds one mile.

Among the booster banners in the parade were: "Do It For Duluth"; "Boost For the Duluth Y. Finest Gym in Northwest"; "Join the 500 Club"; "For Your Health's Sake Join the Y. M. C. A."; "Special Terms in Speedway Contest"; "Baseball—Played All Winter at the Y"; "Be a Booster, Join the Y. M. C. A. Speedway Contest"; "Swimming All Winter at the Y—Filtered Water Always Warm."

The local Y. M. C. A. now has 1,543 members and, it is expected, the speedway contest will bring in at least 600 more. Those who join before now and Saturday evening, when the contest closes, can do so for \$10. After that the membership fee will be \$12.

All of the committeemen on cars will assemble tomorrow evening at a supper which will be served at the Y at 8:15. Speeches will be made by Bentley P. Neff and by George Wilson. The meeting will be over by 7:45.

Don't Need Members. The campaign is not being held because the association needs the members, as it is now at its high water mark, but because the "members need it," as one of the drivers phrased it. It is felt that there are many young men in the city who should belong and do not.

What Mr. Olcott Thinks. In a letter addressed to George Wilson, manager of the speedway contest, W. J. Olcott, president of the Oliver Iron Mining company, highly commended the great work which the Y. M. C. A. of this city is doing. He says: "Replying to your favor of the 8th instant, asking for my views in regard to the Y. M. C. A. organization of Duluth, and especially in connection with the speedway contest for new members, would say that it is a great pleasure to be able to give my qualified indorsement of this institution."

"I have been an active member of the association for over twenty years and have each winter taken advantage of many of its privileges and activities, from all of which I know I have derived very much benefit. As an evidence of my views relative to the benefits that may be derived by young men and its influence, I would like to again pay half the membership fee of twelve young men in the employ of the Oliver Iron Mining company in the city of Duluth. With my best wishes for the success of your campaign, and again assuring you of my hearty interest in what I consider one of the most effective and helpful institutions of this city, I am, sincerely yours, "W. J. OLCOTT."

YOUTH SUES FOR FALSE ARREST

Alleging malicious persecution, Max Snider, a minor, today in municipal court before Judge W. L. Windom, started suit to recover \$100 damages from Joe Popkin, furniture dealer, for false arrest.

On May 13, last, a warrant charging forgery was signed by Popkin and Snider was placed under arrest. He was released later, the municipal judge before whom he was arraigned ruling that the boy had not committed an offense sufficient to warrant binding him over to the grand jury.

Snider, through his attorney, today

It is cash buying and selling only that make these prices possible

This is the store without charge accounts. No interest charges, no "bad" accounts to add to the cost of doing business. WE know this positively. But the only way we can prove it to you, is for you to come and make comparisons. Tomorrow is a good time.

BELLIGERENT IS INTERNED
Arrested in a West Superior street saloon last night when he threw his hat on the floor and dared somebody to fight him, Stans Sankoski, 23, faced a highway robbery charge in municipal court today. He asked for a \$500 bond and will be heard tomorrow morning.

A John Doe warrant, signed by Berger Olson, 107 Vernon street, was used by police, who believe Sankoski is one of the two men who slugged Olson Sept. 24 and robbed him of two checks and a gold watch, on lower Garfield avenue.

He has been arrested twelve times, eight of which have been since December, 1912. Holdup, burglary, assault, vagrancy and disorderly conduct are some of the charges. In April, 1914, after sentencing Sankoski to the state penitentiary for five years for burglary, District Judge Dancer placed him on parole for one year.

A Timely Enterprise.
The Herald is authorized to announce that a new and complete Atlas of the City of Duluth has been prepared, and will be placed on sale in a short time. This work has been undertaken by The Duluth Engineering Co., 612-616 Pacific building, with the cooperation of the Duluth Real Estate Exchange, and will be a complete and accurate delineation of the entire platted area of the city and suburbs. It will be published in the form of a book, with sheets can be readily inserted, or plates that are rendered useless by new plating can be replaced. By this means the atlas will be kept up to date with a minimum of trouble and expense. The lot platting is drawn on a scale of 200 feet to 1 inch; and all improvements, such as buildings, water and gas mains and sewers, are clearly shown on the plates. This enterprise is certainly very timely, as a large amount of new platting and many rearrangements of old plates have been made since an atlas has been issued, and the certainty of a marked revival in the real estate market, in the near future, will make this new publication indispensable to the entire community in a large way in the ownership and transfer of real property.

That man never saw me before," shouted Sankoski, who is an ex-convict and an old offender, today when confronted by Olson. "I wasn't in Duluth on Sept. 24."

Stephen M. Cody, bartender at a saloon at 232 West Superior street, has identified Sankoski as the man who cashed a D. M. & N. check for \$24.55, made out to Berger Olson, on the night of the robbery. He signed Olson's name, police say the bartender has testified.

FITGER RETURNS SANS CONVENTION

National Brewers' Association Will Likely Meet at Philadelphia Next Year.

August Fitger returned today from Springfield, Mass., where he was in attendance at the annual convention of the National Brewers' Association. Mr. Fitger hoped to be able to land the next convention of the association for Duluth, but although the next meeting place of the brewers has not been definitely decided upon, Mr. Fitger said today that there is no likelihood of its being awarded to Duluth. Mr. Fitger carried his fight for Duluth before the convention's committee, but due to the lateness of the date upon which the date of the next convention falls, it has been virtually decided that the brewers will not meet here. It is likely that Philadelphia will be decided upon as the next convention city.

SENTENCE COMMUTED.

Mike Ticech, Sentenced for Grand Larceny, Eligible for Pardon.

Mike Ticech, alias Matt Ticech, who was sent to the state penitentiary from St. Louis county in March 1913, after he had been found guilty of grand larceny in a second degree, had his sentence commuted by the state pardon board in session at St. Paul this morning. The commutation makes him eligible for parole. Ticech was arrested in December, 1912, on a charge of stealing \$240 from one Matt Pann at Virginia. In February of 1913 he was brought to trial before Judge Martin Hughes and a district court jury was found guilty. The court sentenced him to Stillwater on the indeterminate plan. The state provides a punishment not to exceed five years for grand larceny in the second degree. The pardon board this week commuted the maximum term in Ticech's case to three years. The board recently listened to appeals in 139 cases. Four pardons and twenty-one commutations were granted.

BETTER RESULTS IN FIRST YEAR ENGLISH IN D. C. H. S. UNDER NEW PLAN

Reports of the first six weeks' work of the students of Central high school began coming in yesterday, one of the features of which was the excellent showing of the freshmen English classes. About two years ago a movement was started in the grade schools to make the grade school pupils more efficient in English and better prepared to start the higher English of the high schools. The work has already shown results, for the first year students at Central have shown promises of exceptional ability in the English classes. In grammar and most literary work the freshmen have greatly pleased their instructors and the most important study in the school curriculum is expected to prove more interesting to the students of the future than has heretofore been the custom. In all other subjects the members of the first year classes are about normal in their standings. The reports for the first school month will be distributed next week.

DECLARES "WETS" LABOR'S WORST ENEMIES

State Senator Jones Addresses Men's League of First M. E. Church on Organized Labor and Prohibition.

That organized labor's worst enemies are the men who are fighting the prohibition movement, State Senator Richard Jones declared last evening in an address given at a banquet of the Men's league at the First M. E. church. More than 100 men were in attendance. "The trend of sentiment in organized labor is toward prohibition," declared Senator Jones. "Prominent leaders in the movement, as well as many craft journals, are coming out openly on the dry side of the question. 'Some of the leaders in Minnesota have stated that organized labor had nothing to expect from the 'drys' in legislation. An examination of the records of the last session of the Minnesota legislature furnishes an effective answer to that statement. Three bills of paramount importance to organized labor were considered, namely, the suffrage, direct legislation and the workmen's compensation law. 'For the last twenty-five years equal suffrage has been the leading political demand of the labor movement. There were thirty-one 'wets' in the senate at the last session, twenty-eight of whom voted against the measure. 'Wets Vote Unfriendly. 'Twenty-five out of thirty-one 'wets' voted for an amendment to the initiative and referendum, which, if adopted, would have destroyed the purpose of the bill. Two amendments were offered to the workmen's compensation

bill, which had the endorsement of the State Federation of Labor. There were twenty-two votes in favor of the first amendment, only seven in favor of the second and sixteen were 'dry'. There were sixteen votes cast in favor of the second amendment, thirteen were 'dry'. The records of the house show practically the same lineup. 'Every trade union leader in America cautions his men to avoid the use of liquor in times of strikes. No one puts that this is a good thing to do. If the worker needs to keep his head at any time in his life it is when he is engaged in a strike. It is a good thing to avoid the use of liquor in times of industrial war, why then it is a good thing to stay away from times of peace?'

'According to the report of forty-three leading insurance companies in the United States and Canada, the life of the average bartender in short-lived seven years because of the business in which he is engaged. These insurance companies appointed a committee of the most eminent actuaries in this country to make an investigation. They examined the records of 2,000,000 lives and the records covered a period of twenty years. 'They reported that the death rate of the brewery workers in this country is 52 per cent higher than the normal death rate, while the rate among waiters is 25 per cent higher. In places where liquor is served is 77 per cent higher. This high death rate has the lower thread running out question as to what the workers receive as their 'share' of the product. Suffering is not limited to the workers themselves, but extends to the widows and orphans as well.

The United States census reports show that \$20,250,000 is invested in the malt liquor business in Minnesota. It gives employment to 1,653 wage earners at an average wage of \$11.10 per week. In foundry and machine shop products \$16,873,000 is invested, which gives employment to 6,002 wage earners at an average wage of \$12.51 per week. \$12,139,000 is invested in car and general shop construction and repairs by steam railroads, which gives employment to 8,232 wage earners and pays them \$13.05 per week; printing and publishing business has \$13,905,000 invested, gives employment to 1,641 wage earners and pays them \$12.46 per week; \$1,718,000 is invested in the manufacturing of tobacco. This gives employment to 1,813 wage earners at an average wage of \$11.97 per week.

'According to these figures, to keep one wage earner in Minnesota employed in the business of liquor manufacturing requires a capital investment of \$15,642; foundry and machine shop, \$2,811; car and general shop construction, \$1,601; marble and stone, \$1,601; slaughterhouse and meat packing, \$4,102; publishing and printing, \$2,448; and tobacco manufacturing, \$1,065. It will be noticed also that the average in all these industries average higher than in the liquor business. The liquor business in Duluth is a tabulated, but in all manufacturing industries named in this city the average capital investment of \$17,709,000, or less, is invested in the entire liquor manufacturing industry in the state of Minnesota. In Duluth this gives employment to 6,002 workers, or nearly four times as many as are engaged in liquor manufacturing in Minnesota, who collectively receive 730 and 630 o'clock a day, or an average of \$11.36 per week. Senator Jones was followed by Stiles P. Jones of Minneapolis, who had his experience in the recent county option election. Mr. Jones, who is a J. W. Hoffman introduced both speakers. Miss Esther Gombert's orchestra furnished a musical program. During a short business session the following officers of the club were elected for the ensuing year: President, M. T. Thompson, president; R. R. Forrester, vice president; J. W. Wilke, secretary and treasurer. J. G. Annand, George Martin and Dr. J. G. Annand, comprise the board of control.

ANOTHER AUTO STOLEN.

Machine Found About Hour Later; Eleventh Motor Theft.

An automobile belonging to M. A. Nuckles, 1330 East Sixth street, was stolen between 7:30 and 8:30 o'clock last night at it stood at a curb near Seventeenth avenue east and Sixth street. Mrs. Maynard, 1511 East First street, telephoned police headquarters an hour after the loss was reported and told Sergeant Albert Weber that she had done Ford car was standing in front of her home. It was later identified as the stolen machine and returned to its owner. This is the eleventh offense of the kind in two weeks.

Land Viewers Take Oath of Office and Prepare for Work.

Olar G. Olson and D. O. Anderson of this city and James Gilvan of Floodwood, appointed as viewers to assess benefits and damages against land affected by the establishment of Judicial Ditch No. 4, today held their first meeting at the office of the district clerk and made plans for an inspection trip next week over the area to be drained. The viewers also filed their oaths with the court clerk. The ditch, when completed, will drain an area of about 30,000 acres in the district southwest of Albany and east of Floodwood. The project will cost about \$75,000. The petition for the establishment of the ditch was filed with the court last March.

Postmaster at Mason City, Wash., Oct. 20.—President Wilson today appointed A. J. Killmer postmaster at Mason City, Iowa.

TEACHERS TO GO TO SCHOOL

Classes Formed for Sunday School Instructors of Duluth.

Will Meet Weekly to Study the Bible and Teaching Methods.

Duluth Sunday school classes will no longer be taught by inexperienced, untrained teachers, some of whom know little of the Bible and less of pedagogy.

Last evening at the Y. W. C. A. seventy-eight Duluth Sunday school teachers enrolled in the new training classes which will meet every Tuesday evening during the winter to study the Bible and methods of teaching.

The class is being formed under the joint auspices of the state Sunday school association and the Interchurch Council. It is expected that fully 100 teachers will be enrolled by the time the next meeting is held.

At the meeting last evening Rev. R. C. Miller outlined the schedule of studies and Mrs. McLeod gave a talk on the executive committee of the Council. In charge consists of Rev. J. W. Hoffman, Rev. C. N. Thorp, Rev. J. J. Moe and Rev. E. East.

The faculty will include Mrs. C. M. Wilson, Prof. Taylor of the Central high school, Rev. R. C. Miller, L. Hoffman, Rev. C. N. Thorp, Rev. J. J. Moe, J. W. Walker, J. A. P. Neal and J. M. Lecker, state secretary of the Sunday school association; Nor-

MEAT INSPECTOR AND ALDERMEN WRANGLE

Virginia Councilmen Assert Subordinate Is "Too Personal."

Virginia, Minn., Oct. 20.—(Special to The Herald.)—"I move you that the report be thrown in the waste basket." The above, was shouted by Alderman Elmer Matheson at the council meeting last evening after Meat Inspector Fred Engle had charged in his report that Fred L. Schoening, a local meat dealer, was charging high prices for his meats and trying to deceive the public. Alderman Harvey seconded Alderman Matheson's motion, but Inspector Engle managed to get the floor. He made an only trying to defend myself against the charges that have been made that I have been discriminating in the matter of cattle slaughtered at the slaughter house," cried Engle. "I have shown no discrimination." "Mr. Engle is too small for his job," retorted Alderman Harvey. "He is continuing his personal grievances against me by shoeing to the council. He has the power to have meat dealers arrested if they violate the law and that is what he should do, if he finds violations. I believe Engle has not been sincere in his reports. He is too personal." Engle claimed Alderman Harvey, as head of the health committee, had taken aldermen to see the slaughter house, but had not invited him to accompany the aldermen. "Well, I took your superior officer, Dr. J. H. Crowe, the health inspector," was Alderman Harvey's reply. After Alderman Harvey had replied to Engle, Alderman Matheson got the floor. "If there had been meat inspectors here ten years ago when you was a meat dealer in Virginia, you would have been put out of business." "Well, you bought your meat from me, didn't you?" cried Engle. "Yes, but I sent a lot of it back," was Matheson's retort. The matter was finally settled by having the report referred back to Engle with instructions to omit the portion believed to be personal by the council.

OLD AGE A CRIME!

Some people are young at 60—red cheeks, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit; step beginning to lag and you're springless; occasional touches of rheumatism; and a general feeling of weariness, and possibly a twinge of rheumatism. In most cases, these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are accumulating in your body. To neglect these natural warnings is a crime against yourself. If you have these symptoms, you can find prompt relief in GOLD MEDAL Haslam Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments. GOLD MEDAL Haslam Oil Capsules are imported direct from the laboratories at Haslem, England. Prices are 25c, 50c and \$1.00. Get them at your druggists. Do not take a substitute.

People Ask Us

What is the best laxative? Years of experience in selling all kinds leads us to say—

Reall Orderlies

as the safest, surest and most satisfactory. Sold only by us, 10 cents.

E. M. Tredway.

Football Squad Busy.

Chisholm, Minn., Oct. 20.—(Special to The Herald.)—The Hibbing high school football squad motored to day for a practice game with the local Chisholm high school here on Saturday. The Chisholm boys made a good showing in their game with Gilbert on Saturday and are working hard over evening this week and it is expected that the game with Chisholm on Saturday will be an interesting one.

ASQUITH'S CONDITION IS MUCH IMPROVED

London, Oct. 20.—The condition of Premier Asquith, who was suddenly taken ill yesterday, was described by his physicians at noon today as satisfactory. The following bulletin was given out: "The prime minister passed a satisfactory night. He is feeling much improved. He will be confined to his room all day."

"Just the Thing."

A tailor's work is sedentary. That is why most tailors suffer from constipation. G. W. Robertson, Wichita, Kan., says: "I find Foley's Cathartic Tablets the most delightful. They are just the thing." They keep the stomach sweet and the liver active, drive away headache, biliousness, tired feeling, biliousness, bloated and indigestion, and prevent constipation. Prompt and effective, without griping or pain. Stout people praise them for the light free feeling they give.

ROYAL LEAGUE

Ruth, No. 314, and Zenith, No. 161, Councils will have two classes for anniversary night, Thursday, Nov. 25, 8 p. m., at the Masonic Temple. Entertainment, cards and a big supper. All members invited.

CITY BRIEFS

Loose Leaf and Filing Supplies. M. I. Stewart company, stationery department. Phones 114.

Church Services Suspended. Owing to the absence of the pastor, Rev. C. N. Thorp, in attendance upon the meeting of the National Congregational council at New Haven, Conn., there will be no preaching services of the Lutheran church next Sunday. The Sunday school and the young people's society will meet as usual. All services will be resumed Oct. 31.

Stevenson Injured. Christ Olson, 27, stevedore at No. 3 merchandise dock of the Northern Pacific railroad, was injured about the leg yesterday afternoon when several barrels, suspended from a crane, swung against him. He was taken to St. Mary's hospital in the police emergency.

Knocked Down by Jitney. Edward Allen, 43, was knocked down by a jitney bus driven by O. E. Thompson, 61 East Fourth street, last night as he was crossing Superior street between Sixth and Seventh avenues west. Thompson took the man to St. Luke's hospital, where it was found that he was but slightly injured. Allen lives at the Bethel. Witnesses exonerated the jitney driver.

Athletes Will Dance. Preparations have been made for the opening dance of the Zenith Athletic club which will be held next Saturday evening at the club's rooms over the Sunbeam theater. Flauten's orchestra will furnish the music. Refreshments will be served.

Johnson & Kneke, Dentists. Have moved to suite 600 Alworth Bldg.

Will Present Death Claim. In order to prosecute a claim for the alleged wrongful death of her husband, Mrs. Victoria Penkovic has petitioned the probate court for letters of administration on the estate of Charles Penkovic, who died in this city Aug. 6, 1914, aged 24. Mrs. Penkovic resides at 704 Garfield avenue.

To Administer Estate. Mrs. Carolina Jacobson of Eveleth today petitioned the probate court for letters of administration on the estate of her husband, John P. Jacobson, who died at Eveleth, Sept. 17, 1915, aged 43. Jacobson left an estate of \$250 to be divided among the heirs. Besides a widow, three sons and two daughters survive him.

Hit By Auto; Not Hurt Much. George Munsey, 1430 East Superior street, struck Oney Haley, transient, with his automobile last night as Haley

opened by G. G. Hartley and dedicated to the city. He asks \$2,500 for the entire tract. The communication will be read at the council meeting Monday.

Petition for Sewer. A petition was filed with City Clerk Borgen this morning for a sanitary sewer in North alley, between Thirtieth and Fourteenth avenues east. It will be presented to the commissioners at the meeting Monday.

A CHANCE FOR THE AMBITIOUS

"The many new night school courses in addition to the regular courses offered at the Business University certainly give ambitious young people a chance to prepare themselves to push ahead in the business world."

JOHN WAHL, CANDY CO.

MOONSHINERS PLEAD GUILTY

Port Smith, Ark., Oct. 20.—Seven men on trial charged with conspiracy to defraud the government in the manufacture of moonshine whiskey pleaded guilty in the United States district court here today. Sentence will be passed tomorrow. The case against Fred Bowles of Port Smith, the eighth defendant, was nolle prossed. The defendants went to trial yesterday and their action today was a surprise. Those who entered the guilty pleas today were: John L. Casper of Kansas City, alleged head of the conspiracy; George Hartman, Kansas City, an alleged employer of Casper; Charles Brewbaker, Kansas City, also an alleged Casper worker; John Farabee, Harrison, Ark., formerly a government gauger; S. L. Williams, Winston-Salem, N. C., former revenue agent, who resigned from the government service to enter business with Casper; John Coffey, Port Smith. The remainder of the twenty or more defendants alleged to have been involved in the conspiracy through lost thousands of dollars in fines, and who are under indictments, will be placed on trial in January. It was announced they include Knox Booth of Nashville, Tenn., former superintendent of the Tennessee revenue division of the government's service.

FOR SELLING LIQUOR.

Two Colored Law Violators Arraigned But Hearings Postponed. Charles Brody and Alex Handel, both colored, were arraigned in municipal court today for a hearing on charges of keeping unlicensed drinking places. Handel is the proprietor of a negro bar at 129 West Michigan street, and was arrested Sunday in a police raid. Brody is proprietor of the Markkan hotel, 116 1/2 West Michigan street, also raided last Sunday. It was in this place that "Sunny" Green, a negro, shot and seriously wounded his wife, Georgia, who now is in St. Luke's hospital.

Because of a delay both hearings were continued until tomorrow morning. Brody's bonds of \$100 were continued, while Handel went back to jail in default of a similar amount.

IS FOR PAVEMENT.

A. E. McManus Not Opposed to East First Street Improvement. Reports that he was circulating a petition opposing a pavement on East First street were denied this morning by A. E. McManus, who said that the petition was a request for a pavement from Sixth to Twenty-third avenues east.

"I don't see how the report got out that we are opposed to the movement," said Mr. McManus. "Watson S. Moore and myself are now circulating the petition for a pavement to be laid next spring. It was announced at the city hall today."

Some of the owners claim that the city should repair the present macadam street which with proper repairs would be in good condition for several years to come.

House Is Dynamited.

Ladysmith, Wis., Oct. 20.—(Special to The Herald) Twenty pounds of dynamite placed near a hot stove in yesterday exploded, blowing the house to atoms. No one was in the house at the time.

Piano Bargains

Few of the Great Bargains Left to Close Out at 50c On the Dollar. Come out of the high rent district and get real piano value, especially on good used pianos and player pianos. \$150 player piano, almost new, \$75. \$200 player piano, slightly shopworn, \$450.

\$275 piano, slightly used, \$135. \$450 piano, rented one month, \$250. A few of the above give some idea what real piano bargains are at our store.

THE STORE FOR SERVICE. 113-115-117-119 WEST SUPERIOR STREET, DULUTH, MINN.

See the \$650 Tatting Bed Spread in Right Show Window, Main Entrance

One of Europe's noted queens is said to have the only similar spread in existence—but we do not know whether that is true or not.

However, we do know that this exquisite spread is made entirely of hand-made tatting. A skilled tatter was three years in making it.

It has been brought to Duluth because Duluth women are connoisseurs of lovely laces and undoubtedly some of Duluth's wealthy woman will want this spread for their very own.

This wonderful piece was made of No. 30 D. M. C., which you know is very fine and very strong and which we have in our Art Department.

Some who have seen it have said that they would not think of attempting to make one like it for \$1,000 even if they could.

This beautiful piece is shown in Window No. 11 at the right side of Main Entrance. It carries burglary insurance of \$650. By all means see it.

A Sale of Two Groups of Smart Suits

Lot 1 \$12.50 Lot 2 \$19.50

The styles are styles you will see good dressers wearing right now and throughout the season. They are the ones, two and few of a kind in our early fall purchases.

Mostly serges, gabardines and mixtures in plain tailored effects. NO. C. O. D. NO REFUNDS NO APPROVALS NO EXCHANGES

At these sale prices every transaction must be final.

Stripes That Are Different

42-inch Costume Velvet \$3.00 a Yard

If you passed through our arcade Monday you saw the display of the new black and white stripes. They are on Pusey Willow silks—designs that are radically different, yet they're so stylish—40 inches wide. Especially designed for separate skirts, for gowns, for coat linings. If you are looking for something unusual, something with style to it, see these at a yard, \$3.00—now being shown at the Silk Section.

This is one of the very scarce materials on the market today. It is a foreign weave and dye and is shown in the warmest shades. An extra quality fabric, good weight—the color and pile are warranted to be fast. The extra width of yardage required is not very great. When our present stock is exhausted we will be unable to replace it. Extra quality, at a yard, \$3.00.

Athena Wear is a Different and Better Underwear

Athena wear is tailored to fit—it does not need to be stretched into shape. There is necessary fullness without wrinkling—there is glove fit without gaping or discomfort in Athena wear.

Prices range: Separate garments, 50c and up. Union Suits, \$1.00 and up.

Burlington New Fashioned Hose Do Not Stretch

The instep and ankle are cleverly fashioned—they will not loosen up and wrinkle in the annoying way some stockings possess. Find them here 25c to \$1.00 the pair.

Come in and Bid On That Whittall Anglo Persian Rug

The handsome Whittall Anglo Persian rug which was given the sidewalk test has cleaned so beautifully that many people seem almost skeptical as to whether it could really be the original rug. It looks so fresh and new that it seems impossible that 193,033 people have walked over it—yet such is the case. 'Tis a 9x12 foot size, in a handsome Mosque pattern.

Come in and see how it stood the test, if only to post yourself on what kind of a rug to buy when next you need. If you can use a rug at your own price, put in a bid on this rug. Incidentally see the many new fall patterns in Whittall Anglo Persian rugs which we have in all sizes.

ATHLETES ARE FORGOTTEN WHEN THEY LEAVE GAME

Kelly, Heffelfinger, Wagner
and Others Remembered
Only in the Days of Their
Greatness—What Girls
Think of Sport.

BY BRUCE.
A L. TENNYSON warbled nobly and to artistic purpose of the little brook that goes on forever. If there is any little brook that goes on forever, it is the memory of great athletes—one who made reputations that like the report of the first gun at Sumter, traveled around the world.

Mike Kelly achieved perhaps the greatest name of any baseball player of any time. The Georgia contingent will bring Ty Cobb into the foreground to dispute this statement. Kelly was a sensation; stories were told by the scores of him, and yet today, in the busy turmoil of the age, the name of the Great Mike Kelly is somewhat coated with the drab dust of oblivion.

Down at Yale there is the lingering memory of Pudge Heffelfinger. It must be some two decades or more since Big Pudge took Laurie Bliss around the ends and through the line of opposing teams in the wake of his tremendous bulk—but even the great reputation ever achieved by any college football player in the history of the game is kept green and fervent only by the fact that despite his middle age the great Pudge goes down to Yale every fall and shows up the modern linebacker by going on the second team and tearing gaping holes in the defense of the varsity.

It isn't so much what you had, but what you've got.

Hans Wagner is approaching so near the precipitous brink of baseball oblivion that every once in a while the sturdy Teuton must get a glimpse of the gray depths below. The same applies in the case of Larry La Jolie. Great were the reputations of these players—but they'll be forgotten in a few short years. Such is the fate

of being great; give a poor mortal a peep at heaven and he will no doubt curse the modern plumbing of the best of homes.

Women and Sport.
It may interest some to obtain the views of women on sport. This is an age of feminine striving. The column is in receipt of an expression upon sport from Miss Mary Linden, who says she lives in Duluth.

Listen to Miss Mary.
"Men have the idea that it is quite beyond the ken of women to comprehend the first principles of sport. As usual, the men are wrong. My brother used to refuse to take me to baseball games because they declared I asked foolish questions. So I found some nice man who wasn't my brother and persuaded him to take me to several baseball games. I studied up on the rules of the game and now I know the difference between an error and a hit, even when they're close. That's more than my brothers know, and I am not saying this from any spirit of revenge because my brothers refused to take me to the games. I would tell my brothers the fine points of the game, but they are too haughty to ask me. That's always the trouble with me, anyway."

"I say that any girl who has had to learn to play the third Hungarian rhapsody and is compelled to embroider sweet magnolia blossoms on uncle's silk muffler, can easily learn to score a baseball game or readily understand it in all its ramifications. This idea that women do not understand or appreciate sport is erroneous. Men accuse us of attending big college football games merely to get some new ideas in regard to fall hats and the Greeks. Women attended the Grecian games, when the fair sex didn't wear any hats and it was possible to be stylish in those flowing robes; quite impossible to the contrary. Any girl who can learn to design her own hat—and make it look as if it had not been left out on the clothes line during a pouring rain—will not experience the least difficulty in comprehending football—that is, if she puts her mind on it."

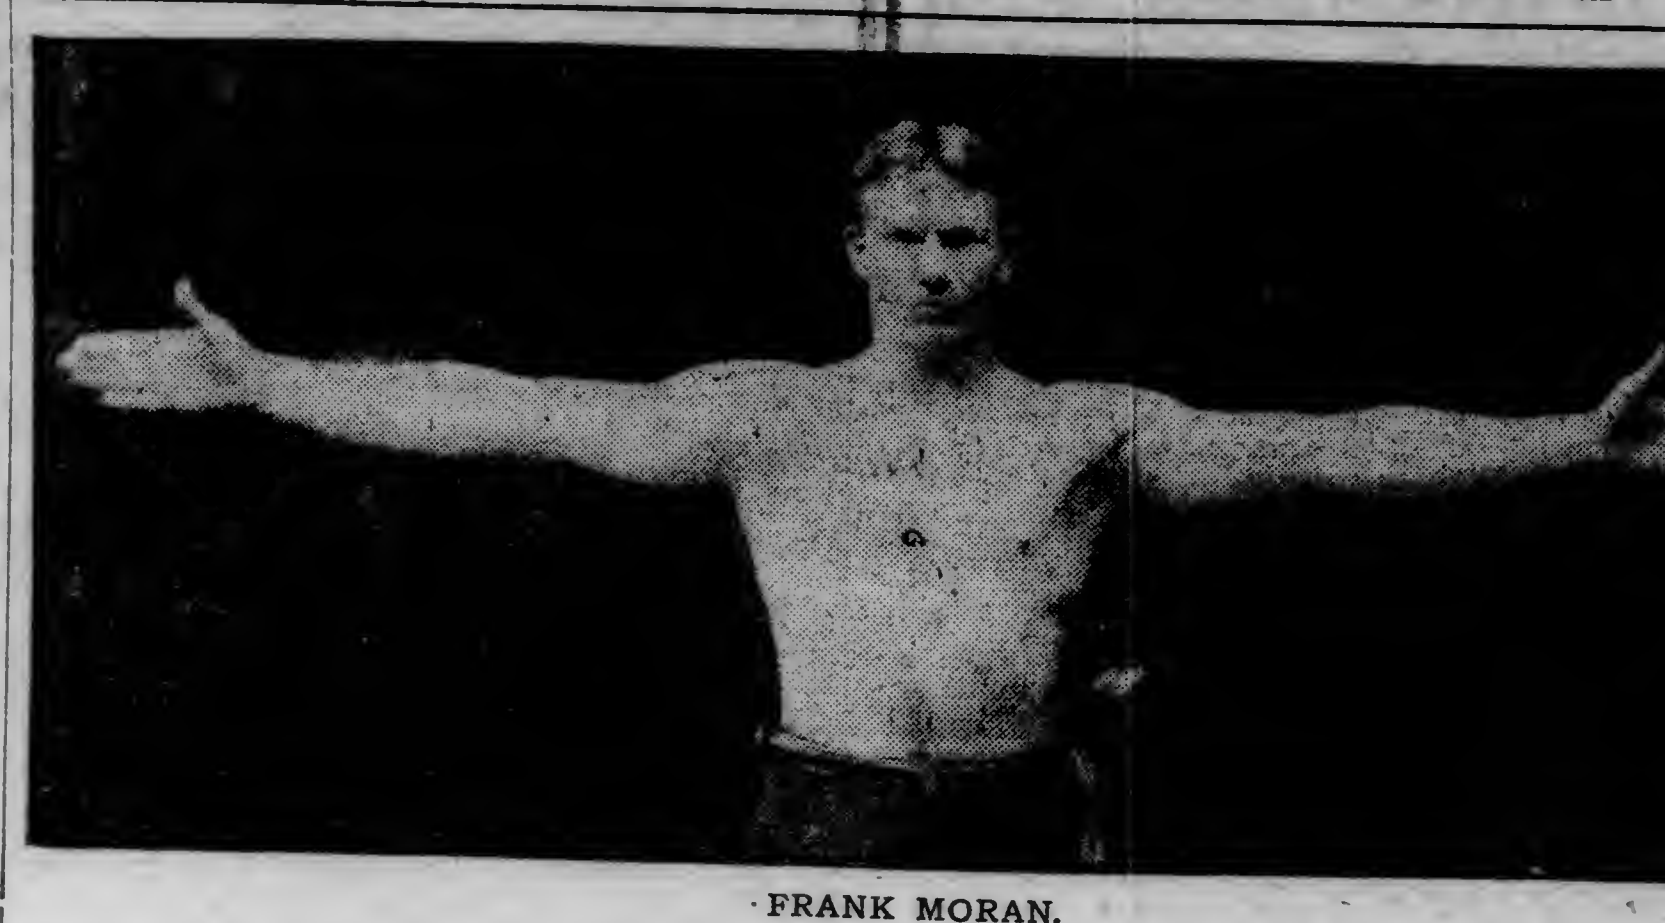

"We women will help sport in the end. Men say we don't take any serious interest in it. Isn't it true that lots of men go to the Keelye just to make a social call? Give me a chance, men, and you will find that the feminine mind, with a little assistance at the beginning, will easily master all the intricate details of all branches of sport."

Eddie Kane Very Busy.
Eddie Kane, former manager of Willie Hoppe, the greatest billiard player the world has ever produced, and also publicity man for Charley Cutler at one time, is very busy these days getting everything in readiness at the Zenith Athletic club's gymnasium. Those sport readers who have seen O'Connell's at Chicago and the Gilmore and Forbes' places, declare that Duluth is the Zenith Athletic club gymnasium has one of the very best training places in the country.

HANDS WORLD SERIES MONEY TO HIS WIFE

San Francisco, Cal., Oct. 20.—"Duffy" Lewis, left fielder of the Boston Americans in their recent world's series vic-

PITTSBURGH HEAVYWEIGHT BEATS COFFEY

FRANK MORAN.

tory, arrived here yesterday and his first act after greeting his wife, who headed a reception delegation, was to endorse and hand over to her a check for \$3,825.35—"Duffy's" share of the world series money.

DOWN MITT ALLEY; GOSSIP OF THE BOXERS

Moran's Victory Proves an Old Suspicion Regarding Coffey—Mike Gibbons Need Not Worry Over Purses—Pal Brown a Youth in Years.

BY BRUCE.
Frank Moran's victory over Jim Coffey proves what has been dimly suspected for some time—that Jim Coffey cannot assimilate hard punching. A hard puncher and an aggressive fighter, the Roscommon giant, a big powerful fellow, seemed to get weak when cracked a hard one. Could Coffey withstand the pummeling that Jim Flynn means to thrive upon the big Irishman would have stood a great chance to climb to the top.

Moran is not pointed for a match with Willard, and is compelled to take the co-couper for a New York date. Naturally that will mean that the men will meet over the ten-round route. It is hardly probable that a knock-out would result in so short a bout.

Clabby and Les Darcy.
According to a cablegram received from Australia, Jimmy Clabby and Les Darcy, the conquerors of Eddie McGearty, are to meet "down under" on Oct. 28.

Darcy is the big card in Australia. Innumerable tales have been told of shady dealings that have been rendered in the never never land in favor of Australian favorites. If Clabby falls to beat the crack Kangaroo mid-dleweight by a mile, the cables from Australia are liable to cry that Darcy was awarded the decision. Should Darcy beat Clabby in decisive fashion it will be squarely up to Mike Gibbons to take on the wonder from the other side of the world.

We wonder—if Darcy beats Clabby whether Gibbons will even consider a twenty-round contest.

The Case of Gibbons.
Eddie Kane, manager of the Zenith Athletic club gymnasium, claims to be very close to Mike Gibbons in the know regarding the general attitude Mike assumes regarding the boxing game. According to Edward Kane, the Phantom has invested his ring earnings a most wise and profitable manner. Real estate and building investments are returning Michael a steady income, declares Kane, and for that reason perhaps, Gibbons is not nearly so anxious to fight as he was back a few years, when he was out hustling for the dollar.

It is generally believed that promoters desiring the services of Gibbons in the future will have to show him some real money. Gibbons is 27 years of age and possibly figures that during the few years that he will be at his top form, he will require large sums of the universal incentive to pull him into any contest that isn't a setup.

Pal Brown a Youngster.
Isn't it peculiar when you come to consider that Lawrence Pal Brown is but 23 years of age, that the other day a well-known follower of boxing asked the writer the age of the little Chisholm boy. When we told him the numbers of years Pal has passed the gentleman in question believed that someone was trying to kid him. To settle the argument the record book was referred to and sure enough the age of the Minnesota lightweight appeared as precisely 23 years.

Brown started professional fighting when he was 16 years of age. That's why it is generally believed outside his own intimate circle of friends that the Chisholm boy is hovering around the 27-year mark.

Take Freddy Welsh, the present champion. The Pontypridd flash is 23 years of age, just the same age as Leach Cross, the Ghetto champion. Welsh has but a few more years at best—perhaps but another year as a really marvelous boxer. Cross is already beginning to listen to the pleading of the old man with the scythe. Willie Ritchie is 24 years of age and Joe Mandot is the same. Charley White is 26 years of age while Joe Shugrue is the youngest of the lightweights, being but 21 years of age.

While Brown is a youth in years he is in reality a veteran in point of ring experience. The Chisholm youth has been fighting for the last seven years.

Indefinitely the election of a successor to Capt. Milburn, who, with four other players, has been disqualified for violating the Yale eligibility rule concerning the playing of "summer baseball." No explanation was made public. Milburn and the other players promised to aid in coaching the varsity nine next spring.

The disqualification of the players has caused one of the greatest sensations in years at Yale. There were many rumors that other players would be declared ineligible, but nothing could be learned from official sources. Press dispatches from Cambridge, indicating that Harvard would be willing to waive the intercollegiate agreement, owing to the technical violation, were read with interest. It was stated, however, that Yale, having taken its stand, would not change its policy.

Legore, the football star, who is one of those disqualified, said he had received offers to play professional baseball, but would complete his college course.

Cambridge, Mass., Oct. 20.—As the result of an informal meeting of Harvard football leaders and authorities it was announced in Cambridge yesterday that efforts would be made to persuade Yale to reconsider its action in dropping five prominent athletes because of their summer baseball activities.

When it was learned that Legore and Easton, two football players, had been included in the list of Yale ineligible players, Capt. Mahan of the varsity football team called a meeting at which the matter was discussed.

Football players pointed out that when Orville Frank, a Harvard baseball captain, was found to have technically violated an athletic rule Yale promptly asked Harvard to permit the first baseman to continue in the game.

DULUTH TEAM HAS NO COACH

Mentor Blake Suffering
From Internal Injury; Cap-
tain Warner in Charge.

Central Highs Will Leave
for St. Paul Thursday
for Game Friday.

This time tomorrow the members of the Central high school football team will be rumbling to St. Paul, where, at Lexington park on the following day, they will oppose the exceptionally strong eleven which represents the St. Paul Central high school in the most important gridiron contest of the season. The St. Paul game has taken the place of the Superior game as the feature battle on the schedule of the local eleven and, it is expected, a large delegation of Red and White rooters will accompany the Central team on its invasion of the Capital City.

St. Paul Team Strong.
St. Paul Central boasts one of the strongest teams which has represented that institution in several years, and they have never failed to turn out one of the very strongest teams in the state. Last year they most incalculably trimmed the local eleven at Athletic park. As they have practically the same team which represented them last fall back again this year, they are

confident of giving the Duluth warriors the worst licking they have ever experienced at the hands of the down-state aggregation. St. Paul Central, St. Paul Mechanics Arts and Minneapolis West high constitute the big three of the Twin Cities this fall and it looks as if the Apostolic Centralites have the edge on the rest of them. They were scheduled to meet the Minneapolis East high eleven last Friday, but the game was called off at the eleventh hour. On the previous Saturday they gave Minneapolis North high a 20-to-0 drubbing.

Duluth May Surprise.
Mindful of several unexpected surprises that Duluth Central teams have sprung on them in former years, and noting the fact that Mechanics Arts was only able to defeat Duluth by a score of 3 to 0 with several of the game, the members of the St. Paul team are practicing hard as they look forward to this game as one of the hardest this fall. The students of the school are all agog over the coming battle and there promises to be a record crowd on the Lexington park sidelines when the two ancient foes trot out onto the field. The Twin City papers are referring to this contest as a feature card on Friday's list of high school battles.

Herman Some Coach.
Coach Herman, who has been turning out championship athletic teams at the St. Paul school for many years, is recognized as one of the greatest coaches in the state. He employs the proper methods to gain results and has a wonderful faculty for developing green men. Parker Bagley, who has starred on the team during the last four years, is probably the greatest high school football player in the state. He has been burning up things around the Twin Cities this fall in great shape and will be watched by hundreds of admiring eyes in the contest of Friday afternoon. In practice his nose, but it is not thought that he will keep him out of the Duluth contest in the future. Bagley, Herman has a number of other men who will undoubtedly star.

Blake Is Injured.
The announcement that Coach C. S. Blake, the man who is making such a success with the Central team, was

Detroit Electric
\$1975 to \$2275

—judge this car by its utility

After all the utility of an automobile — its day-in-and-day-out usefulness to you — is the only real measure of a motor car's value. The Detroit Electric—an electric-powered enclosed automobile—is the most useful car because every member of the family can use it in all weather all the year round. Its big batteries give you greater mileage range—on one charge—than you will ordinarily need for an entire day's motoring. It has plenty of speed and power to pull through heavy going and up steep hills. Furthermore—it rides smoothly and comfortably over interurban roads as well as over paved streets. We will gladly arrange a demonstration at your convenience.

Prices range from \$1975 to \$2275

"Bull" Durham, the Smoke of Hospitality

At fashionable house-parties, gay week-end gatherings, wherever smart American men assemble for recreation, mellow "Bull" Durham tobacco adds to their enjoyment. It is correct, up-to-date, notably stylish to "roll your own" cigarettes with "Bull" Durham—stamps you as a smoker of experience—and that delicate, distinctive "Bull" Durham fragrance is always very agreeable to the ladies of the party.

GENUINE "BULL" DURHAM SMOKING TOBACCO

"Bull" Durham is unique among the world's high-class smoking tobaccos—and has been for generations. Millions of smokers find in the fresh cigarettes they fashion to their own liking from this deliciously mild, fragrant tobacco, supreme enjoyment and satisfaction obtainable in no other way.

Roll a cigarette with "Bull" Durham today. Learn that original, exquisite aroma—the refreshing smoothness and mellowness—the irresistible appeal of this world-famous tobacco.

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in U.S. on request. Address "Bull" Durham, Durham, N. C.

THE AMERICAN TOBACCO COMPANY

suddenly inflicted with a serious injury Monday night, east a shadow of gloom over the Central camp yesterday. Monday the coach was in high spirits and feeling fine. Soon after returning from the park he became aware of a bad pain in his chest which, growing worse, necessitated the calling of a doctor. It was announced that he was suffering from an internal injury and would not be able to get out for a week.

This announcement was the culmination of a series of unusual hard luck accidents that have beset the progress of the Central football team. Not content with laying out five of the star men, including the captain, the flux has now landed the coach. Nothing like this has ever before been recorded in the annals of Central football history. Last night the orphan Red and White team went out to Athletic park feeling glum, and the duties of leadership fell on Capt. Warner. The coach will be sorely missed in the preparation for the hardest game of the season and he will not be able to accompany the team to St. Paul. He was planning an extensive and strenuous practice week and had several important plays planned for the big game. It is possible that O. E. Ambushuecher will take up the responsibilities of drilling the team and that he will accompany the men to St. Paul.

Duluth Will Fight.

The men are full of fight and they will work hard even if they are without the inestimably valuable services of their coach. Capt. Warner and Lewis, two of the game most of the season, have improved considerably and prospects for their being used in the St. Paul game look especially rosy. Rasmussen may get into the game. Another hard luck story reached the camp yesterday when it was learned that Sullivan, who has been staring at guard all season and who was one of the most reliable veterans returning from last year, would not be able to play Friday as he is low in his studies and is barred by the Central eligibility committee. Prospects for a win at the hands of the crack St. Paul eleven look very dark right now but the team has the pep and punch that counts and they will most certainly put up a wonderful fight.

Coach Herman of St. Paul yesterday announced his lineup for the game Saturday and the two teams will start as follows:

Duluth Central.....
Warner.....
McDonald.....
Grover.....
Cardozo.....
Stevens.....
Vick.....
Zimmerman.....
Manley.....
Wore.....
Bagley, (capt.).....

Robbers Get \$2,500.

Seattle, Oct. 20.—Two men robbed the Citizens' bank of Renton, six miles from here, yesterday, and escaped with about \$2,500 in currency. They fled toward Seattle in an automobile, shooting as they went.

BIG SCORES HUNG UP BY MAJOR LEAGUE BOWLERS

Oak Halls Win Three Straight Games From Columbias and Tie Elcoras for First Place; Otterson Sets Up High Game Score of the Season; Big Duluths Get High Team Score.

Last evening in the weekly bowling games of the Major league teams the Oak Halls won three straight from the Columbias, which ties the Elcoras for first place. Burns of the Oak Halls kept up his pace and got the most points for three games for a total score of 596, an average of 199. Trevillion of the Columbias also accumulated a total of 596 for three games.

The Big Duluths took two out of three games from the Elcoras. Murphy of the Big Duluths piled up 607 points for the three games.

A two-game win was registered by the Sharkcrafts over the Fitzgerald & Winchester team. The Sharkcrafts almost won the third game, the last two men of the Fitzgerald & Winchester team saving their companions from defeat by some regular big league bowling.

Otterson of the Sharkcrafts rolled the big score of the game, piling up 619 points for three games. He also got a 267 for high game score. This sets a one-game score record for so far during the present season.

Murray and Wade appeared in the lineup of the Fitzgerald & Winchester team for the first time the present season.

The high team score of the evening was scored by the Big Duluths with a mark of 2,443, also setting the high same score of 972.

The scores in detail:

Oak Halls.	Burns	182	203	211	596

FULTON MAY MEET MORAN

Collins Is After Bout With Conqueror of Coffey.

Mike Collins, the well known Hudson boxing promoter and the manager of Fred Fulton, is in Duluth today, and expects to sign Fulton up for an appearance before the local club some time during the season, while here.

According to the statement of Collins, a record-breaking house will witness the fight between the Oakeshott Arthur Peckey before the Fulton club, Oct. 28. Collins declares that the Oakeshott club will outdraw the two last bouts held before the Milwaukee club.

Commenting on the result of the Fulton fight of last night the Hudson promoter declared that the opinion of many followers of fighting that Coffey possesses a jaw that would crack if you gave it a good hard knock, was fully substantiated.

"Fulton will meet Moran," said Collins. "A great fighter, perhaps, but Fulton is rapidly getting to the stage where he does not fear any fighter in the local arena. The physical stage is practically passed with Fulton. He is getting better all the time and is ready for the best of them."

"GYM" TEAM STARTS WORK

Y. M. C. A. to Hold Competition With Twin City Association.

First practice of the Y. M. C. A. gymnastic team was held last evening in the association "gym." There were a number of team candidates out. Work was done on the apparatus and plans for the season were discussed.

Competitions with other teams are planned during the season. It is expected that a gymnasium meet may be held between the associations of Duluth, St. Paul and Minneapolis.

Work is being done at the present time in lining up the schedule of the various teams to be completed within a month. The games will be played in the Masonic temple.

An indoor baseball league made up of the various lodge teams of the city may be organized later on. A plan is being considered whereby the old armory will be procured for the games.

INVESTIGATE LOREN SOLON'S STANDING

Captain of Minnesota Football Team Charged With Professionalism; Denied.

Minneapolis, Minn., Oct. 20.—Prof. E. P. Harding of the University of Minnesota is expected to return tonight from Havre, Mont., where he has been investigating a report that Capt. Loren Solon of the Minnesota football team had played professional baseball in intercollegiate contests. Prof. Harding is expected to report immediately to the university athletic board of control in order that Solon's status may be determined before Saturday's game with Iowa university.

Solon emphatically denies having played professional baseball and said he welcomed the investigation.

BRESNAHAN MUST APPEAR IN COURT

Charged With Hitting Man and Woman With Auto.

Chicago, Oct. 20.—Injuries suffered by Roger Bresnahan, manager of the Chicago Nationals, in an automobile accident Monday night, were given as a reason for his not appearing in court yesterday to answer charges of driving an automobile while intoxicated and of assault with a dangerous weapon.

The charges were preferred by Richard Smiddy, a contractor, who, with his wife, were injured last night when a buggy in which they were riding last night was struck by a motor car which they said was driven by the Cub manager.

President Thomas of the Chicago

Nationals appeared in Bresnahan's place. Bonds were fixed and the case was set for Nov. 1 in the municipal court.

At the Cub office it was said that Manager Bresnahan had been there during the day and that attaches there knew nothing of the reported collision or of his injuries.

JURY FAILS TO DECIDE

Walter J. Richeson Must Face Another Trial for Misappropriating Funds.

Jurors Wrestle With First Case Twenty-Four Hours.

Walter J. Richeson, former deputy clerk of the municipal court, will be obliged to face a district court jury a second time on charges of misappropriating public funds.

Further than to state that there would be no weakening on the part of the prosecution in the Richeson matter, the county attorney's office had little to say with reference to its plans for a second trial.

Two indictments are pending against Mr. Richeson. One charges him with withholding \$65 from the city funds and misappropriating the same to his own uses and the other involves a charge of the misappropriation of about \$1,000.

Jury Is Discharged.

The young man was brought to trial on the \$65 indictment, but the jury in the case failed to reach an agreement and so reported to Judge Foster at 2:45 o'clock yesterday afternoon, after having been out for more than twenty-four hours. The court entered a mistrial on the records and discharged the jurors from further service on the case.

Whether Mr. Richeson will be brought to trial on the same indictment or whether the other count will be tried on the other count has not been announced by the prosecutor.

FOURTEEN KILLED AT BUTTE MINE

Five Hundred Pounds of Powder Explodes on North Butte Property.

Butte, Mont., Oct. 20.—Fourteen men were killed at the Granite Mountain mine of the North Butte Mining company yesterday by an explosion of 500 pounds of giant powder. All the bodies have been recovered. Eight other men, all working at the surface, were seriously injured; one of them probably will die.

Bodies recovered and identified are: JAMES A. BLOW, assistant foreman; J. D. LARRY, nipper; GEORGE LARKIN, nipper; JOHN DAVY, nipper; JOHN WINSTON, shift boss; LACEY GRISHAM, shift boss; A. W. WILSON, electrician; R. E. WATSON, sampler; ED CARLSON, top car man; PADDY MORRISSEY, shift boss; WILLIAM BRYNEN, electrician; WILLIAM BUTCHER.

The cause of the explosion has not been determined.

Three men were engaged yesterday afternoon in lowering powder to the 2,800-foot level. One car containing 500 pounds of giant powder was at the collar of the shaft, waiting to be lowered, after which a number of bosses and miners were to go below. "Doghouse," a small room near the shaft, where the explosion occurred.

Three men were engaged yesterday afternoon in lowering powder to the 2,800-foot level. One car containing 500 pounds of giant powder was at the collar of the shaft, waiting to be lowered, after which a number of bosses and miners were to go below. "Doghouse," a small room near the shaft, where the explosion occurred.

The blast swept away the frame structure in which the men were waiting at the shaft, together with the air shaft at the time of the explosion. Neither was killed, but both were injured. Many of the bodies were in fragments.

Haley's restaurant is now serving club breakfast from 15c to 75c.

FUNERAL THURSDAY.

Body of Late Mrs. A. B. Helmer Being Brought to Duluth.

Funeral services for Mrs. A. B. Helmer, who died at Missoula, Mont., Friday, will be held from 2 to 4 o'clock Thursday afternoon at 2 o'clock.

Mrs. Helmer formerly was Miss Kate Hoff of Duluth and was well known here. In addition to being a mother and a daughter she is survived by her mother, Mrs. C. H. Hoff, 229 Eleventh avenue east; a sister, Mrs. George L. Hargrave, of Duluth and two brothers, John Hoff of Chicago, Ill., and F. N. Hoff of Duluth.

Mrs. Helmer is expected to arrive here today with the body.

FOUR GERMAN SHIPS TORPEDED

Victims of British Submarine Off Oxelesund in Baltic Sea.

Stockholm, Oct. 20, via London.—Four German steamers, the Pernambuco, Soederhamm, Johannes-Russ and Dalafrén have been torpedoed in the Baltic sea off Oxelesund to the south of Stockholm, by a British submarine. The Pernambuco and Dalafrén are not known to be still afloat. The crews of all the steamers were bound with a cargo of iron ore. The Soederhamm which was loaded with a cargo of iron ore, was bound for Germany. The destinations of the Johannes-Russ and Dalafrén are not known.

The Pernambuco was a vessel of 4,788 tons, the Soederhamm of 1,499 tons and the Johannes-Russ of 1,761 tons. The Dalafrén is not mentioned in available shipping records.

At the Cub office it was said that Manager Bresnahan had been there during the day and that attaches there knew nothing of the reported collision or of his injuries.

Fresh, white gloves every morning
(6—Untouched by hands)

Too-o-o-o-o-o-o-o-o! The morning whistle sounds. Men and girls are coming to work. What of those who come to the spotless Sterling Kitchens?

They lift down uniforms spic and span—caps that are spotless. They put on fresh laundered gloves of white. All day long these gloves of white keep their hands from touching Sterling Gum.

They work in the bright day—

- 1—Crowded with flavor
- 2—Velvety body—NO GRIT
- 3—Crumble-proof
- 4—Sterling purity
- 5—From a daylight factory
- 6—Untouched by hands

What?

Sterling Gum
The 7-point gum

PEPPERMINT—RED WRAPPER
CINNAMON—BLUE WRAPPER

Suitable rewards for the discovery of the 7th point will be offered later.

REVIVE NEW ROAD PLANS

Agitation Renewed for Line From Duluth to Carrington, N. D.

Soo Not Unlikely to Take Up Project Halted By Depression.

Agitation for the construction of a railroad from Duluth to Carrington, N. D., is being revived by the towns along the route that would be served by it, including Ada, Mahanomen, Halstad, Minn., Hillsboro, Sherbrook, Mayville and Cooperstown, N. D.

Three years ago, reports were current to the effect that the Soo line had the construction of this road under contemplation in the realization that it would tap a rich country in need of an east and west line of railway to develop it. The financial stringency that developed later placed a ban on all new railroad projects, and the Soo line was even compelled to call a halt upon the building of its extension through Montana after nearly sixty miles of new track had been laid.

A Soo line local official said today that he had understood his company regarded with favor the ultimate building of a line from the Head of the Lakes to Carrington, N. D. Money was placed a ban against anything in way of new construction. With assurance that the trade revival in the Northwest is likely to be permanent he thought it quite probable though that the people might proceed with some of their plans that have been held over.

HOTEL AND FINE THEATER PLANNED

Steel Frame Erected By Mannheimer Bros. to Be Razed.

St. Paul, Minn., Oct. 20.—Negotiations for the transfer of the old cathedral site on St. Peter street, between Sixth and Seventh streets, from the Mannheimer Realty company to other interests, practically are completed. The erection of a large hotel costing \$1,000,000 and a big addition to Schuneman & Evans' department store are involved in the deal.

Under the present plan a new lease will be made by the archdiocese to run for ninety-nine years at a fixed rental of \$30,000 a year. The Mannheimer lease runs for ninety-nine years with a revaluation every twenty-five years. The first rental period is at \$30,000 a year.

The big steel frame erected by Mannheimer Bros. will be razed if the deal is completed.

Although no name is given the hotel company it is said to be Stetler Hotel company, which has large hotels in Buffalo, Cleveland and Detroit. In view of the deal being carried to a successful conclusion bids have already been taken on removing the big steel frame which cost nearly \$800,000 to erect. The salvage in the steel, it is said, will amount to only about \$25,000.

Boils and Pimples Dangerous
S. S. S. Your Remedy

Standard For Fifty Years

Modern science has proven that boils and carbuncles, pimples and unsightly skin blotches, are the danger signals of diseased blood. Scaly skin and itching of eczema, scrofula, rashes—all skin diseases are aggravated by bad blood—it's the infected blood that's dangerous. Don't wait for the boils, if you have pimples and blotches, take instant action. Pimples tell you that your blood is filled with impurities. You must wash out your blood, strengthen and stimulate it to healthy action with Nature's own blood tonic, S. S. S. It is the standard blood purifier of the world. Don't use any drug, don't use ointments and salves. S. S. S. reaches the blood, drives out the impurities. It makes healthy perspiration—the poison is literally sweated out through the skin. Boils, blotches, eczema and the scrofula indications disappear. It does what salves and lotions can never do—it goes to the very root of the trouble by reaching the blood. Your skin becomes clear and you soon feel the vigor of the return of perfect health. S. S. S. is purely vegetable. You can get it at any druggist's, but you must take S. S. S. Let us tell you about blood diseases. Write for book of facts, "What the Mirror Tells." If yours is a long standing case, write for expert advice to S. S. S. Co., Atlanta, Ga.

The one urgent public health need in every community of the state is more information of an accurate nature."

An elaborate program has been arranged for tomorrow. The morning session will start at 9 o'clock at the Elks' hall, convention headquarters.

kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—Advertisement.

give the bulk of the contribution to the fund. The following are the names of the contributors:

Hibbing Couple Wed.—Mr. and Mrs. J. H. Hibbing, Hibbing, Minn., Oct. 20. (Special to Herald.)—Miss Anna Thorsell and Mr. J. H. Hibbing were united in marriage at 8 o'clock at the city hall last evening at a ceremony which was quite a social affair.

They were exceedingly sorry when they heard that Mrs. Voigt had decided to repudiate the agreement and go off with the man who had deceived her. What she claimed the law allowed her to do. Mr. Voigt was asked to identify the handwriting on some poison bottles which were found on the dresser in Mrs. Voigt's room at the Voigt home.

WHEAT AGAIN SELLS DOWN

Market Weak on Big Day's Receipts and Foreign Situation.

Flaxseed Slumps on Light Crushers' Inquiry; Spot Market Easier.

Duluth Board of Trade, Oct. 20.—The market was weak on the close, with fair buying appearing.

December wheat closed 2c off; October 1915 wheat closed 1 1/2c off; November 1915 wheat closed 1 1/2c off and May 1916 off.

On the close 1/2c off at 35c for the market; barley unchanged at 50c to 55c.

At Winnipeg, October oats closed 1 1/2c off at 42c bid, and December 1 1/2c off at 42c bid.

Puts on Minneapolis December wheat closed at 95c, and calls at 95c bid.

At St. Louis, December wheat closed at \$1.00, and May at \$1.01 1/2.

At Kansas City, December wheat closed at \$1.00 1/2, and May at \$1.01 1/2.

Wheat prices took a downward course right from the opening of the market today. A breeze of 15c was recorded during the first half hour's trading, and then the market rested for a time, till on a fresh burst of selling around the noon-hour, further weakness appeared.

The main influences were large receipts with every prospect of their being maintained for some time, and the announcement that the French government had ordered import duty on wheat equal to 37 1/2c a bu.

The latter development, it was taken, must lead to the curtailment of shipments to France during the present crop season. The market had been placed at as high as 100,000,000 bu.

Receipts at Duluth today aggregated 602 cars, compared with 360 last year. At Minneapolis they had 1,023 cars against 432 a year ago, and at Winnipeg 1,564 cars were reported, compared with 467 last year.

Cash wheat at the Duluth market sold at a premium of 4c over December put on Oct. 16, and cash but only sold at 1c over October put.

Considerable improvement was noted in the quality of the grain on the tables. Much grain which had been wet and tough at the shipping points, is said to be drying out on route and arriving at the terminals in fair condition.

Clearances are running in better volume just now, the aggregate today being reported at 1,748,000 bu. of wheat.

A substantial volume of grain is being loaded out of the elevators for the East today, the movement being helped along by the improved situation in lake freight rates. Some chartering was reported at 2c from the Head of the Lakes to Buffalo.

December wheat opened 1/2c off at 95c, and it closed 1 1/2c off at \$1.03 1/2.

Durum again showed marked weakness, due to pressure of receipts. October durum opened 1/2c off at \$1.87 1/2, and closed 1 1/2c off at \$1.85 1/2.

December opened 1 1/2c off at 95c, and closed 2c off at \$1.82 1/2.

At Buenos Aires, flour closed unchanged at \$1.36 1/2, and London 3c up at \$2.06 1/2.

Slump in Flax. With light inquiry from crushers, an easier grain market was shown today, the October future showing special weakness at the start. The other futures bid off on the tables.

October flax opened 1/2c off at \$1.89 and closed 1 1/2c off at \$1.87 1/2.

At Winnipeg, October flax closed unchanged at \$1.65 1/2, and November 1 1/2c off at \$1.63 1/2.

At Buenos Aires, flax closed unchanged at \$1.36 1/2, and London 3c up at \$2.06 1/2.

Cash Sales, Wednesday. No. 1 hard wheat, 3 cars, 1.03 1/2.

No. 2 hard wheat, 1 car, 1.03 1/2.

No. 1 northern wheat, 4 cars, 1.03 1/2.

\$500 cash will purchase a nice little home in West end, six rooms and bath. Price \$3,000.

\$300 cash and \$15 per month will purchase a 10-room house in East end hillside. Price \$1,575.

WHITNEY WALL COMPANY,
301 Torrey Building,
Grand 310—Melrose 1368.

LITTLE & NOLTE COMPANY.

(Forget this price \$12,000) — That's the cost of this beautiful home. (3-3) — It's in the best location, 100x140-foot corner lot. There are four bedrooms, billiard room, sewing room, large glass-enclosed living room overlooking the lake, elegant dining room, kitchen with hot water plants and everything modern. If this can be sold in a week's time you can buy it at \$10,400; requires \$5,400 cash. Remember this is a new house and in the best of location.

(22-11) — Beautiful ten-room house in the exclusive Normal district; quartered oak finish; two large sun porches, elegant parlors and fine large rooms. Here's a magnificent home at a bargain; 120x120-foot frontage on two streets, both paved.

LITTLE & NOLTE COMPANY,
Exchange Building,
Our auto at your service.

FOR SALE.

A very good house arranged for one or two families. The upstairs has a combination closet and two-family arrangement, kitchenette, wash basin, bathroom, wash basin and complete equipment, beautiful parlor and large bedrooms; hardwood floors throughout, light cherry woodwork. For sale for short time at only \$4,000. Would take a good lot free from mortgage for part of the cash payment. This is your opportunity. If you are paying rent and also want to convert your dead pile into a new house and in the best section of the West end, where much higher values will be.

L. A. LARSEN CO.,
Grand or Melrose 1360,
213-14-15 Providence Building.

A REAL OPPORTUNITY.

We will sell—and take as part payment a small home in West end—or West end—a thoroughly modern two-family dwelling with 16 rooms. Property is only two years old; has two heating plants, gas and every other modern convenience. Two families. Must act quick. See the

DULUTH REALTY CO.,
608 First National Bank Bldg.,
I. W. LEE, Manager.

ON PAGE 20

HORSES, VEHICLES, ETC.

HORSES—FRESH FROM THE FARM.

We received two carloads of horses right out of work, fresh from the farm. Every one big, young, sound stuff; about half of them are and bought at a price that enables us to save you money.

These horses are not "army rejects," but first-class quality, bought stuff.

WE CAN GUARANTEE THEM TO GIVE YOU PART TIME. WE GIVE YOU A SQUARE DEAL. WE GIVE YOU THE BEST. WE GIVE YOU THAT MONEY WILL BUY.

AND THE TWIN PORTS HORSE MARKET AGAINST THE WORLD FOR SHAPE AND QUALITY.

W. E. PARKER,
18 First Avenue West.

HORSES—GUARANTEED HORSES. Take a look at our horses. Note the class quality of these horses, farm raised and look over other horses. If you want sound, young, acclimated horses, free from the disease of the horse markets, and a written guarantee each horse sold, COME BACK. We give you a little time if desired. Our cheap horses, which we take in good-bye, will sell single pieces or declare their bleaches.

TWIN PORTS HORSE MARKET,
18 First Avenue West.

DRAFT AND DELIVERY HORSES, FARM MARKS, GENERAL PURPOSE HORSES.

All our horses are Minnesota bred; we guarantee every horse to be sound, and we guarantee every horse to be a good horse.

ZENTH SALE STABLE,
125 1/2 West First street,
624 West First street.

Two blocks from Union depot, good-bye, good-bye.

HORSES! HORSES! HORSES!

We have about 100 head in our stables, including logging horses, farm raised, delivery horses and drivers. If you want a horse for him, and you can find it here.

We can save you from \$15 to \$25 on any horse you buy. If you want a horse at the right price (part time) come to us. We have a lot of good horses at the right price and superior service. H. J. Walt, manager and salesman.

FOR SALE. I have a 1,100-pound black horse for sale at my stables. Owner has no time for him, and will sell very reasonable.

18 First Avenue West.
TWIN PORTS HORSE MARKET.

WANTED TO RENT—STORAGE space, portion of a dry storage, convenient to downtown section, suitable for storing vegetables. Write V 584, Herald.

RUSS WILL IMPORTANT SUCCESS NEAR GRODNO

MEXICAN BANDITS KILL U. S. SOLDIERS SEVERE L GERMAN

THREE DEAD, EIGHT HURT IN FIERCE FIGHT

Band of Seventy-five Villa Followers Attack Fifteen Troopers.

At Least Five Mexicans Are Killed in Battle Lasting Forty Minutes.

Engagement Occurs at Ojo Del Agua, North of Brownsville.

Brownsville, Tex., Oct. 21.—About seventy-five Mexicans at 2 o'clock this morning attacked fifteen American soldiers at Ojo del Agua, a small Mexican settlement on the American side of the river about sixty miles up the Rio Grande from here. Three soldiers were killed and eight wounded and at least five Mexicans killed in the forty-minute battle which followed. Some of the Mexicans fled across the Rio Grande into Mexican territory when American cavalry reinforcements came up.

Mexicans slain in the fight had white hats bearing the words "Viva Villa."

Ojo del Agua is near the river, dense brush, which even in daylight limits the range of vision often to a few feet, afforded the Mexicans perfect cover as they scattered into small groups and made toward the Mexican boundary.

Failed to surprise. The bandits apparently failed in their purpose to take the American troops by surprise. A platoon reported their presence in time to give the troopers a chance to take positions for their desperate resistance against odds.

The soldiers at the Mexican settlement were members of Troop G, Third cavalry and with him Privates Joyce and McConnell of the signal corps. Five cavalrymen were wounded. Privates Bowyer, Behr, Langland, Shallenbach and Kubie and also three signal corps non-commissioned.

GOVERNMENT SELLS FURS AT AUCTION

Represents Yearly Catch on National Preserves in Alaska.

St. Louis, Oct. 21.—More than 600 furs were to be sold at auction here today on behalf of the Federal government.

The furs came from Alaska and represent the yearly catch of blue fox, white fox and beaver on the government preserve.

Until last year the government pelts have been auctioned at London.

Four buyers from all over the world have been here several days looking over the stock, preparatory to bidding at today's sale.

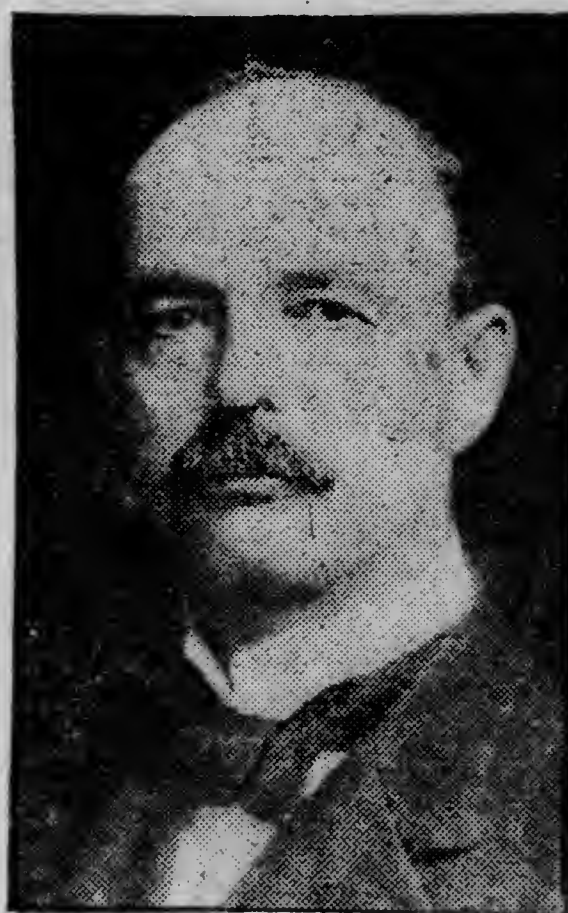

The government pelts include 113 blue fox, sixty-five white fox, and seventy beaver.

Thousands of pelts also were to be placed on sale at the auction for private shippers. Among these were 10,000 ermine, 10,000 civet cat, 85,000 muskrat, 137 silver fox, 2,770 lynx, and 600 wolf.

As Soon as They Realize Nothing Can Be Gained.

Teutons Prefer to Await Overtures From Their Enemies.

Berlin, Oct. 21.—"But by spring we shall, probably have peace." This remark of one of the most highly placed and prominent state officials in conversation with the Associated Press correspondent may be taken as indicating the view on the probable duration of the war held in German government quarters, or at any rate in certain influential circles of the government.

The person quoted occupies a position which lends much weight to his opinion on this subject, and the remark was made incidentally during a discussion of certain future possibilities in the Balkan situation.

POSITION OF SERBS IS MORE DANGEROUS; RAILROAD LINES CUT

Statement From Nish Says the Army Is Seriously Menaced.

Principal Pressure on Serbians Is Coming From Bulgarian Side.

Allies' Fleet Establishes Blockade on Egean Coast of Bulgaria.

Paris, Oct. 21.—An official statement issued yesterday at Nish, as forwarded by the Havas News agency, says that the Serbian army is now menaced seriously. The Serbian war office says the railroad line to Saloniki has been cut in two places.

Bulgaria Ports Blockaded. London, Oct. 21.—The fleets of the allies already have established a close blockade of the Egean coast of Bulgaria.

It has not been established whether the Bulgarians have occupied Vranja on the Nish-Saloniki railroad, concerning which there are conflicting reports. It is a fact, nevertheless, that railroad communication between Nish and Uskup has been interrupted, and if the Bulgarians have not actually crossed the line they have, at least, advanced far enough to interrupt traffic, which would lead them to move for peace as soon as they saw nothing was going to be gained by continuing the war.

"We now hold in the west," he continued, "a strong fortified line including a great enclave of French and Belgian territory. We shall soon have a similar

RECEIVES ORDER POUR LE MERITE AT HANDS OF EMPEROR WILLIAM

ADMIRAL VON SCHROEDER.

Berlin, Oct. 21, via London.—Emperor William, during his visit to the extreme western front and the Belgian coast, conferred the order Pour le Merite on Admiral von Schroeder, commander of the naval corps.

FERRY BOAT HITS PIER; FORTY PERSONS HURT

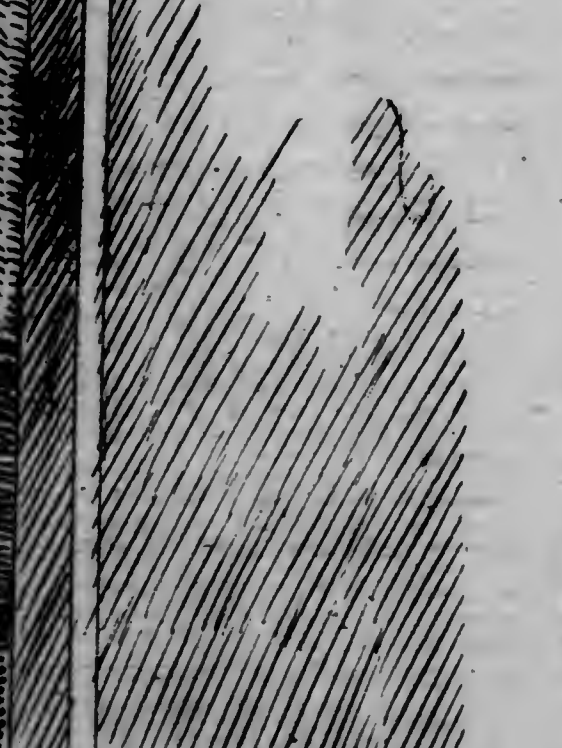

Worst Fog of Year Interferes With Harbor Traffic in New York.

New York, Oct. 21.—Forty men and women were injured today when the Lackawanna ferry boat, Netherlands, crashed into the Barrow street pier during a fog and hurled a number of passengers under the hoofs of a dozen horses which were on the boat.

The crash occurred during what was described as the worst fog of the year, which seriously interfered with harbor and river traffic. Ten steamships, including the Orduna from Liverpool, were held up for several hours.

Washington, Oct. 21.—George C. Carothers, for the last three years special agent of the state department, attached to Gen. Villa's army, has been withdrawn as one of the consequences of the recognition of Gen. Carranza. Hereafter the American government will have no official dealings with Villa. Carothers is on his way to Douglas, Ariz., opposite which place in Mexico the Carranza army is threatened with attack by Villa troops.

POSITIONS TAKEN AT BARANOVICHI

Fighting in That Vicinity Results in Capture of 3,552 Men and Number of Machine Guns and Artillery.

Entente Powers Bringing All Possible Pressure on Greece to Make Her Define Her Position.

Petrograd, Oct. 21, via London, 2:33 p. m.—An important Russian success in the region of Baranovich, fifty miles southeast of Grodno, resulting in the capture of several German positions, 3,552 men, and ten machine guns and one piece of artillery, was announced today by the war office.

Baranovich is in the central portion of the Russian line to the north of the Pripiet river.

The announcement follows: "In the districts southeast of Baranovich our troops, after a dashing surprise attack, yesterday captured German positions near the villages of Ekimovich, Odokporschina, Noviki and Nagornia. In the course of the day we took 85 German and Austrian officers and 3,552 men prisoners in addition to capturing ten quick firs and one gun."

Pressure on Greece. London, Oct. 21.—The Entente powers are bringing all possible pressure to bear on Greece in order to elicit an unequivocal definition of her policy toward the other Balkan states and the European belligerents. They have intimated clearly that on account of the geographical position of Greece and her treaty obligations to Serbia, her announced policy of neutrality will be difficult, if not impossible, to maintain.

It has become a question, in the opinion of the allied diplomats, of not permitting Greece to continue what is considered an ambiguous policy until their opponents in the war are able to utilize the neutral position of Greece to their own advantage.

The Greek government is now considering the British offer of the island of Cyprus, which the British government will cede if Greece joins the allies. The Russian foreign minister, and her treaty obligations to Serbia, her announced policy of neutrality will be difficult, if not impossible, to maintain.

HAS CAUSE FOR THANKSGIVING

President Refers to Peace in United States in Naming Day.

Executive Sets Thursday, Nov. 25, as Time for Praise.

Washington, Oct. 21.—President Wilson today in issuing a proclamation designating Thursday, Nov. 25, as Thanksgiving day, called attention to the fact that the United States has been at peace while most of Europe has been at war.

"We have been able to assert our rights, and the rights of mankind without breach of friendship with the great nations with whom we have had to deal," said the president.

The text follows: "It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies upon us as a nation. The year that is now drawing to a close since we last observed our day of national thanksgiving has been, while a year of discipline because of the mighty forces of war and of changes which have disturbed the world, also a year of special blessing for us.

"Another year of peace has been vouchsafed us; another year in which not only to take thought of our duty to ourselves and to mankind, but also to adjust ourselves to the many responsibilities thrust upon us by a war of unprecedented scope and magnitude."

"There are no signs of resumption of the offensive movement on the western front, which has been expected in England and France. The only fresh news disclosed in the day's reports are German attacks near Reims and Soissons and a small engagement in Lorraine. In every case the French war office reports the German were frustrated in efforts to reach the French lines.

Greece still is undecided what part she shall play in the operations in the Balkans. It is reported from Athens that the Quadruple Entente, in an effort to preserve the autonomy of Greece, has offered not only the island of Cyprus, but also an extension of the Greek boundary at the expense of Bulgaria and Turkey, almost to Constantinople as well as to include certain territory in Asia Minor.

Pope Benedict has made another effort to hasten the conclusion of the war, requesting King Albert of Belgium to make the first move toward peace. King Albert responded that he would not lay down his sword as long as Belgium was "in slavery."

PRICE OF HOGS TAKES TREMENDOUS SLUMP

Downward Smash Ranges From 75 Cents to \$1 in Forty-eight Hours.

Chicago, Oct. 21.—Hogs dropped from 85 cents to 60 cents on the hundred-weight today. In forty-eight hours the downward smash has ranged from 75¢ to 31¢.

Great Britain's interference with the United States commerce with neutral countries is largely blamed by some packers for the break, although over supplies of hogs and unusual crop conditions also are held responsible.

"Several weeks ago it was pointed out that unless the United States took action the country's livestock business would largely go to ruin," said Edward A. Le Bart of Morris & Co.

"The break in prices is only a forerunner of what can be expected."

SUMMARY OF THE WAR NEWS

Russia's armies which recently have been prosecuting a vigorous offensive movement with some success on the southern end of their front, are now reported to have won an important victory further north. In the central district of the long front, an official communication from Petrograd announced the capture of several German positions in the neighborhood of Baranovich, north of the Pripiet river.

The Russian staff states that more than 3,500 men together with ten machine guns and one field piece were captured.

The plight of Serbia's hard-pressed forces assailed on the north and east by the numerically superior armies of Germany, Austria and Bulgaria, is becoming desperate. As much is admitted in an official statement from Nish. The confidant previous reports that the Bulgarians have captured Vranja on the Nish-Saloniki railroad.

There are no signs of resumption of the offensive movement on the western front, which has been expected in England and France. The only fresh news disclosed in the day's reports are German attacks near Reims and Soissons and a small engagement in Lorraine. In every case the French war office reports the German were frustrated in efforts to reach the French lines.

Greece still is undecided what part she shall play in the operations in the Balkans. LIBERTY IS AT LIBERTY AGAIN

Lost Liberty for Time But
Recovered It By Paying
Wheelage Tax.

H. L. Liberty, 216 Central avenue, felt like changing his name for awhile today, because he was held by police when he refused to pay his wheelage tax.

Liberty was deprived of his liberty by Court Officer P. T. McDonald, after wheelage tax collector M. J. Segal swore to a warrant for his arrest. In court Judge E. H. Cutting esti-

OLD PRESCRIPTION FOR WEAK KIDNEYS

A medicinal preparation like Dr. Kilmer's Swamp-Root, that has real curative value almost sells itself. Like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

Dr. Kilmer's Swamp-Root is a physician's prescription. It has been tested for years and has brought results to countless numbers who have suffered.

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

Do not suffer. Get a bottle of Swamp-Root from any druggist now. Start treatment today. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Duluth Daily Herald.

mated the cost of Liberty's liberty at \$7.50, plus his wheelage tax. Accordingly, the offender made a trip to the city hall, came back with his tax receipt, paid \$7.50 fine for negligence, and was liberated.

Swedes Commend President.

Washington, Oct. 21.—President Wilson was commended today by the resolutions presented today by the Vasa Order of America, made up of Swedes. Similar resolutions have been forwarded to the king of Sweden.

IS EXPECTED TO MARRY MRS. GALT TO PRESIDENT WILSON

REV. HERBERT SCOTT SMITH. Washington expects the Rev. Herbert Scott Smith to marry Mrs. Norman Galt to the president. Recently Mrs. Galt left St. Thomas' Episcopal church and joined St. Margaret's church on Connecticut avenue of which her mother, sisters and two brothers are members. Rev. Herbert Smith is the pastor of this church.

"IS REFERENDUM A JOKE?" ATTORNEY ASKS COURT

Jitneys' Counsel Attacks
Second Ordinance Under
Habeas Corpus Action.

Says Council Has Nullified
Charter Provision By
Its Course.

Is the referendum provision of the Duluth city charter a joke?

May the city council destroy the effect of a referendum petition presented against the ordinance by repealing the ordinance and immediately re-enacting a new measure embodying the same subject matter?

These were questions which were put up to Judge Fessler this morning by Attorney A. E. McManus, representing one Michael Mignella, of the Duluth jitney association, the validity of whose arrest under the new "jitney" ordinance is being attacked in habeas corpus proceedings instituted in district court.

Mignella's arrest on Tuesday and his subsequent detention at the county jail were prearranged in order that habeas corpus proceedings might be brought to test the ordinance in question. Since the matter has come into court, Mignella has been released by Judge Fessler on his own recognizance pending the outcome of the hearing.

Attorney McManus in presenting his arguments to Judge Fessler this morning intimated that an important question was at stake—a question not only of great importance to the jitney men, but also of vital concern to the people of Duluth as a whole. He declared that the main object of the ordinance was to test the referendum provision of the charter, and that the ordinance was a mere device to avoid the referendum.

The court will be asked for a clearer interpretation of the rights of the electorate under the charter and it will also be asked to make a determination of the rights of the city council in the premises.

The case now before the court presents substantially the following facts: Several months ago the city council enacted an ordinance which required jitney men to take out licenses and file indemnity bonds.

Before the ordinance went into effect and within the required time, a referendum petition, regular in all respects, was filed against the ordinance.

Negotiations were had between the members of the city council and the representatives of the jitney association.

GOOD NEWS

Many Duluth Readers Have Heard It and Profit Thereby.

"Good news travels fast," and the many bad back sufferers in Duluth are kind to learn where relief may be found. Many a lame, weak and aching back is had no more, thanks to Dr. Kilmer's Swamp-Root. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading:

Julia Hauser, 421 East Superior St., Duluth, says: "I had kidney complaint in a bad form. My kidneys were weak and my back ached. I felt lame and sore all over. I finally used Dr. Kilmer's Swamp-Root and was cured. I have told many people about them at times and cannot say too much to their favor."

The above statement was given on Oct. 9, 1912, and on Sept. 17, 1915, Mrs. Hauser said: "Doan's Kidney Pills helped me after other medicines had failed to do much good. They have practically brought permanent benefit, as I have had very little cause to complain for the last few years." Price 50c at all dealers. Don't simply ask for Dr. Kilmer's Swamp-Root, but ask for Doan's Kidney Pills—the same that Julia Hauser has twice publicly recommended. Foster-McMillan Co., Props., Buffalo, N. Y.

proprietor has been arrested twice before. He was acquitted both times. A dozen negroes were drinking when Lieut. F. A. Schulte and Detective Irvine broke in Sunday. Randal and Brody probably will be heard tomorrow. Brody is out under \$100 bail, while Randal is held in default of bail.

WANT RAILROAD STREET PAVED

Firms in the wholesale district have filed a petition with City Clerk Walter Borgen asking that Railroad street be graded and paved with brick from First avenue east to the St. Paul & Duluth slip No. 1.

Officials of the Helmbach Lumber company, the Rust-Parker Wholesale Grocery company and the Northern Pacific railroad signed the petition. It was filed with the city clerk.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

FRANK J. CHENEY, Sworn to before me and subscribed in my presence, this 20th day of December, A. D. 1888.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

SOLON CASE NOT YET DECIDED

Minneapolis, Minn., Oct. 21.—The case of Loren Solon, captain of the University of Minnesota football team, who is charged with playing professional baseball last summer at Havre, Mont., was still without important developments today. Prof. Harding, the university representative who went to Montana to investigate, has not returned and it was said he would not reach here before tonight.

It was learned today that ever since the rumors about Solon first began to circulate he has been working with the eligibility committee in an attempt to clear up the situation. The day before Prof. Harding left to make his investigation in Montana, Solon voluntarily accompanied him to a local photographer and posed for pictures that would give Harding all possible means of identification. Individual pictures were taken as well as one in which Harding also appeared, so that comparative size might be available if needed.

Haley's restaurant is now serving club breakfast from 10c to 75c.

STUNTS FOR HALLOWEEN

Business Men Decide on Public Celebration of Mystic Night.

Protest Against Poor Lighting; Lecture on Commercial Club Value.

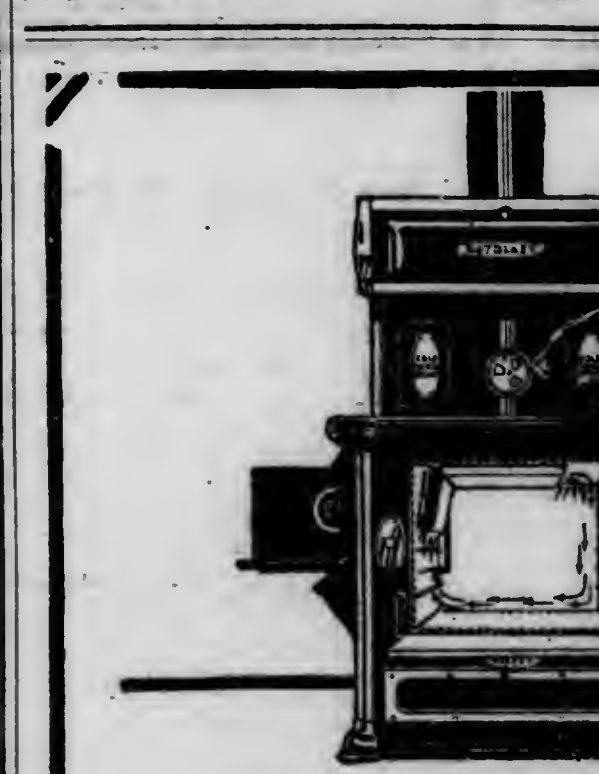

West end business men will provide a Halloween celebration for the young people of this end of the city on Oct. 29. This was definitely decided at a dinner held at 8 o'clock last evening at the Rex hotel which was attended by nearly sixty.

A committee consisting of William Mohaupt, chairman; A. Hanson, C. B. Nunan, Charles Mork, Walter Swanson, K. S. Garber and E. H. Branton was appointed and will get together at once to plan for the affair. It is said that a celebration similar to the one held last fall will be held. Following a discussion on the curfew ordinance and its enforcement, the business men appointed a committee consisting of Emil Nelson, August P. Width and Alfred Moe to confer with the Commissioner of Public Utilities for the purpose of making arrangements for the blowing of a silver whistle in the West end. The men present claimed that residents of the West end would be unable to hear the curfew whistle blown by either Marshall-Wells or the Zenith Furnace company. A spirited discussion as to the duties of the Commercial club arose. K. A. Franklin presented a motion requesting the business men to appoint a committee to confer with the Commissioner of Public Utilities in order to have better attention paid to the lighting system in this end of the city. L. A. Simonson, president of the West End Commercial club, George M. Jensen, its secretary, and S. W. Hill, one of its most active members, maintained that such questions should be properly taken up by the club.

The Commercial club officers had a good opportunity, and took advantage of it, to give the business men a lecture on the value of the club.

Don't Burn and Ruin the Hair With Hot Iron

Straight, lank hair is becoming to but few women and there's no excuse now for anyone looking homely and unkempt on that account. Those who have foregone the curling iron because of the damage it does by drying and breaking the hair, will be glad to hear that plain liquid salinizer will provide a far better and prettier effect, without any injurious result whatever. If just a small quantity is applied to the hair at night with a clean tooth brush, a lovely curliness and natural wave will be in evidence in the morning, and there will be nothing streaky, sticky or greasy about it. A few ounces of liquid salinizer, obtained from the nearest drug store, will prove a welcome addition to many a dressing table. It is best applied by dividing the hair into strands and moistening each of them separately from one to the top. The result will last for a considerable time.

CURFEW WAILS ITS WARNING AND KIDS BEAT IT FOR HOME

Did you hear the curfew last night? It was the first time in several years that Duluth has had a real curfew, and the big Marshall-Wells Hardware company's plant, Lake avenue south, did a good job on the opening night. Kids living far out in the East and West ends heard the roaring siren which told them it was 9 o'clock, and time to be in the house, if they didn't want to get caught by a policeman.

Under agreement with Safety Commissioner Silberstein, the Marshall-Wells company will blow the siren every night at 9 o'clock. Children under 16 years must be off the streets by 9 o'clock during the fall and winter and by 9:30 o'clock between April 1 and Oct. 1, according to the new ordinance.

D. C. H. S. SOCIETIES WILL PUT ON PLAYS

German Classes Plan Three Presentations Before Christmas; Thalian Society Reorganizes for Mathematical Extension Work; May Include Science Students.

Two Central high school societies held important meetings following the close of school yesterday. The members of the Thalian Society, the school German society, met and made arrangements for several folk plays to be given during the Christmas season. The society will be selected from the second, third and fourth-year German classes.

The Thalian society, Central high school's old mathematics organization, held a meeting at the Central high school yesterday afternoon. The officers elected were: Raymond Brenton, president; Gladys Annand, vice president; John Guthrie, secretary-treasurer. The meeting was presided over by J. F. Enright, secretary of the mathematics department, and he urged the members to enlarge the scope of the organization to include science students.

Svea Glee Club Bazar!

WOODMAN HALL, ADMISSON FREE, NOW GOING ON.

The speakers will be Mrs. Stella Widner and daughters, Elizabeth and Virginia, 317 North Twenty-second avenue west, will leave Sunday for Charlotte, Mich., where Widner's sister, Mrs. John Olson, 1317 West Third street, is reported to be recovering from a long illness.

Fridhem lodge, No. 43, I. O. O. F., will hold a bazar for its members at the Sloan hall, Twentieth avenue west and Superior street, tomorrow night. The committee in charge of the bazar is in charge of the bazar. The bazar will be held at the Sloan hall, Twentieth avenue west and Superior street, tomorrow night. The committee in charge of the bazar is in charge of the bazar.

GEN. SMUTS WINS IN SOUTH AFRICA

Elected to Parliament Over Nationalist and Labor Candidates.

Cape Town, Oct. 21, via London.—Gen. Jan C. Smuts, minister of the interior, mines and defense of the Union of South Africa, has been elected to parliament by the Pretoria constituency over the Nationalist and Labor candidates.

The triumph of Gen. Smuts in Pretoria is the only indication thus far of the probable outcome of the contest between the adherents of Premier Botha and J. B. M. Hertzog, former minister of justice. The Unionists are usually strong, having already returned thirty members, which would give the total party force before the polling began. The strong showing of the Unionists thus far is accounted for by the fact that the returns from the cities of Cape Province have been received before those of the country districts, where the South African and Nationalist parties dominate. Towns in other provinces which have reported voted heavily for Gen. Botha's South African party. The Nationalist returns far have been poor but are expected to improve with the rural reports.

A number of leaders in all the parties apparently have suffered reverses. This is especially true of the standard bearers of the Labor party, which has been rent in twain by the factions for and against Gen. Botha. Frederick H. Creswell, a Labor leader who has supported Gen. Botha, was defeated in two constituencies in which he was a candidate.

ROUMANIANS ANXIOUS TO INTERVENE IN WAR

London Oct. 21.—Dispatches from Bucharest indicate that a violent campaign is being waged in Roumania over the question of that country's intervention in the war. One of the Bucharest opposition newspapers according to the dispatches has gone so far as to threaten the king with a popular rising.

A number of indignations has been caused in Roumania by the action of the Austrian authorities at Salzburg in arresting Michael Calacazone, former Roumanian minister of justice who has returned to Bucharest from Paris whose arrest it is alleged was due to the finding of a letter in his possession addressed to N. Filipescu, leader of the Conservative party in Roumania.

Youth Deeds of Valor.
Linton, N. D., Oct. 21.—Realizing that it was his arm or life, Weigener Rudenburger, aged 12, stood up and let a threshing machine flywheel literally pull his right arm off at the elbow. The boy was tightening a nut on the engine when the wrench slipped instead of being conscious, the boy directed farmhands how to apply a tourniquet and to prepare a wagon to take him to the doctor.

BLIND PIGS ARE FEARED

Buhl Formerly Source of Supply for Hibbing and Chisholm.

Railroads Not Yet Notified to Refuse Shipments of Liquor.

Predictions are being freely made in Duluth that blind pigs will attempt to do business in Hibbing and Chisholm when the saloons are closed Nov. 1. "They will tell you that when the lid is clamped on Hibbing and Chisholm that the people there will turn to the blind pigs for liquor in their possession because they are in Indian territory and that the penalty for offenses against the reservation code is a heavy one," said a well-known Duluth man whose business takes him to the range frequently. "That's all very true on the face of it. But let me tell you something. Recently I went through some of the territory that was closed by the same treaty that affects Hibbing and Chisholm. I saw men served with real whiskey and I saw them have a real bar. The patrons called for the drinks by their proper names and there was no twitch in the barboy's face when he replied: 'Coming up, sir.'"

Several years ago the federal government forbade the railroads and express companies to carry intoxicating liquors into Hibbing and Chisholm. The order stating that these towns were in Indian territory. The railroads and express companies strictly obeyed the order; but their obedience did not prevent shipments of liquor into the towns mentioned. Buhl, a mining town, that lies about sixteen miles from Hibbing and about twelve miles from Chisholm, was just outside the reservation. Railroads and express companies could deliver intoxicants to this point, and they did, whole carloads of beer and whiskey.

This liquor was consigned to the respective saloon men of Hibbing and Chisholm for delivery. Buhl, a town, hired by the saloon men, carried the liquor to the saloons. It was a rather inconvenient procedure, but nevertheless successful. During the winter of the year the thermometer played around and below the zero point for several weeks, and much beer was spoiled through freezing.

Railroads and express companies have been notified not to accept shipments of liquor consigned to Hibbing and Chisholm after Nov. 1. Agents who

have been seen state that they will rigidly obey any order of this kind that is issued by the government. The penalty for carrying liquor into a reservation is \$2,000.

Dandruff Surely Destroys The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Advertisement.

THE BELGIAN DOLLAR FUND

"The Dollar Christmas Fund for Destitute Belgians," contributions to which are being received at The Herald office, received a substantial boost this morning, when Mrs. Sarah Turle of 2218 East Superior street sent in a check for \$5 and some unknown person who clothed his identity with the initials "H. C." sent \$1. Added to the two dollar donations previously received, the fund now totals \$8.

Every penny received for this fund will do the greatest possible good for a people who are unable to help themselves. Ravages of the war are more pronounced in Belgium this fall than at any time since the war started. Homes are broken up. Fathers and sons are at the front fighting while wives, mothers and children are starving at home. One dollar expended in this cause will buy the fullest amount of charity.

Money Needed in London.
Walter Turle, 2218 East Superior street, who has collected and sent several hundred dollars to London to be used in the Red Cross work, has received a letter from an intimate friend who resides at 29 Buckingham palace mansions, London, in which the writer says that money is seriously needed in the hospital work and that the conditions brought about by the war are really unthinkable.

In part, he says: "You will be surprised to get a letter from me but I want to make an appeal to you and ask for your aid. London is a city of places in London depots have been opened for the making of war hospital supplies. All the work is voluntary

and each worker pays as much a week for the privilege of working. The money thus collected is used to buy materials for making the bandages.

The sum thus collected is, however, not sufficient to buy enough material to keep the workers fully employed and I am going to ask you if you will send me a small sum of money to swell our bank account which is very small. The depot in which I am interested is here in Westminster and I and my two girls work in it every day for three or four hours and sometimes all day. The articles made in this depot all go to the Dardanelles where hospital supplies are badly needed.

"Perhaps, as you are so far away, you may not realize what an awful war this is and what terrible suffering is being endured, but I assure you you help just a little to alleviate some brave soldier's pain. I feel sure you will and I thank you from the bottom of my heart."

"Since the last visit of the Zeppelins we nightly go to bed expecting to hear the guns. London is as dark at night as in the days of George III and going out after dark is not much fun."

Duluthians who have so far contributed to the Belgian dollar fund are:

Mrs. F. W. Paine, 1007 London road. \$1
Mrs. Verres Watson, Spaulding hotel. 1
Mrs. Sarah Turle, 2218 East Superior 5
H. C. 1
Total \$8

At Flower Shop.

SUPERIOR

**CORONER WILL
HOLD INQUEST**

Will Try to Fix Blame for Killing of Ole Larson.

An inquest over the body of Ole Larson, a settler near Suion Springs, was held here Monday night by Hans Jensen, during a dispute over wages, will be held this afternoon at 2 o'clock by Coroner Downs. An autopsy was performed on the body by County Physician W. H. Zwiefel, last evening, showing the man had died from the shock and loss of blood caused by a charge of bullet. Jensen is being held at the county jail. He maintains that he shot Larson in self defense. He claims that Larson had attacked him. He claims to be trying to defend himself from Larson, who, he says, had threatened to "break every bone in his body."

BOOSTERS START NEIGHBORLY TRIP

Trainload of Business Men Leave to Visit Northern Wisconsin Towns.

A trainload of Superior boosters headed by H. B. Evans, chairman of the committee of arrangements for the Superior Rotary club, left at 8 o'clock this morning over the Soo line to visit many of the country towns in Northern Wisconsin. About 120 business men were in the party. The boosters will visit about thirty towns at each of which a dinner will be served. The train will be made up of three different railway cars, which will be Kingdale, Webster, Lewis, Frederick, Luck, Dresher, Junction, Deronda, Amery, Joel, Turtle Lake, Comstock, Cumberland, Barre, Shell Lake and Spooner.

The party will leave Spooner tomorrow morning at 7:30 o'clock. Stops will be made at Trepo, Spring Brook, Hastings, and other points. Ashland Junction and Hayward. On the return the stops will be at Iron River, Brule, Maple, Poplar and Went-

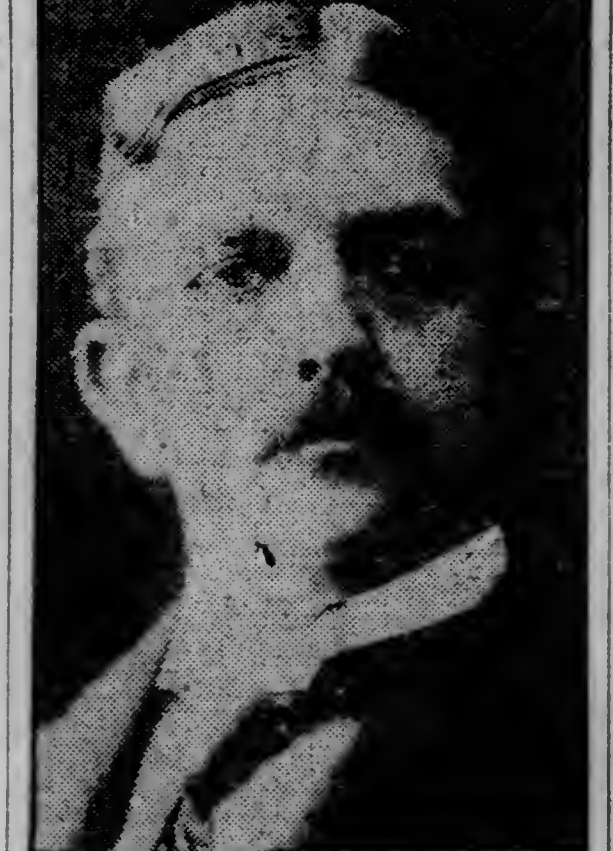

R. A. BARTHOLDI.

A Ford car, driven by Lawrence Doby, bucked like a broncho before taking the first turn, and crashing into the rail, smashed its front axle, threw both rear tires and paved the air with its front wheels. It was some twenty feet from the track when it crashed. The car was badly damaged and the driver was injured. The race will be resumed. Ballast will be placed in the machine to prevent future bucking.

The membership race now on is said by Secretary Oblinger to be the best by several shades that the local Y has ever staged. "Things are going big," is the way he expressed himself. "Never before have we been able to get so many real live business men out hustling in a campaign. We certainly look for big results."

LOGICAL SUCCESSOR TO SENATOR DUPONT IN 1917

S. S. PENNEWELL.
S. S. Pennewell is regarded as the logical successor to Senator Dupont in 1917. The senator was expected to retire without a contest as he is now 77 years old. But he recently announced he would be a candidate for reelection. Mr. Pennewell has been a member of the state senate and was governor of Delaware for four years.

"I've been smoking too much!"

It's doubtful if you ever heard a Fatima smoker say that.

Of course, you can't tell until you try them whether Fatimas will taste as good to you as they do to most men.

But one thing you can be sure of—Fatimas will never give you any mean "after-feeling."

The pure Fatima blend is famous for being cool and friendly to the throat and tongue. Fatimas are the most SENSIBLE cigarette you can smoke. Today's the day you should try them.

NINE YEARS IN PEN; FINE OF \$33,000

Alleged Head of Moonshine Conspiracy Given Heavy Sentence.

Fort Smith, Ark., Oct. 21.—John L. Casper of Kansas City, alleged head of the moonshine conspiracy, who pleaded guilty in the United States district court here yesterday, today was sentenced to nine years and three days in the Leavenworth penitentiary and ordered to pay a fine of \$33,000. In addition to Casper, the following were sentenced: J. Henry Brown, Harrison, Ark., government gauger, two years in the penitentiary, fined \$1,000. S. L. Williams, Winston-Salem, N. C., former government revenue agent, Charles Brewster, Kansas City, George Hartman, Kansas City, one year and one day in the penitentiary, fined \$1,000 each. John Parrabee, Kansas City; John Coffey, Fort Smith, six months in jail, fined \$1,000 each.

AMERICAN COMPOSER'S WORKS WILL BE HEARD

DANIEL GREGORY MASON.

Daniel Gregory Mason is one of the American composers who will profit in honor at least by reason of the war. Among the products of Europe which war has dimmed is symphonic music. Walter Damrosch of the New York Symphony orchestra has announced that he will draw many of his novel- ties for the coming concert season from American sources. One of the composers whose work will be performed is Mr. Mason. Mr. Mason is a native of Brookline, Mass., and not quite 42 years old. He graduated at Harvard, took up the study of music in Boston and became musical professor at Columbia university. He has also lectured

CONGREGATIONALISTS RESUME LABORS

New Haven, Conn., Oct. 21.—The National Council of Congregational Churches today resumed its labors, while the Women's Home Missionary federation opened its annual meeting. The first matters taken up by the council were recommendations submitted by the executive committee upon subjects which are expected to develop lively discussion, such as church unity, evangelism, temperance and finances. Rev. Raymond Calkins of Cambridge, Mass., for the commission on unity, federation and unity, reported that the commission's activities had been directed to the support of the federal council of the churches of Christ in America.

SCOUTING BY NIGHT

No one can walk perfectly straight across a big field in the daytime, much less in the dark, writes Frederick O. Cooke of the British Volunteer Training corps in the Strand Magazine. A man always wanders in a rough circle at night. The direction of the wind may help him to find his way, a knowledge of the stars, or a compass, if he has one. An observant man seldom gets lost. Every soldier should practice night walking in the open country at home. Only those who are steadily out for hours in the open country at night acquire "night eyes." For the want of them I once fell over a slumbering bullock in the dark. I was so sure I was going to get it that I was sure the bullock thought it had got me.

men when you are on duty at the front. I know of a sentry here in Sussex who was so nervous that he shot at his own shadow one bright, moonlight night—fortunately, he was only supplied with blank cartridges, so there was no bloodshed.

SHE WISHED FOR SOME, TOO.

Chicago News: The much-traveled young man had just returned from foreign climes, and, of course, he must entertain his rich old aunt (with whom he was in favor) with stories of the wonderful sights he had seen. "Yes," he said, in the course of his remarks, "there are some spectacles that can never be forgotten."

"Dear me!" exclaimed the absent-minded old lady, "do wish you would get me a pair of them, John."

A Single Application Banishes Every Hair

(The Modern Beauty)

Here is how any woman can easily and quickly remove objectionable, hairy growths without possible injury to the skin: Make a paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a painless, inexpensive method and, excepting where the growth is unusually thick, a single application is enough. You should, however, be careful to get genuine delatone.—Advertisement.

Society & Women's Clubs & Music & Drama

FIFTEEN members of the University of Wisconsin Alumni association gave luncheon at the St. Louis hotel yesterday in honor of Henry E. Balsey, whose wedding to Miss Elizabeth Kemp of Lake Forest, Ill., will take place there Saturday.

Miss Kemp taught at the Endion school last year and at the Lester Park school the year before.

Mr. and Mrs. Lang

Give Bridal Dinner

Mr. and Mrs. Thomas H. Lang of 201 South Twenty-first avenue east entertained the members of the Lang-Bogardus family and out-of-town guests at dinner last evening in one of the small dining rooms of the Spalding hotel. The table appointments were of pink, with Baltimore roses. Covers were laid for Mr. and Mrs. Edgar Bogardus of Chicago, parents of the bride; Miss Katherine Steen of Woodstock, Ill.; Miss Jean M. Woodstock, Ill.; Miss Alice Lang, Henry Bogardus and Howard Jacobs of Chicago; Charles West, Jr., and Siebel Harris.

The wedding of Miss Lang and Mr. Bogardus will take place this evening at St. Paul's Episcopal church and will be followed by a small reception at the home of the bride's parents.

Literature Department Will

Complete Marker Play

The study of Granville Barker's "The Marriage of Figaro" will be completed at the meeting of the literature department of the Duluth Junior club, which will be held tomorrow morning at 10 o'clock at the library clubroom. A general discussion of the play will be introduced by the following short talks: "The Marriage of Figaro," Mrs. E. E. La Londe; "Carnaby Lane," Mrs. A. L. Lawson; "George's Little Girl," Mrs. S. G. Galt; "The Intrigue of the Play," Mrs. B. H. Hayes; "The Purpose of the Play," Mrs. J. Abel; Mrs. J. H. Engel will speak on "The Madras House."

Round Table Will Hold

Next Meeting Nov. 10

The next meeting of the Duluth Junior club will be held Tuesday, Nov. 10, instead of next Wednesday as was announced at the program which was given Tuesday afternoon.

Duerson-Finke Wedding

The wedding of Miss Clara Duerson and Marshall W. Finkle took place at 4 o'clock last evening at the home of the bride's parents, Mr. and Mrs. Melvin Duerson, 2225 West Tenth street. Rev. H. A. O'Brien, pastor of the Wesleyan Methodist church, and Rev. H. K. Nadson of Chicago performed the ceremony. Miss Mabel Christian was the maid of honor, Miss Mabel Christian was the maid of honor, Miss Mabel Christian was the maid of honor. The ceremony was the most beautiful of the season. The bride wore a gown of white crepe de Chine and carried a bouquet of pink roses. The groom wore a tuxedo and carried a sword. The reception was held at the home of the bride's parents. The bride and groom were surrounded by many guests. The ceremony was a most beautiful one. The bride and groom were surrounded by many guests. The ceremony was a most beautiful one.

Kindergarten Work Reviewed

Reports of the meeting of the International Kindergarten union which was held in San Francisco in August were given by Miss Emma Ghering and Miss Clara Taylor at the first regular meeting of the year, which was held by the Duluth-Superior branch of the kindergarten association yesterday at the Madison school.

Miss Ghering attended the convention as a delegate from the state kindergarten association and Miss Taylor as delegate from the Duluth-Superior organization.

Miss Ghering spoke of the increase in the number of kindergartens established and maintained, the large number of delegates from nearly every state and from many foreign countries and of the kindergartens being made an integral part of the educational system in several states the past year.

"Co-operation" was the theme of the meeting. Miss Ghering spoke of the importance of co-operation between the kindergarten and the home, business and community, and of the importance of co-operation between the kindergarten and the home, business and community.

D. W. C. A. Notes

Last evening 125 young women employed in the industrial centers of the city came together for a banquet at 8 o'clock at the Y. W. C. A. The tables were decorated with candles and the various industrial clubs and menu cards. Each course was served to the lively strains of club songs. Musical selections were also given by several friends of the association.

After the banquet the company adjourned to the auditorium, where the impressive candle service was used in the presentation of the program.

Peggy Peabody's Observations

Opportunities for Middle-Aged.

Not long ago, a cultured woman, just past the age of 50, came to me for help. She had believed herself comfortably situated for the remainder of her life, when in the passing of a day all that she had was swept away. It was necessary that she earn her living and at once.

In the old days this woman had been a singer of repute. She decided upon teaching voice culture and she asked me if I could secure some pupils for her. I tried, but not with much success. At present, in the South, she holds dear, disheartened and unfitted, in a piling delirium. Yet there must have been a number of young women who would have been glad to avail themselves of the opportunity to study singing under a competent teacher at moderate terms.

Not so very long ago a young girl wrote to me in reference to some employment that would enable her to go

Scope and Purpose of the National Board of Censors

Relative to the proposed amendment to the theater ordinance, that was introduced several months ago by the Woman's Council, and was defeated when brought before the city council, Mrs. A. A. Kerr, who is chairman of the committee on amusements of the Woman's Council, gives the following explanation of its powers and its limitations.

"The question of censorship by the national board is either not understood or misunderstood. By a good many persons in Duluth just now, it seems, said words of the board today. In March, 1908, the motion picture theater, New York city, requested the People's Institute to organize a board of censors for New York city. After two months' work it was decided to extend the work beyond New York.

Scope of Censorship. The scope of the work became national in June, 1909, at the request of the manufacturers of motion picture films, and a censoring committee of the Board of Censorship was taken; but so far as having national official authority, as is believed, that is a misconception. Its influence and its control is purely public opinion.

"The People's Institute uses part of its annual fund for the only motion picture audience is made up of children under 16. Also, the board is not responsible for the posters, handbills or other advertising which may be put on the walls of motion picture theaters. These are often sensational, sometimes misleading, and need to be controlled by local authorities all over the country. It then goes on to say that the board co-operates with local censor boards, naming seven, among them being San Francisco, New York, Chicago, Boston, Philadelphia, St. Louis and St. Paul.

Local Censors Needed. A group of persons in New York city making decisions according to a general standard established by them has also indicated that there are no local censors in this city. The sentiment of any given community as accurately as does a local censor board, and an alderman to the city. And if this sentiment might be expressed in a responsible way through a board or bureau of representative members of local communities, it would be a help to the city and to the country. It then goes on to say that the board co-operates with local censor boards, naming seven, among them being San Francisco, New York, Chicago, Boston, Philadelphia, St. Louis and St. Paul.

May Take Appeal. An appeal may be taken from the decision of the censoring committee of the board. The board is composed of seven members, five of whom are necessary for a quorum. This decision is final so far as the board is concerned. The board is composed of seven members, five of whom are necessary for a quorum. This decision is final so far as the board is concerned.

The bride wore a gown of white crepe de Chine and carried a bouquet of pink roses. The groom wore a tuxedo and carried a sword. The reception was held at the home of the bride's parents. The bride and groom were surrounded by many guests. The ceremony was a most beautiful one.

Bishop McCord Will Be Host

Rev. James McCord will hold a social hour at his residence, 1112 East Fifth street, this evening. The bishop's clubroom for the participants in the bazaar that was held for the benefit of St. James' orphanage.

Church Meetings

The annual district meeting of the foreign missionary societies of the city will be held tomorrow and tomorrow evening at the Duluth-Superior Y. M. C. A. The meeting will begin at 10:30 o'clock and the evening session at 8 o'clock. Mrs. L. P. Blair of Minneapolis will be the principal speaker.

Lodge Notes

Neighbors of America, will not hold its regular meeting Friday night at the Woodman hall on account of the district convention which will be held at the Eastern hall. Greydon and Dewey camps will meet at 8 o'clock, following the afternoon session and banquet. Supreme Council will meet at 8 o'clock. The regular meeting of Duluth lodge, No. 110, Degree of Honor, which will be held tomorrow evening at Macabee hall, will be followed by a card party. Pedro will be played.

Personal Mention

Mr. and Mrs. John Miller of Vermont, who are visiting here for a short stay at their home in Florida, after which they will go to California for a month.

Mrs. Clarence B. Miller arrived yesterday from Washington, D. C. Congressman and Mrs. Miller will be guests at the Spalding indefinitely.

Walter W. Johnson, son of Mr. and Mrs. Walter J. Johnson of 2125 East Second street, has been admitted to the Ren- seler Polytechnic institute at Troy, N. Y. He is a sophomore in the engineering course. He was formerly a student at Central high school.

Theater Gossip

Home Barton, formerly leading man of the Baldwin Players in Duluth, is now in Lynn, Mass., with a stock company there, and writes to Duluth that he would like to return to this city.

Edward R. Salter, former manager of the Grand theater, has closed a five years' contract with May Robson, and they have revived the rejuvenation of Aunt Mary.

The Baldwin Players have closed their engagement in New Orleans and have taken to the road. Lynceum will prevent their return to Duluth until late in January at least.

GOOD FURNITURE

Established 1884 First St. and Third Ave West.

thinking about, foretelling the future and giving advice on the affairs of life. It is one of the most remarkable and mystifying acts upon the stage.

"Six Hundred Miles From New York" is the offering of Princeton and Yale, who describe their offering as a page from the dictionary of dialogue, funny situations and comedy.

Fears and Homer offer an all new song and dance revue. The dances include everything from the cake walk to the latest society creations. A repertoire of well-chosen song numbers is also included.

The Baader La Velle Trio have a comedy offering, using the bicycle, unicycle and an alarmp to corral the laughs. Richard Travers, in "Affinity," a two-act subject, reads the photoplay program. A Helen Holmes railroad story, "The Plot at the Water Tank," 2 comedies, including a Charles Chaplin subject, and the Heart-Selg New complete the performance.

Elsie Janis in "Twas Ever Thus," a delightful comedy of the way of a maid with two men, written by Miss Rex Beautiful tonight for the last time. Tomorrow and Saturday Pauline Frederick comes to the Lyceum in production of "Zaza." And for the last time in this heart-stirring, emotional drama, "The Valley of Lost Hope," the one woman of the present day stage who would be equal to her.

DR. DUMBA REACHES THE HAGUE SAFELY

London, Oct. 21.—The arrival at The Hague of Dr. D. D. Dumba, lately called as Austrian ambassador to the United States, is reported in a dispatch from the Associated Press and Reuters Telegram company. Dr. Dumba was escorted by the Austrian minister in London, Sir John Dumba. Dr. Dumba declined to see reporters, but he is expected to make a statement tomorrow.

MISS RUTH COPELEY

The Lonesome Pine," coming to the Lyceum tonight.

Miss Ruth Copeley, who has been a featured actress in the Lyceum, is now in the Lyceum, and will be the featured actress in the Lyceum.

For the last time tonight Hoyt's comedy, "A Black Sheep," with Otis Harlan in the leading role, will be the feature at the Orpheum-Strand.

In addition to the greatest head-on collision ever worked up in motion pictures, "The Valley of Lost Hope," which will be the next attraction at the Orpheum-Strand theater, is also notable in that it shows a dynamiting scene that reaches a new high record in realism. There is an overhanging cliff rent clear of its fastenings by high-power explosives and sent crashing upon a mining camp below. Add to this a safe robbery and a score of rough and tumble fights and you will appreciate why this great picture more than stirs the emotions of the most blasé.

"The Valley of Lost Hope" is not a sensational picture in the accepted sense. It is a beautiful love story in a setting that stirred men to do the impossible. It deals with the treachery of an unscrupulous capitalist, who lured a man to a supposed gold field, sold them worthless land and endeavored to leave them in the lurch. Men under such circumstances are tempted to do things they might not do in any other way. The purpose of this picture is simply to portray life in such a community as really is.

There is plenty to amuse on the new week-end bill opening at the popular Lyceum this afternoon with a show of four acts, every one containing a comedy of some order. In addition to the Lyceum, the Lyceum is a most entertaining picture comedians do their share to figure strongly in the laugh column.

Headlining the program is Mabelle, the girl of mystery, who reads your mind and tells you what you want to know. This young woman while seated on the stage and blind-folded, reads the mind of any person in the audience, telling them what they are

side the Twin Cities.

The Herald will be glad to have its at-
tention called to any misstatement or un-
true statement which may appear in its
news, editorial or advertising columns.

BRITISH PESSIMISM.

"We are in a hole," declares the military
correspondent of the London Standard. "We
have lost faith in the ability of our states-
men and in the strategic conduct of the war
and in the willingness of the people to sup-
port the war; three or four very serious
questions now exercise the minds of politi-
cians and public alike, and threaten to
wreck the government; in France, the best
known minister has resigned; in Russia
public opinion is badly shaken," etc., etc.

All true, and yet not all true.
In every great war there are darkest mo-
ments when pessimism slays the confidence
of all but the most ardent. If we could step
back in time and stand for a day in the
North during the winter or spring before
Gettysburg and Vicksburg, we could better
appreciate the feeling that more or less per-
vades Great Britain. The allies felt such a
moment just before the battle of the
Marne. The utterance quoted is extreme,
and perhaps does not represent the general
belief; it must represent a pretty consider-
able belief or it would not be said.

The particular incident that has distilled
this black spirit is the failure of allied di-
plomacy and the success of Teutonic di-
plomacy in the Balkans. Before that the
atmosphere had been prepared for it by the
steady beating back of Russia that filled the
summer.

Russia has been beaten back over a vast
territory—yet Russia is no longer on the
retreat, and in many places is on the of-
fensive. The furious attempt to break the
deadlock in the West resulted only in a
few minor gains, many of them since lost;
but on the other hand Germany is no nearer
Paris and Calais than she was a year ago.
Bulgaria has been won to the side of the
central powers, and Serbia is being beaten
by her knees by encircling enemies; yet
Rumania and Greece, though still painfully
neutral, can hardly keep more longer.
The attempt to unlock the Dardanelles has
failed, yet Germany is still a long way from
the Suez canal, and Turkey is still bottled
up.

It has not looked worse for the allies
since von Kluck threatened Paris. There
is no pessimism in Germany, and there has
been and is little occasion for it there. In
the allied nations debts mount, taxes grow
formidable, men are dying by the thousands
without encouraging victories to stimulate
them. Great Britain has not risen to her
need, and is torn within by politics and by
honest division of opinion as to conscription.

Yet the allies are not beaten. Germany
is not yet victorious. The war is nowhere
near an end. There are ups and downs yet
in store for both sides, and though down-
s of late have been uncomfortably the steady
diet of the allies, it would be a miracle if
some ups should not be gained.

Though Germany is confident of victory,
though the Bulgarian participation is un-
questionably due not to a failure of allied
diplomacy but to a belief that Germany
will win, though the allied nations are pes-
simistic and disturbed by domestic strife
that is the inevitable associate of temporary
defeat and even of delayed triumphs, no
man yet can tell how the end will be. If
the pessimism of the allies struts into being
all their still latent powers, there is yet
hope for them. If they give in to it, they
are lost.

In view of the "no ballot, no baby" agita-
tion, it ought to be interesting to study the
birth reports from New Jersey from now on.

THE HERITAGE OF DEGENERACY.

Eugenics isn't so much talked about as it
was a year or so ago, but occasionally
something happens to remind us that it
isn't altogether an empty dream. For in-
stance, there is a report by a government
agency which has been investigating the
descendants of a pair that moved, many
years ago, from Pennsylvania into Ohio,
and the disclosures of this report are
strongly reminiscent of the story of the
well known Jukes family of New York.

The Ohio family—the Mengolds—is as
startling an evidence of the handicap of a
bad heredity as the Jukes family. Five
generations have been traced, with this re-
sult: Sixty members of the family have
court records, having been committed to
penitentiary or jail, industrial homes or in-
stitutions for the feeble-minded. Seventy-
four are classified as criminal, fifty-five as
crack-brained, twenty-three as alcoholics,
four are epileptics, three are hopelessly in-
sane. Prostitution runs through the fam-
ily as though it were entailed. The tribe
has contributed much to bootlegging. The
family has had—and has—burglars, forgers,

perjurers, thieves and murderers. One
Mengold woman was convicted of attempt-
ing to poison her husband. The best of
the family, it is said, have a mentality
which is no further advanced than that of
a child of eleven.

Eugenics as a positive force—to be used
in the construction of a super-race—is one
thing. Eugenics as a defensive force—to
protect society against the perpetuation of
degeneracy—is another. In this negative
side of it, at least, the instances of the Jukes
and Mengolds give it a respectability that
lifts it above the level of the "crank"—who
is, by the way, often a very useful being
who enjoys a very hard time of it and gets
out of the laurels of posterity the recognition
that might, if extended to him while
he was living, deprive him of the joy of
martyrdom.

England offers Cyprus to Greece if Greece
will join the allies in the war. It must be
restful to have no more to say about your
own affairs than Cyprus seems to have.

THE MILITARY PROGRAM AND ITS BY-PRODUCTS.

While President Wilson's program of
preparedness displaces both the extreme
militarists and the extreme pacifists, un-
questionably it will have public support, and
there is very little doubt that congress will
put it through with slight alterations if any.
Spread over five years, the annual mili-
tary budget does not look particularly for-
midable. Costs and results at the end of
the period, lumped, are decidedly impres-
sive.

As Europe is busily engaged in destroy-
ing its military equipment every day, and
may before the end busy itself with de-
stroying its naval equipment too, five years
for this country ought to be pretty trou-
bleously prepared for trouble if trouble
threatens.

Meanwhile, this country will continue to
pursue the policy laid down for it by Presi-
dent Wilson, which is to ask "nothing for
itself but what it has a right to ask for
humanity itself." A nation that pursues this
policy may have need of armed strength to
fortify its demand, but there is small likeli-
hood that a nation contenting itself with
demands so just will need to fight for them.
It is vastly better preparedness than any
amount of guns.

There will be several interesting by-prod-
ucts of this energy in preparedness. It is
going to involve the collection and expendi-
ture of close to a billion dollars. The ex-
penditure of this money will keep ship-
yards and armament factories busily en-
gaged. If the European war demand ceases,
the American demand will go far to sus-
tain these industries. It is going to take
out of the ranks of productive labor a good
many valuable men, thus tending to reduce
non-employment and very likely to better
the conditions of those remaining by a new
adjustment of supply to demand. This will
be offset by the fact that there will be fewer
men engaged in productive activity. The
expenditure of money for preparedness will
not be without its stimulating effect upon
industry and commerce.

On the other hand, the nation will be
running a heavy bill which must be paid.
That means more taxes. More taxes means
inevitably a readjustment of the revenue
system. While some additional revenue
may be obtained by such tariff changes as
the restoration of the sugar duty, the main
reliance should be on the income tax. At
least that will be where the people at large
will expect it to come from.

A reduction of the exemption from three
thousand a year to two thousand, and a
sharp increase in the surtax on incomes
above twenty thousand, will yield a con-
siderable proportion, if not most, of the
new revenues that will be required. Those
who are affected by these prospective
changes in the income tax will not, of
course, enter any protest, since they have
been most active in promoting the demand
for a greater readiness for defense.

Now a ten million dollar loan to Mexico.
Next!

BULGARIA AFTER THE WAR.

What is to happen to Bulgaria after the
war? If Germany wins, she will expect to
become the dominant figure in the Balkans.
But Germany, victorious, will dispose of
the Balkans to fit her own plans. She
knows that Bulgaria hesitated long and
went at last to the highest bidder, and while
whatever promises Germany made to Bul-
garia will doubtless be kept, the element
of gratitude in the giving will be small,
and Bulgaria will find herself subject to
Germany's will, whatever it may be.

On the other hand, if Germany loses, Bul-
garia will have a heavy reckoning to pay.
A Slavic nation, she has turned against the
Slavs, against the country that rescued her
from Turkey. She has chosen the most
critical moment of the war to strike her
blow. She is hazzarding all on a German
victory, which of course she expects or she
wouldn't have aligned herself as she did. If
it fails to come, it will be "Good-by, Bul-
garia!"

As the policy Bulgaria has played can en-
dear her hardly more to her present allies
than to her present enemies, and to the
neutral world not at all, if anything hap-
pens to Bulgaria there will be one calamity.
At least, on which the world will not need
to waste much sympathy.

A Los Angeles judge is responsible for
the theory that the boy who plays hooky
from school is defective mentally. If his
honor regards himself as mentally perfect,
he must have had a doggone uninteresting
boyhood.

Soon the rabid Republicans in congress
will be working in the hope of blocking
the administration's naval plans, so that
they can use the failure of those plans as
an excuse to criticize the administration.

The Cup

By Seward.

Washington, Oct. 21.—(Special to The
Herald.)—In England they seem to have
struck at last the right remedy for the
liquor evil, and it is proposed to abolish
the saloon, but the "treating" practice.
This is the stuff, and if every community
in our blessed land had made treating a
grave misdemeanor and had enforced the
law against it all this prohibition hysteria
would never have been heard of. "Treating"
has provided most of the drunkards and
is the author of most of the unhappiness
that have made the saloon an abomination
in all the states of our Union.

For example, a young fellow, on a Sat-
urday, with his wage in his pocket, or his
salary, as the case may be, goes to a saloon
to take one drink, that's his mind or his
muscle, or both, need, as I hold. There he
meets a crowd of friends, drinks Scott and
pathe with the result that he goes home
drunk and with an empty purse. That is
his liquor evil. Stop treating and you will
be rid of most of the drunkenness.

The Persian says that every man is as
good as dead. God pillar of the community
of his children the appetite for alcoholic
drink. Some of the most interesting of these
cannot, but a mighty curb would be
put upon it if that false goodfellowship of
treating were eliminated. There is a
chapter in letters relate to feasts of reason
and temperance. Dickens owe much of their
charm to the introduction of the cup that animates, and
unfortunately, unfortunately, unfortunately.

And Burns! There's the chap!
"The Clachan yill had made me canny,
"Was na fou, but just had plenty;
I sither'd whyles, but yet took tent ay
To free the ditches;

An' hillocks, stanes, an' bushes, kenn'd ay
Frae ghaels, gars, an' the sun's
The rising moon bend to clow'r;
The distant Cummock hills out-ow'r;
To count the horns, wail' my pow'r,
I set mither;

But whether she had three or four,
I wad na tell.

And again Burns tells of that ambrosial
occasion when Tam O'Shanter met at
"Auld Ayr, whom ne'er a town surpasses,
For honest men an' bonnie lasses."

"For honest men, souter Johnny,
"Ay, gentle dame, gars me speak;
To think how many counsels awae
How many lengthen'd, sage, advises,
The husband frae the wife divides."

And there they sat at the nappy, getting
for and uncapp' happy. And here is what re-
sulted, as is always the case along:
"Kings may be blest, but Tam was glorious,
O'er a' the ilks of life victorious."

And that is the great plague of this drink
habit, the nullification of what we may call
responsibility.

"Private John Allen" once illustrated it in
a speech in congress that kept Tom Reed's
fat side quivering for hours. I believe it
was the silver question that Allen was ex-
pounding, and he related something like this:
"A man went out to Texas from Tipton
county, Tennessee, and after a hard struggle
he made good, was the head of a family, a
prosperous farmer, and a good citizen."
It occurred to him to visit his old home
in Tipton county, and there he went, and
met many of his friends and of his youth, and
it was a joyful occasion.

Early in the afternoon a social gathering he
was introduced to a Tipton, an alderman, who
opened this conversation with him:
"Do you know my brother, John, out in
Grayson county, Tennessee?"
"O, yes, I know him very well; we are
neighbors and intimate friends."

"Well, he has a magnificent farm,
paid for and unincumbered, raises 100 bales
of cotton a year and has a large surplus in
bank."

"I wish you would tell John that we are
going on mighty poorly in old Tipton, can't
make a bale and a cent to show for it."

"And so you know my brother John out
in Grayson county, Tennessee?"
"Splendidly. He is a very prosperous man."

"But John that we manage to get along,
pull, up here in old Tipton. It is a hard
pull, but we are all right."

Late in the afternoon two men again,
and by this time our native was glowing,
and this was the passage between them:
"And so you know my brother John out
in Grayson county, Tennessee?"
"O, he's doing fine and is one of our rich-
est."

"Well, you tell brother John that if he
gets in hard times and needs some ready
cash just to draw on me!"

Of course I have left out a heap of the
nicer points in this story that nobody but
John Allen could tell, but I believe it is
a fit of laughter that held it an hour. I
only want to cite the insidious fascination
the cup has for the human mind. Mr.
Andrew Carnegie has offered medals for
exceptional heroism. Every medal should
be awarded to the man who has been able to
stomach what abstains for a period of
weeks. Talk about your tyrants—the
tyrants of the stomach is the most exacting,
the most merciless of all.

The best way to curb the monster is to
abolish the treating habit. I know what I
am talking about. I have been there, and
I am frank to say that out of the cup I have
got some fun, too.

A Professor's Unpardonable Sin.

New York World: Dr. Scott Nearing's case
at the University of Pennsylvania, like re-
cent other cases of the disciplining of col-
lege faculty members for free speech, makes
it only too apparent that the worst fault a
college professor can commit is to express
views inimical to property.

So long as he remains conservative and
thinks as the trustees think on this pre-
scribed theme, he may voice the most ab-
surd opinion on any other subject, in eco-
nomics or sociology or what not.

Provided he "fits" on property, he may
be as "extravagant" and "fanatic" as he
pleases without incurring official cen-
sure. Only last week the Wistar professor
of anatomy at the University of Pennsylv-
ania promulgated the edifying theory that
as the result of his experiments in "inter-
marrying a brother and sister rat for twen-
ty-one generations" it must follow that the
intermarriage of human beings within the
forbidden limits of consanguinity must pro-
duce "a higher type of offspring."

But rats, of course, have nothing to do
with vested interests. It is only when a
professor begins to speculate on the "dis-
tribution of property" or on "makes
critical remarks about private wealth" and
talks against child labor and poverty, that
the agitator may have been there, and then
that he becomes dangerous to the es-
tablished order of things and a corrupter of
youth.

Couldn't Tell.

Boston Record: Saturday afternoon a wom-
an rushed up to the gate of a man at the
South station and asked:
"Will I have time to catch my train?"
"Where is he?" said the gatekeeper.
"I don't know," she replied.
"Well, then, I'll wait," said the gatekeeper.
She walked away. The incident was
closed.

The Rising Business Tide

Editorial in The Springfield Republican.

Whether the tide of general business is
rising in a broad and comprehensive way
is a question that is being answered more and
more in the affirmative. One can find evi-
dence of this in all of the trade and finan-
cial journals, but Dun's Review for the
week just closed has been quoted because of
its unqualified statement of the case. "The
tide of business is rising at an accelerated
pace," it says, "and an era of widespread
activity is in prospect. Reports from
nearly all sections of the country tell of
the unchecked growth of new enterprises
in everywhere stimulated by the fundamen-
tal situation." It is no longer the whole
truth to say that there is active duty where
stimulated by war orders. Cotton textiles
are not much affected by the war, yet prices
have been advanced and the Rhode Island
Rhode Island cotton mills have orders
sufficient to keep them running on full time
nearly all winter at good prices for their
output. The prosperous silk textile indus-
try, of course, is a conspicuous example of
a manufacturing line deriving no direct
benefit whatever from the war.

The agricultural basis of American pros-
perity was already exceptionally solid in the
great crop yields of two successive years,
yet even this now gains in financial im-
portance owing to the developments in the
Balkan wheat prices have been advanced and
abundant justification in Bulgaria's partici-
pation in the war, for that meant the long
positions of the Russian wheat in the Balkans
by the allies and the appearance of
Russian wheat in the market. No wheat,
however, is exported by Bulgaria and Rou-
mania. The American wheat grower
may now be assured of high prices for an-
nual crops, in addition to the total export-
able wheat surplus of the United States and
Canada, amounting to some over 550,000,000
bushels, can no more than meet the world's
requirements. Accompanying the develop-
ment all the ordinary statistical tests of
business activity point in the forward di-
rection.

Railroad gross earnings in September
show a gain over last year of more than
2 per cent, furnishing a sound basis for
the recent rise in railroad shares in the
stock market. In the same month idle
cars were down to 106,701, bringing
with 327,084 on April 1. The value of build-
ing materials in seventy-nine principal cities
last month increased 8.8 per cent over
the same month of last year.

A large gain in new construction. A
surprise for the country came in the report
that the steel corporation in September in-
creased 40,163 tons; if any corporation not mak-
ing pig iron is now mining because it is
the steel corporation, whose earnings in the
third quarter just closed are expected to
surpass its 1914 record of \$45,000,000 in
the second quarter of 1917. Iron and steel ex-
ports in August were 401,000 tons, a re-
cord, and these are rising in amount
month by month. Railroads are placing
heavy orders for 1916, and American ship-
ping is so busy that their stimulus to the
iron and steel industry has become an
important factor. The familiar test of bank
clearing remains to be noted. Without
comparison with a year ago when clearings
were abnormally reduced by the closing of
all stock exchanges, it is significant that
the clearing of the New York clearing house
in the United States was \$4,471,406,684, as
compared with \$3,341,962,360 in 1914 and
\$3,953,126 in 1915. The clearing of the
United States is estimated to have been \$4,225,777,320.
With clearings week by week above the
mark in the bank it is not surprising that
the American business is fairly active, notwith-
standing that stock market speculation contrib-
uting to the market is not usual to the total
clearing.

The comparative ease of the clearing in
shares last week was a welcome develop-
ment, on the whole, since the excesses
of gambling in the stock market have been
for many weeks past. Total transactions
in the New York exchange fell off to
\$7,338,490, compared with \$7,338,490 the
week before. There was widespread "profit-
taking," and a noticeable selling movement
in American railroad shares. The clearing
holders was traceable to the desire of the
foreigners to realize at the higher prices
before the war broke out. A bank clearing
of the Anglo-French half-billion
dollar loan has thus far caused no material
change in money rates. Not even bonds have
been affected as yet, although it has been
assumed that a certain amount of selling
of domestic bonds would take place to se-
cure funds for the Anglo-French loan.

These indications of a continued increased
trade and industry and the placing of a
large order for the new year, the clearing
of the banking power of the United States was
never greater, nor its finances on a firmer
basis.

The American flag.
When Freedom's flag is hoisted high,
Unfurled her standard to the air,
She treads the azure robe of night,
And set the stars of glory there!
She is the flag of freedom, she is the flag
The milky baldric of the skies,
And striped its pure, celestial white
To wreath her sky-born glories bright;
Then, from her mansion in the sun,
She called her eagle bearer down,
And gave into his mighty hand
The symbol of her chosen land!

Majestic monarch of the cloud!
Who to thy royal form,
To hear the tempest trumping loud,
And see the lightning lances driven,
And roll the thunder drum of heaven,
And roll the thunder drum of heaven,
Child of the Sun! to thee 'tis given
To guard the banner of the free,
To hover in the sulphur smoke,
To ward away the battle stroke,
And bid its blinding shafts afar,
Self-destroying on the clouds of war,
The harbingers of victory!

Flag of the brave! thy folds shall fly,
The sign of hope and triumph high,
When speaks the signal trumpet tone,
And the long lines gleaming on
The life blood, warm and true,
Has dimmed the gleaming bayonet,
Each soldier's eye shall brightly turn
To where thy sky-born glories burn,
And, as his springing steps advance,
Catch war and vengeance from the glance
Of thy bright folds!

And when the cannon mouthings loud
Heave in wild wreaths the battle shroud,
And gory banners rise and fall
Like sheets of flame on midnight's pall,
Then shall thy meteor glances glow,
And covering foes shall shrink beneath
Each gleaming arm that strikes below
The symbol of her chosen land!

Flag of the brave! thy folds shall fly,
The sign of hope and triumph high,
When speaks the signal trumpet tone,
And the long lines gleaming on
The life blood, warm and true,
Has dimmed the gleaming bayonet,
Each soldier's eye shall brightly turn
To where thy sky-born glories burn,
And, as his springing steps advance,
Catch war and vengeance from the glance
Of thy bright folds!

Keeping Up With Minnesota Editors

Scattered Comments Taken from Minnesota Papers.

Everybody Should Get in Line.
Menasha Advertiser: "In his address be-
fore the people at the Hubbard county fair
in Park Rapids last week, State Auditor
Preus urged his hearers to vote for amend-
ment No. 1 at the next state election and
said, among other things, 'It will make it
possible for the state to clear three or four
hundred million acres of timber and enable the
settlers coming on them to make a living
from the start.' Anything that will help
the new settler in getting a good start is
certainly worth encouraging."—Laporte
News.

All that is needed to assure the passage
of amendment No. 1 is publicity and we
are glad to see so many people taking
genuine interest in this important legisla-
tion.

"Uncle" Is Most Mighty Mild.
Baudette Region: We are strong for the
religion of the small girl who asks God
to make all the bad people good and "all
the good people nice." Some of them are
so little and unnie that it's hard work living
alongside.

Sometimes Doubts Seem Justified.
Evelth News: The state of Illinois passed
a law against the tipping trust—the papers
were full of it—every body in Chicago knows
what the hands of a tipper are for keeping
his hat during dinner. It goes into the
pocket of the trust. But the trust got an
injection against the enforcement of the
law, temporarily, and the diners in Chi-
cago's restaurants still fall over themselves
to tip the girls without regard to the law
and with their collars so tight their tongues
are hanging out. And they say we are in-
telligent!

Place Makes a Difference.
Benidji Pioneer: A dirty face is to be cen-
sured, but a dirty hand is more often an
evidence of many ills.

Any Second to This?
Albert Lea Tribune: Frank Day and Frank
Eddy are of the opinion that the water lily
should be declared the state flower. The
editor of R. C. Dunn of the Princeton Union
insists that it should be changed to the
lily. We believe that the North American
state should have something more in evi-
dence, a flower more homely, one that smiles
at us from the garden, the lawn, the
boulevard and park, one that blooms early
in the spring until late in the summer—one
that thrives under the knife, the hoe or the
lawnmower—one that can never become ex-
tinct, but like the flag is always with us.
So let's adopt the dandelion.

Then Let Us Love Our Enemies.
Redwood Falls Gazette: The praise of a
friend is pleasant and something to be proud
of, but the sneer of an enemy is the whip
that drives a fellow on to successful
accomplishment.

Minnesota Is Good Enough.
Dawson Sentinel: Irrigated lands in the
West may be all right, but they suffer in
comparison with Minnesota, where crops
grow without artificial aids. The farmer
has decided advantage here, where nature
provides moisture and the soil contains all
elements of fertility. Artificial fertilizers
and irrigation are fine examples of
what science can do to supply deficiencies;
but no man is justified in moving into the
West in order to demonstrate to his own
satisfaction the wonders of modern science.
A man with a family to support had better
stick to Minnesota, where "the Almighty has
charge of the waterworks."

Will Stand By Wilson

New York World: Contrary to the expecta-
tions of some of our fellow-citizens, the
yet fully Americanized, the legislative body
that is to meet in Washington on the first
of December is the congress of the United
States and not the German reichstag.
Referring to the probability that the Euro-
pean war will be a subject of debate in both
houses, Mr. Choate in his Plattsburg society
speech gave a fairly accurate forecast of
the results when he said:

By and by they will meet and you will
find every phase of this great question
discussed with violence and energy; but
take my word for it, when they have
finished, the majority will be in favor of
nine out of ten they will vote to
stand by the president.

With a total membership of 531, this es-
timate provides for a hostile but not wholly
alien group of about fifty-three senators
and representatives. No doubt several of
these will be implacable Republican part-
isans. There will be a few extremists who
in the interest of what they call peace would
make the republic a hermit among nations.
About as numerous as both of these ele-
ments will be a valiant contingent enter-
taining exaggerated ideas as to the strength
of German arms, agreeing in little else,
they will be a unit in an attempt to put an
embargo upon munitions of war.

Choate's prediction that the discus-
sion will be violent and protracted is fully
justified. It will be a terrific drive. It will
be felt for months afterward when under
the franks of members torn by Prussian liter-
ature will be circulated in this country
without costing the kaiser a cent. But

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their ideas about the topics of general interest, but discussion of sectarian religious differences are barred. Letters must not exceed 80 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer, though these need not be published. A signed letter is always more effective, however.)

THINKS PICTURE IS UNOBJECTIONABLE

To the Editor of The Herald: I read Harry Wilson's article on "The Birth of a Nation" in New York City. I am a sympathizer of the colored race and I could not see anything in the picture

to offend any one. It is a shame to have the picture from any place without first having seen it. It is packed in the Liberty theater in New York twice a day for eight or ten months, and drove the best class of people to see it at \$2 prices.

The gathering of the Klu Klux Klan and their riding makes you forget you are in a theater. I also am a traveling man and I meet many men, and think it would be a shame to deprive the people of Duluth from seeing this wonderful picture.

I think Mr. Wilson is a little narrow minded.

CHARLES W. MEYER
of Baltimore, Md.
Duluth, Oct. 20.

APPRECIATE FAIR PLAY.

To the Editor of The Herald: Please accept the thanks of the board of control for your very fair and lucid editorial on "The State and Insane" in The Herald of the 12th instant.

In view of the fact that there is always plenty of criticism of the work done by the board, it is gratifying to know that newspapers, of the standing of The Herald, will take the trouble to discuss intelligently different phases of that work. Yours very truly,

RALPH W. WHITELOCK
For the State Board of Control,
Duluth, Oct. 19.

MR. MILLER DECLARES WAR ON JAPAN IN FUTURE

To the Editor of The Herald: I see by the papers that Hon. Clarence Miller has declared war upon Japan. It is true that the date at which it is to take effect is fixed in the future. But it is none the less a declaration of war.

Japan, he says, has resolved to conquer the United States. Therefore, we must be prepared to ward off the blow. War cannot be avoided.

Of course, if we follow his proposals, war is assured. To declare that a neighbor is an enemy, if one keeps it in any vague metaphorical sense—whether he is or not. It is the European situation over again. Germany, declared itself threatened by Russia, and France and so compelled to make preparation to ward off the blow. The others, though less thoroughly prepared, did the same thing. The more perfectly each jarring country prepared its defenses, the more inevitable war became.

Mr. Miller is logical. If we insist that war cannot be avoided, it is inevitable.

Now whether his other statement is well founded, I do not know. If Japan is not bent upon conquest, the program that appeals to him as necessary can easily awake the spirit of conquest among the Japanese. It would affect no better way and they are certainly no better than we are, possibly not quite as far along on the road to civilization.

But if he is right, if Japan is bent on conquest—is it enough for us to prepare a defense? Is the United States to be satisfied with building a Chinese wall and sitting behind it?

Not for a minute. America must conquer Japan—not by physical force, nor in any vague metaphorical sense—but the United States must win Japan. If, but in one-tenth the effort to win Japan, the thing is done. The United States can make it impossible for Japan to attack us. Heaping up armaments might postpone the day of attack, but it would not make it impossible. Winning Japan—and it can be done—will put Japan out of existence as an enemy. If it ever had any intention of being one.

The United States can disarm any enemy that may arise against it. If we doubt that, we deny the power of the Prince of Peace.

Mr. Miller may have sound information upon the state of mind in Japan. But he is mistaken upon a large fact. The Prince of Peace is not impotent. The United States can hold war with Japan. Not by sitting behind a Chinese wall in which steel is substituted for masonry, but by aggressive winning of Japan, so disarming instead of conquering an enemy.

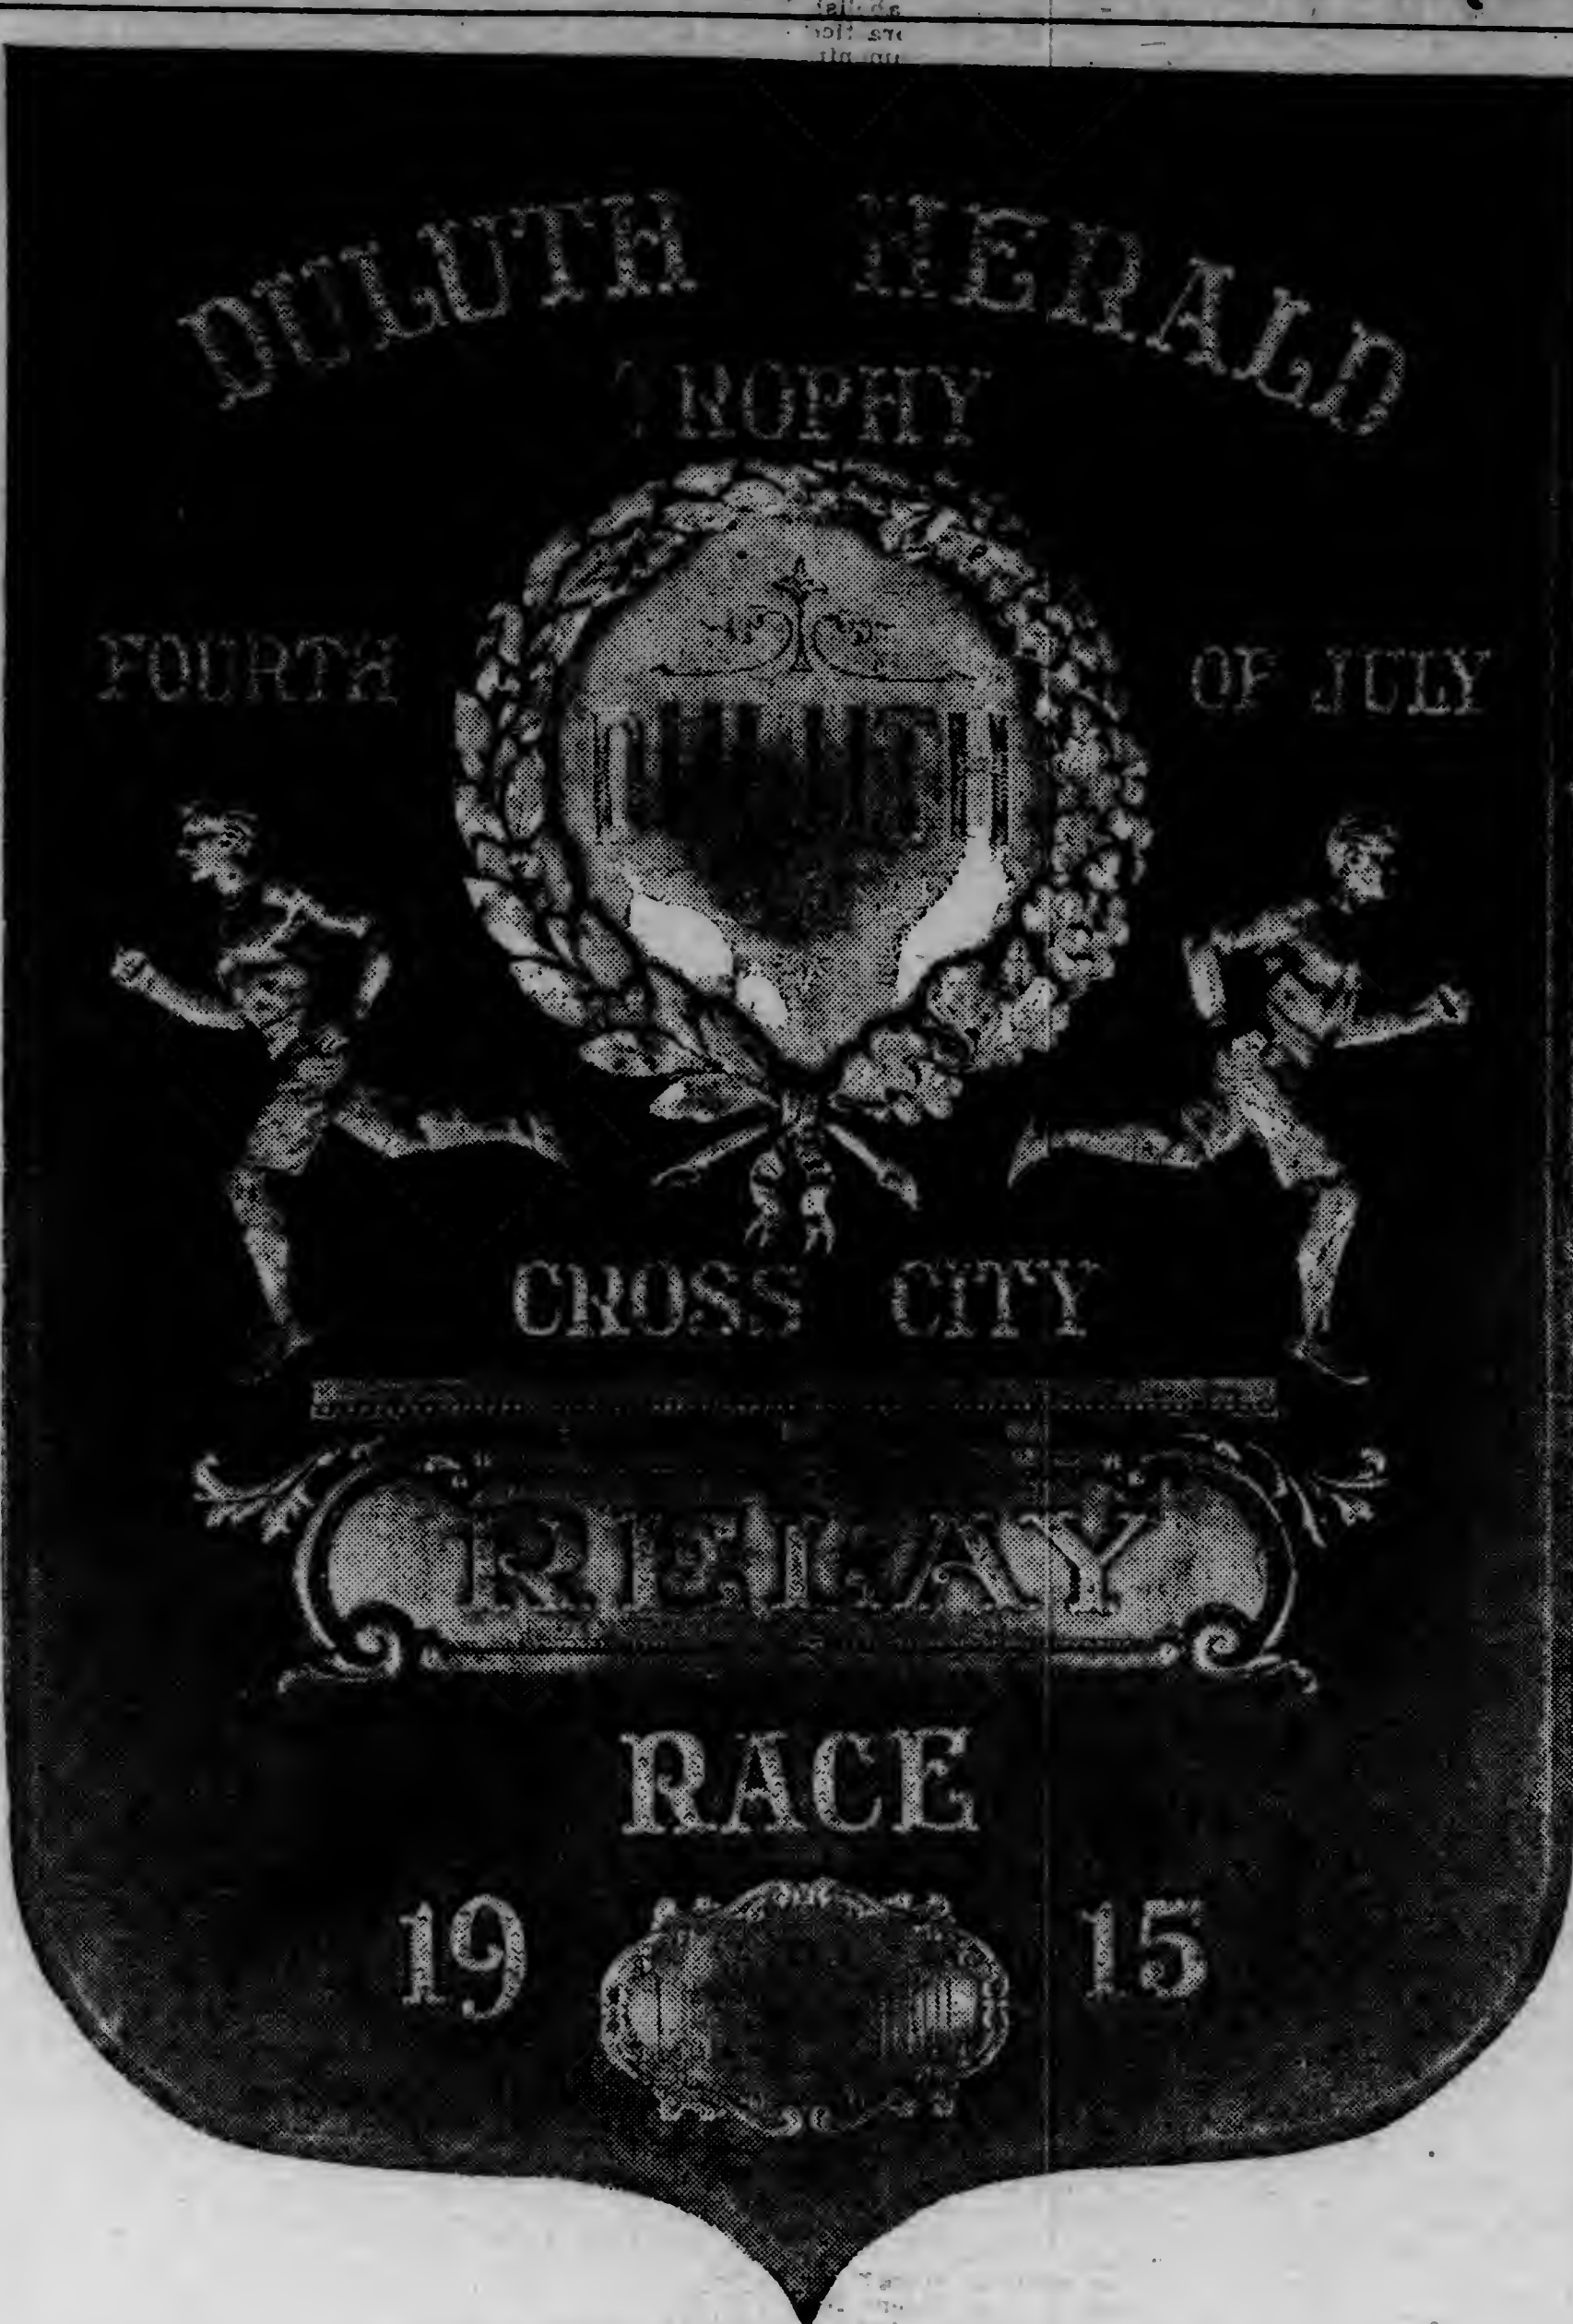

THE INNOCENT BYSTANDER
Duluth, Oct. 20.

APPROPRIATE HELP.

To the Editor of The Herald: Your kindness in giving publicity to the need of threshing help in our state, is appreciated by the members of the splendid people in Duluth is much appreciated by the members of our club.

J. O. HARDY,
Secretary Commercial club,
Fargo, N. D., Oct. 20.

ATHLETES OF LINCOLN SCHOOL TO BE PRESENTED WITH HERALD RELAY RACE TROPHY AT FOOTBALL LEAGUE BANQUET

The Herald trophy, won by the Lincoln school at the first annual cross-city relay race, last Fourth of July, arrived this week on exhibition in the Glass Block windows.

J. R. Batchelor, recreational director, is arranging for a banquet to be given in honor of the 400 boys in the two grade school football leagues, when the Herald trophy will be presented to the Lincoln school. At that time the trophy will also be presented to the league champions.

The Herald trophy will be contested for on each Fourth of July, permanent possession going to the school team winning it three times.

QUESTIONS AND ANSWERS

This department does not pretend to be infallible. It will endeavor, however, to answer questions sent to it by readers of The Herald to the best of its ability, reserving the right to ignore all that are trifling or of concern only to the questioner, or that ask for advice on legal or medical questions.

To receive attention, every inquiry must bear the name and address of the person sending it. This is not wanted for publication, but as an evidence of good faith.

Carl Glenn, Two Harbors.—Please answer, in the Open Court the following questions:

What are the names of the members of the United States supreme court?

What are the names of the members of the Minnesota supreme court?

What are the names of the members of the governor's staff of Minnesota?

What are the names of the members of the president's staff?

1. Edward D. White, Joseph McKenna, Charles E. Hughes, Willis Van Devanter, Joseph R. Lamar, Mahlon Pitney and James C. McReynolds.

2. Calvin L. Brown, Albert Schuller, Andrew Holt, George L. Bunn and Oscar Haglund.

3. There are fifty-four members. Their names found on pages 250-251 of 1915 Legislative Manual.

4. Secretary of state, Robert Lansing; secretary of the treasury, William G. McAdoo; secretary of war, Lindley M. Garrison; attorney general, Thomas Watt Gregory; postmaster general, Albert S. Burleson; secretary of the navy, Josephus Daniels; secretary of the interior, Franklin K. Lane; secretary of agriculture, David F. Houston; secretary of commerce, William C. Redfield; secretary of labor, William B. Wilson.

HAIR IS GRAY; YOU LOOK OLD

Look Young By Darkening Gray Hair With Q-Ban—No Dye—Harmless.

If your hair is gray, faded, wispy, thin, prematurely gray, or streaked with gray, you will look twelve or fifteen years older. You can darken your gray hair by shampooing your hair and scalp a few times with Q-Ban Hair Color Restorer. It is harmless and not a dye, but acts on the roots, making gray hair healthy, turning all gray hair to a beautiful, lustrous, soft, natural dark shade, darkening your entire head. The use of Q-Ban is so easy and naturally that no one need suspect you use Q-Ban. Besides, Q-Ban stops dandruff, itching scalp and falling hair, promotes growth of hair, and is a safe, satisfactory for a big 7-oz. bottle at Orpheum Pharmacy, 291 Superior Street, Duluth, Minn. Out-of-town folks supplied by mail.

WU TING-FANG TELLS WHY CHINA BECAME A REPUBLIC

Constant Civil Wars Would Have Attended Attempt to Establish a Chinese Dynasty—Many Disgusted With Monarchical Government.

Shanghai, Sept. 10.—Dr. Wu Ting-fang, the former Chinese minister to the United States, although he plans to live to be 160 years old, now considers himself out of public life, and is just an onlooker, regardless whether the Chinese republic is turned back into an empire.

The folks up at Peking are running things. They haven't asked my advice and they probably wouldn't ask it if I gave it," said Dr. Wu, when asked for his comments on the monarchical movement.

"In my recent book on America, I told what I thought about the American government, the Chinese government and governments in general. I said that I have seen more than 100 governments, and that I have seen that the best and the worst of them all since I wrote it," the venerable diplomat continued.

Dr. Wu's book called, "America Through the Spectacles of an Oriental Diplomat," contains a chapter reviewing the history of the Chinese republic of government in detail. He says: "It has become a republic, since from time immemorial she has had a monarchical form of government. The answer is that the conditions and circumstances in China are peculiar, and are different from those prevailing in Japan and other countries. In Japan it is claimed that the empire was founded by the first emperor, Jimmu Teno, 660 B. C., and that the dynasty lasted until 1868, when it was overthrown by him. The Ching dynasty was founded in 1644 by conquest, not by succession. Upon the recent overthrow of the Manchu dynasty it was found very difficult to find a Chinese, however popular and able, who possessed the legal right of succeeding to the throne. Jealousy and provincial feelings placed this suggestion absolutely beyond discussion. Disagreements would have ensued if any attempt had been made to establish a Chinese dynasty. Another fact is that the majority of the intelligent people of China were disgusted with the system of monarchical government. This it will be seen that for some time the people had been yearning for a republic. China is now an infant republic, but she will grow into a healthy and strong youth."

The home of Dr. Wu is a modern

RICE & HUTCHINS EDUCATOR SHOE

Turn the Shoe Bottom Up

If it has the correct orthopaedic shape which "lets the foot grow as it should," it will be stamped EDUCATOR on the sole. Every pair of genuine Rice & Hutchins Educators, whether man's, woman's or child's, is thus marked. See illustration.

This correct shape is a matter of vital importance to foot health and comfort. There is only one Educator and that's the one made by Rice & Hutchins. If your dealer does not sell genuine Educators, write us for address of one nearest you who does.

STUDENTS IN BAD FOR HAZING STUNT

Milwaukee, Wis., Oct. 21.—The entire dental class in the school of dentistry at Marquette university was suspended yesterday following the hazing of Charles Dubin, a freshman. When arrayed in a new suit, they hustled him to the gymnasium, where he was put under the shower bath.

The faculty when notified of the hazing decided that each junior must personally apologize to Dr. Henry Benzlaff, dean of the school of dentistry, before they would be permitted to resume their studies. The students will hold a meeting this afternoon to decide whether they stand firm or apologize. There are sixty-four members in the class.

A REAL FLESH BUILDER FOR THIN PEOPLE

Who Would Increase Weight and Put On Healthy Stay-There Flesh

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy "stay-where" fat should try eating a little Sargol with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Sargol the fat-producing contents of the very same meals you are eating now for two weeks. Then weigh and measure yourself again. It isn't a question of how you look or feel or what your friends say and think. The scales and tape measure will tell their own story. Many people, having followed these simple directions, report weight increases of from five to eight pounds with continued gains under further treatment.

Sargol does not of itself make fat but mixing with your food its purpose is to help the digestive organs turn the fats, sugars and starches of your food into eating, rich, ripe fat-producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. A great deal of this nourishment now passes from thin people's bodies as waste. Sargol is designed to stop the waste and make the fat-producing contents of the very same meals you are eating now for two weeks. Then weigh and measure yourself again. It isn't a question of how you look or feel or what your friends say and think. The scales and tape measure will tell their own story. Many people, having followed these simple directions, report weight increases of from five to eight pounds with continued gains under further treatment.

Great achievement in Hosiery making

A new knitting machine, used in the manufacture of Burlington Newfashioned Hosiery, has brought about the greatest improvement ever accomplished in hosiery-making.

Beginning at the toe, this machine automatically knits a complete stocking, with double-thick toe and sole and high-spliced heel, without seams or uncomfortable ridges.

Comfort and elegance

The machine knits the stocking the exact shape of the leg.

Burlington Newfashioned Hosiery, owing to this perfect knitting, are the most comfortable, the most durable, the most neatly fitting stockings that have ever been made.

Lowered cost of production, due to the automatic action of the new knitting machine, enables us to put yarns of extra quality into Burlington Newfashioned Hosiery.

BURLINGTON Newfashioned Hosiery

"Made to fit from toe up"

Burlington Newfashioned Hosiery is made in popular weights and weaves of silk, lisle and cotton; yet costs no more than old style hosiery.

Quality features of Burlington Newfashioned Hosiery

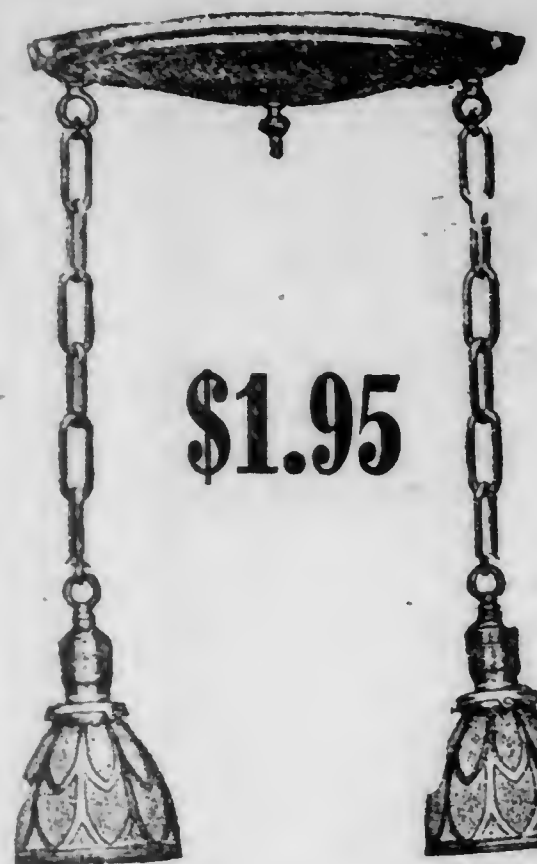

- A Knit-in fashioned leg, no seams.
- B High-spliced heel and comfortable heel-pocket.
- C Double-thick sole, no seams.
- D Re-enforced toe.
- E Four-inch grip top.

Burlington Newfashioned Hosiery is sold and advertised by reliable dealers

D. H., 10-21-15.

1879 - 1883 - 1915

Duluth's Participation in the Development of a Big Idea.

1879

Edison's invention of the Electric Lamp gives birth to the big idea of electric light for everybody.

1883

Only four years after Edison's invention a company was organized in Duluth to manufacture and sell electric current.

Duluth was the first city west of Chicago to undertake this work, and Duluth citizens enjoyed the benefits of electricity long before its general use in New York or Chicago.

This was a time of dread uncertainty of the working of apparatus, when the methods of current supply and distribution were imperfect; even Edison's lamp was imperfect; a time when almost everything pertaining to electrical business was experimental and when, hardest of all, the scoffers predicted dire failure.

1883 - to - 1915

These years saw many failures; no apparatus, appliance or fixtures were perfect; there were continuous experiments; constant improvements; scrapping of old and trials of new apparatus and materials. This period is aptly termed the "time of the three T's"—Troubles, Trials and Tribulations.

To recount the vicissitudes, to tell the stories, humorous, pathetic and sometimes tragic of the struggles of those early days would fill volumes. Through it all there persisted the Big Idea to provide Duluth with all the benefits of electricity. The local company, backed up by manufacturers, who in turn were assisted by the greatest scientific brains, were fighting night and day to make the Big Idea a success.

History and present day experiences show that all the obstacles were overcome, all problems solved, all difficulties removed and today the Big Idea of providing Duluth with an adequate up-to-date Electric Service is an established fact.

1915

Every home is lighted with electricity, you cook by electricity, you iron and clean house by electricity. Electricity has brightened your stores; electricity is the most potent advertiser of your goods; electricity is your most economical salesman.

Electricity drives your machinery, reducing operating and production costs.

A GAME FOOTBALL TEAM HAS DULUTH HIGH SCHOOL

Injuries Have Transformed a Promised Successful Season Into a Bad Year, But the Members of the Team Have Played All the Football They Were Capable of—Gossip and Sport Comment.

BY BRUCE.

HERE is a boost for the football team of Duluth Central high school. Any football team, or any individual, that goes along against the tide of adversity, struggling gamely and making the best fight possible, is deserving of praise. This season, it has been an ill-omened one for the eleven of the hill top institution. The members of the team have never complained, nor has Coach Blake ever resorted to excuses. Without the services of its coach and without some of its veteran players, Duluth faces the hardest game of its football schedule. The team will make a game fight, and in the face of existing conditions that is about all that can be reasonably asked.

The start of the present season was hailed with enthusiasm and accompanied by enthusiastic predictions. The learning contenance of Old Man Jinx pushed into the cheerful gridiron scene shortly after the first scrimmage. Veterans that were counted upon to swing garlanded victory Central's proud way, were lost to the team through injuries. From a veteran team with a bright and rosy path of promise before it, the team was speedily transformed into a crippled squad depending upon crimples and second string players to beat back the attacks of opposing teams.

Now is the time for the real supporters of the team to come forward and give all the yells in the rah rah edition. It takes a real guy to smile when things are breaking tough. Central's football team has certainly had more than its share of ill luck—give it a hand, kids.

Denies What Mary Says.

JOHN LINDEN indignantly denies that his sister Mary told him some of the fine points of baseball. In his explanation of this column, John comes through with the remark that he pulled a bone in crediting a player with a hit on a fielder's choice, and that sister Mary chided him, "as a woman will," says John, and then informed him that the hitter should be given a time at bat but no hit.

"A woman can, by persistent cultivation and hard study, arrive at the stage where she knows something about baseball," says John. "But my sister is wrong in declaring that the average woman can understand just as much about athletic pastimes as we men. Tea parties and the home are where women belong. A ball game once in a while is all very well, perhaps, but not as a steady thing. I claim that I could learn to embroider silk daffodils on auntie's head wrap.

The Rich Chew

You want your chew to have the luscious richness of ripe fruit. SPEAR HEAD has it.

You want to taste that fruity flavor long as the chew lasts. SPEAR HEAD holds it.

SPEAR HEAD PLUG TOBACCO

is made of the most richly-flavored red Burley.

In only a very small part of the annual Burley crop have the natural juices reached that perfect richness required for SPEAR HEAD.

Try SPEAR HEAD—the most delicious of all chewing tobaccos.

THE AMERICAN TOBACCO CO.

PILLARS OF FEDERAL LEAGUE

JAMES A. GILMORE AND CHARLES WEEGHMAN.

With the death of Robert W. Ward it is generally believed that the burden of carrying on the Federal league's fight will fall on the shoulders of President James A. Gilmore and Charles Weeghman. Mr. Ward has been in the past one of the chief financial supporters of the league in its effort to be recognized or taken into the fold of organized baseball. Weeghman will probably become mott of baseball by death.

champion. True there was Corbett, but he was different. Jim Coffey, the Dublin lad, moind man, was hailed as a great fighter. Well, the other night the whole Irish race almost wept over the defeat of the Roscommon lad. 'Tis a sad world, Moike, sure, 'tis that, Mick.

BANKERS TO MEET ON THE GRIDIRON

Young Money Changers Strenuously Preparing for Game By Riding in Jitneys—Great Game Is Looked For.

On Saturday afternoon the American Exchange and the First National banks will send their teams to the battle field to decide who knows the least about football.

Both teams are training hard, members of the two teams can be seen most any nice morning bumping to work in jitneys to get their physical condition fit for the battle. Cigars and pipes have been put aside until after Saturday and only cigarettes will be tolerated. The teams will practice immediately before and after the game. No signals will be used, and for the benefit of the players who have never seen a game before a dollar sign will be painted on the ball to remind the players to grab it.

Eighteen policemen will be on hand to keep the angry mob back in case they try to have their money returned. The routers will please wear black and white and those who wish to express joy or sorrow as the game goes on may learn to yell below.

"DUPLICATE DEPOSIT SLIP CASHIER'S CHECK WERE FOR THE BANKERS YES, BY HEC!"

Money taken in at the gate will be used to buy homes for aged bankers and to pay hospital bills for the players.

The game will start sharp between 2 and 4 o'clock and in case of rain both teams will go to an ice cream foundry and light it out over the counter.

The lineup of those who will be in or missing from work Monday morning is as follows:

First—American: E. Bevis, S. Miller, E. Ouellette, A. Biale, George Howar, O. Wick, Bill Grant, V. Strait, J. Evans, G. Mahon, J. Jorgenson, La Barber, Alex Graham, water boy.

First—First National: Burquist, Campbell, Soromon, Parsons, Berglund, C. Hanna, Coleman, Durham, Chapman, Jacobson, Halberg, Borgeson.

FORMING TEAM OF ALL-STARS TO PLAY DULUTH.

St. Paul, Minn., Oct. 21.—An "all-college" eleven is being formed here to meet the Duluth city eleven in the middle of November. The team being gotten together here has five former "all-Western"—three "all-American" and one "all-American."

Owing to the fact that several prospective members are at present out coaching, lineups will not be made public for a few days. According to present plans the backfield will be composed entirely of "all-Western" players.

SOLON TELLS HOW STORY STARTED

University of Minnesota Football Captain Denies Professional Charge.

Minneapolis, Minn., Oct. 21.—Lorin Solon, captain of the University of Minnesota football team, charged with playing professional baseball at Havre, Mont., last summer, insisted that the charge is false. He said:

"The report is absolutely untrue. I did not play baseball at Havre nor any other place. I spent the summer at my home at Solon Springs, Wis. In September I took a trip to Glacier Park. On the way back I met a number of the Havre ball players on the train. Red Jackson and other Chicago athletes boarded the train.

CHANGE OF LEADERSHIP

Irving's Pulled From Top in Junior Football Race.

Senior League.	Won.	Lost.	Pct.
Lincoln	9	0	1.000
Bryant	6	1	.857
Salter	4	1	.800
Irving	2	2	.500
Adams	2	2	.500
Merritt	2	2	.500
Washburn	2	2	.500
Jefferson	2	2	.500
Emerson	1	4	.200
Lowell	1	4	.200
Lakeside	0	6	.000
Monroe	0	6	.000

There was a change of football leadership in the Junior Grade School league yesterday, the defeat of the Irving's by the Ensigns pulling the latter team out of first place. The Ensigns ran up 18 points to their opponent's 0, while the Jacksons defeated the Fairmont by the score of 12 to 0. While both of the games were well played, the outcome was never in doubt.

The Lincoln's clung to first place in the Senior league by the defeat of the Washburn team by the decisive score of 20 to 0.

HOPPE LEADS JAP.

Wins First Block of Title Match at 14.1 Balk Line Billiards.

Boston, Mass., Oct. 21.—Willie Hoppe, the champion, led Koji Yamada, the challenger, 500 points to 236 at the end of the first of three blocks in a match for the 14.1 balk-line billiard title last night. Neither played in his best form. Hoppe had a high run of 123 in the sixth inning, which gave him an early advantage. His opponent narrowed the margin in the twentieth when he ran 118.

The second and third blocks of the match will be played tonight and Friday night.

WHITE SOX GET TWO OF BREWERS' STARS

Chicago, Oct. 21.—Secretary Harry Graham of the Chicago American league team has announced that the White Sox had obtained outfielder Chappell and pitcher Shackleford from the Milwaukee team of the American association. He denied, however, that he had secured the players as part of the deal. It is rumored in baseball circles that Chappell is to be turned over to Cleveland in part payment for Joe Jackson, Roth and Klepper already having been turned over in connection with the trade.

CENTRALS OFF FOR ST. PAUL

Crippled Eleven of Duluth School to Play in Feature Game.

Coach Blake Recovers From Injury But Will Not Accompany Team.

Coach Blake of the Central high school football team has practically recovered from the injury which he sustained Monday evening, after he had returned from coaching his squad at Athletic park. He is past all danger and, although he will not be able to accompany the squad on its trip to St. Paul today, he will be out again with his men to shape them for the big Virginia game on Oct. 30. The Duluth team will leave for the Apostle City at 3:30 this afternoon.

Students of both the local and St. Paul Central high schools are all agog over the big game and it is looked upon as the feature high school gridiron battle scheduled in the Twin Cities. The Twin Cities are played on Friday so that they will not interfere with the big university games on the following day. Members of the local team will play tomorrow and then will see the Minnesota-Iowa game on Saturday.

Duluth Has Jinx.

Hard luck has followed the Duluth team consistently all season and, as a result, the boys will not be in the best shape when they line up against the heavy St. Paul Central aggregation. Leonard Young, principal of the school, Wilbur H. Schilling, former Central football coach, and O. E. Amptabuecher have been at Athletic park working with the squad in the absence of the coach, and Mr. Schilling will probably accompany them today. The squad sorely misses Coach Blake as he had had a definite practice schedule worked out which he intended would put the team in the best shape for the game tomorrow. He had several new plays, also, which he thought would puzzle the Apostles. It is hoped, however, that the coach will be able to drill the men for the Virginia game which is expected to prove almost as hard as the St. Paul contest.

The St. Paul team is looked upon as one of the greatest in the state this year, having cleaned up everything they have encountered this season. The squad averages 180 pounds and will, therefore, greatly outweigh the locals. Coach Herman is not taking any chances with the Duluthians as he is expecting a hard battle.

Warner Will Play.

Capt. Warner has practically recovered from his long injury and he will probably play his first important game of the year. Lewis has not, as yet, fully recovered, but he will undoubtedly be used nevertheless. Rasmussen, the big tower of the line and the man through whom it was never possible for an opposition to break, has injured his shoulder again, which he fractured earlier in the season, and he will not be able to go. O'Brien is in his best shape but he will have

to be used for lack of other men to fill his big shoes. Jentoft was knocked unconscious for over a half hour in practice Tuesday and he was unable to play yesterday. He will be taken with the team, of course, as he is an exceptionally hard tackler and he never allows a man to get by his end.

The lineup of the two teams will be as follows:

Duluth Central—Jentoft, Warner, McDonald, Grover, Cardozo, Stevens, Vicky, Zimmerman, Manley, Vyre, Jones, Collee, Bagley, O'Brien (capt.).

CHAMPIONSHIP IS SETTLED AT LAST

Gilmore Hands It to Tinker and His Whales.

Chicago, Oct. 21.—A letter received yesterday by Joseph Tinker, manager of the local Federal league team, from James A. Gilmore, president of the league, states that the members of the Chicago team will receive medals from the Federal league, declaring them champions of the world for 1915. In congratulating Tinker on winning the Federal league pennant, the letter says:

"Inasmuch as the national commission failed to accept our challenge for a series to decide the championship, your team is the unquestioned champion of the world, and it will be a pleasure to me to present to you and each of your men a medal emblematic of that title."

NEWS AND GOSSIP OF THE BOXING CLAN

Johnny Salvator After a Match; Brown and Saylor May Meet; Lightweights on the Trail of Freddy Welsh.

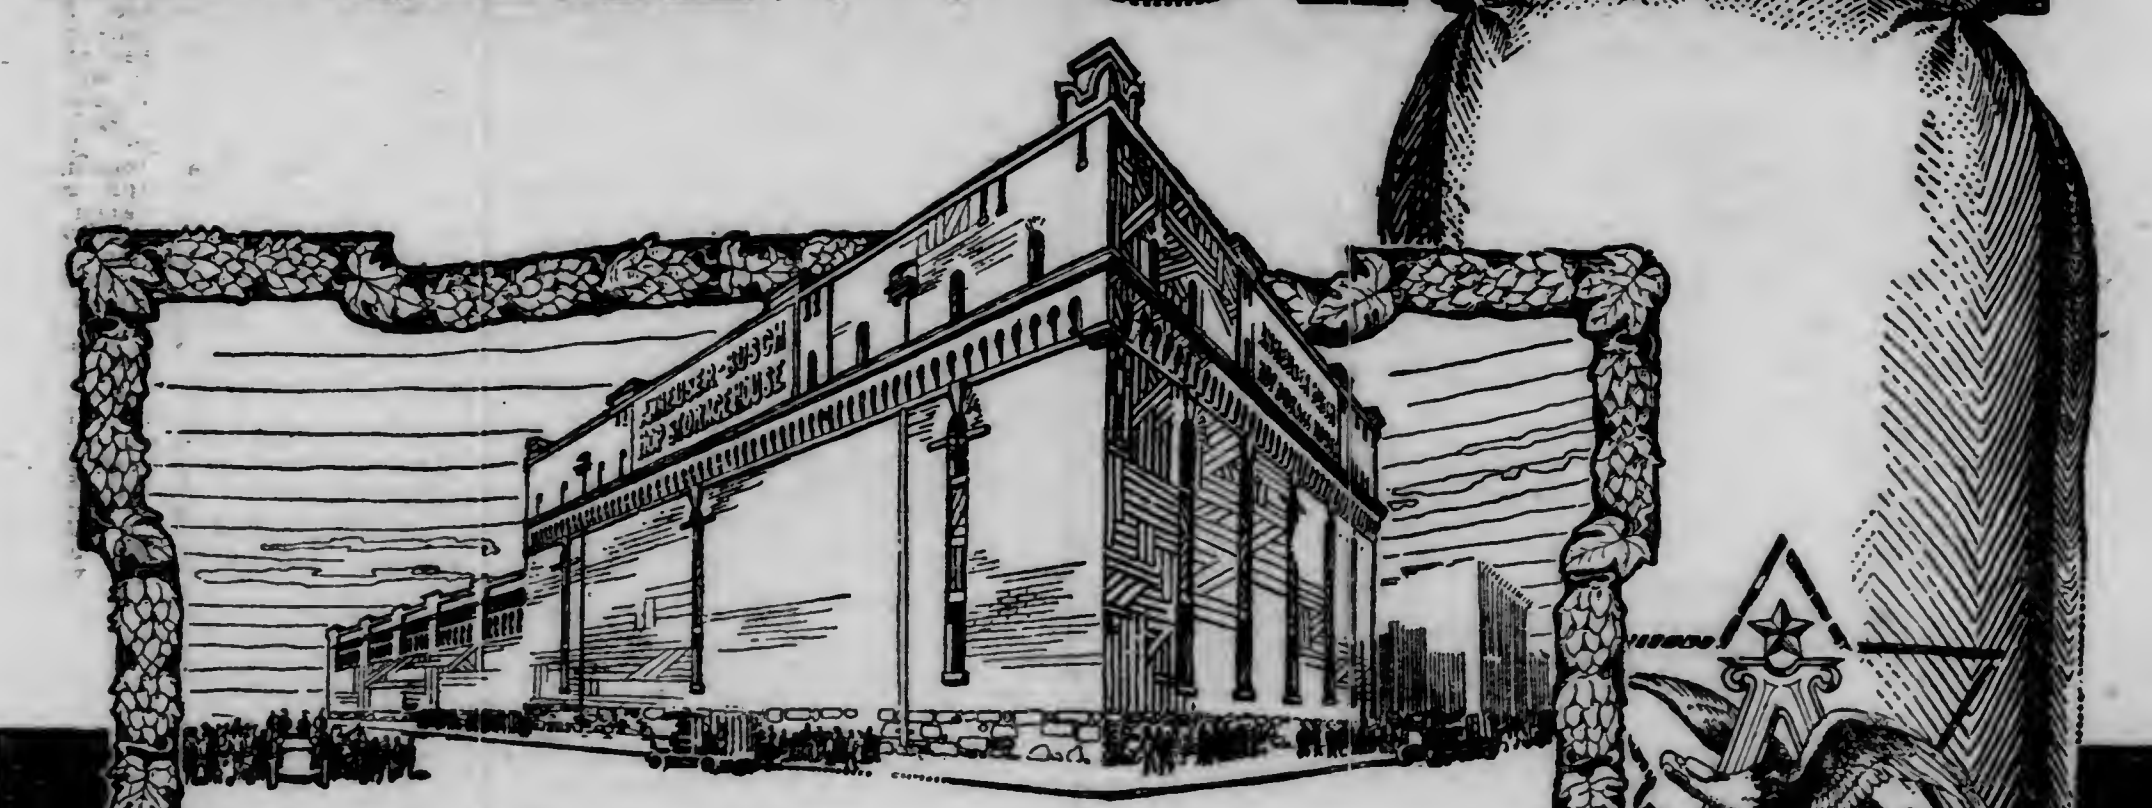

BY BRUCE.

Johnny Salvator of St. Paul is hankering after an opportunity of meeting any of the welterweights of the country. The tough Teuton declares his willingness to meet Mike O'Dowd at 145 pounds, and also declares that he believes he will have little trouble in licking the winner of the Tillman-Billings scrap.

This Salvator person in point of durability is about the nearest to what Bat Nelson was some few years back of any boxer in the ring today. Besides, Johnny is a nice kid. There is one sterling quality regard to Salvator distinctly lacking in some other fighters—Johnny always fights, and always fights hard.

Abe Brown and Saylor. According to John J. Reiser, who is romantically known in some quarters as "John the Barber," Abe Brown, the New York East side lightweight, and Milburn Saylor of Indianapolis are to

Budweiser

Hops

—On hop quality depends beer flavor

Those remarkable qualities of Budweiser and Michelob which distinguish them as being superior to other beers are their deliciously refreshing, never varying taste and exquisite bouquet—due to the exclusive use of the very best Saaz (Bohemian) Hops.

And there's no danger of our supply of these vitally important hops failing.

For years it has been an established rule to keep on hand a two-year in advance supply.

During the summer of 1914 our president, while on his annual hop buying trip abroad, selected and purchased 775,000 pounds (1550 bales) of the choicest Saaz Hops—and was fortunate in having them shipped to this country before the embargo was rigidly enforced in March, this year. Add this to the 500,000 pounds on hand and you'll see how secure is our position.

This foresight enables us to give to our millions of friends exactly the same beer, flavored with exactly the same hops that have helped to make Budweiser quality and Michelob goodness known and liked the world over. Our supply is sufficient to last at least until the closing days of 1917.

Anheuser-Busch

St. Louis, U. S. A.

8085

The above illustration shows our tremendous Hop Building—where hundreds of thousands of pounds of hops are essentially stored—kept at the same constant temperature by means of perfectly regulated refrigeration. Insuring retention of the unsurpassed fragrance of these wonderful blossoms.

SMITH WRONG, SAYS STANTON

Attorney General Reversed in Border Town Saloon Case.

Judge Decides Important Point in County Option Law.

International Falls, Minn., Oct. 21.—(Special to The Herald.)—Judge Stanton of Bemidji late yesterday filed an order dismissing the case against S. K. Bancroft of this city, in which the latter was bound over to the grand jury charged with conducting a saloon illegally, and thereby passed on an important phase of the county option law. Bancroft's license expired Sept. 12.

GIRLS! LOTS OF BEAUTIFUL HAIR

25-Cent Bottle of "Danderine" Makes Hair Thick, Glossy and Wavy.

Removes All Dandruff, Stops Itching Scalp and Falling Hair.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine. It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes, but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once. If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

GOVERNMENT ASKED TO RELIEVE SETTLERS

Fort Peck Indian Lands Don't Yield Fortunes Expected.

Wolf Point, Mont., Oct. 21.—(Special to The Herald.)—Settlers on the Fort Peck Indian reservation, opened about two years ago with such a blaze of trumpets, met in mass meeting here yesterday, framing resolutions directed to the Federal land department, asking relief from payments that are demanded of the homesteaders for their lands.

Under the terms by which the land was opened, the settlers were compelled to pay from \$250 to \$750 a year, in addition to fulfilling the regulations prescribed for homesteading. The settlement of the reservation has been seriously retarded by the fact that the lands have been held at such a high price, and many of the homesteaders who have tried and have failed to make a living on the land, and themselves unable to do so, and they may be compelled to abandon their rights because of the condition.

WISCONSIN POWER FOR TWIN CITIES

Work Begins on Big Dam Near Chippewa Falls.

Chippewa Falls, Wis., Oct. 21.—The Wisconsin-Minnesota Light & Power company started yesterday to build a power dam on the Chippewa river two miles east of this city on what is known as the Paint Creek site. The dam will be more than three-quarters of a mile long and sixty feet high and will generate 60,000-horse power of hydro-electric power.

The power probably will last two years. The power generated will be sent over a high power transmission line five miles long to Minneapolis and St. Paul, and there distributed to the various electric companies and the Twin City Rapid Transit company. The site was purchased three years ago from the Weyerhaeuser lumber interests. The capital is furnished by Boston and Chicago capitalists. Vice President A. E. Pierce of Eau Claire is here and started a crew of men building camps on a forty-acre tract of land purchased recently. The power company will at once employ more than 500 men and when the railroad tracks are laid and the camps fully established it is estimated that 1,000 men will be constantly at work. The dam will be the largest power dam in the state of Wisconsin. The Wisconsin-Minnesota Light & Power company has been at work on this project for the last year, but until the last few days has not succeeded in acquiring all the land necessary for the dam and building. The entire work, including the moving of county highways and the building of one bridge across the Chippewa river and several more across tributary streams, will cost \$2,000,000.

INDIANS TO BE GIVEN THE RIGHT TO VOTE

Fifty Full Blood Sioux Will Be Made Real "Americans."

Fort Yates, N. D., Oct. 21.—(Special to The Herald.)—Fifty full-blooded Sioux Indians will become thoroughly naturalized American citizens, in accordance with the new policy of the Indian department, examination of the candidates having just been completed by a special commission representing the department.

SECURITY LEAGUE FORMED AT FARGO

Fargo, N. D., Oct. 21.—(Special to The Herald.)—A meeting of some of the most prominent citizens of the city held at the Commercial clubrooms, a security league was tentatively formed by Field Secretary William B. Brewster, J. S. Watson, Col. Morton Page, Maj. F. Steele, George H. Hollister, with Secretary J. P. Hardy of the Commercial club as secretary. The league was named as an organization committee to

FARGO TO HAVE GRAIN GROWERS IN JANUARY

President Worst Sets Date for New Tri-State Convention.

Fargo, N. D., Oct. 21.—(Special to The Herald.)—It has been officially announced by President John H. Worst of the agricultural college that the tri-state grain growers' convention will be held in Fargo on Jan. 16 to 21, inclusive, in the new auditorium.

This convention annually brings thousands of grain growers from Minnesota, Northern South Dakota and all of North Dakota to the city. Originally it was a meeting of the small grain growers of these sections of the Northwest, but it has since become a general reunion and school for not only grain farmers but for stock breeders, horticulturists and all who are interested in agriculture and a place on the business sessions, and for this reason the tri-state convention has been one of the most important factors in the Northwest.

KEEP UP SEARCH FOR WALTER BRACKETT

Missing Stearns County Farmer Not Yet Located.

St. Cloud, Minn., Oct. 21.—Despite the fact that the county officials and one detective have reported that Walter Brackett, former tenant of the Gans farm, did not in their belief meet with foul play, but for some unknown reason left the city of his own accord, relatives are still holding out the theory that Brackett met with foul play and this week placed a new detective on the case. Mr. Brackett is the son of a man of Excelsior in the city today with the detective making a thorough investigation of the case. The Gans farm has been secured. Mrs. Lyman is a sister of Mr. Brackett.

DRINK WATER TO AVOID SICKNESS, SAYS AUTHORITY

Glass of Hot Water Before Breakfast Daily Keeps the Doctor Away.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house. Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, flat tongue, nasty breath, acid stomach, can instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderful. Invigorating, it cleans out all the sour fermentations, and the phosphate, which is a powerful and a splendid appetite for breakfast. While you are enjoying your breakfast, the phosphate is at work quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

farm, on which Mr. Brackett was a tenant, has been combed from end to end to the river near the farm, dragged up no results. There are many peculiar features in the case that have not been explained by none of them. It is also a clue as to any reason Brackett might have had for leaving without notifying his parents. Local men who are interested in the farm property claim that there was no financial reason for the mystery that surrounds the disappearance.

DAKOTA BRIEFS

Bismarck, N. D., Oct. 21.—The Wesley board of education, created by the state legislature, opened here Monday and will last the entire week. President C. E. Vincent of the state university spoke Tuesday night.

Crookston to Play Football. Crookston, Minn., Oct. 21.—Preparations for a football game with Foston high school at Foston Saturday night were outlined this week. The game will be played at Foston and will feature the Foston team, which is coached by Carlisle and Lawrence back in the lineup Saturday should be the strongest yet sent from the Crookston high school. Besides the Foston game, the Crookston team will probably play the following evening before the close of the season. Model high school of Grand Forks, Ada, Bonanza, East Grand Forks and the alumni.

WISCONSIN BRIEFS

Neenah—Mr. and Mrs. J. A. Kimberly of Neenah will observe their fiftieth wedding anniversary Nov. 1.

Milwaukee—The State Teachers' association will meet in annual convention at Milwaukee Nov. 4 and 5.

Ashland—According to Inspector H. S. Taylor, who has been among Wisconsin and Minnesota Indians since last June, trachoma, the dreaded eye disease, is on the increase in the ranks of the red men.

Madison—A machine designed to remove weeds and vegetation from lakes has been completed by J. Sheridan of Arcadia, Wis. held in jail here on a charge of jumping a hotel bill, tried to escape Monday in his cell with his suspenders.

Eau Claire—George A. Rating of Arcadia, Wis. held in jail here on a charge of jumping a hotel bill, tried to escape Monday in his cell with his suspenders.

Eau Claire—Henry Spaulding, 26 years old, and Rosa Spaulding, 23 years old, his wife, Minneapolis, paid fines of \$200 each and costs after pleading guilty to the theft of furs worth \$60 in a store here Saturday.

La Crosse—La Crosse's new auto ordered by the local elevators.

MINNESOTA BRIEFS

Little Falls—Frank Gill of Empire, N. Y., a traveling printer, was badly injured at Randall Monday when he fell from a freight train. The four fingers of his left hand were cut off and the last week will be in the hospital.

St. Cloud—A teachers' and parents' meeting, similar to the one held at Richwood last week, will be held in the courtroom at the courthouse Saturday. Teachers and parents from twenty-seven districts adjacent to the city will attend.

Winona—Frederick Mahlike, one of the best known pioneers of Winona county, died Tuesday in his 80th year. He had been ill for some time.

Brainerd—Dr. Joseph Nicholson, head of the Northwestern hospital, was operated on for appendicitis at his hospital by his brother, Dr. Elmer Nicholson of Seattle, Wash., and Dr. C. H. Cooper, St. Paul.

East Grand Forks—James Corman, city clerk of East Grand Forks, and a prominent Democrat of this section of the state, has announced himself a candidate for the office of municipal judge, to succeed Judge William Russell, who died last week.

Hastings—The rural teachers' convention opened here Monday and will last the entire week. President C. E. Vincent of the state university spoke Tuesday night.

Albert Lea—Lars P. Larson, a contractor here for the past twenty-two years, dropped dead Tuesday night as he was unitching his team at his home on South Broadway. Mr. Larson was in the best of health and had just returned from his work at Glenville. He leaves a widow and four children.

Winona—Frank Vortuba, one of the oldest and best known musicians in the home here. He was 74 years old. He was a member of the famous German orchestra of this city, which was known over three states.

Crystal Falls—The movement of ore from this range to the Escanaba docks is now the largest in a number of years. The Northwest is now hauling between 700 and 800 cars daily, averaging about forty tons each. Sault Ste. Marie—Seizure of personal property will begin next week by City Treasurer Carlton, in all cases where persons have neglected to pay their personal taxes to the city between the years 1910 and 1914.

Stamphaugh—Mr. and Mrs. Oscar Carlson, who sold out here two years ago and left for Sweden with the intention of spending the remainder of their days in their native country, returned Wednesday and will make Stamphaugh their future home.

Madison—The Women's club has started out to make Escanaba more beautiful. Mrs. John K. Stack was named head of a committee to push the campaign.

Escanaba—The death of Mrs. Anna Charlotta Hallbom, a pioneer resident of this city, wife of Peter Hallbom, of the firm of Hallberg & Osterberg.

Calumet—Mrs. Rosa Sangra, a resident of Calumet for forty years, died at the age of 78.

Escanaba—The Rev. W. P. James performing the ceremony in the Episcopal church.

Peninsula Briefs. The Rev. P. J. Lindberg of Wallace has been elected chairman of the Ministerial Association of the Northern Michigan district of the Swedish Evangelical Mission covenant at the sixteenth annual meeting now in session at Menominee.

ROTARIANS EAT AT PACKING PLANT

Novel Entertainment By Elliott & Co. Attracts 165 Members.

One hundred and sixty-five Rotarians ate their lunch this noon at the packing plant of Elliott & Co., thirty-seventh avenue west, and were then shown through the plant.

The affair was one of the most novel that the Duluth Rotary club has indulged in. The members of the club took autos in front of The Herald office at noon today and drove to the plant and the luncheon was served in the garage, where tables were laid and all was in readiness when they arrived. The lunch was prepared by an up-town cafe, but the packing company added special homemade wieners to the menu, and later passed also what looked like small sausages, but which turned out to be cigars—which, either homemade or not is not known; but the visitors were immediately taken to see the new smokehouse, which may be significant. They also were shown the new storage house.

Later the Rotarians were shown through the entire plant, and an extra kill of hogs was staged for the occasion, the visitors seeing the use to which a hog can be put, from the picking of the feet to the jelling of the animal.

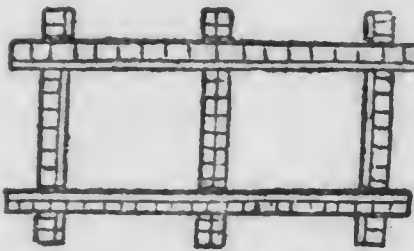

The affair was very much enjoyed. Next Thursday the weekly luncheon will be taken at the club, two miles beyond Lester Park.

DULUTH PLANT OF UNIVERSAL PORTLAND CEMENT COMPANY WILL BEGIN TURNING OUT ITS PRODUCT ABOUT MARCH 1, NEXT

Company Now Has 240 Men Employed on Construction Work.

Will Employ at Least 375 When Operating at Capacity.

Rushing Work to Inclose All Buildings Before Snow Flies.

With a crew of more than 200 men now working on construction, not including twenty-eight structural steel workers, the building of the mammoth \$2,000,000 cement plant of the Universal Portland Cement company at New Duluth is rapidly nearing completion. It is expected that the plant will be ready to make clinkers on or about March 1, 1916.

There are now 240 men employed on the construction work throughout the big institution. The plant when operating will give employment to at least 375 men during the rush season, of whom 125 will be employed on the night shift.

The company expects to manufacture a daily output of 1,400,000 pounds of cement, an average of about 4,000 barrels of the product every twenty-four hours. Enormous storage bins to hold this product have already been constructed and are ready to handle the product when the plant begins to operate.

The local plant has already become the receiving point for the Northwest district. An average of 150,000 empty sacks is being received at the plant monthly for which credit is being given purchasers of cement. These sacks are being checked by a crew of the company's employees.

Material From Steel Plant.
The company will receive its raw material principally from the steel plant. It will require about 800 tons of stone, 275 tons of slag and 200 tons of coal to keep the plant busy each day. During the summer this material will be received direct from the company's docks. The slag will be taken from the dump at the steel plant during the summer, while in winter it will be taken direct from the furnaces. During winter the company, which has storage arrangements with the Minnesota Steel company, will receive its stone and coal from the company's storage yards.

Monster storage bins located in the east end of the raw material building will receive the material at the plant. The raw material building is 150 by 124 feet. Separate bins have been provided for handling each of the material required for the plant.

The coal will here be put through a crusher which will reduce it to lumps not over 1 1/2 inches in size. It is then put through a drying process by means of two mammoth rotary dryers five feet in diameter and fifty feet long. From this dryer it is passed to a pulverizer and later will produce the heat for drying processes for the stone and slag.

There are two large stone dryers similar to the coal dryers with the exception of being 3 1/2 feet in diameter and sixty feet long. These are fed from the stone bins after the stone has been crushed through two No. 6 stone crushers which will reduce the stone to not over 1 1/2-inch size.

Four dryers are provided for the slag. The greater number required in this process is account of the amount of moisture in this material, which averages about 25 per cent. Two large fans will furnish the blast for the dryers and will blow the inflammable coal dust into them.

Magnets Pick Up Steel.
Before being mixed going through the final grinding process the stone goes through a spout on which is located 4,000-pound magnets, which picks up all steel or iron that may happen to be in this material. Magnets pick up heavy articles, such as parts of railroads, spikes, rail flanges and other material that has become mixed with the stone at the quarries. The stone then passes through three No. 3 Williams mill crushers which reduce the material to 750 revolutions per minute. These reduce the material so that it may pass through a twenty-mesh sieve fine from there it passes to a weighing machine, where it is weighed for proper mixture with the slag.

On leaving the hoppers the slag passes to three No. 8 ball mills, operated by 40-horse power motors, where the rolling of the ball mills, the size of the slag particles. It then passes to the weighing machine. The in this case, these various parts and machines is automatic. It requires 1,000 pounds of stone to every 600 pounds of slag consumed.

On being mixed to the proper proportion the material will find its way to seven different tubes, each seven feet in diameter and twenty-two feet long and each operated by a 250-horse power motor. These tubes will mix the stone and slag by revolving at the rate of 121 times per minute. After being treated here the material is ready for the burner building. The burner building is six days to keep the burner building operating seven days. The store room in which this surplus material will be kept is 50 by 112 1/2 feet.

Four Big Burners.
The process of rolling and crushing has reduced by this time the material so that it is fine enough to allow from 92 to 95 per cent of the material to pass through a 100-mesh sieve. That is a sieve with a screen having 10,000 holes to the square inch.

Four monster kilns will put the finishing touch to the raw material and convert it into clinkers. These kilns are ten feet in diameter, lined with brick and are 150 feet long. They will revolve at the rate of once every seventy-two seconds. 85-horse power motor will furnish the power for each of these kilns. The material will be received at one end of the kilns through a spout, which will be automatically operated and after being treated the proper length of time will emerge from the other end in clinkers ranging from one to four inches in size.

The clinker storage will be the next place to which this material will find its way. This storage bin is 100 feet wide and 405 feet long. Two huge cranes, each of which will span its width with a capacity for carrying twelve and one-half tons, will move the material to its cooling place. These cranes will be equipped with monster clam-shell buckets capable of carrying four yards of the material.

During the slack shipping season this bin will store the product from the cement company's branch of the mill. Thousands of tons are expected to be stored here during the winter between the time of closing of the finishing mill at the close of the shipping season late in the fall and the reopening early in the spring. The exposure of the product to the weather does not affect the clinkers.

The clinkers will be received at the finishing mill and will here be first crushed through a Sturtevant roller crusher so that the largest clinker will be reduced to a three-quarter inch size.

It will then pass through ring roll crushers which will reduce it to twenty-mesh size at which point about eight pounds of gypsum will be added for each barrel of cement. It will later pass through eight tube mills and will by that time have become finished cement.

Tested Frequently.
At various stages during the process chemists will take samples of the product and in leaving the finishing mill is located 4,000-pound magnets, which will pick up a small spoonful of the cement every 10 seconds and each hour the material will be tested by the chemical department.

The finishing mill will have a capacity for producing 7,000 barrels of the product daily. The larger capacity for this mill is so to give the plant an opportunity to catch up during the summer with the surplus piled up in the clinker storage during the winter. The stockhouse is one of the largest in the country. The building itself is 102 feet wide by 327 feet long. Its total capacity is rated at 300,000 barrels. In it are storage tanks, each having a capacity for storing 11,000 barrels of the product. These tanks have a diameter of 12 feet and are 50 feet high. The shipping department is located in this building. It is here that the company is now receiving an average of 150,000 empty sacks from purchasers of its cement each month.

Furnishers of cement sacks pay 14 cents for the sacks at the time of purchase, and are given this credit on the return of the sacks in good condition.

The filling of the sacks is one of the interesting processes at the plant. Before being filled, the sacks have tops made of special wire rings made for this purpose. The sack is then inverted, and through one corner of the lower end the sack is hung through a valve arrangement, onto a spout and filled. When ninety-five pounds of the material has been poured into the sack, its weight acts as a lever which stops the flow. The sack is then ready to be thrown into a car for shipment.

Work Being Rushed.
Ray S. Huey, general superintendent of the plant, yesterday stated that all possible haste was being made in completing the building. In order to have the walls and roof on before snow flies. The steel work will be completed, according to present plans, about Dec. 1, and the roofs and walls will be up shortly after that period.

The walls are constructed entirely of cement blocks. Cement blocks, reinforced with steel, are being used exclusively in the building. These are made so that they fit well on the steel trusses of the roof. The foundations are entirely of concrete.

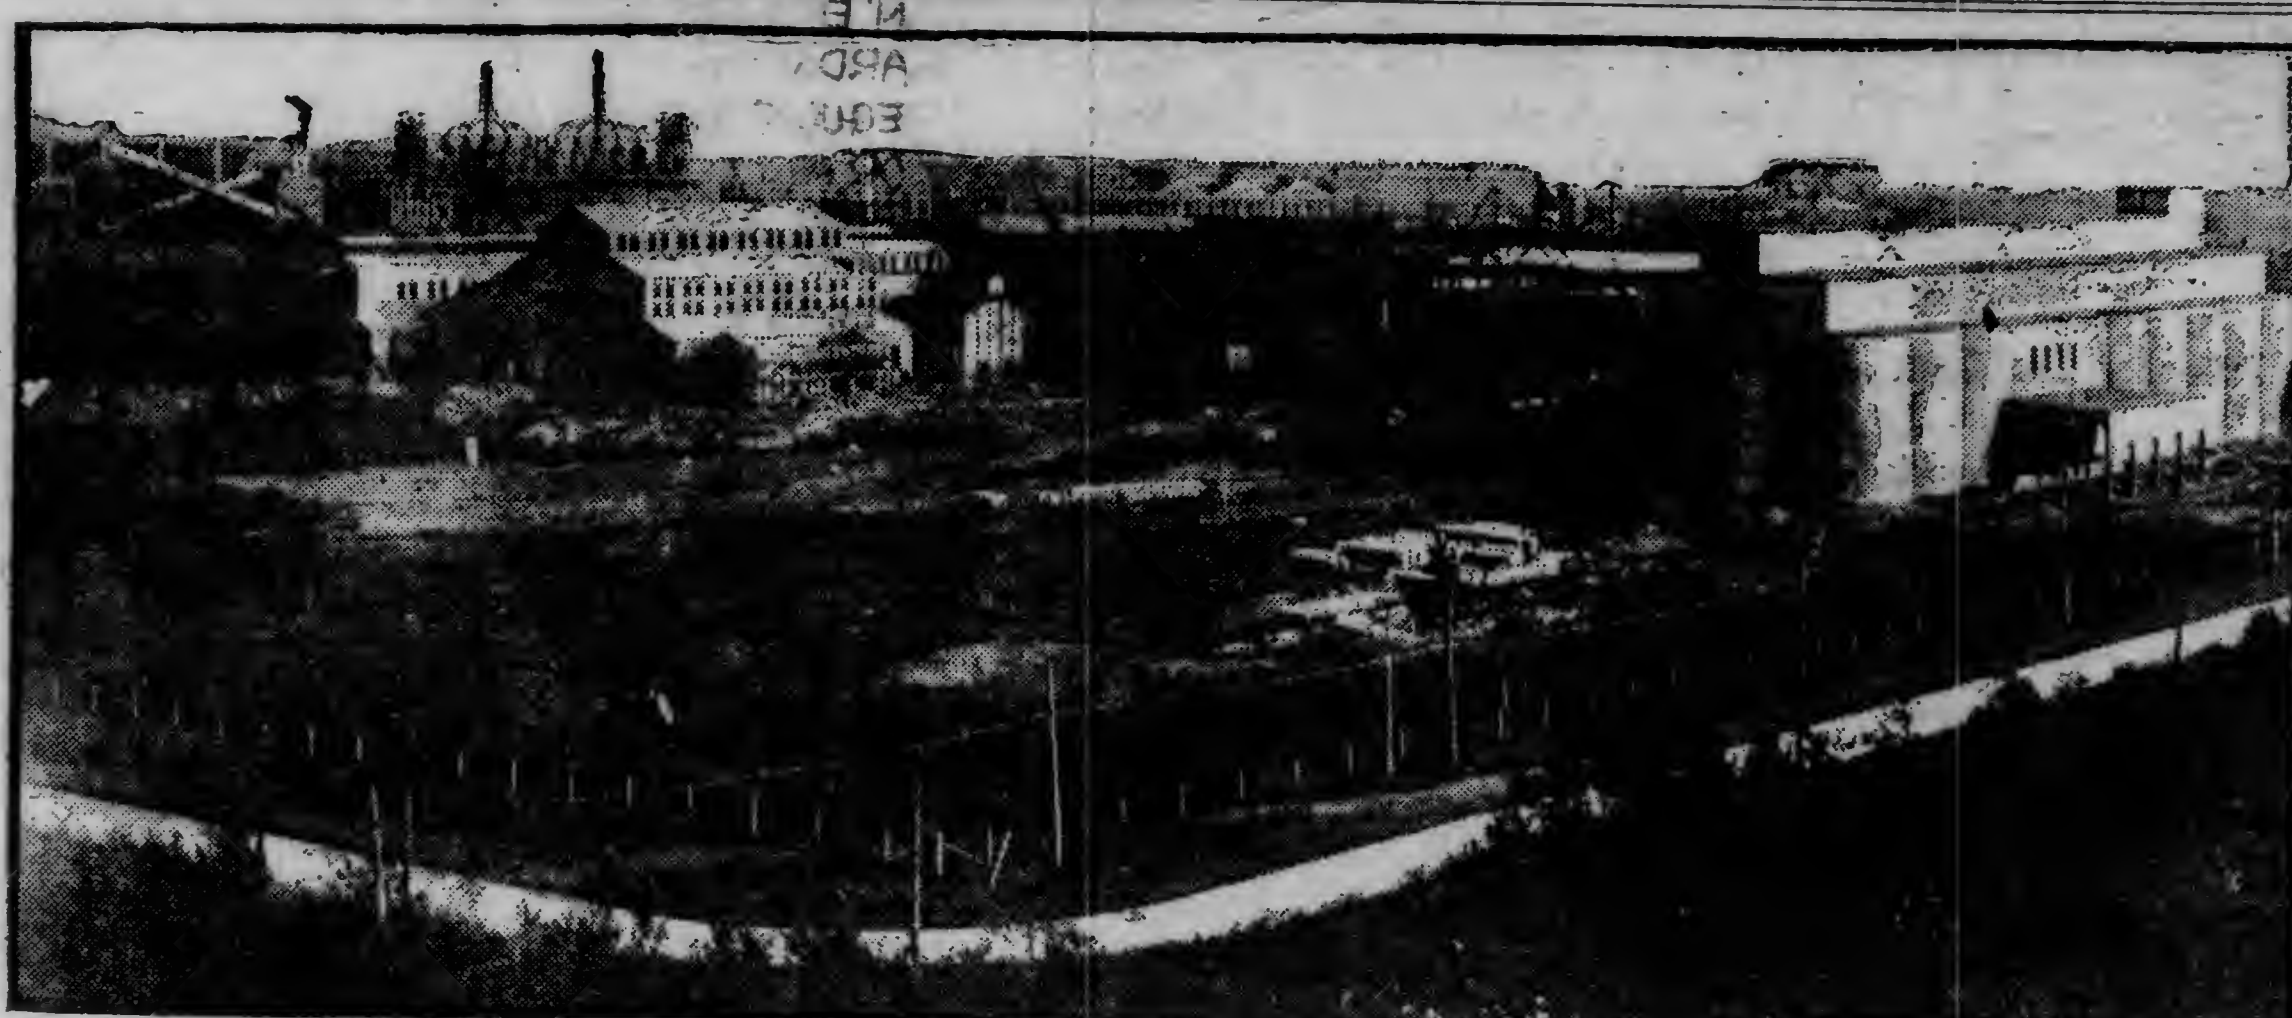

A machine shop, which is designed also as an electrical repair and blacksmith shop, has been constructed. This building is 80 feet wide and 150 feet long. In this building as well as throughout the entire plant, all machinery will be well guarded against any possible accident.

Throughout various parts of the plant will be installed private lockers for every employee. This will give the men an opportunity to change clothes before and after going to work. Shower baths, with hot and cold water, will also be provided in the various buildings.

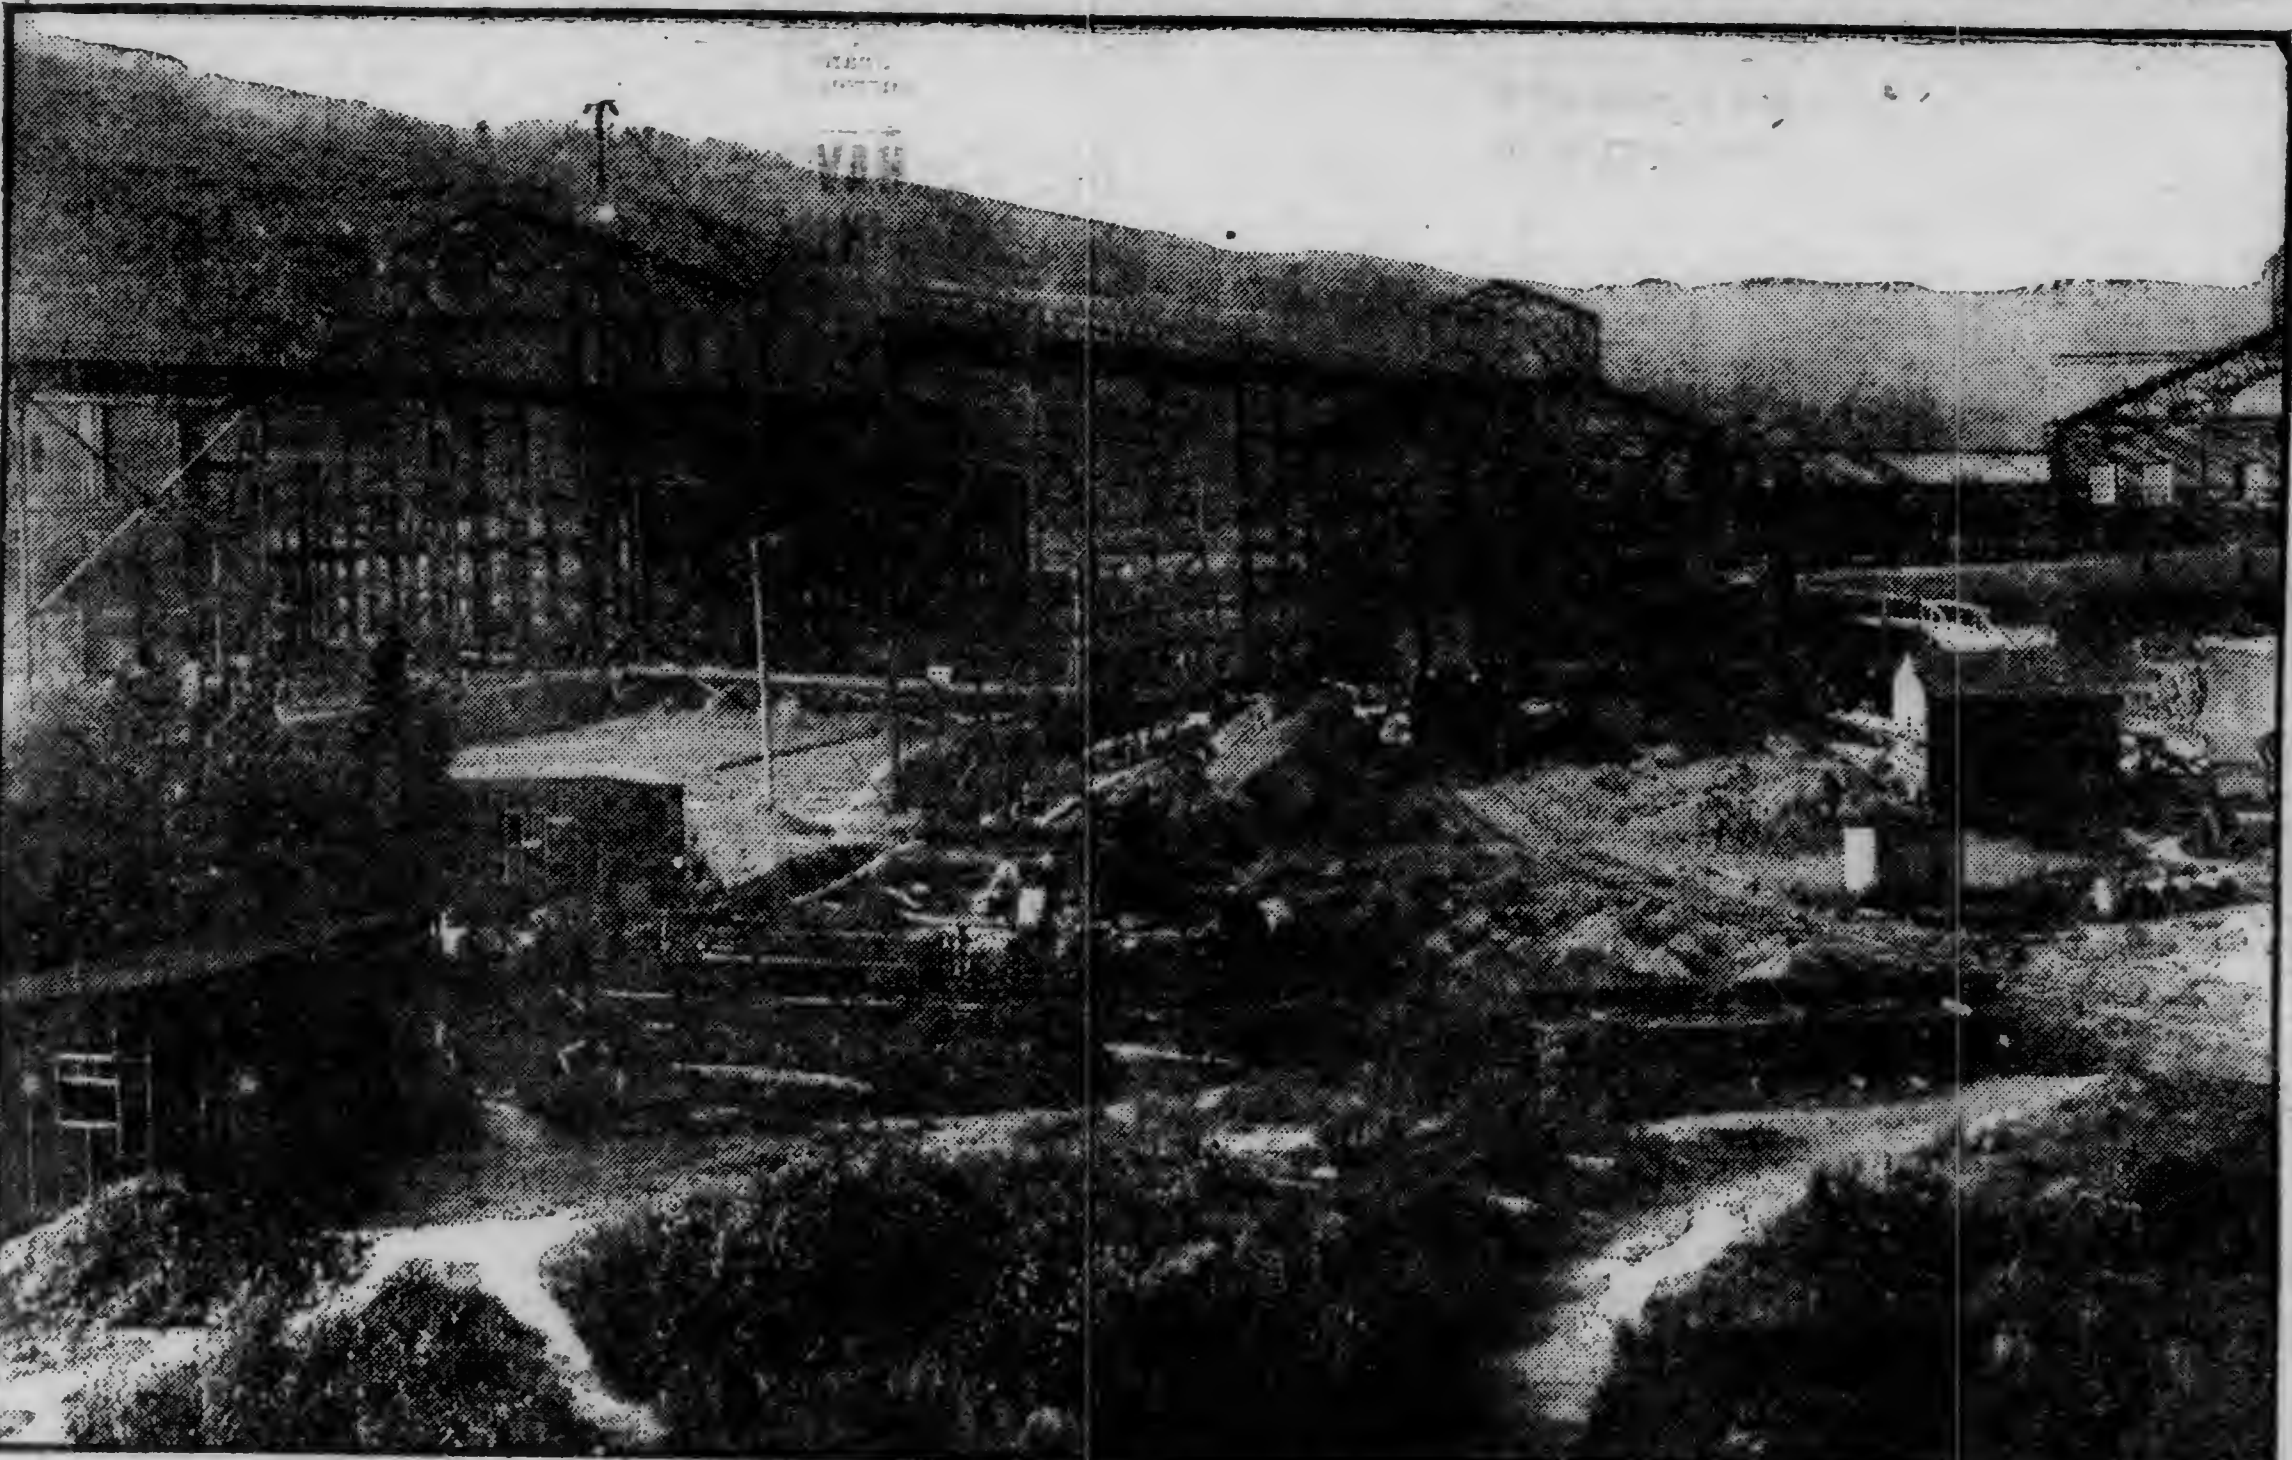

A handsome building has been planned for the company's office. This building will be somewhat apart from the others. It will have a frontage of 58 feet and will be 40 feet deep. It will have a full basement and be two stories high.

It will take 300 men to operate the plant at normal capacity. These will be divided to about 125 men on the night shift and 175 on the day shift. The larger number of day men will be on account of all repair work will, if possible, be attended to during the day time.

During the shipping season an additional seventy-five men will be required to handle the product. These men will be employed in packing and loading.

Bird's-eye View of the Universal Portland Cement Plant. Taken From the Northern Pacific Railroad Tracks—The Building on the Right Is the Monster Stock House—On the Left, the Raw Material Building—In the Background May Be Seen the Blast Furnaces of the Minnesota Steel Company.

Erecting the Monster Steel Frames for the Finishing and Burner Buildings—On the Left Is the Frame for the Finishing Building—On the Left Is Given a Partial View of the Mammoth Kilns—The Kilns Had to Be Set in Place Before Work Could Be Started on the Structure—The View Is Taken From the Roof of the Machine Shop.

size. It will then pass through ring roll crushers which will reduce it to twenty-mesh size at which point about eight pounds of gypsum will be added for each barrel of cement. It will later pass through eight tube mills and will by that time have become finished cement.

Tested Frequently.
At various stages during the process chemists will take samples of the product and in leaving the finishing mill is located 4,000-pound magnets, which will pick up a small spoonful of the cement every 10 seconds and each hour the material will be tested by the chemical department.

The finishing mill will have a capacity for producing 7,000 barrels of the product daily. The larger capacity for this mill is so to give the plant an opportunity to catch up during the summer with the surplus piled up in the clinker storage during the winter. The stockhouse is one of the largest in the country. The building itself is 102 feet wide by 327 feet long. Its total capacity is rated at 300,000 barrels. In it are storage tanks, each having a capacity for storing 11,000 barrels of the product. These tanks have a diameter of 12 feet and are 50 feet high. The shipping department is located in this building. It is here that the company is now receiving an average of 150,000 empty sacks from purchasers of its cement each month.

Furnishers of cement sacks pay 14 cents for the sacks at the time of purchase, and are given this credit on the return of the sacks in good condition.

The filling of the sacks is one of the interesting processes at the plant. Before being filled, the sacks have tops made of special wire rings made for this purpose. The sack is then inverted, and through one corner of the lower end the sack is hung through a valve arrangement, onto a spout and filled. When ninety-five pounds of the material has been poured into the sack, its weight acts as a lever which stops the flow. The sack is then ready to be thrown into a car for shipment.

Work Being Rushed.
Ray S. Huey, general superintendent of the plant, yesterday stated that all possible haste was being made in completing the building. In order to have the walls and roof on before snow flies. The steel work will be completed, according to present plans, about Dec. 1, and the roofs and walls will be up shortly after that period.

The walls are constructed entirely of cement blocks. Cement blocks, reinforced with steel, are being used exclusively in the building. These are made so that they fit well on the steel trusses of the roof. The foundations are entirely of concrete.

A machine shop, which is designed also as an electrical repair and blacksmith shop, has been constructed. This building is 80 feet wide and 150 feet long. In this building as well as throughout the entire plant, all machinery will be well guarded against any possible accident.

Throughout various parts of the plant will be installed private lockers for every employee. This will give the men an opportunity to change clothes before and after going to work. Shower baths, with hot and cold water, will also be provided in the various buildings.

A handsome building has been planned for the company's office. This building will be somewhat apart from the others. It will have a frontage of 58 feet and will be 40 feet deep. It will have a full basement and be two stories high.

It will take 300 men to operate the plant at normal capacity. These will be divided to about 125 men on the night shift and 175 on the day shift. The larger number of day men will be on account of all repair work will, if possible, be attended to during the day time.

During the shipping season an additional seventy-five men will be required to handle the product. These men will be employed in packing and loading.

The entire power for the plant will be furnished by the Great Northern power company. The power company is now erecting a large transformer building near corner of the property. All of these cables electric wires as well as telegraph wires are being put underground through a elaborate system of conduits.

The company will have its own transformer station. This building is 35 feet wide and 74 feet long. The foundations for the big transformers are now being completed and the machinery will be placed in it.

The plant will be equipped in all with fifteen 250-horse power motors, seven of which will be used in the

raw material mill and eight in the finishing mill. There are also many motors of a smaller horse power that will be installed.

Mr. Huey will be superintendent of the plant after it begins operating. He arrived in the city early last spring to assume charge. Fred Robinson, acting department and Frank Lemper is civil engineer.

O. B. Potter is master mechanic of the plant. H. M. Eler is chief electrician and E. J. Aman, auditor. C. E. Carlson will be foreman of the operating department and Frank Lemper is civil engineer.

Chicago News: "I am going to the station to meet my daughter, although she didn't mention what train she would come on," observed Bazel to his companion on the suburban train smoking car.

"I wouldn't bother," advised Crockett. "I never meet people who don't tell me what train they will arrive."

"We were expecting a couple of guests last week. I had been told that there were two trains from Petracide, one due to arrive at 2:25 p. m. and the other at 2:26 p. m. My wife insisted that I meet the 2:25 train, although the guests had not said what train they would come on. I went down to the depot and watched every one get off the train, but my guests were not there. Then I said to the train attendant: 'This train came from Petracide, didn't it?'

"No, Petracide," answered the man. "But, I expostulated, the Petracide train comes at 2:25. What's the matter?"

"No," he replied, "3:10."

"I hung around the depot until 3:10 and no one arrived on that train. I went home and reported to my wife. She was miserable. She had visions of her guests arriving with great big baskets and hampers and suitcases and no one there to help them. After a while we realized that we didn't know even what station they were coming to. All we knew was that they were coming that day."

"I figured it out that probably they didn't tell us what train they were coming on because they didn't know themselves. They were waiting a bride in Petracide en route to our house, and I knew that they would hang around it bride's new domicile as long as possible, stocking up a big cargo of details to unload on my wife, such as what the bride wore and what she had and didn't wear; how the entire house was arranged; what she had in each room; what her husband looked like and how he acted. They stayed over to collect that kind of stuff, with us worrying our heads off."

"I wore myself out circling around from depot to depot all afternoon and evening, meeting all trains coming in."

What Every Mother Knows.
Every mother knows that during the trying period before baby comes the use of Mother's Friend, a dependable external remedy obtained of druggists, is absolutely necessary so as to avoid the pains caused by undue tension upon the cords, ligaments and muscles resulting from muscular expansion. Under the surface is a network of fine nerve threads and by applying Mother's Friend all these are soothed and helped. Expansion is natural and pains are relieved. In many cases nausea, morning sickness and other distresses are avoided.

DR. E. MERCADO.
Dr. E. Mercado, a Filipino physician, believes he has demonstrated the efficacy of a new cure for leprosy. He has been believed to be an incurable disease. The treatment is with chaulmoogra oil, made from Lakatogona kurat seeds. The treatment has been used by others and in the London Lancet last year record was made of the discharge by Dr. Victor G. Heiser treated who went to the hospital for leprosy at Manila of two patients so treated who were declared cured. Dr. Mercado has discharged from the great leprosy colony at Cullion, P. I., twenty-three patients who he declares are completely cured of leprosy.

Corns and Callouses
Don't endure foot agony. Here is the best and surest remedy known. Caloide compound in warm foot bath. This gives instant relief. Corns and callouses can be peeled aching or sweaty feet and swollen bunions. It acts through the pores, removing the cause. Large box of Caloide 25 cents at any drug or general store. Prepared at Medical Formula Laboratories, Dayton, Ohio.

MEETING TRAINS.

Chicago News: "I am going to the station to meet my daughter, although she didn't mention what train she would come on," observed Bazel to his companion on the suburban train smoking car.

"I wouldn't bother," advised Crockett. "I never meet people who don't tell me what train they will arrive."

GIVE FARM WIFE A SQUARE DEAL
Milwaukee Journal: It remained for a Socon Garin farmer in the agriculturally benighted South to develop at least one phase of the farm factory idea. He has used a stream through his farm in producing ice cream, locked ice and light and power for his farm. The one-time idle song of this tiny river is now adding luxuries to this farmer's home.

Thousands of farmers in the South are in a position to employ water power on the farm. All farmers can use more power on the farm and eliminate much of the drudgery. In our cities much of the washing is done in laundries, while in the country probably not one farmer in a hundred has a gasoline-driven washing machine and wringer. Here is a machine that would be used by the farmer's wife at least fifty-two days in the year, while the farm binder is not used more than three or four days annually on most farms. To carry the comparison further, the binder costs \$125, while the complete washing machine, wringer, engine and all would require a capital expenditure of about \$70. If the farmer wants to treat his wife justly, he will provide a machine that can be used to make easy one day's hard labor each week.

THINKS HE HAS DISCOVERED A NEW CURE FOR LEPROSY

Chicago News: "I am going to the station to meet my daughter, although she didn't mention what train she would come on," observed Bazel to his companion on the suburban train smoking car.

"I wouldn't bother," advised Crockett. "I never meet people who don't tell me what train they will arrive."

buy or turn the plant back to the village, the village to pay him for the improvements. The village has offered to sell to him outright, providing a majority of the citizens should so vote. If Mr. Reichert gets the plant he expects to rebuild it immediately. A 24-hour service would be installed as soon as the necessary improvements were made.

SALE STARTS EARLY.

Christmas Red Cross Seals Will Be Offered to Public in November.

Christmas Red Cross seals will be placed on sale late in November, according to an announcement yesterday by Dr. E. W. Fahey, director of public health.

Officials of the Minnesota Public Health association have reported that Minnesota's entire first allotment of seals, 6,400,000, has been spoken for. Minneapolis wants 2,000,000 and St. Paul has asked for 1,000,000. An order has been sent to the national association for additional seals. Money derived from the sale is used in fighting tuberculosis.

Be Wise.

Advertise your wants in The Duluth Herald. It is the paper that will give you results. Over 30,000 circulation. There is no "just as good."

Settler Lost in Woods.
 Glidden, Wis., Oct. 21.—That Lawrence Valler, a recent settler in the country one and one-half miles west of Shuangolden, died from hunger and exposure while lost in the woods is the supposition advanced here. A posse went out in search of the man on Sunday, but after scouring the woods in the vicinity of his cabin, they returned to Glidden without even a clue as to Valler's whereabouts. Valler came to Shuangolden on Sept. 28 from Alexandria, Minn., and built a cabin about one and one-half miles west of that place shortly after his arrival.

HOW TO INSTANTLY TINT YOUR HAIR

"Brownatone" Affords the Surest, and Practically the ONLY ABSOLUTELY SAFE Method for Tinting (or Restoring) the Hair or Mustache to Any Shade of Brown (or Black).

There is a new preparation on the market that is so entirely harmless and so easy to use that there really is no excuse for any woman (or man) to longer tolerate colorless gray or streaked hair.

"Brownatone" meets and overcomes every objection heretofore found to "hair dyes" and "restorers," and is so pleasant in its uniformly splendid results that it is within a few months of making thousands of friends who could not now be induced to use anything else.

One application is all that is necessary to get the desired shade. Then a few moments once every month or so will keep the hair a uniform color.

If your temples are beginning to show gray, use "Brownatone." If your hair is faded or streaked, use "Brownatone."

If the ends are of a lighter shade than the balance, use "Brownatone." If your switch doesn't exactly match your hair, comb it with "Brownatone." "Brownatone" positively can not be detected, will not rub off or wash off, and is harmless, and permanent in every way.

Prepared in two shades—one for golden or medium brown—the other for dark brown or black. Also in two sizes, 25c and \$1.00.

A sample bottle and an interesting booklet will be sent upon receipt of 10 cents, or we will fill your orders direct if your druggist insists upon substituting. No samples at dealers.

Insist on "Brownatone" at your hair-dresser's.
 Made only by The Kanton Pharmaceutical Co., 672 Pike St., Covington, Ky.
 Sold and guaranteed in Duluth by Orphenum Pharmacy, Second Avenue East and Superior Street; Lyceum Pharmacy and other leading dealers.

"Duluth—then and now."

This is a fitting title for the novel exhibit prepared by J. Harris Trux, secretary to Mayor Prince, for the third annual convention of the League of Minnesota Municipalities being held at Virginia. The photographs are being shown during the convention.

On each cardboard prepared for the exhibit, Mr. Trux has pasted a photograph taken years ago and another at the present time. In this way, he shows the growth of the city during the last ten years in practically every city department or municipal undertaking. There are also old photographs, including the first fire engine, the first fire department of the early eighties, the first reservoir at Twelfth Avenue West, built in 1884, the original police department and scores of others.

In the exhibit are photographs of the first reservoir, now in an abandoned state, and the present 15,000,000-gallon reservoir serving the downtown district; horse-drawn fire engines and the motor units to which they were replaced; the old water and light tower; the old fire department building; the new concrete reservoirs in all parts of the city; the old and new armories; the complete motor equipment of the fire department; the police force, paving the streets, the work farm during its early stages and at present; park and boulevard drives; activities on Duluth playgrounds under recreational directors; and housing conditions throughout the

PREPARING FOR LAYMEN'S MEETINGS

Evangelists Will Be in Duluth for Five Days.

Preparations are already under way for holding in Duluth meetings of the National Laymen's Evangelistic movement.

One of the teams representing that great movement will hold meetings here from Jan. 19 to 23. In the meantime there will be an executive committee appointed to represent Duluth. E. D. Rankin has already been decided upon as secretary of this committee. Campbell White, head of the laymen's movement in the United States, will head the team that will hold a series of meetings in Duluth.

Secretary E. C. Wade of the Duluth Y. M. C. A. stated today that it was expected delegates from every part of Northern Minnesota would attend the meetings in Duluth. All of the range, Superior and every nearby town and

YES—IT IS POSSIBLE TO STOP RHEUMATISM

Rheumatism is a tormenting and stubborn malady. In some cases it yields to treatment which is without avail in other cases.

The darting pains, lame muscles or stiffened joints only disappear by gradually expelling the uric acid, and so many thousands have been relieved by the blood-enriching oil-food in Scott's Emulsion that you should give it a faithful trial. Scott's Emulsion acts as a powerful blood-purifier by increasing the red corpuscles and it strengthens the organs to carry off the acids which cause the trouble.

Try Scott's Emulsion. It cannot harm. It has helped thousands and may be exactly what you need. No Alcohol.

Scott & Bowne, Bloomfield, N. J.

MELLEN RESORT IS SCENE OF TRAGEDY

Wakefield Man Ends Cerebral By Accidentally Killing Himself.

Ashland, Wis., Oct. 21.—Thomas G. O'Brien, residing at Wakefield, where he has a wife and ten children, accidentally shot and killed himself yesterday at a road house near Mellen.

O'Brien with three companions, John Oman, Albert Gither, and Alfred Kolander, all residents of Wakefield, drove over to Mellen in an auto. After enjoying a jovial time in Mellen, they went to a road house about a mile from the city and it was there the accident occurred which cost O'Brien his life.

He had with him an automatic revolver, and unknown to the rest of the party, removed the loading chamber, but failed, however, to take one of the loading chambers from the weapon around and in a spirit of bravado made known his intention of blowing the top of his head off. He pointed the gun at his own head, thinking, of

TAX COMMISSION HAILED INTO COURT

Important Case Involving Bagley Bank on at Brainerd.

Brainerd, Minn., Oct. 21.—(Special to The Herald.)—Proceedings believed to be the first of their kind in Minnesota, wherein the entire state tax commission appeared in district court chambers before Judge W. S. McClennahan to answer mandamus proceedings, brought by G. P. Jones and others of Clearwater county in what is known as the First National bank of Bagley case, were heard this morning.

It is charged that the assessments of bank stocks were too low and the claim is made that all the commission did was to order a reassessment of all the banks in Bagley.

The petitioners ask that the tax commission make a due and proper investigation of the case and proper record of its proceedings and also to

EXPLAINS X-RAY.

Dr. E. L. Tuohy Speaks to Members of Sigma Xi Fraternity.

The X-ray machine and its use in surgery was explained to members of the Sigma Xi scientific honorary fraternity last night by Dr. E. L. Tuohy, at a dinner given by members of the order at the Duluth Commercial club.

The talk was one of a series being given by members of the fraternity each one choosing a topic in which he is particularly interested. Dr. Tuohy's talk was illustrated with stereopticon slides.

May Buy Mahanomen Plant.
 Mahanomen, Minn., Oct. 21.—The village council is negotiating with H. Reichert of Vesta, Minn., who has made the village an offer on the electric light plant. Mr. Reichert's original offer was to lease the plant for a period of two years, during which time he would greatly improve it, and at the end of that period would either

GREEKS CONSIDER NEW PROPOSITIONS

No Decision Yet Announced
as to Decision of the
Cabinet.

Paris, Oct. 21.—A prolonged meeting of the Greek cabinet late Tuesday night, after which no communication was issued to the press, is being generally commented upon by the Athens newspapers, says a dispatch filed yesterday at the Greek capital by a correspondent of the Havas News agency. The message adds:

"It is reported this (Wednesday) evening that new propositions have been made by the Quadruple Entente to induce Greece to depart from her neutrality. The newspaper Ethnos says important concessions have been offered by the Entente powers together with powerful military support if Greece will join the allies."

"The important journal Hestia says the Entente allies offer would extend Greece's frontiers nearly to Constantinople and that the offers also include the island of Cyprus and territory in Asia Minor."

"The rapid succession of events in the Balkans renders the political situation critical and it is the general opinion that the moment seems to have arrived for Greece to take the final decision regarding her future action."

"Premier Zaimis has had several interviews with the Entente ministers at Athens in the last two days."

An argument in favor of the generous feeding of cattle is the fact that a cow which gets a good ration gives about three times more milk than her hungry sister.

THIS IS ONE OF THE BASEMENT ROOMS CALLED "DISGRACEFUL" TO WHICH STATEMENT PRESIDENT BREWER OF THE SCHOOL BOARD REPLIED, "BOSH."

NO FIGHT IS YET PLANNED

Mayor Power Says Hibbing
Saloon Men May Or-
ganize Later.

Believes Closing of Saloons
at This Time Will Work
Hardship.

Mayor Victor L. Power of Hibbing, who is registered at the St. Louis today, declares that the saloon keepers of Hibbing have not as yet made any plans toward fighting the enforcement of the closing of the saloons of the Indian treaty which provides for the closing of the saloons of that city and Chisholm.

"Later the liquor men of Hibbing may take some organized action toward fighting the enforcement of the act," said Mayor Power. "I know that the Indian treaty carries many provisions other than the liquor prohibition that have never been enforced or even thought of. Whether the provision regarding the closing of saloons will hold, I am in no position to say right now."

"Personally I am of the opinion that the closing of saloons in Hibbing and Chisholm at this time will work a hardship on the two villages. That is not saying that the liquor traffic is beneficial or good for any community. I am now speaking only of conditions that apply in both Hibbing and Chisholm. Many buildings have been constructed for the liquor traffic only, and I believe that the closing of the saloons will have a rather harmful effect on business in general."

"I understand that the saloon keepers of Chisholm intend to fight the closing order. As a lawyer I cannot state on what ground the opposition will be based. Also, as I said, I do not know whether or not the Hibbing saloon keepers will follow the example of the Chisholm liquor men."

Mayor Power said that the liquor men might find that they would be under a rather severe handicap in carrying their fight to the courts.

FATHERS STAY FROM CHURCH. Charles E. Jefferson in the Women's Home Companion: It is an extraordinary fact that so many American men should be willing to shirk their religious obligations. They do it habitually, while in the days of courtship they may be found in the church, but after the wedding day they attend church less frequently, and by and by drop out altogether. This constitutes for many a woman her first serious domestic problem. She does not know what her duty is. She loves the church, and she also loves her husband. If he prefers to stay at home, she is likely to stay with him. In this way many a woman crucifies her spiritual inclinations and sinks down into the indifference of a worldly life.

PERSONALS

At the Spaulding—W. J. Perkins of Detroit; C. E. Pettis of Chicago; R. Setz of Freeport, Ill.; J. H. DeWitt of Red Wing; H. J. Dufoe of Minneapolis; C. A. Walsh of Minneapolis; F. S. Fletcher of Minneapolis; H. C. Aman of Minneapolis; W. M. Butler of Denver, Colo.; A. J. Sears of New York; E. W. Lang and wife of Butte; Fred Lang of Houghton, Mich.

At the St. Louis—S. W. Levin of Zim; A. E. Lenz of Crookston; E. G. Hall of Minneapolis; Victor L. Power of Hibbing; J. C. Carter of Chicago; R. McVittor of St. Paul; W. E. Kinnings of Minneapolis; M. A. Beckett of Chicago.

CITY BRIEFS

Charities Re-elect Officers. At the first meeting of the new board of directors of the Associated Charities yesterday afternoon at the Commercial club, officers of the organization were re-elected for the coming year. The officers are E. A. Silberstein, president; W. P. McEwen, vice president; C. F. Graft, treasurer, and Miss Edna G. Meeker, secretary.

Cited for Contempt. Michael Perfetto was today served with an order of the district court citing him to appear Saturday and show cause why he should not be punished for contempt of court for refusing to obey an order requiring him to go before a referee and make a disclosure as to his property in supplementing proceedings. Perfetto is defendant in an action brought by the Helmbach Lumber company and on July 26, last, Leslie M. High, attorney for the company, secured an order commanding Perfetto to appear before D. F. Donovan on July 31 and answer under oath concerning his property. Perfetto failed to show up.

Loose Leaf and Filing Supplies. M. I. Stewart company, stationery department. Phones 114.

S. V. and Ladies' Auxiliary Meet. Plans for a joint meeting of the Sons of Veterans camp No. 14 and the Ladies' Auxiliary, to be held Dec. 1, were made last evening at a business meeting of the auxiliary at Memorial hall, courthouse. The Sons of Veterans will initiate a large class at the joint meeting. The women will

serve a banquet after the initiation ceremonies.

Security Meeting Postponed. The meeting of the nominating committee of the Duluth branch of the National Security league, which was to have been held at the Commercial club today, has been postponed until next week. No meeting of the league will be held until the nominating committee is ready to report.

Would Settle Estate. When Margaret C. White died in July of 1915 aged 60, she left an estate of \$3,000 to be divided among three children. Mrs. Annie K. Gillette, daughter, yesterday afternoon petitioned the probate court to grant letters of administration to her husband, A. C. Gillette.

Whitely Estate Small. Mrs. Ellen Whitely, widow of Richard Whitely, pioneer resident of St. Louis county, whose death occurred at Elly on Aug. 27, aged 73 yesterday afternoon petitioned the probate court for appointment administrator of his estate, valued at \$3,000. Besides the widow there are nine children.

Wife Severs Divorce. Myrtle Kallenberg, 30, was granted a divorce by Judge Bert Peeler in district court yesterday afternoon from Albert Kallenberg, 31, to whom she was married in this city in 1911. Suit was brought on the grounds of cruelty and drunkenness. Mrs. Kallenberg was permitted by the court to resume her maiden name, that of Myrtle Hemple.

Temple Services. "A Blessing and a Curse" will be the subject of the sermon by Rabbi Leffkowitz tomorrow evening at Temple Emanuel, Seventh avenue east and Second street.

Burglars Steal Harness. Burglars entered the barn of Albert Erickson in Woodland Park last night and walked off with a double set of work harness, valued at \$52. When Mr. Erickson started out to hitch up his team today he discovered the loss and reported it to police.

Hard Times in East End. A. T. Hill, 719 Tenth avenue east, told police last night that he had found a purse on Greyhound hill near Twenty-eighth avenue east. It contained 35 cents.

RECALLED OTHER DAYS. Philadelphia Telegraph: Congressman Henry A. Cooper of Wisconsin largely smiled the other day when the conversation in the lobby of a hotel turned to fond memories. He said he was reminded of the sad emotions of a poor old hobo.

One afternoon the hobo in question rammed up the garden walk of a suburban home and obsequiously asked for bread. Some home-made biscuits were given him and a few minutes later he acted like shaking with sob.

"What seems to be the matter, my friend?" asked the well-dressed housewife. "Are you thinking of other days?"

"Yes, lady," answered the hobo, with another quiver of his weary frame.

"Of dear friends and relatives, I suppose," suggested the housewife. "and of the home you used to have."

"No, lady," was the startling response of the tramp. "I was thinking of the stones I used to have to break in a quarry at Rockville."

Mount Sanyay. In the eastern chain of the Andes in South America, is the most active volcano in the world. It has been in constant eruption since 1723.

GET 50% MORE FOR YOUR MONEY

WHEN YOU INSERT A "WANT" AD BY
PUTTING IT IN THE DULUTH HERALD!

During the last eight years the circulation of The Duluth Herald has swept forward continuously, making an average daily gain of over 50 per cent.

During this period there has been absolutely no increase in advertising rates. For the user of "Herald want ads" this clearly means that without extra cost for his publicity he has a much better opportunity for getting results from many propositions.

THROUGH "HERALD WANT ADS" HE REACHES

50 PER CENT MORE BUYERS OF USED ARTICLES THAN he would if Herald circulation had remained stationary.

50 PER CENT MORE RENTERS OF ROOMS THAN HE would if Herald circulation had remained stationary.

50 PER CENT MORE BUYERS OF AUTOS THAN HE would if Herald circulation had remained stationary.

50 PER CENT MORE RENTERS OF HOUSES THAN HE would if Herald circulation had remained stationary.

50 PER CENT MORE LAND BUYERS AND LAND RENTERS than he would if Herald circulation had remained stationary.

50 PER CENT MORE READERS OF EVERY OFFER THAN he would if Herald circulation had remained stationary.

Few papers can point to such a record. When you insert a "Herald want ad" you get extra value without extra cost—Remember that fact when you order a "want" ad inserted this week.

DANCE THE DOCTOR AWAY

A Physician Says It Promotes Best Physical Condition.

Dr. L. K. Hirschberg in the New York Sun: Whether you are of those young succubers who flit from hotel to hotel, from ballroom to ballroom, from dance hall to dance hall, capturing prize after prize for the best tripping of the light fantastic too, or whether you are of the larger tribe of dancers who are enamored of the revival of dancing, it is a fact that its physical supremacy or defects, its therapeutic and its dangers should be appreciated along with its pleasures.

Essentially a muscular rhythm, synchronous with muscular vibrations, the ballroom dances of the day with their interminable series of original steps are in moderation the ideal physical tonic for obese, lackadaisical flabby flesh.

The instinct to dance is not only as old as mankind, but it is inherent in animals. The play of infants, the kicking of the month-old babe, the romping of puppies, kittens, monkeys, nay, even the fluttering of birds, are all muscular expressions of musical rhythm.

Barefoot dancing, the Russian ballet, gymnasium dancing, beach dancing and all of the modifications of the modern dance are by no means as valuable in strengthening the heart and muscles as dancing with a full orchestra, and with constantly changing steps as well as with its pleasures.

The maxixe, the tango, the tae-tae, the Lulu Fado, the half and half and the new waltzes are all calm, restful, and full, refined dances as the fado, tango, and

yet muscle stirring dances which train the heart, lungs and fleshy parts to fit them for the best physical efforts.

It is now an accepted scientific fact that the rhythm of music increases bodily endurance. The beat of drums, the crash of cymbals, the blowing of fifes, the trumpeting of horns, even the staccato taps of galloping horses, have long been known to eliminate fatigue in soldiers, workmen, travelers and acrobats.

Marching with martial staccos, tapping the foot to keep time, the sway of the body with musical vibrations, the respiration and the heart beat are proof that dancing, like murder, will out.

The calm waters of the slowly flowing blood as you dance the new dances begin to leap and bound with youth and vigor. The effect is the same as tennis, running, swimming, baseball and other athletic acts of youth.

True enough, the sense of oppression, breathlessness, high leaping pulse, which appears in the wide belted and middle aged, is the same as results from all kinds of new and unaccustomed work. The unused heart, marrow, brawn and blood do not at first know what to do.

As in all new methods of muscular play or physical culture, the body must gradually adapt itself in moderation to the new dances. No one who begins to dance such belated gymnastics as the fado, tango, and

tao-tao, maxixe and the score of new waltzes should at first dance more than twice a week.

A slowly the endurance of the muscles is extended and the vitality of the body is augmented. Then the dancing may be enjoyed for an hour or so every night.

There should be intervals of five or ten minutes between all dances, with two half-hour intermissions. There can be no physical injury to anyone whose veins, heart, arteries, blood pressure and vital organs are in good shape, and a dance is not kept up more than three minutes with a one-minute encore.

Misguided and all too accommodating musical directors frequently play mad one steps and the fox trot—properly called the undertaker's trot—thirty-five minutes or longer without cessation.

Dilated hearts, high blood pressure, apoplexy and other ailments, to be sure, affect dancers as they do athletes and laborers in general. These, however, are the results of physical excesses, of muscular indulgence beyond the limits of elasticity.

PARIAHS RECOGNIZED.

Stigma Being Removed From India's "Untouchable" Class.

Basanta Koomar Roy in the Century Magazine: Nowhere does the rottenness of Hindu priestcraft show its original despotism more clearly than in the ordinances prohibiting all social contact with the "depressed classes," or the so-called pariahs.

Those who know conditions will agree that neither the term "pariah" nor "depressed" is strong or explicit enough to give the hands of the pariah the real condition of the pariah. A dog is allowed to come near a man, a cat is allowed to enter a house, but not a pariah. If even the shadow of a pariah touches a caste man, the latter must bathe away his pollution.

One day on the bank of a river a Brahman was performing his midday ablutions. A few pariahs were tugging at a boat, with a rope tied to the mast. The moment the shadow of the rope fell on the Brahman at prayer, he looked at the men who were tugging the boat and was furious with rage. His bath was lost, his abjunctory rites lost, by the touch of the shadow of a rope in the hands of pariahs. He plunged into the river again, this time not saying his bathing hymns, but abusing the pariahs for causing him extra trouble.

The Maharaja of Travancore and the Gaekwar of Baroda have already allowed the pariahs to send representatives into their imperial legislative councils. The latter has established special schools and boarding houses to facilitate the education of the "untouchable" of his state. The pariahs themselves are taking courage and objecting to the ignominies to which they are subjected. At the least displeasure they go on strikes, and bring the high caste people to their knees. Some time ago the sweepers and scavengers of Simla went on strike for higher wages, and made the government of the British majesty accept the terms which they dictated.

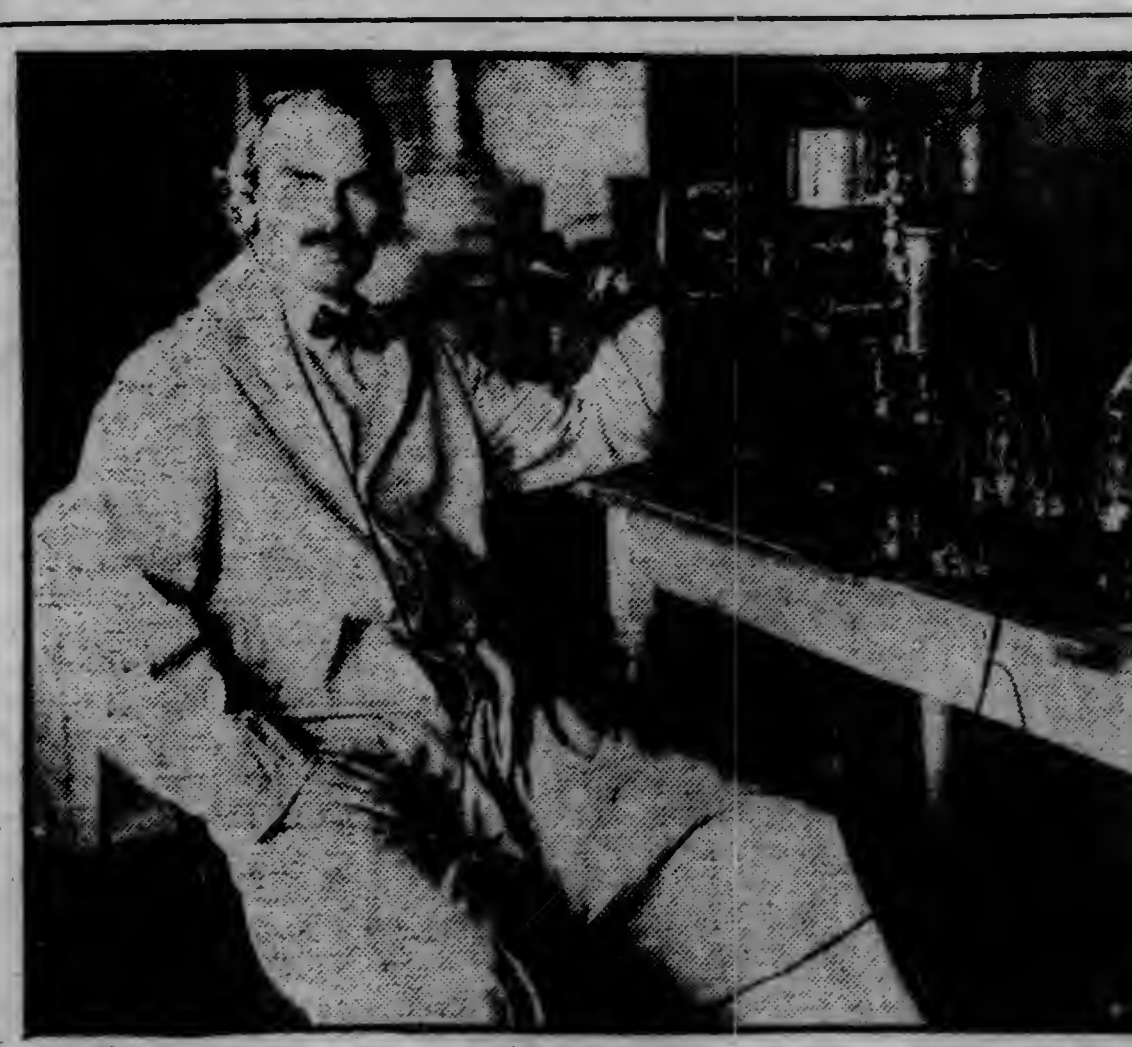

ADVICE FROM AN EXPERT. An old negro mammy, says Every-body's Magazine, had a family of boys so well behaved that one day her mistress asked:

"How do you raise your boys so well?"

"Ah! tell yo, missus," answered Sally. "Ah raise 'em dem boys rale stave, an' Ah raise 'em frequent."

How to Answer Blind Ads. All ads signed with numbers, or initials, care Herald, must be answered by letter addressed to the number given in the ad. The Herald employees are not permitted to tell who any advertiser is. Mail or send your answer to Herald No. 1, or Initial— and we forward it to the advertiser.

TO OFFER INVENTION TO ALLIES

LEE DE FOREST.

Prof. Lee de Forest has gone to London to offer the British government and later the French government his newly invented apparatus for the distant sound. He calls it the Audion Amplifier and it is an adaptation of the incandescent electric light. With it he thinks the British can detect in good time the approach of enemy aircraft. Mr. De Forest is the inventor of many other electrical appliances, including a system of wireless telephony.

ETAGE

MARKETS ARE AGAIN WEAK

Wheat Declines Under Heavy Receipts and Quiet Eastern Demand.

Flaxseed Firms Up With Fair Crushers' Inquiry; Receipts Light.

Duluth Board of Trade, Oct. 21.—The market was weak around the close with little support apparent.

December wheat closed 1/2c off, May 1/2c off and July 1/2c off. October durum closed 1/2c off, November 1/2c off, December unchanged and May unchanged.

Ons closed unchanged at 35 1/2c for on the track, rye unchanged at 90c for on the track, barley unchanged at 50c to 55c.

At Minneapolis, October oats closed 1/2c off at 42 1/2c bid and December 1/2c off at 38 1/2c bid.

At St. Louis, December wheat closed at \$1.04 1/2, and May at \$1.03 1/2. At Kansas City, December wheat closed at 95 1/2c and May at \$1.00 1/2.

Trading in the wheat market was comparatively narrow today, and an easier tendency was again shown. A bearish factor was the increasing movement and the prospect that with fine weather over the West, receipts will be in heavy volume for some time to come. At Duluth, receipts today were 721 cars against 234 last year; at Minneapolis, 942 cars against 418, and at Winnipeg, 2,040 cars against only 198 a year ago.

A consideration to which some attention was paid also was expectation of larger marketings in the Southwest from now on with winter wheat going to quarters that have been taking spring wheat so far this fall on account of grain from the Southwest not being available in any quantity. New inquiry from the East was quiet today, and with Winnipeg filling practically all the export orders, there was nothing doing in foreign trade here. A substantial export trade was reported from Winnipeg today, and the October futures on that market held at around \$1.00 1/2, its closing figure of yesterday, after, however, selling in lower early in the session.

Further improvement in the quality of the grain coming in was noted by operators, and grain men are consequently finding the wheat easier to handle. No. 1 northern on the track here sold at 44c over December, as usual, but millers were willing to pay more for choice stuff. At Winnipeg, cash No. 1 northern sold at 44c over yesterday. The southwestern cash markets were all weaker on the prospect of heavier receipts.

Vessel space from Duluth to Buffalo was offered today at 4 1/2c, with the situation slightly better than yesterday.

December opened 1/2c off at 57 1/2c, sold off 1/2c more, and stood at 58 1/2c at the noon hour. May opened 1/2c off at \$1.01 and weakened 1/2c more. The durum market was fairly well held, in spite of good offerings. November opened 1/2c off at 94 1/2c and held around 95 1/2c, and December opened 1/2c off at 94 1/2c and held around 95 1/2c.

Flaxseed. After allowing the market to sag off somewhat early in the session for want of support, crushers came in for small lots and quotations were advanced to yesterday's level. The continued light movement was the main market influence.

October flax opened 1/2c off at \$1.87 1/2 and closed 1/2c up at \$1.88 1/2. November opened 1/2c off at \$1.86 1/2 and closed 1/2c up at \$1.87 1/2. December opened 1/2c off at \$1.85 1/2 and closed 1/2c up at \$1.86 1/2.

At Minneapolis, flax opened 1/2c off at \$1.87 1/2 and closed 1/2c up at \$1.88 1/2. At Duluth, flax opened 1/2c off at \$1.86 1/2 and closed 1/2c up at \$1.87 1/2.

At Buenos Aires, flax closed 2 1/2c up at \$1.38 1/2, and London 2 1/2c up at \$2.09 1/2.

Cash Sales Thursday. No. 1 northern wheat, 1 car, \$1.01 1/2. No. 1 northern wheat, 2 cars, \$1.01 1/2. No. 1 northern wheat, 3 cars, \$1.01 1/2.

No. 1 northern wheat, 4 cars, \$1.01 1/2. No. 1 northern wheat, 5 cars, \$1.01 1/2. No. 1 northern wheat, 6 cars, \$1.01 1/2.

No. 1 northern wheat, 7 cars, \$1.01 1/2. No. 1 northern wheat, 8 cars, \$1.01 1/2. No. 1 northern wheat, 9 cars, \$1.01 1/2.

No. 1 northern wheat, 10 cars, \$1.01 1/2. No. 1 northern wheat, 11 cars, \$1.01 1/2. No. 1 northern wheat, 12 cars, \$1.01 1/2.

No. 1 northern wheat, 13 cars, \$1.01 1/2. No. 1 northern wheat, 14 cars, \$1.01 1/2. No. 1 northern wheat, 15 cars, \$1.01 1/2.

No. 1 northern wheat, 16 cars, \$1.01 1/2. No. 1 northern wheat, 17 cars, \$1.01 1/2. No. 1 northern wheat, 18 cars, \$1.01 1/2.

No. 1 northern wheat, 19 cars, \$1.01 1/2. No. 1 northern wheat, 20 cars, \$1.01 1/2. No. 1 northern wheat, 21 cars, \$1.01 1/2.

No. 1 northern wheat, 22 cars, \$1.01 1/2. No. 1 northern wheat, 23 cars, \$1.01 1/2. No. 1 northern wheat, 24 cars, \$1.01 1/2.

No. 1 northern wheat, 25 cars, \$1.01 1/2. No. 1 northern wheat, 26 cars, \$1.01 1/2. No. 1 northern wheat, 27 cars, \$1.01 1/2.

No. 1 northern wheat, 28 cars, \$1.01 1/2. No. 1 northern wheat, 29 cars, \$1.01 1/2. No. 1 northern wheat, 30 cars, \$1.01 1/2.

TRACE FROM
BEGINNING

New Haven Deals to Be
Bared From Start to
Finish.

Charles S. Mellen, Former
President, Continues
His Testimony.

New York, Oct. 21.—Under the ruling of Judge Hunt that the government prosecutors in the controversy case against ten former directors and the former counsel of the New Haven railroad are at liberty to trace the beginnings of the alleged conspiracy to monopolize traffic in New England, Charles S. Mellen, formerly president of the road, was prepared today to continue his testimony. An attempt to apply the statute of limitations to confine the evidence to a period of time, during the two hours in which Mr. Mellen occupied the stand in the first day of his testimony, was described by the government attorneys as a "trick" to limit the evidence to a period of time. Mr. Mellen's memory concerning the names of railroads, their terminals, connections and branch lines has seemed to amaze the jury.

May Call Test.
Counsel for the defense announced today that they expected that the government would call former President Taft as a witness in connection with a conference Mr. Taft and Lewis Cass Lodge had in regard to the taking over of Boston & Maine stock by the New Haven.

Watch Your Children
Often children do not let parents know they are constipated. They fear something distasteful. They will like Rexall's—A mild laxative that tastes like sugar. Sold only by us, 10 cents.

HEAR CALL TO
THE RICE BEDS

Beautiful Autumn Weather
Awakens Interest of
Duck Hunters.

Shooting Has Been Good on
Nett and Pelican
Lakes.

Beautiful autumn weather, bright, sparkling sunshine and invigorating atmosphere have thoroughly aroused the local duck hunters, who had become indifferent after being pelted with rain and blinded by fog for several weeks. Many local migrants left yesterday for the lakes to the north and others are preparing to leave today. The call of the wild will get many more before Saturday.

Last evening Dr. W. H. Magie, Edward Windom, general claim agent for the Oliver Iron Mining company; Walter W. J. Croze of the board of trade; James Smith, general contractor; Attorney A. L. Agatin, and George C. Stone of Stone-Ordean-Wells left in this morning for the West. They left that country, where they will spend a week shooting ducks.

Many other Duluth hunters have gone to Nett and Pelican lakes, near Ott. Minn., where they will shoot unknown Duluth sportsman, who has a summer home on one of the islands in Pelican lake, where he spends several months each year, has just returned home. "Shooting at Pelican in the early part of the season was excellent," said Mr. Langridge. "Recently the ducks flew away to some other feeding grounds, but are now gradually returning. I think the shooting at Pelican will be good right up to the end of the season."

TOO LATE THEN.
Chicago News: A highlandman from Tobermory asked the price of a railway ticket from Oban to Killin of the clerk at the Oban railway station.

"Hoot away," replied Donald. "It's far over dear; I'd rather walk." And off he started.

He had not proceeded far when the train came tearing along, whistling as it neared. "I made ye an offer, and ye wadna tak' it; see ye can gang on. I'm no comin'."

GOT HIM AT LAST.
New York Times: Old Eben was walking along the street one morning and one of his arms was in a sling. Mrs. Horton, who had often employed the old fellow for odd jobs, happened

to meet him and asked:
"Eben, have you met with an accident?"
"Yes, ma'am," replied Eben. "I did. I've done up now, for shure. You see I've been in a sling, ma'am don't you?"
"Yes, Eben," said the woman, sympathetically. "What has happened?"
"Well, ma'am," the old colored man answered, "I'll be 71 years old next harvest. I done see lots of trouble in my day, ma'am, but by de grace of God I never been in a sling. I'm in de white-capped committee an' I'm in de vigilance committee an' I'm in de regulators, an' now, I'm in de sling."

QUITE HARMLESS.
Tit-Bits: A Londoner just arrived at a Scottish town and on his way to a hotel addressed the porter who led the way.
"No verra," was the answer.
"Has it a corporation?"
"A what, sir?" inquired the baggage bearer.

"Rules, who rules it?"
"Just the provost."
"Ah, the provost. Just like our lord mayor, has he got any insignia?"
"Insignia? What d'ye mean?" quoth the puzzled Scotchman.
"Yes, insignia; that is to say, has he a badge on the police officer's helmet?"
"Whereupon the almost dumfounded man gasped out:
"Na, na! He gangs loose; but dinna be feared; he's quite harmless."

Don't Merely "Stop"
a Cough

Stop the Thing That Causes It
and the Cough Will
Stop Itself.

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a bad cough don't proceed to dose yourself with a lot of drugs that merely "stop" the cough temporarily by deadening the throat nerves. Treat the cause—beal the inflamed membranes. Here is a homelike remedy that gets right at the cause and will make an obstinate cough vanish more quickly than you ever thought possible.

Put 2 1/2 ounces of Pinex (50 cents) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy ever used. At a cost of only 54 cents. No bother to prepare. Full directions with Pinex.

It heals the inflamed membranes so gently and promptly that you wonder how it does it. Also loosens a dry, hoarse or tight throat and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough.

Pinex is a highly concentrated compound of Norway pine extract, rich in vitamin, and is famous the world over for its healing effect on the membranes.

To avoid disappointment, ask your druggist for a guarantee of Pinex, and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Marketing of Grain Makes
Collections and Sales
Better for Wholesalers.

Sugar Jumps and Other
Staples Are Due for
Strengthening.

Wholesale groceries houses at the Head of the Lakes are able to report a gratifying trade from over the entire territory covered from here.

The more liberal marketing of grain during the past couple of weeks is leading to the distribution of large sums of money in Minnesota and the Dakotas, and wholesalers are consequently finding collections easier. Sales of staple groceries and luxuries are increasing, with retailers showing a disposition to order more freely.

"Business is good with us, and so far as I can judge, we are likely to see steady improvement from now on," said Neil Smith, of the Tobey-Edmon Mercantile company of Superior today. "Prices are advancing in nearly all edibles, but averaged, and on account of increased consumption, further bulges are likely in the near future."

Sugar Going Up.
Refined sugars were advanced 15 cents per 100 pounds yesterday, bringing its jobbers' figure up to \$5.31. Flour is slightly cheaper, owing to declines in the wheat market during the last few days, and patents are now quoted at \$2.25 per barrel. There is about where flour sold a year ago before the price of wheat went soaring. Last January and February flour sold up to \$3 a barrel.

Wholesalers lists show that during the past week there were nearly four advances to the cost of living. It was a month ago. Fruits and vegetables are much cheaper due to the large yield in all parts of the country. Butcher is cheaper to the extent of about 4 cents a pound, but eggs are 6 cents a dozen higher as a result of strong export inquiry. Prices of meats are lower.

Average Staples Higher.
Looking into other staple commodities, it will be found that prices are higher on the average. That is attributed to the incoming of better trade and industrial conditions generally and consequent heavier consumption.

The following list gives the wholesale prices on leading staples, compiled made up to the end of last week and as compared with the preceding week and a year ago.

Peaches, Cal., dried, lb.	0414	0414	05
Peas, 100 lb.	11	11	11
Pump, patent, bu.	5.25	5.50	0.75

A very good flat, which could be used for one family as well. The stairs has a combination club and two-family arrangement, kitchenette, large veranda, nice bathroom, wash basin, etc.; beautiful parlor and large bedroom; hardwood floors throughout; light cherry woodwork. For sale for short time at only \$4,000. Would take a good lot free from mortgage for part of the cash payment. This is your opportunity, if you are paying rent and also want to convert dead property into cash. Location, the best section of the West end, where much higher values will be. Call Mr. Larsen personally about this.

L. A. LARSEN CO.,
Grand or Melrose 1920,
213-14-15 Providence Building.

FOR SALE—CENTRALLY LOCATED double flat building; five rooms each; gas, bath, electric light, two wood floors; beautiful corner lot, 50x140; cash payment, easy terms, \$3,500, \$589, Herald.
